EXPLANATORY STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013
Item No. 4
Alteration of the Articles of Association of the Company

The existing Articles of Association of the Company ("AoA") are based on the Companies Act, 1956 and several regulations in the existing AoA contain references to specific sections of the Companies Act, 1956. Upon enactment of the Companies Act, 2013 ("Act"), certain clauses in the existing AoA are no longer in conformity with the Act. With the coming into force of the Act, several regulations of the existing AoA of the Company require alterations or deletions. Hence, it is considered expedient to replace wholly the existing AoA by a new set of articles of association and align the same with the provisions of Table F of the Act to the extent possible. Pursuant to Section 14 of the Act, the consent of the Members by way of Special Resolution is required for alteration of AoA of the Company.

The Board of Directors (Board) recommends the passing of the Special Resolution set forth in Item No. 4 of the Notice for approval of the Members. The draft of the proposed new articles of association is being uploaded on the Company's website for perusal by the Members. Further, a copy the proposed set of new articles of association and the existing set of AoA of the Company would be available for inspection for the Members at the registered office of the Company during the office hours on any working day, except Saturdays, Sundays and public holidays, between 11.00 am to 5.00 p.m. upto date of the AGM.

None of the Directors or Key Managerial Personnel of the Company including their relatives are interested in or concerned with the Special Resolution at Item No. 4.

Item No.5

Approval of Material Related Party Transactions

Under Regulation 23 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, all Related Party Transactions shall require prior approval of the Audit Committee and all material Related Party Transactions shall require approval of the Shareholders through resolution. The said Regulation further provides a definition of the term 'Material' as follows:

"A transaction with a related party shall be considered material if the transaction / transactions to be entered into individually or taken together with previous transactions during a financial year, exceeds ten percent of the annual consolidated turnover of the Company as per the last audited financial statements of the Company."

As a part of its operations, the Company purchases certain raw materials, components, fixed assets etc. from its holding Company to obtain the benefit of competitive pricing for the bulk purchases by the holding Company. The Company also sells components, finished goods, special machines etc. to its holding Company as it enables higher capacity utilisation of its plant. These are at arm's length basis under the purchase orders raised from time to time and in the Financial Year 2019-20, the aggregate value of these transactions is likely to be around Rs. 30 crore.

The Audit Committee of the Board of Directors of the Company reviewed the on-going transactions and recommended the same for approval by the Board of Directors and Members of the Company at their meeting held on May 21, 2019. The Board of Directors also at their meeting held on May 21, 2019 reviewed and approved the same and proposed to be placed before the Members for their approval.

The Members' approval to the above material related party transactions is sought in terms of Regulation 23(4) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Pursuant to Rule 15 of Companies (Meetings of Board and its Powers) Rules, 2014, as amended till date, particulars of the transaction(s) with NRB are as follows:

Sr. No.	Particulars	Remarks
1	Name of the Related Party	NRB Bearings Limited
2	Name of the Director or KMP who is related	Ms. Harshbeena Zaveri and Mr. Satish Rangani*
3	Nature of Relationship	Holding Company (holds 74.39% of paidup Equity Share Capital)
4	Nature, material terms, monetary value and particulars of the contract or arrangement	Contract for purchase and sale of raw materials, components, bushes, consumables, finished goods, fixed assets, special machines etc. shall be on a continuous basis. Monetary value of proposed aggregate transaction(s) during financial year 2019-20 is expected to be Rs. 30 Crore.
5	Any other information relevant or important for the members to take a decision on the proposed resolution	Holding Company has supported the subsidiary since takeover from SRF group in June, 2000, for better utilisation of its capacity.

*Ms. Harshbeena Zaveri is deemed to be concerned or interested in the transaction entered between NRB and SNL, being a Managing Director of NRB and Chairman in SNL.

Mr. Satish Rangani is deemed to be concerned or interested in the transaction entered between NRB and SNL, being a Executive Director of NRB and Director in SNL.

Apart from the above, none of the other Directors or Key Managerial Personnel, or their relatives are, in any way, are concerned or interested in the resolution as set out at Item No. 5 of the Notice.

The Board recommends the Ordinary Resolution as set out at Item No. 5 for the approval of the Shareholders.

Profit & Loss Account	2062.52	1467.51
Total	2280.22	1467.51

2. Operations

India has remained one of the fastest growing major economies in F.Y. 2018-19, in spite of pressures from global market conditions, with challenges in terms of escalation in tariffs and protectionist policies, the US-China trade war, looming threat of a 'no-deal' Brexit, and a slowdown in China. The outlook for F.Y. 2019-20, is also clouded with uncertainty after the sharp slowdown across all segments of the Automotive industry in H2FY19, the outcome of the general elections and the implementation of BS-VI emission norms.

There is still optimism of an improvement in H2FY20, with India's main driving force for economic growth being its strong consumption base and the expected benefit from low oil prices and the pro-agriculture and pro- infrastructure budget, and easing of inflationary pressures.

Net revenues during the year at Rs. 4064 lakhs (previous year Rs. 3831 lakhs) are higher by 6% helped by higher volumes and higher income from short term investments. Profit after tax (PAT) at Rs. 814 lakhs (previous year Rs. 822 lakhs) has not kept pace with top line growth, as operating and administrative expenses have been higher.

With the support of the holding company, plans are being prepared to increase production capacities which will help in improving our standards of quality and service and also give more flexibility, and simultaneously enhancing our engineering capabilities and people competencies to improve competitiveness for the coming years.

3. **Dividend**

Directors are pleased to recommend a final equity dividend @ Rs. 5/- per share of Rs. 10/- each (Rs. 5 per share for the previous year) involving an outgo of Rs. 217.70 lakhs (inclusive of dividend distribution tax), which shall be payable to members/ beneficial owners as per the Register of Members as on August 01, 2019.

Your directors have proposed not to transfer any sum to the General Reserve.

4. **Finance**

Your Company has been rated '**CRISIL A1**' for the Short-term Bank facility and the Company's long-term facilities have been rated at '**CRISIL A/POSITIVE**' (Upgraded from '**CRISIL A/STABLE**') as on September, 2018.

The Company continues to focus on judicious management of its working capital. Receivables, inventories and other working capital parameters are continuously monitored and the management is working on reducing inventories which arose as a result of the sudden drop in demand in H2 F.Y. 2018-19.

a. Public Deposits

During the year, the Company has not accepted any deposits from the public/ Members under Section 73 of the Companies Act, 2013 read with Companies (Acceptance of Deposits) Rules, 2014. As on 31.3.2019 there are no fixed deposits with the Company.

b. Particulars of Loans, Guarantees or Investments

During the year under review, the Company has not advanced any loans, given guarantees, only certain investments of temporary surplus funds in Mutual Funds has been done with Board's approval.

5. **Directors and Key Managerial Personnel**

Retirement by Rotation

In accordance with the provisions of Section 152 and the Articles of Association of the Company, Ms. Harshbeena Zaveri (DIN.00003948) will retire by rotation at the ensuing Annual General Meeting of the Company and being eligible, has offered herself for re-appointment. The Board recommends her re-appointment. Her brief profile is forming the part of the Corporate Governance Report annexed to this report.

Independent Directors Declaration

All independent Directors have submitted the Declaration of Independence, as required pursuant to Section 149(6) of the Companies Act, 2013 and Regulation 16 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 stating that they meet the criteria of independence provided therein. The composition of the Board duly meets the criteria stipulated in Section 152 of the Companies Act, 2013 and Regulation 17 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Board evaluation

For the F.Y. 2018-19, the Board has carried out an annual performance evaluation of its own and that of its Committees and individual directors, using various performance evaluation criteria on the forms circulated to and filled in by the directors. The feedback has been shared and discussed. The independent directors – Mr. Jayvardhan Dhar Diwan, Mr. Vivek Sahai and Mr. Claude Alex D'Gama Rose have met separately on 8th March, 2019 and have conveyed to the Chairman of the Board, their satisfaction with the working of the Board.

Key Managerial Personnel

Pursuant to the provisions of Sections 2(51), 203 of the Companies Act, 2013 read with The Companies (Appointment and Remuneration of Managerial Personnel) Rules 2014, the following are the Key Managerial Personnel:

- Mr. Krishnakant Prasad Sinha - General Manager
(Designated as CEO w.e.f. 21.05.2019)
- Mr. Ram Narayan Sahu - Manager - Finance & Accounts
(Designated as Finance Head – CFO w.e.f. 21.05.2019)
- Mr. Kamlesh Sondigala - Company Secretary and Compliance Officer

Familiarization Programme for Independent Directors

In order to familiarize the Independent Directors with the business, the Company makes a presentation covering nature and scope of business, nature of industry in which Company operates, profitability and future scope. Regularly at meetings updates are given to the Board, by the Company's Senior Management in areas of operations, industry and regulatory trends, competition and future outlook.

Remuneration policy

The Board has on the recommendation of the Nomination & Remuneration Committee framed a policy for selection and appointment of Directors, senior management and their remuneration. As part of its policy the company strives to ensure that the Remuneration to Directors, KMP's and Senior Management involves a balance between fixed and incentive pay, reflecting short and long term performance objectives appropriate to the working of the Company and its goals. The remuneration policy is posted on the company website www.snlbearings.in.

Details of remuneration paid to Directors, KMP and the independent Directors form part of the Corporate Governance Report attached to this Report.

Meetings

During the year 4 Board meetings and 4 Audit committee meetings were convened and held (details in Corporate Governance Report). The intervening gap between the meetings was less than 120 days. The date for the next meeting is fixed in advance at the previous meeting for both board and committee meetings.

6. **Subsidiary, Associate and Joint Venture Companies**

As of March 31, 2019, the Company does not have any Subsidiary, Associate and Joint Venture Companies.

7. **Business Risk Management**

The Company has in place an enterprise risk management framework to identify risks and minimize their adverse impact on business and strives to create transparency which in turn enhances the Company's competitive advantage. The Company has identified high share of sales to the holding company as a concern area associated with its operations and is working towards progressively reducing this share. Another risk to operations arises from the expiry of leases in respect of certain portions of the company's factory land and buildings as the Lessor is under liquidation proceedings by the Official Liquidator in the Delhi High Court. The High Court order could affect operations. As part of its action plan for risk mitigation, the Company has been successfully impleaded in the proceedings and has filed its application seeking certain reliefs. The company is hopeful that there will be a favourable outcome to its offer to renew the leases for reasonable terms and at favourable rates.

8. **Conservation of energy, technology absorption, foreign exchange earnings and outgo**

Information pursuant to Section 134(3)(m) of the Companies Act, 2013 and Rule no. 8 of Companies (Accounts) Rules, 2014 are given as below:

a. **Measures taken for conservation of energy**

During the year, based on the recommendations of the CII Energy Audit Team, which are being implemented in phases at the plant, the company is making all efforts for conservation of energy on a continuous basis.

During F.Y. 2018-19, Energy Savings were achieved to the tune of 215360 KWH & Rs. 30.38 lakhs annually by replacing old blackening furnace of 54 KW with a new furnace of 30 KW, old 1000 KVA Transformer with new 1000 KVA and transformer installation of SGV + APFC system in HT Line to bring the KVAH in line with KWH (unity).

b. **Technology absorption**

With the objective of improving productivity as well as quality, during the year the Company has continued its efforts on improvements in process parameters and reduction in cycle times. Improvements were made on press machines for manufacturing cage bearings by reduction in set-up time and resetting time. As a result average production quantity has increased.

Upgradation of technology is a key focus area and the Company has initiated necessary mapping of its machines with this objective. Human capital development, through campus recruitment of technically qualified personnel and training programmes for upgrading existing promising engineers, has been initiated. All efforts are towards developing low cost technological solutions.

**SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2019**

[Pursuant to section 204(1) of the Companies Act, 2013 and rule no.9 of the Companies
(Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
SNL Bearings Limited,

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by SNL Bearings Limited (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has during the audit period covering the financial year ended on 31st March, 2019 complied with the statutory provisions listed hereunder and also that the Company has proper Board process and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the SNL Bearings Limited for the financial year ended on 31st March, 2019 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial borrowing – not applicable since the Company does not have any FDI, ODI or ECB;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015.

I report that during the year under review there was no action/event in pursuance of –

- a) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009;
- b) The Securities and Exchange Board of India (Buy-back of Securities) Regulations, 1998; and
- c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
- d) The Securities and Exchange Board of India (Issue and Listing of Debts Securities) Regulations, 2008;

- e) The Securities and Exchange Board of India (Employees Stock Option Scheme and Employees Stock Purchase Scheme) Guidelines, 1999 and/or SEBI (Share Based Employee Benefits) Regulations, 2014.
 - f) The Securities and Exchange Board of India (Registrar to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with the client.
- (vi) The Acts / Guidelines specifically applicable to the Company: The management has confirmed that there is no specific law as identified and applicable to the Company.

I have also examined compliance with the applicable clauses of the following:

- a) Secretarial Standards with regard to Meeting of the Board of Directors (SS-1) and General Meetings (SS-2) issued by the Institute of the Company Secretaries of India; and
- b) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

I report that during the year under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines and Standards mentioned above.

I further report that –

- The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the year under review were carried out in compliance with the provisions of the Act.
- Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed proposal on agenda were sent in advance duly complying with the time limits specified and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
- As per the minutes of the meeting duly recorded and signed by the chairperson, the decisions of the Board were unanimous and no dissenting views have been recorded.

I further report that based on the information provided by the Company, its officers and authorised representatives during the conduct of the audit and also on the review of quarterly compliance reports by respective department heads/ Company Secretary, which are reviewed by the Director and taken on record by the Board of Directors of the Company, in my opinion adequate systems and processes and control mechanism exists commensurate with the size and operation of the Company to monitor and ensure compliance with applicable general laws, rules, regulations and guidelines.

I further report that the compliance by the Company of applicable financial laws like direct and indirect tax laws has not been reviewed in this audit since the same has been subject to review by statutory financial audit and other designated professionals.

I further report that during the audit period there was no specific event/action in pursuance to the above referred laws, rules, regulations, standard and guidelines, etc. referred to above, having major bearing on the Company's affairs.

MANAGEMENT DISCUSSION & ANALYSIS

Industry structure and development

Your company operates in the Antifriction bearing industry and the major user industries of antifriction bearings are automobiles, general engineering, railways, electrical equipment etc. Your company manufactures needle bearing products and operates in the following market segments:

1. Automotive OEM
2. After Market
3. Exports

For your company, the demand is approximately 90% from original equipment manufacturers (OEM) and the balance is for supplies to the replacement market/exports. The demand for roller bearings has shown slower growth – 6%, during the last year reflecting the sharp slowdown in H2FY19 across all the segments of the automotive industry.

The automotive industry is the largest consumer of bearing products and your company supplies to the 2/3 wheeler, passenger cars, commercial vehicles and farm equipment segments. Overall demand from the automotive industry during FY2018-19 has been buoyant for Commercial vehicles with high growth of 18.3% arising from replacement of older vehicles and the overloading bans notified by the authorities and Farm Equipment by 10.4% as the good monsoon fuelled demand. Other segments grew moderately - 2/3 wheelers by 4.8% and Passenger vehicles by 2.4%. Your company has grown by 6% with strong growth in business to its 2/3 wheeler and Commercial vehicle OEMs. Overall, the Company's market share in the Needle Bearings segment is estimated at 6%.

Roller bearings have wide ranging applications and are critical to industrial progress. Benefiting from lower oil prices and a slower pace of monetary tightening than previously expected, and easing of inflation pressures, India still remains the fastest growing major economy in the world and is expected to be one of the top three global economic powers over the next decade. Market growth in the Indian mobility industry for both people and goods has a very large potential given the geographical spread and size of population- an aspirational young population spurs personal mobility while the need to establish strong supply chains between producers and markets drives growth for goods mobility. Also new vehicle models are being constantly introduced, there is expansion of the public transport systems, dedicated freight corridors for movement of farm produce.

Your company continues to enhance manufacturing capacity to enable its offering a wider range of products to its customers of bearing solutions that are efficient and support productivity.

Economic Environment

Global growth numbers for 2018-19 are estimated at 3.7%, despite weaker performance in some economies, notably Europe and Asia. Growth tapered downward towards the second half of the year, with the key reason behind the loss in momentum being the implementation of trade tariffs by major economies, and the uncertainty about trade policy weighed on future investment decisions. Going forward the global economy is likely to remain volatile in 2019-20. IMF projects a rebound in investment and a growth of 4% in the coming years. The Indian economy continues to be a bright spot among major economies. Downside risks continue in the form of NPA's of the banking system and the rise in global fuel and commodity prices.

Despite forecasts of a lower than normal to normal monsoon, government spending in the economy to strengthen infrastructure and reforms like Goods and Services Tax (GST) augur well in mid to long term. In addition, the Government has also come up with Digital India initiative. Supported by growing per capita income, higher minimum support price and farm loan waivers, improved farm sentiment and favorable government policies announced in Interim Budget 2019, there are positive signals of the rural markets coming back on track. Better crops, increased affordability and an increase in disposable income in the hands of the rural populace is raising the demand for two/three wheelers in

the country. Furthermore, the recently announced government initiatives on farming sector coupled with infrastructure creation is likely to add more purchasing power to the farmers consequently driving a positive demand for tractors in the future. Structurally the economy is expected to be benefitted and positively impact rural demand for passenger vehicles and farm equipment, enabling your company register robust growth in sales.

Currently, with the growing focus on mass public transportation and personal mobility such as two and three wheelers, top vehicle manufacturers launch of clean-energy products, are spurring India's ambitious drive towards electric mobility. The continued capacity expansion by major OEMs, in line with market demand will help in expanding the size of market and should boost demand for auto component manufacturers. Opportunities for exports are expected to increase both for finished automobiles as well as auto components.

Your company will continue to focus on manufacturing efficiencies and leverage its competitive strength to meet customer growth plans and increase market share.

Opportunities and Threats

The long term prospects for the Indian economy remain bright owing to the growth of internal consumption. Demand for personal vehicles will be driven by the aspirations of the rising middle class with improving purchasing power and disposable incomes. Rapid urbanization will drive the need for public transportation. As India addresses the twin challenges of inclusive growth and sustainability, even a normal monsoon, with improved availability of rural finance, will positively influence demand for motor cycles as well as agricultural tractors. The overall mobility sector is expected to benefit from continued growth in the longer term.

The domestic bearing industry is facing the following threats:

- a. The menace of spurious bearings continues to adversely affect the industry. As per estimates roughly one in every four bearings sold in the replacement market is fake/ of inferior quality presenting a threat to unsuspecting users. The problem continues owing to the slow legal process, in spite of industry wide efforts to thwart the unscrupulous suppliers.
- b. With global demand weakening, dumping of cheap bearings by Chinese and other South East Asian countries has intensified. The industry is working with the government for imposition of safeguard duties to protect the domestic industry. Supply chain readiness and a stronger focus on reducing costs will help counter the same.
- c. Regulatory demands on emission levels, improved safety norms and higher expectations for improved reliability of the vehicles may result in need for investments in newer technology, R & D investments. This could cause a higher burden of fixed costs. It is expected that implementation of BS VI standards will lead to demand for components like catalytic converters, electronic fuel injection systems, intelligent battery sensors.
- d. Autonomous vehicles, Electrification and Shared Mobility (ACES) are disruptive technology driven trends that could change the future of the mobility industry.

Of course, the industry and your company have to continuously explore ways and take all measures to strengthen competitive advantage by minimizing waste, increasing efficiencies and producing high quality products to counter the threat of cheap imports.

Financials

The Automotive industry demand grew at a healthy pace in the first three quarters, but the last quarter saw a decline on account of slower industry growth and shrinking volumes. Your Company's Revenue (net) was at Rs. 4064 Lakhs in F.Y. 2018-19 (Previous Year: Rs 3831 lakhs) representing a growth of 6%. Profit after tax was at Rs. 814 lakhs (Previous Year : Rs. 822 lakhs), a fall of 1.6%, with margins being impacted by input and other cost increases as steel prices rose globally.

Arising from the sharp and unexpected slowdown in business in HY2, there has been an increase in working capital with inventories piling up. There is a renewed focus on liquidity and working capital management to sustain generation of free cash flow for the long term strategic objectives of the company. We are also concentrating on improving our quality aspects and enhancing service levels and overall leveraging our operational efficiencies to give better financial results during the current financial year. Under the given market conditions, the Company's performance is considered satisfactory.

Risks and risk mitigation

To sustain long term competitive advantage for the company, the company has comprehensive risk management processes for identification, assessment and mitigation of all potential business risks which include operational, financial, legal and strategic risks. Depending on probability of occurrence and extent of potential damage, these risks are categorized as material risks and non critical risks. These are periodically presented to the Board. Risk mitigation measures and their implementation are regularly reviewed and discussed, and after evaluation, improved and updated. The macro concerns which could significantly impact industry performance during the year are inflation, fiscal deficit and currency risks, government's inability to build and expand critical infrastructure and the "Make in India" drive not

getting full support, and the adverse impact of the FTAs which have resulted in higher imports of auto components and could therefore negatively impact the industry's plans to achieve the targeted size of US\$ 200 billion (12% of GDP) by 2026 under the Automotive Mission Plan.

Company's internal auditors review the internal controls, risk assessment and mitigation procedures, independently as part of their internal audit process and their observations and findings are presented, reviewed and discussed in the audit committee meeting.

The Plant head and his continuing interactions with the functional heads of the holding company, employees and other stakeholders, helps management with regular monitoring and reports about the developments in the market, competition, extension of product range, and financial, legal and compliance issues.

Internal control systems and adequacy

The company has in place adequate internal control systems which ensures reliable financial reporting, safeguarding of assets, adherence to management policies, the detection and prevention of frauds and errors, adequacy and completeness of accounting records and timely preparation of reliable financial information. The efficacy of the internal checks and control systems are validated by Internal as well as Statutory Auditors. The upgrade of the ERP system to NAV 16 has helped the company to implement latest world class processes and make it more analytical.

The management assesses the appropriateness and effectiveness of the Controls in place on yearly basis.

Some of the significant features of the internal control systems are:

- a. Internal auditors who in addition to transaction audit cover operational audit and review business processes and performance.
- b. Standard operating procedures and guidelines have been reviewed in the light of the ERP upgrade to ensure tighter controls. Improvements/modifications are being effected to meet with changes in business conditions, statutory and accounting requirements.

The Audit Committee closely interacts with and guides management and along with statutory auditors and internal auditor's reviews significant findings and follows up thereon.

Segmentwise Performance

During the current year, ball and roller bearings have been the primary business segment for the company.

Industrial Relations and Human Resource management

The company's industrial relations with employees at its Ranchi plant continued to be cordial and peaceful, though the settlement with the workmen has expired on 1st January 2019. Discussions are ongoing to arrive at a mutually acceptable balance between the workmen's demand for a wage rise and the management's proposal for an overall production rise so that employee costs for FY2019-20 do not increase beyond current levels.

The company has continued its efforts towards strengthening Human Resource by providing employees a better working atmosphere and creating a culture which nurtures personal and organizational growth. Permanent employees directly employed by the company currently total 163 no.

Cautionary Statement

Share Transfer System

The Stakeholders Relationship Committee comprising of four directors is authorized to approve transfer of shares and the said committee approves transfer of shares. The committee meets every quarter or earlier in case there are any requests for share transfers in physical form or requests for remat/issue of duplicate share certificate.

Nomination

Shareholders of physical shares can nominate a person for the shares held by them. Requisite nominations of forms have already been circulated by the company to the shareholders who are advised to avail of this facility. Share transfers in physical form are presently registered and returned within a period of 15 days from the date of receipt in case documents are complete in all respects.

Electronic Clearing Service

The Securities and Exchange Board of India (SEBI) has made it mandatory for all companies to use the Bank account details furnished by the Depositories for depositing dividends. Dividend will be credited to the Members' bank account through ECS wherever complete core banking details are available with the Company. In case where the core banking details are not available, dividend warrants will be issued to the Members with bank details printed thereon as available in the Company's records. This ensures that the dividend warrants, even if lost or stolen, cannot be used for any purpose other than for depositing the money in the accounts specified on the dividend warrants and ensures safety for the investors. The Company complies with the SEBI requirement.

INDEPENDENT AUDITOR'S REPORT

To The Members of SNL Bearings Limited

Report on the Financial Statements

Opinion

1. We have audited the accompanying financial statements of **SNL Bearings Limited** (‘the Company’), which comprise the Balance Sheet as at 31 March 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the ‘Act’) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards (‘Ind AS’) specified under Section 133 of the Act, of the state of affairs (financial position) of the Company as at 31 March 2019, and its profit (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (‘ICAI’) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
5. We have determined that there are no key audit matters to communicate in our report.

Information other than the Financial Statements and Auditor’s Report thereon

6. The Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor’s report thereon.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

7. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance including other comprehensive loss), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
8. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
9. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

10. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
11. As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for explaining our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's

report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
 13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
 14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

15. As required by Section 197(16) of the Act, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under Section 197 read with Schedule V to the Act.
16. As required by the Companies (Auditor's Report) Order, 2016 (the 'Order') issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order.
17. Further to our comments in Annexure A, as required by Section 143(3) of the Act, we report that:
 - a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) the financial statements dealt with by this report are in agreement with the books of account.
 - d) in our opinion, the aforesaid financial statements comply with Ind AS specified under Section 133 of the Act;
 - e) on the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2019 from being appointed as a director in terms of Section 164(2) of the Act;
 - f) we have also audited the internal financial controls over financial reporting (IFCoFR) of the Company as on 31 March 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date and our report as per Annexure B expressed an unmodified opinion;

- g) with respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
- i. the Company, as detailed in note 36 to the financial statements, has disclosed the impact of pending litigations on its financial position as at 31 March 2019;
- ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2019;
- iii. there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31 March 2019;
- iv. the disclosure requirements relating to holdings as well as dealings in specified bank notes were applicable for the period from 8 November 2016 to 30 December 2016, which are not relevant to these financial statements. Hence, reporting under this clause is not applicable.

Annexure A to the Independent Auditor's Report of even date to the members of SNL Bearings Limited, on the financial statements for the year ended 31 March 2019

Annexure A

Based on the audit procedures performed for the purpose of reporting a true and fair view on the financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment (PPE).
- (b) The fixed assets have been physically verified by the management during the year and no material discrepancies were noticed on such verification. In our opinion, the frequency of verification of the fixed assets is reasonable having regard to the size of the Company and the nature of its assets.
- (c) The title deeds of all the immovable properties (which are included under the head 'Property, plant and equipment') are held in the name of the Company.
- (ii) In our opinion, the management has conducted physical verification of inventory at reasonable intervals during the year, except for goods-in-transit and stocks lying with third parties. For stocks lying with third parties at the year-end, written confirmations have been obtained by the management. No material discrepancies were noticed on the aforesaid verification.

- (iii) The Company has not granted any loan, secured or unsecured to companies, firms, Limited Liability Partnerships (LLPs) or other parties covered in the register maintained under Section 189 of the Act. Accordingly, the provisions of clauses 3(iii)(a), 3(iii)(b) and 3(iii)(c) of the Order are not applicable.
- (iv) In our opinion, the Company has complied with the provisions of Section 186 in respect of investments. Further, in our opinion, the Company has not entered into any transaction covered under Section 185 and Section 186 of the Act in respect of loans, guarantees and security.
- (v) In our opinion, the Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable. (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records under sub-section
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records under sub-section (1) of Section 148 of the Act in respect of Company's products and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) (a) The Company is regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, service tax, goods and service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, with the appropriate authorities. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they become payable.
- (b) There were no dues in respect of income-tax, duty of customs and duty of excise that have not been deposited with the appropriate authorities on account of any dispute.

The dues outstanding in respect of sales-tax and value added tax on account of dispute, are as follows:

Statement of Disputed Dues

Name of the statute	Nature of dues	Amount (₹ in Lakhs)	Amount paid under protest (₹ in Lakhs)	Period to which the amount relates	Forum where dispute is pending
The Central Sales Tax Act, 1956	Central sales tax	13.49	3.07	FY 2011-12 and FY 2012-13	Deputy Commissioner of Commercial taxes – Ranchi
The Jharkhand Value Added Tax Act, 2005	Value Added Tax	1.85	0.69	FY 2011-12 and FY 2012-13	Deputy Commissioner of Commercial taxes – Ranchi
The Finance Act, 1994	Service Tax	42.83	-	FY 2002-03 to FY 2006-07	Customs, Excise and Service Tax Appellate Tribunal

- (viii) The Company has not defaulted in repayment of loans or borrowings to a bank during the year. There are no loans or borrowings payable to financial institutions or government and the Company did not have any outstanding debentures during the year.

- (ix) The Company did not raise moneys by way of initial public offer or further public offer (including debt instruments) and did not have term loans outstanding during the year. Accordingly, the provisions of clause 3(ix) of the Order are not applicable.
- (x) No fraud by the Company or on the Company by its officers or employees has been noticed or reported during the period covered by our audit.
- (xi) Managerial remuneration has been paid and provided by the Company in accordance with the requisite approvals mandated by the provisions of Section 197 of the Act read with Schedule V to the Act.
- (xii) In our opinion, the Company is not a Nidhi Company. Accordingly, provisions of clause 3(xii) of the Order are not applicable.
- (xiii) In our opinion all transactions with the related parties are in compliance with Sections 177 and 188 of Act, where applicable, and the requisite details have been disclosed in the financial statements etc., as required by the applicable Ind AS.
- (xiv) During the year, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures. Accordingly, the provisions of clause 3(xiv) of the Order are not applicable.
- (xv) In our opinion, the Company has not entered into any non-cash transactions with the directors or persons connected with them covered under Section 192 of the Act. Accordingly, the provisions of clause 3(xv) of the Order are not applicable.
- (xvi) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934.

Notes:

The cash flow statement has been prepared under the indirect method as set out in Indian Accounting Standard (Ind AS 7) statement of cash flows. Effective 1 April 2017, the Company adopted the amendment to Ind AS 7, which require the entities to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities, including both changes arising from cash flows and non-cash changes, suggesting inclusion of a reconciliation between the opening and closing balances in the Balance Sheet for liabilities arising from financing activities, to meet the disclosure requirement. (Refer note 42).

SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2019

1 Company information

SNL Bearings Limited ('the Company') established in 1983, is engaged in the manufacture and marketing of antifriction bearing products. The holding Company NRB Bearings Limited acquired the Company in 1 June 2000.

The registered and corporate office of the Company is situated at Dhannur, 15, Sir P. M. Road, Fort, Mumbai 400 001, Maharashtra.

The separate financial statements were authorized for issue in accordance with the resolution of the directors on 21 May 2019.

Basis of Preparation

The Company has prepared its financial statements to comply in all material respects with the provisions of the Companies Act, 2013 (the Act) and rules framed thereunder and the guidelines issued by Securities and Exchange Board of India. In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 under Section 133 of the Act, with effect from 1 April 2017.

The financial statements have been prepared on a historical cost convention and accrual basis, except for the following assets and liabilities:

- i) Certain financial assets and liabilities that are measured at fair value
- ii) Defined benefit plans-plan assets measured at fair value

1A Significant accounting policies

a. Foreign currency transactions

The functional currency of the Company is Indian national rupee (INR) which is also the presentation currency. All other currencies are accounted for as foreign currency.

Transactions denominated in foreign currencies are initially recorded at the exchange rate prevailing at the date of transaction.

Foreign currency monetary items are reported using the closing exchange rates. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. Exchange differences on monetary items are recognized in Statement of Profit and Loss in the period in which they arise.

b. Revenue recognition

The company derives revenues from sale of manufactured goods. Effective 01 April 2018, the Company has adopted Indian Accounting Standard 115 (Ind AS 115) -'Revenue from contracts with customers selecting the cumulative catch-up transition method, applied to contracts that were not completed as on the transition date i.e. 01 April 2018. Accordingly, the comparative amounts of revenue and the corresponding contract assets / liabilities are not required to be adjusted retrospectively. However, the effect on adoption of Ind-AS 115 was insignificant. Revenue from sale of goods is recognized on satisfaction of performance obligation upon transfer of control of promised products to customers for an amount that reflects the consideration the Company expects to receive

SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2019

in exchange for those products. The Company does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, it does not adjust any of the transaction prices for the time value of money for performance obligations where one of the above conditions are not met.

c. Other income

Interest income for all debt instruments is recognized using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Apart from the above, the Company recognizes interest income on its Security Deposits given to the Jharkhand State Electricity Board once receipt is expected.

Dividend are recognized in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably. Interest income is recognized using effective interest method.

d. Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Deferred income tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled. Deferred tax assets are recognized for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2019

e. Leases

As a lessee

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases. Refer note (u) below.

f. Impairment of non-financial assets

The carrying amount of the non-financial assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal /external factors. An impairment loss is recognized whenever the carrying amount of an asset or a cash generating unit exceeds its recoverable amount. The recoverable amount of the assets (or where applicable, that of the cash generating unit to which the asset belongs) is estimated as the higher of its net selling price and its value in use. Impairment loss is recognized in the statement of profit and loss.

After impairment, depreciation / amortization is provided on the revised carrying amount of the asset over its remaining useful life.

A previously recognized impairment loss is increased or reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation / amortization if there were no impairment.

g. Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

h. Trade receivable

Trade receivables are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method, less provision for impairment.

i. Inventories

Raw Material and components, work in progress, finished goods and stores and spares are stated at "cost or net realisable value whichever is lower". Good in transit are stated at cost. Cost formulae used is weighted average cost. Due allowance is estimated and made for defective and obsolete items, wherever necessary, based on the past experience of the Company. Cost comprises of all cost of purchase, cost of conversion and other cost incurred in bringing the inventories to their present location and condition.

Costs of conversion and other costs are determined on the basis of standard cost method adjusted for variances between standard costs and actual costs, unless such costs are specifically identifiable, in which case they are included in the valuation at actuals.

j. Investments and financial assets

Classification

The Company classifies its financial assets in the following measurement categories:

SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2019

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

The classification depends on the company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Measurement of debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

- **Amortized cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost and is not part of a hedging relationship is recognized in profit or loss when the asset is derecognized or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.
- **Fair value through other comprehensive income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in profit and loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to profit or loss and recognized in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.
- **Fair value through profit or loss (FVTPL):** Assets that do not meet the criteria for amortized cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognized in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2019

Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortized cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognized from initial recognition of the receivables.

De-recognition of financial assets

A financial asset is derecognized only when

- The Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

k. Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

l. Property plant and equipment (including Capital Work-in-Progress)

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation. Historical cost are stated at cost of acquisition inclusive of all attributable cost of bringing the assets to their working condition, less accumulated depreciation and accumulated impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is possible that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Schedule II to the Companies Act, 2013 prescribes useful lives for property, plant and equipments and allows Companies to use higher/lower useful lives and residual values if such useful lives and residual values can be technically supported and justification for difference is disclosed in the financial statements. The management believes that the depreciation rates currently used fairly reflect its estimate of the useful lives and residual values of property, plant and equipment.

Depreciation/ amortization on fixed assets has been provided on the straight-line method as per the useful life assessed based on technical advice, taking into account the nature of the asset, the estimated use of the asset on the basis of management's best estimation of getting economic

SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2019

benefits from those class of assets. Depreciation is calculated pro-rata from the date (Month) of addition or upto the date (Month) of disposal)

The Company uses its external technical expertise along with historical and industry trends for arriving at the economic life of an asset.

Class of asset **Revised useful life based on SLM (Range)**

Building on Leasehold land	30 - 50 years
Plant and equipment	4 - 30 years
Furniture and fixtures	6 years
Vehicles	6 - 8 years
Office equipment	3 - 10 years
Electrical installations	15 years
Computer software including servers	3 - 6 years

Assets not yet ready for use are recognised as capital work in progress.

Gains /losses arising from disposals of assets are recognised in the statement of profit and loss, in the period of disposal.

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognized as at 1 April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

m. Intangible assets

Intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the intangible assets.

Identifiable intangible assets are recognised when it is probable that future economic benefits attributed to the asset will flow to the Company and the cost of the asset can be reliably measured.

Computer softwares are capitalized at the amounts paid to acquire the respective license for use and are amortized over the period of useful lives or period of three years, whichever is less. The assets' useful lives are reviewed at each financial year end.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its intangible assets as at 1 April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of intangible assets.

n. Borrowings and other financial liabilities

Borrowings and other financial liabilities are initially recognized at fair value (net of transaction costs incurred). Initial difference between the fair value and the transaction proceeds is recognized as an asset / liability based on the underlying reason for the difference.

Subsequently all financial liabilities are measured at amortized cost using the effective interest rate method.

Borrowings are derecognised from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability

SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2019

that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in profit or loss. The gain / loss is recognized in other equity in case of transaction with shareholders.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

o. Borrowing costs

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time the assets are substantially ready for their intended use. All other borrowing costs are recognized as an expense in Profit or Loss in the period in which they are incurred.

p. Provisions, contingent liabilities and contingent assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using equivalent period government securities interest rate. Unwinding of the discount is recognized in the statement of profit and loss as a finance cost. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liability is disclosed in the Notes to the Financial Statements. Contingent assets are not recognized, but disclosed in the financial statements. However, when the realization of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognized as an asset.

q. Employee Benefits

Short term obligations: Short term employee benefits are recognized as an expense at the undiscounted amount in the Statement of profit and loss of the year in which the related service is rendered.

Other long term employee benefit obligations:

Compensated absences: The Company provides for the encashment of leave or leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits for future encashment/ availment. The Company makes provision for compensated absences based on an actuarial valuation by actuary using the projected unit credit method. Actuarial gains and losses arising on the measurement of defined benefit obligation is charged/ credited to Statement of Profit and loss account.

Post employment obligations:

The Company operates the following post employment schemes:

Defined benefit plans:

- i) **Gratuity:** The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount

SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2019

equivalent to 15 days salary payable for each completed year of service. Vesting eligibility occurs upon completion of five years of service. The Company has obtained insurance policies with the Life Insurance Corporation of India (LIC) and makes an annual contribution to LIC. for funding this plan The Company makes provision for gratuity based on an actuarial valuation done as per projected unit credit method by an actuary. Actuarial gains and losses arising on the remeasurement of defined benefit obligation and experience adjustments are charged/ credited to other comprehensive income. All other costs / reversals are recognised in the statement of profit and loss.

- ii) **Provident fund:** For certain employees, the monthly contribution for Provident Fund is made to a Trust administered by the Company. Both the eligible employees and the Company make monthly contributions to the provident fund equal to a specified percentage of the covered employee's salary. The Company contributes a portion to the Employees' Provident Fund Trust ('The PF trust'). The PF trust invests in specific designated instruments as permitted by Indian Law. The rate at which the annual interest is payable to the beneficiaries by the PF trust is being administrated by the Government. The Company has an obligation to make good the shortfall, if any, between the return from the investments of the PF trust and the notified interest rate. The Company makes provision for Provident fund based on an actuarial valuation done as per projected unit credit method by an actuary.

Defined contribution plans:

- i) **Provident fund and family pension fund:** Defined contribution plans such as Provident Fund and family pension fund are charged to the Statement of Profit and Loss as incurred. The Company's contribution to Provident Fund and family pension fund is determined based on a fixed percentage of the eligible employees' salary and charged to the Statement of Profit and Loss on accrual basis. The Company's contributions to Defined Contribution Plan are charged to the statement of profit and loss as incurred. The Company does not have any obligation other than the contribution made to the fund administered by the government.

r. Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss (excluding other comprehensive income) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events such as bonus issue, bonus element in a right issue, shares split and reserve share splits (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss (excluding other comprehensive income) for the year attributable to equity share holders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

s. Operating Cycle

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as a period not exceeding 12 months for the purpose of classification of its assets and liabilities as current and non-current.

t. Critical estimates and judgements

The preparation of Financial Statements in conformity with Ind AS which requires management to make estimates, assumptions and exercise judgement in applying the accounting policies that

SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2019

affect the reported amount of assets, liabilities and disclosure of contingent liabilities at the date of financial statements and the reported amounts of income and expenses during the year.

The Management believes that these estimates are prudent and reasonable and are based upon the Management's best knowledge of current events and actions. Actual results could differ from these estimates and differences between actual results and estimates are recognized in the periods in which the results are known or materialized.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed.

i) Property, plant and equipment, Investment Properties and Intangible Assets:

Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation to be recorded during any reporting period. The useful lives and residual values as per schedule II of the Companies Act, 2013 or are based on the Company's historical experience with similar assets and taking into account anticipated technological changes, whichever is more appropriate.

ii) Income Tax:

The Company reviews at each balance sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to an adjustment to the amounts reported in the standalone financial statements.

iii) Contingencies:

Management has estimated the possible outflow of resources at the end of each annual reporting financial year, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

iv) Impairment of financial assets:

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

v) Impairment of non-financial assets:

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units (CGU) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent to those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less cost of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples or other available fair value indicators.

vi) Defined benefit obligation

The cost of post-employment benefits is determined using actuarial valuations. The actuarial valuation involves making assumptions about discount rates, expected rate of return on assets, future salary increases and mortality rates. Due to the long term nature of these plans such estimates are subject to significant uncertainty. The assumptions used are disclosed in Note 37.

Ind AS 116

On 30th March 2019, the Ministry of Corporate Affairs (MCA) has notified Ind AS 116 Leases, under Companies (Indian Accounting Standards) Amendment Rules, 2019 which is applicable with effect from 1st April, 2019. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lease accounting model for lessee and requires the lessee to recognize right of use assets and lease liabilities for all leases with a term of more than twelve months, unless the underlying asset is low value in nature. Currently, operating lease expenses are charged to the statement of profit and loss. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17. As per Ind AS 116, the lessee needs to recognise depreciation on rights of use assets and finance costs on lease liabilities in the statement of profit and loss. The lease payments made by the lessee under the lease arrangement will be adjusted against the lease liabilities. Based on management assessment, the adoption of Ind AS 116 will not have any material impact on the financial statements of the company.

I. Fair value hierarchy

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION TO THE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2019

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. For example, listed equity instruments that have quoted market price.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

During the periods mentioned above, there have been no transfers amongst the levels of hierarchy.

II. Valuation techniques used to determine fair value

Significant valuation techniques used to value financial instruments include:

The fair values for investment in mutual fund are based on the published NAV's and other financial assets/liabilities are based on discounted cash flows using a discount rate determined considering Company's incremental borrowing rate.

The carrying amounts of all the above assets are considered to be approximately equal to the fair value.

Mutual fund investment have been categorised into level 1 (recurring fair value measurement) of fair value hierarchy. All the other items have been categorised into level 2.

32 Financial risk management

The Company's principal financial liabilities comprise borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, trade and other receivables, investments and cash and cash equivalents and other bank balances that derive directly from its operations.

The Company is exposed to credit risk, market risk and liquidity risk. The Company's senior management oversees the management of these risks.

A Credit risk

The Company is exposed to credit risk from its operating activities (primarily for trade receivables) and from its financing activities (deposits with banks and other financial instruments).

Credit risk management

To manage credit risk, the Company follows a policy of providing 0-45 days credit to the domestic customers basis the nature of customers. The credit limit policy is established considering the current economic trends of the industry in which the Company is operating.

However, the trade receivables are monitored on a periodic basis for assessing any significant risk of non-recoverability of dues and provision is created accordingly.

Bank balances are held with only high rated banks and majority of other security deposits are placed majorly with government agencies/public sector undertakings.

36 Contingent liabilities, Capital and other commitments
Contingent liabilities not provided for

- (i) The Company had received an Order dated 6th September, 2004 from the Employees Provident Fund Organisation raising a demand of ₹ 161.36 lakhs including interest of ₹ 46.73 lakhs for default in making payment of Employees Provident Fund and allied dues for the period April, 1986 to February, 2003. The Company has been making contributions to the 'SNL Officers Provident Fund Trust' and 'SNL Employee's Provident Fund Trust', being Trusts formed by the Company in earlier years; these Trusts have net assets of ₹ 162.40 lakhs and ₹ 92.25 lakhs respectively as at 31st March, 2017 as reflected in their audited balance sheets. As per the order, the existence of the said Trusts and the act of switching over from Employees trust to the Officers trust on salary exceeding the statutory limit fixed by the Employees Provident Fund and Miscellaneous Act, 1952, have been considered violative of the Act. The authorities had attached one of the Company's bank accounts and had recovered an amount of ₹ 2.75 lakhs in an earlier year. The Company has contested the above demand and on a writ petition filed by the Company in the High Court of Jharkhand, Ranchi, the High Court has directed the authorities not to take coercive steps till the disposal of the petition. The Company denies all the allegations made against it since the Company had made the necessary applications to grant exemption to the Trusts which was neither granted nor rejected in spite of several reminders from time to time. In view of the facts of the case, the Company does not expect any liability in this regard.
