'Use PLI scheme to attract investment'

He stressed on the importance of making the states selfreliant and giving momentum to development in their budget. He announced that there would be a major increase in the economic resources of local bodies in the 15th Finance Commission. "States can always take a cue from the Union Budget. The timeline between the Union budget and budget of states is very important," he said. In general government budget, the combined annual spending by all states was higher than the Centre as a big chunk of central budget is also spent through the state government machinery. States together spent ₹33.33 lakh crore in FY20 through their budget while the Centre spent ₹26.86 lakh crore. The PM said about ₹65,000 crore are spent annually in the import of edible oils which should have gone to our farmers. Similarly there are many agricultural products that are not only produced for the country but can also be supplied to the world. For this, it is necessary that all states make their agro-climatic regional planning strategy, he said. "Ease of living and ease of doing business will go hand in hand. Laws and regu-

Although a contraction in gross fixed capital formation substantially narrowed from 47.1% year-on-year in the first quarter of this fiscal to 7.3% in the three months through September, it still remained far below trend. Private consumption, meanwhile, shrank at a faster pace of 11.3% in the September quarter. With businesses going through the reset phase after the substantial lifting of the lockdown curbs, the government hopes to make a sustained push now to draw investors. "I would now like to see pri-

latest, aggressive efforts towards disinvestment. The push for disinvestment in trickles has not really been so successful in spreading the ownership pattern, she said. "So, I want to have an efficient, more meaningful way in which our taxpayers'

money should be spent...The disinvestment of units or privatisation of units is not because we want them to be closed down," she said. She urged the industry to make the best of the disinvestment policy announced in the Budget. The government has set a disinvestment target of ₹1.75 lakh crore for FY22.

Film celebrities mark their attendance in ed-tech sector

As per data from research firm Tracxn, ed-tech start-ups last year raised funding to the tune of \$2.15 billion as compared to \$552 million in 2019.

The influx helped these companies rope in A-lister celebrities such as Virat Kohli and Ranveer Singh and leverage premium sports properties like IPL. Virat Kohli, reportedly, charges an annual fee of ₹6-7 crore for endorsements, while Ranveer Singh's endorsement fee stands at ₹5 crore annually. Unlike other start-up segments, the celebrities so far have kept away from investing for stake in these companies and are looking at cash-only deals. According to industry sources, Great Learning attained associate sponsorship of IPL 2020 for ₹100-150 crore. Unacademy, the official partner of IPL 2020, too, coughed up a similar sum to BCCI. Interestingly, Byju's was also in the running for title sponsorship of IPL but was pipped by Dream11."Last year marked a big shift in our approach to marketing," says Aparna Mahesh, chief market-

From the Front Page

ing officer, Great Learning. "We launched our first-ever television campaign, signed up Virat Kohli and also became associate sponsors of IPL 2020." Other ed-tech start-ups also

boosted television advertising

last year. According to data from TAM Media Research, the average ad volume per day for the edtech category on TV grew by 119% between March-December, as compared to the pre-Covid period (January-February). The count of advertisers on the medium also grew by six times during the period, shows data.Byju's topped the list of top advertisers with 65% advolume share in the category in the pre-Covid times but from March-December its volumes dropped, while it remained on top. White-Hat Jr, Vedantu, Unacademy and upGradwere other top advertisers on television. Before 2020, the marketing budgets of most of these companies were heavily skewed towards digital media. The shift in marketing strategy marks their endeavour to gain a pan-India reach and recognition. With so many players entering this segment, it became a very competitive landscape, says Aviral Jain, managing director, Duff & Phelps. According to Jain, roping celebrities helps these companies create a differentiation as the solutions they are offering to the consumers might be similar.

However, the use of endorsers by several companies in the space has also created clutter. To stand out, Dheeraj

Sinha, CEO and chief strategy officer, Leo Burnett, says the companies should cast celebrities as part of their brand story instead of as pure endorsers, who are recommending a product to the audience.

Noida strong competitor to Gurgaon in commercial realty

JLL managing director (north & east India) Manish Aggarwal said, "There is huge cost arbitrage when compared to other such office assets in NCR. Rentals in these fine office assets are at least 40% lower when compared to their peers across NCR." Noida witnessed a couple of large deals in the last 9-10 months, he said, adding that for instance Paytm leased around 5.20 LSF, Microsoft leased 1.50 lakh sq ft (LSF) and Yes Bank around 70,000 sq ft. Such transactions propelled the growth of quality office space.

"Noida this year will have at least 2 MSF of quality graded supply, which can be compared to the best in NCR. Most of the new office assets offered have either Leed Gold or Platinum rating like Max Towers, Berger Towers, Sky Mark and a new building by BPTP and yet they are cost effective and at unbeatable locations with

infrastructure,"Aggarwaladded. Industry veteran and former JLL India CEO Ramesh Nair agrees."When you provide good quality infrastructure and create good quality supply, tenants prioritise expansion in that city over others. We saw that in Hyderabad. And I think Noida is a very similar example. You saw some good quality supply coming in the market and you saw some massive deals like Paytm and Yes Bank. This is what is dri-

Nair pointed out that the biggest challenge with Gurgaon is availability of high quality office supply coming in at regularintervals."As an occupier you cannot wait years for space to come. You need space coming up every 3-6 months," he said. Max Ventures and Industries

(MaxVIL) chief business development officer Rishi Raj said rest of Gurgaon (excluding central business district) and Noida

rentals (₹70-75 per sq ft per month), a crucial deciding factor. "Good quality supply creates good demand and Noida has a growing supply of good quality developer-owned and developer-operated Grade-A office space with competitive rentals, which is attracting corporate,' he noted. BPTP head of sales Amit Raj Jain said, "During Covid real estate cost was the biggest expense which was pinching corporates. Noida provides a solution to corporate who want to bring down their real estate cost, without compromising on facilities and amenities." However, this does not mean that Gurgaon's potential is going down, countered JLL's Aggarwal, adding that last year the city had a fair bit of large transactions, but these were more or less relocations and fewer expansions which affected net absorption.

MaxVIL's Rishi Raj agreed.

'Use PPP for large-scale rollout'

"Once you start the process to vaccinate 27 crore individuals, in that scenario we must have a robust programme in place where you have the list of people to be vaccinated," he said, adding, "We need to develop a mechanism where public and private sector actually start rolling out the vaccine at a large scale.""I personally feel we have a window of opportunity available now because our cases are down, but this window can change anytime as we have seen in various parts of the world, especially with new variants

coming up from different countries," he said. He said "healthcare should be looked as the centrewhich could be easily used to push the economy", adding the country should not only aspire to become a medical research hub but also the patient care hub for the world. In an event in Pune, Raman Gangakhedkar, the Dr CG Pandit National Chair at ICMR, said the government is not averse to having a public private partnership for vaccination, which is currently being considered and discussed. He expressed hope that a decision would be taken quickly and this was extremely important given the vaccine hesitancy we have right now, he said.

PPP models and opening up come with its own threats from fake vaccines, pricing issues and monitoring challenges, he said, adding the government will have to take a call on how to monitor the situation.

मुंबई, २० फरवरी (भाषा)।

रोग विशेषज्ञ ने आशंका जताई है कि कोविड-19 महामारी का प्रकोप 2021 में जारी रह सकता है।

एक टीवी चैनल पर चर्चा में भारतीय चिकित्सा अनुसंधान परिषद रहने की आशंका है।

रोगों के पूर्व प्रमुख डॉ रमन महामारी विज्ञान और संक्रामक गंगाखेडकर ने कहा कि अगर किसी को भ्रम है कि कोरोना का चरण जल्द ही खत्म हो जाएगा. तो वे गलत हैं। कोरोना संक्रमण 2020 में फैला और इससे पूरा 2021 प्रभावित
