**Sub: Intimation of Virtual Discussion -  STLescope Tech Talk**

**Ref.: Scrip ID - STRTECH/ Scrip Code – 532374**

Dear Sir/Madam,

Pursuant to Regulation 30(6) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we wish to inform you, that the Company has scheduled a virtual discussion with industry experts **"STLescope Tech Talk"** as under -

| Date & Time | Name | Venue |
|---|---|---|
| Friday, March 19, 2021<br><br>16:30 to 17:30 hrs IST | STLescope Tech Talk | Virtual Meet |

Further details are enclosed herewith.

Pursuant to Regulation 46(2)(o) of the Regulations, the aforesaid information is also disclosed on the website of the Company i.e. www.stl.tech.

Kindly take the above on record.

Thanking you,

Yours faithfully,
For **Sterlite Technologies Limited**

**Amit Deshpande**
Company Secretary & Corporate General Counsel

# Simplifying the tech behind Digital Networks

## Let's understand Network Design

**STLescope** Tech Talk Series Part 3

**Date:** 19th March, 2021     **Time:** 16:30 to 17:30 IST

Greetings from STL!

World over digital networks and technologies are attracting sizeable investments. These digital networks of the future are being built in fundamentally different ways - they are closer to the edge, with fibre and wireless converged, and with disaggregated hardware and software. **Ever wondered how these future proof networks are designed?** Why is network design the most important part of the network creation cycle? And how are the challenges in current network design being addressed?

In an endeavour to simplify the upcoming technologies that drive value for digital networks of the future, we started this **STLescope Tech Talk Series**. In the **first two legs** of this Tech Talk Series, we uncovered technologies disrupting the wireless networks and explained why optical fibre networks are fundamentally better

Now, in the **third leg** of our journey to demystify complex technologies, on **March 19th, 2021**, we will unravel the most intellectual step in the entire network creation cycle, **Network Design**. Here is your chance to have an engaging discussion with our **CTO, Technology Solutions** and **General Manger, Technology Solutions** to understand how networks of future are designed and learn about latest developments in this space

**Sandeep Dhingra**

CTO, Technology Solutions

**Himanshu Kumar**

General Manager, Technology Solutions

Following this technology learning session, we will keep the floor open for Q&A to address your queries. We look forward to seeing you at the event.
