1. We have reviewed the accompanying Statement of Standalone Unaudited Financial Results of **BOSCH LIMITED** ("the Company"), for the quarter ended June 30, 2021 ("the Statement"), being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended.
2. This Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity', issued by the Institute of Chartered Accountants of India (ICAI). A review of interim financial information consists of making inquiries, primarily of the Company's personnel responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as stated in paragraph 3 above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Bengaluru, India – Bosch Limited, a leading supplier of technology and services, posted total revenue from operations of INR 2,444 crores in Quarter 1 of FY 2021–22, an increase of 146 percent. The increase is due to lower base and recovery in sales as the lockdown restrictions eased across states in the country in June’21.

Profit before tax stood at INR 335 crores. This is 13.7 percent of total revenue from operations. Profit after tax stood at INR 260 crores. This is 10.6 percent of revenue from operations.

“While the industry has shown continued signs of recovery since the second quarter of FY2020-21, the second wave of Covid-19 induced an undeniable pressure on the Indian automotive sector with a surge in infections, localized lockdowns, and lowered demand sentiment. The intensifying second wave proved a challenge for several OEMs across the country, causing them to cut production or suspend operations,” said Soumitra Bhattacharya, Managing Director, Bosch Limited and President of the Bosch Group in India. “Given the uncertain economic environment, the impending third wave of COVID-19 and unpredictability in the international supply chain, we would like to maintain a cautious business outlook for rest of FY2021-22,” he added.
