BSE Scrip Code: 532684	NSE Symbol: EKC NSE Series: EQ

Dear Sir / Madam,

Sub: Intimation pursuant to Regulation 30 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015

We, Everest Kanto Cylinder Limited, do hereby inform you that supplies of oxygen to our manufacturing facilities located in Tarapur (Maharashtra) and Kandla (Gujarat) have been restored to normal levels. Over the last few days, oxygen supplies had been curtailed to due to the significantly higher requirement from hospitals and other healthcare facilities. This had temporarily slowed down production at the company's units.

At present, demand for medical oxygen has increased due to the spread of Covid-19 infections in the country and it has been our endeavor to expand production of medical oxygen cylinders in full support of the country's fight against the pandemic.

We are India's largest manufacturer of high-pressure gas cylinders with annual manufacturing capacity of more than 700,000 cylinders. The company's product portfolio includes cylinders for a wide variety of applications including storage of medical oxygen used in the healthcare sector. Overall, cylinders manufactured by EKC are used for storage of a variety of gases such as CNG, Oxygen, Hydrogen, Nitrogen, Argon, Helium, Air etc, with usage across manufacturing, fire equipment/suppression systems, medical establishments, aerospace/defense, automobiles and some specialized areas.

You are thereby requested to take note of the same and oblige.

Thanking You,

Yours faithfully,

For Everest Kanto Cylinder Limited

Puneet Khurana
Managing Director
