**Zensar to Present 'Zero-Touch' Multi-Cloud Powered by Nutanix at Nutanix's annual at .NEXT Americas conference 2019**

*Announces a dynamic, fully integrated and cost optimized cloud solution that brings enterprises simplicity through automation*

**San Jose, California, May 6, 2019:** [Zensar](#), a leading digital solutions and technology services company that specializes in partnering with global organizations across industries on their Digital transformation journey, announced today that it will showcase the benefits of its Multi-Cloud solutions powered by Nutanix at Nutanix's annual at .NEXT Americas conference. Zensar is a partner in the Nutanix Partner Network Global Systems Integrator Program and focuses its partnership on creating next generation multi-cloud solutions for organizations who are looking for definite business outcomes.

*"We are excited to partner with Nutanix as we find their expertise in line with our focus on employing our unique Return on Digital® NeXT strategy for enterprises that are looking to accelerate their digital transformation process. We see synergy between Nutanix's Enterprise Cloud and hyperconvergence solutions and our own cloud and infrastructure offerings; our global customers will benefit from our joint offerings."* **stated Sandeep Kishore, Chief Executive Officer and Managing Director, Zensar.**

**Harjott Atrii, Executive Vice President and Global Head, Cloud & Infrastructure Services, Zensar added,** *"Customers are relying on our successful partnerships with them that leverage various cloud offerings to optimize their environment. Nutanix's enterprise cloud solutions are now integrated with Zensar's The Vinci™ Smart Autonomics Platform that delivers a powerful 'Zero-Touch' Multi-Cloud solution. Visitors to our booth at .NEXT will have the opportunity to see how our offering is designed to empower enterprises across various industry verticals to navigate with agility, higher flexibility and more effective cost management."*

**Revathipathi Namballa, Vice President and Global Head, Solution Design Center, Cloud & Infrastructure Services, Zensar added,** *"Our mutual customers have been asking us for a seamless experience across on-premises private cloud, hybrid cloud and any choice of public cloud with the flexibility to move workloads across these platforms based on business drivers, operations efficiency and cost levers. Our partnership with Nutanix gives our joint customers a Zero-Touch, multi-cloud solution that promotes extreme workload mobility by hosting the right workload on the most optimal cloud platform at any given point in time. Zensar and Nutanix are committed to partner with our customers as we co-create the endless possibilities by leveraging this solution."*

Visit Zensar at **Booth S-36 at .NEXT** to interact with our experts and understand how Zensar's offering delivers the advantage of cost-optimized hybrid cloud to enterprise data centers. This solution is designed using the ZenCloud Reference Architecture and offers the infrastructure cost savings associated with Nutanix's hyperconvergence and enterprise cloud solutions. Simplicity through hyper-automation in Zensar's "Zero Touch" Multi-Cloud solution is the core proposition of the Zensar hybrid cloud design powered by Nutanix. This is made possible by a catalog based, 100% customized consumption model that caters to business users and IT infrastructure management teams alike. The heuristic automation is driven by The Vinci™ - Zensar's Smart Autonomics Platform.
