The consolidated revenue was up by 12.73%. Our consolidated revenue has increased to Rs.4,22,395.14 Lakh as compared to Rs. 3,74,718.21 Lakh in the previous year.

DIVIDEND:

For the financial year 2021-22, your Directors have recommended a dividend of Rs.0.20/- per share on face value of Rs. 2.00/- per share of the Company, i.e., 10% of the face value. The said dividend on Equity Shares is subject to the approval of the shareholders at the ensuing 23rd Annual General Meeting of the Company (hereinafter referred to as "AGM").

TRANSFER TO RESERVES:

The whole profit after tax has been transferred to Surplus in the Statement of Profit & Loss. No amount is transferred to General Reserves Account.

BUSINESS STRATEGY:

Your Company is one of the prominent providers of IT and mobility products and services. The Company's strategies serve as an important link between our channel partners and ultimately benefitting the end-customers. The Company's road map has been spread across the length and breadth of the nation with a remarkable presence across the metro cities as well as Tier II and Tier III cities. This would assist in accelerating the volume for the distribution intermediaries. Different product segments are catered through separate sales channels, establishing dedicated focus and better service quality for the end-users.

Continuous training and support is provided to the downstream distributors to keep them updated about the latest products and offerings, guiding them in sustaining and growing their businesses. Various credit schemes are exercised to smoothen their financial operations. A frequent turnaround of inventory gets exercised to make the resellers available with a wide range of offerings towards the end users. They also serve the end users during the warranty period by servicing their needs.

Covid-19 had an impact on the businesses throughout the world across the industries. FY2022 was a challenging year for the industry. It began with the deadly second wave of Covid-19 which brought back the lockdown restrictions to prevent the spread of the virus. As the year progressed, the lockdown restrictions were eased before the country was again hit by the third wave of the virus. Thankfully, the third wave did not prove to be a deadlier one and lasted for a short period of time. Another major disruption faced during the year was on account of shortage of semi-conductors. The production timelines for the manufacturers who were dependent on semi-conductors were impacted and hence the supply of the end finished product were affected.

Positive impact of Covid-19 on the IT Distribution Industry has been the emergence of working from home. Work from home led to a new set of demand for IT products such as laptops, desktops and accessories which improves work efficiency. It also led to increased demand for enterprise, cyber security and cloud software which are essential for efficient and safe working environment for the corporates. In FY2022, the demand was led by restarting of offices and while some of the demand continued to come from work from home segments. We believe the future of work will be a mix of work from office and home. This will require new additional investments by the corporates in the areas of remote working and cloud services. The demand for mobiles and laptops has also increased for personal use for efficient communication, education and entertainment purposes. All these factors collectively will lead to sustainable demand.

Employees' health and safety have been the priority for the Company. The Company undertook all the necessary measures for effective social distancing and sanitization to provide a safe working environment to its employees. Despite of these challenging conditions, the Company continued to progress on its business strategy. The most important focus area for the Company continues to be brand addition for growth. The Company has added newer brands, improved its operating efficiency with better product mix and undertook cost efficiency initiatives to maintain the profitability. These partnerships will enable us to scale up our business in the more profitable business segments leading to better return on its capital and at the same time provide better reach to these brands in terms of customers especially into the Tier II and Tier III cities.

IT products, in the long term, have to grow on sustainable basis, given the need for digitalization, especially in our country. The world is moving in a rapid space towards complete digitalization, and this is not possible without an extensive use of IT products and its services. Along with the rising adoption of IT products, distributors like us will play a very crucial role for this journey to be successful.

Going forward, the Company's focus will continue to keep on adding new brands to its portfolio, penetrate newer regions to increase the scale of the business, improve the product mix and optimize the cost structure to drive the profitability and thus, create value for all its stakeholders.

Moving further, the Company's business strategy would continue to be as follows:-

- Partner with newer marquee brands to widen its product portfolio.
- Focus on higher profitable business segments to efficiently allocate capital and hence improve the overall return on investment.
- Continue the cost efficiency initiatives to improve the profitability of the Company.
- Increase its reach and penetration from 600 cities and 12,000 partners to 1000 cities and 20,000 partners.
- Launch of online purchase model for Channel Partners which will help to tap larger market share.
- Materially enhance the efficiency of its work delivery processes through good planning, flexibility amongst its workforce and utilising available technology and field tools.

COMPUAGE INFOCOM LTD.

Annual Report FY 2021-2022

- Ensuring the overall safety of its people, recruiting, training and retaining the best people and delivering on shareholder value.
- To deliver differentiated offerings to the clients which in turn will enhance their productivity and thus brings overall efficiency and effectiveness of the business.
- Periodically optimise various operational parameters to bring in effectiveness of organisational structure and processes which helps in aligning and meeting strategic goals.

SUBSIDIARY COMPANY:

Compuage Infocom (S) Pte. Ltd.:

Compuage Infocom (S) Pte. Ltd. is a wholly-owned subsidiary of the Company. There was no business activity in the Subsidiary Company during the year as the Company has transferred its business to its Singapore Branch.

In accordance with Section 129(3) of the Companies Act, 2013 (hereinafter referred to as “Act”), a statement containing salient features of the financial statements of the subsidiary companies in Form AOC-1 is appended as Annexure A to the Directors’ Report.

Further, no new subsidiary was acquired nor any subsidiary ceased to exist during the year under review.

OVERSEAS OPERATIONS:

Your Company’s overseas operations are carried out through branch office established in Singapore. It has served as a medium to manage business more effectively. This overseas presence has enabled to achieve economies of scale.

CONSOLIDATED FINANCIAL STATEMENTS:

The Consolidated Financial Statements of the Company and its subsidiary, prepared in accordance with the Act and applicable Accounting Standards along with all relevant documents and the Auditors’ Report, form part of the Annual Report.

Pursuant to Section 136 of the Act, the financial statements of the subsidiary are kept open for inspection of the Shareholders at the Registered Office of the Company.

SHARE CAPITAL:

During the year under review, there was no change in the share capital of the Company.

The Company had allotted 1,00,00,000 Cumulative Non-Convertible Compulsorily Redeemable Preference Shares of Rs.10/- each aggregating to Rs.10,00,00,000/- to Karvy Capital Limited Demeter Portfolio (hereinafter referred to as “Investor Representative”) on Private Placement basis, via Members’ approval through Postal Ballot dated 6th May, 2019. Thereafter, pursuant to the exercise of Put Option by the Investor Representative and the Amendment to the Investment Agreement entered into between the Investor Representative and the Company, the payments of the Put Option Price by the Company to the Redeemable Preference Shareholders were made in three tranches on 19th June, 2021, 19th July, 2021 and 19th August, 2021 and the respective shares were extinguished accordingly.

Further, the Board of Directors of your Company, in its Meeting held on 16th February, 2022, had approved the offer and issuance of fully paid-up equity shares of the Company for an amount not exceeding Rs. 50 Crore (Rupees Fifty Crore Only) by way of a rights issue to the eligible equity shareholders of the Company as on the record date (to be determined and notified subsequently), in accordance with applicable laws, including the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended, subject to such approvals, as may be required under the applicable laws (hereinafter referred to as “Rights Issue”). For the purposes of giving effect to the Rights Issue, the detailed terms in relation to the Rights Issue, including but not limiting to the issue price, rights entitlement ratio, record date, timing and terms of payment will be determined in due course.

LIQUIDITY:

We maintain sufficient liquidity to meet our strategic and operational requirements. We understand that liquidity in the Balance Sheet has to balance between earning adequate returns and the need to cover financial and business risks. We are agile and prepared to meet unforeseen business needs, if any.

DIRECTORS AND KEY MANAGERIAL PERSONNEL:

Directors:

The current composition is an appropriate mix of Executive and Non-Executive Directors to maintain the independence of the Board and separate its functions of governance and management. As on 31st March, 2022, the Board of Directors consists of 6 members, 2 of whom are Executive Directors and 4 are Non-Executive Directors.

Mr. Virendra G. Bhatt (DIN: 02343351), who had been appointed as the Additional Non-Executive Independent Director of the Company with effect from 25th February, 2021, was appointed as a Non-Executive Independent Director to hold office for a consecutive term of 5 (Five) years, commencing from 6th July, 2021 to 22nd February, 2026, with shareholders' approval via Special Resolution through Postal Ballot dated 5th July, 2021.

Further, Mrs. Fatima Hussaini Nasab (DIN: 08507217), resigned from the post of Non-Executive Independent Director, expressing her inability to continue to hold office of her directorship due to health issues and certain other pre-occupations with effect from 7th February, 2022. CORPORATE GOVERNANCE REPORT

The report on Corporate Governance in compliance with Regulation 34 read with Schedule V of the Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred to as “**Listing Regulations**”) is as follows:

1. COMPANY’S PHILOSOPHY ON CODE OF GOVERNANCE

Corporate Governance is all about ethical conduct, openness, integrity and accountability of an entity. Effective Corporate Governance is the creation and enhancement of long-term sustainable value for our stakeholders, comprising regulators, employees, customers, vendors, investors, and the society at large, through ethically driven business practices. At Compuage Infocom Limited (hereinafter referred to as “**CIL / Company**”), we believe that a strong corporate ethical culture and effective governance practices are the foundation of business sustainability. Our Corporate Governance framework ensures effective engagement with our stakeholders and rests on the pillars of integrity, fairness, reliability, value performance, commitment, transparency, maintaining ethical standards and environmental responsibility that confirm fully with laws, regulations and guidelines. The Company’s policies focus on the highest standards of governance in operations, striving to manage our affairs in a fair and transparent manner. The leaders of the Company set the tone through their actions and this ensures that the organization remains true to its culture and values in letter and spirit.

The Company has established systems and procedures to ensure that its Board of Directors is well-informed and well-equipped to discharge its overall responsibilities and provide the management with a strategic direction catering to exigency of long term shareholders value. Its initiatives towards adhering to highest standards of governance include self-governance, professionalization of the Board, fair and transparent processes and reporting systems. CIL regards Corporate Governance as not just a destination, but a journey to constantly improve sustainable value creation. It is an upward-moving target that we collectively strive towards achieving. The Company has adopted a Code of Conduct for its employees, Executive Directors as well as for its Non-Executive Directors and their duties as stipulated under the Companies Act, 2013 (hereinafter referred to as “**Act**”).

The Company is in compliance with the requirements stipulated under Regulations 17 to 27 read with Schedule V and clauses (b) to (i) of sub-regulation (2) of Regulation 46 of the Listing Regulations, as applicable, with regard to Corporate Governance.

2. APPROPRIATE GOVERNANCE STRUCTURE WITH DEFINED ROLES AND RESPONSIBILITIES

The Company has put in place an internal governance structure with defined roles and responsibilities of every constituent of the system.

The Corporate Governance structure at CIL is as follows:

1. Board of Directors:

CIL believes that a dynamic, well-informed and independent Board is essential to ensure highest standards of Corporate Governance. The Board of Directors of the Company, being in a fiduciary position, is empowered to oversee the management functions with a view to ensuring its effectiveness and enhancement of shareholder value. The Board has ultimate responsibility for the management, general affairs, strategic direction, performance, risk management and long-term success of business as a whole.

2. Committees of the Board:

The Committees of the Board play a significant role in the governance structure of the Company and have been constituted to transact / approve the matters as mandated by applicable rules and regulations, which concern the Company. Narasimhan, Partner, BN & Associates, failing whom, Mr. Avinash Bagul, Partner, BNP & Associates, Practicing Company Secretaries, was appointed as Scrutinizer to conduct the said Postal Ballot process in a fair and transparent manner. He submitted the results of e-Voting through Postal Ballot alongwith his report on 28th March, 2022, to Mr. Atul H. Mehta, Chairman and Managing Director (DIN: 00716869) and the results were declared on the same day. The date of passing the special resolution was 28th March, 2022.

There were no other special resolutions passed through Postal Ballot other than above mentioned Resolutions as on the date of this Report.

Procedure followed for Postal Ballot:

Pursuant to the Sections 108, 110 and other applicable provisions, if any, of the Act, (including any statutory modification or re-enactment thereof for the time being in force) read with Rules 20 and 22 of the Companies (Management and Administration) Rules, 2014, read with the General Circular No. 14/ 2020 dated 8th April 2020, General Circular No. 17/ 2020 dated 13th April 2020, General Circular No. 22/2020 dated 15th June, 2020, General Circular No. 33/2020 dated 28th September, 2020, General Circular No. 39/2020 dated 31st December, 2020, General Circular No. 10/2021 dated 23rd June, 2021 and General Circular No. 20/2021 dated 8th December, 2021, issued by the Ministry of Corporate Affairs (hereinafter referred to as “MCA Circulars”) and pursuant to other applicable laws and regulations, the Company provided only the remote e-Voting facility to its Members, to enable them to cast their votes electronically.

The Company engaged the services of National Securities Depository Limited (hereinafter referred to as “NSDL”) for facilitating remote e-Voting to enable the Members to cast their votes electronically. Due to non-availability of postal and courier services, on account of the threat posed by Covid-19 and in terms of the MCA Circulars, the Company sent the Postal Ballot Notices in electronic form only to its registered shareholders whose e-mail IDs were registered / available with the Depository Participants / Registrars and Share Transfer Agents as on a cut-off date.

Voting rights were reckoned on the paid-up value of the shares registered in the names of the Members as on the cut-off date as fixed for above mentioned resolutions. Members desiring to exercise their votes by electronic mode were requested to vote before close of business hours on the last date of remote e-Voting. The scrutinizer, after the completion of scrutiny, submitted his report to Mr. Atul H. Mehta, Chairman & Managing Director (DIN: 00716869) who was authorised to accept, acknowledge and countersign the Scrutinizer’s Report as well as declare the voting results in accordance with the provisions of the Act, the Rules framed thereunder and the Secretarial Standard - 2 on General Meetings.

The results of the remote e-Voting were then announced by Mr. Atul H. Mehta, Chairman & Managing Director (DIN: 00716869). The results were displayed on the Company’s website at www.compuageindia.com besides being communicated to the stock exchanges where the equity shares of the Company are listed viz. BSE Limited (hereinafter referred to as “BSE”) and National Stock Exchange of India Limited (hereinafter referred to as “NSE”).

MANAGEMENT DISCUSSION AND ANALYSIS

Global Economy

Global growth, according to the International Monetary Fund, is expected to slow from 6.1% in 2021 to 3.6% in 2022 and 2023. Over the medium term, global growth is expected to slow to around 3.3% after 2023. Importantly, this forecast assumes that the conflict continues to remain contained within Ukraine, that additional sanctions on Russia are not imposed on the energy sector (although the impact of European countries' decisions to wean themselves off Russian energy and embargoes announced through 31st March, 2022 are factored into the baseline), and that the pandemic's health and economic effects fade over the course of 2022.

Ukraine's war has triggered a costly humanitarian crisis that must be resolved peacefully. The conflict's economic costs will contribute to a significant slowdown in global growth in 2022. A severe double-digit drop in gross domestic product for Ukraine and a significant contraction in Russia are almost certain, as are global spillovers through commodity markets, trade and financial channels. Even if the war slows growth, it will increase inflation. Fuel and food prices have risen rapidly, affecting vulnerable populations, particularly those in low-income countries. As central banks tighten policy, interest rates are expected to rise, putting pressure on emerging market and developing economies.

Inflation is expected to remain high for a longer period of time than expected, owing to war-induced commodity price increases and broadening price pressures. Further to that, the conflict worsens the economic strains caused by the pandemic. Despite the fact that many parts of the world appear to have passed the acute phase of the Covid-19 crisis, deaths remain high, particularly among the unvaccinated. Beyond the immediate challenges of the war and the pandemic, policymakers must keep long-term objectives in mind. The productivity of new ways of working has been highlighted by pandemic disruptions. Governments should look for opportunities to harness positive structural change wherever possible, embracing technological change and retooling and reskilling workers to meet its challenges.

Indian Economy

According to the provisional estimates released by the National Statistical Office on 31st May, 2022, India's real gross domestic product growth in 2021-22 was 8.7%. This works out to 1.5% above the pre-pandemic level (2019-20).

The recovery in domestic economic activity is gathering strength. Rural consumption should benefit from the likely normal south-west monsoon and the expected improvement in agricultural prospects. A rebound in contact-intensive services is likely to bolster urban consumption, going forward. Investment activity is expected to be supported by improving capacity utilisation, the government's capex push and strengthening bank credit. Growth of merchandise and services exports is set to sustain the recent buoyancy. Spillovers from prolonged geopolitical tensions, elevated commodity prices, continued supply bottlenecks and tightening global financial conditions nevertheless weigh on the outlook. Taking all these factors into consideration, the real gross domestic product growth projection for 2022-23 is retained at 7.2%, with Q1 at 16.2%; Q2 at 6.2%; Q3 at 4.1%; and Q4 at 4.0%, with risks broadly balanced.

The geopolitical tensions have exacerbated at a time when the global economy was grappling with a sharp rise in inflation and consequent monetary policy normalisation in major advanced economies. It is not just India, but almost all emerging economies are reeling under these external shocks. We, however, believe that India's underlying economic fundamentals are strong and despite the short-term turbulence, the impact on the long-term outlook will be marginal. The results of growth-enhancing policies and schemes (such as production-linked incentives and government's push toward self-reliance) and increased infrastructure spending will start kicking in from 2023, leading to a stronger multiplier effect on jobs and income, higher productivity, and more efficiency - all leading to accelerated economic growth.

Furthermore, the emphasis on manufacturing in India, various government incentives such as lower taxes, and rising services exports on the back of stronger digitization and technology transformation drive across the world will aid in growth. Also, several spillover effects of geopolitical conflicts could enhance India's status as a preferred alternate investment destination. On the health front, a large vaccinated population will likely help contain the impact of subsequent infections waves, if any.

The Government of India has the twin objective of inclusive growth and financial empowerment as the centre piece of its policy agenda for the country's growth. It has implemented a range of policy initiatives in the areas of sustainable development, infrastructural improvements, ease of doing business, banking and financial services, job creation, digital transformation, manufacturing and services industries in an effort to build a strong base for the Indian economy.

Compuage Infocom Limited

These 2 divisions have been in existence for a long while, while cloud computing and hardware services divisions are of recent past. Cloud computing products include business applications, cloud management services, etc., of Microsoft, SAP and many others, while under hardware services, the Company provides warranty services which include basic and chip level repairs for brands like HP, Asus, Vertiv and few others. Compuage with its PAN India network and efficient supply chain provides immense value to its vendors taking care of their distribution angle and providing a wider reach to their products while they can focus on their core competency.

Financial Year 2021-22

FY22 was a challenging year for the industry. It began with the deadly second wave of Covid-19 which brought back the lockdown restrictions to prevent the spread of the virus. As the year progressed, the lockdown restrictions were eased before the country was again hit by the third wave of Covid-19 which didn't prove to be a deadlier one and lasted for a short period of time. Another major disruption faced during the year was on account of shortage of semi-conductors. The production timelines for the manufacturers who were dependent on semi-conductors were impacted and hence the supply of the end finished product.

Emergence of work from home on account of Covid-19 has increased the overall market size. Work from home led to a new set of demand for IT products such as laptops, desktops and accessories which improves work efficiency. It also led to increased demand for enterprise, cyber security and cloud software which are essential for efficient and safe working environment for the corporates.

In FY22, the demand was led by restarting of offices while some of the demand continued to come from work from home segments. We believe the future of work will be a mix of work from office and home. This will require new additional investments by the corporates in the areas of remote working and cloud services. The demand for mobiles and laptops has also increased for personal use for efficient communication, education and entertainment purposes. All these factors collectively will lead to sustainable demand.

The most important focus area for the Company continues to be brand addition for growth. The Company added newer brands, improved its operating efficiency with better product mix and undertook cost efficiency initiatives to maintain the profitability. New partnerships will enable the Company to scale up its business in the more profitable business segments

leading to better return on its capital and at the same time provide better reach to these brands in terms of customers especially into the Tier II & Tier III cities.

IT products in the long term have to grow on sustainable basis given the need for the digitalization especially in our country. The world is moving in a rapid space towards complete digitalization, and this is not possible without an extensive use of IT products and its services.

Even during this challenging year, the Company managed to sign distribution partnership with 7 new brands.

Your Company has entered into a Distributorship Agreement for enabling resale of Interactive Flat Panel in India with Optoma Corporation, which is recognized in the industry for delivering projectors that deliver a winning combination of craftsmanship, advanced engineering, user-focused feature set and compelling price points and globally having captured the 3rd position as a projector brand and the 1st position as a home segment projectors brand.

Alcatel-Lucent Enterprise, a European company with an established heritage of innovation and entrepreneurial spirit with over 2200 employees worldwide and headquartered in Paris, France, with direct business operations present in 50 countries, has appointed your Company as a Value Added Distributor to help building Partners on Voice, Data and Cloud Solutions for India and SAARC Market.

A Distributor Agreement for providing Cloud Services was entered into by your Company with SmartCard Marketing Systems Inc., which is a specialized industry leader in cloud and mobility applications for the global Paytech and Fintech market, an entrepreneurial boutique providing commercial strategies with a proprietary portfolio of applications and wireframes for Banking, Retail E-Wallets, Digital ID-EKYC, etc.

EPPS Infotech Private Limited, an IT / Technology Services business entity, having leading business in Enterprise Resource Planning Computer Software Developer, has appointed your Company as its Value Added Distributor to provide Enterprise Resource Planning solutions to the channel partners and expand your Company's portfolio.

Your Company has entered into Distributorship Agreement with Micro-Star Int'l Co., Limited, a Taiwanese organization. It is a world leading gaming brand which provides its users with a plethora of products and services such as computer hardware including laptops, desktops, motherboards, graphics cards, All-in-One PCs, servers, industrial computers, PC peripherals, car infotainment products and many more. This tie-up will enable your Company to introduce laptops with latest technology, creating higher accessibility for customers across the country.

Further, Your Company has entered into an Authorized Service Provider Agreement, for provision of services with respect to Single-Function and Multifunction Laser Printers all over the territory of India, with Lexmark International (India) Private Limited, which is recognized as global leader in print hardware, service, solutions and security by many of the technology industry's leading market analyst firms, having headquarters in Lexington, Kentucky and has a revenue of around USD 3.5 Billion, helping customers in more than 170 countries.

Furthermore, a Distributor Agreement was entered by your Company with Velox Solutions Private Limited for offering a comprehensive range of next gen-security products in the area of Cyber Security and IT Operation Management to a wide range of customers and partners by combining the extensive distribution network of both the Parties. This tie-up shall provide your Company, an opportunity to significantly enhance its brand visibility by jointly working on digital marketing initiatives with Velox.

Lastly, your Company has entered into Distributorship Agreement with Zoho Technologies Private Limited for placing the Zoho product portfolio in front of as many potential channel partners through your Company's widespread distribution network. With over nearly 10,000 employees and 12 offices worldwide, having headquarters in Chennai, products of Zoho include Customer Relationship Management, mail, project management, invoicing, email marketing and social media management applications. Being a Distributor for Zoho would help your Company in adding multiple software solution and selling versatile products in the market giving edge to the partners towards offering versatile solution with its Tier II and Tier III markets.

Product Segments

IT Consumer & Lifestyle Products

IT Consumer mostly deals in PCs, audio / video goods and peripherals, amongst other products. The demand for these items was high across all client sectors, including corporates and individuals. The demand for these products was driven by employees working from home, reopening of offices, students studying at home and customers looking for general

entertainment and communication. With Covid-19 not yet fully out of the picture, the demand of these products is expected to be resilient in the next year as well. With growing awareness for health and fitness, lifestyle products have witnessed a sudden surge in demand by people across the world. Penetration of IT Consumer and lifestyle products in India remains much lower when compared to the developed world giving the long-term growth visibility for this segment.

It is undeniable that mobiles have become the most important accessory for any individual and especially smart phones is a must have for everyone now. Smart phones are now being used by each and every class of people irrespective of their age. Mobiles division will keep on growing every year as people have been upgrading their phones faster than ever to keep up with the trend and newer technology.

Enterprise Solutions

The IT Enterprise segment deals in a variety of items, including those related to network and power infrastructure, software, and cyber security, etc. Need for the companies to have a robust IT infrastructure was never as felt as during the last year. Companies realised that in order to ensure their business continuity, they need to have an adequate and modern IT infrastructure. Hence, during the year, companies have started planning out investments in cyber security, communication networks and supporting IT infrastructure. Since all the businesses will need to continually invest in newer technology to keep themselves updated and secure, the demand for these items will continue to expand year after year and will likely continue to do so for the foreseeable future.

Cloud Computing

The use of cloud computing services is rapidly becoming standard practise in many types of businesses. In order to prevent disruptions to their operations, businesses have a responsibility to guarantee that all their staff members can access the essential data they need from anywhere in the world. As working remotely becomes the norm, it is more important than ever to have a solid cloud infrastructure in place. As a result, businesses have begun investing in cloud services in order to ensure that their operations are not negatively impacted.

Hardware Services

As a part of its hardware services, the Company takes care of warranty work and repairs for businesses that it has partnered with. The world is getting more specialised and businesses would prefer to concentrate their efforts on the areas in which they are particularly strong. Because of this, an increasing number of businesses are now outsourcing the service component to businesses just the Company so they may continue to concentrate on product development. The Company is concentrating on this market sector because it is a lucrative business sector with strong margins and a considerable number of prospects for expansion.

Outlook

Companies all over the world are increasingly putting an emphasis on specialisation, while at the same time, they are continuing to outsource the services that are not important to their business. This has two advantages over other options. First, it enables the organisation to concentrate on its core business, so that both the management team's available bandwidth and the company's resources may be redirected toward the areas that truly count. Second, it enables them to reduce expenses by outsourcing their non-core operations and delegating them to businesses that are specialised in those areas and are able to do the same functions at a reduced cost. In other words, it enables them to cut costs by reducing their overhead.

The industry of distribution is likewise going through this shift at the moment. Compuage, as a top distribution player, delivers great value to our vendor partners by taking care of its vendor partners' distribution angle and offering a larger reach to their products. This helps free up our vendor partners to focus on their primary expertise, which is producing innovative products.

Going forward, the Company's focus will continue to keep on adding new brands to its portfolio, penetrate newer regions to increase the scale of the business, improve the product mix and optimize the cost structure to drive the profitability and thus create value for all its stakeholders.

Opportunities

A growing number of foreign brands wish to enter the Indian market in order to capitalise on its potential. Such brands often desire a sophisticated distribution system covering the country's geographical borders and reaching customers across India, which would accelerate their brand's growth.

Current and emerging product lines are witnessing expansion, resulting in the emergence of numerous new product concepts. This affords the opportunity to not only expand existing product lines, but also enter new product categories to meet the wants of consumers.

Compuage believes that IT products in the long term are going to witness strong and sustainable demand from corporates, employees working from home, students learning from home and lastly for personal entertainment and use. All these factors collectively will lead to sustainable demand generation across the segments such as laptops, network devices, cyber security software, smartphones and personal devices in the long run expanding the overall market size.

Threats

Spread of B2C businesses in competition with B2B business

The online portals directly catering to the end users offer a lot of cost benefits to them through their portals. This leads to stiff competition to the resellers and supplier's mode of delivery of IT products and services.

Capital-intensive business and stressed working capital

The nature of the business demands for lock-in of the capital at different resellers' level and it puts a burden to some extent on the working capital management cycle. The availability of credit also becomes a limiting factor at times.

Human Resources

Human Resource function for Compuage has never been as significant as it is today. It plays a pivotal role in change management and triggers the unlocking of human potential which results in organisation transformation and success.

Learning and development philosophy is to ensure that real learning takes place and endures. Compuage believes that real learning takes place when a learner is able to develop a new skill, competency, behaviour and is able to internalise and apply consistently to relevant work-life situations.

The Company relies on its human capital's skillsets to generate value. Its employees are skilled across a range of industry related competencies to provide exceptional client services and functions. The Company has a workforce of 704 employees as on 31st March, 2022.

Internal control systems and their adequacy

Our Company has effective internal control and risk mitigation systems, which are constantly assessed and strengthened with new / revised standard operating procedures. The Company's internal control system is commensurate with its size, scale and the complexities of its operations. The main thrust of any internal audit is to test and review controls, appraisal of risks and business processes, besides benchmarking controls with best practices in the industry. The Company's well-defined organisation structure, policy guidelines, predefined authority levels, and an extensive system of internal controls ensure optimal utilisation and protection of resources, IT security, accurate reporting of financial transactions. It is compliant with applicable laws, regulations and policies. Compuage has designed systems and processes to provide reasonable assurance with regard to recording and providing reliable financial and operational information. The business complies with applicable statutes, executing transactions with adequate authorisation and ensuring compliance to corporate policies.

- The Company has an adequate system of internal control in place to ensure that assets are safeguarded against loss from unauthorised use or disposition, and that transactions are authorised, recorded, and reported correctly.

- Periodic audits are conducted by the business for sound quality management, service management, information security, etc.
- Compuage's internal audit function is empowered to examine the adequacy, relevance and effectiveness of control systems, compliance with laws, regulations and policies, plans and statutory requirements.
- It has an exhaustive budgetary control system. Actual performance is reviewed with reference to the budget by the management on an ongoing basis.

INDEPENDENT AUDITOR'S REPORT

To,
The Members of
Compuage Infocom Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Compuage Infocom Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013, as amended ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed u/s 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2022, its profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S. No.	Key Audit Matter	Auditor's Response
1.	Recoverability of Balances with Government Authorities Balances with Government Authorities have been disclosed under Other Current Assets.	Principal Audit Procedures We have reviewed the status of the applications and other corresponding documentation to check whether the balances with Government Authorities are likely to be recovered within the next financial year.
2.	Allowance for credit losses All trade receivables have been considered good.	Principal Audit Procedures We have reviewed the status of the cases filed in the courts for recovery of outstanding dues from various customers. Customer's confirmations and financial standing have been verified and the likelihood of recoverability has been examined.

Information Other than the standalone financial statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon. These reports are expected to be made available to us after the date of our auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance / conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information included in the above reports, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and determine the actions under the applicable laws and regulations.

Responsibility of Management for the standalone financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

We have not audited the financial statements and other financial information of one of the branches located outside India.

These financial statements and financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the standalone financial statements, in so far as it relates to the amounts and disclosures included in respect of the foreign branch and our report in terms of section 143 (3) of the Act, insofar as it relates to the aforesaid foreign branch is based solely on the reports of the other auditors.

The financial statements and other financial information of the foreign branch which is located outside India whose financial statements and other financial information has been prepared in accordance with accounting principles generally accepted in that country and which has been audited by other auditors under generally accepted auditing standards applicable in that country. The Company's management has converted the financial statements of this branch located outside India from accounting principles generally accepted in its respective country to accounting principles generally accepted in India. We

have audited these conversion adjustments made by the Company's management. Our opinion in so far as it relates to the balances and affairs of the branch located outside India is based on the reports of other auditors and the conversion adjustments prepared by the Management of the Company and audited by us.

Our opinion on the standalone financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on legal and other regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by section 143 (3) of the Act, based on our audit and on the consideration of the report of the other auditors on separate financial statements and the other financial information of its foreign branch, as noted in the "other matters" paragraph, we report, to the extent applicable that :
 - (a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - (b) in our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

The Annexure A referred to in our Independent Auditor's Report to the members of the Company on the standalone financial statements for the period ended 31st March 2022, We report that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant & Equipment.
(B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) As explained to us, the Property, Plant & Equipment have been physically verified by the management in accordance with a phased programme of verification, which in our opinion, is reasonable, considering the size and nature of its business. As explained to us, no material discrepancies were noticed on such verification.
- (c) As explained to us, the title deeds of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the financial statements are held in the name of the Company.
- (d) As explained to us, the Company has not revalued its Property, Plant & Equipment or intangible assets during the year. Therefore, the provisions of clause 3(i)(d) of the Order are not applicable to the Company.
- (e) As explained to us, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder. Therefore, the provisions of clause 3(i)(e) of the Order are not applicable to the Company.
- (ii) (a) As explained to us, physical verification of inventory has been conducted at reasonable intervals by the management. In our opinion, the frequency of verification by the management is reasonable and the coverage and procedure of such verification by the management is appropriate. No discrepancies of 10% or more in the aggregate for each class of inventory were noticed.
- (b) As explained to us, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets. Based on the records examined by us in the normal course of audit, in our opinion, the quarterly returns or statements filed by the Company with such banks or financial institutions are in agreement with the books of account of the Company.
- (iii) The Company has not made investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year. Therefore the provisions of clause 3(iii) of the Order are not applicable to the Company.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Compuage Infocom Limited (“the Company”) as of 31st March 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material aspects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining and understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annual Report FY 2021-2022

Compuage Infocom Limited

Summary of Significant accounting policies to financial statements for the year ended 31st March, 2022

Corporate Information

Compuage Infocom Limited (The Company) is a public Limited Company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on the BSE Ltd and NSE Ltd.

The Company is engaged in trading in Computer parts and peripherals, Software and Telecom Products. The Company also provides product support services for Information Technology products.

NOTE 1: NOTES TO ACCOUNTS FOR THE YEAR ENDED 31ST MARCH, 2022

A. Significant Accounting Policies:

i) Basis of Preparation:

(a) Compliance with Ind AS:

These financial statements are the separate financial statements of the Company prepared in accordance with Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015 as amended, hereinafter referred to as the Ind AS, and other relevant provisions of the Companies Act, 2013.

Company's financial statements are presented in Indian Rupees (₹), which is also its functional currency.

(b) Use of Estimates:

The preparation of financial statements requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring adjustment to the carrying amounts of assets or liabilities in future periods.

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

(c) Estimation of uncertainties relating to the global health pandemic from COVID-19

The Company has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of receivables and investment in subsidiaries. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Company, as at the date of approval of these financial statements has used internal and external sources of information including credit reports and related information, economic forecasts. The Company has performed sensitivity analysis on the assumptions used and based on current estimates expects the carrying amount of these assets will be recovered. The impact of COVID-19 on the Company's financial statements may differ from that estimated as at the date of approval of these financial statements.

(d) Historical Cost Convention:

These financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and financial liabilities that are measured at fair values at the end of each

reporting period, as stated in the accounting policies set out below. The accounting policies have been applied consistently over all the periods presented in these financial statements.

ii) Current/ Non-Current classification:

Any asset or liability is classified as current if it satisfies any of the following conditions:

- i. the asset/liability is expected to be realized/settled in the Company's normal operating cycle;
- ii. The asset is intended for sale or consumption;
- iii. The asset/liability is held primarily for the purpose of trading;
- iv. The asset/liability is expected to be realized/settled within twelve months after the reporting period;
- v. the asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- vi. In the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

All other assets and liabilities are classified as non-current.

For the purpose of current/non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months.

iii) Tangible Assets /Property, plant and equipment:

An item of property, plant and equipment that qualifies as an asset is measured on initial recognition at cost. Following initial recognition, items of property, plant and equipment are carried at its cost less accumulated depreciation and accumulated impairment losses.

The Company identifies and determines cost of each part of an item of property, plant and equipment separately, if the part has a cost which is significant to the total cost of that item of property, plant and equipment and has useful life that is materially different from that of the remaining item.

The cost of an item of property, plant and equipment comprises of its purchase price including import duties and other nonrefundable purchase taxes or levies, directly attributable cost of bringing the asset to its working condition for its intended use and the initial estimate of decommissioning, restoration and similar liabilities, if any. Any trade discounts and rebates are deducted in arriving at the purchase price. Cost includes cost of replacing a part of a plant and equipment if the recognition criteria are met.

Items such as spare parts, stand-by equipment and servicing equipment that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life. Costs in nature of repairs and maintenance are recognized in the Statement of Profit and Loss as and when incurred.

iv) Depreciation on tangible fixed assets:

Depreciation on each part of an item of property, plant and equipment is provided using the Straight Line Method based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013.

The useful lives, residual values of each part of an item of property, plant and equipment and the depreciation methods are reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate and accordingly, accounted for prospectively.

v) Intangible Assets:

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangibles are not capitalized and the related expenditure is reflected in Statement of Profit and Loss in the period in which the expenditure is incurred.

Intangible assets are amortised over the useful economic life i.e. 3 years based on management assessment and assessed for impairment whenever there is an indication that the intangible asset may be impaired.

The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets is recognised in the Statement of Profit and Loss.

vi) Derecognition:

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an item of property, plant and equipment is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognized in the Statement of Profit and Loss.

vii) Impairment of non-financial assets – property plant and equipment and intangible assets:

The carrying amount of assets are reviewed at each Balance Sheet date to assess if there are any indications of impairment based on internal / external factors. An impairment loss on such assessment will be recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount of the assets is net selling price or value in use, whichever is higher. While assessing value in use, the estimated future cash flows are discounted to the present value by using weighted average cost of capital. A previously recognised impairment loss is further provided or reversed depending on changes in the circumstances and to the extent that carrying amount of the assets does not exceed the carrying amount that will be determined if no impairment loss had previously been recognised.

Goodwill, intangible assets having indefinite useful life and intangible assets currently not in use by the Company are tested for impairment annually and also whenever there are indicators of impairments.

Reversal of impairment of Goodwill is not recognized.

viii) Lease:

The Company as a Lessee

The Company's lease asset classes primarily consist of leases for office premises for its branches at various locations. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases. For these short-term and low-value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

As all the leases are short-term leases or low value leases, the Company has not recognized any right-of-use asset and corresponding lease liability for any of the lease arrangements in which it is a lessee during the year.

The Company as a Lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

Transition

Effective April 1, 2019, the Company adopted Ind AS 116, Leases and applied the standard to all lease contracts existing on April 1, 2019. However, as all the leases are short-term leases or low value leases, the Company has not recognized any right-of-use asset and corresponding lease liability for any of the lease arrangements during the year.

ix) Borrowing costs:

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowing and exchange differences arising from foreign currency borrowing to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

x) Revenue Recognition:

Revenue is recognized when it is probable that economic benefits associated with a transaction flows to the Company in the ordinary course of its activities and the amount of revenue can be measured reliably.

Revenue is measured at the fair value of the consideration received or receivable, net of returns, trade discounts and volume rebates by the Company.

Revenue includes only the gross inflows of economic benefits, received and receivable by the Company, on its own account. Amounts collected on behalf of third parties such as Sales Tax, VAT and GST are excluded from revenue.

The company bases its estimates on historical results, taking into consideration the type of customer, type of transaction and specifics of each arrangement. Accumulated experience is used to estimate and provide for discounts and returns. No element of financing is deemed present as sales are made with a credit term which is consistent to market practice.

Sale of products:

Revenue from sale of products is recognized when the Company transfers all significant risks and rewards of ownership to the buyer, while the Company retains neither continuing managerial involvement nor effective control over the products sold.

Rendering of services:

Revenue from product support services are recognized once the service is provided and the invoice is raised and are net of applicable taxes.

Interest:

Interest income from debt instruments is recognised using the effective interest rate method.

Dividend:

Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

xi) Foreign Currency Transactions /translations:

Functional and presentation Currency:

Items included in the financial statement of the company are measured using the currency of the primary economic environment in which the company operates (functional currency). The Financial statements of the company are presented in Indian Currency, which is also the functional currency of the company.

Initial Recognition:

On initial recognition, transactions in foreign currencies entered into by the Company are recorded in the functional currency (i.e. Indian Rupees), by applying to the foreign currency amount, the spot exchange rate between the functional currency and the foreign currency at the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss.

Foreign exchange gain or loss resulting from the settlement of such transactions and from translation of monetary assets or liability denominated in foreign currencies at the year-end exchange rate are generally recognized in the profit and loss account except that they are deferred in equity if they relate to qualifying cash flow hedges.

Measurement of foreign currency items at reporting date:

Foreign currency monetary items of the Company are translated at the closing exchange rates. Non-monetary items that are measured at historical cost in a foreign currency, are translated using the exchange rate at the date of the transaction.

Non-monetary items that are measured at fair value in a foreign currency, are translated using the exchange rates at the date when the fair value is measured.

Exchange differences arising out of these translations are recognized in Other Comprehensive Income.

xii) Derivative financial instruments and hedge accounting:

The Company enters into derivative financial contracts in the nature of forward currency contracts with external parties to hedge its foreign currency risks relating to foreign currency denominated financial liabilities measured at amortized cost.

The Company is not following hedge accounting. Consequently all derivative instruments are recognised and measured at Fair Value through Profit and Loss.

xiii) Inventories:

(a) Stock of goods traded is valued at lower of cost and net realizable value. The costs of purchase of inventories comprise the purchase price, import duties and other taxes (other than those subsequently recoverable by the entity from the taxing authorities), and transport, handling and other costs directly attributable to the acquisition of finished goods, materials and services. Trade discounts, rebates and other similar items are deducted in determining the costs of purchase. The costs are determined on a weighted average basis.

(b) Saleable scrap is accounted for as and when sold.

xiv) Investments and other financial assets:

Classification:

The Company classifies its financial assets in the following measurement categories:

i) Those to be measured subsequently at fair value (either through Other Comprehensive Income (OCI), or through Profit or Loss), and

ii) Those measured at amortised cost.

The classification depends on the business model of the entity for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in Profit or Loss or Other Comprehensive Income.

For investments in debt instruments, this will depend on the business model in which the investment is held.

For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through Other Comprehensive Income (OCI)

Initial recognition and measurement:

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the Statement of Profit and Loss.

Subsequent measurement:

After initial recognition, financial assets are measured at:

- i) Fair value {either through Other Comprehensive Income (FVOCI) or through Profit or Loss (FTVPL)} or,
- ii) Amortised cost.

Debt instruments:

Subsequent measurement of debt instruments depends on the business model of the Company for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

Measured at amortised cost:

Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method less impairment, if any. The amortization of EIR and loss arising from impairment, if any is recognised in the Statement of Profit and Loss.

Measured at fair value through Other Comprehensive Income (FVOCI):

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through Other Comprehensive Income. Fair value movements are recognised in the OCI. Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On de-recognition, cumulative gain / (loss) previously recognized in OCI is reclassified from the equity to other income in the Statement of Profit and Loss.

Measured at Fair Value through Profit or Loss: (FTVPL)

A financial asset not classified as either amortised cost or FVOCI, is classified as FTVPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as other income in the Statement of Profit and Loss.

Equity instruments:

The Company subsequently measures all investments in equity instruments other than subsidiary companies, associate company and joint venture Company at fair value. The Management of the Company has elected to present fair value gains and losses on such equity investments in Other Comprehensive Income, and there is no subsequent reclassification of these fair value gains and losses to the Statement of Profit and Loss. Dividends from such investments continue to be recognised in profit or loss as other income when the right to receive payment is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in the Statement of Profit and Loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

Investments in Subsidiary Companies, Associate Companies and Joint Venture companies:

Investments in Subsidiary Companies, Associate Companies and Joint Venture companies are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in Subsidiary Companies, Associate Companies and Joint Venture companies, the difference between net disposal proceeds and the carrying amounts are recognised in the Statement of Profit and Loss.

Impairment of financial assets:

In accordance with Ind AS 109, the Company applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- i) Financial assets that are debt instruments, and are measured at amortized cost e.g., loans, debt securities, deposits, and bank balance.
- ii) Trade Receivables.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables which do not contain a significant financing component. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

De-recognition:

A financial asset is de-recognized only when the Company

- i) has transferred the rights to receive cash flows from the financial asset or
- ii) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is de-recognized. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not de-recognized. Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognized if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

Financial liabilities:

i) Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

ii) Initial recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the fair value.

iii) Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

iv) De-recognition

A financial liability is de-recognised when the obligation specified in the contract is discharged, cancelled or expires.

Offsetting financial instruments:

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

xv) Retirement and other employee benefits:

Short term employee benefits:

All employee benefits payable within twelve months of service such as salaries, wages, bonus, ex gratia, medical benefits etc. are recognized in the year in which the employees render the related service and are presented as current employee benefit obligations within the balance sheet.

Defined contribution plan:

Contributions to defined contribution schemes such as contribution to provident fund, Employees State Insurance Corporation, National Pension Scheme are charged as an expense to the statement of profit and loss on the amount of contribution required to be made as and when services are rendered by the employees. The above benefits are classified as defined contribution schemes as the company has no further defined obligations beyond the monthly contributions.

The Liability or Asset, is recognized in the Balance sheet in respect of Gratuity is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method (PUCM).

xvi) Income Taxes:

The income tax expense or credit for the period is the tax payable on the taxable income of the current period based on the applicable income tax rates adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and unused tax losses. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. The Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Minimum Alternate Tax ('MAT') under the provisions of the Income Tax Act, 1961 is recognized as current tax in the Statement of Profit and Loss. The credit available under the Act in respect of MAT paid will be recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the period for which the MAT credit can be carried forward for set off against the normal tax liability. Such an asset is reviewed at each Balance Sheet date

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. However, deferred tax liabilities are not recognized if they arise from the initial recognition of Goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit / (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the Balance Sheet date and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred tax assets are recognized for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in Other Comprehensive Income or directly in equity. In this case, the tax is also recognized in Other Comprehensive Income or directly in equity, respectively.

xvii) Cash and cash equivalents:

Cash and cash equivalents include cash in hand, demand deposits with banks and other short term deposits (three months or less from the date of acquisition), highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value.

xviii) Segment reporting:

The Company operates only in one reportable segment.

xix) Earnings per Share:

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity share outstanding during the period.

For the purpose of calculating Diluted Earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

xx) Provisions and contingent liabilities:

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. These are reviewed at each year end and reflect the best current estimate. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

INDEPENDENT AUDITOR'S REPORT

To,
The Members of
Compuage Infocom Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Compuage Infocom Limited (hereinafter referred to as "the Holding Company") and its subsidiary (the Holding Company and its subsidiary together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at 31st March, 2022, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of the Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements / consolidated financial statements and on other financial information of the subsidiary, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed u/s 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March 2022, its consolidated profit including other comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the consolidated financial statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their report referred to in the paragraph Other Matter is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment and based on the consideration of the report of the other auditors on separate financial statements / consolidated financial statements and on the other financial information of the subsidiary, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

S. No.	Key Audit Matter	Auditor's Response
1.	Recoverability of Balances with Government Authorities Balances with Government Authorities have been disclosed under Other Current Assets.	Principal Audit Procedures We have reviewed the status of the applications and other corresponding documentation to check whether the balances with Government Authorities are likely to be recovered within the next financial year.
2.	Provision for doubtful debts All trade receivables have been considered good.	Principal Audit Procedures We have reviewed the status of the cases filed in the courts for recovery of outstanding dues from various customers. Customer's confirmations and financial standing have been verified and the likelihood of recoverability has been examined.

Information Other than the consolidated financial statements and Auditor's Report thereon

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon. These reports are expected to be made available to us after the date of our auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance / conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information included in the above reports, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and determine the actions under the applicable laws and regulations.

Responsibilities of Management and Those Charged with Governance for the consolidated financial statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. These financial statements have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Group's financial reporting process.

Auditor's responsibilities for the audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material

if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the holding company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

We have not audited the financial statements and other financial information of the subsidiary. The subsidiary accounts for total assets of Rs. 416.94 lakhs as at 31 March 2022, net loss of Rs. 2.13 lakhs for the year ended 31 March 2022.

These financial statements and financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiary and our report in terms of section 143 (3) of the Act, insofar as it relates to the aforesaid subsidiary is based solely on the reports of the other auditors.

The financial statements and other financial information of the subsidiary which is located outside India whose financial statements and other financial information has been prepared in accordance with accounting principles generally accepted in its respective country and which has been audited by other auditors under generally accepted auditing standards applicable in its respective country. The Holding Company's management has converted the financial statements of this subsidiary located outside India from accounting principles generally accepted in its respective country to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion in so far as it relates to the balances and affairs of the subsidiary located outside India is based on the reports of other auditors and the conversion adjustments prepared by the Management of the Company and audited by us.

Our opinion on the consolidated Ind AS financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on legal and other regulatory requirements

1. As required by section 143(3) of the Act, based on our audit and on the consideration of the report of the other auditors on separate financial statements and the other financial information of its subsidiary, as noted in the "other matter" paragraph, we report, to the extent applicable, that :
 - (i) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
 - (j) in our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Company so far as appears from our examination of those books and the report of the other auditors;
 - (k) the consolidated Balance Sheet, the consolidated Statement of Profit and Loss (including other comprehensive income), the consolidated Cash Flow Statement and consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements;
 - (l) in our opinion the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 and the Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - (m) on the basis of the written representations received from the directors of the Holding Company as on 31st March 2022, and taken on record by the Board of Directors of the Holding Company, none of the Directors of the Group Company incorporated in India is disqualified as on 31st March, 2022 from being appointed as a director, in terms of Section 164 (2) of the Act;
 - (n) with respect to the adequacy of the internal financial controls over financial reporting of the Group and operating effectiveness of such controls, refer to our separate report in Annexure A;
 - (o) with respect to the other matters to be included in the Auditor's Report in accordance with the requirement of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - (p) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements and also the other financial information of the subsidiary, as noted in the "other matter" paragraph :
 - (i) the consolidated financial statements disclose the impact on pending litigations on its financial position of the Group in its consolidated financial statements;
 - (ii) the Group did not have any long term contracts including derivative contracts for which there were any material foreseeable losses; and
 - (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company.

- (iv) (a) The management of the Holding Company has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (b) The management of the Holding Company has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Holding Company from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Holding Company shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the funding party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- (c) Based on the audit procedures that we have considered reasonable and appropriate in the circumstances performed by us on the Holding Company, nothing has come to our notice that has caused us to believe that the representations under subclause (a) and (b) above, contain any material mis-statement.
- (v) The dividend declared or paid during the year by the Company is in compliance with section 123 of the Act.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended 31st March 2022, we have audited the internal financial controls over financial reporting of Compuage Infocom Limited (“the Holding Company”).

Management’s responsibility for Internal Financial Controls

The Board of Directors of the Holding Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s responsibility

Our responsibility is to express an opinion on the Holding Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material aspects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining and understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2022, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTE 1: NOTES TO ACCOUNTS FOR THE YEAR ENDED 31ST MARCH 2022

A. Significant Accounting Policies:

i) Basis of Preparation:

(a) Compliance with Ind AS

These consolidated financial statements are the separate consolidated financial statements of the Group prepared in accordance with Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015 as amended hereinafter referred to as the Ind AS, and other relevant provisions of the Companies Act, 2013.

The Consolidated financial statements up to the year ended March 31, 2020 were prepared in accordance with the Accounting Standards notified under Companies (Accounting Standard) Rules, 2006 (as amended) and other relevant provisions of the Companies Act, 2013, hereinafter referred to as the 'Previous GAAP'.

Group's financial statements are presented in Indian Rupees (₹), which is also its functional currency.

(b) Use of Estimates:

The preparation of consolidated financial statements requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring adjustment to the carrying amounts of assets or liabilities in future periods.

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Group and that are believed to be reasonable under the circumstances.

(c) Estimation of uncertainties relating to the global health pandemic from COVID-19

The Company has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of receivables and investment in subsidiaries. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Company, as at the date of approval of these financial statements has used internal and external sources of information including credit reports and related information, economic forecasts. The Company has performed sensitivity analysis on the assumptions used and based on current estimates expects the carrying amount of these assets will be recovered. The impact of COVID-19 on the Company's financial statements may differ from that estimated as at the date of approval of these financial statements.

(d) Historical Cost Convention:

These consolidated financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and financial liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies set out below. The accounting policies have been applied consistently over all the Periods presented in these consolidated financial statements.

Principles of consolidation and equity accounting:

i) Subsidiary companies:

Subsidiary companies are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiary companies are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the Group.

The Group combines the Financial Statements of the parent and its subsidiary companies line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealized gains on transactions between Group companies are eliminated. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting Policies of subsidiary companies have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interest in the results and equity of subsidiary companies are shown separately in the Consolidated Statement of Profit and Loss, Consolidated Statement of Changes in Equity and Balance Sheet respectively.

ii) Associate companies:

Associate companies are all entities over which the Group has significant influence, but not control or joint control. This is generally the case where the Group holds between 20% and 50% of the voting rights. Investments in associate companies are accounted for using the equity method of accounting {see (iv) below}.

iii) Joint arrangements:

Under Ind AS 111 Joint arrangements, investments in joint arrangements are classified as either joint operations or joint ventures. The classification depends on the contractual rights and obligations of each investor, rather than the legal structure of the joint arrangement. The Group has interest only in one joint venture company.

Joint venture company

Interest in joint venture company are accounted for using the equity method {see (iv) below}.

iv) Equity method:

Under the equity method of accounting, the investments are initially recognized at cost and adjusted thereafter to recognize share of the Group in post-acquisition profit and loss of the investee in profit and loss, and share of the Group in Other Comprehensive Income of the investee in Other Comprehensive Income. Dividends received or receivable from associate company and joint venture company are recognized as a reduction in the carrying amount of the investment.

When the Group share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognize further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealized gains on transactions between the Group and its associate company and joint venture company are eliminated to the extent of the Group interest in these entities. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting Policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

The carrying amount of equity accounted investments are tested for impairment in accordance with the policy described in (xiv) below

v) Changes in ownership interest :

The Group treats transactions with non-controlling interest that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interest to reflect their relative interest in the subsidiary companies. Any difference between the amount of the adjustment to non-controlling interest and any consideration paid or received is recognized within equity.

When the Group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is re-measured to its fair value with the change in carrying amount recognized in profit or loss. This fair value becomes the initial carrying amount for the purpose of subsequently accounting for the retained interest as an associate company, joint venture company or financial asset. In addition, any amount previously recognised in Other Comprehensive Income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in Other Comprehensive Income are reclassified to the Statement of Profit and Loss.

If the ownership interest in a joint venture company or an associate company is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognized in Other Comprehensive Income are reclassified to the Statement of Profit and Loss where appropriate

Group's consolidated financial statements are presented in Indian Rupees (₹), which is also its functional currency.

ii) Current/ Non-Current classification:

Any asset or liability is classified as current if it satisfies any of the following conditions:

- i. the asset/liability is expected to be realized/settled in the Group's normal operating cycle;
- ii. The asset is intended for sale or consumption;
- iii. The asset/liability is held primarily for the purpose of trading;
- iv. The asset/liability is expected to be realized/settled within twelve months after the reporting period;
- v. the asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- vi. In the case of a liability, the group does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

All other assets and liabilities are classified as non-current.

For the purpose of current/non-current classification of assets and liabilities, the Group has ascertained its normal operating cycle as twelve months.

iii) Tangible Assets /Property, plant and equipment:

An item of property, plant and equipment that qualifies as an asset is measured on initial recognition at cost. Following initial recognition, items of property, plant and equipment are carried at its cost less accumulated depreciation and accumulated impairment losses.

The Group identifies and determines cost of each part of an item of property, plant and equipment separately, if the part has a cost which is significant to the total cost of that item of property, plant and equipment and has useful life that is materially different from that of the remaining item.

The cost of an item of property, plant and equipment comprises of its purchase price including import duties and other nonrefundable purchase taxes or levies, directly attributable cost of bringing the asset to its working condition for its intended use and the initial estimate of decommissioning, restoration and similar liabilities, if any. Any trade discounts and

rebates are deducted in arriving at the purchase price. Cost includes cost of replacing a part of a plant and equipment if the recognition criteria are met.

Items such as spare parts, stand-by equipment and servicing equipment that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life. Costs in nature of repairs and maintenance are recognized in the Statement of Profit and Loss as and when incurred.

iv) Depreciation on tangible fixed assets:

Depreciation on each part of an item of property, plant and equipment is provided using the Straight Line Method based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013.

The useful lives, residual values of each part of an item of property, plant and equipment and the depreciation methods are reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate and accordingly, accounted for prospectively.

v) Intangible Assets:

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangibles are not capitalized and the related expenditure is reflected in Statement of Profit and Loss in the period in which the expenditure is incurred.

Intangible assets are amortised over the useful economic life i.e. 3 years based on management assessment and assessed for impairment whenever there is an indication that the intangible asset may be impaired.

The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets is recognised in the Statement of Profit and Loss.

vi) Derecognition:

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an item of property, plant and equipment is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognized in the Statement of Profit and Loss.

vii) Impairment of non-financial assets – property plant and equipment and intangible assets:

The carrying amount of assets are reviewed at each Balance Sheet date to assess if there are any indications of impairment based on internal / external factors. An impairment loss on such assessment will be recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount of the assets is net selling price or value in use, whichever is higher. While assessing value in use, the estimated future cash flows are discounted to the present value by using weighted average cost of capital. A previously recognised impairment loss is further provided or reversed depending on changes in the circumstances and to the extent that carrying amount of the assets does not exceed the carrying amount that will be determined if no impairment loss had previously been recognised.

Goodwill, intangible assets having indefinite useful life and intangible assets currently not in use by the Group are tested for impairment annually and also whenever there are indicators of impairments.

Reversal of impairment of Goodwill is not recognized.

viii) Lease:

The Company as a Lessee

The Company's lease asset classes primarily consist of leases for office premises for its branches at various locations. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the

contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases. For these short-term and low-value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

As all the leases are short-term leases or low value leases, the Company has not recognized any right-of-use asset and corresponding lease liability for any of the lease arrangements in which it is a lessee during the year.

The Company as a Lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

Transition

Effective April 1, 2019, the Company adopted Ind AS 116, Leases and applied the standard to all lease contracts existing on April 1, 2019. However, as all the leases are short-term leases or low value leases, the Company has not recognized any right-of-use asset and corresponding lease liability for any of the lease arrangements during the year.

ix) Borrowing costs:

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowing and exchange differences arising from foreign currency borrowing to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

x) Revenue Recognition:

Revenue is recognized when it is probable that economic benefits associated with a transaction flows to the Group in the ordinary course of its activities and the amount of revenue can be measured reliably.

Revenue is measured at the fair value of the consideration received or receivable, net of returns, trade discounts and volume rebates by the Group.

Revenue includes only the gross inflows of economic benefits, received and receivable by the Group, on its own account. Amounts collected on behalf of third parties such as Sales Tax, VAT and GST are excluded from revenue.

The Group bases its estimates on historical results, taking into consideration the type of customer, type of transaction and specifics of each arrangement. Accumulated experience is used to estimate and provide for discounts and returns. No element of financing is deemed present as sales are made with a credit term which is consistent to market practice.

Sale of products:

Revenue from sale of products is recognized when the Group transfers all significant risks and rewards of ownership to the buyer, while the Group retains neither continuing managerial involvement nor effective control over the products sold.

Rendering of services:

Revenue from product support services are recognized once the service is provided and the invoice is raised and are net of applicable taxes.

Interest:

Interest income from debt instruments is recognised using the effective interest rate method.

Dividend:

Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Group, and the amount of the dividend can be measured reliably.

xi) Foreign Currency Transactions /translations:

Functional and presentation Currency:

Items included in the financial statement of the Group are measured using the currency of the primary economic environment in which the Group operates (functional currency). The Financial statements of the Group are presented in Indian Currency, which is also the functional currency of the Group.

Initial Recognition:

On initial recognition, transactions in foreign currencies entered into by the Group are recorded in the functional currency (i.e. Indian Rupees), by applying to the foreign currency amount, the spot exchange rate between the functional currency and the foreign currency at the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss.

Foreign exchange gain or loss resulting from the settlement of such transactions and from translation of monetary assets or liability denominated in foreign currencies at the year-end exchange rate are generally recognized in the profit and loss account except that they are deferred in equity if they relate to qualifying cash flow hedges.

Measurement of foreign currency items at reporting date:

Foreign currency monetary items of the Group are translated at the closing exchange rates. Non-monetary items that are measured at historical cost in a foreign currency, are translated using the exchange rate at the date of the transaction.

Non-monetary items that are measured at fair value in a foreign currency, are translated using the exchange rates at the date when the fair value is measured.

Exchange differences arising out of these translations are recognized in the Other Comprehensive Income.

xii) Derivative financial instruments and hedge accounting:

The Group enters into derivative financial contracts in the nature of forward currency contracts with external parties to hedge its foreign currency risks relating to foreign currency denominated financial liabilities measured at amortized cost.

The Group is not following hedge accounting. Consequently all derivative instruments are recognised and measured at Fair Value through Profit and Loss.

xiii) Inventories:

(a) Stock of goods traded is valued at lower of cost and net realizable value. The costs of purchase of inventories comprise the purchase price, import duties and other taxes (other than those subsequently recoverable by the entity from the taxing authorities), and transport, handling and other costs directly attributable to the acquisition of finished goods, materials and services. Trade discounts, rebates and other similar items are deducted in determining the costs of purchase. The costs are determined on a weighted average basis.

(b) Saleable scrap is accounted for as and when sold.

xiv) Investments and other financial assets:

Classification:

The Group classifies its financial assets in the following measurement categories:

i) Those to be measured subsequently at fair value (either through Other Comprehensive Income (OCI), or through Profit or Loss), and

ii) Those measured at amortised cost.

The classification depends on the business model of the entity for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in Profit or Loss or Other Comprehensive Income.

For investments in debt instruments, this will depend on the business model in which the investment is held.

For investments in equity instruments, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through Other Comprehensive Income (OCI)

Initial recognition and measurement:

Financial assets are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the Statement of Profit and Loss.

Subsequent measurement:

After initial recognition, financial assets are measured at:

- iii) Fair value {either through Other Comprehensive Income (FVOCI) or through Profit or Loss (FTVPL)} or,
- iv) Amortised cost.

Debt instruments:

Subsequent measurement of debt instruments depends on the business model of the Group for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

Measured at amortised cost:

Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method less impairment, if any. The amortization of EIR and loss arising from impairment, if any is recognised in the Statement of Profit and Loss.

Measured at fair value through Other Comprehensive Income (FVOCI):

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through Other Comprehensive Income. Fair value movements are recognised in the OCI. Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On de-recognition, cumulative gain / (loss) previously recognized in OCI is reclassified from the equity to other income in the Statement of Profit and Loss.

Measured at Fair Value Through Profit or Loss: (FVTPL)

A financial asset not classified as either amortised cost or FVOCI, is classified as FTVPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as other income in the Statement of Profit and Loss.

Equity instruments:

The Group subsequently measures all investments in equity instruments other than subsidiary companies, associate company and joint venture company at fair value. The Management of the Group has elected to present fair value gains and losses on such equity investments in Other Comprehensive Income, and there is no subsequent reclassification of these fair value gains and losses to the Statement of Profit and Loss. Dividends from such investments continue to be recognised in profit or loss as other income when the right to receive payment is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in the Statement of Profit and Loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

Investments in Subsidiary Companies, Associate Companies and Joint Venture companies:

Investments in Subsidiary Companies, Associate Companies and Joint Venture companies are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in Subsidiary Companies, Associate Companies and Joint Venture companies, the difference between net disposal proceeds and the carrying amounts are recognised in the Statement of Profit and Loss.

Impairment of financial assets:

In accordance with Ind AS 109, the Group applies Expected Credit Loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- iii) Financial assets that are debt instruments, and are measured at amortized cost e.g., loans, debt securities, deposits, and bank balance.
- iv) Trade Receivables.

The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables which do not contain a significant financing component. The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

De-recognition:

A financial asset is de-recognized only when the Group

- iii) has transferred the rights to receive cash flows from the financial asset or
- iv) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is de-recognized. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not de-recognized. Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognized if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognized to the extent of continuing involvement in the financial asset.

Financial liabilities:

i) Classification as debt or equity

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

ii) Initial recognition and measurement

Financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the fair value.

iii) Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

iv) De-recognition

A financial liability is de-recognised when the obligation specified in the contract is discharged, cancelled or expires.

Offsetting financial instruments:

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

xv) Retirement and other employee benefits:

Short term employee benefits:

All employee benefits payable within twelve months of service such as salaries, wages, bonus, ex gratia, medical benefits etc. are recognized in the year in which the employees render the related service and are presented as current employee benefit obligations within the balance sheet.

Defined contribution plan:

Contributions to defined contribution schemes such as contribution to provident fund, Employees State Insurance Corporation, National Pension Scheme are charged as an expense to the statement of profit and loss on the amount of contribution required to be made as and when services are rendered by the employees. The above benefits are classified as defined contribution schemes as the Group has no further defined obligations beyond the monthly contributions.

The Liability or Asset, is recognized in the Balance sheet in respect of Gratuity is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method (PUCM).

xvi) Income Taxes:

The income tax expense or credit for the period is the tax payable on the taxable income of the current period based on the applicable income tax rates adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and unused tax losses. The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. The Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Minimum Alternate Tax ('MAT') under the provisions of the Income Tax Act, 1961 is recognized as current tax in the Statement of Profit and Loss. The credit available under the Act in respect of MAT paid will be recognized as an asset only when and to the extent there is convincing evidence that the Group will pay normal income tax during the period for which the MAT credit can be carried forward for set off against the normal tax liability. Such an asset is reviewed at each Balance Sheet date

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. However, deferred tax liabilities are not recognized if they arise from the initial recognition of Goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit / (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the Balance Sheet date and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred tax assets are recognized for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses. Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in Other Comprehensive Income or directly in equity. In this case, the tax is also recognized in Other Comprehensive Income or directly in equity, respectively.

xvii) Cash and cash equivalents:

Cash and cash equivalents include cash in hand, demand deposits with banks and other short term deposits (three months or less from the date of acquisition), highly liquid investments that are readily convertible into cash and which are subject to an insignificant risk of changes in value.

xviii) Segment reporting:

The Group operates only in one reportable segment.

xix) Earnings per Share:

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity share outstanding during the period.

For the purpose of calculating Diluted Earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

xx) Provisions and contingent liabilities:

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. These are reviewed at each year end and reflect the best current estimate. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Explanatory Statement
(Pursuant to Section 102 of the Act and Regulation 36 of the Listing Regulations)

Item No. 4:

M/s Bhogilal C. Shah & Co., Chartered Accountants, having Firm Registration No. 101424W, were appointed as Statutory Auditors of the Company at the 18th Annual General Meeting for a first term to hold office for 5 (Five) consecutive years from the conclusion of 18th AGM till the conclusion of 23rd AGM of the Company to be held in the year 2022.

M/s Bhogilal C. Shah & Co., Chartered Accountants are eligible to be re-appointed for a second term of 5 (Five) consecutive years. In accordance with the provisions of the Section 139, 141, 142 and other applicable provisions, if any, of the Act read with Companies (Audit and Auditors) Rules, 2014 and Listing Regulations, M/s Bhogilal C. Shah & Co., Chartered Accountants have provided their consent and eligibility certificate to that effect that, their re-appointment, if made, would be in compliance with the applicable laws.

Subject to approval of the shareholders of the Company, the Board of Directors at its Meeting held on 28th July, 2022, based on recommendation of the Audit Committee, have approved the re-appointment of the M/s Bhogilal C. Shah & Co., Chartered Accountants, as the Statutory Auditors of the Company for a second term of 5 (Five) consecutive years, from the conclusion of this 23rd AGM till the conclusion of 28th AGM of the Company to be held in the year 2027. The proposed remuneration to be paid to the Statutory Auditors for the financial year 2022-23 is Rs.20 Lakh (Rupees Twenty Lakh Only). For the remaining period of the second term, the remuneration to be paid shall be mutually agreed between the Audit Committee and / or Board of Directors and Statutory Auditors of the Company from time to time.

None of the Directors, Key Managerial Personnel of the Company and their relatives, other than to the extent of their shareholding in the Company, if any, are concerned or interested, financially or otherwise, in the aforesaid resolution.

Item No. 6:

The Members of the Company had authorized the Board of Directors of the Company, to borrow, from time to time a sum or sums of monies not exceeding Rs. 1,000 Crore (Rupees One Thousand Crore Only), on such terms and conditions as it may deem fit under Section 180(1)(c) of the Act vide Special Resolution passed through Postal Ballot dated 20th January, 2015.

Taking into account the business operations and ambitious future growth plans of the Company and to cater to the working capital needs, it is proposed to enhance the borrowing limits to enable the Board of Directors to borrow monies, provided that the total amount so borrowed by the Board shall not at any time exceed Rs. 1500 Crore (Rupees Fifteen Hundred Crore Only).

Pursuant to the provisions of the Section 180(1)(c) of the Act and rules made thereunder, the borrowings of the Company (apart from cash credit arrangement, discounting of bills and other temporary loans obtained from the Company's bankers / financial institutions in the ordinary course of business) obtained or to be obtained in excess of the paid-up share capital of the Company, its free reserves and securities premium, require the approval of the Members of the Company by way of Special Resolution.

In light of the above, it is proposed to enhance the borrowing powers of the Company for a sum not exceeding Rs. 1500 Crore (Rupees Fifteen Hundred Crore Only).

Accordingly, the Board recommends the Special Resolution, set out at Item No. 6 of this Notice for approval of the Members.

None of the Directors, Key Managerial Personnel of the Company and their relatives, other than to the extent of their shareholding in the Company, if any, are concerned or interested, financially or otherwise, in the aforesaid resolution.

Item No. 7:

The Members of the Company had, vide Special Resolution passed through Postal Ballot dated 20th January, 2015, accorded their approval under Section 180(1)(a) of the Act, to create securities for borrowings by creation of mortgage, charge and / or hypothecation on movable and immovable assets of the Company.

The proposed borrowings of the Company may, if necessary, be secured by way of charge / mortgage / hypothecation on the Company's assets in favour of the lenders / holders of securities / trustees for the holders of the said securities as mentioned in the resolution at item No. 7. As the documents to be executed between the lenders / security holders / trustees for the holders of the said securities and the Company, may contain provisions to take over substantial assets of the Company in
