DECLARATION BY INDEPENDENT DIRECTORS

Independent Directors are non-executive directors as defined under Regulation 16(1)(b) of the Listing Regulations, 2015 read with Section 149(6) of the Act along with rules framed there under. In terms of Regulation 25(8) of SEBI Listing Regulations, they have confirmed that they are not aware of any circumstance or situation which exists or may be reasonably anticipated that could impair or impact their ability to discharge their duties.

The maximum tenure of Independent Directors is in compliance with the Companies Act, 2013 (“the Act”) and the Listing Regulations. Based on the declarations received from the Independent Directors, the Board of Directors has confirmed that they meet the criteria of independence as mentioned under Regulation 16(1)(b) of the Listing Regulations, 2015 and that they are independent of the management.

The Independent Directors have also confirmed that they have registered themselves in the databank of persons offering to become Independent Directors.

Every Independent Director, at the first meeting of the Board in which he participates as a Director and thereafter at the first meeting of the Board in every financial year, gives a declaration that he meets the criteria of independence and submits the declaration regarding the status of holding other directorship and membership as provided under law.

Based on the intimations/disclosures received from the Directors periodically, none of the Director is a Director in more than 10 public limited companies (as specified in section 165 of the Act) and Director in more than 8 listed entities (as specified in Regulation 17A of the Listing Regulations, 2015) or acts as an Independent Director (including any alternate directorships) in more than 7 listed companies or 3 equity listed companies in case he/she serves as a Whole-time Director/Managing Director in any listed company (as specified in Regulation 17A of the Listing Regulations, 2015).

Further, none of the Directors on the Board is a Member of more than 10 Committees and Chairperson of more than 5 Committees (as specified in Regulation 26 of the Listing Regulations, 2015), across all the Indian public limited companies in which he/she is a Director.

EVALUATION OF INDIVIDUAL DIRECTORS, THE BOARD & ITS COMMITTEES:

Pursuant to the provisions of the Companies Act, 2013, and the corporate governance requirements as prescribed by the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements), Regulations 2015 (“SEBI Listing Regulations”); the Board of Directors have carried out an annual evaluation of its own performance as a whole, the directors individually as well as the evaluation of the working of its Committees.

The performance of the board was evaluated by the Board after seeking inputs from all the directors on the basis of criteria such as the board composition and structure, effectiveness of board processes, information and functioning, etc. Performance evaluation of independent directors was done by the entire Board, excluding the independent director being evaluated.

The performance of the committees was evaluated by the Board after seeking inputs from the committee members on the basis of criteria such as the composition of committees, effectiveness of committee meetings, etc.

In a separate meeting of independent directors, performance of non-independent directors, the Board as a whole was evaluated, taking into account the views of executive directors and non- executive directors.

The Board and the Nomination and Remuneration Committee reviewed the performance of individual directors on the basis of criteria such as the contribution of the individual director to the board and committee meetings like preparedness on the issues to be discussed, meaningful and constructive contribution and inputs in meetings, etc.

The Board of Directors expressed their satisfaction with the evaluation process.

MANAGEMENT DISCUSSION & ANALYSIS REPORT

INDUSTRY STRUCTURE AND DEVELOPMENT

GLOBAL

The global pulp and paper business is a significant economic sector, marked by applications in writing, printing and packaging. The global pulp and paper market was valued at around USD 387.6 billion in 2022 and is expected to surpass USD 477.7 billion by 2028 growing at a compounded annual growth rate (CAGR) of 3.5% during the forecast period. China, the United States and Japan remained the three largest paper-producing countries, accounting for over 50% of the global output. North America held the largest share of the world's pulp and paper market, catalyzed by increasing demand for packaging and consumer goods. India was the 15th largest global paper producer, marked by growing paper board consumption at a time when the North American and Europe markets are slowing. The one emerging trend is the growing gravitation towards ecofriendly production methods and the use of recycled materials. (source: researchandmarket.com)

Additionally, during this post pandemic period, the worldwide ocean freight prices were abnormally high; as a result, imported wastepaper prices were almost doubled. Consequently, the wastepaper based industries either slowed down their production or stopped paper production facilities. Apart from wastepaper prices, all other imported inputs like chemicals, imported spares parts, price were also high. Profit margins also shrink for export due to high ocean freight. This has resulted in increased cost of all inputs, raw material and fuel.

Newsprint

Demand for newsprint is expected to de-grow sharply by 30-35% on account of severe contraction of newspaper circulation and reduction in no of pages. Demand for newsprint is expected to de-grow at 4-5% CAGR between fiscals 2020 and 2025 on account of decrease in circulation of both vernacular as well as English newspapers due to increased Smartphone and internet penetration and shift in preference towards e-newspaper.

Writing & Printing

Quality printing and writing paper addresses the needs of modern print houses and the education sector (60%). This market segment is growing nominally following digitalisation even as the country's share of the global writing & printing paper segment is expected to increase from 7% to 11% by 2024. (source: technavio. com).

Packaging Grades

The global paper packaging market size reached US\$ 416.5 Billion in 2022 and is expected to reach US\$ 503.1 billion by 2028. More than 49% of the paper produced in India is used for packaging. (source: businesswire.com, care ratings)

DOMESTIC

The Indian Paper industry is expected to see increased demand coming from manufacturing sector, requirement of better quality packaging of FMCG products marketed through organised retail and the demand for the upstream market of paper products, such as copier paper, cup stock paper board, base paper for making straws & paper bags and other single use paper (SUP) products are expected to drive the paper & paper products market in India in coming years.

Paper consumption in India is approximately 22.05 MT and expected to reach 23.5 MT by 2025 (Source: Ministry of Commerce & Industry, Govt. of India), of which carton boards and container boards (corrugated boards) constitute the largest share of 55%, followed by writing and printing paper by 25%, specialty paper 10% and newsprint by 10%. Paper industry in India is expected to derive an annual average growth rate of 8-9% (Source: Money control) over the next 5 years led by a robust growth in packaging grade. Within consumer packaging segment it is expected to clock 9.5% CAGR in the same period driven by increased volumes in end-user segments such as household appliances, FMCG products, ready-made garments, pharmaceuticals and e-commerce. Further, the ban on single-use plastics is expected to fuel the demand for paper based alternatives.

India is arguably the fastest-growing paper market. The country's paper industry is projected to experience a sustained demand surge on account of a need for quality packaging boards in addition to a growing demand for valueadded paper (copier, cup stock, base paper for making straws and paper bags and other single-use paper products). India's paper and pulp domestic market size of \$10.6 Bn. Paper consumption in India was approximately 22.05 MT in FY23. Carton boards and container boards (corrugated boards) account for 55%, followed by writing and printing paper at 25%, specialty paper at 10% and newsprint at 10%. The country is expected to grow 6-7% a year to reach 30 million tonnes by FY 2026-27, catalysed by robust growth in the packaging board. The consumer packaging segment is expected to grow by 9.5% CAGR, driven by increased volumes of household appliances, FMCG products, ready-made garments, pharmaceuticals and e-commerce. The ban on single-use plastics is likely to increase the demand for paper-based alternatives. There has been a steady capacity increase in the packaging paper segment from FY2017 to FY2023; 2.4 lakh tonnes per annum has been added and another 4.0 lakh tonnes per annum is anticipated to be added by FY24. (Source: researchandmarkets.com)

STRENGTH & OPPORTUNITIES

The competitive strengths and the opportunities that are available to the Indian Paper Industry are:

- After the initial shocks of Covid-19 followed by subsequent lockdowns, the Indian paper industry's slow and steady growth has been accompanied by robust demand for paper especially in the packaging and writing & printing paper.
- While the Newsprint segment is facing challenges in the short term, we believe once normalcy returns; we shall see a V shaped recovery due to emergence of the demand.
- The impending changes in the education policy and curriculum are bound to create a huge demand for Newsprint and Writing & printing papers to meet the needs of new books etc.
- The Indian paper packaging industry is growing due to the rise in demand for better quality of paper packaging products, evolving consumer choices as well as shift towards eco-friendly & recyclable materials. Robust growth in e-commerce, FMCG, Consumer Goods & Pharma to drive paper board demand.
- With a number of countries replacing plastic bags with paper equivalents, paper industry opportunities are growing.

WEAKNESS & THREATS

The following competitive weaknesses and threats confront the Industry:

- The Indian paper industry is currently being crushed by a plenty of problems including the non-availability of waste paper, high prices for pulp, fibres and newsprint, container problems, including rising freight rates, increasing coal, chemicals and other inputs rates.
- Poor collection of used paper resulting in low recovery rate and undue dependence on imports to meet domestic needs.
- The domestic paper manufacturer woes, US and Europe which are the main sources of waste paper have increased the waste paper rates. In addition, the Russia-Ukraine crisis has added fuel to the fire, while the Indian government has imposed 2.5% basic customs duty on waste paper imports. The raw material shortage has resulted in domestic waste paper prices rising (Source: Business line).
- Freight charges to bring waste papers in 40 feet container has seen a sharp increase from \$2,800 to \$3,600. Prior to Covid-19 pandemic, it was below \$1,600-1,800. Added, the delivery of imported pulp and waste paper is also taking 4-6 months resulting in raw material scarcity (Source: Business line).
- In fiscal 2021, demand for newsprint is expected to de-grow sharply by 30-35% on account of severe contraction of newspaper circulation and reduction in no of pages. Demand for newsprint is expected to de-grow at 4-5% CAGR between fiscals 2020 and 2025 on account of decrease in circulation of both vernacular as well as English newspapers due to

increased Smartphone and internet penetration and shift in preference towards e-newspaper.

- Cyclical: Prices of paper are linked to global prevailing raw material prices and price of finished product. This industry is also highly cyclical in nature. Unchecked imports can prevent companies from passing on the increase in raw material prices.
- Increasing imports consequent on numerous Regional Trade Agreements (RTAs) / Free Trade Agreements (FTAs) entered into by the Govt without adequate safeguards.

Paper Industry is capital intensive and yields poor returns on investments. To enhance the competitiveness of the Industry, Govt must address the issues of creation of robust raw material base as well as extending fiscal incentives for assimilation of eco-friendly technologies, etc. International Competitiveness is the key issue that is confronting the Indian Paper Industry, today especially in the context of Government's resolve to bring down import tariff every year and RTAs/ FTAs entered into with ASEAN / SAARC countries. The major players, alive to the emerging international threats, have been aggressively pursuing quality improvement programmes, coupled with cost rationalisation and capacity additions. Increasingly, more up-to-date technologies are sought to be implemented, with added focus on environmental compliance.

SEGMENT WISE PERFORMANCE

The company is a single product company and hence, segment wise or product wise performance is not provided.

RISKS AND CONCERNS

- Digitalization: As the world shifts towards digital platforms, paper demand could decline.
- Volatility: Wastepaper and pulp are critical paper raw materials, around 57% of the cost of sales. These costs are subject to fluctuations, affecting profits.

FUTURE OUTLOOK

The demand for paper in India is growing at 6-7% per annum, making it one of the fastest growing markets in the world. India's Paper Industry has made substantial investments over time to increase production capacities, and as a result, in almost all paper grades, India has enough domestic capacity to meet the growing domestic demand and also for exporting to other countries.

Sustainability is at the core of India's Paper Industry. Paper is one of the most environmentally sustainable products as it is biodegradable, recyclable and is produced from sources which are renewable and sustainable.

INTERNAL CONTROL SYSTEM & THEIR ADEQUACY

The Company has laid down adequate systems and well drawn procedures for ensuring internal financial controls. It has appointed an external audit firm as Internal Auditors for periodically checking and monitoring the internal control measures. The Board of Directors have adopted various policies for ensuring the orderly and efficient conduct of the business of the Company, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information. The Statutory Auditors have also expressed satisfaction with the existing system in their Audit Report to the Shareholders.

Auditors' Certificate on compliance with the conditions of Corporate Governance under Regulation 17 to 27 & 46(2) and paragraphs C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015

To
The Members
Malu Paper Mills Limited

We have examined the compliance of corporate governance by Malu Paper Mills Limited (“the Company”) for the year ended on March 31, 2023, as per the relevant provisions of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (‘Listing Regulations’) for the period ended on March 31, 2023.

The compliance of conditions of corporate governance is the responsibility of the management. This responsibility includes the design, implementation and maintenance of internal controls and procedures to ensure compliance with the conditions of the Corporate Governance stipulated in the Listing Regulations.

Our examination is limited to examining the procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of corporate governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

We have examined the books of accounts and other relevant records and documents maintained by the company for the purposes of providing reasonable assurance on the compliance with Corporate Governance requirements by the Company.

We have carried out an examination of the relevant records of the Company in accordance with the Guidance Note on Certification of Corporate Governance issued by The Institute of Chartered Accountants of India (the ICAI), the standards on Auditing specified under section 143 (10) of the

Companies Act 2013, in so far as applicable for the purpose of this certificate and as per the Guidance Note on Reports or Certificates for Special Purposes issued by the ICAI which requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.

We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

Opinion

Based on our examination of the relevant records and according to the information and explanations provided to us and the representations provided by the Management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in regulations 17 to 27 and clauses (b) to (i) of Regulation 46(2) and Para C and D of Schedule V of the Listing Regulations for the year ended March 31, 2023

We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the Management has conducted the affairs of the Company.

INDEPENDENT AUDITOR'S REPORT

**TO,
THE MEMBERS OF
MALU PAPER MILLS LIMITED**

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Opinion

We have audited the accompanying standalone financial statements of **MALU PAPER MILLS LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March 2023, the Statement of Profit and Loss (including other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2023, the loss and total comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of standalone financial statements in accordance with the Standards on Auditing (“SAs”) specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (“ICAI”) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters	How our audit addressed the key audit matter
<u>Deferred Tax.</u> As disclosed in note no. 6 the company has recognized deferred tax assets in respect of certain deductions on account of provision for post-Retirement, the extent that it	Reviewed the assumptions made by management for uncertain current and deferred tax positions to assess whether appropriate current and deferred tax provisions have been recognised and are

<p>is probable that we get tax benefits in future. This requires management judgement in estimating future taxable income and is accordingly a key audit matter.</p>	<p>based on the most probable outcome. We found the disclosures relating to the income tax and deferred tax balances to be appropriate.</p>
<p><u>Related Party Transactions</u></p> <p>The Company has related party transactions which include Sales / Purchases of Goods / Services / Loans & Advances to its Associates and other related parties.</p> <p>We focused on identification and disclosure of related parties in accordance with relevant Indian Accounting Standards as a key audit matter. This matter assumes significance in view of the indirect acquisition pursuant to the provisions of the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 for having received open offer from the Acquirer to take over the controlling interest which was completed subsequently.</p>	<p>Our audit procedures amongst others included the following:</p> <p>Evaluated the design and tested the operating effectiveness of controls over identification and disclosure of related party transactions, obtained a list of related parties from the Company's Management consequent to Indirect Acquisition traced the same to declarations given where applicable and tested transactions based on such declarations given by the related parties as detailed in Note 27 of the standalone Ind AS financial statements which were verified for compliance with secretarial and other relevant laws.</p>

Information Other than the Standalone financial statements and Auditor's Report Thereon

The Company's management and Board of Directors are responsible for the preparation of other information. The other information comprises the

information included in the Director's Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of our audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard on the even date.

Management's Responsibility for the Standalone financial statements

The Company's management and Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and

presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial statements process.

Auditor's Responsibilities for the Audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The

risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system, in relation to the financial statements, in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in:

- (i) planning the scope of our audit work and in evaluating the results of our work: and
- (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with the Management, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that are of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the **Annexure "A"**, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143 (3) of the Act, based on our audit we report that:
 - (a). We have sought and obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit.

 - (b). In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

 - (c). The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of change in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.

 - (d). In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act.

 - (e). On the basis of the written representations received from the directors as on 31st March, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2023 from being appointed as a director in terms of Section 164(2) of the Act.

(f). With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in “**Annexure B**”.

(g). With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

(i) The company has disclosed the impact of pending litigations on its financial position in its standalone financial statements (Refer Note 32 to the Standalone Financial Statements).

(ii) The company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.

(iii) There was no requirement of transfer of funds to Investor Education and Protection Fund by the Company during the year.

(iv) a) The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) (Refer Note 37e to the Standalone Financial Statements) by the Company to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall,

directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Company or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

b) The Management has represented that, to the best of its knowledge and belief, no funds have been received by the Company (Refer Note 37f to the Standalone Financial Statements) from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Funding Parties or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries. c) Based on the audit procedures performed that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) of Rule 11(e) mentioned above contain any material mis-statement.

(v) The Company has not declared and paid dividend during the current year and previous year and as such compliance with section 123 of the Act is not applicable.

h). In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other

details under Section 197(16) which are required to be commented upon by us.

“Annexure –B” to the Auditors’ Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **MALU PAPER MILLS LIMITED** (“the Company”) as of 31st March 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over the standalone Ind AS financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be

prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over the standalone Ind AS financial statements reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these standalone Ind AS financial statements assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that,

in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting with reference to these standalone Ind AS financial statements including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these standalone Ind AS financial statements to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting with reference to these Standalone Ind AS financial statements and such internal financial controls over financial reporting were operating effectively as at 31st March 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of

internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes Forming Part of the Financial Statements

1. Corporate Information

Malu Paper Mills Limited (“the Company”) is engaged in Manufacturing of Pulp & Paper.

The company is a public limited company incorporated and domiciled in India and has Registered Office at Heera Plaza, 4th Floor, Near Telephone Exchange, and Nagpur 440008. The Equity shares of the company are listed on Bombay Stock Exchange Limited (BSE) and National Stock Exchange Limited (NSE).

The Board of Directors approved the standalone financial statements for the year ended March 31, 2023 and authorize for issue on May 20, 2023.

2. Significant Accounting Policies

2.1 Basis of preparation

The financial statements of the company have been prepared and presented in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards)(Amendment) Rules, 2015 and the relevant provisions of the Companies Act, 2013 (“the Act”).

These financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and financial liabilities that are measured at fair values at the end of each reporting period as stated in the accounting policies. The accounting policies have been applied consistently over all the periods presented in these financial statements.

2.2 Significant accounting judgments', estimates and assumptions:

The preparation of the financial statements in conformity with IND AS requires the management to make estimates, judgments' and assumptions. These judgments and assumptions affect the application of accounting policies and the reported amount of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and reported amount of revenues and expenses during the period. The application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed below. Accounting estimates could change from period to period. Actual results could differ from those estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and if material, their effects are disclosed in the notes to the financial statements.

2.3 Current versus non – current classification:

All the assets and liabilities have been classified as current or non – current as per the Company's operating cycle and other criteria set out in the Schedule III to the Act. Based on the nature of the products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the company has ascertained its operating cycle as 12 months for the purpose of current and non – current classification of assets and liabilities.

2.1 Property, Plant and Equipment (PPE)

- PPE are recognized when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. PPE (other than Freehold land and Capital Work-in-progress) are stated at cost less accumulated depreciation and impairment losses, if any. The initial cost of an asset comprises its purchase price, non-refundable purchase taxes and any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating

Notes Forming Part of the Financial Statements

in the manner intended by management, the initial estimate of any decommissioning obligation, if any. Cost includes qualifying assets, borrowing costs capitalized in accordance with the company's accounting policy.

- If significant parts of an item of PPE have different useful lives, then those are accounted as separate items (major components) of PPE.
- Material items such as spare parts, stand-by equipment and service equipment are classified as and when they meet the definition of PPE, as specified in IND AS 16 on "Property, Plant and Equipment".
- The carrying amount of an item of PPE, derecognized upon disposal or when no future economic benefit is expected to arise from its continued use. Any gain or loss arising on the recognition of an item of PPE is determined as the difference between the net disposal proceeds and the carrying amount of the item and is recognized in Statement of Profit and Loss.

Capital Work-in-Progress

Property, Plant and Equipment which are not ready for intended use on the date of balance sheet are disclosed as capital work-in-progress. It is carried at cost, such properties are classified and capitalized to the appropriate categories of Property, Plant and Equipment when completed and ready for intended use. Depreciation of these assets, will be provided on the same basis as other property assets are ready for their intended use.

2.2 Depreciation

Depreciation on Property, Plant and Equipment (other than Freehold Land and Capital Work-in-progress) is provided on the Straight-Line Method in accordance with requirements prescribed under Schedule II to the Companies Act, 2013.

The Company has assessed the estimated useful lives of its PPE and has adopted the useful lives and residual value as prescribed therein.

Land under finance lease is amortized over the period of lease.

Notes Forming Part of the Financial Statements

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

2.3 Intangible Assets and Amortisation

Intangible assets are stated at acquisition cost, net of accumulated Amortization and accumulated impairment losses, if any. Intangible assets are amortized on a straight-line basis as per Schedule II of Companies Act, 2013.

The estimated useful life and amortizations method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

2.4 Impairment of non-financial assets

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets may have been impaired. If any such indication exists, the recoverable amount, which is the higher of its value in use or its fair value less costs of disposal, of the asset or cash-generating unit, as the case may be, is estimated and impairment loss (if any) is recognized and the carrying amount is reduced to its recoverable amount. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

Notes Forming Part of the Financial Statements

An impairment loss is recognized immediately in the Statement of Profit and Loss. When an impairment subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but up to the amount that would have been determined, had no impairment loss been recognized for that asset or cash generating unit. A reversal of an impairment loss is recognized immediately in the Statement of Profit and Loss.

2.5 Inventories

- Inventories are valued at lower of cost and net realizable value.
- Inventories comprise all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition.
- Cost of raw materials, packing materials, including materials in transit, work in process and finished goods are arrived at on the First in first out method of valuation, including manufacturing overheads wherever applicable.
- Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

2.6 Statement of Cash Flows

Cash flows are reported using the indirect method, whereby net profit for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents include cash on hand, cash at banks, other short-term deposits and highly liquid investments with original maturity of three months or less that are readily convertible into cash and which are subject to an insignificant risk of changes in value, as reduced by bank overdrafts.

2.7 Segment Reporting

- The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the Chief Operating Decision Maker (CODM) in deciding how to allocate resources and in assessing performance.
- The accounting policies adopted for segment reporting are in line with the accounting policies of the Company.
- Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment.

2.8 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they are incurred. Borrowing costs consists of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing costs also include exchange differences to the extent regarded as an adjustment to the borrowing costs.

2.9 Provisions, Contingent Liabilities and Contingent Assets

Provision is recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provision is not recognized for future operating losses.

Provision is measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the

Notes Forming Part of the Financial Statements

reporting period. If the effect of the time value of money is material, the amount of provision is discounted using an appropriate pre-tax rate that reflects current market assessments of the time value of money and, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A Contingent liability is disclosed in case of a present obligation arising from past events, when it is either not probable that an outflow of resources will be required to settle the obligation, or a reliable estimate of the amount cannot be made. A Contingent Liability is also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Contingent Assets are not recognized but where an inflow of economic benefits is probable, contingent assets are disclosed in the financial statements.

2.10 Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits of a transaction will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Sale of Goods

Revenue from sale of goods is recognized upon transfer of significant risks and rewards of ownership of the goods to the customer, where neither continuing managerial involvement nor effective control over the goods sold is retained. Sales are exclusive Goods and Service Tax (GST). It is measured at fair value of consideration received or receivable, net of returns, rebates and discounts, Revenue consist of Freight Collected on Account of outward carriage of Goods

Notes Forming Part of the Financial Statements

Rental Income

Rental Income is accounted as and when accrues.

Interest Income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a timely basis, by reference to the principal outstanding and at the effective interest rate applicable. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of that financial asset.

Dividends

Dividend Income is accounted for when Company's right to receive income is established.

Duty Drawback

Income from duty drawback and export incentives is recognized on an accrual basis.

2.11 Leases

The company evaluates if an arrangement qualifies to be a lease as per the requirements of IND AS 116.

2.12 Employee Benefits

(i) Short term employee benefits

Employee benefits such as salaries, wages, short term compensated absences, expected cost of bonus and ex-gratia falling due wholly within twelve months of rendering the service are classified as short-term employee benefits and are recognized as an expense at the undiscounted amount in the statement of profit and loss of the year in which the related service is rendered.

Notes Forming Part of the Financial Statements

(ii) **Long-term benefits:**

- **Defined Contribution Plan:**

- Provident Fund:**

The eligible employees of the Company are entitled to receive post-employment benefits in respect of provident fund, in which both employees and the Company make monthly contributions at a specified percentage of the employee's eligible salary (currently 12%). The contributions are made to Employee provident fund account maintained with EPFO. The Company's contribution is charged to the statement of profit and loss as incurred.

- **Defined Benefit Plan:**

- Gratuity:**

The Company has an obligation towards post-employment benefit viz. gratuity, a defined benefits retirement plan covering eligible employees. Post-employment benefit is recognized as an expense in the statement of Profit & Loss in the year in which employee has rendered service. The expenses are recognized at present value of the amount payable as determined by using actuarial valuation techniques. Actuarial gain & loss on this are charged to statement of profit & loss account.

2.13 Taxes on Income

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current Tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using applicable tax rates that have been enacted or

Notes Forming Part of the Financial Statements

substantively enacted by the end of the reporting period and the provisions of the Income Tax Act, 1961 and other tax laws, as applicable.

Deferred Tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current income tax assets against current income tax liabilities and when deferred income tax assets and liabilities relate to the income tax levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net or simultaneous basis.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient future taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Notes Forming Part of the Financial Statements

Current and Deferred Tax for the year

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

2.14 Cash & Cash Equivalent:

Cash and Cash equivalent in the balance sheet comprises cash at banks and on hand and short-term deposits with an original maturity of the three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalent consists of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management. Bank overdrafts are shown within borrowings in current liabilities in Balance Sheet.

2.15 Earnings per Share

The basic earnings per share are computed by dividing the net profit attributable to the equity shareholders for the year by the weighted average number of equities shares outstanding during the reporting period. Diluted earnings per share is computed by dividing the net profit attributable to the equity shareholders for the year by the weighted average number of equity and dilutive equity equivalent shares outstanding during the year, except where the results would be anti-dilutive.

2.16 Foreign Currency Transactions

Transactions in foreign currencies are recognized at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are translated at the rates prevailing at that date.

Non-monetary items that are measured at historical cost denominated in a foreign currency are translated using the exchange rate as at the date of initial

Notes Forming Part of the Financial Statements

transaction. Exchange differences on monetary items are recognized in profit or loss in the period in which they arise.

2.17 Financial Instruments

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instruments.

Initial Recognition:

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at Fair Value through Profit or Loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized in the Statement of Profit and Loss.

Classification and Subsequent Measurement: Financial Assets

The Company classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income ("FVOCI") or fair value through profit or loss ("FVTPL") on the basis of following:

- The entity's business model for managing the financial assets; and
- The contractual cash flow characteristics of the financial assets.

Amortized Cost:

A financial asset shall be classified and measured at amortized cost, if both of the following conditions are met:

- The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows, and

Notes Forming Part of the Financial Statements

- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value through Other Comprehensive Income:

A financial asset shall be classified and measured at FVOCI, if both of the following conditions are met:

- The financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Fair Value through Profit or Loss:

A financial asset shall be classified and measured at FVTPL unless it is measured at amortized cost or at FVTOCI.

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

Classification and Subsequent Measurement: Financial liabilities:

Financial liabilities are classified as either financial liabilities at FVTPL or 'other financial liabilities'.

Financial Liabilities at FVTPL:

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL.

Gains or Losses on liabilities held for trading are recognized in the Statement of Profit and Loss.

Notes Forming Part of the Financial Statements

Other Financial Liabilities:

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortized cost using the effective interest method.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Impairment of financial assets:

The impairment provisions for Financial Assets are based on assumptions about risk of default and expected cash loss rates. The company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

The Credit Policy approved by the Company for bad debts considering past history of bad debts, instead of recognizing allowance for expected credit loss based on provision matrix, which uses an estimated default rate, the Company makes provision for doubtful debts based as specified by the Board. The Company will reassess the model periodically and make the necessary adjustments for loss allowance.

De recognition of financial assets:

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expires, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks

Notes Forming Part of the Financial Statements

and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognize the financial asset and recognizes a collateralized borrowing for the proceeds received.

On de-recognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognized in other comprehensive income and accumulated in equity is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset.

On de-recognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognize under continuing involvement, and the part it no longer recognizes on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognized and the sum of the consideration received for the part no longer recognized and any cumulative gain or loss allocated to it that had been recognized in other comprehensive income is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognized in other comprehensive income is allocated between the part that continues to be recognized and the part that is no longer recognized based on the relative fair values of those parts.

Notes Forming Part of the Financial Statements

Financial liabilities and equity instruments:

- Classification as debt or equity:

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

- Equity instruments:

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Equity instruments issued by a Company are recognized at the proceeds received.

De recognition of financial liabilities:

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled or expired. The Company also derecognizes a financial liability when its terms are modified and the cash flows under the modified terms are substantially different.

Offsetting:

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

Derivative Financial Instruments:

The Company enters mainly into foreign exchange forward contracts to mitigate the foreign currency exposure risk.

Derivatives are initially recognized at fair value at the date the derivative contracts are entered and are subsequently re measured to their fair value at the end of each reporting period. The resulting gain or loss is recognized in

Notes Forming Part of the Financial Statements

Statement of Profit and Loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in Statement of Profit and Loss depends on the nature of the hedge relationship.

2.18 Research and Development:

Revenue expenditure on Research and Development is charged to Statement of Profit and Loss in the year in which it is incurred. Capital expenditure on Research and Development is considered as an addition to Property, Plant and Equipment/ Intangible Assets.

2.19 Critical Accounting Judgments and Key Sources of Estimation Uncertainty

The preparation of the financial statements requires the management to make judgments, estimates and assumptions in the application of accounting policies and that have the most significant effect on reported amounts of assets, liabilities, incomes and expenses, and accompanying disclosures, and the disclosure of contingent liabilities. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

Key estimates, assumptions and judgment's

The key assumptions concerning the future and other major sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

Notes Forming Part of the Financial Statements

Income taxes

Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions as also to determine the amount of deferred tax that can be recognized, based upon the likely timing and the level of future taxable profits.

Property, Plant and Equipment/Intangible Assets

Property, Plant and Equipment/ Other Intangible Assets are depreciated/amortized over their estimated useful lives, after taking into account estimated residual value. The useful lives and residual values are based on the Company's historical experience with similar assets and taking into account anticipated technological changes or commercial obsolescence. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation/amortisation to be recorded during any reporting period. The depreciation/amortisation for future periods is revised, if there are significant changes from previous estimates and accordingly, the unamortized/depreciable amount is charged over the remaining useful life of the assets.

Impairment of Financial Assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculations, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

The Company reviews its carrying value of investments carried at amortized cost annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

Recoverability of Trade Receivables

Judgments are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

Fair Value measurements of Financial Instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets (Net Assets Value in case of units of Mutual Funds), their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

Impairment of Assets

The Company has used certain judgments and estimates to work out future projections and discount rates to compute value in use of cash generating unit and to access impairment. In case of certain assets independent external valuation has been carried out to compute recoverable values of these assets.

Provisions & Contingent liabilities

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgment to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

Notes Forming Part of the Financial Statements

The Company has adopted materiality threshold limits in the preparation and presentation of financial statements as Given Below:

Threshold Limit	Accounting Policy for the same	Threshold Limit Value
Income / expenditure (net) in aggregate pertaining to prior year(s)	Income / expenditure (net) in aggregate pertaining to prior year(s) above the threshold limit are corrected retrospectively in the first set of financial statements approved for issue after their discovery by restating the comparative amounts and / or restating the opening Balance Sheet for the earliest prior period presented	One Lakh

Note: (A) Trade Receivables have been hypothecated with banks against cash credit facility.
 (B) Credit risk arising from trade receivables is managed in accordance with the Company's established policy with regard to credit limits, control and approval procedures. The Company provides for expected credit losses on trade receivables based on a simplified approach as per Ind AS 109. Under this approach, expected credit losses are computed basis the probability of defaults over the lifetime of the asset. This allowance is measured taking into account credit profile of the customer, geographical spread, trade channels, past experience of defaults, estimates for future uncertainties etc. Further, management believes that the unimpaired amounts that are past due by more than 180 days are still collectible in full, based on historical payment behaviour and extensive analysis of customer credit risk.

34 Financial Instrument-Accounting Classifications and fair value Measurements

The fair value of the assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- 1 Fair Value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial instruments approximate their carrying amounts largely due to the short term maturities of these instruments.
- 2 Financial instruments with fixed and variable interest rates are evaluated by the company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to the account for the expected losses of these receivables.

The company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

35 Financial Risk Management Objectives and Policies :-

The Company's financial risk management is an integral part of how to plan and execute its business strategies :-

a) Market Risk :-

Market risk is the risk of loss of future earnings, or future cash flows arising out of changes in Market Conditions of Paper Industry, which include changes in prices of Raw Material (indigenously procured as well as import) .

The company manages market risk through evaluation and identification of risk factors with the object of governing/mitigating them according to Company's objectives and declared policies in specific context of impact thereof on operating performance of the company. The Board provides oversight and reviews the Risk management policy on regular basis.

b) Interest Rate Risk :-

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The company is not exposed to significant interest rate risk as at the respective reporting dates.

c) Foreign currency risk :-

The Company operates internationally with transactions entered into several currencies. Still the Company is not exposed to foreign exchange risk as there are no financial instruments to be settled in foreign currency.

d) Credit Risk :-

Credit risk arising from trade receivables is managed in accordance with the Company's established policy with regard to credit limits, control and approval procedures. The Company provides for expected credit losses on trade receivables based on a simplified approach as per Ind AS 109. Under this approach, expected credit losses are computed basis the probability of defaults over the lifetime of the asset. This allowance is measured taking into account credit profile of the customer, geographical spread, trade channels, past experience of defaults, estimates for future uncertainties etc.
