## Press Release:

### Happiest Minds Technologies Partners with Yotta Infrastructure to deliver hyperscale colocation and managed IT services

**California, USA and Bengaluru, India, May 26, 2020:** Happiest Minds Technologies Limited (NSE: HAPSTMNDS), a 'Born Digital. Born Agile', a digital transformation and IT solutions company and Yotta Infrastructure have entered into a strategic partnership to jointly offer world-class colocation services and Yotta's cloud solutions on the 'anything-as-a-service' model as part of Happiest Minds portfolio.

**Girish Chandangoudar, VP, Head of Infrastructure, Happiest Minds Technologies**, said, "With the growing demand of Datacenter services and cloud adoption, this partnership is imperative to enhance our strong portfolio of Cloud Infrastructure services further. Yotta Infrastructure, since its inception, has already shown exemplary growth, and Happiest Minds is thrilled to partner with them on this transformational journey."

This partnership enables Happiest Minds Technologies to deliver scalable, flexible, and quality Datacenter and Cloud services. This joint solution provides a unique proposition for end customers, thereby creating new business opportunities.

Within two years, Yotta has announced its hyperscale data center parks across India. Its first facility at Navi Mumbai, Maharashtra, is World's second largest and Asia's largest Uptime Institute certified Tier IV data center and is operational since 2020.

With this partnership, Yotta's entire range of enterprise IT services and a full array of managed services for SAP, IT Management, IT Security, Network and Connectivity, High-Performance Computing as a Service, Cloud-hosted Desktop-as-a-Service, GPU powered workstations, and many more emerging and disruptive solutions on the self-service pay-as-you-consume model will be made available by Happiest Minds.

**Bhavesh Adhia, Head of Partner Ecosystem, Yotta Infrastructure**, said, "Happiest Minds is a leading digital transformation company and makes an addition to our list of growing partners. Yotta is delighted to work with Happiest Minds."

## About Happiest Minds Technologies:

[Happiest Minds' Technologies](#) Limited (NSE: HAPPSTMNDS), a Mindful IT Company, enables [digital transformation](#) for enterprises and technology providers by delivering seamless customer experiences, business efficiency and actionable insights. We do this by leveraging a spectrum of disruptive technologies such as [artificial intelligence](#), [blockchain](#), [cloud](#), [digital process automation](#), [internet of things](#), robotics/drones, [security](#), [virtual/augmented reality](#), and more. Positioned as 'Born Digital. Born Agile', our capabilities span digital solutions, infrastructure, product engineering and security. We deliver these services across industry sectors such as automotive, BFSI, consumer packaged goods, e-commerce, edutech, engineering R&D, hi-tech, manufacturing, retail, and travel/transportation/hospitality.

A Great Place to Work-Certified™ company, Happiest Minds is headquartered in Bangalore, India, with operations in the U.S., UK, Canada, Australia, and the Middle East.

## About Yotta:

Yotta Infrastructure, a Hiranandani group company, is a new-age Managed Data Center provider, and we understand that data is at the core of our lives.

Yes, we operate the most significant data center parks in India, but we go well beyond that! Yotta empowers enterprises to host, manage, secure, compute, access, and analyze memories, decisions, ideas, entertainment, finances, communication, and much more!

Yotta caters to both wholesale and retail colocation markets. Besides hyper-scale colocation solutions, Yotta also serves the vast Enterprise market – both domestic and international, which needs fully managed services and solutions. Hence, Yotta provides a complete range of Enterprise IT solutions to our customers under the Yotta Tech portfolio. The services under this portfolio include Yotta Cloud (various types of IaaS – compute, storage, network, PaaS and industry-specific SaaS services), Private Cloud, Federated Cloud, IT Management, IT Security, Network and Connectivity including Inter-DC metro fiber network and AI / IoT enabled services & solutions.
