# Vedanta, Hindalco, Adani Power in fray for coal auction-II

Most of the 34 bidders are from steel and iron industry

**SHREYA JAI**  
New Delhi, 9 July

For the second round of bidding under the commercial coal auction, the coal ministry has received technical bids from 34 companies, including Vedanta, Balco, Hindalco, Sunflag Iron & Steel, Adani Power, and Adhunik Power. Most of the bidders are from the steel and iron industry.

The bidders also include three state-owned companies — Chhattisgarh Mineral Development Corporation, Jharkhand Mineral Resources, and MP Natural Resources. The highest number of bids were submitted by Sunflag Iron & Steel Company and Aurbindo Realty. Burakchhap Small Patch coal mine in Jharkhand received the highest number of bids of five, among all mines.

The ministry has put 19 mines for auction in the second round of the auction — 10 are fully explored and 9 partially explored mines. There are four coking coal mines and the balance 15 mines are non-coking coal mines. Two or more bids have been received for eight coal mines, the ministry said in its statement.

The Centre in 2020 allowed the private firms to enter the arena of commercial mining and sale of coal, 47 years after coal mining was nationalised

in India. It amended the Coal Mines (Special Provisions) Act, 2015, in May to open the coal auction for non-mining, small businesses, and foreign companies. The two-part auction concluded in November when companies submitted bids for 19 of the total 38 coal blocks on offer.

Among the winning bidders were Adani Enterprises, Hindalco, Vedanta, and Essel Mining of the Aditya Birla Group, Jindal Steel & Power, and several new and non-mining companies such as Aurbindo Realty, Yazdani International, JMS Mining, and Boulder Stone Mart. Almost 65 per cent bidders were from the 'non-end user' category, which means they are not direct coal users.

Post this, the Centre decided to award mines for commercial use under rolling auction. Pralhad Joshi, Union minister for coal and mines,

had said in March: "We will upload a comprehensive list of mines along with key technical data and bidders can submit their preferences for the mines to be included in the next tranche of auction. This would be a continuous process and would result in expediting the auction setup. Moreover, it will help bidders in planning better and would further enhance transparency in the system."

To keep the interest of new and small players intact, the ministry is offering only small and medium-sized coal mines in the second round. Most of the mines offered have been evaluated to not fall in eco-sensitive zones, said a senior official. The bids submitted in the current round would be evaluated by a technical evaluation committee and the technically qualified bids would be allowed to take part in e-auction to be held on the platform of MSTC e-commerce.
