Wildfires threaten Europe again

Another heat wave bakes France, Spain and Portugal

AGENCIES / Paris

Wildfires have torn through parts of France, Spain and Portugal as heatwaves baked Europe, and the head of the European Space Agency urged immediate action to fight climate crisis. More than 1,000 firefighters were struggling on Thursday to contain a major wildfire, which has burned a large area of pine forest in southwestern France, in a region that was already ravaged by flames last month.

Local authorities said more than 68 square km have burned since Tuesday in the Gironde region and neighbouring Landes as France,

like other European countries, sweaters through a hot and dry summer. Temperatures were expected to reach 40 C (104 F) on Thursday in the region. The blaze forced the evacuation of about 10,000 people and destroyed at least 16 houses.

Spanish state television showed dozens of trucks having to turn around and stay in Spain because of a border closure due to the fire raging in France. TVE reported that trucks, many carrying perishable goods, were looking for ways to cross the border because the parking areas in and around the Iron crossing are full.

A major highway near the French city of Bordeaux was also closed. Photos released by firefighters showed flames raging through pine forests overnight, sending clouds of smoke in the air and illuminating the sky with intense orange light.

China blocks US-India bid to blacklist Azhar's brother

China's doublespeak exposed: Sources

NEW DELHI: China's doublespeak and double standards against the battle against terrorism have been exposed by its actions at the UN Security Council, government sources said on Thursday. Such politically motivated actions by China, in nearly every listing case of a Pakistan-based terrorist, undermine the entire sanctity of the working methods of the UNSC Sanctions Committees, the sources said.

2010.

On Wednesday, sources said China put a hold on a proposal by India and the US to designate Azhar as a global terrorist and subject him to assets freeze, travel ban and arms embargo.

This is the second time in less than two months that China has put a hold on a listing by the US and India to blacklist a Pakistan-based terrorist under the sanctions committee of the UN Security Council.

In June this year, China had put a hold, at the last moment, on a joint proposal by India and the US to list Pakistan-based terrorist Abdul Rehman Makki under the 1267 Al-Qaida Sanctions Committee of the UN Security Council.

China overtakes US in scientific research output TOKYO: China has overtaken US as the world leader in both scientific research output and "high impact" studies, as per a report published by Japan's science and technology ministry. The report, published by Japan's National Institute of Science and Technology Policy (NISTP) on Tuesday, found that China now publishes the highest number of scientific research papers yearly, followed by the US and Germany, the Guardian reported.

Wildfires threaten Europe again

Another heat wave bakes France, Spain and Portugal

AGENCIES / Paris

Wildfires have torn through parts of France, Spain and Portugal as heatwaves baked Europe, and the head of the European Space Agency urged immediate action to fight climate crisis. More than 1,000 firefighters were struggling on Thursday to contain a major wildfire, which has burned a large area of pine forest in southwestern France, in a region that was already ravaged by flames last month.

Local authorities said more than 68 square km have been burned since Tuesday in the Gironde region and neighbouring Landes as France, like other European countries, swelters through a hot and dry summer.

Temperatures were expected to reach 40 C (104 F) on Thursday in the region.

The blaze forced the evacuation of about 10,000 people and destroyed at least 16 houses.

Spanish state television showed dozens of trucks having to turn around and stay in Spain because of a border closure due to the fire raging in France. TVE reported that truckers, many

A silhouette is seen in front of flames at a wildfire near Belin-Beliet, southwestern France, on Thursday

carrying perishable goods, were looking for ways to cross the border because the parking areas in and around the Iron crossing are full. A major highway near the French city of Bordeaux was also closed. Photos released by firefighters showed flames raging through pine forests overnight, sending clouds of smoke in the air and illuminat-

ing the sky with intense orange light. 'Extreme heat' Britain's Met Office on Thursday issued a four-day "extreme heat" warning for parts of England and Wales.

With a dangerous cocktail of blistering temperatures, tinderbox conditions and wind fanning the flames in France, Pres-

ident Emmanuel Macron said several European Union nations were deploying reinforcements to help beat back the blaze.

In Portugal, more than 1,500 firefighters spent a sixth day fighting a wildfire in the central Covilha region that has burned 10,500 hectares (40 square miles), including parts of the Serra da Estrela national park. In Spain, electrical storms triggered new wildfires and hundreds of people were evacuated from the path of one blaze in the province of Caceres.

Swiss army helicopters have been drafted in to airlift water to thirsty cows, pigs and goats sweltering under a fierce sun in the country's Alpine meadows.

China blocks US-India bid to blacklist Azhar's brother

AGENCIES / United Nations

China has put a hold on a proposal by the US and India at the United Nations to blacklist Abdul Rauf Azhar, the brother of Jaish-e Mohammed (JEM) chief Masood Azhar and a senior leader of the Pakistan-based terror organisation.

Abdul Rauf Azhar, born in 1974 in Pakistan, was sanc-

tioned by the US in December 2010.

On Wednesday, sources said China put a hold on a proposal by India and the US to designate Azhar as a global terrorist and subject him to assets freeze, travel ban and arms embargo.

This is the second time in less than two months that China has put a hold on a listing by

the US and India to blacklist a Pakistan-based terrorist under the sanctions committee of the UN Security Council.

In June this year, China had put a hold, at the last moment, on a joint proposal by India and the US to list Pakistan-based terrorist Abdul Rehman Makki under the 1267 Al-Qaida Sanctions Committee of the UN Security Council.

China overtakes US in scientific research output

AGENCIES / Tokyo

China has overtaken US as the world leader in both scientific research output and "high impact" studies, as per a report published by Japan's science and technology ministry.

The report, published by

Japan's National Institute of Science and Technology Policy (NISTP) on Tuesday, found that China now publishes the highest number of scientific research papers yearly, followed by the US and Germany, the Guardian reported.

The figures were based on year-

ly averages between 2018 and 2020, and drawn from data compiled by the analytics firm Clarivate.

The Japanese NISTP report also found that Chinese research comprised 27.2 per cent of the world's top 1 per cent most frequently cited papers.

China's doublespeak exposed: Sources

NEW DELHI: China's doublespeak and double standards against the battle against terrorism have been exposed by its actions at the UN Security Council, government sources said on Thursday. Such politically motivated actions by China, in nearly every listing case of a Pakistan-based terrorist, undermine the entire sanctity of the working methods of the UNSC Sanctions Committees, the sources said.
