Dear Sir / Madam,

Sub: Investor Presentation

Pursuant to regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we enclose herewith investor presentation.

The aforesaid presentation has been uploaded on the Company's website viz., www.grpweb.com

You are requested to take the above on record and oblige.

Thanking you,

Yours faithfully, For **GRP Ltd**.

Abhijeet Sawant Company Secretary

GRP Limited

Investor Presentation May 2019

Safe Harbor

This presentation and the accompanying slides (the "Presentation"), which have been prepared by **GRP Limited** (the "Company"), have been prepared solely for information purposes and do not constitute any offer, recommendation or invitation to purchase or subscribe for any securities, and shall not form the basis or be relied on in connection with any contract or binding commitment what so ever. No offering of securities of the Company will be made except by means of a statutory offering document containing detailed information about the Company.

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded

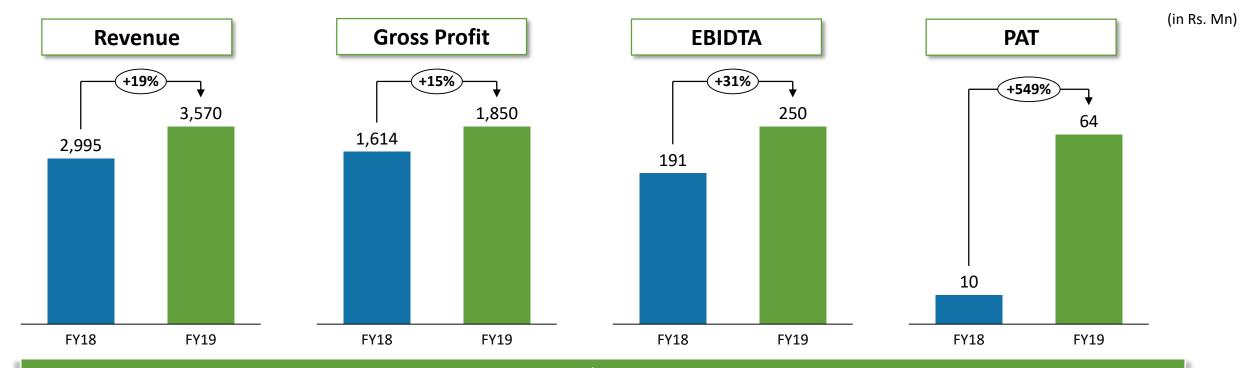

Certain matters discussed in this Presentation may contain statements regarding the Company's market opportunity and business prospects that are individually and collectively forward-looking statements. Such forward-looking statements are not guarantees of future performance and are subject to known and unknown risks, uncertainties and assumptions that are difficult to predict. These risks and uncertainties include, but are not limited to, the performance of the Indian economy and of the economies of various international markets, the performance of the industry in India and world-wide, competition, the company's ability to successfully implement its strategy, the Company's future levels of growth and expansion, technological implementation, changes and advancements, changes in revenue, income or cash flows, the Company's market preferences and its exposure to market risks, as well as other risks. The Company's actual results, levels of activity, performance or achievements could differ materially and adversely from results expressed in or implied by this Presentation. The Company assumes no obligation to update any forward-looking information contained in this Presentation. Any forward-looking statements and projections made by third parties included in this Presentation are not adopted by the Company and the Company is not responsible for such third party statements and projections.

Performance Highlights

Standalone Performance Highlights for FY19*

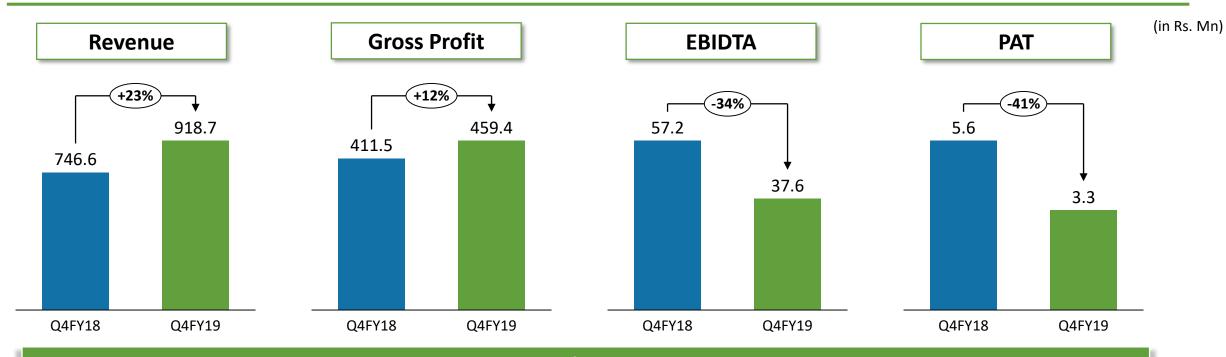

Revenue / Profitability

- Our revenues grew by 19% as compared to FY18 to Rs. 3,570 Mn due to increase in volumes and marginal price hike during the year
- Overall margins have improved due to cost Optimization, Automation and Depreciation of INR
- Increased share of high margin non-reclaim rubber business is yielding returns due to operating synergies with reclaim rubber business
- The Board has Recommended a final dividend of Rs. 8.00/- per equity Share (80%) for the Financial year 2018—19 on equity shares of Rs.10/- each, subject to approval of the Shareholders

Performance Highlights for Q4FY19*

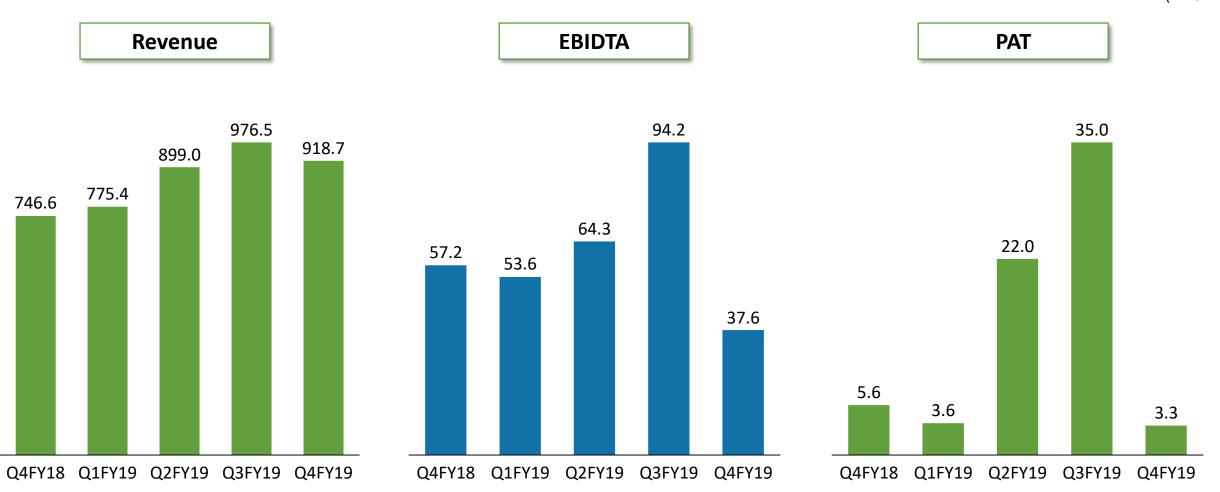

Revenue / Profitability

- Revenues grew by 23% on YoY basis
- Dip in Q4 margins is primarily attributed to:
 - Auto Industry slow down in Q4FY19 has led to price discounting leading to lower margin
 - Increase in input cost due to increase in oil prices and import restriction from certain geography
 - > Increase in freight cost due to increase in oil prices

Quarterly Trends*

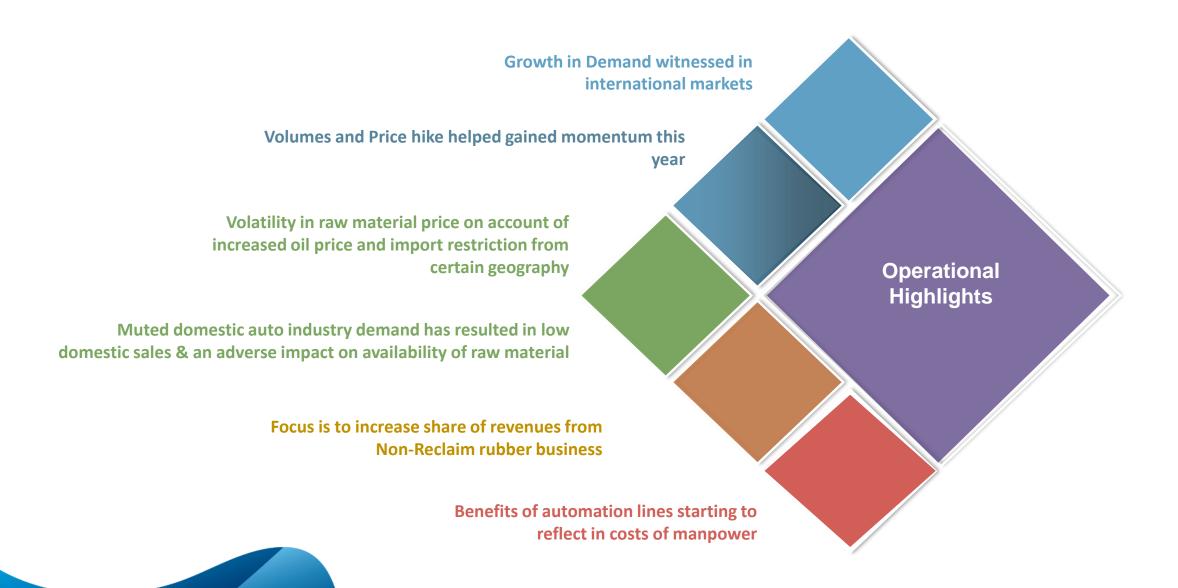

(in Rs. Mn)

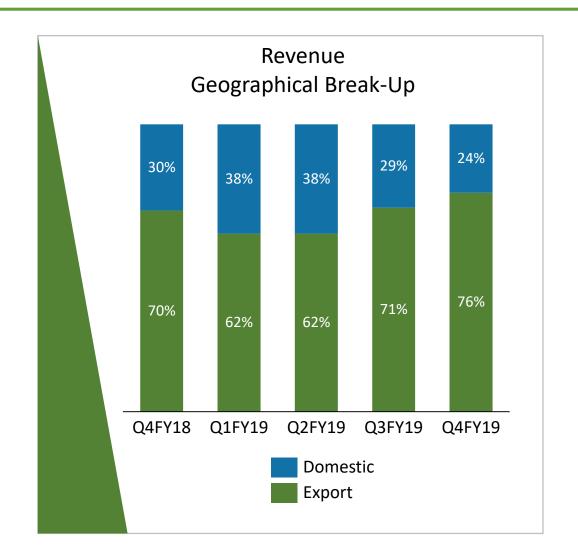

Operational Highlights for FY19

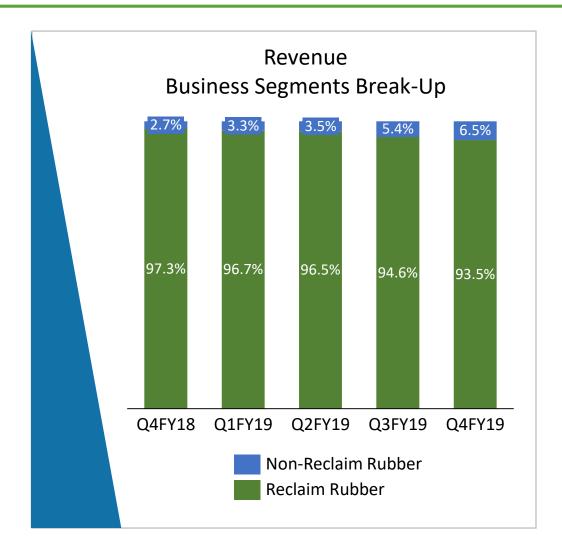

Segment Wise Performance Trend*

Segmental Financial Highlights*

Particulars (in Rs. Mn)*	Reclaim Rubber			Non-Reclaim Rubber		
	FY19	FY18	% Growth	FY19	FY18	% Growth
Revenue (Net of Taxes)	3,392.4	2,923.7	16.0%	177.2	70.8	150.3%
Raw Material	1,651.4	1,348.1		67.9	32.3	
Other Expenses	1510.5	1370.8		90.1	52.7	
EBIDTA	230.6	204.8	12.6%	19.1	-14.2	-
EBIDTA Margin	6.8%	7.0%		10.8%	-	

- ✓ Growth in revenue and profitability is witnessed in both our **Reclaim and Non-Reclaim Rubber Business**
- ✓ Revenue for FY19 for Reclaim Rubber business increased by 16% and Non-Reclaim Rubber business increased by 150%
- ✓ EBIDTA Margin for FY19 stood at **6.8%** & **10.8%** for Reclaim and Non-Reclaim Rubber business respectively
- ✓ Increased share of non reclaim rubber business going forward should add up to the overall profitability of the company

Q4 & FY19 Profit & Loss Statement*

Introduction

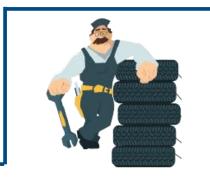

Tyre Graveyards are increasing across the Globe

7.6 Billion people in the world

1.7 billion new tyres produced a year

Creating huge

TYRE GRAVEYARDS...

1.4 Billion vehicles on the road

Over 1 billion waste tyres generated per year

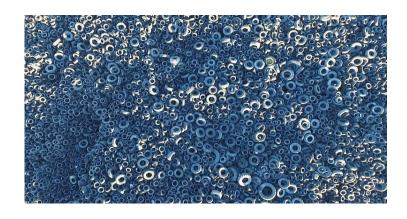

...presenting a HUGE OPPORTUNITY

Huge tyre graveyards that can be seen from Space

GRP uses end-of-life tyres to recycle and manufacture

Reclaimed rubber, Engineering plastics, Diecut products & Polymer Composite Products

It is our raison d'etre

Recover, Recycle, Reuse' is GRP's raison d'etre as well as mantra for creating a clean planet

- GRP is one of the leading producers of reclaim rubber
- It recycles end- of-life tyres, automotive inner tubes, automobile profiles and moulded rubber products to produce consistent quality reclaim rubber
- The rubber produced emits 95% Lower greenhouse gas v/s virgin polymers

...to Reduce, Reuse & Recycle

REDUCE

TYRE RETREADING

- Process to extend the life of Commercial Vehicle tyres beyond single use
- **Environmental friendly** process ensuring saving in valuable resources

POLYMER COMPOSITES

- Manufactured from 100% recycled rubber and plastics
- Product is environmental friendly, strong and durable as a substitute to wood & concrete

REUSE

CUSTOM DIE FORMS

Custom die forms engineered from end of life truck and bus bias tyres used in application where low cost solutions are a necessity like door mats, impact resistance products and Agricultural equipment's

RECLAIM RUBBER

Produced from end of life tyres, automotive inner tubes, automobile profiles and moulded rubber products to produce consistent quality reclaim rubber

INDUSTRIAL POLYMERS

Recovery and Reuse of polyamide from end-of-life tyres, a key competitive advantage is the continuous availability of in-house raw materials

Our Business

Believing in possibility of better tomorrow...

8 Manufacturing Units with 72,700 tons/year capacity

Export presence in **60+ Countries** across **300+ customers**

18% share in Indian Market & **50% of India's Export** in reclaimed rubber

~1.2 Mn End-of-Life tyres saved from reaching landfills Every Year

Supplies to **7 out of top 10** global tyre companies

IATF, ISO and BS OHSAS REACH Certified for EU Zone

OUR VALUES

SUSTAINABILITY

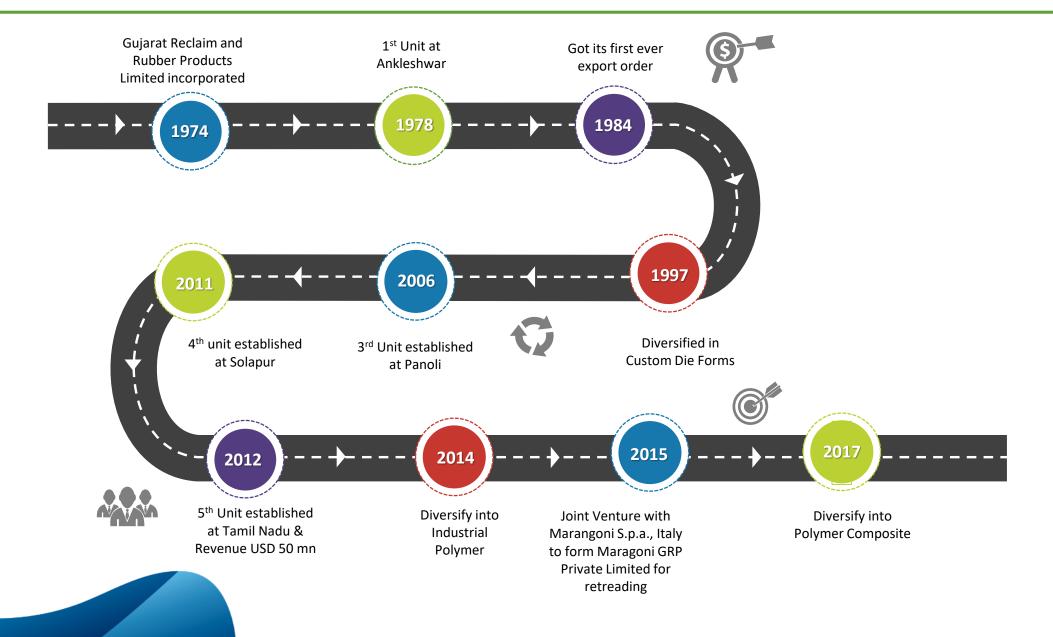

TRUST

COMMITMENT

INTEGRITY

... since Four Decade & Counting

...serving the needs of Global Mobility Industry

60+ Countries

...Distinguished Board of Directors

Chairman & Non-Executive Director

No. of Years of Experience : More than 40 years in General Management

Qualification: Graduate with Honours from St. Stephen's College (Delhi) and Alumnus of Stanford University, USA and Selwyn College, Cambridge, UK. Also a director in The Malayala Manoram Co Ltd & Commercial Broadcasts Ltd.

Rajendra Gandhi

Managing Director

No. of Years of Experience: More than 39 years in General Management

Qualification: graduate engineer from the Indian Institute of Technology, Mumbai. Also a director in Steelcast Ltd.

Harsh Gandhi

Joint Managing Director

No. of Years of Experience: 15 years in various Managerial positions

Qualification : OPM program from Harvard Business School USA & holds a Bachelor of Science in Management Purdue University USA

Rajeev Pandia

Independent Director

No. of Years of Experience: More than 39 years and been influential in Strategic Planning, Project Evaluation & Management, Technology Transfer

Qualification: Bachelor in Technology (Ch.Eng.) IIT, Mumbai, & has obtained his Masters in Science from Stanford University, USA. Also a director in Excel Industries Ltd & The Supreme Industries Ltd.

...Distinguished Board of Directors

No. of Years of Experience : More than 30 years in General Management

Qualification: He is a Graduate and an accomplished industrialist and the Chairman of the Industrial
Development & Investment Co. Pvt Ltd

Alpana Parida

Independent Director

No. of Years of Experience: 30 year Marketing career, spanning USA and India;

Qualification: Graduate from IIM (Ahmedabad) and has a Bachelor's degree in Economics from St. Stephen's College, Delhi University. Also a director in Cosmo Films Ltd & Primesec Investments Ltd

Saurabh Shah

Independent Director

No. of Years of Experience: More than 20 years of experience as advisor in the fields of public equity investments, private equity, capital markets and Merger & Acquisition in India

Qualification: MBA from the Stern School of Business at New York University. Also a director in Citicorp Finance (India) Ltd.

Nayna Gandhi

Non-Executive Director

No. of Years of Experience: More than 39 years and also director in Grip Polymers Ltd., (wholly owned subsidiary of GRP Ltd.) since November, 1993

Qualification: Diploma holder in Home Science

...with Experienced Management Team

Ganesh Ghangurde

Chief Compliance Officer

- Chartered Accountant (ICAI) & Company Secretary (ICSI)
- Associated with GRP's senior Management Cadre for more than 25 years
- Experience covers

 Finance & Accounts,
 Legal & Statutory,
 Compliances, Projects,,
 Rights & Public Issues,
 IT & SAP

 Implementations

Hemanth Kaul

President Marketing & CEO of Marangoni GRP

- MBA, Leeds University Business School, UK
- At GRP since 2012 post spending 19 years in tyre sector in India & Europe with Apollo tyres and Birla tyres
- Handling MGPL business in India; oversee Sales and Marketing & Business Development for Reclaim Rubber.

Rajen Doshi

President & COO

- MBA Georgia State, MS, IIT Mumbai
- Experienced in executing business transformations, M&A and Change Management across Manufacturing, Service and Technology companies.
- Worked across North America, Europe and Asia in B2B and B2C space for companies like GE, Honeywell, Coke, Citigroup, Legal & General (UK) and Mahindra (India).

Kush Giramkar

Business Head Industrial Polymers & Head Procurement

- MBA from Indo German Chamber of Commerce, Graduate mechanical engineer from Govt. College of Engineering, Pune
- More than 22 years of rich experience in the diverse fields of manufacturing sector such as Materials Management, Project Management, Operations, R & D and New Business Development.

Shilpa Mehta

Chief Financial Officer

- Chartered Accountant (ICAI)
- Overall 20+ years' experience and 15 years in senior management cadre
- Work experience includes Accounts & Finance, Company law, Direct & Indirect taxation, SAP implementation & operations, Audit

Sanjeeb Lahri

Head HR & Administration

- Post Graduate Diploma in Industrial Relations & Personnel Management from University of Burdwan,
- More than 20 years of professional experience in the diverse fields of Talent Acquisition, Staffing, Employee/Industrial Relations, Productivity & Analysis, Learning & Development.
- More than 19 years of experience with TATA Group (Domestic & International)

Awards & Accolades – Testimony to our raison d'etre

Silver Certificate of Merit (2008)

At GRP, we are committed to transitioning from a 'recycled material company' to a 'Sustainable Raw Material Company'. Therefore, embracing the certifications, partnerships required for achieving that status. PLUS embracing the UN's Sustainability Development Goals.

CSR – Impact Positive Initiatives

- Our CSR vision "to contribute towards social and economic development of the communities where we operate in. And while doing the same, we want to build a sustainable way of life for all sections of society".
- GRP believes in doing business the right way and ensuring that we reach out to underserved communities in the way we do business.
- GRP believes in focus beyond business interests and addressing the "quality of life" challenges that underprivileged communities face, and working towards making a meaningful difference to them

EDUCATION

- Balwadis/Mobile Vans for Elementary Education
- Toy-bank to strengthen development through play in rural areas
- Merit based scholarship to support University Education
- Strengthen/Support existing institutes engaged in providing primary, secondary & higher level Education

SUSTAINABLE LIVELIHOOD

- Supporting initiatives around Yoga, meditation, other selfhelp
- Awareness programs for clean living/housing facilities (5S, etc.)
- Awareness programs on hygiene, safe water
- Encouraging plantation of trees through self-help groups of women

HEALTHCARE

- Primary health care centres
- Mobile health care projects
- Preventive health through awareness programs

WOMEN EMPOWERMENT

- Gram Pari in rural areas
- Girl child education up to university level
- Introduction of Water wheel for women to roll it from a distance

GRP has built a strong association with institutes like such as: Tata Institute of Social Science, Pravara Medical Trust, Ankleshwar Rotary Welfare Trust, K C Mahindra Education Trust, Nanhi Kali Foundation

Business Verticals

... Manufacturer of sustainable products through 5 Business Verticals

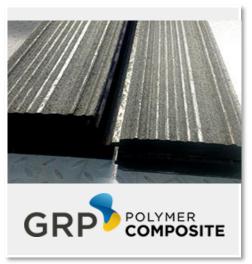

Reclaim Rubber - Industry Leading Technology

1ST Company in India to design, fabricate and install an entire plant & machinery for manufacture of reclaim rubber from complete indigenous components

Strong focus on innovation and R & D with DSIR approved lab, $\mathbf{1}^{st}$ company in India to develop reclaims like EPDM & High Tensile

1st company in reclaim rubber sector in India to become SAP ERP enabled

ISO certified company following strict quality control norm ensuring right material supply to its customers

Recycles 1 out of every 10 truck tyres & 1 out of every 8 tubes produced in India

Largest exporter of reclaim rubber from India to more than **60 countries** around the world. Caters to **7 out of Top 10** global tyre companies

VALUE PROPOSITION

- Cost-saving compared with virgin rubber
- Reduced Energy Consumption

- Alternative to hazardous landfills
- Substitutes natural rubber & crude based synthetic rubbers saving natural resources

- Faster Mixing Cycle
- Improved extrusion rate
- Retention of good ageing properties
- Reduced splicing defects
- Controlled die swell

Reclaim Rubber – Cost Effective Alternative

PRODUCT OFFERING

NATURAL RUBBER RECLAIM

- Whole Tyre Reclaim
- Ultra High & High Tensile Reclaim
- Natural Tube Reclaim

SYNTHETIC RUBBER RECLAIM

- Butyl & Chlorobutyl Reclaim
- EPDM Reclaim

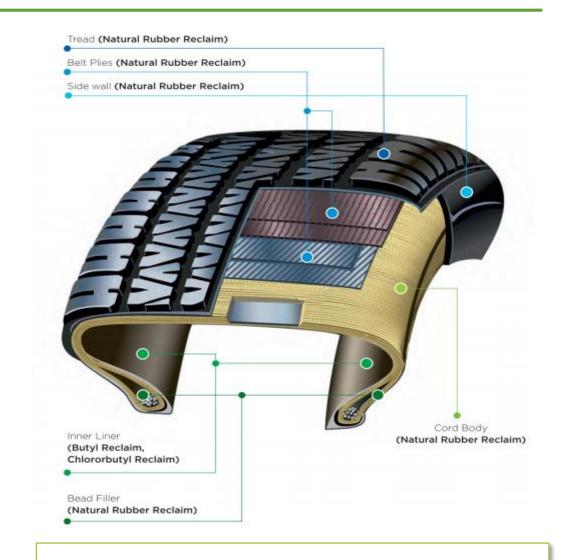

SPECIALITY RUBBER RECLAIM

NBR Polycoat

APPLICATIONS

- Tyres
- Tubes
- Belts

- Waterproofing & Matting
- Adhesives

Tyre Industry - Largest Consumer of Rubber

Industrial Polymer – Valuable Engineering Plastic

Developed in-house process to recover nylon fiber from end of life tyres

Nylon fiber embedded with rubber is subjected to series of mechanical operations to separate rubber and nylon

Purified nylon fiber then converted to granules by Extrusion process

Separation of polyamide from scrap tyre results in "Pure Rubber" which in turn can be a useful raw material to make a Better Quality Reclaim

02

Recovered Polyamide is a useful raw material as an Engineering Plastic. It has a market which is well established and profitable

INDUSTRY LEADING TECHNOLOGY

1st Indian company to commercialize the concept of recovery and reuse of polyamide from end-of-life tyres

Invested substantially in the R&D to recover nylon (polyamide) a valuable engineering plastic out of the waste tyres

Has a state-of-the art compounding facility in Solapur which supplies a range of cost-effective and sustainable solutions

Patent pending products supported by wel equipped testing laboratory

Industrial polymer is (GRP - IP) is an ISO 9001:2008 certified thermoplastic compounding business

TARGET MARKET & APPLICATIONS

Fasteners, Clips, Bushes, Plugs, Cable Ties, Sleeves, Main fold

INDUSTRIAL

Washers, Spacers, Industrial Bobbins, Conveying Trays, Gears

CONSUMER GOODS

Furniture Components, Couplers,
Domestic Gas Accessories

Computer Peripherals, Fuse Box, Switch Housing

Window Door Components

Custom Die Forms – Diverse Product Portfolio

Converts end-of-life tyres to design products used for civil & agricultural applications

Custom Die Forms are meant to absorb vibrations in heavy equipment and for insulation against sound

GRP – C-DF has produces these products in collaboration with leading North America Companies

Ensures reuse of end-of-life tyres with minimal energy needs

PRODUCTS

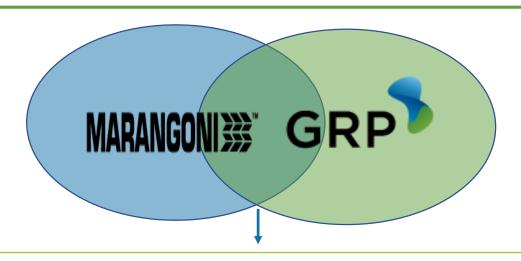

- Link Mats
- Door Mats

- Industrial Mats
- Dock Bumpers

Retreading - Marangoni Joint Venture

Portfolio of Products = Ringtread + Unitread + Classico

Entry into Retrading Markets of India with a Unique Technology, RINGTREAD – The Spliceless Retread

Ringtread Delivers: More mileage, Better grip, More reliable and eventually lower cost per KM (CPKM) savings to fleets

Marangoni S.P.A, World's Leading Tyre Retreading Company with a legacy of 70+ years

+

GRP Ltd, India's largest and world's leading rubber recycling company

=

The JV will aim to leverage the strengths of the two partners:

Marangoni as a retreading technology specialist

GRP's understanding of Indian Markets, Strong Supply Chain along with the reach to the End Customers

MARKET OPPORTUNITY

- Radial tyres at present account for 40-45% of Tyre Industry, expected to reach 75%+ by 2020
- Radialisation is estimated to double in the next 4-5 years, thus offering a big opportunity for tyre retreaders in the country
- India's retreading market is estimated at \$ 700 mn with a CAGR of 7-8% with organized sector accounting for 50 %

With Radialization there is a great opportunity for organized players in the retreading industry in CV segment as it reduces per/km cost

...Retreading across Segments

Industry Leading Range

Premium, Spice-less Retread

Premium, Flat Tread

This line features tread design suited for radial tyre application to deliver premium performance on Indian roads

Original Retread

This line features popular tried and tested patterns designed for customers who pay particular attention to the quality-price ratio.

BENEFIT TO RETREADERS

Less Time: Faster cycle time

No Waste: No material wastage

High Efficiency: More efficiency due to less handling and lower

process time

Less Space: Less space required for same capacity due to efficient

equipment & layout

ABOUT RINGTREAD

- Ringtread Concept: Tyres are circular in structure and rotate when they work, therefore the new tread must be perfectly circular in order to integrate harmoniously with the casings and recreate a perfect unit
- Ringtread
 - The only precured tread with the profile of original tyre
 - The ring has no joints and fits perfectly to the casing without tension or deformation
 - It guarantees reduced processing times and less waste, and performance levels are equivalent / exceeds those of a new tyre

BENEFIT TO FLEET HOLDERS

More Reliability: No risk of downtime due to the exclusive ring system

More Life: Less tread wear also on highly abrasive surfaces

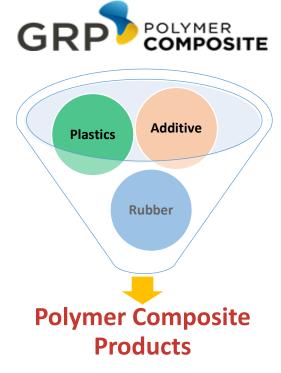

More Grip: The best traction even in poor road condition

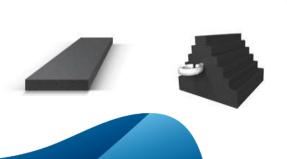

More Savings: Very low rolling resistance leading to reduced fuel consumption

New Business Initiative - Polymer Composite Products

Products Range

ABOUT Polymer Composite Products

- GRP is the exclusive manufacturer to a US based company for supply of composite products
- The composite products are manufactured from 100% recycled rubber and plastics
- The product is environmentally friendly, strong and durable
- The products are well suited for variety of application in sectors such as aviation, military, logistics, construction, oil & gas, marine and agriculture.

Growth Drivers

We have built Sustainable Business

Brand GRP carries with it Trust of 4 Decades

Brand GRP

Strong Relationships

Over 300 Customers across 60 Countries

Upgradation of Process and Products through innovation

In-house Technology

Customized Quality Products

High Quality, Made-to-Spec Products Cost Effective by replacing Virgin Rubber Polymer

Cost Effective

High Value Product Opportunity

Multiple products with the potential to deliver its maximum value

8 Manufacturing Units, 20 Distributors and 200 Vendors

Manufacturing & Distribution

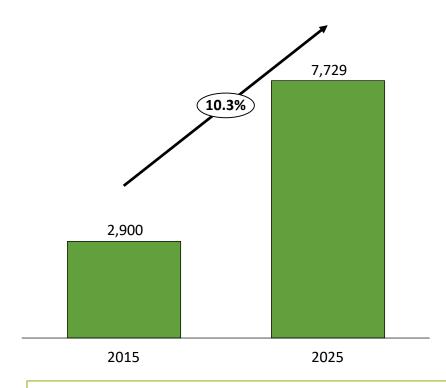

Environment Friendly

Lower CO2 emissions, more recycling of end of life tyres and other rubbers

Usage of Reclaimed Rubber on a Growth Path

Reclaimed Rubber Demand (Kilo Tonnes)

- Growing awareness regarding COST EFFECTIVE and ECO FRIENDLY alternatives for virgin rubber
- Owing to its versatility, durability, reduced pollution and low processing costs, WTR is expected to witness growth
- APAC to drive growth due to huge domestic market, availability of cheap and skilled workforce and rapid industrial development
- Favourable regulations promoting sustainable and eco-friendly materials as substitutes for conventional virgin rubber is driving product demand

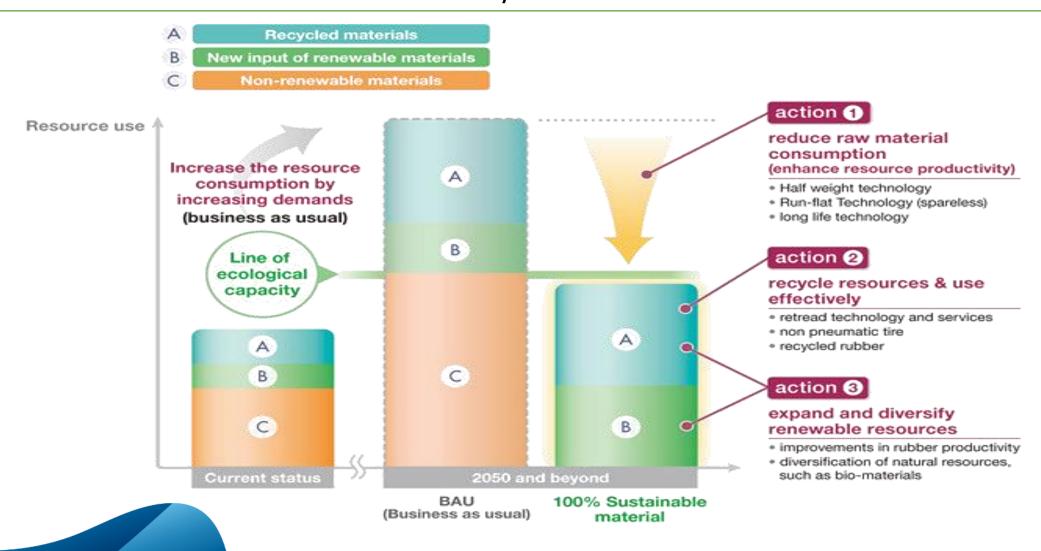

Global Reclaimed Rubber Demand

Global Reclaimed Rubber market is expected to reach USD 6.32 billion by 2025

With strategic shift towards increasing Reclaimed Rubber

To Reduce, Reuse and Recycle the use of fossil fuels and strategic shift towards Reclaimed Rubber. By 2050 companies envisages higher use of Recycled Rubber

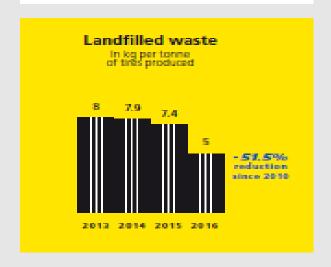

By major tyre manufacturing companies

THE 4R STRATEGY

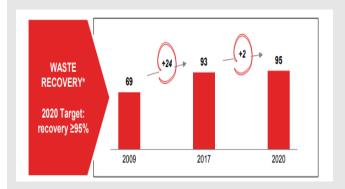

The tire industry uses 32 million tonnes of materials every year, only 25% of which is from renewable sources. To reduce the use of fossil fuels and secure supply, Michelin has made a firm commitment to the circular economy through its 4R strategy: Reduce, Reuse, Recycle and Renew.

IRELLI

By 2025 (vs. 2017) for Specific Products Segments Pirelli aims to:

- Double the share of Renewable Raw Materials
- Reduce the Fossil-Based Materials by -30%

- Waste recovered (on total waste) in 2017 vs 2009: 93% (+24% vs. 2009)
- Target 2020 : towards no waste to landfill with a recovery rate ≥95%

@ntinental**⅓**

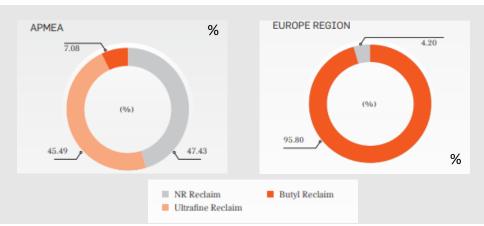

" In the Rubber Group, the use of recycled materials is assuming an increasingly important role. Production waste generated in physical/chemical processes is used as reclaim and adhesive mixtures as recycled products."

In the year under review, the percentage of recycled products of the total raw materials used in tire production was 3%. Our goal is to increase this share to 10% by 2025.

Reclaimed rubber is also used at 2.5% to replace virgin rubber for compounds
