Dear Sir / Madam,

Certificate under Regulation 40(9) of SEBI (Listing Obligations and Disclosure Requirements), Regulations, 2015 for the year ended 31st March 2023

We have examined all Share Transfer Deeds, Memorandum of Transfers, Registers, files and other documents relating to **Weizmann Limited** maintained by **Bigshare Services Private Limited**, Registrars and Share Transfer Agents of the Company pertaining to transfer, sub-division, consolidation, renewal, exchange or endorsement of calls/allotment monies of equity shares of the Company for the financial year ended **31st March 2023** for the purpose of issuing a Certificate as per Regulation 40(9) of SEBI (Listing Obligations and Disclosure Requirements), Regulations, 2015 and based on the information provided by the Company, I hereby certify that:

- A. There were no instances relating to transfer, sub-division, consolidation, renewal, exchange or endorsement of calls / allotment monies.
- B. There were no instances of split, remat, replacement, change of name, transposition of securities. One instance of deletion of name was within the stipulated period.

- C. The Company has not delivered share certificates in respect of two instances relating to transmission of securities and three instances for duplicate certificates within the permitted time.

The following reason was provided by the Registrar and Share Transfer Agents of the Company:

High volume of transaction requests received from shareholders after the intimation letters were sent to shareholders with respect to SEBI circular dated 3rd November, 2021 (Common and Simplified Norms for processing investor's service request and furnishing PAN, KYC details).

SEBI has also given simplified formats by issuing two circulars dated 18th May, 2022 and 25th May, 2022 (Simplification of procedure and standardization of formats of documents for transmission of securities and for issuance of duplicate securities), as a result the volume of investor service requests were high, due to which there was delay in processing requests.
