1 As the company's business activity falls within a single primary business segment viz "Investments", the disclosure requirements of Ind AS 108 "Operating Segments" is not applicable.

The above results as reviewed by the Audit Committee have been approved by Board of Directors at their meeting held on June 25, 2021 The Board of Directors has proposed a dividend of 15% i.e. Rs.1.50 per share of the face value Rs.10/- per share for the Financial year 2020-2021. The company has adopted Indian Accounting Standards ('Ind AS') as notified under Section 133 of the Companies Act 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules 2015 from April 1, 2019 and the effective date of such transition is April 1, 2018. Such transition has been carried out from the erstwhile Accounting Standards notified under the Act, read with relevant rules issued there under and guidlines issued

by the Reserve Bank of India ('the RBI') and other generally accepted accounting principles in India (collectively referred to as 'the Previous GAAP'). The impact of above transition has been recorded in the opening reserves as at April 1, 2018 and the corresponding figures pertaining to comparative previous period as presented in these financial results have been restated / reclassified in order to confirm to current period

presentation. These financial results may requires further adjustments, if any, necessitated by guidlines/clarifications/directions issued in the future by RBI, Ministry of Corporate Affairs or other rugulators, which will be implemented as and when the same are issued/made applicable. The outbreak of COVID-19 continues to spread across the globe and India, which has contributed to a significant decline and volatility in global and Indian Financial Markets and a significant decrease in the economic activities. On 11 March 2020, the COVID-19 outbreak was declared as a global pandemic by the World Health Organisation. On 24 March 2020 the Indian Government had announced a strict 21 day lockdown which kept on getting extended across the country with gradual and modest relaxations, from time to time. Given the dynamic nature of the pandemic situation, the carrying value of the Company's investment as at March 31, 2021, may be affected by the severity and duration of the outbreak.; however the Company believes that it has taken into account all the possible impact of known events arising out of COVID 19 pandemic in the preparation of financial results resulting out of fair valuation of these investments and stock in trade of various financial instruments. However the impact assessment of COVID 19 is a continuing process given its nature and duration. The Company will continue to monitor for any material changes

to future economic conditions. 6 Pursuant to the enactment of the Taxation Law (Amendment) Act, 2019 ('The Ammendment Act') which is effective from April 1,2019, The Company has chosen an option to pay corporate tax at the rate of 22% plus applicable surcharge and cess subject to compliance with certain conditions with effect from year ended 31st March 2021 onwards.

7 The figures of the last quarters are the balancing figures between the audited figures in respect of the full financial year and the unaudited published year to date figures upto the third quarter of the respective financial year.
