M/s T R Chadha & Co. LLP, Chartered Accountants have also carried out Limited Review of the unaudited results for the quarter and half year ended 30" September,
- 2. The above is an extract of the detailed format of the standalone and consolidated Financial Results for the guarter and half year ended 30" September, 2022, filed with the Stock Exchanges under Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. - 3. The Company has recognised deferred tax assets on its unabsorbed depreciation and business losses carried forward till financial year 2019-20. The Company has executed flat / plot sale agreements with the customers against which the Company has also received advances, as disclosed in Note 24 of the financial statements. Revenue in respect of such sale agreements will get recognised in future years on completion of projects. Based on these sale agreements, the Company has certainty as on the date of the balance sheet, that there will be sufficient taxable income available to realise such assets in the near future. Accordingly, the Company has created deferred tax assets on its carried forward unabsorbed depreciation and business losses. The company is also planning to sell some of its identified assets.
- The Company has incurred cash losses during the current and previous years. Due to continued recession in the real estate sector owing to slow down in demand, the Company is facing tight liquidity situation as a result of which there have been delays/defaults in payment of principal and interest on borrowings, statutory liabilities, salaries to employees and other dues. Also, the Company continues to face lack of adequate sources of finance to fund execution and completion of its ongoing projects resulting in delayed realisation from its customers and lower availability of funds to discharge its liabilities. The company is continuously exploring alternate sources of finance, including sale of non-core assets to generate adequate cash inflows for meeting these obligations and to overcome this liquidity crunch. In the opinion of the Management, no adverse impact is anticipated on future operations of the company.

Figures for the previous quarter / period have been regrouped, wherever necessary, for the purpose of comparison.
