Notice ... (Contd.)

3. Pursuant to the provisions of the Act, a Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a Member of the Company. Since this AGM is being held pursuant to the MCA Circulars through VC/OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.
4. The Register of Members and Share Transfer Books of the Company shall remain closed from Saturday, September 19, 2020 to Friday, September 25, 2020 (both days inclusive).
5. Institutional/Corporate Shareholders (i.e. other than individuals/HUF, NRI, etc.) are required to send a scanned copy (PDF/JPG Format) of its Board or governing body Resolution/Authorization etc., authorizing its representative to attend the AGM through remote e-voting. The said Resolution/Authorization shall be sent to the Scrutinizer by email through its registered email address to pragnyap.pradhan@gmail.com with a copy marked to evoting@nsdl.co.in.
6. Members holding shares in physical form, in identical order of names, in more than one folio are requested to send the details of such folios together with the share certificates for consolidating their holdings in one folio to the Company or Skyline Financial Services Private Limited ("Skyline"), D-153 A, First Floor, Okhla Industrial Area, Phase -I, New Delhi-110020, Tel: 011-41044923, Email: info@skylinerta.com and a consolidated share certificate will be issued to such Members after making requisite changes.
7. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available for 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
8. In case of joint holders attending the AGM through VC/OAVM, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote.
9. Pursuant to Regulation 39(4) of SEBI listing Regulations, members whose shares are being unclaimed or not received then members can claim their shares by sending the details of their folios to the Company or RTA i.e. Skyline, D-153 A, First Floor, Okhla Industrial Area, Phase -I, New Delhi-110020, Tel: 011-41044923, Email: info@skylinerta.com.
10. The members intending to seek any information on Annual Financial Statements or any matter placed/ to be placed at the meeting are requested to kindly write to the Company on or before September 24, 2020 through email on dcmnouvelleltd@gmail.com. The same will be replied by the Company suitably.
11. In compliance with the aforesaid MCA Circulars and SEBI Circular dated May 12, 2020, Notice of the AGM along with the Annual Report 2019-20 is being sent only through electronic mode to those Members whose email addresses are registered with the Company/ Depositories. Members may note that the Notice and Annual Report 2019-20 will also be available on the Company's website www.dcmnvl.com, websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively, and on the website of NSDL <https://www.evoting.nsdl.com>.
12. Members attending the AGM through VC / OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
13. As per Regulation 40 of SEBI Listing Regulations, securities of listed companies can be transferred only in dematerialized form with effect from April 1, 2019, except in case of request received for transmission or transposition of securities. In view of this and to eliminate all risks associated with physical shares, members holding shares in physical form are requested to consider converting their holdings to dematerialized form. Members are requested to get in touch with any Depository Participant ("DPs") having registration with SEBI to open a Demat account or alternatively, contact the Company or Company's Registrars and Transfer Agents, Skyline for assistance in this regard. You may visit website of depositories viz., NSDL or CDSL or websites of stock exchanges for further understanding about the demat procedure.
14. To support the 'Green Initiative', Members who have not yet registered their email addresses are requested to register the same with their DPs in case the shares are held by them in electronic form and with Skyline in case the shares are held by them in physical form.

15. The Securities and Exchange Board of India (“SEBI”) has mandated submission of Permanent Account Number (“PAN”) by every participant in securities market. Members holding shares in demat form are, therefore, requested to submit PAN details to the Depository Participants with whom they have demat accounts. Members holding shares in physical form can submit their PAN details to the Company / Registrar and Share Transfer Agent i.e. Skyline.
16. As per SEBI Listing Regulations, it is mandatory for the Company to print the bank account details of the investors in dividend payment instrument. Hence, you are requested to register/update your correct bank account details with the Company/ RTA/ DPs, as the case may be.
17. Members are requested to intimate changes, if any, pertaining to their name, postal address, email address, telephone/mobile numbers, Permanent Account Number (PAN), mandates, nominations, power of attorney, bank details such as, name of the bank and branch details, bank account number, MICR code, IFSC code, etc., to their DPs in case the shares are held in electronic form and to Skyline in case the shares are held in physical form.
18. As per the provisions of Section 72 of the Companies Act, the facility for making nomination is available for the Members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. The said form can be downloaded from the Company’s website www.dcmnvl.com. Members are requested to submit the said form to their DP in case the shares are held in electronic form and to Skyline in case the shares are held in physical form.
19. Relevant documents referred to in the accompanying Notice and the Explanatory Statement are open for inspection by the members at the Registered Office of the Company on all working days (except Saturdays, Sundays & Public Holidays) from 11.00 a.m. to 2.00 p.m. up to one day prior to date of the Meeting.
20. The relevant details as required under Regulations 26(4) and 36(3) of SEBI Listing Regulations, 2015 and Secretarial Standards-2 on General Meetings issued by the Institute of Company Secretaries of India (“ICSI”), in respect of directors seeking appointment /re-appointment at this 4th AGM, forms integral part of this notice.
21. Since the AGM will be held through VC / OAVM, the Route Map is not annexed in this Notice.

* Note: Post demerger and listing of shares of the Company, the financials for the financial year 2018-19 mentioned above are restated figures of the erstwhile Textiles division of DCM Limited for comparative purposes only. The National Company Law Tribunal ("NCLT"), vide its order dated May 01, 2019, approved the Scheme of Arrangement ('the Scheme') between DCM Limited and DCM Nouvelle Limited ('the Company'), for the demerger of the Textile Division of DCM Limited, on a going concern basis with effect from April 01, 2019 (i.e. the appointed date). Consequently, the assets and liabilities of the Textile Division of DCM Limited have been transferred to the Company with effect from the aforesaid appointed date, at their carrying values, determined in accordance with the Companies (Indian Accounting Standards) Rules, 2015 (Ind AS) prescribed under Section 133 of the Companies Act, 2013 and other accounting principles generally accepted in India.

COVID-19

The World Health Organization declared a global pandemic of the Novel Coronavirus disease (Covid-19) on February 11,

2020 and in order to contain the spread of Covid-19, the Government of India declared a lockdown situation on March 24, 2020 all over the country. In enforcing social distancing to contain the spread of the disease, our offices have been operating with minimal or no staff for extended periods of time. In keeping with its employee-safety first approach, the Company quickly instituted measures to trace all employees and assured of their well-being. The Manufacturing facility at Hisar had resumed its operations from the first week of May 2020, when lockdown was partially lifted after establishing thorough and well-rehearsed safety protocols. Proactive preparations were done in our work locations during this transition to ensure our offices were safe.

The good news for the stakeholders is that the Company is in a comfortable liquidity position due to various credit control measures as well as adequate banking limits being in place. The Company does not foresee incremental risk for recoverability of assets (Inventories, investments, Receivables, etc.) given the measures being taken to mitigate the risks.

The future impact on the business operations is difficult to assess at this point, as the crisis of the pandemic continues to accelerate and the situation remains volatile. However, barring unforeseen circumstances, the Company is confident about its ability to manage this crisis and come out of it slowly but steadily.

TRANSFER TO RESERVES

Your directors do not propose to transfer any amount to the General Reserve out of the amount available for appropriation in the current year.

DIVIDEND

Considering the future needs of the Company for expansion and growth and to strengthen the financial position of the Company, your directors do not recommend any dividend for the financial year ended March 31, 2020.

CONSERVATION OF ENERGY AND TECHNOLOGY ABSORPTION

(A) CONSERVATION OF ENERGY

i. The steps taken or impact on conservation of energy

Conservation of energy is an essential step towards overcoming energy crisis, environmental degradation and global competitiveness. The Company is giving due importance to conservation of energy and makes continuous efforts to conserve energy by effecting process and machinery modifications, implementation of technological advancements, development of newer methods, energy audit, proper and timely maintenance etc., amongst others. These measures lead to savings in terms of energy, money and time.

Besides continuing the measures taken in earlier years, following additional steps were taken during the year 2019-20 with a view to reduce cost of energy and consequently, the cost of production:

- Modified Seiger cooling tower motor with temperature controller;
- Replaced high head pump with low head pump for water lifting at water works;
- Reduced suction pressure of Auto Coner machines;
- Installation of inverter on Ring Frame machines to control frequency to save energy of Pneuma fans and main drive.

Green Energy – Clean Energy

The Company produced 27.35 lacs units for in-house consumption through solar power plant during the previous financial year. Solar power is clean green electricity sourced from sunlight. Solar energy is a renewable free source of energy that is sustainable and totally inexhaustible, unlike fossil fuels that are finite. It is also a non-polluting source of energy and it does not emit any greenhouse gases when producing electricity. We are under process to increase solar power plant capacity

(ii) The steps taken by the Company for utilizing alternate sources of energy

The Company had started to install 355 KWp solar power plant during financial year 2019-20 and has completed the Installation in first quarter of financial year 2020-21

(iii) The capital investment on energy conservation equipment's- Nil

(B) TECHNOLOGY ABSORPTION

- i. The efforts made towards technology absorption- Nil
- ii. The benefits derived like product improvement, cost reduction, product development or import substitution- NA
- iii. In case of imported technology (imported during the last three years reckoned from the beginning of the financial year)- Nil
- iv. The expenditure incurred on Research and Development- Nil

Form No. MR-3 SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31ST March 2020

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule

No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 and Regulation 24A of SEBI (Listing Obligations and Disclosure requirements), Regulations, 2015, as amended]

To,
The Members,
DCM NOUVELLE LIMITED
407, Vikrant Tower,
4, Rajendra Place,
New Delhi-110008

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **DCM NOUVELLE LIMITED, (hereinafter called "the Company")**. Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion there on.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company to me digitally due to COVID19 pandemic, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2020 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by **DCM NOUVELLE LIMITED** ("the Company") for the financial year ended 31st March, 2020 according to the provisions of:

- I. The Companies Act, 2013 ('the Act') and the Rules made thereunder;
 - II. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the Rules made thereunder;
 - III. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
 - IV. Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
 - V. Provisions of the following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
 - d. The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 (*Not Applicable to the listed entity during the review period*);
 - e. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 (*Not Applicable to the listed entity during the review period*);
 - f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 (*Not Applicable to the listed entity during the review period*); and
 - h. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998 (*Not Applicable to the listed entity during the review period*);
 - VI. We have relied on the systems/mechanism formed by the Company for compliances under other Applicable Acts, laws and regulations applicable to the Company and the management explanation in this regard. The list of major Acts, Laws and Regulations as applicable to the Company is given in Annexure –A
- We have not examined compliance with applicable financial laws like Direct and Indirect Tax Laws, since the same have been subject to review by statutory financial audit and tax audit.

Annexure: II To the Directors' Report... (Contd.)

We have also examined compliance with the applicable regulations of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time.

We have examined compliances of the Secretarial Standards issued by the Institute of Company Secretaries of India. During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. as mentioned above.

We further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views, if any, are captured and recorded as part of the minutes.

We further report that there are adequate systems and processes in the company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the year under review following specific events having a major bearing on the Company's affairs have been occurred:

National Company Law Tribunal, Principal Bench, Delhi ("NCLT") vide its order dated May 1, 2019 had approved the Scheme of Arrangement between DCM Limited and the Company and their respective Shareholders and Creditors. As per the said NCLT approval, the Company had allotted equity shares of Rs. 10 each to the shareholders of DCM Limited in the ratio of 1:1. The said equity shares of the Company were listed with BSE and NSE on July 16, 2019

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INDUSTRY STRUCTURE AND DEVELOPMENTS

India's textiles sector is one of the oldest industries in the Indian economy, dating back to several centuries.

The industry is extremely varied, with hand-spun and hand-woven textiles sectors at one end of the spectrum, while the capital-intensive sophisticated mills sector on the other end. The spinning sector, decentralized power looms/ hosiery and knitting sector forms the largest component in the textiles sector. The close linkage of textiles industry to agriculture (for raw materials such as cotton) and the ancient culture and traditions of the country in terms of textiles makes it unique in comparison to other industries in the country. India's textiles industry has a capacity to produce wide variety of products suitable for different market segments, both within India and across the world. At present, Indian textiles sector occupies prominent position in the world textile trade.

Spinning Industry Overview

The global yarn market is estimated to be around US\$ 40 billion in 2017 and is expected to grow at a CAGR of 1.05% to reach US\$42 billion by the year 2022. In 2019 with an installed capacity of about 53 million spindles, India is one of the largest producers and exporter of cotton yarn in the world with a production of 5,122 million kgs of all types of spun yarn.

China is the largest importer of cotton yarn (25% share) from India, followed by Bangladesh with 20% share respectively. The top five importers form 52% of India's total cotton yarn exports.

The high cotton yarn exports out of India can be attributed to the local availability of abundant raw material and modern infrastructure in the spinning section of the value chain.

Indian spinners over the last few decades have invested extensively in bringing in the latest spinning technologies and infrastructure to India.

Investment

The textiles sector has witnessed a spurt in investment during the last five years. The industry (including dyed and printed) attracted Foreign Direct Investment (FDI) worth US\$ 3.44 billion by March 2020.

The Ministry of Textiles has sanctioned 59 Textile parks under the Scheme of Integrated Textile Park (SITP), out of which 22 Textile Parks have been completed..

COMPANY OVERVIEW

Excellence

DCM Nouvelle Limited is a leading manufacturer & exporter of 100% cotton carded and combed yarns in single and two-ply forms of count range Ne 12s to 40s. The Company has spindle capacity of 1,15,048 located at Hisar with approx 2500 MT of monthly production. State-of-art spinning machineries and Quality Assurance instruments from leading manufacturers have been installed for production of fault free 100 % cotton yarn. With the introduction of value added products, premium brands & sustainability certifications, the company has moved ahead in positioning itself as supplier of quality yarn for finest clothing. The company had successfully engraved its name in domestic markets and have exported to more than 30 countries. Moving on the path Total Quality Management (TQM), its improved processes & products to achieve ultimate goal of "**CUSTOMER DELIGHTNESS**".

Brands

The Company expanded its spinning capacity by setting up its latest world class automated spinning unit (Unit III) with 39168 spindles in 2014. From this New Spinning Unit, "PRIMERO" a brand of premium 100% Cotton Combed Yarn was launched in 2015. PRIMERO has gained immense recognition among the high-end customers due to controlled contaminations & good piling performance. The fabric knitted with Primero quality yarn has controlled contamination level suitable for bleach & light shades. The feel of fabric made up of primero quality is rich & luxurious having excellent appearance.

From the same New Spinning Unit III, "DINERO" a brand of premium 100% Cotton Carded Yarn was launched in 2016. The fabric knitted with Dinero quality yarn has exceptional uniformity. The feel of the finished fabric is smooth & soft. The yarn has better tensile properties suitable for knitting after cone dyeing. Dinero quality yarn performance excellently on high-end knitting machines.

CCY is contamination controlled 100% cotton combed knitting yarn processed through advanced contamination control systems “USTER® JOSSI VISION SHIELD with MAGIC EYE 2” and “Uster Quantum 3 with Polypropylene (PP) & Dark Foreign Fibre (FFD)” clearing devices that ensures removal of Polypropylene and colored contaminants. This combination of two control systems results in Contamination Controlled Yarn.

Sustainability

The company is certified as per Global Organic Textile Standard (GOTS). GOTS defines high-level environmental criteria along the entire organic textiles supply chain and requires compliance with social criteria as well.

As Proud Member of BCI, We Stand at forefront to achieve BCI objective to make global cotton production better for the people who produce it, better for the environment it grows in and better for the sector’s future.

Ensure our products and processes are free of dangerous chemicals including lead & pesticides.

OPPORTUNITIES AND OUTLOOK

The outlook for the textile industry in India is quite optimistic. It is expected that the textile industry will continue to grow at an impressive rate.

The Indian textiles industry, currently estimated at around US\$ 108 billion, is expected to reach US\$ 223 billion by 2021. The industry is the second largest employer after agriculture providing employment to over 45 million people directly and 60 million people indirectly. The Indian textiles industry contributes approximately 5% to India's GDP and 14% to overall Index of Industrial Production (IIP). The textile sector is among the largest contributors to India's exports, and has the potential to reach US\$ 500 billion in size according to a study. The implementation of GST is another positive step to organize the textile sector and for revenue generation both for industry and the Government.

The production of raw cotton in India is estimated to have reached 360.40 Lacs bales in cotton season of 2019-20. However, due to COVID-19 pandemic, cotton consumption has dipped. It is expected that cotton consumption in world may fall by 14.80% & 6% in cotton season of 2019-20 and 2020-21 respectively.

The inherent strengths of the textile industry have seen it through rough days and hard times. There have been many periods of adversity, when growth charts dipped and the future appeared bleak. But like the phoenix, the textile industry has risen each time from the ashes.

With a tremendous growth in the economy along with Government support, the Indian economy is expected to overtake Japan to be the 3rd largest economy by 2028. India's exports are also expected to improve in coming years benefitting from the trade war between US and China.

SCHEME OF ARRANGEMENT AND LISTING OF THE COMPANY ON NSE & BSE

During the year under review, the Scheme of Arrangement between DCM Limited and the Company and their respective Shareholders and Creditors ('Scheme') had been approved by the National Company Law Tribunal, Principal Bench, Delhi ("NCLT") vide its order dated May 1, 2019. The appointed date was April 01, 2019. Pursuant to the aforesaid Scheme, the Board of Directors of the Company, at its meeting held on June 04, 2019 had allotted 18,677,749 number of equity shares of Rs.10 each to the shareholders of DCM Limited. The said equity shares were listed with BSE Ltd. and National Stock Exchange of India Ltd. with effect from July 16, 2019.

RISK & CONCERNS

Textile spinning sector globally seems to be quite unpredictable and uncertain for various reasons including stagnant demand as against growing supply side, cotton futures, currency fluctuation and above all increasing competition from some countries like Vietnam, Bangladesh, and Cambodia etc. Recently initiatives launched by Govt envisages inviting FDI which may give impetus to growth in textiles, particularly the fabric and processing which will lead to balance out the demand supply position for spinning sector.

Competition from other developing countries, high volatility of cotton, yarn price and the Rupee to US\$ exchange rate are the major concern. The Company is trying to reduce the impact of volatility by reducing open position in respect of above. Labour shortage is another area which is affecting operations. This is being mitigated by increasing worker training programs and strengthening operational efficiency.

INTERNAL CONTROLS

The Company's financial statements are accurate, sufficient and credible. All assets are safeguarded and protected against losses that may arise from unauthorized use or disposition, incorrect use, any incident of fraud and inappropriate storage. We continuously strive to integrate the entire organization – from strategic support functions like finance, human resources and regulatory affairs to core operations like manufacturing and supply chain management. Such internal control procedures are augmented by an extensive programme of internal and external audits, and periodic reviews by the management. The Company has obtained ISO 9001-2015 and adheres to standard operating practices in its manufacturing and operating activities. Reasonable assurance is obtained based on evidence regarding processes followed and their appropriate testing of controls that such systems are adequate, comprehensive and are working effectively.

The Internal Auditors independently evaluate the adequacy of internal controls and concurrently audit the majority of the transactions in value terms. Independence of the audit and compliance is ensured by direct reporting of Internal Auditors to the Audit Committee of the Board.

All Internal Audit findings and control systems are periodically reviewed by the Audit Committee of the Board of Directors, which provides strategic guidance on Internal Controls.

MANPOWER DEVELOPMENT

In a world where everything else is equal, human effort makes all the difference. We place immense value on our workforce and consider it our biggest, most valuable asset. At DCM

<p>The National Company Law Tribunal ("NCLT"), vide its order dated May 1, 2019, has approved the Scheme of Arrangement ('the Scheme') between DCM Limited and the Company, for the demerger of the Textile Division of DCM Limited, on a going concern basis with effect from April 1, 2019 (i.e. the appointed date).</p> <p>The Company accounted for this demerger as a common control business combination transaction as per Ind AS 103- Appendix C.</p> <p>We have determined this to be a key audit matter considering this as a significant transaction occurred during the current year in view of magnitude of this transaction, pervasive impact on the financial statements of the Company and involvement of judgement and interpretation of the relevant Indian Accounting Standards and applicable taxes and other statutes / regulations.</p> <p>(Refer note 37 to the financial statements)</p>	<p>In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain sufficient and appropriate audit evidence:</p> <ul style="list-style-type: none"> • Obtained and read the Scheme for demerger of Textile Division, meeting minutes and other underlying documentation relating to the Scheme, to understand the key terms and conditions; • Reviewed tax computation for appropriate application of tax laws; • Performed audit procedures to obtain sufficient and appropriate audit evidence about whether the balances of assets acquired, and liabilities assumed as on appointed date, are free from material misstatements. • Verified that the restatement of prior period financial statement is done as if demerger had occurred from the beginning of the preceding period in the financial statements; • Reviewed accounting policies over business combinations and assessed whether the accounting treatment including adjustments entries, is in accordance with the Indian Accounting Standards and the Scheme; • Verified that the adequacy of disclosures, given in financial statements in respect of the Scheme, are in compliance with disclosure requirement of the applicable Indian Accounting Standards.

Other Information

The Company's management and Board of Directors are responsible for the Other Information. The Other Information comprises the information included in the Company's annual report, but does not include the financial statements and our auditors' report thereon. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the Other Information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Management's and Board of Directors' Responsibility for the Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to

issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial statements made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Independent Auditors' Report ... (Contd.)

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

The financial statements of the Company for the year ended March 31, 2019, included in these financial statements, were audited by predecessor auditor who expressed an unmodified opinion on those statements on April 24, 2019. As explained in note 37 to the accompanying financial statements, the appointed date for the Scheme is April 1, 2019 and in accordance with the requirements of the applicable Ind AS, the comparative Ind AS financial information has been restated as if the business combination had occurred from April 1, 2018.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. (A) As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under section 133 of the Act.

- e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- (B) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations as at March 31, 2020 on its financial position in its financial statements - Refer note 40 to the financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. The disclosures in the financial statements regarding holdings as well as dealings in specified bank notes during the period from November 8, 2016 to December 30, 2016 have not been made in these financial statements since they do not pertain to the financial year ended March 31, 2020.
- (C) With respect to the matter to be included in the Auditors' Report under section 197(16):

In our opinion and according to the information and explanations given to us, the remuneration paid by the company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

Annexure A referred to in our Independent Auditor's Report to the members of DCM Nouvelle Limited on the Financial Statements for the year ended March 31, 2020

- (i) (a) According to the information and explanations given to us, the Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) According to the information and explanations given to us, the Company has a regular programme of physical verification of its fixed assets by which all fixed assets are verified, in a phased manner, over a period of two years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this programme, certain assets have been physically verified by the management during the current year. As informed to us, no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of the immovable properties, as disclosed in Note 3 to the financial statements, are held in the name of the Company.
- (ii) According to the information and explanations given to us, the inventories, except good-in-transit, have been physically verified by the management at regular intervals during the year. In our opinion, the frequency of such verification is reasonable having regard to the size of the Company and nature of its business. As informed to us, the discrepancies noticed on comparison of physical verification of inventories with book records were not material and have been properly dealt with in the books of account.
- (iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured to companies, firms or other parties covered in the register maintained under Section 189 of the Act. Further, there are no limited liability partnerships covered in the register required under Section 189 of the Act. Accordingly, paragraph 3 (iii) of the Order is not applicable.
- (iv) According to the information and explanations given to us, the Company has not granted any loans and advances or made any investments or given security or guarantees covered under the provisions of Section 185 and Section 186 of the Act. Thus, paragraph 3 (iv) of the Order is not applicable.
- (v) As per the information and explanations given to us, during the year, the Company has not accepted any deposits as mentioned in the directives issued by the Reserve Bank of India and the provisions of Section 73 to Section 76 or any other relevant provisions of the Act and the rules framed there under. Accordingly, paragraph 3(v) of the Order is not applicable
- (vi) The Central Government has prescribed the maintenance of cost records under sub-section (1) of section 148 of the Act for certain activities carried out by the Company. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended and prescribed by the Central Government for the maintenance of cost records under Section 148 of the Act, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Provident fund, Employee's state insurance, Income-tax, Goods and Services tax, duty of Customs, Cess, and Other material statutory dues have generally been regularly deposited with the appropriate authorities.
- According to the information and explanations given to us, no undisputed amounts payable in respect of Provident fund, Employee' state insurance, Income-tax, Goods and Services tax, duty of Customs, Cess and Other material statutory dues were in arrears as at March 31, 2020 for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us, there are no dues in respect of Income-tax, Sales-tax, Goods and Services tax, Duty of custom, Service tax, Duty of excise and Value added tax which have not been deposited with the appropriate authorities on account of any dispute.
- (viii) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not defaulted in repayment of loans or borrowings to any bank during the year. The Company has not availed any loan or borrowings from financial institution or government and there are no dues to debenture holders during the year.

Independent Auditors' Report ... (Contd.)

- (ix) According to the information and explanations given to us, the Company did not raise any money by way of initial public offer or further public offer (including debt instruments) during the year. In our opinion and according to the information and explanation given to us, the term loans taken by the Company have been applied for the purpose for which they were raised.
- (x) According to the information and explanations given to us, no fraud by the Company and neither any fraud on the Company by its officers or employees has been noticed or reported during the year.
- (xi) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the managerial remuneration has been paid or provided by the Company in accordance with the provisions of Section 197 read with Schedule V of the Act.
- (xii) According to the information and explanations given to us, the Company is not a Nidhi Company as prescribed under section 406 of the Act. Accordingly, paragraph 3(xii) of the Order is not applicable.
- (xiii) According to the information and explanation given to us and on the basis of our examination of the records of the Company, all the transactions with related parties are in compliance with the provisions of Section 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the Financial Statements as required by the applicable accounting standards.
- (xiv) According to the information and explanation given to us and on the basis of our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, paragraph 3(xiv) of the Order is not applicable to the Company.
- (xv) According to the information and explanations given to us, the Company has not entered into any non-cash transactions with directors or person connected with him. Accordingly, paragraph 3 (xv) of the Order is not applicable.
- (xvi) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934.

Annexure B to the Independent Auditors' report on the financial statements of DCM Nouvelle Limited for the year ended March 31, 2020

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013

(Referred to in paragraph 2(A)(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Disclaimer of Opinion

According to the information and explanation given to us, the Company is in the process of establishing its internal financial controls over financial reporting with reference to these financial statements on criteria based on or considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"). Because of this reason, we are unable to obtain sufficient appropriate audit evidence to provide a basis for our opinion whether the Company had adequate internal financial controls over financial reporting with reference to these financial statements as at and whether such internal financial controls were operating effectively as at March 31, 2020.

We have considered the disclaimer reported above in determining the nature, timing, and extent of audit tests applied in our audit of the financial statements of the Company and the disclaimer does not affect our opinion on the financial statements of the Company.

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal controls with reference to financial statements criteria established by the Company considering the essential components of internal controls stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements

based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements.

Because of the matter described in Disclaimer of Opinion paragraph above, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on internal financial controls over financial reporting of the Company

Meaning of Internal Financial controls with Reference to Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance

with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2020

1. Company overview and basis of preparation and presentation

1.1. Company overview

DCM Nouvelle Limited (the 'Company') is a public limited company incorporated in India with registered office at Vikrant Tower, 4, Rajendra Place, New Delhi, India (CIN number L17309DL2016PLC307204). The National Company Law Tribunal ("NCLT"), vide its order dated May 1, 2019, has approved the Scheme of Arrangement ('the Scheme') between DCM Limited and the Company, for the demerger of Textile Division of DCM Limited, on a going concern basis with effect from April 1, 2019 (i.e. the appointed date) and pursuant to the scheme, the Company is primarily engaged in the business of manufacturing and sale of cotton yarn. The Company got its shares listed on two stock exchanges in India namely NSE and BSE, w.e.f July 16, 2019.

1.2. Basis of preparation and presentation

These financial statements have been prepared in accordance with the Indian Accounting Standards (Ind AS) as prescribed under section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time and notified under Companies Act 2013, and other relevant provisions of the Act.

The financial statements were authorised for issue by the Company's Board of Directors on June 25, 2020.

Details of the Company's significant accounting policies are included in Note 2.

a. Functional and presentation currency

The financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded-off to the nearest lakhs unless otherwise indicated and number of shares are mentioned in absolute numbers.

b. Basis of measurement

The financial statements have been prepared on the historical cost basis except for the following items:

Items	Measurement basis
Derivative instruments	Fair value
Net defined benefit (asset)/ liability	Fairvalue of plan assets less present value of defined benefit obligations
Other financial assets and liabilities	Amortized cost

c. Use of estimates and judgements

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual result may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Judgements

In the process of applying Company's accounting policies, there are no significant judgments established by the management.

Business combination – Defacto control

The National Company Law Tribunal ("NCLT"), vide its order dated May 1, 2019, has approved the Scheme of Arrangement ('the Scheme') between DCM Limited and the Company, for the demerger of the Textile Division of DCM Limited, on a going concern basis with effect from April 1, 2019 (i.e. the appointed date). The Company has accounted for the transaction by applying Ind AS 103 i.e Business Combinations.

For the purpose of establishing control, it has been considered that holding of 48.42% of equity share capital will establish de-facto control over the Company, considering various facts and circumstances such as the size of the investor's voting right relative to the size and dispersion of holdings of the other vote holders, voting pattern at previous shareholder's meetings etc. It has also been identified that the remaining voting rights are held by shareholders who are widely dispersed and none of the shareholders has any arrangements to consult any of the others or make collective decisions and therefore, with 48.42% interest would be sufficient to establish control.

Assumptions and estimation uncertainties

Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ended March 31, 2020 is included in the following notes:

- Note 2 (b): Measurement of fair values
- Note 2 (d): Measurement of useful lives and residual values to property, plant and equipment
- Note 2 (e): Valuation of inventory
- Note 2 (f): Estimated impairment of financial assets
- Note 2 (g): Estimated impairment of non-financial assets
- Note 2 (h): Measurement of defined benefit obligations
- Note 2 (i): Recognition and measurement of provisions and contingencies
- Note 2 (l): recognition of deferred tax assets: availability of future taxable profit against which tax losses carried forward can be used

- It is held primarily for the purpose of being traded;
- It is due to be settled within 12 months after the reporting date; or
- The Company does not have unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current liabilities include the current portion of financial liabilities some part of which may be non-current. All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

2. Significant accounting policies

Following significant accounting policies are used in the preparation of the financial statements.

a. Current and non-current classification

All assets and liabilities are classified into current and non-current.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- It is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is expected to be realized within 12 months after the reporting date; or
- It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- It is expected to be settled in the Company's normal operating cycle

Operating cycle

Based on the nature of products/ activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

b. Measurement of fair values

Company's certain accounting policies and disclosures require the measurement of fair values for financial assets and financial liabilities.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The finance team has overall responsibility for overseeing all significant fair value measurements, including Level 3 fair values, and reports directly to the board of directors.

The finance team regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the valuation team assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified.

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which change has occurred.

c. Business Combination under Common Control

A business combination involving entities or businesses under common control is a business combination

in which, all the combining entities or businesses are ultimately controlled by the same party or parties both before and after the business combination and the control is not transitory. The transactions between entities under common control are specifically covered by Ind AS 103. Such transactions are accounted for using the pooling-of interest method.

The assets and liabilities of the acquired entities or businesses are recognised at their carrying amounts with the exception of certain income tax and deferred tax assets. No adjustments are made to reflect fair values or recognize any new assets or liabilities. The only adjustments that are made are to harmonise accounting policies. The components of equity of the acquired entities or businesses are added to the same components within the acquirer's equity. The difference, if any, between the amounts recorded as share capital issued plus any additional consideration in the form of cash or other assets and the amount of share capital held by the transferor is transferred to other equity. The acquirer's shares issued in consideration for the acquired entities or businesses are recognized from the moment the acquired entities or businesses are included in these

financial statements and the financial statements are combined under common control, retrospectively, as if the transaction had occurred at the beginning of the earliest reporting period presented. Acquisition-related costs are expensed as incurred.

d. Property, Plant and equipment

Recognition and measurement

Items of property, plant and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use. The cost of self-constructed assets includes the cost of materials, direct labour, and any other costs directly attributable to bringing the assets to a working condition and location for their intended use

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

When parts of an item of property, plant and equipment having significant cost have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Gains or losses on disposal of an item of property, plant and equipment is recognised in the Statement of Profit and Loss.

All spare parts which are expected to be used for more than one accounting period are capitalised as property, plant and equipment.

Capital work-in-progress is stated at cost, net of impairment loss, if any.

The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The carrying amount of the replaced part is derecognized. The costs of the day-to-day servicing of property, plant and equipment are recognized in the Statement of Profit and Loss as incurred.

Depreciation is provided on cost of items of property, plant and equipment less their estimated residual values over their estimated useful lives using straight line method.

The depreciation charged on all property, plant and equipment is on the basis of useful life specified in Part "C" of Schedule II to the Companies Act, 2013 which represents useful lives of the assets.

On assets sold, discarded, etc., during the year, depreciation is provided up to the date of sale/discard. Depreciation has been calculated on a pro-rata basis in respect of acquisition/installation during the year.

Freehold land is not depreciated.

Depreciation methods, useful lives and residual values are reviewed atleast at each financial year end, and changes, if any, are accounted for prospectively.

e. Inventories

Inventories are valued at lower of cost or net realizable value. Cost of raw material comprise cost of purchase and is determined after rebate and discounts. Cost of work in progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity.

Cost of inventories also includes all other cost incurred in bringing the inventories to their present location and condition. Costs are determined on weighted average cost basis.

Waste material is valued at net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. When a decline in the price of materials indicates that the cost of the finished products exceeds net realisable value, the materials are written down to net realisable value. Net realizable value of raw material is determined with reference to the replacement cost of the raw materials.

f. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Recognition and initial measurement

(i) Financial assets

Financial assets are classified, at initial recognition as subsequently measured at amortised cost, fair value through other comprehensive income (FVOCI), and fair value through profit or loss (FVTPL).

With the exception of trade receivables that do not contain a significant financing component, the Company initially measures financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables do not contain a significant financing component and are measured at the transaction price determined under Ind AS 115. Refer to the accounting policies in section (j) Revenue recognition.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the marketplace (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Classification and subsequent measurement

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not

designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in

the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. The Company elected to classify irrevocably its non-listed equity investments under this category. If the Company decides to classify an equity instrument as at FVOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to the Statement of Profit and Loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

All financial assets not classified as measured at amortised cost or FVOCI are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Impairment

The Company recognizes loss allowance using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables is measured at an amount equal to lifetime ECL. For all financial assets with contractual cash flows other than trade receivable, ECLs are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of ECLs (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is recognised as an impairment gain or loss in the Statement of Profit and Loss.

(ii) Financial liabilities

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in the Statement of Profit and Loss. Other financial liabilities are

subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in the statement of Profit and Loss. Any gain or loss on derecognition is also recognised in the Statement of Profit and Loss.

(iii) Offsetting

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the assets and settle the liabilities simultaneously.

Derecognition

(i) Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

(ii) Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in the Statement of Profit and Loss.

g. Impairment of non-financial assets

The Company's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss. Impairment loss recognised in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis.

An impairment loss in respect of goodwill is not subsequently reversed. In respect of other assets for which impairment loss has been recognized in prior periods, the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in estimate used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognized.

h. Employee benefits

Short-term employee benefits:

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the

related service is provided. Employee benefit liabilities such as salaries, wages, casual leave allowance and bonus, etc. that are expected to be settled wholly within twelve months after the end of the year in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting year and are measured at an undiscounted amount expected to be paid when the liabilities are settled.

Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays specified contributions to a separate entity and has no obligation to pay any further amounts.

Provident Fund and Employees State Insurance: The Company makes specified monthly contributions towards employee provident fund and employee state insurance to Government administered fund which is a defined contribution plan. The Company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service and also includes contribution to national pension scheme.

Superannuation fund: The Company makes specified monthly contribution towards superannuation fund to Superannuation Trust which is managed by the Life Insurance Corporation of India ("LIC").

Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, discounting that amount and deducting the fair value of any plan assets.

The Company has following defined benefit plan:

Gratuity: The Company's gratuity scheme is a defined benefit plan. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation carried out by an independent actuary, using the Projected Unit Credit Method, which recognises each period of service as giving rise to

additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation is measured as the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plans is based on the market yields on Government securities as at the balance sheet date for the estimated term of the obligation.

Remeasurements of the defined benefit liability, which comprise actuarial gains and losses are recognized in OCI.

Other employee benefits plan

Compensated absences: Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year end are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end. Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long-term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using market yields on Government securities. Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss in the period in which they arise. Past-service costs are recognised immediately in the Statement of Profit and Loss.

i. Provisions and contingent liabilities

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the amount of time value of money is material provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and

the risks specific to the liability. The unwinding of the discount is recognized as finance cost. Expected future operating losses are not provided for.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the possibility of an outflow of economic benefits is remote.

j. Revenue Recognition

Revenue from contracts with customers is recognised when control of the goods are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company has generally concluded that it is the principal in its revenue arrangements because it typically controls the goods before transferring them to the customer.

i. Sale of goods

Revenue from sale of products is recognised at the point in time when control of the asset is transferred to the customer. In case of domestic sales, control is transferred on actual delivery of goods and in case of export sales which are secured against letter of credit, control is transferred at the time of bill of lading and in case of other export sales, control is transferred when payment is received. Amounts disclosed as revenue are net of returns and allowances, trade discounts and rebates. The Company collects Goods and Services Tax on behalf of the government and therefore, these are not economic benefits flowing to the Company. Hence, these are excluded from the revenue.

Revenue is measured based on the transaction price, which is the consideration, adjusted for variable consideration such volume discounts, cash discounts etc. as specified in the contract with the customer.

Contract asset is the entity's right to consideration in exchange for goods or services that the entity has transferred to the customer. A contract asset becomes a receivable when the entity's right

to consideration is unconditional, which is the case when only the passage of time is required before payment of the consideration is due. Contract assets are disclosed in Note 8 as Trade Receivables.

Contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract. Contract Liabilities are disclosed in Note 24 as Advances received from Customers.

ii. Rendering of services

Revenue from sale of services is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured and is recognized in the Statement of Profit and Loss in proportion to the stage of completion of the transaction at the reporting date

iii. Duty Drawback and other export benefits

The revenue in respect of duty drawback and similar other export benefits is recognised on accrual (subsequent to recording of export sales) basis at the rate at which the entitlements accrue.

Use of significant judgements in revenue recognition:

- a) Judgement is also required to determine the transaction price for the contract. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, price concessions and incentives. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue

recognised will not occur and is reassessed at the end of each reporting period. The Company allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.

- b) The Company uses judgement to determine an appropriate selling price for a performance obligation. The Company allocates the transaction price to each performance obligation on the basis of the relative selling price of each distinct product promised in the contract.
- c) The Company's performance obligation under revenue contracts, is satisfied at a point in time and judgement is exercised in determining point in time.

iv. Other income

Interest income or expense is recognised using the effective interest method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability

When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. Interest income is included in other income in the Statement of Profit and Loss.

k. Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration

Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component

on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non- lease components

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right- of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognized in the Statement of Profit and Loss

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance

fixed lease payments. The company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and the Statement of Profit and Loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in the Statement of Profit and Loss.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

I. Income tax

Income tax comprises current and deferred tax. Current tax expense is recognized in the Statement of Profit and Loss except to the extent that it relates to items recognized directly in other comprehensive income or equity, in which case it is recognized in other comprehensive income or equity.

i. Current tax

Current tax comprises the expected tax payable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

ii. Deferred tax

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognized in respect of carried forward tax losses and tax credits. Deferred tax is not recognized for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- temporary differences related to investments in subsidiaries to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognized to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company recognizes a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realized. Deferred tax assets – unrecognized or recognized, are reviewed at each reporting date and are recognized/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be real.

m. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

In accordance with Ind AS 108 – Operating Segments, the operating segments used to present segment information are identified on the basis of internal reports used by the Company's Management to allocate resources to the segments and assess their performance.

The Board of Directors is collectively the Company's 'Chief Operating Decision Maker' or 'CODM' within the meaning of Ind AS 108. The Company has only one reportable business segment i.e manufacture of cotton yarn.

n. Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

o. Earnings per share

Basic earnings per equity share is computed by dividing:

- the net profit attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus element in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share adjusts the figures used in the determination of basic earning per share to take into account:

- the after-income tax effect of interest and other financing cost associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

p. Borrowing cost

Borrowing costs are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

q. Government grant

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received, and the Company will comply with all attached conditions.

Government grants relating to income are deferred and recognised in the Statement of Profit and Loss over the period necessary to match them with the costs that they are intended to compensate and presented within other operating income/other income.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to the Statement of Profit and Loss on a straight-line basis over the expected lives of the related assets and presented within other income.

Export benefits are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same.

r. Foreign currency transactions and translation

Company's functional currency is Indian Rupee (INR) and the financial statements are presented in Indian Rupee (INR).

Transactions in foreign currencies are translated into the functional currency of the Company at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. The resulting difference is recorded in the Statement of Profit and Loss.

Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognised in the Statement of Profit and Loss.

The Company uses derivative financial instruments such as forward exchange contracts to hedge its risk associated foreign currency fluctuations. Such derivatives are stated at fair value. Any gains or losses arising from changes in fair value are taken directly to the Statement of Profit and Loss.

s. Changes in Accounting Policies

Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified Ind AS 116 Leases which replaces the existing lease standard, Ind AS 17 Leases, and other interpretations. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on-balance sheet lease accounting model for lessees. This has resulted in recognizing right of use assets and lease liabilities as on April 1, 2019

The Company has adopted Ind AS 116, effective annual reporting period beginning April 1, 2019 and applied the standard with modified retrospective approach. The adoption of this standard did not have any impact on the financial statement of the Company.

t. Recent accounting pronouncements Standards issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from 1 April 2020.

** The Company has been accruing interest subsidy on the term loan taken for installation of plant and machinery, eligible under Technology Upgradation Fund ("TUF") schemes issued by the Ministry of Textiles. During the current year, inspections have been carried out by authorities and have shared their draft observations with the Company, in respect of the certain interpretations made in the earlier years for computation of TUF subsidy. Basis such discussions with the authorities and draft observations received, the management has recorded a provision of Rs. 282.27 lacs (including interest) (refer note 25) in respect of the amounts which had already been received in the prior years by erstwhile Textile Division of DCM Limited and have, also, recognized an impairment allowance of Rs. 24.03 lacs (refer note 12) against receivables from the authorities in respect of TUF subsidy. Cumulatively, this has led to recognition of expense of Rs. 306.30 lacs (refer note 33) in the Statement of Profit and Loss for the year ended March 31, 2020

Note 36 : Earnings per share (EPS)

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of Equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit attributable to equity holders by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

Note 40 : Provision against electricity duty on open access power

The Company has filed writ petition in 2014 before Punjab And Haryana High Court challenging the charge of electricity duty on the power purchased through inter-state short term open access. Dakshin Haryana Bijli Vitran Nigam (DHBVN) issued a sales circular no. 7/2010 clarifying the levy of electricity duty @ Rs. 0.10/KWH chargeable to the open access consumers on the power contracted and drawn. This has been challenged by the Company in front of "High Court of Punjab and Haryana" at Chandigarh and order is pending. Further, on a prudent basis, the Company is carrying provision of Rs. 312.28 lacs (refer note 25) in the books of accounts equivalent to the amount under dispute.

Particulars	For the year ended March 31, 2020	For the year ended March 31, 2019 (Restated)
Financial assumptions		
Discount rate per annum	6.79%	7.50%
Future salary growth rate	5.00%	6.00%
Demographic assumptions		
Retirement age (years)	58 years	58 years
Mortality rates inclusive of provision for disability	"IALM(2012-14) ultimate"	"IALM (2006-08) ultimate"
Attrition rate		
Upto 30 years	5.84%	3.00%
31 to 44 years	2.19%	2.00%
Above 44 years	0.73%	1.00%

Note: As at March 31, 2020, the weighted average duration of the defined benefit obligation was 16.50 years (March 31, 2019 : 17.99 years)

v) Bifurcation of actuarial gain/ loss on obligation

(Rupees in lacs)

Particulars	For the year ended March 31, 2020	For the year ended March 31, 2019 (Restated)
Actuarial (gain)/loss on arising from change in demographic assumption	0.22	4.47
Actuarial (gain)/loss on arising from change in financial assumption	(13.64)	-

(Rupees in lacs)

Particulars	For the year ended March 31, 2020	For the year ended March 31, 2019 (Restated)
Gratuity	100.91	93.02

vii) Sensitivity analysis

The sensitivity of defined benefit obligation to changes in the weighted principal assumptions is :

(Rupees in lacs)

Particulars	For the year ended March 31, 2020		For the year ended March 31, 2019 (Restated)	
	Increase in obligation	Decrease in obligation	Increase in obligation	Decrease in obligation
Discount rate per annum (0.50 %)	(21.06)	22.79	(19.20)	21.01
Future salary growth rate (0.50 %)	23.08	(21.50)	21.21	(19.54)

Notes to financial statements for the year ended March 31, 2020 ... (Contd.)

Above sensitivity analysis is based on a change in assumption while holding all the other assumptions constant. In practice, this is unlikely to occur, and change in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognized in balance sheet.

viii) Maturity profile

The table below shows the expected cash flow profile of the benefits to be paid to the current membership of the plan based on past service of the employees as at the valuation date:

(Rupees in lacs)

Particulars	March 31, 2020	March 31, 2019 (Restated)
Year 1	130.91	118.47
Year 2	10.32	5.25
Year 3	20.62	6.95
Year 4	155.07	5.65
Year 5	13.66	11.69
Year 6	8.86	7.02
Next to 6 years	270.74	408.89

ix) Description of Risk Exposures:

The gratuity scheme is a final salary Defined Benefit Plan that provides for lump sum payment made on exit either by way of retirement, death, disability or voluntary withdrawal. The benefits are defined on the basis of final salary and the period of service and paid as lump sum at exit. The plan design means the risk commonly affecting the liabilities and the financial results are expected to be

- Interest rate risk: The defined benefit obligation calculated uses a discount rate based on government bonds, if bond yield fall, the defined benefit obligation will tend to increase
- Salary inflation risk: Higher than expected increases in salary will increase the defined benefit obligation.
- Demographic risk: This is the risk of variability of results due to unsystematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined benefit obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria.

The Company's borrowings have been contracted at floating rates of interest. Accordingly, the carrying value of such borrowings (including interest accrued but not due) approximates fair value.

* The carrying amounts of trade receivables, trade payables, cash and cash equivalents, bank balances other than cash and cash equivalents, loans and other financial assets and liabilities, approximates the fair values, due to their short-term nature. The carrying value of loans and other non-current financial assets and other non-current financial liabilities approximates the fair values as on the reporting date.

There have been no transfers between Level 1, Level 2 and Level 3 for the years ended March 31, 2020 and March 31, 2019.

Valuation technique used to determine fair value

The fair values of Long term interest-bearing borrowings and loans are determined by using Discounted Cash Flow (DCF) method using risk free rate, adjusted for risk premium and other factors that market participants would take into account in the circumstances, as discount rate at the end of the reporting period. The own nonperformance risk was assessed to be insignificant. Other non-current assets and liabilities are evaluated by the Company based on parameters such as interest rate, risk factors, risk characteristics and individual credit-worthiness of the counterparty. Based on this evaluation, allowances are taken into account for the expected losses.

b. Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- Credit risk ;
- Liquidity risk ; and
- Market risk

Notes to financial statements for the year ended March 31, 2020 ... (Contd.)

Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors have authorized senior management to establish the processes, who ensures that executive management controls risks through the mechanism of properly defined framework.

The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risks limits and controls, to monitor risks and adherence to limits. Risk management policies are reviewed regularly to reflect changes in market conditions and the Company's activities.

(i) Credit risk

The maximum exposure to credit risks is represented by the total carrying amount of these financial assets in the balance sheet

(Rupees in lacs)

Particulars	Gross carrying amount	
	As at March 31, 2020	As at March 31, 2019 (Restated)
Trade receivables (net of allowances for expected credit loss)	5,662.44	6,630.23
Cash and cash equivalents	22.46	1,015.82
Balances other than cash and cash equivalents	79.84	0.14
Loans	38.05	356.72
Other financial assets	780.51	775.63

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers.

The maximum exposure to the credit risk at the reporting date is primarily from domestic trade receivables as export receivables are secured through letter of credit and are derived from revenue earned from customers primarily located to China and Bangladesh. Domestic trade receivables are generally unsecured and are derived from revenue earned from customers primarily located in India. The Company continuously monitors the economic environment in which it operates. The Company manages its Credit risk through credit approvals, establishing credit limits and continuously monitoring credit worthiness of customers to which the Company grants credit terms in the normal course of business.

Majority of trade receivables are from customers, which are fragmented and are not concentrated to individual customers. Trade receivables are generally realized within the credit period.

The Company has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience (including of the period prior to acquisition of the related business) and adjusted for forward-looking information. The expected credit loss allowance is based on the ageing of the days the receivables are due and are not expected to be recoverable. Ageing matrix is disclosed below:

The Company's exposure to credit risk for trade receivables are as follows:

(Rupees in lacs)

Particulars	Gross carrying amount	
	As at March 31, 2020	As at March 31, 2019 (Restated)

*Changes are resulting from trade receivables recognized during the year

(ii) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they fall due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company believes that its liquidity position, anticipated future internally generated funds from operations, and its fully available, revolving undrawn credit facility will enable it to meet its future known obligations in the ordinary course of business. However, if a liquidity needs were to arise, the Company believes it would be able to approach and materialize new financing arrangements, which should enable it to meet its ongoing capital, operating, and other liquidity requirements. The Company will continue to consider various borrowing or leasing options to maximize liquidity and supplement cash requirements as necessary.

The Company's liquidity management process as monitored by management, includes the following:

- Day to day funding, managed by monitoring future cash flows to ensure that requirements can be met.
- Maintaining rolling forecasts of the Company's liquidity position on the basis of expected cash flows.
- Maintaining diversified credit lines.

I. Financing arrangements

* Contractual cash flow includes the interest to be incurred and paid in subsequent periods.

iii. Market risk

Market risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: currency risk and interest rate risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

Currency risk

Currency risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company is exposed to the effects of fluctuation in the prevailing foreign currency exchange rates on its financial position and cash flows. Exposure arises primarily due to exchange rate fluctuations between the functional currency and other currencies from the Company's operating, investing and financing activities.

Exposure to currency risk

Sensitivity analysis

A reasonably possible strengthening (weakening) of the Indian Rupee against below currencies at March 31, 2020 (previous year ended as on March 31, 2019) would have affected the measurement of financial instruments denominated in functional currency and affected equity and profit or loss by the amounts shown below. This analysis is performed on foreign currency denominated monetary financial assets and financial liabilities outstanding as at the year end. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

Foreign exchange derivative contracts

The Company uses derivative financial instruments exclusively for hedging financial risks that arise from its commercial business or financing activities. The Company's Corporate Treasury team manages its foreign currency risk by hedging transactions that are expected to occur within of 1 to 12 months for hedges of forecasted sales and purchases. When a derivative is entered into for the purpose of being a hedge, the Company negotiates the terms of those derivatives to match the terms of the hedged exposure. For hedges of forecast transactions the derivatives cover the period of exposure from the point the cash flows of the transactions are forecasted up to the point of settlement of the resulting receivable or payable that is denominated in the foreign currency. All identified exposures are managed as per the policy duly approved by the Board of Directors.

The following table details the foreign currency derivative contracts outstanding at the end of the reporting period:

The following table details the Company's sensitivity to a 1% increase and decrease in the Rs. against the relevant foreign currency. The sensitivity analysis includes only outstanding forward exchange contracts as tabulated above and adjusts their translation at the period end for 1% change in foreign currency rates. A positive number below indicates an increase in profit before tax or vice-versa.

Interest rate risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's main interest rate risk arises from long-term borrowings with variable rates, which exposes the Company to cash flow interest rate risk.

Exposure to interest rate risk

The Company's interest rate risk arises majorly from the term loans from banks carrying floating rate of interest. These obligations expose the Company to cash flow interest rate risk. The exposure of the Company's borrowing to interest rate changes as reported to the management at the end of the reporting period are as follows:

(Rupees in lacs)

Particulars	As at	As at
	March 31, 2020	March 31, 2019 (Restated)
Term loans from banks	5,429.23	5,930.91
Loans repayable on demand from banks	12,496.98	11,676.87
Total	17,926.21	17,607.78

Cash flow sensitivity analysis for variable-rate instruments

A reasonably possible change of 100 basis points (bps) in interest rates at the reporting date would have increased (decreased) equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant.

(Rupees in lacs)

Particulars	Profit or (loss) before tax		Credit or (debit) to equity (net of tax)

Note 45 :Internal financial controls

The Company is in process of establishing its internal financial controls over financial reporting with reference to these financial statements on criteria based on or considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Note 46 :Capital management

For the purpose of the Company's capital management, capital includes issued equity share capital, share premium and all other equity reserves attributable to the equity holders of the parent. The primary objective of the management of the Company's capital structure is to maintain an efficient mix of debt and equity in order to achieve a low cost of capital, while taking into account the desirability of retaining financial flexibility to pursue business opportunities and adequate access to liquidity to mitigate the effect of unforeseen events on cash flows.

Notes to financial statements for the year ended March 31, 2020 ... (Contd.)

The Company monitors capital on the basis of the debt to capital ratio, which is calculated as interest-bearing debts adjusted with available cash and bank balances divided by total capital (equity attributable to owners of the parent).

(Rupees in lacs)

Particulars	As at March 31, 2020	As at March 31, 2019 (Restated)

Adjusted net debt to total equity ratio (A/B)	1.16	1.11

Note 47 : Impact of Covid-19

In the month of March 2020, the World Health Organization declared COVID-19 to be a pandemic. The Company has evaluated the effect of the pandemic on its business operations and on the carrying amounts of receivables, inventories, tangible and intangible assets and other assets/ liabilities and based on such evaluation the Company believes that there is no material impact to be incorporated in these financial statements. In developing the assumptions relating to the possible future uncertainties in the economic conditions because of the pandemic, the Company has considered internal and external information available till the date of approval of these financial statements. In the above context and based on the current estimates, the Company does not foresee any material adverse impact in the medium to long term on the business, its liquidity and the ability to service its debt or other obligations. The overall economic situation being uncertain due to the evolving scenario of the pandemic, the Company would continue to closely monitor any developments in future economic conditions as they emerge and consider their impact on the financial statements of the relevant periods.
