- It will lead to greater efficiency in overall combined business including economies of scale, efficiency of operations, cash flow management and unfettered access to cash flow generated by the combined business which can be deployed more efficiently for the purpose of development of businesses of the combined entity and their growth opportunities, eliminate inter corporate dependencies, minimize the administrative compliances and to maximize shareholders value;

It will provide for more productive and optimum utilization of various resources by pooling of the managerial, technical and financial resources of the Transferor Company No. 1, Resulting Company, Transferor Companies and the Transferee Company which will fuel the growth of the business and help effectively address the growing competition;
- c. It will result in economies of scale, reduction in overheads including administrative, managerial and other expenditure, operational rationalization, organizational efficiency and optimal utilization of resources by elimination of unnecessary duplication of activities and related costs which will in turn promote maximization of stakeholders value;
- d. It will result in reduction in the multiplicity of legal and regulatory compliances required at present to be separately carried out by the Transferor Company No. 1, Resulting Company, Transferor Companies and the Transferee Company; and
- e. In summary, the proposed restructuring focuses on optimizing the operational structure to enable better focus, specialization, and efficiency across different business segments, ultimately leading to increased shareholder value and sustained growth for the entities involved.

 - The proposed re-structuring would enable investors to hold investments in the businesses with different investment characteristics, which best suit their investment strategies and risk profiles;
- b. The proposed Amalgamation – I and Amalgamation – II with their respective holding companies is expected, *inter alia*, to result in following benefits:
 - It will lead to greater efficiency in overall combined business including economies of scale, efficiency of operations, cash flow management and unfettered access to cash flow generated by the combined business which can be deployed more efficiently for the purpose of development of businesses of the combined entity and their growth opportunities, eliminate inter corporate dependencies, minimize the administrative compliances and to maximize shareholders value;
 - It will provide for more productive and optimum utilization of various resources by pooling of the managerial, technical and financial resources of the Transferor Company No. 1, Resulting Company, Transferor Companies and the Transferee Company which will fuel the growth of the business and help effectively address the growing competition;
 - It will result in economies of scale, reduction in overheads including administrative, managerial and other expenditure, operational rationalization, organizational efficiency and optimal utilization of resources by elimination of unnecessary duplication of activities and related costs which will in turn promote maximization of stakeholders value;
 - It will result in reduction in the multiplicity of legal and regulatory compliances required at present to be separately carried out by the Transferor Company No. 1, Resulting Company, Transferor Companies and the Transferee Company; and

25.2. Synergies of Business

The Scheme would result into consolidation of CC and WT business in the Resulting Company and Retained business into Demerged Company. The Scheme also ensures simplified and streamlined group structure. It helps in achieving reduction in over operational and compliance costs and helps in achieving better management and control on combined business.

25.3. **Impact of Scheme on the Shareholders**

It is clarified that neither the Resulting Company nor the Demerged Company have issued any classes of shares other than equity shares. Accordingly, there are no other classes of shareholders that will be affected by the Scheme. In relation to the equity shareholders of the Demerged Company, upon the Scheme becoming effective, the equity shareholders of the Demerged Company shall become the equity shareholders of the Resulting Company in the manner as set out in Clause 11 of the Scheme. In addition, the equity shares of the Resulting Company held by the Demerged Company will stand cancelled on or after the effective date (as set out in the Scheme) by operation of law, without payment of any consideration or any further act or deed by either of the Demerged Company and the Resulting Company.

In relation to Amalgamation – I and Amalgamation – II, no new shares are being issued as the Transferor Company No. 1 and the Transferor Companies are wholly owned subsidiaries (direct and indirect)

25.4. **Cost benefit analysis of the scheme**

Post-effectiveness of the Scheme, the proposed demerger will increase value for the shareholders of the Resulting Company over time as the Resulting Company's share value will rerate in line with its peers. In addition, as set out hereinabove, the shareholders of the Demerged Company will be allotted shares in the Resulting Company, thus facilitating increased value for the shareholders of the Demerged Company. Therefore, while the Scheme includes certain implementation costs, in the long-term such cost will be outweighed by the benefits of the Scheme, on account of several factors including that the Scheme would separate the CC and WT business and allow potential investors and other shareholders an option in terms of making a choice for either or both businesses. Although the Scheme would lead to the Company incurring costs towards its implementation the benefits of the Scheme over a longer period of time will outweigh such costs for the stakeholders of the Company.

25.5. **Rationale for not issuing shares to shareholders of Transferor Companies**

The Transferor Company No. 1 will become an indirect wholly owned subsidiary company of the Resulting Company post the effectiveness of the Scheme. Its entire share capital will be indirectly held by the Resulting Company. Hence, upon Amalgamation – I becoming effective, no shares of Resulting Company shall be allotted in lieu or exchange of the shares of the Transferor Company No. 1. Upon the Scheme becoming effective, the entire share capital of the Transferor Company No. 1 shall be cancelled and extinguished.

The Transferor Companies are wholly owned subsidiary and / or step down subsidiary companies of Transferee Company. Their entire share capital is directly or indirectly held by the Transferee Company. Hence, upon the Scheme becoming effective, no shares of Transferee Company shall be allotted in lieu or exchange of the shares of the Transferor Companies. Upon the Scheme becoming effective, the entire share capital of the Transferor Companies shall be cancelled and extinguished.

26. **Value of assets and liabilities of the Company, Resulting Company, Transferor Company No. 1 and Transferor Companies and Demerged Undertaking that are being transferred to and post- merger balance sheet of Demerged Company and Resulting Company.**

Independent Auditors' Review Report on Review of Unaudited Consolidated Interim Financial Results

Limited Review Report

**To the Board of Directors of
Chembond Chemicals Limited**

1. We have reviewed the accompanying statement of unaudited consolidated financial results ('the Statement') of Chembond Chemicals Limited ('the Holding Company'), its subsidiaries, step down subsidiaries and step down associate (together referred to as 'the Group'), and its share of the net profit after tax and total comprehensive profit of its step down associate for the quarter and half year ended September 30, 2024 being submitted by the Holding Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ('Listing Regulations').
2. This Statement, which is the responsibility of the Holding Company's management and approved by the Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under section 133 of the Companies Act, 2013 read with relevant rules framed there under and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of Holding Company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the Securities and Exchange Board of India under regulation 33(8) of the Listing Regulations, to the extent applicable.

4. The Statement includes the results of the following entities:

Name of the entity	Relationship
Chembond Chemicals Limited	Holding Company
Chembond Chemical Specialties Limited	Subsidiary Company
Chembond Water Technologies Limited	Subsidiary Company
Chembond Calvatis Industrial Hygiene Systems Limited	Subsidiary Company
Chembond Material Technologies Private Limited	Subsidiary Company
Chembond Biosciences Limited	Subsidiary Company
Phiroze Sethna Private Limited	Subsidiary Company
Chembond Distribution Limited	Subsidiary Company
Chembond Clean Water Technologies Limited	Step down Subsidiary Company

Chembond Water Technologies (Malaysia) Sdn. Bhd.	Step down Foreign Subsidiary Company
Chembond Water Technologies (Thailand) Limited	Step down Foreign Subsidiary Company
Rewasoft Solutions Private Limited	Step down Associate Company

5. Based on our review conducted and procedures performed as stated in paragraph 3 above and based on the consideration of the reports of the other auditors referred to in paragraph 6 below, nothing has come to our attention that causes us to believe that the accompanying Statement prepared in accordance with the aforesaid Indian Accounting Standards and other accounting Principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.
6. We did not review the interim financial results of three Indian subsidiaries, one step down subsidiary and one step down associate included in the Statement, whose interim financial results reflects total assets as on September 30, 2024 of Rs. 10,737.07 lakhs, total revenue of Rs. 5,236.46 lakhs and Rs. 10,062.04 lakhs, total net profit of Rs. 299.16 lakhs and Rs. 443.56 lakhs and total comprehensive income of Rs. 297.82 lakhs and Rs. 440.88 lakhs, included in the Statement for the quarter and half year ended

September 30, 2024 respectively and cash flows (net) of Rs. 123.82 lakhs for the half year ended September 30, 2024. These interim financial results and other financial information have been reviewed by other auditors whose reports have been furnished to us by the management of Holding Company and our conclusion on the Statement, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries is based solely on the report of such auditors and the procedures performed by us as stated in paragraph 3 above.

The financial results of two step down foreign subsidiaries included in the Statement, whose financial results reflects total assets as on September 30, 2024 of Rs. 403.12 lakhs, total revenue of Rs. 123.07 lakhs and Rs. 179.19 lakhs, net profit of Rs. 18.33 lakhs and Rs. 46.13 lakhs and total comprehensive profit of Rs. 18.33 lakhs and Rs. 46.13 lakhs for the quarter and half year ended September 30, 2024 respectively are unaudited and not reviewed by other auditors. The Holding Company's management has converted the financial results of such foreign subsidiaries from accounting principles generally accepted in those countries to accounting principles generally accepted in India. Accordingly, our conclusion on the Statement, in so far as it relates to the amounts and disclosures included in respect of the said step down subsidiaries and step down associate is based solely on the basis of management certified unaudited financial results. According to the information and explanations given to us by the management, these financial results are not material to the Group.

Independent Auditors' Review Report on Review of Unaudited Standalone Interim Financial Results

Limited Review Report

To the Board of Directors of

Chembond Chemicals Limited

1. We have reviewed the accompanying Statement of unaudited standalone financial results of Chembond Chemicals Limited ("the Company") for the quarter and half year ended September 30, 2024 ("the Statement"), being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended ("Listing Regulations").
2. This Statement, which is the responsibility of the Company's Management and approved by the Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under section 133 of the Companies Act, 2013 read with relevant rules framed thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of Company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

- 3.1. For arriving at the Share Entitlement Ratio, for Demerger under Section I of the Scheme the Valuation Report was obtained from SSPA & Co. Registered Valuers. They have recommended share valuation ratio as below:

"for every 1 (One) equity share having face value of Rs. 5 (Rupees Five) each held in the Demerged Company as on the Record Date, the equity shareholders of the Demerged Company shall be issued 2 (Two) equity share having face value of Rs. 5 (Rupees Five) each, credited as fully paid-up, in the Resulting Company."

3.2. They have not expressed any difficulty while carrying out the valuation.

3.3. For Amalgamation - I under Section II, the Transferor Company No. 1 will become an indirect wholly owned subsidiary company of the Resulting Company post the effectiveness of the Scheme. Its entire share capital will be indirectly held by the Resulting Company. Hence, upon Amalgamation - I becoming effective, no shares of Resulting Company shall be allotted in lieu or exchange of the shares of the Transferor Company No. 1. Upon the Scheme becoming effective, the entire share capital of Transferor Company No. 1 shall be cancelled and extinguished.

4. Effect on the Stakeholders:

Accordingly, as per Section 232(2)(c) of the Act, the Board hereby takes on record the impact of the Scheme on the following stakeholders of the Company:

Effect of the Scheme on:	
(a) Equity shareholders (including Promoters & non Promoters)	<p>➤ As regards to demerger, all the equity shareholders of the Company (promoter and non-promoter), as on the Record Date (as defined in the Scheme) shall receive equity shares of the Resulting Company in the following ratio:</p> <p><i>"for every 1 (One) fully paid-up equity share having face value of Rs. 5 (Rupees Five only) each held in the Demerged Company as on the Record Date, the equity shareholders of the Demerged Company shall be issued 2 (Two) fully paid-up equity shares having face value of Rs. 5 (Rupees Five only) each, in the Resulting Company"</i></p> <p>in consideration for the transfer of the Demerged Undertaking pursuant to Demerger basis a Fair Share Entitlement Ratio recommended by SSPA & Co, Registered Valuers and Vivro Financial Services Private Limited, Category - I Merchant Banker. There will be no change in the economic interest of the shareholders of the Demerged Company, before and after the Scheme. After the effectiveness of the Scheme and subject to receipt of regulatory approvals, the equity shares of the Resulting Company will be issued as consideration pursuant to the Scheme. These shares shall be listed on BSE and NSE, thus ensuring the marketability and tradability of the equity shares issued by the Resulting Company.</p>

	<ul style="list-style-type: none"> ➤ As regards to Amalgamation – I, Transferor Company No. 1 will become an indirect wholly owned subsidiary of the Resulting Company pursuant to demerger and hence there shall be no issue of shares by the Resulting Company as consideration for the amalgamation of Transferor Company No. 1. With regards to Amalgamation – II, Transferor Companies are wholly owned subsidiaries (direct and indirect) of the Demerged Company and there shall be no issue of shares by the Demerged Company as consideration for the amalgamation of the Transferor Companies. Accordingly, Amalgamation – I and Amalgamation – II would be neutral to the Resulting Company, Demerged Company and its public shareholders. ➤ All the shares held by the Demerged Company in the Transferor Companies shall stand cancelled without any further act or deed on amalgamation coming into effect. There would neither be any change in the existing number of shares nor in the percentage shareholding of the promoters on an aggregate basis in the Demerged Company pursuant to amalgamation. Also, the Scheme does not provide for any reduction in the public shareholding percentage in the Demerged Company. ➤ The proposed Scheme is expected to be beneficial to the Demerged Company/Transferee Company, Resulting Company, Transferor Company No. 1, Transferor Companies and their respective shareholders and all their stake holders and will enable the Demerged Company/Transferee Company and the Resulting Company to achieve and fulfil their objectives more effectively and efficiently.
(b) Key managerial personnel	<ul style="list-style-type: none"> ➤ The KMPs of the Resulting Company shall continue as Key Managerial Personnel of the Resulting Company after effectiveness of the Scheme. Please refer to point (a) above for details regarding the effect of the Scheme on such KMPs who are also shareholders of the Resulting Company. In the circumstances, the rights of the staff and employees of the Transferor Company No. 1 would in no way be affected by the Scheme.
(d) Creditors (secured & unsecured)	<ul style="list-style-type: none"> ➤ Under the Scheme, no arrangement is sought to be entered into between the Resulting Company and its creditors. No compromise is offered under the Scheme to any of the creditors of the Transferor Company No. 1. The liability of the creditors of the Transferor Company No. 1, under the Scheme, is neither being reduced nor being extinguished. The creditors of the Transferor Company No.1 would in no way be affected by the Scheme.
(e) Depositors and Deposit trustee	<ul style="list-style-type: none"> ➤ As on date of Notice, the Company has not accepted any public deposits and therefore, the effect of the Scheme on any public deposit holders or deposit trustee(s) does not arise.
(f) Debenture holders and Debenture trustee	<ul style="list-style-type: none"> ➤ As on date of Notice, the Company has not issued any debentures and therefore, the effect of the Scheme on the Debenture holders and Debenture trustee(s) does not arise.

5. Conclusions:

While deliberating on the Scheme, the Board has considered its impact on each of the shareholders, KMPs, creditors and employees. In the opinion of the Board, the Scheme is in the best interest of the shareholders, KMPs, Creditors and employees of the Company and there will be no prejudice caused to them in any manner by the Scheme.

We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. With regards to Amalgamation - II, Transferor Companies are wholly owned subsidiaries (direct and indirect) of the Demerged Company and there shall be no issue of shares by the Demerged Company as consideration for the amalgamation of the Transferor Companies. Accordingly, Amalgamation - I and Amalgamation - II would be neutral to the Resulting Company, Demerged Company and its public shareholders.

All the shares held by the Demerged Company in the Transferor Companies shall stand cancelled without any further act or deed on amalgamation coming into effect. There would neither be any change in the existing number of shares nor in the percentage shareholding of the promoters on an aggregate basis in the Demerged Company pursuant to amalgamation. Also, the Scheme does not provide for any reduction in the public shareholding percentage in the Demerged Company.

The proposed Scheme is expected to be beneficial to the Demerged Company/Transferee Company, Resulting Company, Transferor Company No. 1, Transferor Companies and their respective shareholders and all their stake holders and will enable the Demerged Company/Transferee Company and the Resulting

We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. 4. Rationale of Scheme

4.1. The Audit Committee noted the following rationale of the Scheme:

4.2. The Independent Directors Committee noted the following rationale of the Scheme:

- 4.2.1. The Chembond group, represented by the Demerged Company, viz. Chembond Chemicals Limited and its subsidiaries, step-down subsidiaries and step-down associates, is a well-known name in India and engaged in manufacturing a diverse range of specialty chemicals and all products like water treatment, metal treatment, construction chemicals, high performance coatings, animal health, industrial adhesives and sealants and tolling. The

Chembond Chemicals Limited

Demerged Company has excellent infrastructure facilities like a well-equipped R & D laboratory, multiple regional offices, and production plants, well trained personnel and references across several business segments from the best-known companies in the field. The Demerged Company has come a long way and evolved from being a fledging start-up to India's leading specialty chemicals manufacturer. Based on the aforesaid, the Demerged Company's several businesses carried on by itself and through its subsidiary and step-down subsidiary companies and associate companies can broadly be segregated into the following areas: (i) Water Technologies; (ii) Material Technologies; (iii) Construction Chemicals; (iv) Biotechnology; (v) Distribution; (vi) Tolling (vii) Adhesives; and (viii) Industrial Sealants.

- 4.2.2. Each of the several businesses carried on by the Demerged Company by itself and through its subsidiaries, step-down subsidiaries and step-down associate, including CC & WT Business has significant potential for growth. The nature of risk and competition involved in each of these businesses is distinct from others and consequently each business or undertaking can attract a different set of investors, strategic partners, lenders, and other stakeholders. There are also differences in the manner in which each of these businesses are required to be managed. In order to enable distinct focus of investors to invest in some of the key businesses and to lend greater focus to the operation of each of its diverse businesses, Demerged Company proposes to re-organize and segregate, by way of a demerger of its Demerged Undertaking and vesting of the same in the Resulting Company and subsequently, amalgamation of Transferor Company No. 1 into the Resulting Company and amalgamation of the Transferor Companies into the Transferee Company.
- 4.2.3. The proposed demerger pursuant to this Scheme is expected, inter alia, to result in following benefits:
- segregation and unbundling of the CC & WT Business of the Demerged Company into the Resulting Company, which will enable enhanced focus on Retained Business of the Demerged Company and Resulting Company for exploiting opportunities of each of their businesses;
 - unlocking of value for the shareholders of the Demerged Company, attracting investors and providing better flexibility in accessing capital, focused strategy and specialisation for sustained growth;
 - logistics alignment leading to economies of scale for the Resulting Company and creation of sectoral efficiencies and benefiting stakeholders as well as optimization of operation and capital expenditure; and
 - enhancing competitive strength, achieving cost optimisation, ensuring benefits through focused management of the financial, managerial and technical resources, personnel capabilities, skills, expertise and technologies of the Resulting Company and the Demerged Company thereby significantly contributing to future growth and maximizing shareholders' value.

Chembond Chemicals Limited

- 4.2.4. Upon completion of proposed demerger, Transferor Company No. 1 will become a step-down subsidiary of the Resulting Company. The proposed Amalgamation – I and Amalgamation – II of the subsidiary companies (direct and indirect) into their respective holding company pursuant to this Scheme is expected, inter alia, to result in the following benefits:
- It will lead to greater efficiency in overall combined business including economies of scale, efficiency of operations, cash flow management and unfettered access to cash flow generated by the combined business which can be deployed more efficiently for the purpose of development of businesses of the combined entity and their growth opportunities, eliminate inter corporate dependencies, minimize the administrative compliances and to maximize shareholders value;
 - It will provide for more productive and optimum utilization of various resources by pooling of the managerial, technical and financial resources of the Transferor Company No. 1, Resulting Company, Transferor Companies and the Transferee Company which will fuel the growth of the business and help effectively address the growing competition;
 - It will result in economies of scale, reduction in overheads including administrative, managerial and other expenditure, operational rationalization, organizational efficiency and optimal utilization of resources by elimination of unnecessary duplication of activities and related costs which will in turn promote maximization of stakeholders value;
 - It will result in reduction in the multiplicity of legal and regulatory compliances required at present to be separately carried out by the Transferor Company No. 1, Resulting Company, Transferor Companies and the Transferee Company; and
 - In summary, the proposed restructuring focuses on optimizing the operational structure to enable better focus, specialization, and efficiency across different business segments, ultimately leading to increased shareholder value and sustained growth for the entities involved.
- 4.2.5. The proposed restructuring is in the interest of the shareholders, creditors, employees, and other stakeholders in each of the Companies.

5. Synergies of business of the entities involved in the Scheme

5.1. The Committee reviewed the draft Scheme and noted the following:

- 5.1.1. Demerger of the Demerged Undertaking of the Company into the Resulting Company would create simplified structure and would create independent listed companies with distinct set of growth opportunities. The said demerger would result in achieving efficiency in operational processes, implementation of intended strategies specifically designed for each business and in optimizing profitability of each of these entities.

Chembond Chemicals Limited

5.1.2. Amalgamation of the Transferor Companies into and with the Transferee Company will create greater synergies and efficient utilization of resources and create a consolidated and diverse portfolio of products under a single entity.

5.2. Thus, the re-structuring is proposed to result into enhanced development and growth of the business of the Demerged Company with independent focus on each business segment and more productive utilization of such resources which would be beneficial for all stakeholders. Further, pursuant to the proposed Scheme, the benefits as stated in paragraph 4 above are proposed to be derived.

6. Impact of the Scheme on the shareholders

6.1. As regards to demerger, all the equity shareholders of the Company (promoter and non-promoter), as on the Record Date (as defined in the Scheme) shall receive equity shares of the Resulting Company in the following ratio:

"for every 1 (One) fully paid-up equity share having face value of Rs. 5 (Rupees Five) each held in the Demerged Company as on the Record Date, the equity shareholders of the Demerged Company shall be issued 2 (Two) fully paid-up equity shares having face value of Rs. 5 (Rupees Five) each, in the Resulting Company"

in consideration for the transfer of the Demerged Undertaking pursuant to Demerger basis a Fair Share Entitlement Ratio recommended by SSPA & Co, Registered Valuers and Vivro Financial Services Private Limited, Category – I Merchant Banker. There will be no change in the economic interest of the shareholders of the Demerged Company, before and after Scheme. After the effectiveness of the Scheme and subject to receipt of regulatory approvals, the equity shares of the Resulting Company issued as consideration pursuant to the Scheme shall be listed on BSE and NSE and thus ensuring the marketability and tradability of the equity shares issued by the Resulting Company.

6.2. As regards to Amalgamation – I, the Transferor Company No.1 will become an indirect wholly owned subsidiary of the Resulting Company pursuant to demerger and hence there shall be no issue of shares by the Resulting Company as consideration for the amalgamation of the Transferor Company No. 1. With regards to Amalgamation – II, Transferor Companies 2, 3 & 4 are wholly owned subsidiaries (direct and indirect) of the Transferee Company and there shall be no issue of shares by the Transferee Company as consideration for the amalgamation of the Transferor Companies. Accordingly, Amalgamation – I and Amalgamation – II would be neutral to the Resulting Company, Transferee Company and its public shareholders.

6.3. All the shares held by the Transferee Company in the Transferor Companies shall stand cancelled without further act or deed on amalgamation coming into effect. There would neither be any change in the existing number of shares nor in the percentage shareholding of the promoters on an aggregate basis in the Transferee Company pursuant to amalgamation. Also, the Scheme does not provide for any reduction in the public shareholding percentage in the Transferee Company.

Chembond Chemicals Limited

6.4. The proposed Scheme is expected to be beneficial to the Demerged Company/Transferee Company, Resulting Company, Transferor Company No. 1, Transferor Companies and their respective shareholders and all their stake holders and will enable the Demerged Company/Transferee Company and the Resulting Company to achieve and fulfil their objectives more effectively and efficiently.

7. Cost benefit analysis of the Scheme

Although the Scheme would lead to incurring of some cost towards its implementation, however, the benefits of the Scheme over a longer period would far outweigh such costs for the stakeholders of the Demerged Company/Transferee Company and the Resulting Company respectively.

8. Recommendations of the Audit Committee

The Audit Committee after due deliberations and due consideration of all the terms of the draft Scheme, Share Entitlement Ratio Report, Fairness Opinion Report, certificate(s) issued by the Statutory Auditors of the Company and in view of above stated factors including the need and rationale of the Scheme, benefits and impact of the Scheme on the shareholders and in particular the fact that the Scheme is not detrimental to the interests of the shareholders of the Demerged Company/Transferee Company, recommends the draft Scheme to the Board of Directors of the Company for its consideration and approval.

4. Rationale of Scheme

- 4.1. The Independent Directors Committee noted the following rationale of the Scheme:
- 4.1.1. The Chembond group, represented by the Demerged Company, viz. Chembond Chemicals Limited and its subsidiaries, step-down subsidiaries and step-down associates, is a well-known name in India and engaged in manufacturing a diverse range of specialty chemicals and all products like water treatment, metal treatment, construction chemicals, high performance coatings, animal health industrial adhesives and sealants and tolling. The Demerged Company has excellent infrastructure facilities like a well-equipped R & D laboratory, multiple regional offices, and production plants, well trained personnel and references across several business segments from the best-known companies in the field. The Demerged Company has come a long way and evolved from being a fledging start-up to India's leading specialty chemicals manufacturer. Based on the aforesaid, the Demerged Company's several businesses carried on by itself and through its subsidiary and step-down subsidiary companies and associate companies can broadly be segregated into the following areas: (i) Water

Chembond Chemicals Limited

Technologies; (ii) Material Technologies; (iii) Construction Chemicals; (iv) Biotechnology; (v) Distribution; (vi) Tolling (vii) Adhesives; and (viii) Industrial Sealants.

- 4.1.2. Each of the several businesses carried on by the Demerged Company by itself and through its subsidiaries, step-down subsidiaries and step-down associate, including CC & WT Business has significant potential for growth. The nature of risk and competition involved in each of these businesses is distinct from others and consequently each business or undertaking can attract a different set of investors, strategic partners, lenders, and other stakeholders. There are also differences in the manner in which each of these businesses are required to be managed. In order to enable distinct focus of investors to invest in some of the key businesses and to lend greater focus to the operation of each of its diverse businesses, Demerged Company proposes to re-organize and segregate, by way of a demerger of its Demerged Undertaking and vesting of the same in the Resulting Company and subsequently, amalgamation of Transferor Company No. 1 into the Resulting Company and amalgamation of the Transferor Companies into the Transferee Company.
- 4.1.3. The proposed demerger pursuant to this Scheme is expected, inter alia, to result in following benefits:
- a. segregation and unbundling of the CC & WT Business of the Demerged Company into the Resulting Company, which will enable enhanced focus on Retained Business the Demerged Company and Resulting Company for exploiting opportunities of each of their businesses;
 - b. unlocking of value for the shareholders of the Demerged Company, attracting investors and providing better flexibility in accessing capital, focused strategy and specialisation for sustained growth;
 - c. logistics alignment leading to economies of scale for the Resulting Company and creation of sectoral efficiencies and benefitting stakeholders as well as optimization of operation and capital expenditure; and
 - d. enhancing competitive strength, achieving cost optimisation, ensuring benefits through focused management of the financial, managerial and technical resources, personnel capabilities, skills, expertise and technologies of the Resulting Company and the Demerged Company thereby significantly contributing to future growth and maximizing shareholders' value.
- 4.1.4. Upon completion of proposed demerger, Transferor Company No. 1 will become a step-down subsidiary of the Resulting Company. The proposed Amalgamation – I and Amalgamation - II of the subsidiary companies (direct and indirect) into their respective holding company pursuant to this Scheme is expected, inter alia, to result in the following benefits:

Chembond Chemicals Limited

- a. It will lead to greater efficiency in overall combined business including economies of scale, efficiency of operations, cash flow management and unfettered access to cash flow generated by the combined business which can be deployed more efficiently for the purpose of development of businesses of the combined entity and their growth opportunities, eliminate inter corporate dependencies, minimize the administrative compliances and to maximize shareholders value;
- b. It will provide for more productive and optimum utilization of various resources by pooling of the managerial, technical and financial resources of the Transferor Company No. 1, Resulting Company, Transferor Companies and the Transferee Company which will fuel the growth of the business and help effectively address the growing competition;
- c. It will result in economies of scale, reduction in overheads including administrative, managerial and other expenditure, operational rationalization, organizational efficiency and optimal utilization of resources by elimination of unnecessary duplication of activities and related costs which will in turn promote maximization of stakeholders value;
- d. It will result in reduction in the multiplicity of legal and regulatory compliances required at present to be separately carried out by the Transferor Company No. 1, Resulting Company, Transferor Companies and the Transferee Company; and
- e. In summary, the proposed restructuring focuses on optimizing the operational structure to enable better focus, specialization, and efficiency across different business segments, ultimately leading to increased shareholder value and sustained growth for the entities involved.

4.1.5. The proposed restructuring is in the interest of the shareholders, creditors, employees, and other stakeholders in each of the Companies.

5. Synergies of business of the entities involved in the Scheme

5.1. The Committee reviewed the draft Scheme and noted the following:

- 5.1.1. Demerger of the Demerged Undertaking of the Company into the Resulting Company would create simplified structure and would create independent listed companies with distinct set of growth opportunities. The said demerger would result in achieving efficiency in operational processes, implementation of intendent strategies specifically designed for each business and in optimizing profitability of each of these entities.
- 5.1.2. Amalgamation of the Transferor Companies into and with the Transferee Company will create greater synergies and efficient utilization of resources and create a consolidated and diverse portfolio of products under a single entity.

5.2. Thus, the re-structuring is proposed to result into enhanced development and growth of the business of the Demerged Company with independent focus on each business segment and

Chembond Chemicals Limited

more productive utilization of such resources which would be beneficial for all stakeholders. Further, pursuant to the proposed Scheme, the benefits as stated in paragraph 4 above are proposed to be derived.

6. Impact of the Scheme on the shareholders

- 6.1. As regards to demerger, all the equity shareholders of the Company (promoter and non-promoter), as on the Record Date (as defined in the Scheme) shall receive equity shares of the Resulting Company in the following ratio:

"for every 1 (One) fully paid-up equity share having face value of Rs. 5 (Rupees Five only) each held in the Demerged Company as on the Record Date, the equity shareholders of the Demerged Company shall be issued 2 (Two) fully paid-up equity shares having face value of Rs. 5 (Rupees Five only) each, in the Resulting Company"

in consideration for the transfer of the Demerged Undertaking pursuant to Demerger basis a Fair Share Entitlement Ratio recommended by SSPA & Co, Registered Valuers and Vivro Financial Services Private Limited, Category – I Merchant Banker. There will be no change in the economic interest of the shareholders of the Demerged Company, before and after Scheme. After the effectiveness of the Scheme and subject to receipt of regulatory approvals, the equity shares of the Resulting Company issued as consideration pursuant to the Scheme shall be listed on BSE and NSE and thus ensuring the marketability and tradability of the equity shares issued by the Resulting Company.

- 6.2. As regards to Amalgamation – I, the Transferor Company No.1 will become an indirect wholly owned subsidiary of the Resulting Company pursuant to demerger and hence there shall be no issue of shares by the Resulting Company as consideration for the amalgamation of the Transferor Company No. 1. With regards to Amalgamation – II, Transferor Companies are wholly owned subsidiaries (direct and indirect) of the Transferee Company and there shall be no issue of shares by the Transferee Company as consideration for the amalgamation of the Transferor Companies. Accordingly, Amalgamation – I and Amalgamation – II would be neutral to the Resulting Company, Transferee Company and its public shareholders.
- 6.3. All the shares held by the Transferee Company in the Transferor Companies shall stand cancelled without further act or deed on amalgamation coming into effect. There would neither be any change in the existing number of shares nor in the percentage shareholding of the promoters on an aggregate basis in the Transferee Company pursuant to amalgamation. Also, the Scheme does not provide for any reduction in the public shareholding percentage in the Transferee Company.
- 6.4. The proposed Scheme is expected to be beneficial to the Demerged Company/Transferee Company, Resulting Company, Transferor Company No. 1, Transferor Companies and their respective shareholders and all their stake holders and will enable the Demerged Company/Transferee Company and the Resulting Company to achieve and fulfil their objectives more effectively and efficiently.

7. Cost benefit analysis of the Scheme

Chembond Chemicals Limited

Although the Scheme would lead to incurring of some cost towards its implementation, however, the benefits of the Scheme over a longer period would far outweigh such costs for the stakeholders of the Demerged Company/Transferee Company and the Resulting Company respectively.

8. Recommendations of the Committee of Independent Directors

The Committee of Independent Directors after due deliberations and due consideration of all the terms of the draft Scheme, Fair Share Entitlement Ratio Report, Fairness Opinion Report, certificate(s) issued by the Statutory Auditors of the Company and in view of above stated factors including the need and rationale of the Scheme, benefits and impact of the Scheme on the shareholders and in particular the fact that the Scheme is not detrimental to the interests of the shareholders of the Demerged Company/Transferee Company, recommends the draft Scheme to the Board of Directors of the Company for its consideration and approval.

6. RECOMMENDATION OF SHARE ENTITLEMENT RATIO

Based on discussions with the Management, the share entitlement ratio has been determined as follows:

- 6.1. As mentioned in Para 1.2 above, in consideration for the Proposed Demerger, Proposed New Co. would issue equity shares to the equity shareholders of CCL.

We understand that the Management have considered following parameters while arriving at the share entitlement ratio:

- i. No fractional entitlements.
- ii. Future equity servicing capacity of Proposed New Co.

- 6.2. Accordingly, the Management has recommended the following share entitlement ratio in consideration for the Proposed Demerger i.e. demerger of Demerged Undertaking of CCL into Proposed New Co.:

2 (two) equity shares of INR 5 each fully paid up of Proposed New Co. for every 1 (one) equity share of INR 5 each fully paid up held in CCL.

We believe that the aforementioned share entitlement ratio is fair considering that all the shareholders of CCL are and will, upon Proposed Demerger, be the ultimate beneficial owners of Proposed New Co. in the same ratio (inter se) as they hold shares in CCL.

- 6.3. As mentioned above, post the Proposed Demerger all the shareholders of CCL are and will be the ultimate beneficial owners of Proposed New Co. in the same ratio (inter se) as they hold shares in CCL. Therefore, no relative valuation of Demerged Undertaking of CCL and of Proposed New Co. is required to be undertaken for the Proposed Demerger. Accordingly, valuation approaches as indicated in the format (as attached herewith as Annexure I to this

SSPA & CO.

Chartered Accountants

report] as prescribed by circular number NSE/CML/2017/12 of NSE and LIST/COMP/02/2017-18 of BSE have not been undertaken as they are not relevant in the instant case.

7. CONCLUSION

7.1. The share entitlement ratio in consideration for the Proposed Demerger as recommended by the Management is:

2 (two) equity shares of INR 5 each fully paid up of Proposed New Co. for every 1 (one) equity share of INR 5 each fully paid up held in CCL

Based on our review, information made available to us and discussions with the Management, in our opinion, the aforementioned share entitlement ratio in consideration for the Proposed Demerger of Demerged Undertaking of CCL into Proposed New Co. is reasonable.

We believe that the aforementioned share entitlement ratio is fair considering that all the shareholders of CCL are and will, upon Proposed Demerger, be the ultimate beneficial owners of Proposed New Co. in the same ratio (inter se) as they hold shares in CCL.

Thanking you,
Yours faithfully,

For SSPA & CO.

6. RECOMMENDATION OF SHARE ENTITLEMENT RATIO

Based on discussions with the Management, the share entitlement ratio has been determined as follows:

- 6.1. As mentioned in Para 1.2 above, in consideration for the Proposed Demerger, Proposed New Co. would issue equity shares to the equity shareholders of CCL.

We understand that the Management have considered following parameters while arriving at the share entitlement ratio:

- i. No fractional entitlements.
- ii. Future equity servicing capacity of Proposed New Co.

- 6.2. Accordingly, the Management has recommended the following share entitlement ratio in consideration for the Proposed Demerger i.e. demerger of Demerged Undertaking of CCL into Proposed New Co.:

2 (two) equity shares of INR 5 each fully paid up of Proposed New Co. for every 1 (one) equity share of INR 5 each fully paid up held in CCL.

We believe that the aforementioned share entitlement ratio is fair considering that all the shareholders of CCL are and will, upon Proposed Demerger, be the ultimate beneficial owners of Proposed New Co. in the same ratio (inter se) as they hold shares in CCL.

- 6.3. As mentioned above, post the Proposed Demerger all the shareholders of CCL are and will be the ultimate beneficial owners of Proposed New Co. in the same ratio (inter se) as they hold shares in CCL. Therefore, no relative valuation of Demerged Undertaking of CCL and of Proposed New Co. is required to be undertaken for the Proposed Demerger. Accordingly, valuation approaches as indicated in the format (as attached herewith as **Annexure I** to this

SSPA & CO.*Chartered Accountants*

report) as prescribed by circular number NSE/CML/2017/12 of NSE and LIST/COMP/02/2017-18 of BSE have not been undertaken as they are not relevant in the instant case.

7. CONCLUSION

7.1. The share entitlement ratio in consideration for the Proposed Demerger as recommended by the Management is:

2 (two) equity shares of INR 5 each fully paid up of Proposed New Co. for every 1 (one) equity share of INR 5 each fully paid up held in CCL

Based on our review, information made available to us and discussions with the Management, in our opinion, the aforementioned share entitlement ratio in consideration for the Proposed Demerger of Demerged Undertaking of CCL into Proposed New Co. is reasonable.

We believe that the aforementioned share entitlement ratio is fair considering that all the shareholders of CCL are and will, upon Proposed Demerger, be the ultimate beneficial owners of Proposed New Co. in the same ratio (inter se) as they hold shares in CCL.

Thanking you,
Yours faithfully,

For SSPA & CO.

combined entity and their growth opportunities, eliminate inter corporate dependencies, minimize the administrative compliances and to maximize shareholders value;

 - a. It will lead to greater efficiency in overall combined business including economies of scale, efficiency of operations, cash flow management and unfettered access to cash flow generated by the combined business which can be deployed more efficiently for the purpose of development of businesses of the combined entity and their growth opportunities, eliminate inter corporate dependencies, minimize the administrative compliances and to maximize shareholders value;

6. RECOMMENDATION OF SHARE ENTITLEMENT RATIO

Based on discussions with the Management, the share entitlement ratio has been determined as follows:

- 6.1. As mentioned in Para 1.2 above, in consideration for the Proposed Demerger, Proposed New Co. would issue equity shares to the equity shareholders of CCL.

We understand that the Management have considered following parameters while arriving at the share entitlement ratio:

- i. No fractional entitlements.
- ii. Future equity servicing capacity of Proposed New Co.

- 6.2. Accordingly, the Management has recommended the following share entitlement ratio in consideration for the Proposed Demerger i.e. demerger of Demerged Undertaking of CCL into Proposed New Co.:

2 (two) equity shares of INR 5 each fully paid up of Proposed New Co. for every 1 (one) equity share of INR 5 each fully paid up held in CCL.

We believe that the aforementioned share entitlement ratio is fair considering that all the shareholders of CCL are and will, upon Proposed Demerger, be the ultimate beneficial owners of Proposed New Co. in the same ratio (inter se) as they hold shares in CCL.

- 6.3. As mentioned above, post the Proposed Demerger all the shareholders of CCL are and will be the ultimate beneficial owners of Proposed New Co. in the same ratio (inter se) as they hold shares in CCL. Therefore, no relative valuation of Demerged Undertaking of CCL and of Proposed New Co. is required to be undertaken for the Proposed Demerger. Accordingly, valuation approaches as indicated in the format (as attached herewith as **Annexure I** to this

SSPA & CO.

Chartered Accountants

report] as prescribed by circular number NSE/CML/2017/12 of NSE and LIST/COMP/02/2017-18 of BSE have not been undertaken as they are not relevant in the instant case.

7. CONCLUSION

7.1. The share entitlement ratio in consideration for the Proposed Demerger as recommended by the Management is:

2 (two) equity shares of INR 5 each fully paid up of Proposed New Co. for every 1 (one) equity share of INR 5 each fully paid up held in CCL

Based on our review, information made available to us and discussions with the Management, in our opinion, the aforementioned share entitlement ratio in consideration for the Proposed Demerger of Demerged Undertaking of CCL into Proposed New Co. is reasonable.

We believe that the aforementioned share entitlement ratio is fair considering that all the shareholders of CCL are and will, upon Proposed Demerger, be the ultimate beneficial owners of Proposed New Co. in the same ratio (inter se) as they hold shares in CCL.

Thanking you,
Yours faithfully,
