K'taka puts off decision to sell 3,667 acres to JSW Steel

PRESS TRUST OF INDIA
Bengaluru, May 27

AMID OPPOSITION FROM within the ruling BJP and cases pending in courts, the Karnataka cabinet on Thursday put on hold its earlier decision to sell 3,667 acres of land to the JSW Steel in Ballari district.

"The previous cabinet's decision to give land to Jindal has not been confirmed in today's cabinet meeting, so the previous decision on this matter will be on hold," Law and Parliamentary Affairs Minister Basavaraj Bommai said.

Speaking to reporters after the cabinet meeting, he said,

with this decision the previous cabinet decision will not be implemented.

"Lot of cases are there, there is appeal in the Supreme Court, there is a PIL in high court based

on which notices have been issued. After looking into all these things, we will take a decision in the days to come," he said.

The earlier cabinet meeting on April 26, presided over by

chief minister BS Yediyurappa, had agreed to sell 3,667 acres to JSW Steel in Ballari.

The BJP while in opposition had opposed a similar move and had even staged protests against the then government's decision.

The Congress-JD(S) coalition cabinet in 2019 had decided to convert the lease of 3,667 acres to JSW Steel into sale, in accordance with the initial agreement. However, amid a row over the decision that drew opposition from various quarters, including the BJP (then in opposition) and within, the Congress-JD(S) coalition cabinet once again discussed the issue and decided to refer it to a cabinet

sub-committee. Accusing the Congress-JD(S) coalition government of selling the land to the company at a throwaway price (₹1.22-₹1.50 lakh per acre), the BJP, then in opposition, had held a two-day round-the-clock sit-in.

Yediyurappa, who was then a state BJP president, had even accused the ruling Congress-JD(S) coalition of getting "kick-backs" for the sale of land.

After the BJP came to power, the issue was again referred to a cabinet sub-committee headed by industries minister Jagadish Shettar, which recommended the government to execute the sale deed.

CRISIL REPORT Housing demand to reach pre-Covid levels after FY23

FY18	180-185	220-225	720-725
FY19	180-185	190-195	735-740
FY20	175-180	110-115	670-675
FY21 (estimated)	145-150	35-40	560-565
FY22 (projected)	155-160	70-90	470-490

Source: Industry, Crisil Research

FE BUREAU
New Delhi, May 27

CRISIL ON TUESDAY said the recovery in the residential real estate to pre-Covid levels of 180-185 million sq ft (MSF) is expected only after FY23. However, the credit rating agency noted that on an annual basis housing demand is expected to grow 5-10% year-on-year (y-o-y) in the current fiscal.

Improved affordability and work from home will increase demand for houses by an average of 5-10% (in terms of area) y-o-y in India's top six cities in FY22. But two of these — Mumbai and Pune — could see demand contracting because of a higher base of last fiscal, while the rest should see a rebound on a low base, Crisil said in a report.

Crisil's minimum annual household threshold income index shows that affordability has improved by up to 30% in six cities in the last five years due to low-interest rates, moderate price correction and reduction in stamp duty (especially in Maharashtra in FY21).

"However, absolute demand will catch up with pre-pandemic levels only after fiscal 2023. The demand in the first half of this fiscal (FY22) will be impacted by the second wave of the pandemic. Nevertheless, a healthy recovery is expected in the second half, much like the previous fiscal," it projected.

It expects established developers with well-managed balance sheets to grow faster than the industry, consolidate their presence, and sustain their credit profiles. On the other hand, capital values have bottomed out and are likely to stabilise with a slightly upward bias this fiscal.

"Demand in Bangalore, Hyderabad, NCR and Kolkata is set to rise 40-45% this fiscal after plunging 25-45% last fiscal, propelled by better affordability and lower base. In contrast, Mumbai Metropolitan Region and Pune will likely see a contraction of 10-20% this fiscal, after a 5-15% growth last fiscal, with end-users concluding transactions to benefit from lower stamp duty," said Isha Chaudhary, director, Crisil Research.

Covid-19 amplified the divergence in the performance of financially prudent and leveraged developers. Established ones with a strong track record of timely delivery increased their market share to 25% of the last fiscal from 21% in FY20 as they recovered faster in the second half and maintained, or even exceeded, pre-pandemic sales.

Crisil Ratings director Anand Kulkarni explained that established, prudent developers have well-managed balance sheets, reflected in comfortable debt-to-total assets ratio of below 30%, and are also well placed in terms of liquidity. "They had raised around ₹44,000 crore via equity, and land and commercial assets monetisation between fiscals 2016-2021. The improved financials will come in handy to tackle stress from the second wave, meet growth needs and keep their credit profiles stable," Kulkarni added.

However, leveraged developers dependent on debt as the primary source of capital will continue to struggle, crippled by high debt-to-total assets ratio of above 60%, weak liquidity and limited ability to raise equity and monetise commercial assets.

India wearables mkt hits 11.4 m units in Q1: IDC

PRESS TRUST OF INDIA
New Delhi, May 27

THE INDIAN WEARABLES market grew 170.3% year-on-year to a record 11.4 million units in the March 2021 quarter, as per research firm IDC. Strong momentum in the

watch and earwear categories led to the "highest-ever first-quarter shipments in India", IDC said in a statement. Watches grew 463.8% y-o-y (year-over-year) in the first quarter of 2021 to become the fastest-growing category in wearables, replacing earwear which also maintains a

triple-digit growth in the quarter under review, it added.

The overall wristwear category, which includes wrist bands and watches, grew 74.8% y-o-y in the said quarter, reflecting the growing popularity of fitness and health tracking devices in the country.
