SBI MD visit to Hyderabad

Ashwini Kumar Tewari, Managing Director (Corporate Banking & Subsidiaries), visited Hyderabad Circle (Telangana State) in connection with official engagements. His visit was marked with meetings with top corporate clients.

The visit was also marked by the undertaking of CSR activity at the local head office in Koti, Hyderabad. Tewari handed over the cheque to the Managing Trustee of Sri Sankara Gurukula Veda Patasala for setting up a 41 KW solar rooftop photovoltaic power on-grid system.

Sri Sankara Gurukula Veda Patasala (SSGVP), Hyderabad, a charitable trust, was started in 1984 to disseminate knowledge in Vedic sciences and sastras through the Gurukulam system of teaching.

Speaking on the occasion, Managing Director Ashwini Kumar said that we at SBI believe that our success is intertwined with the prosperity of the society we serve, and therefore we actively engage in initiatives focused on education, healthcare, environmental sustainability, and community development.

"As a part of CSR activity, we have undertaken today's activity for environmental sustainability by way of a solar power system for the organisation, which will not only enable uninterrupted power supply but also help them save on their electricity bills. This savings would give them a unique opportunity to utilise the funds for supporting more students," added Rajesh Kumar, Chief General Manager, SBI, Hyderabad Circle.

ICFAI Foundation Day Lecture with Dr. Raghunath Anant Mashelkar

Dr. Raghunath Anant Mashelkar, former Director General of the Council of Scientific and Industrial Research (CSIR), delivered a lecture on "Dismantling Inequality by the Magic of Disruptive Inclusive Innovation" at the ICFAI Foundation for Higher Education in Hyderabad. He emphasised the importance of inclusive innovation in promoting equitable and inclusive growth for all segments of society.

Dr. Raghunath highlighted the challenges of achieving accelerated inclusive growth and the need for disruptive, game-changing inclusive innovation. "Inclusive innovation should harness sophisticated science and technology know-how to invent, design, produce, and distribute high-performance technologies at prices that can be afforded by the majority of people. Business houses must move towards affordable, functional, but high-quality products, aiming for technologically sophisticated, performance-rich products. CEOs must develop major qualities such as a deep commitment to inclusive growth, a clear cost structure, a clear vision with a human dimension, the ability to evaluate the impact of reduced prices, and the ability to force project teams to work within self-imposed boundaries," he said.

He applauded young disruptive inclusive innovators and the Anjani Mashelkar Foundation, which honours young unsung heroes with the Anjani Mashelkar Inclusive Innovation Awards, set by the students of MBA and representatives of clubs and committees of NMIMS Hyderabad.
