4. The attendance of the Members attending the AGM through VC / OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
5. Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC / OAVM and cast their votes through e-voting.
6. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM has been uploaded on the website of the Company at www.gipl.com. The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM i.e. www.evotingindia.com).
7. The AGM has been convened through VC / OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 8, 2020, Circular No.17/2020 dated April 13, 2020, Circular No. 20/2020 dated May 05, 2020, Circular No. 02/2021 dated January 13, 2021, General Circular No. 19/2021 dated December 8, 2021, Circular No. 21/2021 dated December 14,2021, General Circular No. 02/2022 dated May 5,2022.
8. In continuation of this Ministry's General Circular No. 02/2022, dated May 05, 2022 and after due examination, it has been decided to allow companies whose AGMs were due to be held in the year 2022, or become due in the year 2022, to conduct their AGMs on or before 31.12.2022, in accordance with the requirements provided in paragraph 3 of the General Circular No. 02/2022 as per MCA Circular no. 02/2022 dated May 05, 2022.

THE INTRUCTIONS TO SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM AND JOINING MEETING THROUGH VC/ OAVM ARE AS UNDER:

(i) The remote voting period begins on Monday, the 19th September, 2022 at 9:00 a.m. and ends on Wednesday, the 21st September, 2022 at 5:00 p.m. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of Thursday, the 15th September, 2022 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.

(ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting.

(iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/ CIR/ P/2020/242 dated December 09, 2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts / websites of Depositories / Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

(iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/ CIR/ P/ 2020/242 dated December 09, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email ID in their demat accounts in order to access e-Voting facility.

Pursuant to above said SEBI Circular, Login method for e-Voting and joining virtual meetings for Individual shareholders holding securities in Demat mode is given below:

Gujarat Industries Power Company Limited

Item No. 07:

Consequent upon the enactment of the Companies Act, 2013 (the Act) and the Rules made thereunder, there have been wide spread changes in the entire gamut of corporate functions and compliance requirements.

One such compliance requirement pursuant to Section 188 of the Act pertains to Related Party Transactions (RPTs) where the net of coverage criteria has been widened to a great extent. In terms of above, the Board of Directors of the Company has approved a Policy on 'Related Party Transactions' (RPTs).

The said Policy requires that the Company shall not enter into any contract or arrangement with a 'Related Party' without approval of the Audit Committee of Directors (the Audit Committee).

The Companies (Meetings of the Board and its Power) Rules, 2014 read with Regulation 23 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 requires that the Company shall not enter into a contract or arrangement with any Related Party, inter alia, for sell, purchase or supply of any goods or material directly or through appointment of agents, exceeding 10% of Annual Consolidated Turnover of the Company as per the Last Audited Financial Statements of the Company, without approval of the Members of the Company by an Ordinary Resolution.

Accordingly, considering the Annual Turnover of the Company for FY 2021-22 of ₹1,17,241 Lakhs and the value of transactions with Related Parties viz. Gujarat Urja Vikas Nigam Limited (GUVNL), Gujarat State Fertilizers & Chemicals Limited (GSFC) and Gujarat Alkalies & Chemicals Limited (GACL) Promoters of the Company, in the ordinary course of business at arm's length price, which are exceeding the prescribed limit of 10% of the Annual Turnover of the Company as per the Last Audited Financial Statements of the Company (Regulation 23 of the SEBI (LODR) Regulations, 2015), the RPTs being material in nature, are placed for approval of the Members, as recommended by the Audit Committee and the Board of Directors of the Company.

Further as recommended by the Audit Committee and the Board of Directors of the Company, approval of the Members of the Company is required for the material transactions with Related Parties, in the ordinary course of business at arm's length price, which are likely to exceed the prescribed limit of 10% of the Annual Turnover of the Company during the FY 2022-23.

Your Directors recommend the Resolutions at Item Nos. 07 as an Ordinary Resolution.

None of the Directors / Key Managerial Personnel of the Company and their relatives, except Smt. Sunaina Tomar, IAS (Upto 14/06/2021), Shri Milind Torawane, IAS (upto 06/02/2022), Smt. Shahmeena Husain, IAS (upto 25/02/2022),

Shri Roopwant Singh, IAS, Shri Jai Prakash Shivahare, IAS (from 15/03/2022), Shri Harshadkumar Ratilal Patel, IAS (from 15/03/2022) and CS V V Vachharajani, representing the related parties, is / are, in any way, concerned or interested, financially or otherwise, in the aforesaid Resolution No.07 of the Notice.

Item No. 08:

The Board, on the recommendation of the Audit Committee, has approved the appointment and remuneration of M/s. Dalwadi and Associates, Cost Accountants (Firm Registration No.: 00338), Cost Auditors, to conduct the audit of the cost records of the Company for the financial year ending on 31st March, 2023.

In accordance with the provisions of Section 148 of the Act read with the Companies (Audit and Auditors) Rules, 2014, the remuneration of ₹1,45,000/- (Rupees One Lakh Forty-Five Thousand) plus applicable Taxes and reimbursement of out of pocket expenses subject to maximum 10% of Cost Audit Fees, payable to the Cost Auditors is to be ratified by the Members of the Company.

Accordingly, consent of the Members is sought for passing an Ordinary Resolution as set out at Item No. 08 of this Notice for ratification of the remuneration payable to the Cost Auditors for the financial year ending on 31st March, 2023.

None of the Directors / Key Managerial Personnel of the Company and their relatives, is / are, in any way, concerned or interested, financially or otherwise, in the aforesaid Resolution No.08 of the Notice.

OPERATIONS

Surat Lignite Power Plant (SLPP):

Phase-I (2 x 125 MW Units 1 & 2):

During the year under review, Phase-I generated 1342.614 Million Units (MUs) with 61.31% Plant Load Factor (PLF) against the Budgeted target of 1343.459 MUs with 61.35% PLF. Plant availability was 79.93 % against the Budgeted target of 78.34%. Commercial availability was 62.20% against the Budgeted target of 61.91%.

The Commercial availability was lower than Normative Commercial Availability (75%) mainly due to deformation of Economizer Beams and their replacement work at Unit 2 which was under force outage from 16.12.2020 to 01.07.2021.

Phase-II (2 x 125 MW Units 3 & 4):

During the year under review, Phase-II generated 1586.359 MUs with 72.44% PLF against the Budgeted target of 1656.374 MUs with 75.63% PLF. Plant availability was 85.04% against the Budgeted target of 86.60%. Commercial availability was 79.41% against the Budgeted target of 80.50%. Lower Plant Performance vis-à-vis Budget was mainly due to increase in system partial loading owing to quality of Lignite and backing down by SLDC.

Constant endeavors are being made to improve the overall performance of the Units, including technology improvement and modifications. The required maintenance program for the upkeep of the Units was undertaken during the year under review.

As part of Company's efforts to ensure availability of critical spares for sustainable performance of the Units and to avoid any long outage of the Units, the Company has already procured critical spares of LP Turbine Rotor and Generator Rotor from OEM (BHEL).

Safety Audit conducted through external competent agency to ensure zero accident and cover all employees and contract workmen for safety related training. Moreover, Quantitative Risk Assessment (QRA) of Fuel Oil, Propane and Chlorine storage area carried out through external agency to mitigate risk of Hazardous area. Further, Hazard Area Classification (HAC) study (as per IS 5572) was carried out through external agency.

Gujarat Industries Power Company Limited

Mining:

During the year under review, Valia Lignite Mine has recorded the lignite production of 24.87 Lakh Te as against 30.75 Lakh Te during the preceding year and Vastan Lignite Mine has recorded the lignite production of 4.21 Lakh Te as against 4.30 Lakh Te during the preceding year.

Most of the requirement of lignite was met from our captive Vastan Lignite Mine and Mangrol-Valia Lignite Mine. To meet the demand of all the four units for operations during monsoon, the Lignite Stock of 12.45 Lakh Te was created on 30/06/2021 as against the previous year's stock of 12.19 Lakh Te on 30/06/2020.

- Approval of Mining Plan and Mine Closure Plan:

Approval for amendment in approved Mine Closure Plan of Vastan Lignite Mine for installation of Solar Power Plant on the reclaimed land of backfilled area and on the external dump area has been granted by Ministry of Coal (MoC), Government of India (GoI) vide letter dated 16/04/2021.

- Achieved Zero Accident Level:

Due to its hazardous nature, mining has been and continues to be an industry where the concern for miners' safety is of great importance. Your Company has achieved "Zero Accident Level" during the FY 2021-22 by maintaining and meeting the highest standards of safety norms in its mines.

Vadodara Gas based Stations:

Station-I (145 MW):

During the year under review, the Station generated 212.8 Million Units (MUs) at the Plant Load Factor (PLF) of 16.75 %.

Plant Load Factor is relatively very low due to non-availability of APM gas/cheaper Spot gas.

Major plant equipment like GTs, GTGs, HRSGs & STG are kept under preservation and other plant auxiliaries are checked regularly for their availability till APM gas supply resumes or cheap spot gas is made available for Operation.

Station - II (165 MW):

Station II has not generated any electricity because of non-availability of cheap Spot gas. Critical Plant systems are checked and Transformers are periodically charged to maintain their availability.

112.4 MW Wind Power Projects:

The Company has total installed and commissioned capacity of 112.4 MW of Wind Power Projects at different sites / locations across State of Gujarat.

During the year under review, the 112.4 MW Wind farms have generated 225.59 MUs at a Capacity Utilization Factor (CUF) of 22.91% as against budgeted generation of 229.39 MUs at a CUF of 23.30 % during the preceding year.

Wind Power generation was relatively higher during the year under review mainly due to better machine availability and relatively high wind velocity compared to previous years across wind project sites / locations in Gujarat.

262 MW Solar Power Projects:

The Company has total installed and commissioned capacity of 262 MW of Solar Power Projects at different sites / locations across State of Gujarat including the 100 MW Solar Power Project at Raghnesda Solar Park, Dist. Banaskantha, which was commissioned on 10/08/2021. The Operational Acceptance Test of the said 100 MW Solar Power Project at Raghnesda was successfully completed and Plant is fully stabilized.

During the year under review, the 262 MW Solar Power Projects generated 453.21 MUs at a CUF of 22.9% against the budgeted generation of 448.75 MUs at a CUF of 22.77%, including generation of 155.35 MUs at CUF of 28.14% against budgeted generation of 153.36 MUs at CUF of 27.78% achieved by the 100 MW Raghnesda Solar Power Project from the date of its commissioning during the year under review.

Safety Performance:

The health and safety of all the employees is a prime concern of the Company. Your Directors are happy to inform that your Company continues to make sincere and committed efforts to maintain the safety of Plant equipment and create a safe and healthy work environment for the employees. The Company has been spending adequate amount commensurate with its requirement on the health and safety related activities. Constant efforts are made to maintain accident free operations at all the locations. Your Company has adopted a comprehensive Health and Safety Policy under the Integrated Management System (IMS).

Your Directors are glad to inform that the Company has successfully completed accident free operations for the entire year under review i.e. FY2021-22.

Safety Audit is conducted through external competent agency to ensure zero accident and cover all employees and contract workmen for safety related training.

Environmental Protection:

The Company recognizes Environment Management as an integral function of its operations. Towards this, your Company has adopted appropriate technology for control of pollutants at source.

- **Vadodara Plant:**

Your Company had also imposed total ban on using thermocol and plastic below 40micron size packing material for all incoming goods and the same is in force. Disposal of e-waste generated has been arranged through Central Pollution Control Board (CPCB) registered Vendors.

• **Surat Lignite Power Plant (SLPP):**

During the year under review, your Company replaced internals of total five (5) fields of Unit-3 Electrostatic Precipitator (ESP) at total expenditure of Rs. 8.16 Crores to reduce suspended particulate matter (SPM) emission through stack / chimney to meet new Environmental norms of Ministry of Environment, Forest & Climate Change (MoEF&CC), Govt. of India.

Your Company has planted 369 nos. of saplings in the Plant and Colony premises for better green coverage.

Growth Plans:

2375 MW Khavda Renewable Energy(RE) Park:

Your Directors are pleased to inform that your Company has been allotted land at Great Rann of Kutch near Khavda to set up 2375 MW of Renewable Energy (RE) Park. This Park will be developed as a part of prestigious 30 GW RE Park planned near International Border in Great Rann of Kutch. The preparation of Detailed Project Report, application for connectivity and power evacuation and other pre-project activities have already been taken up. The entire RE Park capacity is expected to be completed in next 5 years.

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members
M/s. GUJARAT INDUSTRIES POWER COMPANY LTD.
CIN:- L99999GJ1985PLC007868
P. O. RANOLI,
Vadodara,
Gujarat - 391350

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **M/s. GUJARAT INDUSTRIES POWER COMPANY LTD. (hereinafter called "the Company")**. Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit and considering the relaxations granted by the Ministry of Corporate Affairs ("the MCA") warranted due to the spread of the COVID-19 pandemic, we hereby report that in our opinion, the Company has, during the audit period covering the **Financial Year ended on 31st March, 2022** complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March 2022 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the Rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the Rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings

- (v) The Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):

The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') (including any statutory modification(s) or re-enactment(s) thereof, for the time being in force):

- I. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - II. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - III. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018; Not Applicable for the period under review;
 - IV. The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021; Not applicable for the year under review;
 - V. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; Not applicable for the year under review;
 - VI. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - VII. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; Not applicable for the year under review;
 - VIII. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; Not applicable for the year under review; and
- (vi) Other applicable laws: Based on the information provided and the representation made by the Company and its officers and also on the review of the compliance reports taken on record by the Board of Directors of the Company, in our opinion, adequate systems and processes exist in the Company to monitor and ensure compliances under other applicable Acts, Laws and Regulations as applicable to the Company.

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above subject to the following observations:

- a) Under SEBI (Listing Obligations and Disclosure Requirements), 2015 and Act, Regulations, Rules, Guidelines, Notifications, Circulars etc. are: -

Delay in submission of disclosure of Related Party Transactions for the Half year ended on 30th September, 2021 only with National Stock Exchange ("NSE") by 30 days, which was duly complied by the Company on 12th January, 2022 and necessary justification in this regard has been made before NSE.

We further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors (including Woman Independent Director). The Changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

As per the minutes of the meetings duly recorded and signed by the Chairman, the decisions of the Board were carried through on the basis of majority and there were no dissenting views.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period the Company has not taken any actions or entered into events having a major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc.

ANNEXURE 'C' TO BOARD'S REPORT

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

[Section 134(3)(m) of The Companies Act, 2013 read with Rule 8(3) of The Companies (Accounts) Rules, 2014]

A. CONSERVATION OF ENERGY:

Energy Conservation measures taken, additional investments and proposals, if any, being implemented for reduction of consumption of energy and impact of the measures for reduction of energy consumption and consequent impact on the cost of production.

Several energy conservation measures are taken at Vadodara and SLPP during the year under review. Some of the measures which have significant results are indicated below:

At Vadodara:

- 120 KW Roof top- 50 KW roof top on STG1, 50 KW roof top on STG2 and 20 KW roof top on Admn bldg. commissioned in the May 2021 to substitute consumption of equal energy from fossil fuel generation.
- STG - 1 Condenser: - Chemical cleaning done. for Heat Rate Improvement.

At SLPP:

Several energy conservation measures taken during the year helped to conserve about 20.60 MUs Electrical energy and 0.71 Lakh MT Lignite amounting to total savings of around ₹ 14.54 Crores. Following are some of the major measures taken for conservation of energy:

- Unit-2 Annual Overhauling helped to improve Unit heat rate by approx. 44.06 kCal/kWh. This has resulted in saving of about 15,696 MT Lignite during the year.
- Unit-3 Annual Overhauling helped to improve Unit heat rate by approx. 51.74 kCal/kWh. This has resulted in saving of about 18,432 MT Lignite during the year.
- Unit-1 consolidated Energy saving in Boiler Draft power due to plugging of air ingress at different sections of flue gas path / ESP casing / Tubular Air preheater (TAPH) leaking tubes blocking during the year was approx. 1.48 MUs and saving in Lignite was approx. 1613 MT.
- Unit-2 consolidated Energy saving in Boiler Draft power due to plugging of air ingress at different sections of flue gas path / ESP casing / Tubular Air preheater (TAPH) leaking tubes blocking during the year was approx. 6.39 MUs and saving in Lignite was approx. 6981 MT.
- Unit-3 consolidated Energy saving in Boiler Draft power due to plugging of air ingress at different sections of flue gas path / ESP casing / Tubular Air preheater (TAPH) leaking tubes blocking during the year was approx. 7.82 MUs and saving in Lignite was approx. 8545 MT.

- Unit-4 consolidated Energy saving in Boiler Draft power due to plugging of air ingress at different sections of flue gas path / ESP casing / Tubular Air preheater (TAPH) leaking tubes blocking during the year was approx. 2.95 MUs and saving in Lignite was approx. 3218 MT.
- Total 2787 nos. Old HPSV Lamps, Choke coils, CFL lamps, Fluorescent tube-lights of different capacities were replaced by LED lamps of different & suitable capacities helped to conserve about 7,24,511 kWh electrical energy and 791 MT Lignite during the year.
- Pneumatic positioners in instrument air system were replaced with smart positioners (4 nos.) which helped to reduce consumption of instrument air and resulted into saving of about 5,280 kWh electrical energy and 5 MT Lignite during the year.
- Phase-II Cooling Tower fans-3/1, 4/1 and 3/3 fan blades were replaced by energy efficient blades resulted in saving of 0.25 MU and 276 MT lignite in a year.
- Improvement in Specific Power Consumption of Lignite Handling System from 3.37 kWh/Ton to 3.06 kWh/Ton helped to reduce electrical power consumption by approx. 986375 kWh and save Lignite by 1077 MT.
- Improvement in Specific Power Consumption of Bed Ash Handling System from 9.94 kWh/Ton to 8.84 kWh/Ton helped to reduce electrical power consumption by approx. 56245 kWh and save Lignite by 61 MT.
- Unit-4 Cooling Tower (CT) Fills replacement work was done. After completion of work, 6.1 deg.C improvement was achieved in CT outlet temperature. This has resulted in improvement of about 42.7 kCal/kWh in Unit-4 Gross Turbine Heat rate which will save approx. 15212 MT lignite in a year.

Energy Conservation Proposals:

At Vadodara:

- STG - 1 Condenser cleaning for Station - 1 for Heat Rate Improvement.
- Periodic Water Washing of Gas Turbine for Heat Rate Improvement.
- 120 KW; Roof-top Solar at estimated CUF of 20% equivalent to 0.22776 MUs to substitute consumption of equal energy from fossil fuel generation.

Gujarat Industries Power Company Limited

At SLPP:

1. Arresting air ingress at different sections of flue gas path in all the four Boilers. This would help to reduce loading of ID fans and annual saving of approx. 10 to 15 MU electrical energy is expected.
2. In instrument air system, replacement of 05 nos. pneumatic positioners with smart positioners is planned. This will help to reduce consumption of instrument air and annual saving of about 0.066 Lakh kWh electrical energy & 7 MT Lignite is expected.
3. Overhauling of Raw Water Pump - 3 is planned by which saving of about 0.065 MU electrical energy per annum is expected.
4. Phase-I Air Compressor Auxiliary Cooling Water (ACW) circuit modification is planned by which annual saving of about 68,672 kWh electrical energy and 72 MT Lignite is expected.
5. Stage reduction in three (3) nos. Condensate Extraction Pumps (CEP) of Phase-II Units is planned by which saving of about 2,73,312 kWh electrical energy per annum is expected.
6. Providing Energy Saver in Phase-II Instrument Air System which will cut artificial demand by applying Demand Side Management and reduce pressure fluctuation in range of + 1 psi. Expected saving is 1.5% or 0.93 MU in a year.
7. Replacement of remaining two CT fan blades of Phase-II Cooling tower with new energy efficient blades by which energy saving of approx. 0.17 MU is expected.
The information required to be disclosed in Form A of the Annexure is not applicable since the Company is not covered within the List of Industries specified in the Schedule thereto.

B. TECHNOLOGY ABSORPTION:

RESEARCH & DEVELOPMENT (R & D)

1. Specific Area in which R&D carried out by the Company: NIL
2. Benefits derived as a result of the above R&D: N.A.
3. Future plan of action: NIL
4. Expenditure on R & D: NIL
 - (a) Capital
 - (b) Recurring

C. FOREIGN EXCHANGE EARNINGS AND OUTGO:

The Foreign Exchange Earned / Outgo during the year was as follows:

₹ in Lakhs

Particulars	2021-22	2020-21
Foreign Exchange Earned	Nil	Nil
Foreign Exchange Outgo in terms of Actual Outflows	0.49	18.53

TECHNOLOGY ABSORPTION, ADAPTATION & INNOVATION

Efforts, in brief, made towards technology absorption, adaptation and innovation:

At SLPP:

1. Unit-2 Boiler Economizer Support Beams replaced with modified design Economizer Support Beams i.e. separate supports for economizer coils as well as economizer casing duct, "I" shaped beams replaced with box type beams of higher-grade material with natural air-cooling provision along with improved slide bearing plates and Expansion joint.
2. In Unit-2 Seal pot-2, grate panel bed material / ash draining provision made for draining hot or cold ash in case of water tube leakage in seal pot area.
3. In Unit-2 cyclone cone bottom area, scaffolding nozzles (16 nos.) provided for erection of scaffolding for working in cyclone and seal pot area.
4. Upgradation of total 6 nos. existing ESP fields from two phase Transformer-Rectifier (TR) set to three phase TR set.
5. Replacement of GM 150 blower (of Phase-I) with K 150 blower (of Phase-II).
6. In-house servicing and repair of 8 nos. Turbine drain (MAL) valves seat in Unit-3.
7. In-house manufacturing of Pump sleeves and gland follower of Condenser On Line Tube Cleaning System (COLTCS) pump of Unit-3.
8. Unit-3 Condenser tubes hydro-jet cleaning carried out during Annual Overhauling.
9. Cleaning of Unit-3 Vacuum Pump Cooler.
10. In Unit-3, individual Boiler Feed Pump (BFP) Auxiliary Cooling Water (ACW) supply & return header isolation valve provided to isolate each BFP ACW system during running of unit.
11. In Unit-3, Vacuum pump duplex strainer inlet & outlet line isolation valve provided for changeover of each strainer during running of unit.
12. Unit-3 HP Heater-5 inspection and repair of partition plate to avoid short circuit of feed water.
13. Vent line is extended to floor level from height in Feed water line at Feed Control Station in Unit 3.

14. In-house repair of BFP Booster pump-3B casing.
15. In-house refurbishment of Oil vapor exhaust fan impeller by replacing riveted joints by nut bolt arrangement in Unit-4.
16. Remote operation of plough feeders of BCN-7C & 7D provided from lignite control room.
17. Utilization of 1.6 MVA spare transformer of Mines end External Lignite Handling System (ELHS) in Lignite Handling Transformer-A of 2 MVA by doing modification in base and duct of transformer.
18. Motorized valve (150 NB) is provided in fire line of old Secondary Crusher House (SCH) with remote operation from control room.
19. Replacement of Kirloskar make old analog D.C. drive panel with Siemens make digital D.C. drive panel for controlling slewing operation in Lignite Handling System Stacker-Reclaimer.
20. Breaker control (on/off) panel provided in Bunker-MCC, new Secondary Crusher House (SCH) & Primary Crusher House (PCH) MCC, Ash handling MCC, Limestone Mill-D MCC & shah feeder MCC for remote operation of HT & LT breakers.
21. Upgradation of ID fan Siemens make Variable Frequency Drive in phased manner to reduce tripping and avoid problem of unavailability of old spares.
22. Replacement of old 300 AH battery set of 220 Volt Switchyard system with 300 AH Tubular battery set.
23. Replacement of 100 nos. conventional street light fixture (180 W) with energy efficient LED street light fixture of 90 W.
24. Replacement of 1000 nos. various type of conventional fixtures (40 W to 80 W) with energy efficient LED fixtures/bulbs.
25. Retrofitting of 2 nos. 415V, Siemens make old breakers with advanced compact breakers.
26. Replacement of old transducers with programmable multi-function transducers (10 nos.).
27. Vendor development for procurement and servicing of ABB & GEC breakers.
28. Replacement of Porcelain Insulators with Silicon Rubber Insulators in entire 220 kV switchyard in phased manner.
29. Lignite Gate Valve DC motor replaced with AC motor in Phase-II Units.
30. Replacement of isolator marshalling box in Phase-I 220 kV switchyard in phased manner to establish smooth operation of isolators.
31. Energy Monitoring System expansion including installation and commissioning.
32. New fire hydrant system provided at warehouse, Oil Godown, Raw water chlorination system, Industrial Canteen and Administrative Building.
33. Fire spray system provided for lignite conveyor galleries of BCN-1A. Operating valve of spray system provided outside of gallery.
34. In Unit-4 Hot-well make up Pump-B, Mechanical Seals installed at DE & NDE side of pump for avoiding frequent water leakages from glands.
35. In Unit-2 Cooling Tower Cell No. 8, light weight composite carbon fiber drive shaft assembly installed and commissioned successfully replacing metallic drive shaft.
36. In Unit-3 Cooling Tower Cell No. 3, Encon make energy efficient fan assembly installed and commissioned.
37. In-situ refurbishment of Lignite Handling System two no. galleries of Belt Conveyor BCN-6A/B.
38. Replacement of corroded structure and painting of structures with application of durable paints (Epoxy) on around 80 k sqM in material handling area.
39. Procurement of secondary crusher rotor considering utilization of existing spares to minimize the procurement cost.
40. Remote operation of plough feeders of Lignite Handling System Belt Conveyor BCN-7C & BCN-7D.
41. Changing of drive orientation of Lignite Handling System Belt Conveyor BCN-7A & BCN-8A.
42. Changing of MOC from MS to SS at receiving area stringers of BCN-6A tail end & BCN-4B tail end.
43. Fixing of SS grill in place of MS grill in Phase-II bunker floor and modification in Phase-I bunker grill with more safety provision and increasing holding area on the floor.
44. Conveyor length shortening of SFD-4A2 for bunker capacity optimization & changing of drive orientation for better monitoring & housekeeping.
45. Installation of winch arrangement at Junction Tower (JNT)-1 for laying of conveyor belts in BCN-7C/D & BCN-7A/B. The arrangement made from existing available hoists of screen houses.
46. Replacement of existing counter boxes in BCN-7A & BCN-7B with shorter length counter box to make provision of more conveyor length that can be utilized in case of re-jointing.

Gujarat Industries Power Company Limited

47. Procurement of Limestone cooling tower gear box from alternate vendor (Non-OEM).
48. Procurement and installation of oil filtering unit in apron feeder hydraulic power pack.
49. Installation of dust sweeping pipe from BCN-7C/D take-up floor to ground floor.
50. Construction of limestone shed for monsoon stock of limestone.
51. Limestone Screen A/B first number deck (impact zone) modified with half punch deck.
52. Online Compressor water jacket chemical cleaning. Cleaning done in total 8 nos. compressors.
53. Limestone Mill A/B/C HAG tripping temperature logic modification.
54. In all Limestone Mill compressor and both instrument air compressor, loading unloading mechanical valve replaced with instrument solenoid valve.
55. Limestone Mill A/B/C compressor receiver tank pressure display given at control room.
56. Bunker area lime powder bunker vent filter pressure reading display given at control room.
57. Upgradation of Phase-II AC Plant GE make HMI SCADA from Windows XP based operating system to Windows 10 based.
58. Upgradation of Phase-II DM Plant GE make HMI SCADA from Windows XP based operating system to Windows 10 based.
59. Upgradation of Lignite Handling System Siemens make HMI SCADA from Windows XP based operating system to Windows 10 based.
60. Replacement of imported Thyristor reversing units of Auma Germany make to indigenous.
61. SLPP Phase-I & II: Installation of smart positioners (4 Nos.) for the pneumatic Control valves.
62. Recycling, vendor development, inhouse and external repair of various instruments and electronic cards.
63. Conversion of approximately 11 nos. of local electromechanical type instruments into digital indication type.
64. Replacement of 200 nos. mechanical lever type limit switches by non-contact type proximity switches.
2. Smooth evacuation of bed material slurry from the seal pot in case of water tube leakage. This would help in saving time for attending shutdown work and reduce Unit down time.
3. Increased safety for working in seal pot area and more stable scaffolding for work in cyclones.
4. Technological up-gradation. This has improved the collection efficiency of ESP fields and maintain the SPM emission through stack to meet new environmental norms. Also, there is saving in energy consumption.
5. Use of K 150 blowers will help to improve availability of equipment.
6. Due to servicing and seat repair work, passing of valves arrested and resulted in increased steam heat utilization.
7. In-house development of sleeve and gland follower resulted in saving of maintenance and spare cost.
8. Condenser tube hydro-jet cleaning has helped to improve heat transfer across condenser tubes. This has helped to improve condenser vacuum and plant efficiency.
9. Unit-3 Vacuum pump cooler cleaning has helped to improve heat transfer which has helped to improve vacuum pump efficiency, improvement in condenser vacuum and plant efficiency.
10. Provision of isolation valves would help to improve operational and maintenance flexibility.
11. Provision of isolation valves would help to improve operational and maintenance flexibility.
12. Feed water temperature at HP Heater-5 outlet increased. This has helped to improve HP Heater-5 efficiency and Turbine heat rate.
13. Vent line extension to floor level has resulted in better and safe approach for vent valve operation.
14. Due to in-house casing repair, further damage of casing is prevented. It resulted into maintenance and spare cost saving.
15. In-house refurbishment of impeller resulted in saving of maintenance and spare cost.
16. Now lignite feeding changeover can be done from control room without field assistant. This has helped to reduce change over time.
17. Reduced down time and has helped to reduce procurement/ repair cost for Transformer.
18. Reduction in time required for firefighting and has helped to improve safety.

Benefits derived as a result of the above efforts:

At SLPP:

1. Smooth, free and separate expansion movement of Economizer Support Beams and Economizer casing would help to minimize stresses on Beams.

19. Old analog type drive was having many cards for operation of drive and spares were also not available as OEM (Kirloskar) has stopped supplying drives and its spares. Siemens make new digital drive is advanced, programming is simple & easy and drive is compact due to less number of cards. This has helped to increase reliability and availability of system.
20. With remote operation of breaker, safety of operating person improved.
21. By upgradation of 690 V 850 kW VFD drives, stability of VFD drive will increase and will help to reduce spurious tripping and generation loss.
22. Helped in reducing energy loss and DM water loss due to technical advantage of Tubular battery over HDP battery resulting in less float charging energy loss and less maintenance cost every year.
23. Better life of LED lights, less maintenance and energy saving of about 38,000 Units per year achieved.
24. Better life of LED lights, less maintenance and energy saving of about 1,80,700 Units per year achieved.
25. Robust and trouble-free operation which has helped to increase reliability of equipment and reduction in generation loss.
26. Multifunction transducer can be programmed for any analog input so that same transducer can be used for all applications; hence, more flexibility, accuracy and reduced inventory cost.
27. Vendor development and reduced cost of procurement and servicing.
28. Silicon Rubber Insulators are having excellent insulation performance, not susceptible to explosion, high resistance to breakage and economical as compared to porcelain insulators.
29. Reduction in down time and failure. Cost reduction achieved and imported spare has been replaced by indigenous spare.
30. Replacement of isolator marshalling box would increase safety and result in smooth operation and less maintenance.
31. Expansion of EMS system has helped to monitor and identify less efficient equipment / system and take corrective action to save energy.
32. This arrangement facilitates quenching of fire immediately and reduces the possibility of major loss.
33. In case of fire any person can open the valve without entering into gallery and without putting life into danger. Moreover, the spray header covers complete belt in a single stroke and quench the fire in least possible time. This reduces the possibility of major loss and injury of human being. Thus, this arrangement addresses the safety of personnel as well as equipment together.
34. After erection of mechanical seals at DE & NDE side of Hot well-make up Pump-B, gland leakage eliminated and DM water saved.
35. After commissioning of light weight composite carbon fiber drive shaft in Unit-2 CT Fan-8, vibration level at motor drive end reduced drastically.
36. After erection and commissioning of Encon make fan in Unit-3 CT fan-3, 6.5 kW/h energy saving achieved and fan reliability improved.
37. This has helped to increase life and stability of the gallery. Further, this has helped in reducing risk and huge cost saving achieved due to refurbishment.
38. Increased stability and life of the plant structure.
39. Utilization of existing spares to minimize the procurement cost.
40. Plough feeders can be operated from LHS control room, which is quite useful to maintain bunker level by changing the same remotely. This has helped to reduce human dependency for bunker filling.
41. Spare became interchangeable after changing the drive orientation. Reduction in the dependency on OEM due to longer delivery lead time during repairing at OEM workshop.
42. This would help to increase life and reduce replacement frequency. Also, hot permit would reduce due to lesser failure frequency.
43. Enhanced life of SS grill would help to eliminate passing of oversize material inside grill due to breakage of the MS grill. This would also help to reduce replacement frequency and cost. Improved safety and stability of grill on the bunker floor due to more wide flanges of the grills.
44. Bunker capacity optimization and changing of drive orientation for better equipment checking, monitoring and housekeeping.
45. Reduction in downtime of conveyor belt for replacement due to mechanization. Improved safety due to minimization of human involvement and increased productivity by utilizing the manpower in other works.
46. More length is available in take-up area and it is useful for joint revival of the belt. This would help to eliminate laying of new belt piece in case of joint issue, reduce the no. of joints in the belt and save the cost.

Gujarat Industries Power Company Limited

47. Cost saving due to procurement from Non-OEM vendor.
48. Installation of filtering unit to maintain the quality of oil (NAS value). It would help to increase life of hydraulic motor and pump.
49. It helps to keep better housekeeping and make area lignite free (combustible material).
50. This will prevent wet / high moisture limestone entering to Handling and Milling system. Due to this, choke-up problem will be minimized that will result in higher system efficiency and less choke-up manpower (safety point of view) engagement to de-choke critical equipment like hoppers, crushers, screens, discharge chutes and raw bunkers.
51. This modification helped to reduce Screen deck breakdown from five to zero incident during last year. This helped to increase availability of system to feed limestone to main plant. Also, there is saving in spare consumption.
52. This will help in speedy & effective cleaning of water jacket of compressor as well as after cooler. Further, this will help to reduce equipment outage time and improve efficiency of compressors.
53. This will help to reduce furnace oil consumption and increase life of HAG refractory and main bag filter bags.
54. This will help to reduce equipment breakdown and reduce spare consumption.
55. This will help in better monitoring of compressor loading unloading system and help to reduce compressor breakdown.
56. This will help in better monitoring of purging system of vent filter and avoid any vent filter related bunker pressurization. Also increased life of vent filter bags & cages, will reduce spare consumption.
57. System improvisation, spares availability and compliance with cyber security laws.
58. System improvisation, spares availability and compliance with cyber security laws.
59. System improvisation, spares availability and compliance with cyber security laws.
60. Cost reduction and imported equipment has been converted by replacing with indigenous. This will also support make in India movement initiated by our Prime Minister.
61. This will reduce the consumption of compressed air and spares and will ease maintenance.
62. Cost benefit of Rs. 30 Lakhs achieved by recycling the electronic modules and instruments by repairing/vendor development. This also helped to save environment by recycling of electronics parts.
63. Improved accuracy and reliability of field instruments.
64. Enhanced life, Improved system reliability, better field monitoring and reduction in breakdown defects.

Imported Technology:

No new Technology was imported during the year under review.

ANNEXURE 'D' TO BOARD'S REPORT

Form No. AOC-2 (Pursuant to clause (h) of Sub-Section (3) of Section 134 of the Act and Rule 8(2) of the Companies (Accounts) Rules, 2014)

Form for disclosure of particulars of contracts/arrangements entered into by the company with Related Parties referred to in Sub-Section (1) of Section 188 of the Companies Act, 2013 including certain arms' length transactions under third proviso thereto:

1. Details of contracts or arrangements or transactions not at arm's length basis: **NIL.**
 - a. Name(s) of the related party and nature of relationship: **N.A.**
 - b. Nature of contracts/arrangements/transactions: **N.A.**
 - c. Duration of the contracts/arrangements/transactions: **N.A.**
 - d. Salient terms of the contracts or arrangements or transactions including the value, if any: **N.A.**
 - e. Justification for entering into such contracts or arrangements or transactions: **N.A.**

Gujarat Industries Power Company Limited

MANAGEMENT DISCUSSION AND ANALYSIS 2021-22

Your Company, jointly promoted by Gujarat Electricity Board (GEB) [now Gujarat Urja Vikas Nigam Limited (GUVNL)], Gujarat Alkalies and Chemicals Limited (GACL), Gujarat State Fertilizers and Chemicals Limited (GSFC) and Petrofils Co-operative Limited (PCL) to cater to their captive power requirements, has completed ThirtySevenyears on 1st June, 2022, since its establishment in the year 1985.

It is a matter of pride that your Company, which began as the first group captive power plant in the country, has transformed into a dynamic Independent Power Producer (IPP) with total installed generation capacity of 1184.4 MW.

The installed generation capacity in the country, as on 31st March, 2022 was 399497 MW. Coal, with around 53% share, continued to be the primary source of fuel for power generation in India, whereas Renewable Energy Sources (RES) accounted for around 27.50% of the Installed Generation Capacity as on 31st March, 2022.

Electricity - Capacity Addition and Generation

Target vis-à-vis Achievement:

The Indian power sector has historically been characterized by demand-supply gap which has been increasing over the years. The capacity addition and electricity generation for previous year i.e. FY 2020-21 shown below amplifies the same:

(a) Generation Capacity Addition vis-a-vis Achievement for 2020-21:

The Generation Capacity Addition for FY 2020-21 was 11197 MW as shown below against which fresh capacity of 5436 MW was added till 31st December, 2022.

	Thermal	Hydro	Nuclear	Total
Target Addition (in MW) *	10591	606	-	11197
Achievement (in MW)*	4926	510	-	5436
Achievement (in %)*	46.51	84.15	-	48.54

*Figures are rounded off to nearest digit. [Source:Ministry of Power Annual Report 2020-21].

(b) Electricity Generation (MUs) Target vis-à-vis Achievement for FY 2020-21:

	Thermal	Hydro	Nuclear	Bhutan (Import)	Total
Target * (MUs)	1138533	140357	43880	7230	1330000

(c) Electricity Generation Target of conventional sources for FY 2021-22:

The electricity generation target of conventional sources for the year 2021-22 was fixed as 1356 Billion Units (BUs) i.e. growth of around 9.00% over actual conventional generation of 1234.44 BU for the previous year (2020-21). The conventional generation during 2021-22 was 1320.88 BU as compared to 1234.414 BU generated during 2020-21, representing a growth of around 7.00%.

Thermal Plant Load Factor (PLF):

The growth in generation reflected improvement in the PLF. The average All India Thermal PLF (%) stood at 58.9% for FY 2021-22 as compared to 53.37% for FY 2020-21. (Source: Centre for Monitoring India Economy (CMIE) Report).

Fuel Availability for Power Generation:

Availability and quality of coal and availability of gas for power sector continued to be a critical issue for thermal generation growth.

Coal:

With about 210699 MW i.e. 52.74% of the installed capacity of 399497 MW as on 31st March, 2022 being contributed by Coal based Power Plants, Coal continues to remain a key fuel for power generation.

As per Energy Generation Programme of Central Electricity Authority (CEA), Coal-based generation is expected to continue to be the predominant source of electricity during the year 2022-23.

The total coal requirement in the year 2021-22 was estimated at 735 MT and for 2026-27 it has been estimated as 877 MT including imported coal of 50 MT which have been worked out considering 30% reduction in Hydro generation due to failure of monsoon and being supplemented by coal-based generation. (Source: National Electricity Plan-Central Electricity Authority-Annual Report 2018).

Gas:

Owing to the reducing availability of Natural Gas from the domestic gas fields and also due to increasing cost of Imported R-LNG, the gas-based generation had a very marginal growth of 0.26% (in PLF%) during FY 2019-20 as compared to corresponding period last year. The installed capacity has marginally declined to 24900 MW as against 24924 MW (declined by 0.096% in installed capacity terms).

Nationally, Gas available from KG basin has been allocated to existing projects only and Power sector has been given third priority in gas allocation after Fertilizer and LPG Sectors.

The Ministry of Power (MoP) has recommended that Power sector be given the highest priority as far as domestic gas allocation is concerned in view of power shortage in the country.

Renewable Energy:

Considering the ever increasing electricity demand and inadequate availability of fuel required under conventional methods, there has been dire need to tap various new sources of energy including renewable energy. Further, growing awareness with regard to benefits of clean energy have also prompted renewed focus on renewable energy by all the stakeholders in the energy ecosystem.

Taking into consideration the growing threat of climate change, the need to develop domestic supply options to the maximum extent and the need to diversify energy sources, renewable energy sources continue to remain important to India's Energy Sector.

The Jawaharlal Nehru National Solar Mission (JNNSM) now named National Solar Mission (NSM) launched in January, 2010 had set a target for development and deployment of 20 GW Solar Power by the year 2022. Thereafter, the GoI revised the target under NSM from 20 GW to 100 GW. (Source: MNRE Annual Report 2019-20).

Renewable Energy accounted for 27.50%, i.e. 109885 MW of the total installed capacity as on 31/03/2022. [Source: Central Electricity Authority (CEA)].

During the year 2021-22, a total of 94.43 GW cumulative installed renewable energy capacity has been achieved as on 31/03/2022 as follows:

Sector	Cumulative up to 31/03/2022(GW)
Wind Power	39.24
Solar Power	40.09
Small Hydro Power	4.49
Bio Power	10.31
Total	94.43

(Source: MNRE Annual Report 2020-21)

The Renewable Energy Generation is estimated to contribute about 20.1% and 24.4 % of the total energy in 2021- 22 and 2026-27 respectively. **(Source : National Electricity Plan - Central Electricity Authority)**

Strategy for enhancing renewable energy capacity

With fuel shortage becoming a reality in the last couple of years, it is imperative for India to have a focused strategy for enhancing its renewable energy capacity.

The Ministry of New and Renewable Energy (MNRE) has taken several steps to fructify Prime Minister's dream of a clean energy future for the 'New India'. The largest renewable capacity expansion programme in the world is being taken up by India. The Government is aiming to increase share of clean energy through massive thrust in renewables. Core drivers for development and deployment of new and renewable energy in India have been Energy security, Electricity shortages, Energy Access, Climate change etc.

In order to achieve the renewable energy target of 175 GW, including 100 GW Solar and 60 GW Wind Power, by year 2022, major programs/schemes on implementation of Solar Park, Solar Roof Top Scheme, Solar Defense Scheme, Solar scheme for CPUs, Solar PV power plants on Canal Bank and Canal Tops, Solar Pump, Solar Rooftop etc. have been launched during the last few years. National Wind-Solar Hybrid Policy was issued on 14/05/2018 to provide a framework for promotion of large and connected Wind Solar PV Hybrid System.

Various policy measures have been initiated and special steps taken in addition to providing financial support to various schemes being implemented by the MNRE for achieving the target of renewable energy capacity to 175 GW by the year 2022. These include, inter alia, suitable amendments to the Electricity Act and Tariff Policy for strong enforcement of Renewable Purchase Obligation (RPO) and for providing Renewable Generation Obligation (RGO); setting up of exclusive Solar / Solar & Wind Hybrid Parks; development of power transmission network through Green Energy Corridor

project; guidelines for procurement of Solar and Wind Power through tariff based competitive bidding process, National Offshore Wind Energy Policy notified, Repowering of Wind Power Projects, Standards for Deployment of Solar Photovoltaic systems/devices, orders for waiving the Inter State Transmission System charges and losses for interstate sale of Solar and Wind power for projects commissioned by March 2019; identification of large government complexes/buildings for rooftop solar projects; provision of roof top solar and 10 percent renewable energy as mandatory under Mission Statement and Guidelines for development of smart cities; incorporating measures in Integrated Power Development Scheme (IPDS) for encouraging distribution companies and making net-metering compulsory and raising funds from bilateral and international donors as also the Green Climate Fund to achieve the target etc. Reserve Bank of India has included renewable energy projects under priority sector lending upto Rs.15.00 crores including lending for grid connected solar rooftop systems.

MNRE had issued the National Wind Solar Policy in May, 2018 with main objective to provide a framework for promotion of large-scale grid connected Wind-Solar PV Hybrid systems for optimal and efficient utilization of wind and solar resources. The policy also aims to encourage new technologies, methods and way outs involving combined operation of Wind and solar PV Plants.

Potential for Solar and Wind Power based Renewable Energy

Based on availability of land and solar radiation, the potential for Solar Power is assessed to be around 750 GWp, out of which Gujarat with estimated potential of around 36 GWp (i.e. around 5%) has added cumulative capacity of 3918.48 MW. **(Source: MNRE Annual Report 2020-21).**

Further, as per MNRE assessment, the gross Wind Power potential of 302.25 GW at 100 meter and 695.50 GW at 120 meter respectively out of which Gujarat has estimated potential of 84.43 GW at 100 meter and 142.56 at 120 meter respectively. **(Source: MNRE Annual Report 2020-21).**

As a result, India has achieved a cumulative installed renewable energy capacity (excluding large hydro) of 92.54 GW out of which 5.47 GW was added in the period April, 2020 to January, 2021 constituting more than 24.53 per cent of the total installed capacity. India has 4th and 5th global positions in the wind and solar power deployment respectively. The installed RE capacity has increased by two and half times and the installed Solar energy capacity has increased 15 times during the period from April 2014 to January 2021. **(Source: MNRE Annual Report 2020-21).**

OPPORTUNITIES AND CONCERNS

Opportunities:

Gross Generation Programme- 2022-23:

The Ministry of Power has approved the Gross Generation Programme for the year 2022-23 as follows:

In order to provide cheaper power to consumers, large size power projects are being developed at different locations by various project developers.

India is endowed with huge renewable sources for energy. Both technology routes for conversion of solar radiation into heat and electricity, Solar Thermal and Solar Photovoltaic (PV), can effectively be harnessed providing huge scalability for solar power in India. With the increased focus on Research and Development for reducing the costs of setting up Solar Power projects and the tariffs being offered for Solar Power; the sector provides bright opportunities.

Your Company has approached various Govt. authorities like MNRE, SECI, NTPC, Port Trust, GoG Departments, etc. to explore opportunities to enhance its Solar and Wind based Power Generation Capacity.

Your Company has been allotted land at Great Rann of Kutch near Khavda to set up 2375 MW of Renewable Energy (RE) Park. This Park will be developed as a part of prestigious 30 GW RE Park planned near International Border in Great Rann of Kutch. The preparation of Detailed Project Report, application for connectivity and power evacuation and other pre-project activities have already been taken up. The entire RE park capacity is expected to be completed in next 5 years.

The Company is also exploring business opportunities in the following areas:

- Solar Park
- Solar Projects
- Wind Projects
- Energy Audit
- Micro Grid

A dedicated Business Development Cell has been set up to look for new business opportunities.

Key Risks and Concerns:

Power sector is a highly capital intensive industry with long gestation periods before commencement of revenue streams (construction/commissioning periods of 4-5 years) and an even longer operating period (over 25 years). Since most of the projects have such a long time frame, there are some inherent risks in both the internal and external environment.

The macro economic factors like the growth of the economy, interest rates, as well as the political and economic environment have a significant effect on the business environment and the sector as a whole.

The graduation from the regulated regime to a competitive scenario has made developers conscious of the costs incurred (both capital and operating costs) and delays in equipment delivery schedules due to inadequate manufacturing capacity in the country.

New policies have boosted the security of utilities' revenue directly impacting both their willingness and ability to pay for the power purchased. Over the long term, unless Aggregate

Gujarat Industries Power Company Limited

Technical and Commercial (AT&C) losses are reduced, the ability of state utilities to meet their obligations will be of grave concern.

Considering the proposed capacity addition and the capital-intensive nature of power projects, high level of debt financing will be required. The company, sector and group level exposures of various banks and insurance companies need to be increased in order to adequately fund the proposed capacity addition.

Your Company is dependent on the domestic market for its business and revenues. The Company's power generating facilities are located in the State of Gujarat and the entire revenue of the Company is derived from the domestic market. These factors may potentially expose the Company's business to risks of a significant nature pertaining to the state of the economy. Adverse changes in the Government policies or regulations, the taxes levied by the Central or State Governments or removal of tax concessions, exemptions or incentives, or claims by tax authorities may affect the financial condition and operational results of the Company.

Generation of Power at the Company's Power Stations can be adversely affected due to various factors including non-availability of natural Gas from domestic gas fields, high cost of R-LNG, lignite/fuel, grid disturbances, load management in the grid, lower off-take by Participating Units. Your Company has entered into Agreements with gas suppliers for adequate supply of fuel for its gas-based Power Stations at Vadodara Plant. However, the dwindling supplies from domestic gas fields at present and increasing price of imported R-LNG shall have a considerable impact on the generation at Vadodara Plants. To remain unaffected by the grid disturbances, your Company has developed systems to isolate its Power Stations from the grid. To mitigate the concerns, the external environment is monitored and the internal environment is managed on a continuous basis.

REVIEW OF COMPANY'S BUSINESS:

The Company at present has a combined installed capacity of 1184.4 MW at various locations in Gujarat as follows:

MANAGEMENT CONTROL, INTERNAL CONTROL AND INTERNAL AUDIT SYSTEMS:

Your Company has put in place internal control systems and processes commensurate with its size and scale of operations.

Few recent initiatives in that direction are given below:

1. Implementation of an Enterprise Resource Planning (ERP) System developed by SAP for better control on cash flows, costs, automation of procurement processes and digital office after a comprehensive study of various functionalities. This System has control processes designed to take care of various audit requirements;
2. Technical up gradation of servers and functional modules of SAP ERP;
3. Central Data Monitoring Cell has been set up for monitoring of operations data for plants and projects under Solar and Wind at various locations;
4. Centralization of processes wherever feasible, with IT support, to reduce cycle time and avoid repetition of activities.

In addition, the Company has a system of Internal Audit and Review through external independent firm of Chartered Accountants. Pre-audit of payments is being carried out by an internal team of Accountants as well as by external Agencies which oversee the implementation and adherence to various systems and processes and preparation of Financial Statements as per Generally Accepted Principles and Practices. The internal control measures such as defining various levels of the

authority through delegation of powers, well laid down procurement procedures, checks and balances in the financial system to safeguard the assets, budgetary controls and variance analysis are in place.

The procurement and operational maintenance activities are planned well in advance to avoid any possible risk of late delivery of materials/inputs, delay in attending to maintenance needs etc. Your Company stores and maintains all the relevant data and information as a back-up, to avoid any possible risk of loss of any important business data.

A qualified and independent Audit Committee of Directors periodically reviews the internal audit reports.

FINANCIAL REVIEW:

These financial statements are prepared in accordance with Indian Accounting Standard (Ind AS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) except in so far as the said provisions are inconsistent with the provision of the Electricity Act, 2003 and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued thereafter.

Your Company's total income for the year ended 31st March, 2022 was ₹119354 Lakhs as compared to ₹136563 Lakhs in the previous year.

The total income of the current year includes earnings from sale of electrical energy of ₹116685 Lakhs as compared to ₹133328 Lakhs recorded in the previous year.

The Profit Before Tax was ₹24729 Lakhs as compared to ₹26850 Lakhs in the previous year.

The Net Profit of ₹17131 Lakhs has been arrived at after taking into account the Current Income Tax expense of ₹4367 Lakhs and Deferred Tax expense of ₹3231 Lakhs.

During the year, Gross Block has increased by ₹56148 Lakhs. The increase was mainly due to commissioning and capitalization of 100 MW Solar Power Plant at Raghnesda and capitalization of plant and machinery at Surat Lignite Power Plants.

The total dividend payout (proposed) for the year @ ₹2.50 per Equity Share is ₹3781 Lakhs.

As on 31st March 2022, the net worth of the Company stood at ₹304441 Lakhs as against ₹285501 Lakhs as at the end of previous financial year ended on 31st March, 2021.

SUBSIDIARY COMPANY:

The Company has no Subsidiary Company.

HUMAN RESOURCE & INDUSTRIAL RELATIONS:

Human Resources are considered as one of the most critical resource in the business which can be continuously improved to maximize the effectiveness of the Organization. Human resources build the Enterprise and a sense of belonging inculcates the spirit of dedication and loyalty amongst them towards strengthening the Company's sustainable growth. All personnel continue to have healthy, cordial and harmonious approach thereby enhancing their contribution to the Company.

The strength of your Company lies in its team of highly competent and highly motivated personnel. This has made it possible for your Company to make significant improvements and progress in all areas of activities.

During the year 2021-22, the Company maintained its high standards of Safety. Your Directors place on record their sincere appreciation for the unstinting efforts and contribution put in by the employees of the Company.

The Company continued in its endeavor to impart appropriate and relevant training to its employees to upgrade their skills to meet the challenges that are ahead and to enhance their performance. The Company has also taken up an exercise on career growth and planning by identifying potentials and training needs of employees by engaging professionals in the field.

Gujarat Industries Power Company Limited

With the objective of motivating the workforce and to increase their skill sets to meet future business requirements various initiatives have been undertaken.

The industrial relations remained cordial throughout the year both at Vadodara and at SLPP Plants.

CORPORATE SOCIAL RESPONSIBILITY AND WELFARE:

1. Does the policy relating to ethics, bribery and corruption cover only the Company? - **Yes.**

Does it extend to the Group / Joint Ventures / Suppliers / Contractors / NGOs / Others? - **No.**

The Company's various policies / procedures relating to ethics, transparency and accountability cover only the Company and it does not extend to joint ventures / suppliers / contractors / others etc. The details of some of the policies are summarized below:

- The Company has in place a Vigil Mechanism-cum-Whistleblower Policy to provide a formal mechanism to the Directors and Employees of the Company to report their genuine concerns about the unethical behavior, actual or suspected fraud, etc. The mechanism provides for adequate safeguards against victimization of employees who use such mechanism.
- The Company has also in place a Code of Conduct for Board Members and Senior Management Personnel which sets ethical standards and provides guidance and help in recognizing and dealing with ethical issues, provides mechanism to report unethical conduct and to help foster a culture of honesty and accountability.
- In order to further strengthen internal controls for prevention of insider trading, there exists a code of conduct for prevention of insider trading in the Company's shares, which not only satisfies the regulatory requirements but also instills a sense of responsibility among the designated persons.
- The Company has also a Code of Practices and Procedures for fair disclosure of unpublished price sensitive information [UPSI] with the main object of ensuring timely and fair disclosure of UPSI, events, occurrence that could impact price discovery in the market for its shares.

2. How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in brief.

During the year 2021-22 under report, seven (07) Complaints were received from Shareholders and same were attended to and resolved to their satisfaction. No Shareholders' complaint nor any Shares related transaction was pending as on March 31, 2022.

Principle 2

1. List up to 3 of your products or services, whose design has incorporated social or environmental concerns, risks and/or opportunities.

- (a) Electricity Generation from Lignite based Thermal Power Plant through environment friendly CFBC Technology based Boilers;
- (b) Electricity generation through Solar PV based Power Plants;
- (c) Electricity generation through Wind Power - a Clean energy source; and
- (d) Lignite Mining.

2. For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product (optional):

- (a) Reduction during sourcing / production / distribution achieved since the previous year throughout the value chain.
- (b) Reduction during usage by consumers (energy, water) achieved since the previous year.

The details as to energy conservation, saving and utilization of alternative source of energy, technology absorption, etc. is given in Annexure - C to the Directors' Report forming part of this Annual Report.

3. Does the Company have procedures in place for sustainable sourcing (including transportation)?

- (a) If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in brief.

Lignite requirement for the Surat Lignite power Plant is sourced from own captive Lignite Mines. The Company has entered into long term contract with the Mining Contractors for sourcing its major raw materials requirements such as Lignite and Limestone.

The Company is continuously initiating various measures towards sustainable sourcing which has significant impact on social and environmental aspects.

For procurement of materials like spares, consumables, chemicals, tools & tackles, etc., the Company has a system in place for on-line registration of Vendors, Suppliers and based on their capabilities and credentials, the parties are shortlisted for procurement of materials.

The Company has a well-established procedure for selection of agencies for Annual Maintenance Contract / Annual Rate Contract for sustainable business operations. The Company has a pool of trained and well experienced manpower for sustainable business operations.

The Company has long term agreements for Water supply to its Power Plants.

GIPCL is committed, along with the State, to shoulder the responsibility for the noble cause of socio-economic upliftment of the people in the surrounding Villages / Area of its Mines at Surat and Bharuch focusing on multiple thematic sectors such as health, education, livelihood, infrastructure development, environment and land losers-oriented development.

Gujarat Industries Power Company Limited

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF GUJARAT INDUSTRIES POWER COMPANY LIMITED Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of Gujarat Industries Power Company Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended and notes to the Financial Statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2022, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the

independence requirements that are relevant to our audit of the Financial Statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Financial Statements.

Emphasis of Matter

We draw attention to Note 52 of the financial statements, whereby the company has provided explanation for change in accounting policy with respect to accounting for provision for decommissioning cost of mines and disclosed its related impact on financial statement of the company. Further, the company has restated the financial statement of the earlier year presented and the impact for change in such accounting policy have been duly disclosed in accordance with Ind AS - 8 "Accounting Policies, Changes in Accounting Estimates and Errors". The Impact of changes on the restated financial results, due to change in above accounting policy has been audited by us.

Our Opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements of the current period. These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>Litigations and Claims (Refer to note 3(xvii), 4(i) and 45 to the financial statements)</p> <p>Litigation and claims are pending with multiple tax and regulatory authorities and there are claims from vendors/suppliers and employees which have not been acknowledged as debt by the Company.</p> <p>In the normal course of business, financial exposures may arise from pending legal/regulatory proceedings and from above referred claims not acknowledged as debt by the Company. Whether a claim needs to be recognized as liability or disclosed as contingent liability in the financial statements is dependent on a number of significant assumptions and judgments. The amounts involved are potentially significant and determining the amount, if any, to be recognised or disclosed in the financial statements, is inherently subjective.</p> <p>We have considered Litigations and claims as Key Audit Matter as it requires significant management judgement, including accounting estimates that involves high estimation uncertainty.</p>	<p>Principal Audit Procedures</p> <ul style="list-style-type: none"> • Our audit procedures included understanding the current status of disputed tax matters and other litigations and claims and discussing selected matters with the entity's management. • Evaluation and testing of the design of internal controls followed by the Company relating to litigations and claims , open tax positions and process followed to decide provisioning or disclosure as Contingent Liabilities; • Critically assessing the entity assumptions and estimates in respect of claims, included in the contingent liabilities disclosed in the financial statements. Assessment of the probability of negative result of litigation and the reliability of estimates of related obligation.

Information other than the Financial Statement and Auditor's Report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in Board's Report including Annexure to that Board's Report, Corporate Governance, and Shareholder's Information, but does not include the Financial Statements and our auditor's report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India, including the accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error;

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so;

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern;
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and

Gujarat Industries Power Company Limited

whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation;

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance of the Company of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit;

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards;

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Cash Flow

Statement dealt with by this Report are in agreement with the relevant books of account;

- (d) In our opinion, the aforesaid Financial Statements comply with the Ind AS specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors as on 31st March, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164(2) of the Act;

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT

Referred to in Para 1 'Report on Other Legal and Regulatory Requirements' in our Independent Auditor's Report to the members of the Company on the Financial Statements for the year ended 31st March, 2022.

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

- I. (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment;
- (B) The Company has maintained proper records showing full particulars of Intangible Assets;
- (b) The company has a phased programme of physical verification of its Property, Plant and Equipment so as to cover all assets once in three years. In accordance with this programme, certain Property, Plant and Equipment were verified during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets;
- (c) Based on our verification of the documents provided to us and according to the information and explanations given by the Management, the title deeds of all the immovable properties (other than properties where the company is the lessee and the lease agreements are duly executed in favour of the lessee) as disclosed in the financial statements, are held in the name of the Company as at the Balance Sheet date;
- (d) The company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year;
- (e) No proceedings have been initiated or are pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder;
- II. (A) As per the information and explanations given to us, the inventories held by the company have been physically verified by the management. In our opinion, having regard to the nature and location of stocks, the frequency of the physical verification is reasonable and no discrepancies of 10% or more in aggregate for each class of inventory were noticed on physical verification;
- (B) Based on our examination of the records provided by the management, the company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks on the basis of security of current assets and the quarterly returns and statements filed by the company with such banks are in agreement with the books of account of the company
- III. During the year, the Company has not made any investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties. Hence the requirements of paragraph 3(iii) of the Companies (Auditor's Report) Order, 2020 ("the Order") are not applicable to the Company.
- IV. In our opinion and according to the information and explanations given to us, provisions of Sections 185 and 186 of the Act in respect of loans, investments, guarantees and securities have been complied with;
- V. The Company has not accepted any deposits or amounts which are deemed to be deposits during the year and therefore, the provisions of sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed thereunder are not applicable to the Company.
- VI. We have broadly reviewed the cost records maintained by the Company as prescribed by the Central Government under sub section (1) of Section 148 of the Companies Act and are of the opinion that prima facie the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete;
- VII. (a) In our opinion, the company is regular in depositing undisputed statutory dues including Goods and Service tax, provident fund, employee state insurance, income-tax, sales tax, service tax, duty of custom, duty of excise, value added tax, cess and other statutory dues as applicable to the appropriate authorities. There were no undisputed amounts payable with respect to above statutory dues in arrears as at March 31, 2022 for a period of six months from the date they became payable;
- (b) According to the information and explanations given to us and the records examined by us, the particulars of statutory dues as at March 31, 2022 which have not been deposited on account of a dispute, are as follows:

Name of Stature	Nature of Dues	Amount (₹ In lakhs)	Period to which the amounts relates	Forum where dispute is pending
Income Tax Act, 1961	Income Tax	93.04	F.Y. 2013-14	Commissioner of Income Tax of Appeals
Income Tax Act, 1961	Income Tax	15.58	F.Y. 2015-16	Commissioner of Income Tax of Appeals
Finance Act, 1994	Service Tax	824.72	F.Y. 2016-17	CESTAT

- VIII. There were no transactions which were not recorded in the books of account, have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961);
- IX. (a) The company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year;
- (b) The company is not a declared wilful defaulter by any bank or financial institution or other lender;
- (c) The company has utilised the fund of term loan for the purpose for which the loans were obtained;
- (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) According to the information and explanations given to us, and the records examined by us, the company has no subsidiaries, associates or joint ventures. Accordingly, reporting under the clause 3 (ix) (e) and (f) is not applicable.
- X. (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable;
- (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
- XI. (a) During the course of our examination of the books of account and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any incidence of fraud on or by the Company noticed or reported during the year, nor we have been informed of any such case by the management;
- (b) According to the information and explanations given to us, and based on our examination of the records no fraud on or by the Company noticed or reported during the course of audit. Accordingly reporting under this clause is not applicable.
- (c) According to the information and explanations provided to us, no whistle-blower complaints have been received during the year by the Company.
- XII. The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable;
- XIII. In our opinion, all the transactions with the related parties are in compliance with section 177 and 188 of the Companies Act, 2013 where applicable and the details have been disclosed in the Financial Statements as required by the applicable accounting standards;
- XIV. (a) In our opinion and the records examined by us, the company has an internal audit system commensurate with the size and nature of its business;
- (b) We have considered report of the internal auditors for the period under audit;
- XV. According to the information and explanation given to us and based on our examination of the records, the Company has not entered into non-cash transactions with the directors or persons connected with them. Hence, the provisions of Section 192 of the Act are not applicable;
- XVI. (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable;
- (b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable;
- XVII. The company has not incurred cash losses in the financial year and in the immediately preceding financial year;
- XVIII. There has been no resignation of the statutory auditors during the year;

Gujarat Industries Power Company Limited

- XIX. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due;
- XX. (a) Based on our verification of the documents provided to us and according to the information and explanations given by the Management, there are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of section 135 of the said Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year.
- (b) The company does not have any amount remaining unspent under section 135(5) of the companies act pursuant to any ongoing project, and hence has not been required to transfer any amount to special account in compliance with the provision of section 135(6) of the said Act
- XXI. According to the information and explanations provided by the management, the company has no subsidiary, associates or joint venture and the company is not required to prepare Consolidated Financial Statements as per the section 129 of the Companies Act. Accordingly reporting under clause 3(xxi) is not applicable to the Company.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **GUJARAT INDUSTRIES POWER COMPANY LIMITED** ("the Company") as of 31st March, 2022 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls with reference to financial statements of the Company that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements of the company were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements of the company and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the

risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an internal financial controls with reference to financial statements of the Company and such internal financial controls over financial reporting were operating effectively as at 31st March, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS

1. Corporate Information

Gujarat Industries Power Company Limited ('GIPCL' or 'the Company') is a public limited company domiciled and incorporated in India having its registered office at P.O.: Ranoli - 391 350, Dist.: Vadodara (CIN: L99999GJ1985PLC007868). The Company's equity shares are listed and traded on Indian Stock Exchanges (National Stock Exchange and Bombay Stock Exchange). The Company is engaged in generation of power from gas, lignite, wind and solar. The Principal places of business are located in Gujarat, India.

2. Application of Indian Accounting Standard

All the Indian Accounting Standards issued under section 133 of the Companies Act, 2013 and notified by the Ministry of Corporate Affairs (MCA) under the Companies (Indian Accounting Standards) Rules, 2015, as amended till the financial statements are approved have been considered in preparation of these Financial Statements.

Recent Accounting Pronouncements:

i. Ind AS 16 - Property Plant and Equipment

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The Company does not expect the amendments to have any significant impact in its recognition of its property, plant and equipment in its financial statements.

ii. Ind AS 37 - Provisions, Contingent Liabilities and Contingent Assets

The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its financial statements.

iii. Ind AS 103 - Business Combinations

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Company expect that the amendment will have no impact in its financial statements.

iv. Ind AS 106 - Exploration for and Evaluation of Mineral Resources

The amendments remove the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives were described in that illustration. The Company expect that the amendment will have no impact in its financial statements.

v. Ind AS 109 - Financial Instruments

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Company does not expect the amendment to have any significant impact in its financial statements.

3. Significant Accounting Policies

i. Statement of compliance

These financial statements are prepared in accordance with Indian Accounting Standard (Ind AS), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) except in so far as the said provisions are inconsistent with the provision of the Electricity Act, 2003. The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, as amended.

ii. Basis of Preparation

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

NOTES TO THE FINANCIAL STATEMENTS

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

As the operating cycle cannot be identified in normal course due to the special nature of industry, the same has been assumed to have duration of 12 months. Accordingly, all assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in Ind AS-1 'Presentation of Financial Statements' and Schedule III to the Companies Act, 2013.

The Financial Statements are presented in Indian Rupees and all values are rounded off to the nearest two decimals of lakhs, unless otherwise stated.

Fair value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions. The Company categorizes assets and liabilities measured at fair value into one of three levels depending on the ability to observe inputs employed in their measurement which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 inputs are inputs that are observable, either directly or indirectly, other than quoted prices included within level 1 for the asset or liability.
- Level 3 inputs are unobservable inputs for the asset or liability reflecting significant modifications to observable related market data or company's assumptions about pricing by market participants.

iii. Property, Plant & Equipment

The Company had elected to continue with the carrying value of its other Property Plant & Equipment (PPE) recognised as of 1st April, 2015 (transition date) measured as per the Previous GAAP and used that carrying value as its deemed cost as on the transition date as per Para D7AA of Ind AS 101 except for decommissioning liabilities included in the cost of other Property Plant & Equipment (PPE) which has been adjusted in terms of para D 21 of Ind AS 101 'First -time Adoption of Indian Accounting Standards'.

Property, Plant & Equipment (PPE) comprises of Tangible assets and Capital Work in progress. PPE are stated at cost, net of tax / duty credit availed, if any, after reducing accumulated depreciation and accumulated impairment loss until the date of the Balance Sheet. The cost of PPE comprises of its purchase price or its construction cost (net of applicable tax credit, if any), any cost directly attributable to bring the asset into the location and condition necessary for it to be capable of operating in the manner intended by the management and decommissioning costs. Direct costs are capitalized until the asset is ready for use and includes borrowing cost capitalised in accordance with the Company's accounting policy.

Works under erection / installation / execution (including such work pertaining to a new project) are shown as Capital Work in Progress.

Capital Spares which can be used only in connection with an item of tangible assets and whose use is not of regular nature are capitalized at cost.

Subsequent expenditure is recognised as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably.

Expenditure on capital overhauling and major inspection is capitalised, when it meets the asset recognition criteria.

An item of PPE is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the PPE. Any gain or loss arising on the disposal or retirement of an item of PPE is determined as the difference between the sales proceeds and the carrying amount of the PPE and is recognised in the Statement of Profit and Loss.

Freehold Land is not depreciated. Depreciation of the PPE other than Freehold Land commences when the assets are ready for their intended use. Depreciation on all PPE (except capital spares) is provided on straight line method as per rates and methodology notified by the Central Electricity Regulatory Commission (Terms and Conditions of Tariff) Regulations, 2014 for Thermal Power Plants and Central Electricity Regulatory Commission (Terms and Conditions for Tariff determination from Renewable Energy Sources) Regulations, 2017 for Renewable Power Plants.

NOTES TO THE FINANCIAL STATEMENTS

Capital Spares are depreciated over the useful life of such Spares but not exceeding the remaining useful life of related tangible asset. In case of fully depreciated tangible asset, remaining useful life is considered as technically evaluated by the management.

Cost of capital overhauling and major inspection which have been capitalised are depreciated over the period until the next scheduled or actual major inspection and capital overhauling occurs, whichever is earlier.

Depreciation on additions / deletions to PPE during the year is provided for on a pro-rata basis with reference to the date of additions / deletions except low value items not exceeding ₹ 5,000/- which are fully depreciated at the time of addition. Depreciation on subsequent expenditure on PPE arising on account of capital improvement or other factors is provided for prospectively over the remaining useful life.

Assets are identified with power generating units / power plants. The useful life of PPE is considered based on the period of Power Purchase Agreement for the respective plants or life prescribed under Central Electricity Regulatory Commission (Terms and condition of Tariff) Regulation, 2014 for Thermal Power Plants or Central Electricity Regulatory Commission (Terms and Conditions for Tariff determination from Renewable Energy Sources) Regulations, 2017 for Renewable Power Plants, whichever is higher.

The estimated useful lives, residual values and depreciation method are reviewed on an annual basis and if necessary, changes in estimates are accounted for prospectively.

iv. **Mine Development Asset**

Mine Development asset comprises of initial expenditure for lignite mines and expenditure for removal of overburden. It is amortized as per the provisions of Fuel Price Mechanism agreed by the Company with the Buyer. Such amortization is based either on quantity of Lignite actually extracted during the year or period based fixed amortization on a yearly basis as per the respective provisions of the Fuel Price Agreement referred above. However, the Amortization method, in case of any mine, once agreed under the Fuel Price Mechanism, is consistently applied over the life of mine.

v. **Intangible Assets**

The Company had elected to continue with the carrying value of all of its Intangible Assets recognised as of 1st April, 2015 (transition date) measured as per the Previous GAAP and used that carrying value as its deemed cost as on the transition date as per Para D7AA of Ind AS 101 'First-time Adoption of Indian Accounting Standards'.

Intangible assets with finite useful life acquired separately, are recognized only if it is probable that future economic benefits that are attributable to the assets will flow to the enterprise and the cost of assets can be measured reliably. The intangible assets are recorded at cost and are carried at cost less accumulated amortization and accumulated impairment losses, if any. Intangible Assets under development includes the cost of assets.

An intangible asset is derecognized on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognized in the Statement of Profit and Loss when the asset is derecognized.

Depreciation on all intangible assets is provided on straight line method as per rates and methodology notified by the Central Electricity Regulatory Commission (Terms and Conditions of Tariff) Regulations, 2014 for Thermal Power Plants and Central Electricity Regulatory Commission (Terms and Conditions for Tariff determination from Renewable Energy Sources) Regulations, 2017 for Renewable Power Plants.

vi. **Impairment of Assets**

The Company reviews at the end of each reporting period whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of Profit & Loss. If at the end of reporting period, there is an indication that there is reversal of the previously assessed impairment loss, the recoverable amount is reassessed and the asset is reflected at the recoverable amount, such that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss was recognised for the asset or cash generating unit in prior years. A reversal of an impairment loss is recognised in the Statement of Profit & Loss.

NOTES TO THE FINANCIAL STATEMENTS

vii. Non-current Assets held for Sale

Non-current assets or disposal groups classified as held for sale are measured at the lower of carrying amount and fair value less costs to sell.

Non-current assets or disposal groups are classified as held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset or disposal group is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such assets. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification as held for sale and actions required to complete the plan of sale should indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Property, Plant and Equipment and Intangible Assets are not depreciated or amortized once classified as held for sale.

viii. Government Grant

Government grants, including non-monetary grants at fair value are not recognized until there is reasonable assurance that the Company will comply with the conditions attached to them and that the grants will be received.

Specifically, Government grants whose primary condition is that the Company should purchase, construct or otherwise acquire non-current assets and non-monetary grants are recognized and disclosed as Deferred Income in the Balance Sheet and transferred to the Statement of Profit and Loss on a systematic and rational basis over the useful lives of the related assets.

ix. Inventories

Inventories are valued at lower of cost or net realizable value as under:

a. Raw Materials- Fuel (other than Lignite from Captive Mines)

Weighted Average Cost

b. Lignite

Absorption costing

c. Stores and Spares

Weighted Average Cost

x. Mine Closure Expenditure

Progressive mine closure expenses are accounted as and when incurred. Annual cost of mine closure is provided as per the guidelines for preparation of mine closure plan issued by Ministry of Coal from time to time.

xi. Revenue Recognition

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration we expect to receive in exchange for those products or services.

Revenue is measured at the transaction price of the consideration received or receivable and represents amounts receivable for goods and services provided in the normal course of business based on the consideration specified in a contract with a customer and excludes amounts collected on behalf of third parties.

Contract assets are recognized when there is right to consideration in exchange for goods or services that are transferred to a customer and when that right is conditioned on something other than the passage of time.

Revenue from Operation:

- a. Revenue from sale of power is recognized when no significant uncertainty as to the measurability or ultimate collection exists.
- b. Delayed payment charges under Power Purchase Agreements are recognized, on grounds of prudence, as and when recovered.

NOTES TO THE FINANCIAL STATEMENTS

Other Income:

- a. Interest on investment is booked on a time proportion basis taking into account the amounts invested and the rate of interest.
- b. Dividend income is recognized when the right to receive payment is established.
- c. Claims lodged with insurance company in respect of risk insured are accounted on admittance basis.
- d. Other income is recognized on accrual basis except when realization of such income is uncertain.
- e. Liquidated damages / penalties deducted from suppliers / contractors are recognized as income or credited to the cost of assets at the time of final settlement. Till such time, they are shown under liabilities.

xii. Leases

As a lessee

The Company's leased assets primarily consist of leases for land. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- the contract involves the use of an identified asset;
- the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases and corresponding Right-of-use Asset. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The Right-of-use Assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses and adjusted for any remeasurement of the lease liability.

Right-of-use Assets are depreciated on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

xiii. Foreign Exchange Transactions

The functional currency of the Company is Indian Rupees which represents the currency of the primary economic environment in which it operates. Transactions in currencies other than the Company's functional currency (foreign currencies) are recognized at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are translated using closing exchange rate prevailing on the last day of the reporting period. Exchange differences on monetary items are recognized in the Statement of Profit and Loss in the period in which they arise.

xiv. Employee Benefits

Employee benefits include salaries, wages, provident fund, gratuity, leave encashment, compensated absences and post-retirement medical benefits.

a. Short-term employee benefits

Short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognized undiscounted during the period employee renders services. These benefits include remuneration, incentives, etc.

NOTES TO THE FINANCIAL STATEMENTS

b. Defined contribution plans

Employee Benefit under defined contribution plans comprising of provident fund, superannuation fund and pension scheme are recognized based on the undiscounted amount of obligations of the Company to contribute to the plan. Company's contribution is paid to a fund administered through a separate trust.

c. Defined benefit plans

Defined Benefit plans comprising of gratuity and post-retirement medical benefits are recognized based on the present value of defined benefit obligation which is computed using the projected unit credit method, with actuarial valuations being carried out by an Independent Actuary.

Net interest on the net defined liability is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset and is recognised in the Statement of Profit and Loss.

Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest as defined above), are recognized in other comprehensive income in the period in which they occur and are not subsequently reclassified to profit and loss.

The retirement benefit obligation recognized in the balance sheet represents the present value of the defined benefit obligation.

d. Other long-term employee benefits

Other long-term employee benefit comprises of leave encashment, these are recognized based on the present value of defined obligation which is computed using the projected unit credit method, with actuarial valuations being carried out by an Independent Actuary. These are accounted either as current employee cost or included in cost of assets as permitted.

xv. Taxes on Income

Income tax expense represents the sum of the current tax expense and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in current / other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilised.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognised as deferred tax assets in the Balance Sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

NOTES TO THE FINANCIAL STATEMENTS

Current and deferred tax for the year

Current and deferred tax are recognized in Statement of Profit or Loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

xvi. Borrowing Costs

Borrowing Cost specifically identified to the acquisition or construction of qualifying assets is capitalized as part of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged to the Statement of Profit and Loss.

xvii. Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent liabilities are disclosed in the financial statements by way of notes to accounts, unless possibility of an outflow of resources embodying economic benefit is remote.

Contingent assets are not recognized but disclosed in the financial statements when an inflow of economic benefits is probable.

xviii. Financial instruments

Financial assets and financial liabilities are recognized when Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in the Statement of Profit and Loss.

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liabilities simultaneously.

xix. Financial Assets

a. Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

b. Financial assets at amortized cost

Financial assets are subsequently measured at amortized cost using the effective interest method if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

NOTES TO THE FINANCIAL STATEMENTS

- c. Financial assets at fair value through other comprehensive income**
 Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
 The Company has made an irrevocable election to present in other comprehensive income subsequent changes in the fair value of equity investments not held for trading.
- d. Financial assets at fair value through profit or loss**
 Financial assets are measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income on initial recognition.
- e. Impairment of Financial assets**
 The Company assesses at each Balance Sheet date whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to 12 months expected credit losses or at an amount equal to lifetime expected losses, if the credit risk on the financial asset has increased significantly since initial recognition.
- f. Derecognition of financial assets**
 The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expires, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.
 On derecognition of a financial asset in its entirety, (except for equity instruments designated as FVTOCI), the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognized in Statement of Profit and Loss.
- xx. Financial liabilities and equity instruments**
- a. Financial liabilities are measured at amortized cost using the effective interest method.**
- b. Effective interest method**
 The effective interest method is a method of calculating the amortized cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.
- c. Equity instruments**
 An equity instrument is a contract that evidences residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.
- d. Derecognition of financial liabilities**
 The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in Statement of Profit or Loss.
- e. The Company designates certain hedging instruments, such as derivatives, such as forward contracts, as either fair value hedges or cash flow hedges. Hedges of foreign exchange risk on firm commitments are accounted as cash flow hedges.**
 Cash flow hedges: In case of transaction related hedges, the effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in other comprehensive income and accumulated in equity as 'hedging reserve'. The gain or loss relating to the ineffective portion is recognised immediately in profit or loss. Amounts previously recognised in other comprehensive income and accumulated

NOTES TO THE FINANCIAL STATEMENTS

in equity relating to the effective portion, are reclassified to profit or loss in the periods when the hedged item affects profit or loss, in the same head as the hedged item. The effective portion of the hedge is determined at the lower of the cumulative gain or loss on the hedging instrument from inception of the hedge and the cumulative change in the fair value of the hedged item from the inception of the hedge and the remaining gain or loss on the hedging instrument is treated as ineffective portion.

xxi. **Statement of Cash Flows**

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows are segregated into operating, investing and financing activities.

4. i. **Critical Accounting Judgments and Key Sources of Estimation Uncertainty**

Inherent in the application of many of the accounting policies used in preparing the Financial Statements is the need for GIPCL Management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of revenues and expenses. Actual outcomes could differ from the estimates and assumptions used.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods are affected.

ii. **Critical judgments in applying accounting policies**

The following is the critical judgment, apart from those involving estimations (Refer note 4.iii), that the Management has made in the process of applying the Company's accounting policies and that has the significant effect on the amounts recognized in the Financial Statements.

Evaluation of indicators for impairment of Property, Plant and Equipment

The evaluation of applicability of indicators of impairment of assets requires assessment of external factors (significant decline in asset's value, economic or legal environment, market interest rates etc.) and internal factors (obsolescence or physical damage of an asset, poor economic performance of the asset etc.) which could result in significant change in recoverable amount of the Property, Plant and Equipment.

iii. **Assumption and key sources of estimation uncertainty**

Information about estimates and assumptions that have the significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may differ from these estimates.

a. Defined Benefit Obligation (DBO)

Management's estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

b. Investments in Unquoted Equity Instruments

The unquoted investments of the Company are measured at fair value for financial reporting purposes. In estimating the fair value of the investment, the Company uses market-observable data to the extent it is available. Where Level 1 inputs are not available, the Company engages third party valuers, where required, to perform the valuation.

Notes:

- In accordance with the Indian Accounting Standard (Ind AS 36) on "Impairment of Assets", the Company had carried out an exercise to identify the assets that were required to be impaired in respect of cash generating unit in accordance with the said Indian Accounting Standard. Based on the exercise, provision for impairment of Assets had been made. Primary reason for impairment was expiry of Power Purchase Agreement (PPA) with GUVNL and there being no other significant cash flows in the near future for the respective assets. Though the PPA has been renewed by GUVNL for a medium term; it is expected that cash flows for the respective assets envisaged are not significant; and hence no reversal of impairment is done.
- The Company had elected to continue with the carrying value of its Property Plant & Equipment (PPE) and Intangible Assets recognised as of 1st April, 2015 (transition date) measured as per the Previous GAAP and used that carrying value as its deemed cost as on the transition date as per Para D7AA of Ind AS 101 except for decommissioning liabilities included in the cost of Property Plant & Equipment (PPE) which has been adjusted in terms of para D 21 of Ind AS 101 'First-time Adoption of Indian Accounting Standards'.

- a. Capital Redemption Reserve represents reserve created initially at the time of redemption of 13% Cumulative Redeemable Preference Shares amounting to ₹ 5,005 Lakhs and at the time of redemption of 13.5% Cumulative Redeemable Preference shares amounting to ₹2,495 Lakhs. It was thereafter reduced by ₹ 4,044.12 Lakhs upon subsequent issue in October 2005 of 40,441,176 equity shares of ₹ 10 each.
- b. Expansion reserve represents the amount kept aside for future expansion before distributing dividend from the distributable profit.
- c. Securities premium reserve is used to record the premium on issue of equity shares. The reserve is utilised in accordance with the provisions of the Companies Act 2013.
- d. The General Reserve is used from time to time to transfer profits from retained earnings for appropriation purposes. As the General Reserve is created by a transfer from one component of equity to another and is not an item of other comprehensive income, items included in the general reserve is not reclassified subsequently to the Statement of profit and loss.

NOTES TO THE FINANCIAL STATEMENTS

- e. The Company has elected to recognise changes in the fair value of certain investments in equity securities in other comprehensive income. This reserve represents the cumulative gains and losses arising on the revaluation of equity instruments measured at fair value through other comprehensive income. The company transfers amounts from this reserve to retained earnings when the relevant equity securities are disposed.
- f. The amount that can be distributed by the Company as dividends to its equity shareholders is determined considering the requirements of the Companies Act, 2013.
On 23rd September 2021, a dividend of ₹ 2.70 per share (Total dividend ₹ 4,083.78 lakhs) was paid to holders of fully paid equity shares. On 15th December 2020, a dividend of ₹ 2.90 per share (Total dividend ₹ 4,386.28 lakhs) was paid to holders of fully paid equity shares.
- g. In respect of the year ended 31st March 2022, the Board of Directors has proposed a final dividend of ₹ 2.50 per share be paid on fully paid equity shares. This equity dividend is subject to approval by shareholders at the Annual General Meeting and has not been included as a liability in these financial statements. The proposed equity dividend is payable to all holders of fully paid equity shares. The total estimated equity dividend would result in total cash outflow of ₹ 3,781.28 lakhs.

48. Post Employment Benefits:

a. Defined Contribution plans:

The Company makes contributions towards provident fund, pension scheme and superannuation fund to Defined Contribution retirement benefit plan for qualifying employees.

The Company pays fixed contribution to fund at predetermined rates to a separate trust, which invests the funds in permitted securities. The obligation of the Company is to make such fixed contribution and to ensure a minimum rate of return to the members as specified by Government of India.

Provident Fund is governed through a separate trust. The Board of Trustees of the Trust functions in accordance with any applicable guidelines or directions that may be issued in this behalf from time to time by the Central Government or the Central Provident Fund Commissioner, the board of trustees have the following responsibilities:

- Investments of the surplus as per the pattern notified by the Government in this regard so as to meet the requirements of the fund from time to time.
- Raising of moneys as may be required for the purposes of the fund by sale, hypothecation or pledge of the investment wholly or partially.
- Fixation of rate of interest to be credited to members' accounts.

The provident fund plan is operated by the Gujarat Industries Power Company Ltd. Provident Fund Trust (the Trust). Eligible employees receive benefits from the said trust which is a defined contribution plan. Under the plan, the Company is required to contribute a specified percentage of employee's salary to the retirement benefit plan to fund the benefits. The Company has recognised ₹ 406.91 lakhs (P.Y. ₹ 414.58 lakhs) for Provident Fund contributions and ₹ 70.48 lakhs (P.Y. ₹ 73.20 lakhs) for Pension Scheme in the Statement of Profit and Loss.

The minimum interest rate payable by the Trust to the beneficiaries every year is being notified by the Government. The Company has an obligation to make good the shortfall, if any, between the return from the investments of the Trust and the notified interest rate.

During the year, in view of uncertainties regarding recoverability of certain investments, the Company has, based on internal estimates, made a provision of ₹ 260.22 lakhs (P.Y. ₹ 448.72 lakhs), towards probable incremental employee benefit liability that may arise on the Company on account of any likely shortfall of the Trust in meeting its obligations. In future Company will make provision looking to the development in the matter.

The superannuation fund plan is operated by Life Insurance Corporation of India (LIC) under its scheme of superannuation. The eligible employees receive benefit under the said scheme from LIC. Under the plan, the Company is required to contribute a specified percentage of employee's basic salary to the retirement benefit plan to fund the benefits. The Company has recognised ₹ 187.09 lakhs (P.Y. ₹ 195.13 lakhs) for Superannuation Fund contributions in the Statement of Profit and Loss.

b. Defined Benefit plans:

Earned Leave (EL) Benefit

Accrual - 30 days per year

Encashment while in service - Earned Leave balance subject to a minimum available 45 days per calendar year.
Encashment on retirement - maximum 300 days.

NOTES TO THE FINANCIAL STATEMENTS

Sick Leave (SL) Benefit

Accrual - 10 days per year

The leave is encashable. Leave encashment occurs due to retirement and death. There is no limit on maximum accumulation of leave days.

The Company has recognised ₹ 430.92 lakhs (P.Y. ₹ 682.06 lakhs) towards Leave encashment (including Earned Leave and Sick Leave) in the Statement of Profit and Loss.

The provision towards the Leave Encashment is as under.

(₹ in Lakhs)

	As at 31 st March 2022	As at 31 st March 2021
Current	182.02	343.60
Non-Current	3,053.79	2,985.96
Total	3,235.81	3,329.56

Gratuity

15 to 20 days salary based on range of completed year of service. Vesting period is 5 years and the payment is at actual on superannuation, resignation, termination, disablement or on death.

Scheme is not funded. The liability for gratuity as above is recognised on the basis of actuarial valuation.

Post-Retirement Medical Benefits

The Post-Retirement Medical Benefit (PRMB) policy under which the retired employees and their spouses are provided with reimbursement of Insurance Premium. During the previous year, the Company had revised its premium restriction from "₹10,000/-" to "₹30,000/- plus taxes". The impact of said revision was ₹ 296.17 lakhs and the same is disclosed as past service cost in the below reconciliation.

The liability for the same is recognised annually on the basis of actuarial valuation. An employee should have put in a minimum of 10 years of service rendered in continuity in GIPCL at the time of superannuation to be eligible for availing post-retirement medical facilities.

These plans typically expose the Company to actuarial risks such as: investment risk, interest rate risk, longevity risk and salary risk.

i. Investment risk

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on Government bonds. When there is a deep market for such bonds; if the return on plan asset is below this rate, it will create a plan deficit. Currently, for these plans, investments are made in Government securities, Debt instruments, Short term debt instruments, Equity instruments and Asset Backed, Trust Structured securities as per notification of Ministry of Finance.

ii. Interest risk

A decrease in the bond interest rate will increase the plan liability; however, this will be partially offset by an increase in the return on the plan's investments.

iii. Longevity risk

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

iv. Salary risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

No other post-retirement benefits are provided to these employees.

In respect of the above plans, the most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out as at 31st March 2022 by Actuaries. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

III. Financial risk management objectives

While ensuring liquidity is sufficient to meet Company's operational requirements, the Company's management also monitors and manages key financial risks relating to the operations of the Company by analysing exposures by degree and magnitude of risks. These risks include market risk (including currency risk and price risk), credit risk and liquidity risk.

Market Risk

Market risk is the risk or uncertainty arising from possible market price movements and their impact on the future performance of a business. The major components of market risk are commodity price risk and interest rate risk.

Interest rate risk management - Borrowings

The Company's main interest rate risk arises from the long-term borrowings with floating rates.

The Company's floating rates borrowings are carried at amortised cost. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

Interest rate risk management - Investment

The Company invests the surplus fund generated from operations in bank deposits. Bank deposits are made for a period of upto 12 months and carry interest rate of 3.00% - 3.90% as per prevailing market interest rate. Considering these bank deposits are short term in nature, there is no significant interest rate risk.

NOTES TO THE FINANCIAL STATEMENTS

Price risks

The Company's equity securities price risk arises from investments held and classified in the Balance Sheet at fair value through OCI. The Company's equity investments in GACL & Gujarat Gas Ltd are publicly traded.

Price sensitivity analysis

The sensitivity of profit or loss in respect of investments in equity shares at the end of the reporting period for +/-5% change in price and net asset value is presented below:

Other comprehensive income for the year ended 31st March 2022 would increase/decrease by ₹ 740.07 lakhs (P.Y. ₹ 437.49 lakhs) as a result of 5% changes in fair value of equity investments measured at FVTOCI.

Credit risk management

Credit risk arises from cash and cash equivalents, investments carried at amortized cost and deposits with banks as well as customers including receivables. Credit risk management considers available reasonable and supportive forward-looking information including indicators like external credit rating (as far as available), macro-economic information (such as regulatory changes, government directives, market interest rate).

Major customers, being power purchasing companies having highest credit ratings, carry negligible credit risk. Concentration of credit risk to any other counter party did not exceed 15 % of total monetary assets at any time during the year.

Credit exposure is managed by counter party limits for investment of surplus funds which is reviewed by the Management. Investments in liquid plan/schemes are with public sector Asset Management Companies having highest rating. For banks, only high rated banks are considered for placement of deposits.

Bank balances are held with reputed and creditworthy banking institutions.

Liquidity risk management

The Company manages liquidity risk by maintaining sufficient cash and cash equivalents including bank deposits and availability of funding through an adequate amount of committed credit facilities to meet the obligations when due. Management monitors rolling forecasts of liquidity position and cash and cash equivalents on the basis of expected cash flows. In addition, liquidity management also involves projecting cash flows considering level of liquid assets necessary to meet obligations by matching the maturity profiles of financial assets & liabilities and monitoring balance sheet liquidity ratios.

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The information included in the tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows. The contractual maturity is based on the earliest date on which the Company may be required to pay.

52. The Company has changed its accounting policy w.e.f. 01.04.2021 with respect to accounting of provision for decommissioning cost of mines. Under existing accounting policy, the Company used to create the provision for such obligation with consequential debit to mine development asset and such expenditure was amortised over the life of the mines. Under the new accounting policy, the Company recognises the periodic provisions for such obligations with corresponding debit to cost of production in the Statement of Profit and Loss considering the mining regulations. The aforesaid change, being in line with the Generally Accepted Accounting Principles, will result into reporting for such obligations on more realistic basis and alignment of said policy with that being followed by peer companies.

As required by Ind AS - 8 "Accounting Policies, Changes in Accounting Estimates and Errors" and Ind AS - 1 "Presentation of Financial Statements", the Company has retrospectively restated its Balance Sheet as at 31.03.2021, as at 01.04.2020 and Statement of Profit and Loss for the year ended on 31.03.2021 to give impact for change in accounting policy.
