Adani Energy Solutions Bags Prestigious Global Sustainability Leadership Award 2023

Ahmedabad, 1st January 2024: Adani Energy Solutions Limited (AESL), India's largest private transmission and distribution company and part of the globally diversified Adani portfolio, was honoured with the '**Global Sustainability Leadership Award 2023**' under the 'Best Overall Sustainable Performance' category by the World Sustainability Congress at Mauritius. The award recognised AESL's commitment to sustainable practices and its major contributions to a greener future as a leading innovator in the power sector.

The Global Sustainability Leadership Award is given annually to organizations that demonstrate outstanding leadership in sustainability. The award committee recognized AESL for its innovative solutions, commitment to reducing environmental impact, and dedication to promoting sustainable practices.

World Sustainability is a not-for-profit organization advocating for sustainable leadership. It attempts to bring organizations, NGOs, public interest groups, and governmental bodies together to accelerate and educate on sustainable business practices and solutions for a better tomorrow.

"We are honoured to receive this prestigious award," said Anil Sardana, Managing Director of AESL. "This recognition validates our efforts in driving sustainability and motivates us to continue our work towards a greener and more sustainable future." AESL has been at the forefront of sustainable innovation, developing solutions that not only benefit the environment but also contribute to economic growth and social development. The company's sustainable practices have set a benchmark in the industry, inspiring others to follow suit.

This award comes as a testament to AESL's unwavering commitment to sustainability and its continuous efforts to make the world a better place. AESL would like to thank its dedicated team, partners, and customers for their support in this journey towards sustainability.

About Adani Energy Solutions Limited (AESL):

AESL, part of the Adani portfolio, is a multidimensional organization with presence in various facets of the energy domain, namely power transmission, distribution, smart metering, and cooling solutions. AESL is the country's largest private transmission company, with a presence across 16 states of India and a cumulative transmission network of 19,800 ckm and 53,000 MVA transformation capacity. In its distribution business, AESL serves more than 12 million consumers in metropolitan Mumbai and the industrial hub of Mundra SEZ. AESL is ramping up its smart metering business and is on course to become

India's leading smart metering integrator. AESL, with its integrated offering through the expansion of its distribution network through parallel licenses and competitive and tailored retail solutions, including a significant share of green power, is revolutionizing the way energy is delivered to the end consumer. AESL is a catalyst for transforming the energy landscape in the most reliable, affordable, and sustainable way.
