ing project developers to obtain a stay order from the high court. The Japanese ambassador advised the chief minister to reconsider the matter. "I shall be grateful if you have the matter re-examined in the context of honoring laws, and also in view of the fact that continuous investment in renewable energy is extremely important for protecting the environment and economic growth of your country," the letter said. The ambassador's missive to Jagannathan Reddy comes on the heels of similar letters from power minister RK Singh and the secretary in the ministry of new & renewable energy, Anand Kumar. Addressing a press conference last month, Reddy's principal advisor Ajay Kallam had made a specific reference to SB Energy. Kallam claimed that one of the projects won by SB Energy in an auction under the Solar Energy Corporation of India was later cancelled by SECI due to allegations of cartelisation. SECI is the nodal agency of the renewable energy ministry, responsible for conducting wind and solar auctions. Kallam went on to note that SB Energy had won a contract in Andhra Pradesh too. At a diplomatic outreach programme held in Vijaya Vittala last week, Jagannathan Reddy had said that while the role of foreign investors was crucial, distribution companies were in a bad shape and their interests also had to be considered. A win-win situation would have to be found, he added. Andhra Pradesh is one of the leaders in green energy with a commissioned capacity of 7,257 mw (of which solar power constitutes 999mw, and wind power is 3,978mw), according to renewable energy ministry's Bridge To India.

Global Factors 'Not Helping'

From Page 1

The Sensex and Nifty had gained over 2% in the last two sessions amid reports that the government may roll back higher surcharge on FPIs registered as trusts, which had led to a flight of foreign money from Indian equities. With finance ministry officials not assuring foreign fund representatives of a rollback in their meeting last week, analysts said sentiment is jittery.

Markets had recovered on hopes that things would get resolved quickly. That hasn't been the case yet. Global factors are not helping," said Andrew Holland, CEO, Avendus Capital Alternate Strategies.

"There is nothing to keep the market at higher levels at the moment," said Holland. The Sensex is down 6% since July.

FPIs sold shares worth ₹638.28 crore on Tuesday, extending their sale tally for July to ₹24,400 crore. In June, they bought shares worth ₹1,000 crore. Gold prices in Mumbai rose 0.41% to ₹1,550 per 10 gm — an all-time high. The rupee fell at 71.4 to a dollar — the lowest closing since February 7 — from the previous close of 71.8. Auto industry body SIAM reported on Tuesday that automobile sales in India dropped 18.7% in July, the sharpest decline in nearly two years, underscoring the downturn.

The earnings season is coming to an end and so far it has not been up to the mark. Earnings growth for Nifty is 4-5% year-on-year which is not giving comfort for the rest of the year," said Arsha Upadhyaya, CIO (equity) at Kotak Mahindra AMC.

Bank slumped 10% to a fresh five-year low while Mahindra & Mahindra, Bajaj Finance, DFC, Maruti Suzuki (India), Larsen & Toubro, Infosys, ITC, State Bank of India, ICICI Bank and TCS ended down 2-6%. The fall in the blue-chip stocks outweighed the surge in Reliance Industries, which gained nearly 10% after its AGM announcements.

Avendus' Holland is in no hurry to deploy money into stocks as of now.

At the moment, given global markets are facing problems, it is worth sitting on the sidelines till any package or announcement comes through," said Holland.
