In compliance with applicable provisions of the Act read with MCA Circulars, the 24<sup>th</sup> AGM of the Company is being conducted through VC/OAVM, without the physical presence of the Members at a common venue. The deemed venue for this AGM shall be the registered office of the Company.
3. In terms of the MCA Circulars, since the physical attendance of Members has been dispensed with, there is no requirement of appointment of proxies. Accordingly, the facility of appointment of proxies by Members under Section 105 of the Act, will not be available for this AGM. However, the Body Corporates are entitled to appoint authorised representatives to attend the AGM through VC/OAVM and participate thereat.
4. Members may note that the VC/OAVM facility is provided by National Securities Depository Limited (NSDL). The facility allows participation of 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
5. Corporate/Institutional Members (i.e. other than Individuals, HUF, NRI etc.) are required to send scanned certified true copy (PDF Format) of the Board Resolution/Authority Letter, etc. together with attested specimen signature(s) of the duly authorised representative(s), to the Scrutiniser by email to [cs@parikhassociates.com](mailto:cs@parikhassociates.com) with a copy marked to [evoting@nsdl.com](mailto:evoting@nsdl.com).  
  
Institutional Members (i.e. other than individuals, HUF, NRI etc.) can also upload their Board Resolution/ Power of Attorney / Authority Letter etc. by clicking on "Upload Board Resolution / Authority Letter" displayed under "e-Voting" tab in their login.
6. Members can login and join the AGM thirty (30) minutes prior to the scheduled time to start the AGM and the window for joining shall be kept open till the expiry of thirty (30) minutes after the scheduled time to start the AGM, on first-come-first-serve basis. Instructions and other information for Members for attending the AGM through VC/OAVM are given in this Notice.
7. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Act.
8. Details as required under Regulation 36(3) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (SEBI Listing Regulations) and Secretarial Standard on General Meetings (SS-2) issued by The Institute of Company Secretaries of India, in respect of the Directors seeking approval for re-appointment at the AGM have been annexed to this Notice. Requisite declarations have been received from the Directors seeking re-appointment.
9. The Register of Members and Share Transfer Books of the Company will remain closed from Friday, June 14, 2024, to Friday, June 28, 2024 (both days inclusive) for the purpose of determining the eligibility to receive the final dividend for the financial year ended March 31, 2024.
10. The final dividend for the financial year ended March 31, 2024 at the rate of ₹ 0.60 per equity share of face value of ₹ 10 each, as recommended by the Board of Directors, if approved at this Meeting, will be paid to those Members who hold shares:
  - i. in dematerialised mode, based on the beneficial ownership details to be received from National Securities Depository Limited (NSDL) and Central Depository Services (India) Limited (CDSL) as on Thursday, June 13, 2024;
  - ii. in physical mode, if their names appear in the Company's Register of Members, after giving effect to valid transmission or transposition requests lodged with the Company, as on Thursday, June 13, 2024.
11. The Company's Registrar and Share Transfer Agents for its share registry (both, physical as well as electronic) is KFin Technologies Limited (KFin/Registrar/RTA) having its office at Selenium Tower B, Plot no. 31-32, Gachibowli, Financial District, Nanakramguda, Hyderabad 500 032, Unit: ICICI Prudential Life Insurance Company Limited.
12. In accordance with the Income-tax Act, 1961, (the Income-tax Act), dividend paid or distributed by a Company is taxable in the hands of the Members. The Company shall therefore be required to

deduct tax at source (TDS) at the time of payment of dividend. The TDS rate will be based on the category, residential status of the Members and the documents submitted by them and accepted by the Company. Further, higher rate of TDS would be applicable in case of specified person as per Section 206AB of the Income-tax Act. The Company shall send detailed communication in this regard, to all Members who have registered their email ids with their respective Depository Participant (DPs).

In order to enable the Company to comply with the TDS requirements, Members are requested to ensure that their tax residential status, category (i.e. individual/company/FII/FPI etc.), PAN, email address and mobile number are duly updated with respective Depository Participant(s). Where shares are held in physical form, the Members are requested to furnish the said details to KFin, by sending an email at [einward.ris@kfintech.com](mailto:einward.ris@kfintech.com).

The tax exemption forms/documents submitted to the Company earlier for availing the benefit of lower/nil tax on dividend for FY2023 shall not be considered relevant for the dividend of FY2024. Fresh forms and documents will be required to be submitted for availing such benefits. Kindly note that the benefit of lower/nil tax on dividend shall not be provided by the Company in case of non-receipt/late receipt of the tax exemption forms/documents, Members can claim tax credit of such excess tax deducted while filing their Income tax returns. No claim shall lie against the Company for taxes once deducted.

13. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in the securities market. Members holding shares in electronic mode, therefore are requested to submit, unless already submitted, their PAN to their Depository Participants with whom they are maintaining their demat accounts.

Members holding shares in physical form, whose folio(s) lack PAN, Choice of Nomination, Contact Details, Mobile Number, Bank Account Details, or updated Specimen Signature, will only be eligible for any payment, including dividends, interest or redemption, through electronic mode from April 01, 2024, as per SEBI directives. Therefore, Members holding shares in physical form are requested to update the mentioned details by completing the appropriate ISR forms with the RTA.

Further, SEBI vide its Master Circular dated May 7, 2024, has mandated listed companies to issue the securities in dematerialised form only while processing following service requests viz. issue of duplicate securities certificate; claim from unclaimed suspense account; renewal/exchange of securities

certificate; endorsement; sub-division/ splitting of securities certificate; consolidation of securities certificates/folios; transmission and transposition. Accordingly, Members are requested to make service requests by submitting duly filled and signed Form ISR-4 to the RTA of the Company. It may be noted that any service request can be processed only after the folio is KYC Compliant. The relevant forms viz. Form ISR-1 (for registering KYC details), Form ISR-3 (Declaration to opt out of nomination), Form SH-13 (Nomination) and Form SH-14 (Cancellation of Nomination) are available on the website of the Company at About us>Shareholder Information>Others>Notice to Physical Shareholders.

14. All statutory registers and the documents referred to in the Notice and Explanatory Statement will also be available for inspection without any fees by the Members during normal business hours on all working days from the date of circulation of this Notice up to the date of AGM, i.e. Friday, June 28, 2024. Members seeking to inspect such documents can send an email to [investor@iciciprulife.com](mailto:investor@iciciprulife.com).
15. In case of joint holders attending the Meeting, seniority shall be determined by the order in which the names stand in the Register of Members, subject to applicable laws and the Articles of Association of the Company.
16. In line with the MCA Circulars, the Notice calling the AGM has been uploaded on the website of the Company at About us>Shareholder Information>Notices>AGMs>AGM Notice FY2024. The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at [www.bseindia.com](http://www.bseindia.com) and [www.nseindia.com](http://www.nseindia.com) respectively and is also available on the website of e-Voting agency i.e. NSDL at [www.evoting.nsdl.com](http://www.evoting.nsdl.com).
17. Copies of the Annual Report for FY2024 and Notice of AGM is being sent only by e-mail to the Members and to all other persons so entitled and who have registered their email addresses with the Depository Participant/Company's RTA or the Company for this purpose. Members of the Company holding shares either in physical form or in dematerialised forms as on benpos date i.e. Friday, May 31, 2024 will receive Notice of the AGM along with the Annual Report for FY2024 through electronic mode. In this regard, the Company shall publish a notice by way of an advertisement as per MCA Circular dated May 5, 2020.
18. Members holding shares in physical form, are requested to notify any changes in their address to the Company's RTA. Members are requested to quote their Folio No. or DP ID/Client ID, in case shares are

in physical/ dematerialized form, as the case may be, in all correspondence with the Company/RTA.

Members are encouraged to avail the Electronic Clearing Service (ECS) mandate facility provided by the Company. In order to avoid fraudulent encashment of dividend, Members holding shares in physical form are requested to send to KFin, at the above mentioned address, a Bank Mandate (providing details of name and address of banker, branch, PIN code and particulars of the bank account) or changes therein, if not provided earlier, under the signature of the Sole/First holder quoting their Folio Number.

19. Members may kindly note that in accordance with SEBI Master Circular for Online Dispute Resolution dated July 31, 2023 (updated as on December 20, 2023), the Company has registered on the newly launched SMART ODR Portal (Securities Market Approach for Resolution through Online Disputes Resolution Portal). This platform aims to enhance investor grievance resolution by providing access to Online Dispute Resolution Institutions for addressing complaints. Members can access the SMART ODR Portal via the following link: <https://smartodr.in/login>. Members may feel free to utilize this online conciliation and/or arbitration facility, as outlined in the circular, to resolve any outstanding disputes between Members and the Company (including RTA).
20. Members holding shares in the dematerialised mode are requested to intimate all changes pertaining to their bank details, ECS mandates, email addresses, nominations, power of attorney, change of address/ name etc. to their Depository Participant only and not to the Company or KFin. Any such changes effected by the Depository Participants will automatically reflect in the Company's subsequent records. Members holding shares in physical mode are requested to advise any change in their address or bank mandates to KFin.
21. As per Regulation 40 of SEBI Listing Regulations, as amended, securities of listed companies can be transferred only in dematerialised form. In view of this and to eliminate all risks associated with physical shares, Members holding shares in physical form are requested to consider converting their holdings to dematerialised form.
22. Members holding shares in physical mode are advised to make nomination in respect of their shareholding by writing to RTA in the nomination form (SH-13). Members holding shares in electronic mode may contact their respective Depository Participants for availing the nomination facility.

23. Non-Resident Indian Members are requested to inform their respective Depository Participants, immediately of:
  - a) any change in their residential status on return to India for permanent settlement.
  - b) particulars of their bank account maintained in India with complete name, branch, account type, account number and address of the bank with pin code number, if not furnished earlier.
24. The Company has uploaded the details of unpaid and unclaimed dividend amounts of prior years on its website. Members who have not encashed the dividend so far are requested to write to KFin, who shall arrange to send the unclaimed dividend amount upon appropriate scrutiny. Members are requested to note that dividends which are not claimed within seven (7) years from the date of transfer to the Company's Unpaid Dividend Account will, as per the provisions of Section 124 of the Act and rules made thereunder, be transferred to the Investor Education and Protection Fund (IEPF). Further, pursuant to the provisions of Section 124 of the Act and IEPF Rules, all shares on which dividend has not been paid or claimed for 7 consecutive years or more shall be transferred to IEPF Authority as notified by the MCA.

The Members / claimants whose shares, unclaimed dividend, sale proceeds of fractional shares, etc., have been transferred to IEPF may claim the shares or apply for refund by making an application to IEPF Authority in Form IEPF 5 (available on [www.iepf.gov.in](http://www.iepf.gov.in)) along with requisite fees. The Member / claimant can file only one consolidated claim in a Financial Year as per the IEPF Rules.

It may be noted that once the unclaimed dividend is transferred to IEPF as above, no claim shall rest with the Company in respect of such amount. It may also be noted that the unclaimed dividend amounts which were lying with the Company for the financial year ended March 31, 2016 and March 31, 2017, have been transferred to IEPF.

25. In terms of the MCA Circulars referred above, the business set out in the Notice will be transacted through electronic voting system and the Company shall provide the facility of voting by electronic means. Instructions and other information relating to e-Voting are given in this Notice.
26. A member who is a related party to the Company, shall not vote on the resolutions specified in Item nos. 7, 8 and 9 of this Notice, irrespective of whether the member is a party to the particular related party transaction or not.

## 27. Information and Other Instructions relating to E-Voting:

- a. Pursuant to the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended), SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 and Regulation 44 of SEBI Listing Regulations and the MCA Circulars, the Company is providing facility of voting by electronic means to its Members in respect of the business to be transacted at the AGM and the said business may be transacted through such voting.

#### **Item No. 7 and 8**

As per Section 188 of the Act, related party transactions such as sale/purchase of goods or services, disposal or lease of property of any kind, appointment of any agent for purchase or sale of any goods, materials, services or property, appointment to an office of profit and underwriting the subscription of securities/derivatives of the Company, shall require prior approval of Members, if transactions exceeded such sums, as prescribed. Further, such transactions were exempt from the prior approval of Members, if they were in ordinary course of business and at arms' length.

However, as per SEBI Listing Regulations any type of transaction with a Related Party, if material and revision in the thresholds of material related party, required prior approval of Members, even if such transactions were in ordinary course of business and at arms' length. Further, a transaction with a related party shall be considered material, if the transaction(s) to be entered into individually or taken together with previous transactions during a financial year, exceeds ₹ 10 billion or 10% of the annual consolidated turnover of the listed entity as per the last audited financial statements of the listed entity, whichever is lower.

For FY2025, the Audit Committee and Board of Directors, at their respective meeting(s) held on April 20, 2023 approved the threshold value for transactions (ie. ₹ 50 billion) on purchase and sale of investments to be entered with ICICI Bank Limited, ICICI Securities Primary Dealership Limited and ICICI Lombard General Insurance Company Limited which were subsequently approved by the Members at its 23<sup>rd</sup> AGM held on July 28, 2023.

The Audit Committee and Board of Directors at their respective meeting(s) held on April 23, 2024 have approved the following:

1. Revision in the threshold value for transactions for FY2025 on purchase and sale of investments to be entered with ICICI Bank Limited and ICICI Securities Primary Dealership Limited from ₹ 50 billion to ₹ 150 billion.
2. Threshold value for transactions for FY2026 on purchase and sale of investments to be entered with ICICI Bank Limited, ICICI Securities Primary Dealership Limited and ICICI Lombard General Insurance Company Limited.

In this regard, the Company now proposes the following:

1. To revise the existing and approved threshold value of transactions with related parties as provided in resolution at item no. 7 for FY2025 in supersession of the earlier resolution passed by the Members at its 23<sup>rd</sup> AGM and
2. To enter into transactions with related parties as provided in resolution at Item No. 8 during FY2026, at the agreed terms of the transactions between the parties.

Further, the Audit Committee and the Board of Directors have noted that although these transactions are in the ordinary course of business and are at arm's length, they may qualify as material related party transactions under the SEBI Listing Regulations. Accordingly, the Members' approval is sought for the same.

Information required under Regulation 23(4) of SEBI Listing Regulations read with SEBI Circular dated July 29, 2022 updated as on June 30, 2023 and SEBI Master Circular dated July 11, 2023 is provided herewith:

# Built on Trust. Driven by Customer Centricity. Enhancing Value.

- our winning trifecta!

ICICI Prudential Life Insurance is committed to continually delivering enhanced customer experience, making it the 'trusted' life insurance partner to millions of Indian families.

ICICI Prudential Life Insurance provides a range of products that cater to the essential societal requirements in the health, life, long-term savings, and pension categories. Essentially, life insurance is a non-substitutable product category within the larger financial services sector. By offering comprehensive solutions designed to meet the diverse financial aspirations of its customers, the Company has fortified its position as a trusted life insurance provider committed to serving them throughout different stages of their lives.

The Company recognises that its customers depend on it to achieve their life goals, therefore it manages risk with prudence and acts as a trustee and a custodian of their life's savings. ICICI Prudential Life Insurance deeply understands and acknowledges that its customers rely on its expertise and integrity to achieve their cherished dreams and aspirations.

By consistently adhering to its embedded guiding principles of trustworthiness and dedication, the Company continuously strives to foster an environment where confidence flourishes, nurturing enduring customer relationships built on mutual respect and understanding. Over the years, its successful track record reflects its commitment to delivering on the promises made, thus reinforcing its customers' trust.

The Company is focussed on simplifying life insurance to deliver enhanced customer experience and make it accessible to all ensuring a seamless, hassle-free and satisfying experience. Its approach of providing the 'right product to the right customer at the right price and through the right channel' has enabled it to continue being the trusted life insurance partner for millions of Indian families. This diligent alignment ensures that it stays relevant, accessible, and trustworthy in meeting the varied life insurance needs of its customers.

Leveraging advanced technologies such as data analytics, machine learning and artificial intelligence facilitates better insights into customers' needs, behaviours and affordability. This allows the Company to develop several industry-first initiatives such as a product which offers

100% refund of all premiums paid, same-day policy issuance and paying out commission to distributors on the same-day to name a few. Importantly, the Company has been settling all non-investigative claims with an average turnaround time of just 1.27 days. These and other pioneering initiatives have positioned the Company as the most customer and distributor friendly life insurer.

Besides, the Company's growing Assets under Management (AUM) signifies the trust reposed in it by its customers to achieve their need to be financially secure. This escalating trend highlights their appreciation for the Company's consistent performance and unwavering commitment to ensuring the fruition of their long-term financial goals, thereby fostering deeper ties. Consequently, AUM growth serves as a testament to the Company's success in cultivating lasting relationships founded on trust, credibility, and shared values.

**ICICI Prudential Life Insurance embodies a 'winning trifecta' built on trust, customer centricity and value enhancement. These elements collectively propel its mission to create a positive change in the Indian life insurance industry. Ultimately, the Company's winning formula lies in consistently delivering on its promises, championing customer interests, and creating sustainable prosperity through prudent financial strategies and socially responsible practices.**

STRATEGIC REVIEW

# Message from the Chairman

AS INDIA MARCHES FORWARD TO JOIN THE RANKS OF DEVELOPED NATIONS, THE DEMAND FOR LONG-TERM SAVINGS, PROTECTION AND ANNUITY PRODUCTS WILL ONLY ACCELERATE.

## DEAR SHAREHOLDERS,

It is with great pleasure that I present to you the Company's Annual Report for FY2024. This report showcases a year of resilient performance amidst a mix of challenges and opportunities.

## ECONOMIC OUTLOOK

The International Monetary Fund has projected global economic growth at 3.2% in 2024-2025, in the face of restrictive monetary policies and geopolitical risks. The India Outlook report by CRISIL has forecasted the Indian economy to become the third largest in the world by 2031, marking its entry into the upper middle-income club of countries.

Life insurance serves the fundamental needs of society and is tightly interwoven with the economic progress of the country as it provides a source of long-term funds, essential for a developing economy such as ours. India's thriving economy thus offers significant growth opportunities, especially for the life insurance sector by making it accessible to the underserved.

## THE INDIA OPPORTUNITY

As per Swiss Re's Asia Mortality Protection Gap research, 83% of protection needs of Indian consumers are unmet (USD 16.5 trillion). Swiss Re, also estimates life insurance premiums in India, during 2024-2028 to grow by 6.7% fuelled by rising demand for protection by the mass-affluent segment and a large young working population.

Also, as per estimates put out in December 2023 by the National Insurance Academy, sponsored by the Government of India, there exists a striking 93% pension gap in the country. It goes on to state that only 24% of individuals rely on employer-provided retirement plans.

Studies also suggest that retirement savings in India stand at just 14% of GDP as compared to other developed nations, such as the US and Canada, where it stands at 150% and 192% respectively.

The Regulator has articulated its vision of 'Insurance for All' by 2047 and rolled out several conducive regulations which will promote innovation, improve ease of doing business, make insurance simple and easily accessible leading to deepening penetration in the country.

As India marches forward to join the ranks of developed nations, the demand for long-term savings, protection and annuity products will only accelerate. ICICI Prudential Life Insurance, with its customer-focused approach, suite of easy-to-understand products and strong brand equity is appropriately poised to address these needs. We aim to capture this untapped opportunity by continuing to simplify life insurance through simple products and ease of on-boarding and thus make life insurance accessible for various customer segments, which we believe shall provide us with the edge to power sustainable growth going forward.

## ENHANCING STAKEHOLDER VALUE

Life insurance products provide 'peace of mind' from financial uncertainty and our endeavour shall be to enhance customer experience by improving the product proposition and providing service excellence across the entire customer life cycle. With an array of protection, long-term savings, annuity and group products, we are committed to making life insurance accessible to larger sections of the country's population.

For the second consecutive year, based on the Net Promoter Score of 63, as per the Insurance CuES (Customer Experience Score) Report 2024, the

Company has been ranked no. 1 amongst all life insurance players in the country. This score indicates a high degree of satisfaction amongst customers with our products, service excellence across the customer life cycle and best-in-class digital experience amongst other parameters.

To seize the growth opportunities presented by the life insurance industry, we believe technology adoption shall be pivotal for empowering and engaging all our stakeholders, enabling us to achieve our strategic objectives.

Accordingly, to fortify our competitive edge, we shall continue to invest in Data Analytics, Artificial Intelligence, Machine Learning and other digital technologies. The objective is to improve accessibility to life insurance solutions and deliver superior customer service. I am delighted to state that we have received an award from ASSOCHAM for 'Best Technology Enabled Transformation'. We have also received an award for the 'Best Use of Data Analytics in Customer Insights' from Quantic India.

### GOING FORWARD

We believe simplifying products and processes is the biggest innovation and holds the key to delivering superior customer experience and driving growth for the Company. We are leveraging technology to design innovative products which offer customers a compelling proposition while our anytime anywhere service architecture helps us deliver superior customer service 24/7 across multiple platforms and touchpoints as may be preferred by the customer.

Cutting-edge digital technologies have enabled us to increase efficiencies across the organisation and of our well-diversified distribution network. Importantly, it has facilitated providing sharper and deeper insights into customer needs, preferences and challenges resulting in identifying unserved and under-served customer segments while delivering best-in-class customer service.

We will continue to empower our distribution network with technology-enabled platforms to offer the 'right product to the right customer' enabling us to remain the preferred life insurance brand for customers.

The Company's 'First Time Right' philosophy coupled with technology interventions has resulted in us having one of the best claim settlement ratio and turnaround time in the life insurance industry. This underscores our commitment to deliver on the promises made to our customers and their families.

Our strategy of keeping the customer at the centre of everything we do has been recognised on several industry-leading platforms. It is a matter of pride for us to have received awards for the 'Customer Service Company of the Year' from Synnex India and 'Best Use of Mobile to Enhance Customer Experience' from Customer FEST. These awards are a testament to our 'Customer First' approach and motivate us to continuously exceed customer expectations.

To seize the growth opportunities presented by the life insurance industry, we believe technology adoption shall be pivotal for empowering and engaging all our stakeholders, enabling us to achieve our strategic objectives.

### RESPONSIBLE CORPORATE CITIZEN

We continue to demonstrate our steadfast resolve to utilise business as a driver for positive societal transformation. The Company partners with ICICI Foundation to support initiatives on skill development for sustainable livelihoods and healthcare programmes which are aimed at improving the health outcomes of underprivileged children. The Company's Corporate Social Responsibility initiatives have positively impacted 1.9 million lives since inception.

We would like to reaffirm our commitment to creating a culture that embraces sustainability. The Company's environmental and its sustainability initiatives are aimed at leaving the planet a better place for future generations.

It is with great pride that I state, the Company is the highest rated Indian insurer as declared by two ESG rating agencies. We have also received the Platinum Award for the FY2023 ESG Report from the League of American Communications Professionals.

Last but not the least, as my term as the Chairman of ICICI Prudential Life Insurance comes to an end, I am delighted that Mr. Sandeep Batra, an ICICI Group veteran, will be taking over. He has been on the Board of the Company since 2014 and brings with him a wealth of knowledge and experience in financial services. I extend a warm welcome and wish him all the best.

To conclude, having witnessed first-hand our collective triumphs, it fills me with immense contentment and a profound sense of accomplishment. I would like to thank the Board, the Regulator, the leadership team, all employees, shareholders, distributors and other stakeholders for their commitment and support. It has been a privilege to work alongside each one of you.

Yours faithfully,

**M. S. Ramachandran**  
Chairman

STRATEGIC REVIEW

# Message from the Managing Director & CEO

LIFE INSURANCE CATERS TO THE PRIMARY NEEDS OF SOCIETY OF PROTECTING HEALTH AND LIFE, BUILDING LONG-TERM SAVINGS AND PLANNING FOR RETIREMENT, THEREBY MAKING IT A NON-SUBSTITUTABLE PRODUCT.

## DEAR SHAREHOLDERS,

It is a pleasure to present the Annual Report for the fiscal year 2024. The Company has posted a resilient performance on the back of furthering its efforts to simplify life insurance.

It is my privilege to lead an organisation that stands as a testament to trust, excellence and innovation in the Indian life insurance sector.

As I begin, I would like to reaffirm our commitment to the Company’s vision ‘To build an enduring institution that serves the protection and long-term saving needs of customers with sensitivity.’

Customer centricity remains at the core of our strategy as we progress in our journey of simplifying life insurance to deliver an enhanced experience to customers.

Before we discuss the year gone by, it is important to understand the economic landscape we operate in.

### MACROECONOMIC ENVIRONMENT & THE INDIA POTENTIAL

Despite muted growth in the global economy, as per the Ministry of Finance, India is well on its way to becoming the world’s third largest economy with a GDP of USD 7 trillion by 2030.

With India emerging as a strong performer on the global stage. The country is seeing a surge in investments and a positive outlook from businesses and consumers alike, setting the stage structurally for continued economic going forward.

This sense of optimism around the prospects of the Indian economy augurs well for the life insurance industry. As per Swiss Re, India’s score on the Resilience Index for mortality was 9.2%, indicating that life insurance covered less than 10% of the existing needs. This signifies the financial vulnerability of Indian families in case of demise of the breadwinner.

Further, estimates released by Swiss Re in January 2024, India’s insurance sector is poised for exceptional growth over the next five years (2024-2028), making it the fastest-growing insurance marketplace among all G20 countries.

Life insurance caters to the primary needs of society of protecting health and life, building long-term savings and planning for retirement, thereby making it a non-substitutable product. As per UN Population Division, the share of working population in India will grow to 736 million by 2030. This growing population will need life insurance to provide financial security to themselves and their loved ones. With this as the backdrop, India’s life insurance landscape holds a lot of growth opportunities for a customer-focussed Company such as ours.

Our effort will be to take advantage of the economic growth momentum, deliver enhanced customer experience and position the Company as the preferred insurer for serving the growing protection, long-term savings and income needs of our customers.

We will deepen our penetration across diverse customer micro-segments and micro-markets through tailored

solutions, products and seamless customer onboarding and service through our multi-channel distribution and customer service architecture.

### ENABLING REGULATIONS TO UNLOCK POTENTIAL

The Regulator is focussed on implementing enabling regulations and other collaborative initiatives to boost growth, increase penetration and drive financial inclusion to achieve its vision of 'Insurance for All'. Initiatives such as 'Use and File' have increased go-to-market speed of life insurers to offer innovative propositions to customers.

The three key initiatives of Bima Sugam, Bima Vistaar and Bima Vahak by the Regulator are designed to simplify insurance while offering an immersive experience to customers. We believe these efforts have paved the way for fulfilling the insurance needs of the uninsured and under-insured and drive financial inclusion in the country.

Going forward, the Company will focus on deepening capabilities to innovate, grow and establish leadership in the Indian life insurance market. We will continue to augment trust to build long-lasting relationships with customers through designing customer-centric products and solutions and deliver value to all our stakeholders. With a strong foundation, we are excited about the journey ahead.

### ENHANCING CUSTOMER EXPERIENCE

For the Company, the path to sustainable growth is anchored on simplifying products and processes to enhance customer experience. By focussing on these areas, we have ensured our offerings are easy-to-understand, cater to customers' life stage needs and enhance their overall experience with the brand.

Enhancing customer experience is about more than just satisfaction; it's about providing a seamless journey that is personalised and responsive. Life insurance is a long-term product enabling fruition of customers' non-negotiable life goals. We are therefore committed to understanding and anticipating their needs, delivering products and services that exceed expectations and build long-lasting relationships based on trust and mutual respect.

By committing to these principles, the Company is not just powering growth but also evolving in a way that aligns with the needs and expectations of our customers, fortifying our position as a leader in the life insurance industry for the long-term.

Here I am happy to state that the Company has received an award for 'Customer Experience Team of the Year' from Synnex India, a validation of our customer first approach.

Customer centricity continues to be at the core of our strategy. We believe our approach of offering the right product to the right customer at the right price will unlock the country's untapped potential.

### TECHNOLOGY DRIVING SIMPLIFICATION

The Company is committed to enhancing customer experience, beginning from prospecting to customer service to claim settlement. We continue to be at the forefront of innovation, to support our objective of being the most customer and distributor-friendly life insurer in India. We have introduced several industry-first offerings such as a product which provides customers a 100% refund of premiums paid. Also, we have recently launched a unit linked product which links the distributors' payouts to the assets under management of their customers. Another one of our products' allows customers to make partial withdrawals to meet liquidity requirements.

We have rolled-out the ICICI Pru Stack, a set of platform capabilities which empowers our distribution partners with customer segmentation, identify cross and upsell opportunities to offer the right product to the right customer.

The Stack has enabled us to extend 'Term By Invite' – pre-approved sum assured offers to customer based on their profiles. Similarly, for our long-term savings business segment we have curated the 'Insurance By Invite' offering. Both these invitational offers provide a hassle-free buying experience to customers. By leveraging technology, we have been able to issue a significant majority of our policies on the same day for the savings business segment. Notably, we are the first life insurer in the country to pay out commissions to select distributors on the same day.

Life insurance is about claims and the settlement process is the litmus test for a life insurance company. We pride ourselves on having a consistent and industry-leading claim settlement ratio. For FY2024 the individual death claim settlement ratio was 99.17% with an average settlement turnaround time of just 1.27 days for non-investigated retail death claims from receipt of last requirement. We believe providing a smooth and hassle-free claim settlement process is crucial for delivering enhanced customer experience. It provides peace of mind to customers to know their loved ones will be financially secure in their absence. We have received an award for being 'India's Best Life Insurance Company for Claim Management' from Business Ideas.

Over the past decade, we have settled death claims totalling ₹ 121.12 billion, provide financial security to scores of families. Our quick claim settlement process bolsters the Company's standing as a reliable and caring brand. This unwavering commitment to providing financial security to our customers and their families is the driving force behind our success.

### TRUSTEES AND CUSTODIANS FOR CUSTOMERS

In today's competitive business environment, products and processes can be replicated, but culture cannot. Our unique and differentiated culture guides our actions and decisions, ensuring we remain focussed on our customers' best interests and long-term goals.

Trust is the cornerstone of our relationship with our customers. They entrust us with not just their savings, but their dreams and the financial security of their family members. We act as trustees and custodians of their life savings and are committed to upholding the highest standards of integrity and stewardship. We honour this trust by striving to ensure that every decision we make is in the best interest of our customers, guided by ethical considerations and a long-term perspective.

As we continue to grow and evolve, we remain committed to nurturing and preserving our unique culture which will enable us to navigate future challenges and continue to create value for all our stakeholders.

### OUR PEOPLE

Our people are our most valuable asset and we place the utmost importance on their well-being and development. Our team's collective hard work and commitment to excellence are evident in the Company's resilient performance. We are determined to drive growth by continuously investing in our people as we believe doing so will lead to better outcomes for our stakeholders.

We will deepen our penetration across diverse customer micro-segments and micro-markets through tailored solutions, products and seamless customer onboarding and service through our multi-channel distribution and customer service architecture.

### SOCIETAL RESPONSIBILITY

We place great importance on our Environmental Social and Governance (ESG) and Corporate Social Responsibility (CSR) initiatives. Our focus on ESG ensures a comprehensive approach to sustainability. This has led to two ESG rating agencies declaring the Company as the highest rated Indian insurer. Also, we have received awards for 'Best Sustainability Report' from CMO Asia and 'Best Sustainability Report' from Transformance.

We have implemented various CSR initiatives through ICICI Foundation and other external partners. We support and contribute to programmes keeping protection of life and health as the core proposition. Over the years, we have positively impacted millions of lives across the country.

### FINANCIAL PERFORMANCE

Let me now briefly touch upon the financial performance of the Company for FY2024.

In Q4-FY2024, the Company's Retail Weighted Received Premium grew by 11.5% year-on-year, outperforming both the overall industry and private life insurers for the second consecutive quarter.

The total Annualised Premium Equivalent (APE) for the Company grew by 4.7% year-on-year to ₹ 90.46 billion in FY2024. The Company ended the fiscal year with a Value of New Business (VNB) of ₹ 22.27 billion and a VNB margin of 24.6%. The Profit After Tax grew by 5.1% to ₹ 8.52 billion in FY2024.

Our strategy of continuous product innovation to deliver a superior value proposition to customers has resulted in strong year-on-year growth across product segments. The annuity business APE grew by 88.0%, linked business APE grew by 26.1% and the retail protection APE grew by 46.6% in FY2024.

On the distribution front, we have been focussed on improving efficiencies by using technology innovatively. Data analytics and other demand-generation tools have strengthened our well-diversified distribution network. For FY2024, the Agency channel exhibited a robust year-on-year growth in APE of 15.6%, the Direct channel too showed a year-on-year growth of 20.0% in APE. We will continue to invest in expanding our distribution partnerships while facilitating the growth of our existing channels.

Notably, we have deployed machine learning models to further bolster our industry-leading persistency ratio. The 13<sup>th</sup> month measure showed a notable improvement of 240 basis points, reaching 89.0%. Similarly, the 49<sup>th</sup> month metric enjoyed a significant increase of 430 basis points, landing comfortably at 68.5%.

Our Assets Under Management stood at ₹ 2.9 trillion, a year-on-year growth of 17.1%. To us, this reflects the trust placed in the Company by customers.

### PATH FORWARD

Throughout fiscal 2024, we have put together the building blocks for simplifying products and processes. Customer centricity continues to be at the core of our strategy. We believe our approach of offering the right product to the right customer at the right price and through the right channel will unlock the country's untapped potential.

The Company concluded FY2024 with a strong foundation for sustainable growth. We are confident of carrying this momentum forward guided by our 4-D framework of Data Analytics, Diversified Propositions, Digitalisation and Depth in Partnerships. We believe our approach of simplifying life insurance appropriately positions the Company as the preferred life insurance partner for customers.

As I conclude, I would like to bid farewell to Mr. Ramachandran, our Chairman, who retires in June 2024. During his tenure, he has played a valuable role in strategically shaping and guiding the Company. We wish him all the best.

We have introduced several industry-first offerings such as a product which provides customers a 100% refund of premiums paid, a ULIP which links the distributors' payouts to the assets under management of their customers. We issue a significant majority of our savings products' policies on the same day. We are also the first to pay out commissions to select distributors on the same day.

Mr. Sandeep Batra, a Non-Executive Director of the Company, will take over as the Chairman. Mr. Batra has been a member of our Company's Board since 2014. Having been with the ICICI Group since 2000, he currently serves as an Executive Director on the Board of ICICI Bank. We are confident that our Company will benefit greatly from his leadership and experience.

Finally, I would like to thank the Board members for their guidance and support. Also, I extend my gratitude to the Regulator, all employees, distributors, shareholders, investors and other stakeholders for their continued support.

Yours faithfully,

**Anup Bagchi**  
Managing Director & CEO

## MEASURING PROFITABILITY AND EMBEDDED VALUE

### Value of New Business (VNB) and Value of New Business Margin (VNB Margin)

VNB is the present value of future profit streams to shareholders as measured in the year in which the new business is written. VNB is reported as net of new business expenses. VNB margin is the ratio of VNB and APE for the period. It is similar to the profit margin for any other business/industry.

VNB (₹ billion) and VNB Margin (%)

VNB Split (₹ billion)

### Embedded Value (EV)

EV is a measure of the consolidated value of the shareholders' interest in the life insurance business. It is calculated as the sum of the Company's adjusted net worth (ANW) and the value of in-force business (VIF). The VIF includes the present value of future profits attributable to shareholders from the in-force business of the Company (which includes the new business written during the previous year). Future profits are computed based on assumptions such as persistency, mortality, morbidity and external factors like interest rates and capital market performance.

### Embedded Value Operating Profit (EVOP)

EVOP is a measure of the increase in the EV during any given period due to matters that can be influenced by Company management. The key components of EVOP are expected investment income on opening EV (unwind), the VNB added during the year and the EV variances.

The EV variance is a measure of the performance as compared to what was assumed in arriving at the EV at the beginning of the year. The key factors are mortality, persistency and renewal expenses. If these variances are expected to continue in the future, then it is usual to capitalise these variances by way of an assumption change.

STRATEGIC REVIEW

# Ethical Practices and Governance

The Board is committed to upholding the highest standards of corporate governance and ethical business practices. They firmly believe that these principles are essential for business integrity, driving performance and maintaining stakeholders' confidence.

The Board provides leadership and oversight, either directly or through Committees of Directors and exercises delegated authority. It reviews all matters related to the Company's strategy and standards of conduct. The Board is also responsible for ensuring that the management maintains a system of internal controls that provide assurance of effective, efficient and timely operations, internal financial controls and compliance with applicable laws and regulations. The organisation encourages and provides a mechanism/framework for disclosure of any unlawful acts, wrongdoings and deviant behaviour and ensures necessary action.

## GOVERNANCE & RESPONSIBILITY FRAMEWORK

The Board has established a framework of policies and practices which identifies all the elements of a sound approach to governance and responsibility. A Management Committee, comprising senior officers led by the Managing Director & CEO, uses this framework to set and monitor governance and responsibility objectives, identify improvement opportunities and ensure that activities are aligned with the pre-defined business strategy. Reputation, trust and confidence are some essential elements that the Company seeks to protect and enhance for the benefit of all its stakeholders.

### GIVEN BELOW ARE SOME KEY ELEMENTS OF THE COMPANY'S ETHICAL BUSINESS PRACTICES AND GOVERNANCE PHILOSOPHY:

#### Board Governance Structure

The Company operates under a governance structure designed to establish effective checks and balances in its management and create long-term value for the stakeholders. The Board's constitution duly adheres to the applicable statutory requirements. The separation of Board's supervisory role from the executive management and an effective independent Board is the basis of the Company's corporate governance philosophy. Diversity in Board composition ensures having diverse thoughts, perspectives, knowledge, skills and industry experience to retain the Company's competitive advantage. The Chairman of the Board is an Independent Director, and the Board Committees comprise mostly of Independent/Non-Executive Directors (NED) and are chaired by Independent Directors (ID).

#### Employee Compensation Structures and Governance

The Company follows prudent compensation practices under the guidance of the Board, and the Board Nomination and Remuneration Committee (BNRC). The Company's approach to compensation is based on the ethos of meritocracy and fairness within the framework of prudent risk management. While the Company aims to ensure internal and external equity consistent with emerging market trends, the Company's business model and affordability based on business performance sets the overarching boundary conditions. The output from the Performance Management System and Talent Management System serve as inputs for administration of the Compensation Policy.

The Company's long-term pay schemes including the Employees Stock Option Scheme and Employee Stock Unit Scheme are designed to encourage institution building among the employees. As a philosophy, long-term pay is given to enhance employee motivation,

enable employees to participate in the long-term growth and financial success of the Company and act as a retention mechanism.

For the Managing Director & CEO, compensation is aligned to both financial and non-financial indicators of performance including controls like risk management, process perspective, customer perspective and others. Compensation for Wholetime Director/s is aligned to their predefined key performance indicators, as approved by the Board and BNRC. Compensation is also aligned with prudent risk parameters such as solvency, grievance redressal, expense management, claim settlement, overall compliance status and the overall financial position such as Net Worth and Assets Under Management (AUM). The quantum of performance bonus as a percentage of total fixed pay is governed based on the Compensation and Benefits Policy.

#### Compliance Framework

The Insurance and Regulatory Development Authority of India (IRDAI) is the primary regulatory authority for the insurance sector in the country. The Board of Directors, through the Board Audit Committee, oversees the compliance framework. The Company has various compliance policies and procedures, including a compliance policy, code of business conduct and ethics, policy against sexual harassment at workplace, professional workplace conduct, anti-bribery and anti-corruption policy, whistle-blower policy and a code of conduct for personal investments. The compliance responsibility vests with each business department, with the Compliance Policy serving as a guiding force in building the compliance culture within the organisation. In accordance with the above framework, the Compliance function creates company-wide awareness and provides guidance on applicable insurance laws, regulations, guidelines and circulars issued by the regulatory authority.

#### Risk Management

Risk is an integral element of the Company's business and managed acceptance of risk is essential to generate shareholder value. The risk governance structure of the Company consists of the Board, the Board Risk Management Committee, the Product Management Committee, the Executive Risk Committee and its sub-committees. The risk philosophy of the Company is outlined in the Board-approved Risk Policy, which is reviewed by the Board at least annually. The Risk Policy details identification, measurement, monitoring and control standards relating to various individual risks, namely investment (market, credit and liquidity), insurance, operational (including legal, compliance, outsourcing, customer dissonance, business continuity, information and cyber security) and reputation.

The Board periodically reviews the potential impact of strategic risks such as changes in macro-economic factors, government policies, regulatory environment and tax regime on the business plan of the Company. In addition to these risks, the life insurance industry faces a number of emerging risks, such as sustainability risks, particularly environmental, social and governance (ESG) related issues. One of the most prominent ESG risks is that of climate change and its potentially far-reaching consequences. Apart from climate change, there are several emerging risks associated with public health trends such as increase in obesity-related disorders and demographic changes such as population urbanisation and ageing. The risk management framework seeks to identify, measure and control all the exposures to all these risks within the overall risk appetite.

### Investment Framework

The Board and Board Investment Committee (BIC), supported by the Executive Investment Committee (EIC), oversees investment management, investment norms and the monitoring and control processes related to investments. The Investment Policy sets out the framework and guidelines for the management of investments with the objective of ensuring adequate returns on the policyholders' funds with protection, safety and liquidity of such funds. The framework encompasses aspects concerning compliance with prudential regulatory norms on investments, prudent risk management and mitigation strategies to ensure commensurate yield on investments.

### Framework for Managing Conflicts of Interest

The Company has a Framework for Managing Conflicts of Interest that clarifies the principles and the measures to manage potential conflicts of interest at the individual and organisation level, in order to conduct the Company's

activities in an ethical and transparent manner. Declarations are annually obtained from employees on any potential conflicts of interest, which are duly assessed and acted upon.

### Code of Conduct

The Company is committed to adopting the highest business, governance, ethical and legal standards in the conduct of the Company's operations. The Company has a Code of Conduct which defines the professional and ethical standards that employees and Directors need to adhere to, in compliance with all applicable statutory laws, regulations and internal policies. The Code of Conduct is published on the Company's website and the Intranet. Employees including Directors are required to annually confirm that they have read and understood the Code of Conduct. All new employees also need to confirm that they have read and understood the Code of Conduct at the time of their joining.

### Code of Conduct for Dealing in Securities (Code)

The Code reflects the Company's commitment to always operate with the highest level of integrity and ethical conduct at all times. The Code establishes trading limitations and includes requirements for pre-clearance of personal securities transactions and minimum holding periods. Depending on the line of business and job function, employees may also be required to comply with an additional policy applicable to specific corporate functions. Policies that apply to employees may also apply to their spouses, minor children or anyone to whom the employee provides significant financial support/advice.

Certain provisions of the Code apply to Directors including NEDs and IDs. Further, employees dealing in the Company's securities are subject to more restrictive personal trading policies.

## VALUE CREATION

### PRODUCT CONCEPTUALISATION AND DEVELOPMENT

Data analytics, market information, customer insights and feedback is leveraged to design appropriate cost-effective products based on the changing preferences and needs of the customers.

### PRODUCT BRANDING, MARKETING AND DISTRIBUTION

The extensive multi-channel distribution network helps distribute products effectively. To ensure wide coverage among prospective customers, the Company regularly designs awareness campaigns around the importance of life insurance and its products/services.

### POLICY UNDERWRITING AND REINSURANCE

The underwriting team evaluates the risk profile of policyholders against established criteria. This involves analysing various factors such as the policyholder's history, the nature of the risk, and potential financial impact. Based on the risk assessment, the underwriting team sets premiums that are commensurate with the level of risk. This ensures that the policy is priced appropriately, balancing the potential for claims against the premium income. Additionally, they also weed out the potential risky business.

STRATEGIC REVIEW

# Operating Context

## A CHANGING BUSINESS ENVIRONMENT

In today's rapidly evolving business landscape, change has become a constant. Shifts in customer and societal expectations, combined with macroeconomic and geopolitical volatility, are compelling enterprises around the world to transform their tech infrastructure, products and services, business models and organisational culture to not only fuel profitability, but also to remain relevant and survive.

The insurance industry is no different. In fact, these colliding forces have the potential to be the catalyst for reinvention, both in terms of how the industry does business and their entire purpose and position within the society.

Life insurance is a critical societal requirement in India, particularly given the current social security structure in the country. It is a one-of-a-kind financial planning tool that offers families with a financial safety net, while also allowing them to achieve their long-term financial objectives and protecting their family in the event of unforeseen circumstances.

The life insurance sector provides a wide range of products for long-term wealth creation. It also provides annuities for retirement planning and protection plans to safeguard an individual from any unforeseen event. Thus, the life insurance sector serves as a risk manager by providing coverage for investment, longevity, mortality and morbidity risks. The life insurance industry has covered 247.7 million lives through individual policies and 467.7 million lives through group policies, providing a total insurance cover (sum assured) of ₹ 295.4 trillion at March 31, 2023.

Additionally, insurers also assist in economic development in general and the development of financial markets in particular. The life insurance business has used its enormous distribution network across the country to supply long-term capital to both the debt and equity markets. The industry manages assets<sup>1</sup> worth ₹ 54.1 trillion at March 31, 2023. More importantly, the industry also provides long-term capital needed for infrastructure projects and is a significant source of part-time and full-time employment to professionals with varied skill levels.

## THE NEW FACE OF LIFE INSURANCE IN INDIA

The life insurance sector is undergoing a fundamental transformation because of technology improvements, shifting client expectations, and a move towards customised products. In this era of disruption, insurers are embracing innovation to provide life insurance products that meet the different demands of their consumers.

Life insurers have become agile and are constantly evolving based on customer preferences, market and demand trends to provide the most appropriate proposition to their customers. Technology and data analytics are the biggest enablers for life insurers to deliver this value proposition.

Apart from the traditional savings products, the life insurance industry has evolved to cater to the mortality, morbidity and longevity needs of customers with innovative protection and annuity products over the years. The products are characterised by sound underwriting and faster claims processes. Insurers are utilising technological innovations to automate operations, decreasing paperwork, and shortening turnaround times, which leads to efficient distribution and significant cost savings.

Data analytics, artificial intelligence, and machine learning are providing insurers with insights into individual consumer risk profiles and preferences. This is used by them to tailor the products and meet specific needs of customers. Increasing financial

literacy, digitalisation, rising per capita income, product innovations, and development of strong distribution channels have led to better channelising of household savings towards financial savings. All these factors complemented by various initiatives taken by IRDAI to increase insurance penetration resulted in the life insurance industry drawing a higher share of household savings.

## CURRENT OPERATING CONTEXT

The total life insurance premiums grew from ₹ 500.94 billion in FY2002<sup>2</sup> to ₹ 7,825.04 billion in FY2023<sup>3</sup> (14.0% CAGR). Additionally, new business premiums (retail weighted received premium) grew from ₹ 116.00 billion in FY2002 to ₹ 1,089.75 billion in FY2024<sup>4</sup> (10.7% CAGR). According to a report by Swiss Re, between CY2024–CY2028, total insurance premiums are expected to grow by 7.1% in real terms, well above the global (2.4%), emerging (5.1%) and advanced (1.7%) market averages. At this rate, India will have the fastest growing insurance sector of the G20 countries. Currently, there are 26 life insurance companies in India. Of these, the Life Insurance Corporation of India (LIC) commands a 32.2% market share based on retail weighted received premium in FY2024. The top 5 private life insurance companies together account for another 46.1% share of the total market.

New Business Weighted Premium - Premiums received by the insurers under individual and group products and weighted at the rate of 10% for single premiums.

### Distribution Trends

Bancassurance continues to be a predominant channel for the private life insurance sector. For the industry as a whole, the agency channel dominates primarily driven by LIC. However, direct sales channel through proprietary sales force and the online sales channel are fast gaining traction.

### THE INDIA OPPORTUNITY

Strong economic growth, increasing disposable incomes coupled with India's demographic factors such as a growing middle class, young insurable population and growing awareness of the need for protection and retirement planning supports the growth of India's insurance sector. The insurance opportunity in India can be divided into four key segments, as below:

- Savings:** The savings market is estimated to provide a steady growth opportunity, considering the under-penetration of life insurance in India at 3.0% of its GDP for FY2023, favourable demography, rising affluence, projected economic growth and the increasing allocation of life insurance in total household savings.
- Protection:** With a protection gap of USD 16.5 trillion, India is lagging significantly behind the other more developed Asian economies. India's sum assured to GDP ratio is significantly lower than the rest of the world, presenting a strong multi-decade growth opportunity in the protection segment.
- Retirement:** India's pension market is one of the lowest penetrated in the world at 6.5% of GDP<sup>5</sup> in FY2023. Additionally, with an increase in life expectancy, the post-retirement period is becoming longer. Given that the annuity product can be offered only by life insurance companies, this offers a significant business opportunity for the life insurance industry.
- Health:** While there is significant opportunity in the health segment, life insurers currently limit their participation in the health market, which is primarily around critical illness riders on account of regulations. If permitted by regulators, health can become one of the key growth drivers for India's life insurance industry.

STRATEGIC REVIEW

# Risks & Opportunities

Regulatory compliance and alignment with emerging risk management practices are the Company’s key strategic imperatives, and form a key element of the business. Managed acceptance of risk is essential to protect the stakeholders from potential risks and generate adequate shareholder value.

## HOW THE COMPANY MANAGES RISKS

The Company’s risk management model comprises a four-stage continuous cycle, namely the identification and assessment, measurement, monitoring, and control of risks.

## DESCRIPTION OF THE RISK

The risks faced by the Company are classified into market, credit, liquidity, insurance, operational and reputation. In addition to these risks, the life insurance industry faces a number of emerging risks. There are also emerging risks related to ESG (environmental, social and governance) issues.

## IMPACT ON THE BUSINESS

The Company conducted stress testing of the Company’s assets and liabilities to identify the impact on solvency, statutory profits, available economic capital, and liquidity position.

- During the year, periodic stress testing of the solvency position has demonstrated that there is no capital requirement even in further stresses
- Reverse stress testing and liquidity stress testing exercises have also demonstrated the Company’s resilience to scenarios which are extreme, but plausible
- The solvency ratio stood strong at 191.8% at March 31, 2024, well above the regulatory requirement of 150%
- Solvency ratio on an internal economic capital basis was also robust at 411% as on December 31, 2023

## MITIGATING ACTIONS

- During the year, the Company reviewed its balance sheet exposure and took actions to reduce the sensitivity to economic shocks, including placing hedges to further improve the resilience of the Company’s balance sheet
- The Company uses forward rate agreements and Separate Trading of Registered Interest and Principal Securities (STRIPS) to hedge the interest rate risk of the Company’s non-par guaranteed savings portfolio as well as the annuity portfolio

### Key opportunities

- The mortality protection gap for India continues to provide significant opportunities to increase the penetration of the Company’s protection business
- An ageing population and an increase in average life expectancy offers opportunities for life insurers to expand their annuity business
- Based on the vision of “Insurance for all by 2047” articulated by the insurance regulator, which means that by the year 2047, the centenary year of India’s independence, every citizen should have a life cover, health cover and old age security, several measures have been taken by the regulator. This is being done with a clear focus of increasing insurance penetration in India and the ease of doing insurance business. The Company expects these measures to have a pronounced impact on the growth of the industry

## CAPITALS IMPACTED:

The current geo-political environment, changes in regulatory and tax regime, and the competitive landscape can potentially impede the business growth and profitability, which in turn can have an impact on the Company’s financial capital.

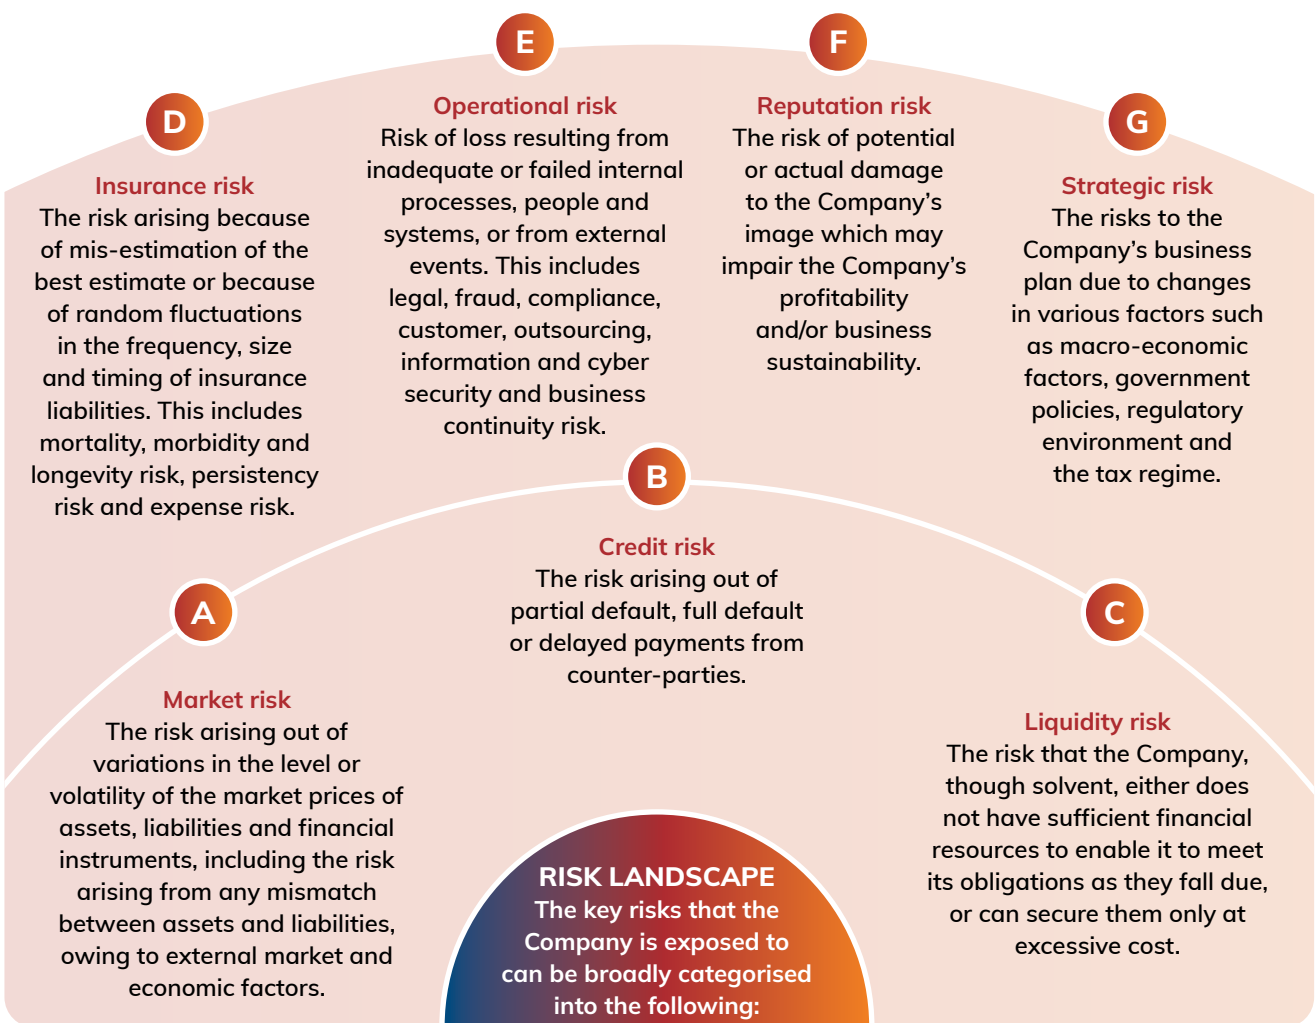

# Risk Management Framework

The risk management framework sets out the risks that the Company is prepared to accept, given the expected rewards and consistency with strategic objectives, and the risks for which the Company has no tolerance and wants to avoid. The framework is designed to support risk-based decision-making and sets out limits and controls to ensure that the Company's risk exposures remain within its risk appetite.

### MANAGING SUSTAINABILITY RISKS

Sustainability risks, particularly ESG (environmental, social and governance) related issues continue to increase in significance for the life insurance industry. Failure to mitigate climate change is widely seen as the top long-term global risk faced by the world today. For the life insurance industry, climate change could potentially have wide ranging implications, including but not limited to, adverse impact on economic growth and investment markets, higher than expected claims due to increased risk of future weather-related catastrophes, pandemics as well as possible changes in long-term mortality/morbidity rates.

Apart from climate change, there are other emerging risks associated with public health trends such as an increase in obesity-related disorders and demographic changes, including population urbanisation and ageing. Sustainability can also be impacted by issues related to customer experience, reputation, corporate governance, data security and privacy.

ICICI Prudential Life Insurance works towards developing an understanding of the Company's ESG risks, including climate change, and being aware of industry best practice as it develops. The current industry consensus is for insurers to treat climate risk as an amplifier of existing risks rather than a new risk. Accordingly, sustainability risks including climate-related risks are integrated in the risk management framework and are a part of the Company's Board-approved Risk Policy ("the Policy").

The risk appetite statements, as articulated in the Policy, outline specific constraints that define the total level of risk that it is willing to accept. In particular, it also has an appetite statement on customer risk and a framework to monitor outcome with the objective of taking actions to deliver positive outcome. Likewise, it has an

appetite statement on reputation risk and a framework to monitor various factors that could impact the Company's reputation.

The Company's corporate governance framework is aligned with the regulatory guidelines on corporate governance. The risk governance framework, which forms a part of the overall corporate governance framework, is detailed in the Policy. In addition to the various risk management committees whose roles and responsibilities are specified in the Policy, it also has an executive ESG Committee comprising senior leaders which provides oversight on ESG-related policies and initiatives and monitors its implementation.

Several other elements of the Company's risk management framework are applicable for the management of sustainability risks, as detailed in the Policy. In particular, it has a framework for information and cyber security as well as business continuity management to analyse the emerging risks through regular monitoring of the external and internal environment. The Company has set out the technology modernisation, employee engagement approaches, and process changes that are found to be effective for the rapidly changing environment.

The Company has been accredited with ISO 22301:2019 certification for Business Continuity Management processes and ISO 27001:2013 for Information Security management systems, which provide additional level of assurance. It also has a privacy policy to ensure protection of sensitive personal data or information collected. Further information on the Company's approach to sustainability risk management has been set out in the section on 'Meeting challenges from sustainability risks' of the ESG Report and 'Enterprise Risk Management' of the Annual Report.

**RISK OUTLOOK**

A detailed review of the Company’s risk exposures to market, credit, liquidity, insurance, operational, reputation and other emerging risks, as well as the key control processes is set out in the ‘Enterprise Risk Management’ section of this Report in page 184. The risk assessment process is an ongoing analysis of the Company’s risk profile. Testing the resilience of the balance sheet is an essential element of this process. It shows how the Company’s solvency position responds to different risk factors. The Company’s solvency ratio stood strong at 191.8% at March 31, 2024, well above the regulatory requirement of 150%.

With the proposed risk-based capital under discussion by IRDAI, the Company’s solvency ratio on an internal economic capital basis was robust at 411% at December 31, 2023. The Company has been carrying out stress testing of the solvency position periodically during the year, and these tests demonstrate that there is no capital requirement even in further stresses.

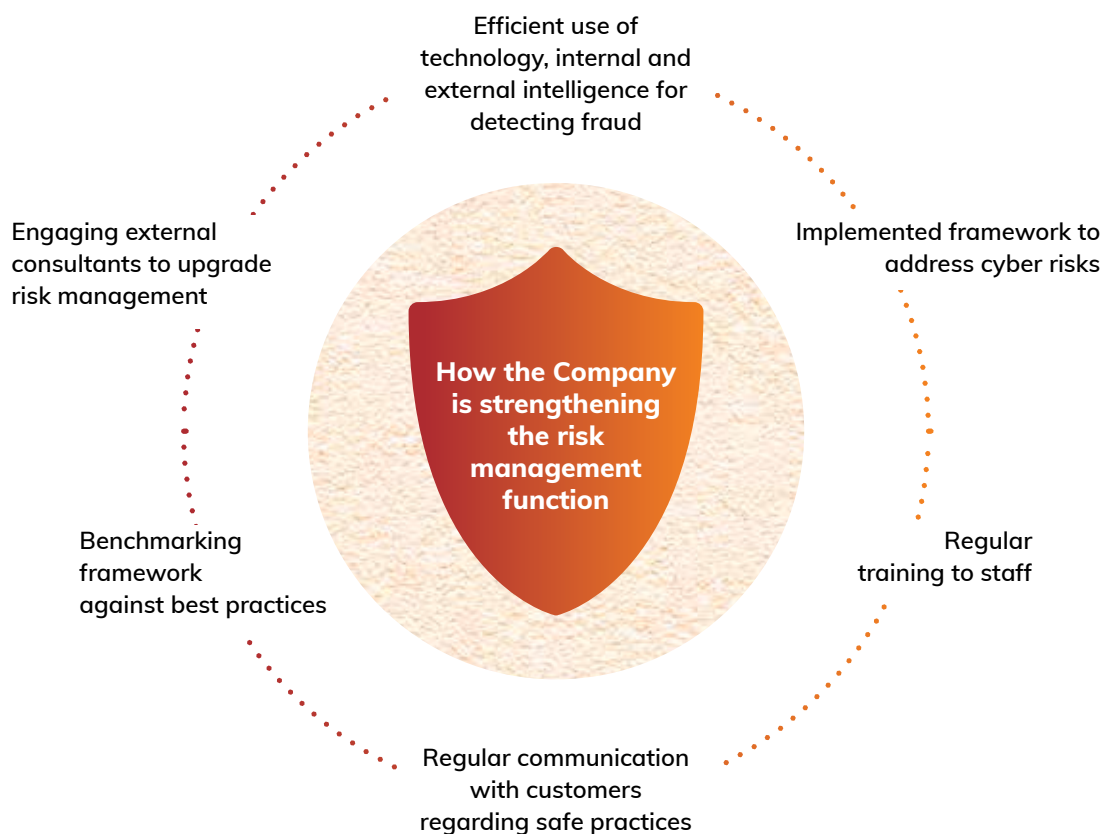

Additionally, the Company continues to carry out reverse stress testing and liquidity stress testing exercises during the year and these also demonstrated the Company’s resilience to scenarios which are extreme, but plausible. During the year, the Company has reviewed the balance

sheet exposure and taken actions to reduce the sensitivity to economic shocks, including placing hedges to further improve the resilience of the Company’s balance sheet. The Company makes use of forward rate agreements and Separate Trading of Registered Interest and Principal Securities (STRIPS) to hedge the interest rate risk of the non-par guaranteed savings portfolio as well as the annuity portfolio.

While the Company’s solvency and liquidity positions continue to remain strong, there are challenges, particularly given the current geo-political environment, changes in regulatory, tax regime and competitive landscape which could potentially impede overall business growth and profitability, and need to be monitored closely. A series of actions taken in the recent past, such as developing a comprehensive product suite to cater to all customer preferences, greater digital adoption, new partner acquisition and expanding the protection business, will keep the Company well placed to manage some of these uncertainties.

As the Company moves forward, it continues to pursue a resilient, agile and growth-oriented strategy by offering suitable products and deploying appropriate risk management practices.

### STRENGTHENING CYBER SECURITY

The Company plans to further strengthen its cyber security posture by ensuring key initiatives in the below areas:

**People:** Helping employees and senior leadership understand the risks due to an ever-evolving landscape and their role in risk mitigation

**Technology:** Ensuring sufficient capacity and solution deployment to mitigate/ minimise cyber risk

**Processes:** Promoting resilience, periodic drills for ensuring business continuity and cyber security crisis management; Monitor, integrate, automate, and standardise the security activities

### OPPORTUNITIES

The Company's financial strength, coupled with the ongoing transformation, makes it resilient and allows it to profit from new opportunities in a fast-changing business environment. For example, by combining profound customer and market understanding and evolving data-analytics techniques, it remains well positioned for growth and productivity gains. With a comprehensive product portfolio and a well-diversified distribution network, the Company's key strategy is to capitalise the growing opportunities in the emerging environment, without compromising on the risk management approach.

The mortality protection gap for India, which is high as compared to the rest of the world, continues to provide significant opportunities for Indian life insurance companies to increase the penetration of their protection business. Further, an ageing population and an increase in the average life expectancy also offers opportunities for life insurers to expand their annuity business. Given the Company's wide distribution network and strong customer proposition, it is increasingly focussing on these product segments.

As per the vision articulated by the regulator that by the year 2047, centenary year of India's independence, every citizen should have life cover, health cover and old age security. Based on this vision, the regulatory authority has taken several measures with a clear focus of increasing insurance penetration in the country and the "ease of doing insurance business". The Company expects these measures to have a pronounced impact on the growth of the industry.

For further details on opportunities envisaged by it, please refer to the section "Opportunities and Threats" under Management Discussion and Analysis in page 166 of this report.

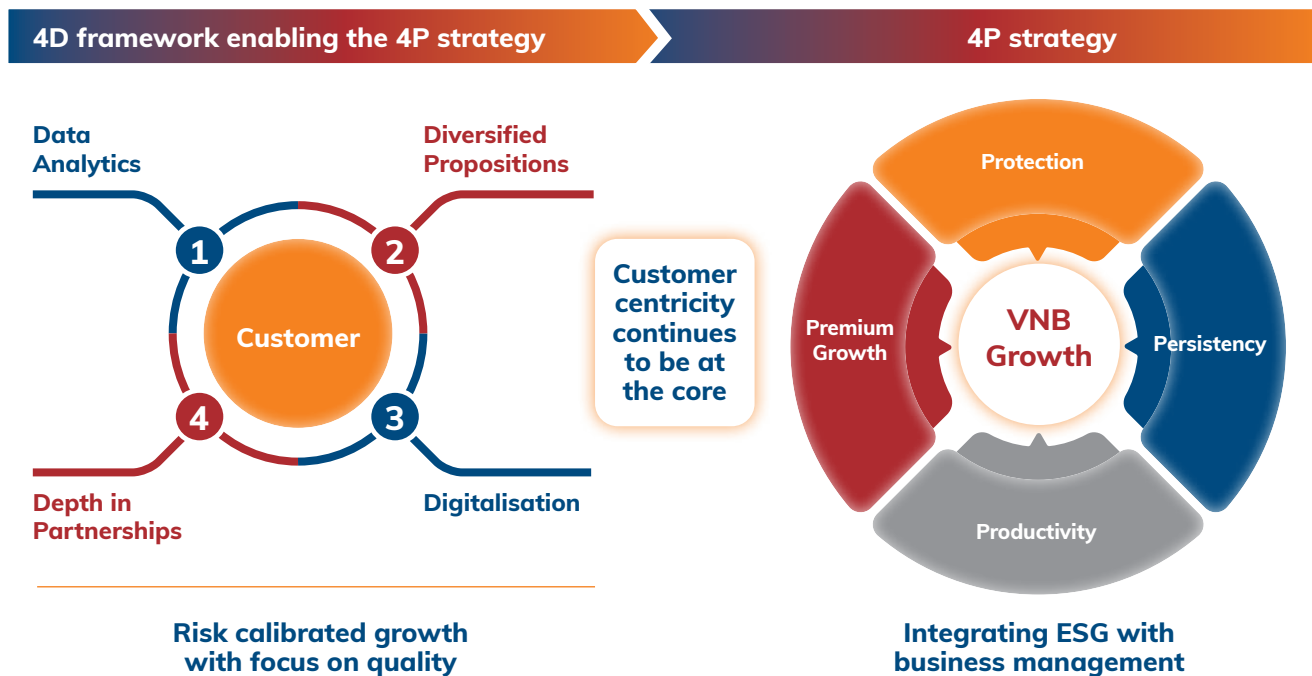

STRATEGIC REVIEW

# Strategy and Progress

The Company's key objective is to create value for the customers, shareholders, employees, and all other stakeholders. The 4P strategic elements of Premium growth, Protection business growth, Persistency improvement and Productivity enhancement will continue to play a crucial role in the growth of the Company's absolute VNB (Value of New Business). Alongside, it keeps customer centricity at the core of everything it does, along with integrating ESG with business management.

To ensure that the Company remains true to its philosophy and improve performance across all the 4P strategic elements, it follows a 4D framework which drives the 4P strategy. The elements of the 4D framework are "Data analytics", "Diversified propositions", "Digitalisation" and "Depth in Partnerships", with focus on quality business in a risk calibrated manner.

## Key strategic elements

### How the Company plans to deliver on this strategy:

The Company continues to monitor itself against the 4P strategic elements, while improving the Company's performance across elements of the 4D framework which it expects to feed into the VNB growth over time. It also continues to invest in organisational capabilities such as People, Process, Technology & Analytics, Distribution & Product to enhance the Company's growth trajectory.

### Key Achievements in FY2024:

- Worked on various building blocks of business with efforts pivoted towards balancing growth, risk and prudence, and profitability
- It is a resilient organisation that can successfully seize and capitalise on emerging opportunities, on the back of a well-diversified business mix and a strong balance sheet

### Broad focus areas for FY2025:

- To capitalise on the Company's resilient platform and continue the Company's journey of sustainable growth into the future
- To continue to focus on growing the absolute value of new business

With a customer-centric approach, the Company recorded a robust performance across different service parameters. The Company's claim settlement ratio for individual death claims was 99.17% for FY2024, while the overall claim settlement ratio<sup>1</sup> was 99.77%. The average time taken for settlement of non-investigated retail death claims stood at 1.27 days in FY2024. The Company's grievance ratio was 58 per 10,000 new individual business policies issued in FY2024. The 13<sup>th</sup> month persistency ratio<sup>2</sup> was 89.0% for FY2024.

Alignment between the Company's business and people strategy and consistent investment in growth and development of its employees helped the Company make its human resources a definite source of strength and a key competitive advantage. The focus of its key people imperatives has been to design the organisation for growth, strengthen capacity through talent attraction and robust onboarding, develop capability to enable future-ready talent and inculcate a culture underpinned on delivering employee value proposition of providing a supportive environment, enabling Learning & Growth, and ensuring Fairness & Meritocracy.

Based on business requirements, capacity has been augmented in distribution roles and centres of excellence and supported through a robust capability development framework involving structured learning interventions, on-the-job training, job rotation, job enrichment and self-paced virtual learning platforms.

A well-defined performance and talent management system ensures alignment to the Company's KPIs and clarity of purpose across levels, helps create a talent pipeline by nurturing high potential talent and enables differentiated rewards to help ringfence talent for the future. Key elements of the Company's culture include aligning employees to key organisational imperatives, listening to employees and amplifying ground realities for faster decision-making, emphasising the right behaviour, and encouraging employee well-being and inclusion.

The people strategy has enabled the Company to have leadership stability, with 77% of the senior management team having served more than ten years; leadership depth with 91% of senior management having done more than 3 job rotations<sup>3</sup>; and leadership cover with 100% of key positions at leadership levels.

Sustainability forms an integral part of the Company's customer-centric strategy of sensitively shielding families with a financial safety net and enabling them to achieve their long-term financial goals. The Company remains committed to integrating sustainability with the Company's business processes and as a way of doing business. The sustainable way offers multiple advantages – attracting more customers, lowering energy and water consumption, enhancing social credibility and the ability to impact society in a positive manner, attracting the right talent and boosting employee morale, building stronger community relations and setting high standards of disclosure and governance.

The Company embraced its ESG agenda in 2020. The Company's ESG initiatives have oversight of the Board Sustainability and CSR Committee, which also reviews sustainability activities and key ESG-related disclosures. Under the Board Committee, there is an Executive Sustainability Steering Committee which comprises members of the management committee supported by a dedicated ESG resource. This Committee sets the ESG agenda and reviews progress.

The Company has focussed initiatives in place for each element of the ESG framework under the environment (leaving the planet a better place for the next generation), social (giving back to society), and governance pillars (transparency in functioning). Each focus area is steered by a senior leader who oversees the implementation and reporting of the initiatives, and they are backed by a dedicated ESG resource.

The Company is also interacting with various investors and analysts to understand their expectations and incorporate the same in the ESG framework.

FY2024 will be the first year where key sustainability metrics will be verified by an external assurance partner, lending credibility in terms of relevance, completeness, reliability, neutrality and understandability, for the data.

For the Company's shareholders, their primary focus continues to be the growth of the absolute VNB through the 4P strategy. It will continue to monitor against the 4P strategic elements with focus on quality business in a risk calibrated manner. It will also continue to invest in organisational capabilities such as People, Process, Technology & Analytics, Distribution & Products to enhance the growth trajectory.

## PREMIUM GROWTH

The Company endeavours to grow its premium through the below initiatives:

- Enhancing distribution:** The Company has been continuously investing in building distribution capacity especially in the proprietary channel, continuous product and process innovation, digitalisation and data analytics geared to simplify the Company's business operations, aimed at enhancing customer experience. The Company is also focussed on expanding the distribution network with the acquisition of new partners and investing in the creation of new sourcing channels. The Company will look to strengthen its distribution network through a closer mapping of distribution segments with customer segments and products.
- Growing annuity line of business:** The Company will continue to cater to the retirement savings need of its customers, while managing the investment risks appropriately.
- Deepening penetration in under-served customer segments:** The Company will continue to focus on broadening its customer base through initiatives spanning across both distribution and products.

### Progress

The Company's Annualised Premium Equivalent (APE) grew by 4.7% from ₹ 86.40 billion in FY2023 to ₹ 90.46 billion in FY2024. Within channel segments, agency APE grew by 15.6%, direct business APE grew by 20.0%, bancassurance APE grew by 2.3%, partnership distribution APE declined by 8.1% and group APE declined by 8.0% in FY2024. On the products side, the Company's key strategy of continuous product innovation with the objective of delivering superior value propositions to the customers resulted in strong growth across most product segments. Annuity business APE grew by 88.0%, linked business APE grew by 26.1%, retail protection APE grew by 46.6%, and group funds APE grew by 4.6% in FY2024.

### Channels

<b>Protection</b>	<b>15.04</b>	<b>15.25</b>
<b>Total</b>	<b>86.40</b>	<b>90.46</b>

## PROTECTION BUSINESS GROWTH

The Company remains focussed on expanding the protection business and believes it offers strong growth opportunities. This will be achieved by offering protection products across channels, penetrating the online term insurance market and partnering with loan providers to offer coverage against loans. Given the current levels of under-penetration, retail protection business growth presents a multi-decadal opportunity, while credit life and group term business also offer significant opportunities as it witnesses growth in credit and the economy.

### Progress

The overall protection APE stood at ₹ 15.25 billion in FY2024 with contribution from credit life business at 39.4%, retail protection at 31.4% and group term at 29.2%. The retail protection business has registered a strong year-on-year growth of 46.6% in FY2024. Credit life business grew by 25.2% year-on-year, in line with strong credit growth in the economy, while the group term business declined in FY2024.

Credit Life	4.81	6.02
Group Term	6.97	4.45
<b>Total</b>	<b>15.04</b>	<b>15.25</b>

## PERSISTENCY IMPROVEMENT

The Company believes persistency is probably the most effective indicator of the quality of sale and is a barometer of customer experience. This parameter tracks the percentage of customers renewing their policies. It has developed AI models which predict future persistency behaviour of the customer at various stages, and enable the Company to take appropriate interventions. It will continue to invest in data science and customer-centric analytics engine to further improve the persistency.

### Progress

The 13<sup>th</sup> month persistency ratio improved by 240 basis points to 89.0% in FY2024. Similarly, the 49<sup>th</sup> month persistency ratio also improved by 430 basis points to 68.5%.

Particulars	FY2023	FY2024
13 <sup>th</sup> month	86.6%	89.0%
25 <sup>th</sup> month	77.8%	80.5%

Regular and Limited pay persistency in accordance with IRDAI circular on 'Public Disclosures by Insurers' dated September 30, 2021; 12-month rolling persistency for March to February measured at March 31

### PRODUCTIVITY ENHANCEMENT

The Company's productivity improvement initiatives are targeted at improving the cost ratios. Technology and process re-engineering have been at the centre of the Company's efforts to drive productivity improvement. The Company will continue to leverage the digital platform to improve customer experience and efficiency of the Company's service operations.

### Progress

The Company's total expenses grew by 21.6% in FY2024. The increase in new business commission is attributed to the redesign of commission structure pursuant to flexibility provided in IRDAI (Payment of Commission) Regulations. Additionally, it has been investing in capacity creation to support future growth. The investments made, though front-ended, are necessary for delivering long-term sustainable growth for the Company.

The overall Cost to Total Weighted Received Premium (TWRP) stood at 24.0%, while Cost to TWRP ratio for the savings business was 15.8%. for FY2024. The Company monitors cost ratios for the savings line of business separately. The Company's objective is to bring efficiency in the savings line of business, while it continues to focus on growth in the protection business. The Company's cost to average assets under management has been stable at 2.7% in FY2024.

Particulars	FY2023	FY2024
Cost/TWRP	21.5%	24.0%
Cost/TWRP (Savings LOB)	14.2%	15.8%
Cost/Average AUM	2.6%	2.7%

### VALUE OF NEW BUSINESS (VNB)

For FY2024, the Value of New Business (VNB) was ₹ 22.27 billion and with an APE of ₹ 90.46 billion, while the VNB margin stood at 24.6%. The decline in VNB margin is primarily on account of the shift in underlying product mix towards unit-linked and participating business from non-participating business, decline in group term business and higher expense ratio for the current year. In FY2024, contribution of VNB from protection products stood at 51.4%, non-linked saving products was at 36.9% and ULIP products was 11.7%.

₹ billion	FY2023	Mix	FY2024	Mix

## LEVERAGING DATA ANALYTICS TO BUILD PERSONALISED SOLUTIONS FOR CUSTOMERS

### Customer Segmentation

By analysing customer and household data, the Company can segment the customer base into distinct groups based on factors such as demographics, behaviour, preferences, and risk profiles. This segmentation allows the Company to develop tailored insurance products, pricing models, and marketing strategies for each segment.

### Risk Profiling

Machine learning models help assess individual risk profiles by analysing various data sources such as customer-provided information, claims history, credit scores, and external data like bureaus. By understanding individual risk profiles, the Company customises coverage options and premiums based on the specific needs and risk tolerance of each customer.

### Personalised Pre-approved Offers

Leveraging data analytics to develop personalised offers (Pre-approved sum assured), taking into account individual risk factors and behaviour. By analysing historical data and applying advanced analytics techniques to determine the appropriate premiums for each customer, considering factors such as education, age, income, and location.

### Tailored Recommendations

Deploying machine learning models to provide personalised recommendations to customers based

on their specific needs. By analysing customer data, such as policy history, claims, and interaction patterns, the Company offers relevant add-on coverage, policy upgrades, or discounts that align with the customer's unique circumstances. This personalised approach ensures that customers receive the most relevant and beneficial coverage, enhancing their satisfaction and engagement with the Company.

### Predictive Analytics for Underwriting

Data analytics techniques, such as predictive modelling and machine learning, are applied to underwriting processes. By analysing a wide range of data, including customer demographics, historical claims data, and external factors, the Company can assess risks more accurately and make personalised underwriting decisions in real-time. This helps in a significant reduction in the time it takes to underwrite a policy. Customers can thus enjoy quicker approvals and faster access to their life insurance policies.

### Enhanced Customer Service

Data analytics and natural language processing (NLP) help the Company understand customer preferences, past interactions, and sentiment analysis from customer feedback or social media. This information is utilised to personalise customer service interactions, improve response times, reduce escalations, and enable the Company to tailor communications and offers to each customer's specific needs, making interactions more relevant and engaging. Personalised service enhances customer satisfaction and loyalty.

### Enhanced Claims Experience

Utilising artificial intelligence to assist in the initial assessment of claims by processing documents, images, and other evidence submitted by claimants. Data analytics allow the Company to evaluate the validity of claims quickly, reducing processing time, and improving the customer experience. For customers, this means faster and more efficient claims processing, reducing the stress and financial burden during critical times.

### Customer Retention and Engagement

Predictive models identify customers at risk of lapsing their policies right from the prospecting stage, post-login stage, renewal stage, and deep lapse stage. By analysing factors such as customer profile, demographics, payment history, engagement levels, and understanding individual preferences and behaviours, the Company enables tailored communications, policy options, and offers to each customer, making them feel valued and understood. Using data analytics, the Company proactively reaches out with retention strategies, such as personalised reminders or special offers, before a customer decides to leave.

## INVESTMENT PHILOSOPHY

ICICI Prudential Life Insurance's investment philosophy aims to proactively achieve superior risk-adjusted returns on the Company's funds under management. The focus will continue to be on ensuring long-term safety, stability and profitability of the portfolio. The framework to achieve this objective is based on implementing sound investment processes and controls, coupled with a rigorous and sophisticated risk management strategy. The Company has a clearly articulated asset allocation strategy depending on the risk characteristics of the liability profile.

ICICI Prudential Life Insurance has a clear investment policy and a structured and disciplined investment process for investment management. The investment philosophy leverages the Company's relative strength vis-à-vis other market participants, which is the long-term nature of the Company's investment pool. The equity investment philosophy can be summarised as fundamental investing backed by analysis of the Company's and industry's performance and prospects. The fixed income investment philosophy is to meet return expectations of the policyholders through investment in sovereign/high credit fixed income securities, while managing interest rate and liquidity risks.

## PRUDENT INVESTMENT MANAGEMENT

The Company's set of policies and practices are more stringent than the ones prescribed by the regulator. Based on the Company's investment framework, it carries out in-depth analysis of companies and relevant sectors. It follows a disciplined approach for investment, which works across market cycles and facilitates the Company in achieving its goals and objectives, while also meeting the expectations of all its stakeholders.

### Mix of Assets Managed

Asset Class	Linked	Non-Linked	Shareholders	Total
Debt	25.2%	90.3%	78.2%	53.4%
Equity	74.8%	9.7%	21.8%	46.6%
<b>Total (₹ in Bn)</b>	<b>1,648.42</b>	<b>1,184.27</b>	<b>108.71</b>	<b>2,941.40</b>

The disciplined and long-term investment approach has held the Company through market cycles. The Company incorporates ESG factors into the investment process, in addition to fulfilling its stewardship responsibilities. As one of the key institutional investors in Indian listed companies, it ensures that the businesses it invests in are operating in a responsible manner. The Company's Assets Under Management are valued at ₹ 2.94 trillion.

## FUND MANAGEMENT STRATEGY

The Company has a well-defined investment policy and disciplined investment process for investment management. The Company's investment approach encompasses a combination of value and growth. A primary objective of ICICI Prudential Life Insurance's investment management team is to consistently earn superior risk-adjusted returns for their policyholders. The Company's key endeavour is to maximise returns for the policyholders, while ensuring safety of their investments and stability in returns.

The Company's set of policies and practices are even more stringent than the ones prescribed by the regulator. Based on the Company's investment framework, it carries out in-depth analysis of companies and relevant sectors. It follows a disciplined approach for investment, which works across market cycles and facilitates the Company in achieving its goals and objectives, while also meeting the expectations of all its stakeholders.

## HIGHLY SKILLED AND SPECIALISED TEAM

The Company's investment team is amongst the largest and the most experienced across the entire life insurance industry in India, with an average fund manager experience of ~20.6 years. The team combines the key principles and targeted sources of returns to establish a policy enshrined in the Company's investment process.

### What this Capital implies

The Company strives to deliver its core employee value proposition of a long-term career underpinned on the cornerstones of providing a Supportive Environment, Learning & Growth and Fairness & Meritocracy. The human resources imperatives for FY2024, of building capacity for growth, nurturing capability for growth and fostering alignment for growth, are aligned to the Company's business priorities and focus on growth balancing profits and prudence.

### How it adds value to the Company

The alignment of the workforce to the Company's Vision & Values and business imperatives is essential for seamless execution of business strategy. People are key to strategy execution, and the Company continuously invests in the growth and development of its people to create a culture that allows people to feel empowered to contribute, flourish and give their very best. This investment in the growth of its people and the alignment of the people strategy with the overall business strategy creates an edge that makes the Company's human resources a source of its strength and a key competitive advantage.

### Key Challenges of the Capital

- Deployment of a sustainable talent pipeline
- Continuous upskilling for emerging skills
- Alignment of the workforce to Key Performance Indicators of the Company
- Creation of culture as a competitive advantage, underpinned on the Company's Cornerstones

People are key to the Company's strategy execution, and successful execution of strategy is contingent on the alignment of the people strategy to strategic business imperatives.

The Company's Vision "To build an enduring institution that serves the protection and long-term saving needs of customers with sensitivity" and the Values of Customer First, Humility, Passion, Integrity and Boundarylessness serve as the anchors that guide all people-related actions and initiatives. The Company believes that alignment to the Company's Vision & Values, strategic imperatives, goals, and culture is essential to seamless execution of the Company's business strategy. The Company's Human Resource policies, processes and systems are configured to drive alignment across all levels of the organisation.

The core employee value proposition is to offer them a long-term career underpinned on the cornerstones of:

Providing a Supportive Environment

Learning & Growth

Fairness & Meritocracy at the Workplace

Evolving business priorities and the impetus on growth, whilst balancing profits and prudence, have led to re-orientation of the human resources imperatives to strengthen strategy delivery to building capacity for growth, nurturing capability for growth and fostering alignment for growth.

They also help provide clarity to employees on these Cornerstones and align them to the Company's Vision and Values. This understanding and appreciation of the purpose behind their roles are pre-requisites for clarity and alignment to business priorities, which in turn is the key to employee engagement, commitment and discretionary effort.

**#1 Building capacity for growth**

**#2 Nurturing capability for growth**

**#3 Fostering alignment for growth**

**#1 BUILDING CAPACITY FOR GROWTH**

Developing and building talent from within and offering a long-term career constitutes the essence of the Company's employment proposition. The Company actively focusses on building a strong bench of internal successors at all levels, and this gives a rich source of tacit knowledge, experience and alignment of the culture and values of the organisation.

"The Business Leadership Program (BLP) provided a detailed and beneficial onboarding experience, imparting invaluable industry, business and functional knowledge. It equipped me to excel in my role from day one, setting a strong foundation for my professional journey."

**Aanchal Agrawal**  
Management Associate  
(Mumbai)

The talent pool is strengthened every year with the intake of fresh graduates from professional institutes and business schools. Additionally, wherever required, capability gaps are bridged by hiring specialist talent laterally. This diversified talent mix of fresh graduates, lateral hires with skills in key functional areas and internally grown talent with valuable experience of processes, systems and relationships across multiple areas have helped the Company build a multi-skilled, multi-generational workforce uniquely positioned for successful execution of the business strategy.

This year, 8,000+ employees were hired with 42% of them being graduate/post graduate freshers for entry-level sales and operations roles. The Company has a young, enthusiastic and diverse workforce with 29% women employees and 53% of employees being less than 29 years of age. With data analytics and digitalisation & technology being critical business drivers, specialist profiles such as experienced data scientists, cybersecurity and technology professionals have been onboarded to augment capacity and support business requirements.

"My experience with ICICI Prudential Life has been wonderful, especially the superior onboarding process. The Sales Management Academy - New Manager Induction (NMI) programme gave me an in-depth understanding and clarity about the product bouquet, processes and right selling skills & practices."

**Ouseppachan Thomas**  
Sales Manager  
(Karunagapalli)

The Company has in place structured induction programmes that support onboarding of new recruits customised basis their education, experience and role requirements in order to enable their job readiness and propel early success.

## Induction Programmes

<b>STAR</b>	Sales frontline employees; 7,000+ onboarded	<b>Business Leadership Program (BLP)</b>	Premier B-school hires; 250+ onboarded
<b>Sales Management Academy</b>	Sales managers (lateral hires); 400+ onboarded	<b>Excellerate</b>	Technology & Data Sciences; 40+ onboarded
<b>Ascent</b>	Operations employees; 300+ onboarded	<b>MT Program</b>	Premier B-school hires (sales); 150+ onboarded

Induction on industry and organisation for all employees; 8,000+ onboarded

The employee capacity strategy is enabled through an end-to-end digital recruitment and onboarding process. The Company uses a diversified sourcing strategy for lateral hiring including partnerships with intermediaries such as recruitment process outsourcing partners and recruitment consultants through the Company's in-house applicant tracking system (ATS) – iSmarthire. The Company actively encourages employees to advocate the employer brand and refer those in their network through the Company's employee referral programme enabled through "Talent@Hunt" portal. In FY2024, referrals constituted 21% of the total sourcing mix. To tap into the internal talent pool for open positions, the Company has revamped and strengthened the Internal Job Posting (IJP) communication framework through the IJP portal.

With the primary objective of 'standardised recruitment journey for all', the Company has revamped the Company career website. The website acts as a pivotal step to give a realistic job preview through a video job description and critical to quality profile markers for potential employees. In FY2024, close to 7% of total employees hired were sourced from the career website and other digital media.

The Company offers a 100% paperless onboarding experience to candidates through the in-house ATS-iSmarthire, and continuously strives to create a superior candidate experience through efficient processes that simplify recruitment and onboarding using technology enablers.

"Reimagine Talent Acquisition" – a project aimed to relook at the recruitment and onboarding experience was launched in FY2024, which evaluated around 180 process steps with solutions proposed through over 30 improvement areas. In an effort towards increasing speed and seamless access, areas have been identified to leverage external digital infrastructure, automate existing processes, simplify candidate and employee transactions, eliminate redundancies in processes, standardise menus, enable auto population of fields, wherever possible, and reduce the need for manual scrutiny. The aim is also to build stronger data analytics and reporting capabilities throughout the system.

## #2 NURTURING CAPABILITY FOR GROWTH

The Company has an integrated capability development framework for enhancing the performance and potential of employees and developing a culture of excellence aligned to the Company's Leadership Anchors. This framework facilitates capability building of employees with learning inputs linked to career lifestage and role. It is deployed through structured learning, classroom learning, on-the-job training, self-directed learning, job rotation opportunities, job enrichment and opportunities for career progression.

The integrated multi-platform phygital capability development architecture offers learning through structured onboarding in the form of induction training, addressing skill gaps for current and future through functional training and behavioural training at career crossroads.

**Over 1.4 million learning hours overall; over 1.2 million learning hours (non-induction)**

**7% higher learning hours over last FY for non-induction training**

### Sales and operations training architecture

**Sales training:** For employees in frontline sales and sales management roles, segmented and targeted initiatives are conducted with an objective to deepen organisation capability. The Company has a robust sales training architecture in place designed to deliver the seven key themes of industry, product, process, selling skills, markets, people management and channel dynamics

through a multi-pronged delivery architecture supported by phygital platforms including e-learning programmes, self-help videos and simulation-based learning. The culture of learning is further enabled through a systematic approach of testing and certification for frontline employees.

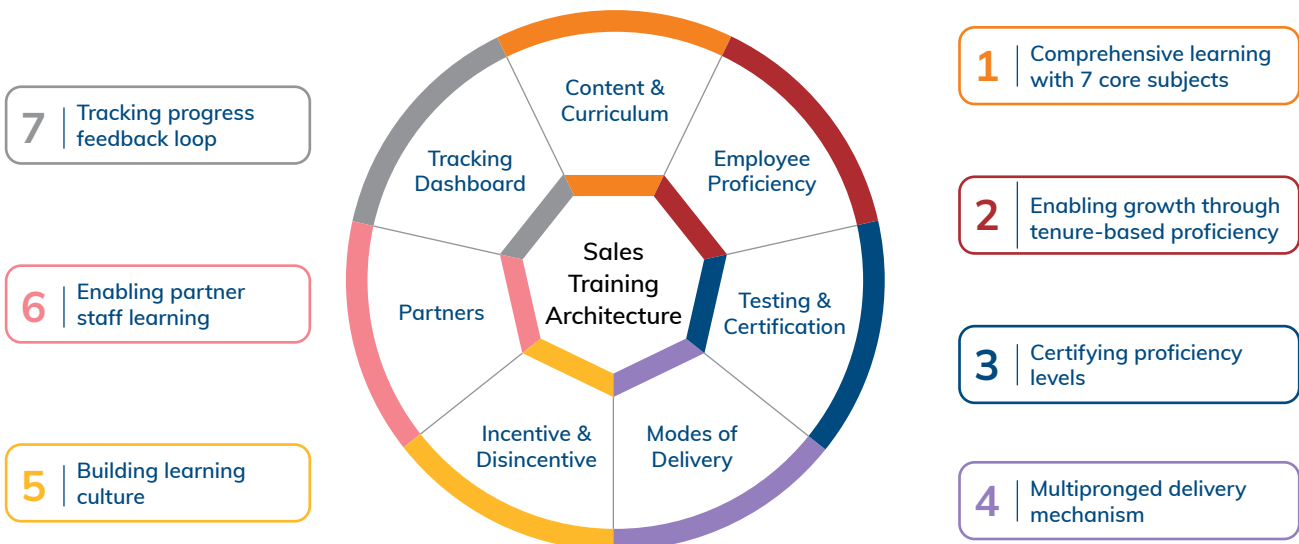

"The master trainer session proved invaluable for refining my selling skills. Despite initial confidence, I identified areas for improvement. The session's exceptional content provided practical tips on communication with customers, thereby enhancing my sales pitches."

**Bipul Kumar**  
Premiere Relationship Manager  
(Chandigarh)

"The sales techniques discussed during the Saksham training sessions have helped me train the advisors better. In addition, regular training sessions covering different products have proven instrumental in resolving queries regarding the bouquet of products offered by the Company."

**Gautam Kant**  
AVP & Chief Managing Partner  
(Mumbai)

**Operations training:** The Operations training architecture is deployed through live sessions by subject matter experts on the themes of underwriting, processes, taxation, claims, investment etc., learning bytes with process insights to drive First Time Right (FTR); and videos for awareness building on processes such as digital KYC (Know Your Customer), Digital Income Authentication, account aggregators, and e-filing of claims.

### Functional skill development for centres of excellence

**Skill-based training and certifications:** The Company has executed an internal skill mapping exercise, involving the articulation of skill families in centre of excellence functions with further identification of the discrete skills under each skill family. The desired skill proficiency level for each skill was then identified for each role, followed by an assessment of the existing skill proficiency for each employee by the leadership team in the function.

“The content of the ‘Excellerate - Bootcamp on Data Science & Analytics’ was well-structured, with the themes of SQL, Statistics and Python. The challenging yet fun assignments helped me gain better understanding and equipped me to tackle real-world problems effectively in my role.”

**Priya Tiru**  
Business Associate  
(Mumbai)

**Professional certifications and forums:** Employees have also been trained through best-in-class training institutions in the areas of ITIL (Information Technology Infrastructure Library), QlikView, IFRS 17, ISO 22301:2019 Business Continuity Management System and Agile Project Management. The Company also enables professional upskilling through the Education Assistance Policy that encourages employees in specialist and niche roles to take up certified courses offered by various institutes.

**Core Skill Academy:** With the aim of enabling core skills required by employees across departments and levels to perform effectively and efficiently in their respective roles, the Core Skill academy was launched this year. The Academy is underpinned on three themes of problem solving, influencing and execution skills categorised on basic and advanced level, basis the role. Over 400 employees were covered in various training programmes on these themes.

The Academy is governed by a Learning Council comprising internal subject matter experts on each of the core skills that enable content creation, external training partner evaluation and championing the programmes.

“The workshop on process design & improvement helped me reimagine the existing employee onboarding processes and analyse the scope of improvement making it more user-friendly.”

**Prabh karan Singh**  
Manager II  
(Mumbai)

“The Managerial Effectiveness Programme was highly impactful. Concepts discussed like the stakeholder maps, growth mindset, overcoming common interferences and focussing on performance metrics during the program have enabled me to achieve excellence in my job effectively.”

**Ritu Nagpure**  
Branch Manager  
(Mumbai)

### Management development

As part of the learning architecture, structured and customised learning interventions are in place for employees at various career crossroads to enable better role delivery. The programmes are enabled through in-person sessions with internal and external subject matter experts that build organisational as well as outside-in perspective. Over 2,800 employees were covered through various programmes, in FY2024.

### Performance management and succession planning

The Company has an established performance and talent management framework. The objectives of the framework are threefold:

- a. To ensure alignment to the Key Performance Indicators (KPIs) of the Company as set out by the Board and ensure clarity of purpose across levels
- b. To create a talent pipeline by nurturing high potential talent and
- c. To enable differentiated rewards and capability development to help ringfence talent for the future.

The Company has a structured Performance Management System (PMS) anchored on the principles of Fairness and Meritocracy. It enables clarity of goals and alignment between KPIs of the Company as set out by the Board and individual KPIs. Alignment to the Company's strategy and KPIs is cascaded through the Management Committee comprising the Managing Director & CEO and the team reporting to him.

The Company enables a meritocratic culture through relative assessment of performance and reinforcing performance accountability and linkage to rule-based rewards. Employees in frontline sales and sales management roles can track their performance in real-time against their individual KPIs through

performance dashboards. These dashboards are available on the PMS microsite of the Company. With an objective to review business quality, integrated dashboards and forums for right-selling practices have been constituted for the sales teams. This helps segment employees in top, middle and bottom cohorts within their roles – frontline sales, first line managers, managers of managers – and development actions are taken based on their performance cohort.

The Company has a well-defined succession planning process to facilitate the development and career planning of high potential talent, mitigate vacancy risk arising from attrition and ensure business continuity. A framework is in place for identifying key roles and measuring the depth of leadership cover for each role by identifying successors who can move to the role either immediately or over a period, or by restructuring the role to mitigate vacancy risk and ensure business continuity, where successors are not immediately available to fill the vacancy. Based on the number of successors identified, their readiness to move to the next level role and the feasibility of conducting restructuring in the event of the role holder's exit, a score called the Leadership Cover Index (LCI) is derived for each key role. An annual exercise is carried out to identify the LCI for each key role along with the talent development actions.

## #3 FOSTERING ALIGNMENT FOR GROWTH

To strengthen alignment at the leadership level, the Leadership Anchors articulating the expected behaviours from the leadership team to enable movement from the current state to the desired state, have been launched in FY2024. The Leadership Anchors cover behaviours under the three categories of:

- i. Leadership Excellence, i.e. behaviours around personal and professional conduct and the dimension of people leadership
- ii. Execution Excellence, i.e. behaviours necessary for delivering current and future results and the dimensions of problem-solving and decision-making, and
- iii. Derailers, i.e. contra-behaviours or undesirable behaviours that detract from performance.

In addition to creating awareness around the Leadership Anchors, feedback had been enabled between managers and team members in the leadership team through a survey followed by a feedback report.

At other levels in the organisation, the Company has a multi-pronged approach to build an engaged and agile workforce, which includes initiatives to:

- Drive alignment
- Listen and amplify ground realities
- Emphasise right behaviours
- Encourage employee well-being
- Promote diversity & inclusion
- Celebrate people

### Drive alignment

To drive alignment among employees, it is crucial they share a vision or a mental image of the ideal state in the future that they aspire towards which serves to inspire, energise, and mobilise them towards a common purpose.

The objective of the Company's phygital communication framework has been to keep all employees regularly informed on the strategic direction and organisation imperatives and reinforce the Company's values and the employee value proposition. This is implemented through various initiatives from the CEO's desk, CDO's desk and the Human Resources team, such as CEO Connect, CEO Townhall, CDO Speak, National Business Convention, Quarterly Business Convention to enable employees to understand and align to business priorities.

To ensure alignment, the Company has also established cross-functional forums and committees with an aim to enable agility and an integrated view of systems and processes that empower agile decision-making.

1. Growth Forum: Identifies key projects that aid growth and enables faster decision-making across functions, with the top 40 leaders of the Company. These include projects around faster issuance of life insurance policies, annuity business strategy through identification of key segments and related products, growth of proprietary channels, redesign of the sales training architecture to aid sales frontline employee productivity and the opening of new markets/customer segments etc.

2. Executive Risk Committee: Reviews Assets Liability Management (ALM) at regular intervals, maintains a group wide and aggregated view of the risk profile of the Company in addition to individual risk profiles, reviews the Board Risk policy including the risk appetite periodically and recommends any alterations to the Board Risk Management Committee (BRMC), and approves the underwriting and claims assessment limits. The ERC is further supported by internal committees (Insurance Risk Committee, Operational Risk Committee, Outsourcing Committee, Information and Cyber Security Committee, and Reputation and Risk Management Committee).
3. Technology Forums: Oversees technology-related process advancements with the business teams to ease processes and aid digital transformation.
4. Product Management Committee (PMC): Reviews and approves new products/riders and modifications of existing products/riders of the Company in line with the policy before filing it with the Regulator under File & Use or Use & File procedure. The committee carries out due diligence process and signs off on various product-related risks to ensure proper product design, appropriate pricing and filing with the Regulator with complete compliance to regulatory requirements.
5. Executive Investment Committee (EIC): Reviews investment performance, compliance to the investments policy including regulatory and internal norms, evaluates investment decisions referred to it as per investment policy, empanelment of new counterparties and brokers, credit reviews of the portfolio and recommends changes to the investment policy. The EIC is also responsible for implementing the Stewardship policy and defining the operating guidelines for discharge of stewardship responsibilities.

### Listen and amplify ground realities

The Company endeavours to constantly listen, empathise and respond to employees by seeking feedback from employees on the delivery of the employee value proposition through multiple initiatives.

- Direct to CEO: 9,000+ employees covered through the initiative that enables direct conversation between frontline sales employees and the MD & CEO.
- Coffee and connect with CEO: 150+ employees covered through focussed group discussions of various role cohorts such as frontline sales, Line 1 managers, and managers of managers with the MD & CEO to discuss solutions and possibilities to address their current challenges and business priorities.

- **Branch visit tracking system:** A digital system is in place to capture, maintain repository and relay real-time on-ground feedback of employees across branches on the framework of Products, Processes, and People. This helps the Human Resources team to understand the gaps in the system and challenges that the employees face in business delivery. In FY2024, the team covered 210+ branches with 4,700+ employees and captured 800+ feedback points.
- Multiple surveys are conducted at various stages of the employee lifecycle to capture feedback on the Company's Cornerstones of providing a Supportive Environment, Learning & Growth and Fairness & Meritocracy

"The Direct to CEO sessions were insightful, emphasising purpose alignment and strategic focus areas like process, innovation, transmission, and branding. It has reshaped my approach, stressing customer-centricity and trust-building for success."

**Satendra Singh**  
SR. FSM  
(Lucknow)

a. **Onboarding survey:** With over 7,000+ employees hired in frontline sales roles, an onboarding survey is in place to seek feedback on aspects of understanding of KPIs, system and tools access to perform the job, advocacy, product and process knowledge and support from manager for on-the-job learning.

b. The Voice of Employee (VoE) survey conducted biennially has been instituted to capture employee feedback on the Company's Cornerstones. The Company consistently is rated significantly high\* on the below parameters in the VoE survey held in FY2023:

- Advocacy, in terms of recommending the Company to their friends and family as an organisation to work for,
- Alignment to the Company's Vision, Values and Strategy and these inspiring them to go the extra mile at work,
- Employee's current experience with the Company,
- Learning & Growth opportunities through challenging roles,
- Having adequate freedom to perform,
- Providing a safe and secure workplace, and
- Providing support in the hour of need.

\*Greater than or equal to 90% score from employees (top 2 box score)

c. **Exit survey:** The survey helps to capture the feedback of exiting employees and capture their feedback on the Company's employee value proposition and likelihood of recommending the Company to their friends and family.

The survey findings are communicated to the leadership team and function heads regularly through various dashboards.

- **Addressing employee concerns through a robust grievance redressal mechanism:** The Company has a grievance redressal process for employees to ensure that all grievances are suitably investigated, and action is taken as per due process stipulated in the Employee Service Rules with the principles of natural justice being upheld. The redressal process outlines the method by which employees may register their grievances, the role of the Employee Governance team, the classification of grievances, the process of enquiry, disciplinary action, appeal mechanism and reporting.

Employees are encouraged to register any grievance they may have against any employee, agent, partner and customer or report any breach of the Code or any of the Company policies. The Company has instituted the "EGOV" portal on the Company intranet for employees to record and register their grievances. The portal serves as the repository of all relevant information pertaining to each grievance and for the purpose of monitoring and tracking of all grievances for timely resolution. Employees may also write and submit their grievances over e-mail to [employeeassist@iciciprulife.com](mailto:employeeassist@iciciprulife.com) or raise their grievances through their reporting hierarchy or the Human Resources department.

**Emphasise right behaviour**

The Company is committed to adopting the highest business, governance, ethical and legal standards in the conduct of their operations and aims to build

**TARA SAYS**

**Case Study: Behaviour case**

Rohal Khosla has been associated with the Company for 2 years and was reporting to Anand Kapoor, who was a vintage employee. Anand was once having a team meeting, when he had a heated argument relating to some pending work which was assigned to Rohal. While expressing his disagreement over the issues, Rohal lost his calm and abused Anand in front of other team members.

The matter got highlighted to the HR manager, and in view of the same, a Show Cause Notice was issued to Rohal seeking clarification. On receipt of the same Rohal further cussed up Anand and threatened him by saying "Muj sambe dikh lunga".

Enquiry Officer proceeding was set up for investigation of the matter and Notice of Enquiry was duly issued.

The grievance was investigated by following the due process and the allegations against Rohal were found to be correct, in view thereof, action was taken as per Governance matrix against Rohal Khosla:

a long-term business based on customer trust. Thus, at the core of the business is the right culture and conduct. Various initiatives have been launched to build awareness of the right conduct and systems have been built to capture employee actions and take corrective measures.

- Code of Conduct awareness:** The Code of Conduct defines the professional and ethical standards that employees and Directors need to adhere to, in compliance with all applicable laws, regulations and internal policies. All employees confirm that they have read and understood the Code of Conduct annually which includes aspects related to information and cyber security, Whistle Blower policy and anti-bribery and anti-corruption. All new employees are also required to confirm that they have read and understood the Code after joining. The Company conducts regular awareness and sensitisation programmes to reinforce behaviours that promote professional workplace conduct. The programmes focus on decoding the Code of Conduct, creating awareness on Prevention of Sexual Harassment (POSH) and a bi-monthly reiteration of dos and don'ts of conduct with real workplace caselets.
- Conduct Pro:** A program to build awareness and emphasise the importance of culture and conduct and how employee behaviour reinforces or corrodes the employer brand. In FY2024, over 250 sessions were conducted covering 14,000+ employees.
- Right Selling Practices (RSP) dashboard** is published with the objective of improving

business quality through defined employee actions. The approach taken is to recognise prudent behaviour, train and test to build awareness and knowledge, sensitise performance actions for the repeat outliers.

- The Distribution Quality Index (DQI)** has been introduced for all line sales managers as part of their KPIs. It reflects a composite score that captures key business quality parameters. The initiative emphasises right business sourcing, right selling and right customer onboarding practices.

### Encourage employee well-being

To provide a safe, secure, and supportive work environment, the Company has put in place a holistic well-being framework for employees that focusses on physical, mental and financial wellbeing through a three-pronged approach comprising building awareness, instituting enabling policies and facilitating habit formation.

**a. Building Awareness:** Awareness on critical illnesses such as heart-related diseases, cancer, and diabetes, alongside promoting mental health awareness and educating employees on life-stage based financial needs to enhance financial literacy, have been the core themes. Webinars covering these topics were conducted in collaboration with external service providers and internal subject matter experts.

“The financial well-being awareness sessions taught me how to plan for financial security and freedom, track expenses, set financial goals and manage basic household expenses.”

**Perumal Rekha**  
Agency Mgr - Busi. Dev.  
(Bangalore)

In addition to building awareness, the focus of the webinars is also to encourage proactive healthcare management.

A webinar dedicated to mental health awareness aimed to destigmatise mental health and provide tools for managing mental health.

Webinars conducted on themes catering to life stage based financial needs such as introduction to financial independence, mastering the art of saving and creating a financial base.

**b. Enabling Policies:** The Company consistently works on instituting policies tailored to the individual and lifestage needs of employees. An employee assistance program, in collaboration with a service provider, facilitates mental health conversations with qualified professionals. Additionally, physical medical tele-consultations are available through a panel of doctors for employees and their families. Eligible employees are encouraged to avail the

Executive Health Check-up policy for undergoing their annual health check-up. These initiatives align with the ongoing initiatives such as World Heart Day, World Diabetes Day and World Cancer Day etc. In addition, eligible employees and their families are covered for hospitalisation through the Company's mediclaim insurance policy.

**c. Facilitating Habit Formation:**

The Company facilitates healthy living as part of employees' daily lives through campaigns that encourage habit formation of positive physical activities and of mindfulness. By engaging in these initiatives, employees not only improved their own lives but also contributed to society through the employee volunteering program. As participants achieved milestones in well-being campaigns such as #CommitToQuit and #StayFit, the Company made contributions towards healthcare for the underprivileged, aligning employees' well-being goals with societal impact.

**Promote Diversity & Inclusion**

The Company has always been an equal opportunity employer with zero tolerance for any discrimination based on gender, religion, caste or class. This is implemented through the Company's Talent Acquisition Policy and in March 2021, the Diversity and Inclusion agenda was further strengthened with the implementation of the Equal Opportunity, Diversity, and Inclusion policy (D&I policy).

The Company's Diversity Council, with seven members from the leadership team, has a cross-functional representation ensuring executive sponsorship and alignment of the equal opportunity, diversity & inclusion agenda. Chaired by the Chief Distribution Officer, a member of the Management Committee, the Diversity

Launched on World No Tobacco Day, #CommitToQuit – a journey to quit tobacco with the guidance of experts.

“The #CommitToQuit initiative was informative and helpful. These sessions by experts empowered participants to improve their health and well-being. I am committed to staying smoke-free after attending the session and have also motivated others to do the same.

**Kundan Saha**  
Assistant Manager  
(Jharsuguda)

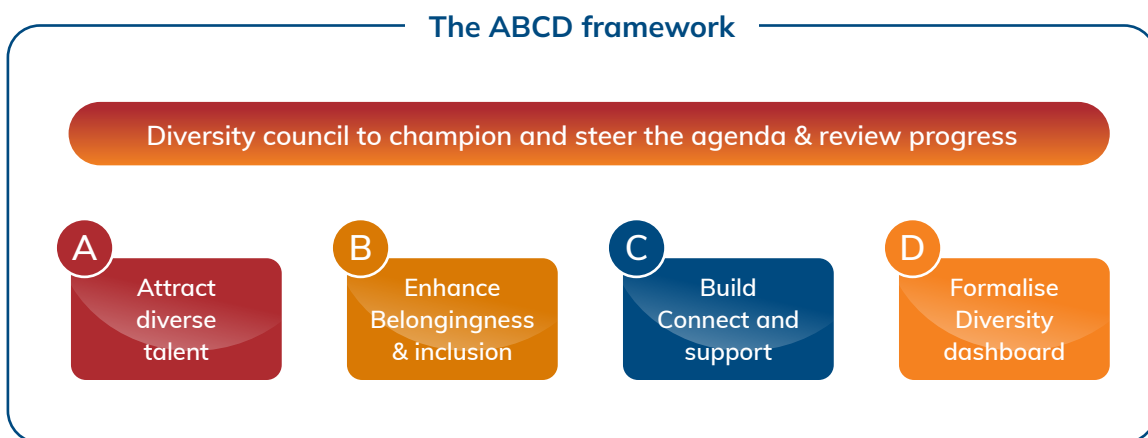

Council approves, reviews, and monitors all diversity & inclusion initiatives of the Company. Recognising the need to create a level-playing field based on the unique circumstances of certain under-represented cohorts, the Council articulated the Company's D&I priorities as improving the representation of women in the organisation, and inclusion of Persons with Disabilities (PwD) and LGBTQs as part of the workforce. The principles of Fairness and Meritocracy, also one of the

key cornerstones of the Company, are always upheld, to ensure no single employee cohort is unfairly advantaged or disadvantaged.

The narrative of diverse thoughts, perspectives and ideas is recognised as foundational to promoting a culture of creativity and innovation within the organisation, and accordingly, the Company has expanded its D&I priority areas to include the same.

The Company's D&I programme is anchored upon the four pillars of the ABCD framework.

**a. Attract Diverse Talent:** The objective of this pillar is to augment access to diverse talent pools through the Company's talent acquisition sources. The Company strives to maintain a balanced gender representation in campus recruitment for all entry-level roles both at frontline sales and across all functions and professional qualifications. For onboarding of experienced talent pool, the Company's recruitment partners are encouraged to source profiles with a balanced mix of gender representation. In FY2024, overall women hiring in the organisation was 32%.

included for receiving benefits related to crèche facility, childcare while on domestic business travel, and leave for adoption/surrogacy.

A key module around understanding and reframing unconscious biases has been added to the Company's managerial development programme. This sensitisation helps managers be aware of their own biases and helps them manage the same, thereby minimising biases in workplace decisions and leading to a more inclusive culture. In FY2024, 850+ managers have been covered through these programmes.

**b. Enhance Belongingness & Inclusion:** The Company strives to enhance a sense of belongingness and inclusion at the workplace, through enabling policies, awareness and sensitisation programmes, and employee-related processes. Besides implementing policies to support the lifestage needs of women employees, the Company has amended its policies for gender-agnostic references, expanded the definition of spouse to include same-sex partners and moved away from gender stereotype benefits to extending role-based benefits. Accordingly, spousal benefits have been extended to same-sex partners for policies like Mediclaim cover and primary caregivers were

The Company, in collaboration with the National HRD Network, participated in a Diversity Walkathon – a precursor to the ‘Purple Fest 2024’ (India’s biggest inclusive diversity festival that celebrates Persons with Disability (PwD)). The purpose of the walkathon was to foster an empathetic attitude towards different types of disabilities and encourage conversations around them. During this walkathon, each employee was paired with a person with disability participant for a short walk. The pair had free flowing conversations with each other, thereby creating greater awareness about disabilities, and clarifying challenges and myths not thereby the conversations helped create better awareness about disabilities, clarified on challenges and myths around it. Close to 30 employees participated in the walkathon with differently abled participants.

- c. **Build connect and provide support:** The objective of this pillar is to facilitate platforms of support for women employees to network, share and learn from each other’s experiences for both professional and personal growth.

Through the “UDAAN” forum, the Company hosts exemplars, leaders, and professionals who have excelled in their field to fuel inspiration amongst employees. The Company believes that role modelling is foundational for building confidence to dream, aspire and create leaders for tomorrow. Launched in FY2023, the Company has hosted eminent personalities such as Dr. Deepa Malik (the

paralympic sports champion and Padma Shri & Arjuna awardee), Ms. Sutapa Sanyal (the first woman IPS officer to serve as the Director General of Police in Uttar Pradesh) and Ms. Arundhati Bhattacharya (Chairperson & CEO of Salesforce India). In FY2024, Ms. Vibha Paul Rishi (Independent Director, ICICI Prudential Life Insurance) was invited to the Udaan session for an interaction with employees.

The Company’s “Women Resource Group”, led by senior women employees, is a forum for junior women colleagues to seek guidance around their career, balancing lifestage priorities and other challenges faced while juggling work-life responsibilities. These are one-on-one confidential conversations.

The programme “Sparkle” is for new mothers returning from maternity leave. The programme aims at enabling a smooth transition from being a career professional to a working mother, helping manage emotional conflicts and the dichotomy of motherhood and professional demands. 30+ women employees have undergone this workshop, comprising one-on-one mentoring sessions as an extended guidance and support mechanism.

For women in senior management, the Company facilitated external programmes to enhance development and opportunities of networking. In FY2024, two senior women employees attended an external mentoring programme ‘Up!surge’.

While the journey to foster diversity and inclusion is a continuous endeavour, the Company has been awarded “India’s Best Life Insurance Company for Diversity” by Insurance Alertss in FY2024.

The Company has a multi-generational workforce that blends the richness of experience with the energy of youth. Accordingly, the varying needs and priorities of each employee cohort are catered to with differentiated propositions.

“The Sparkle Programme aided my return-to-work after maternity leave and offered valuable self-insight. The tools for assessment brought positive changes in my personal and professional life. My mentor was patient, understanding, and provided valuable feedback, helping me navigate through the challenges of being a new mother.”

**Kavita Peddinti**  
Senior Manager II  
(Mumbai)

These are enabled through:

**Flexibility:** Through flexible modes of employment, flexible compensation plans and flexible leave policies catering to various personal, biological and health needs

**Family Support:** Through policies on health, financial security, support for children, post-retirement benefits and bereavement support to employees’ families

**Safety, Health, and Well-being:** Through initiatives around road and fire safety and policies including health insurance, executive health check-ups and mental health counselling

**Learning:** Through policies on internal job rotation and education assistance and various initiatives on learning and development

**d. Formalise diversity dashboard:** The Company has formalised tracking of progress on gender diversity through diversity dashboards. The dashboard tracks hires, exits and progress on the diversity ratio across functions and geographies within the Company. Progress through the dashboards is reviewed at various leadership forums including the Diversity Council and the ESG Committee at regular intervals. As a result of these efforts and various awareness and support programmes, the Company’s gender diversity ratio improved from 27% in FY2022 to 29% in FY2024. The gender diversity in non-sales functions stood at 39% in FY2024.

“ICICI Prudential Life has supported me during both professional and personal challenges, especially during my maternity period, which was particularly tough. The support provided by the Company made a significant difference, and I will always be grateful for it.”

## CUSTOMERS

Social & Relationship Capital consists of intangibles (shared values, commitments and knowledge) that form the basis of the reputation and trust developed with the customers. ICICI Prudential Life Insurance's relationship with its customers, the market and the society are underpinned by ethics form the base to ensure quality of its work and sustainability of the business.

Today, customer service means delivering proactive and immediate support to customers anytime, and on the channel of their choice – be it Mobile App, website, telephone, e-mail, text, chat and more. At the time of onboarding and across the policy lifecycle, the Company ensures that customers are aware and educated about product features and benefits and the importance of staying invested in the policy for the full tenure.

For customers facing payment failure, it offers instant assistance through the contact centre on the website to assist them in making successful renewal payments.

The Company also offers easy liquidity options to customers who have expressed their inability to pay their premiums or decide not to continue their policies.

Periodic engagement programmes are conducted through different modes to keep reminding the policyholders about the benefits of their policies. It also keeps informing about other issues related to their area of interest, security measures that they should be aware of, and investment-related educational series.

The Company offers a multi-channel service architecture to deliver 24X7 service to its customers, anytime, anywhere based on its preference and needs. Video, voice and vernacular are the three pillars of personalisation on which the customer engagement architecture is built.

## 1. BRANCH OVERVIEW

Customers can walk into any of the Company's offices/branches across the country, the details of which can be obtained from the Branch Locator section on the website.

At the branches, the Company recognises its customers in need of special considerations and delivers customised and prioritised services. Personalisation is the key to ensure that the customers feel comfortable while availing these services. The staff at the branches are well trained to assist claimants, senior citizens, expectant mothers, and those with infants to provide a comfortable and hassle free experience.

## 2. CONTACT CENTRE

Customer delight is the Company's primary objective and the Contact Centre team strives hard to live by this promise of delivering value to the customers and being able to resolve their queries efficiently with zero compromise on the quality. It operates on the core philosophy of customer-centricity. It offers long-term savings and protection products to meet different life stage requirements of the customers. The key focus area of the Company's Contact Centre strategy is to provide convenience to the customers and offer a plethora of service options to customers to make their experience seamless.

ICICI Prudential Life Insurance has achieved several awards and accolades which are a testimony to this endeavour. Some of these awards are listed below:

- India's Best Life Insurance Company for Customer Obsession
- BFSI Excellence awards for Best Use of Technology in Customer Service
- Business Leader Award for Customer Centric Excellence

Below are some unique services provided at the Contact Centres:

- Facility for Senior Citizens to directly connect with executives 24x7
- Enabling instant assistance through the Contact Centre for premium payment or customer support during chat, WhatsApp or Mobile App transactions
- Through Visual IVR services, the customers calling at the Call Centre can fulfil their service-related needs independently without having to speak to a customer service executive

## 3. SELF-HELP AND DIGITAL SERVICE ENABLERS

The Company is constantly improvising on its digital enablers by making them more robust and ensuring state-of-the-art deliverables. The overall Self-Help options used by customers stand around 92.8%. The device-agnostic platform provides access through the Mobile App, website, WhatsApp, voice bots, and AI-powered chatbot. It ensures that it can engage with the customers where they want, and whenever they want. The endeavour is to extend this to include more regional languages to be able to serve them in the language they are comfortable in. In addition to this, it also has a 24X7 human chat assistance for extending additional help, in case this is required by customers, along with a call back assistance if chosen for.

A few of the enhancements are listed below:

### Mobile App:

Enablement of the digital service point has been very popular with the customers. The Mobile App has crossed the milestone of 2.8 million downloads and is one of the best rated in the industry. Today, one out of every three service transactions is carried out on the Mobile App.

During the year, new digital features were introduced to increase the range of transactions that could be conducted including online annuity opt-in, account details updation, loan against policies and checking unclaimed amount. The Company has enabled digital life verification for annuity customers at the click of a button from the comfort of their homes.

### Enhancements on the WhatsApp/Chat Bot:

To add a personal touch to customer experience, it worked on humanising the digital response. Through live chat options managed by human agents, customers can personalise their chats with minimum open propositions.

Both the chat bot and website can identify unsatisfactory customer experiences and provide immediate assistance through a 'call-back' option to resolve their issues on priority. Similar developments on the IVR system ensure support by deploying faster transaction modes and aid with immediate call transfer assistance for any unresolved issues.

An instant assistance via a call is provided to the customers visiting the grievance section on the website.

Checking unclaimed funds and intuitive prompts like submission of personal health declaration for lapsed policies, and premium due reminders has benefited customers.

The Company has gone a step ahead in servicing inactive customers and providing them with live chat assistance in case opted for.

The goal is to keep adding services offered by the chatbot LiGo and those available on the WhatsApp business platform to enhance convenience and customer satisfaction.

#### 4. MILESTONE-BASED COMMUNICATION

The Company's proactive milestone-based communication is designed in such a way that the customers are contacted on every critical stage of policy lifecycle such as a renewal premium reminder, premium receipt post payments, maturity information, and survival payments. The Company communicates with the customers through various modes such as SMS, e-mail, WhatsApp and others.

#### 5. GRIEVANCES REDRESSAL

The grievance redressal framework ensures prompt and effective resolution of customers' grievances. This independent centralised team evaluates every grievance from the customer in a fair and impartial manner.

**The grievance ratio for FY2024 stood at 58 grievances per 10,000 new business issuance (retail policies).**

The grievance redressal team also ensures that customers' insights and feedback are reviewed with sensitivity to improve service offerings and enhance customer experiences.

**NEW BUSINESS INITIATIVES**

In the endeavour to simplify the onboarding journey for customers and partners, multiple new initiatives were introduced. In accordance with the organisation's strategy, focus was maintained on leveraging technology and data analytics. For this, various business models were implemented to ascertain risk and forecast customer propensity to pay, which led to reduction in frauds and an improved customer experience.

Some of the digital initiatives are listed below:

**Same-day issuance:**

To enhance customer experience and improve productivity, same-day issuance for savings policies was initiated. Process reengineering and digital initiatives such as introduction of eKYC and income estimation were implemented. This helped achieve 51% same-day issuance of saving policies in March 2024. In addition to enhancing customer experience, same-day issuance of policies also aids in improving sales productivity.

To encourage the advisors to adopt new digital initiatives, the Company also introduced same-day commission payment.

**Digital KYC:**

To enable hassle-free, paperless, pre-filled application journey, digital authentication services like Central Know Your Customer (CKYC) and Electronic Know Your Customer (eKYC - Aadhaar) were initiated. These eliminate the need for collecting physical documents from the customers. It also enables customers to digitally authenticate their identity by using PAN, mobile number, and date of birth. Based on customer consent, details are fetched from government portals and pre-populated in the application form. This facility has been extensively utilised by customers and distributors. Nearly 86% of the new business applications were logged in March 2024 through the digital KYC option.

**Income estimation using digital enablers:**

During the onboarding process, various income requirements are triggered based on customer profile (salaried/self-employed). Multiple avenues for digital authentication of customers income, using enablers such as Vahan, Employee Provident Fund Organisation (EPFO), Goods and Services Tax Identification Number (GSTIN), Account Aggregator and Perfios have been introduced.

These enablers provide multiple options to digitally submit income proofs for both salaried and non-salaried customers and empower the Company to accurately ascertain their income for financial underwriting.

For salaried, customers following enablers are used for income estimation:

**Employee Provident Fund Organisation (EPFO):** Customers can opt to authenticate income via EPFO which is a government-established savings scheme for employees of the organised sector. This helps with income estimation based on the provident fund being deducted and is done by entering the Universal Account Number (UAN) or Permanent Account Number (PAN)

**Account aggregator:** This is an RBI regulated entity that helps an individual digitally access and share information from one financial institution they have an account with to any other regulated financial institution

**Perfios:**

This is a secured gateway that enables customers to submit bank statements using net-banking credentials

For non-salaried customer, following enablers are used for income estimation:

**Perfios:** This is a secured gateway that helps submit Income Tax Returns using PAN and password used while filing returns.

**Vahan:** Vahan is an online service that gives information regarding Customer's 4-wheeler vehicle. This can be done by entering the 4-wheeler vehicle registration number.

**Goods and Services Tax Identification Number (GSTIN):** Aids in securely accessing financial records. This can be done by entering customers GSTIN/PAN details and based on the information received income is estimated digitally.

ICICI Prudential Life Insurance has also introduced Optical Character Recognition (OCR) for income documents in the scenarios, where customers choose to upload their income-related documents like bank statements, salary slips or income tax returns.

To ensure the sales teams and partners are aware of the changes in the buying journey, an extensive training module for sales is also being incorporated. A dedicated service helpline has been introduced called 'We Serve' for sales teams and advisors. This facility provides real time information and quick resolution over call to sales teams and advisors.

With the aim of providing enhanced services to the Titanium Eternal (TTET) advisors, an Elite Protect Team was introduced. This team is aligned to manage all new business-related queries/issues of the 921 TTET advisors. This team assists in handholding of new business applications logged in by TTET advisors from login to document upload and medical appointment, and for coordination between medical service providers and advisors.

In an endeavour to contribute towards the United Nations Sustainable Development Goals (SDGs), the Company has started encouraging customers and partners to opt for digital policy kits instead of physical policy kits. It has also given preference to digital communication modes for all service-related communication. Awareness campaigns were carried out to educate customers and partners on the benefits of opting for digital kits. This resulted not only in reduced cost, it also helped in saving paper, water and carbon footprint. Since the introduction of this initiative, a total of 6,652,121 pages were saved, leading to saving of almost 798 trees, 3,595,741 gallons of water, and 399,127 kg of carbon footprint.

**Renewal premium:**

Having been the first in the life insurance industry to offer Click-to-Pay and UPI Autopay options, ICICI Prudential Life Insurance continues to offer customers a variety of payment options to pay their premiums online and offline.

Prioritising customer convenience and a seamless payment experience, the Company also offers digital and physical options for setting up standing instructions. An increasing number of customers prefer to set up standing instructions digitally, with almost 30% of the customers who purchased a policy in FY2024 setting up digital standing instructions.

Need-based doorstep assistance is offered to customers proactively, including senior citizens. Additionally, proactive assistance is offered on call for customers encountering payment failures on the website to assist them in completing their transactions. For customers facing short-term liquidity problems, it offers options including billing frequency change, cover continuance and loan against their insurance policy, where applicable, to help them tide over the liquidity crunch.

Customers can avail loans digitally using the mobile app and Website against traditional policies, with disbursement being done within a single day.

**Customer Communication Framework**

ICICI Prudential Life Insurance recognises the importance of effective communication to ensure that customer stays connected throughout the policy lifecycle. The customer communication framework is based on the guiding principles of reinforcing trust and guardianship. Helping customers understand their policy benefits in a simple and transparent way is an important element of overall communication framework. Video guides, informative communication campaigns on email, SMS, WhatsApp, digital platforms and social media platforms are extensively used to drive awareness and deeper understanding of life insurance products, benefits, and things they need to do to get the maximum benefit from the policy.

### Claims:

Claims is the moment of truth for the Company, and as a Customer-First organisation, it has been delivering on the promises made to the customers. The Company has taken multiple initiatives to provide ease and convenience to claimants such as doorstep document pickup service for submission of claim and related documents and enabled digital claim submission. It has also implemented a robust communication framework to inform claimants at all milestones. Additionally, to manage claimant anxiety, real-time tracking of claim status is made available on the website and Mobile App. These initiatives have helped process non-investigated retail death claims with an average turnaround time of 1.27 days from the time the last required document was received.

The Company has simple Frequently Asked Questions (FAQs) for customers on the Mobile App and website to resolve all their queries related to claims.

It has also launched customer education video on 'How to file a claim.' This video has been shared with customers over email and is made available on social media platforms and the Mobile App.

### Leveraging technology:

The Company has developed robust machine learning models to analyse customer behaviour, preferences and needs to provide a personalised experience. Also, these models are enabling identification of policies where additional diligence at onboarding is needed. It also helps identify policies having potential risk of early claims and bolster the risk management processes, thus streamlining the claim experience.

## MULTI-CHANNEL DISTRIBUTION NETWORK - POWERED BY A CUTTING-EDGE TECHNOLOGY PLATFORM

Technology is an integral part of the distribution network and the Company's effective application enables distribution to operate seamlessly. Considering the varied nature of distribution partners and processes, the systems are capacitated to meet the technological needs of the partners' ecosystems.

### EASE OF INTEGRATION

The integration philosophy is to provide a differentiated experience and to stay ahead of the curve for improving distribution effectiveness and efficiency.

The customers' on-boarding journey is revamped with an intuitive interface for enhancing the experience and for ease of use with data pre-population using various digital public infrastructure. The partner distribution platform has a modular architecture and is capable of handling varied types of integrations as per the partners' platform requirements. The ready-to-use API kit and testing platform help with quicker integration with the systems. The digital payment gateway provides multiple payment options, including UPI, wallets for first-time and renewal payments.

The Company has developed the capability to provide analytics-based product offerings. By leveraging analytics, the Company has deep-mined existing customers and created structured upsell programmes. The demand generation platform empowers distribution with dedicated product links that can be sent to customers, which provide a reverse feed with details of prospective customers interested in the products.

### EASE OF DOING BUSINESS

The Company has enabled its partners with a bouquet of pre-sales tools, which include the Lead Management System, eQuote, retirement calculator, document calculator, product reco engine, InstaPlan, My Coach, Saksham, and more.

The technology architecture is based on the "first time right" and "shift left" strategies. Using the above ecosystems, the Company has simplified customer onboarding journey by pre-populating data and eliminating KYC requirements. Additionally, for income requirements, it has integrated with Account Aggregator, EPFO, GST, CAS, Perfios and Vahaan for getting income details or computed income surrogates. This provides a completely digital avenue for customers to share income details directly with the underwriters, securely using these repositories.

In addition to seamless on-boarding, the platform provides partners with a comprehensive view of business performance, earnings, rewards and recognition, application status tracking, customer servicing and self-serve options anytime, anywhere.

The recently launched exclusive advisor app IPRU Edge is embedded with all the features that enable partners to serve on-the-go.

The group credit life business portal offers a completely digital member on-boarding facility, and this system has been further augmented with servicing capabilities. Claim intimations can now be registered using the online portal by master policy holders. This self-serve platform allows them to submit bulk claims, upload claim-related documents in bulk, and further track claim status until payout.

For customers, the web and mobile applications are the doorway and first point of contact for most customers. The comprehensive and easy-to-use website and mobile app offer a plethora of services. Customers can check their policy status, track performance, download statements, pay premiums, and perform more than seventy self-serve transactions on the website and mobile app.

### EASE OF ISSUANCE

The Company empowers its partners through pre-approved offers for term, savings, and annuity lines of business by using analytics and providing a differentiated journey.

The unique client ID establishment process helps with a de-dup logic to calculate the total sum assured, total savings sum assured, and total protection sum assured calculations for better financial and risk profiling of customers, enabling instant offers and faster issuance.

The AI and ML models have helped in faster underwriting, which includes automated KYC verification, imputed income and customer profile-based risk checks. In addition, automated models have been enabled to provide rule-based decisions, red flag lists and instant issuance.

The business rule engine has been embedded with a visualisation layer for analysing the rule path and what-if analysis. The Company's partners can access rule engine as a service and build the complete journey on its platform.

The Company aims at providing cutting-edge technology to its partners in the world of changing customer preferences and rapidly-growing technology. The Company's technology and analytics-driven platform will be constantly augmented to meet market and customer demands and retain the competitive advantage.

## CORPORATE SOCIAL RESPONSIBILITY (CSR)

Corporate Social Responsibility (CSR) has been a long-standing commitment at ICICI Prudential Life Insurance and forms an integral part of the Company's activities. The key objective of this initiative is to proactively support meaningful socio-economic development in India and enable a larger number of people to participate in and benefit from India's economic progress. The Company contributes and supports programmes and initiatives keeping 'protection of life and health' as the core proposition and cornerstone of all the Company's CSR initiatives. This is in line with the Company's vision "to build an enduring institution that serves protection and long-term saving needs of the customers with sensitivity".

The Company contributes 70% of its annual CSR budget to ICICI Foundation, which takes forward CSR programmes on behalf of the ICICI Group.

ICICI Foundation focusses on the areas of sustainable livelihoods through skill development and identified social and environmental projects. In FY2024, the Company supported two programmes through ICICI Foundation, as listed below:

### Skill Development through ICICI Academy for Skills

The Company supports ICICI Foundation's programme on skill development for sustainable livelihoods. ICICI Academy for Skills (Academy) provides vocational training to youth from economically weaker sections, so that they can undertake economic activities to earn a sustainable livelihood. In FY2024, the Academy offered industry relevant and job-oriented vocational training in 14 technical and office skills at 26 operational centres across the country, and supported 611 trainees.

### Healthcare Programmes

The Company has also undertaken healthcare initiatives through ICICI Foundation. This included providing three ambulances to primary healthcare centres in Jalgaon, Pune and Nandurbar as well as supporting cataract surgeries for over 1,200 underprivileged adults pan-India.

More details on ICICI Foundation programmes, can be viewed on the link [www.icicifoundation.org](http://www.icicifoundation.org)

The CSR programmes taken forward by the Company directly or in conjunction with other partners are as follows:

### Healthcare

In the area for healthcare, the Company has partnered with 2 entities to improve the health outcomes of underprivileged children. Both the programmes are for a period of three years.

- Support on health, hygiene, and nutrition:**  
 With Catalysts for Social Action, the Company supports over 248 underprivileged/orphan children living in eight child care homes of Maharashtra. Health parameters such as Haemoglobin (Hb), Body Mass Index (BMI) levels are monitored and requisite support for health, hygiene and nutrition is provided.
- Support on assistive devices and infrastructure:**  
 With SOS Children's Villages of India, support is extended to over 105 underprivileged specially abled children living in SOS Village home at Khajuri Kalan, Bhopal in Madhya Pradesh. For FY2024, the Company continued the support with assistive devices like water beds, adaptive shoes etc., physiotherapy equipment like theraband station, inclined mats etc. for physiotherapy lab and upgradation of infrastructure to make it disable-friendly.

**Employee Volunteering Health Challenge Programme with Tata Memorial Hospital**

In FY2024, the Company continued encouraging its employees to adopt healthy habits, including a regime of regular exercise. On behalf of the employees who met their goals, the Company supported underprivileged Cancer patients for their treatment. The Company carried forward the following programmes:

**#CommittoQuit** – Employees took the first step towards a healthier life by registering for the #CommittoQuit pledge during the Anti-Tobacco campaign launched by the Company.

**#StayFit challenge** – The Company launched the #StayFit challenge programme, where employees were encouraged to walk 5,000 steps daily.

The Company committed to donating on behalf of employees towards cancer support for the underprivileged. It partnered with the Tata Memorial Hospital (TMH), Mumbai to support underprivileged cancer patients with personalised treatment plans and expert opinion of oncologists via an online platform. About 274 beneficiaries have been supported through this programme.

The Company also encourages the spirit of giving amongst its employees by providing various volunteering platforms:

- **iCare.iShare Payroll Giving programme** – An online donation platform partnered with GivelIndia offers employees the freedom to contribute monthly to any cause of their choice from their payroll. The Company makes a matching contribution to the donation made by the employee for causes supporting its CSR focus areas.

- **Joy of Giving programme** – The Company celebrates the spirit of “Joy of Giving” in October each year by fulfilling the small joys of children living in childcare homes with “Catalysts for Social Action”. This year too, the employees spread smiles by taking efforts to fulfil their little joys by donating festive wear, games and toys, stationery supplies, and other essentials.
- **The Talking Book** – This year on the occasion of the Company’s 23<sup>rd</sup> Foundation Day celebration, employees volunteered to create audio recordings of book excerpts, aimed at facilitating learning for visually impaired children. These recordings were then distributed to NGOs and associations serving the intended beneficiaries to resonate the Company’s commitment to inclusivity and community.

**More than 1,500 employees participated through the above programmes.**

STRATEGIC REVIEW

# Natural Capital

## NEW INITIATIVES

Creating increased awareness on paper reduction, water consumption and electricity optimisation through e-mail campaigns.

Recycled paper is being used for printing purposes at one of the large offices and will roll out to other large branches in phases.

For branch cleaning, chemicals have been replaced by green organic cleaning agents reducing harmful effects on environment.

Live plants deployed within office premises to improve air quality.

TFA (treated fresh air) units fitted in selected branches to improve air quality.

### What this Capital implies

Natural Capital represents one of the Company's six capitals on which the business runs and entails the renewable and non-renewable natural resources. The Company's efforts are channelled at promoting sustainable growth and development, with a focus on reducing energy consumption, and treating and recycling waste as effectively as possible.

Due to the nature of ICICI Prudential Life Insurance's business, the direct impact of the Company's operations on the environment is minimal. However, it uses all the natural resources (energy, water, and paper) optimally in the internal operations to minimise the Company's carbon footprint. With the aim of demonstrating the Company's commitment to environmental protection and reduction of carbon footprint, it has formulated an Environment Policy.

As a financial services company, the Company's initiatives are grounded in its core ethos of responsible consumption and recycling, wherever possible. The Company operates 470 offices in India, which includes the headquarters and

two Back Offices. To further reduce the carbon footprint, the Company has transitioned to green energy in majority of its offices in Maharashtra and will keep exploring opportunities of deployment of green energy in other states, wherever feasible.

During FY2024, the Company was able to reduce carbon footprint within its operations. The carbon emission per FTE (full time employee) remained same in FY2023 and FY2024 at 0.71. However, the carbon emission per FTE (full time employee) for Scope 1 and Scope 2 decreased from 0.36 to 0.34.

The Company continued to take concerted efforts to further reduce its carbon footprint, going forward. The Company identified carbon reduction targets to be achieved by year 2030 through adoption of Science Based Target Initiatives. Scope 1, Scope 2 and partial Scope 3 carbon emissions have been calculated and vetted by an external Sustainability Consultant, and are also independently verified by the assurance partner. The Company also aims at increasing awareness among the employees with regards to its sustainability initiatives.

### Water Initiatives

- Conventional water-based urinals in offices are being converted phase-wise to sensor-based/ water-less urinals
- Most branches have a dual flush mechanism installed to optimise water utilisation
- New offices and branches have been fitted with water-efficient fixtures, compliant with IGBC guidelines
- Old plumbing fixtures are being progressively replaced with water-efficient appliances (aerator taps/sensor-based taps)
- Sewage treatment plant installed in one company-owned premise
- Re-utilisation of wastewater from RO/AC drain in select offices for branch cleaning purpose

### Strategic measures

- Engaged an external sustainability consultant to guide and estimate total emissions under Scope 1, Scope 2 and relevant Scope 3 heads
- Limited assurance verification on Greenhouse Gas Inventory for FY2023 as per ISO 14064-3 conducted by 3<sup>rd</sup> party sustainability consultant and certification obtained

### Energy efficiency measures

- Engaged in the adoption of renewable energy to minimise harmful emissions and protect the environment. The Company took a strategic leap in its renewable energy journey with adoption of green tariff from electricity distribution companies (DISCOMs) in Maharashtra. Presently, 44 offices in Maharashtra relate to green energy which helped the organisation reduce its electricity carbon footprint by 1,884 tCO<sub>2</sub>e

### Energy efficiency measures

- Deployed advanced technologies and energy-efficient processes to keep the operational emissions in check: -
  - Inverter and Variable Refrigerant Flow (VRF) air conditioning units
  - LED lights
  - LED signage
  - Modular Uninterruptible Power Source (UPS)
  - Energy Star labelled IT machines
  - Sensor-based lighting in select offices
- Continuously monitoring energy usage to ensure it does not exceed the defined parameters
- Energy-efficient temperature setting of 24°C is maintained across offices and branches in accordance with BIS/ASHRAE (American Society of Heating, Refrigerating and Air Conditioning Engineers), a recognised standard for ventilation and acceptable indoor air conditions
- Implemented IoT (Internet of Things), a solution that can monitor and control the split AC, cassette AC and ductable units through a wireless system. IoT was deployed to monitor and control air-conditioning at 30 offices and branches in Mumbai and National Capital Region (NCR)
- Ensuring periodic maintenance for major electrical equipment, including ACs for energy efficiency
- LPD (Lighting power density) is maintained at offices in a range of 0.5 watt/sq. ft.

### Waste Reduction

- Waste management practices implemented as per local and national regulations, to include practices for segregation and disposal of dry, wet and e-waste generated in the Company's operations
- E-waste is recycled or handed over to agencies authorised by State Pollution Control Boards
- E-waste disposal through government certified vendors: 56,568 kgs in FY2024 and 108,121 kgs of E-waste since inception
- Deployed e-waste bins in 50 large offices encouraging disposal of personal e-waste of employees and recycled through government approved recyclers
- Wet waste converter installed at one of the company-owned large office, enabling waste recycling
- Digital initiatives implemented for reducing CFP:
  - Digitalising business processes for an end-to-end paperless journey
  - Digitisation of sales promotional stationery
  - Centralised call logging facility for office stationery
  - Encouraging shareholders to provide e-mail IDs for paperless communication
  - Welcome kit sent digitally to customers and physical copy sent only when demanded
- Single-use plastic water bottles replaced with reusable water jars and glasses
- Plastic garbage bags replaced with bio-degradable bags and plastic dustbins with steel dustbins
- Reusable plates being utilised in the cafeteria of large offices in Mumbai
- Provided MS Teams access to all employees and implemented video conferencing facilities at multiple locations, reducing need for travel
- Access-based printing enabled in large offices optimising paper usage
- TFA (treated fresh air) units fitted in selected branches to improve air quality

# Environmental, Social and Governance (ESG)

For the detailed ESG Report, refer to ESG Report FY2024 under the Investor Relations section on the Company's website.

**ENVIRONMENTAL, SOCIAL AND GOVERNANCE (ESG) PRIORITIES**

Sustainability is intrinsic for the protection and long-term saving needs of the Company's customers with sensitivity. Having initiated its ESG journey in 2020, the Company has come a long way today and has cemented its position as the highest-ranked ESG company in the Indian insurance industry.

Within the current social security framework prevalent in India, life insurance forms a key cornerstone for the nation's citizens. The Company's uniqueness as a financial planning tool shields families with a financial safety net and facilitates them in achieving its long-term financial goals.

The Company is committed to integrating sustainability with its business processes and as a way of doing business. Today, the Company is already aligned with one of the best ESG practices by opting to bring its overall sustainability framework under the Board's purview. It is doing this by amending the terms of reference of the Board Corporate Social Responsibility Committee and renaming it as 'Board Sustainability and Corporate Social Responsibility Committee'.

The Executive Sustainability Steering Committee periodically reviews the Company's ESG performance and integrates sustainability in its ongoing business

processes by reviewing ESG initiatives related to a particular focus area and directing the concerned senior leader to oversee the implementation and reporting of the initiatives. The Company's collective efforts mean that it continues to be the highest-ranked ESG Company in the Indian insurance industry.

The Company is also delighted to share that it has won a plethora of awards for its ESG Report 2022-23 from 'League of American Communications Professionals', 'Transformance', 'CMO Asia' and 'Original National Awards for Excellence in CSR & Sustainability'. Additionally, it was also conferred as the winner for the 'Best Overall Sustainable Performance' by 'Transformance' and 'Original National Awards for Excellence in CSR & Sustainability'. Additionally, it is also interacting with various investors and analysts to understand their expectations and incorporating them in the Company's ESG framework.

## ENVIRONMENTAL

Being a financial services company, the Company's business operations have minimal direct impact on the environment. Nevertheless, digital adoption has witnessed noteworthy strides within the Company, against a backdrop of 470 offices in India, including the corporate office and two back offices. Today, 92.8% of the Company's customer service requests are handled

through digital channels. The Company's initiatives are primarily focussed on reducing its consumption of natural resources and recycling, wherever possible. It has adopted the best-in-class environment-friendly practices for energy management, waste management and water stewardship.

# Directors' Report

## TO THE MEMBERS

### ICICI Prudential Life Insurance Company Limited

Your Directors have pleasure in presenting the 24<sup>th</sup> Annual Report of ICICI Prudential Life Insurance Company Limited (the Company) with the audited statement of accounts for the year ended March 31, 2024 (FY2024).

## PERFORMANCE

### Industry in FY2024

During FY2024, the global economy was confronted with another bout of geopolitical conflict in the Middle East. As a consequence, rising inflation and increased interest rates exerted pressure on the cost of living in several economies, including those of advanced nations. Despite these challenges, the Indian economy remained resilient, bolstered by strong domestic demand, robust manufacturing and healthy investments.

India reported a strong Gross Domestic Product (GDP)<sup>1</sup> growth of 8.2% in Q1-FY2024, accompanied by a 8.5% growth in Gross Fixed Capital Formation (GFCF)<sup>2</sup>. This growth trend persisted in Q2-FY2024, with a growth rate of 8.1%, which was supported by a 11.6% increase in GFCF. In Q3-FY2024, GFCF growth rate further surged to 10.6%, which drove the GDP growth rate to 8.4%, while private consumption showed modest growth in all quarters. Advanced estimates suggest that GDP<sup>3</sup> is expected to attain a robust growth rate of 7.6% in FY2024, up from 7.0% in FY2023.

The size of the Indian life insurance sector was ₹ 7,825.04 billion on a total premium<sup>4</sup> basis in FY2023 as compared to ₹ 6,926.14 billion in FY2022, growth of 13.0% year-on-year. The new business Retail Weighted Received Premium (RWRP) for the overall industry increased by 4.8% from ₹1,039.56 billion in FY2023 to ₹1,089.75 billion in FY2024. The market share of private players increased from 65.8% in FY2023 to 67.8% FY2024.

### Company in FY2024

With the customer-centric approach, the Company had a robust performance across service parameters. The claim settlement ratio for individual death claims was 99.17% for FY2024. The overall claim settlement ratio<sup>5</sup> was 99.77% for FY2024. The average time taken for settlement of non-investigated retail death claims stood at 1.27 days in FY2024. The grievance ratio was 58 per 10,000 new individual business policies issued for FY2024. The 13<sup>th</sup> month persistency ratio<sup>6</sup> was 89.0% for FY2024.

<sup>7</sup>Employees in senior management in non-specialist roles with >4 years vintage

Alignment between the business and people strategy and the consistent investments in the growth and development of employees have helped the Company make human resources a source of strength and a key competitive advantage. The focus of the key people imperatives has been to design the organisation for growth, strengthen capacity through talent attraction and robust onboarding, develop capability to enable future-ready talent and enable a culture underpinned on delivering employee value proposition of providing a Supportive Environment, providing Learning & Growth, and ensuring Fairness & Meritocracy.

Based on business requirements, capacity has been augmented in distribution roles and centres of excellence and supported through a robust capability development framework involving structured learning interventions, on-the-job training, job rotation, job enrichment and self-paced virtual learning platforms. A well-defined performance & talent management system ensures alignment to the KPIs of the Company and clarity of purpose across levels, helps create a talent pipeline by nurturing high potential talent and enables differentiated rewards to help ringfence talent for the future. Key elements of the culture include aligning employees to key organisational imperatives, listening to employees and amplifying ground realities for faster decision making, emphasising the right behaviour, and encouraging employee well-being and inclusion.

The people strategy has enabled the Company to have leadership stability, with 77% of the senior management team having served the Company for more than ten years, leadership depth with 91% of senior management having done more than 3 job rotations<sup>7</sup> and leadership cover with 100% of key positions at leadership levels having adequate leadership cover.

For the shareholders, the Company's primary focus continues to be the growth of the absolute Value of New Business (VNB) through the 4P strategy. The Company will continue to monitor itself against the 4P strategic elements with focus on quality business in a risk calibrated manner. The Company will also continue to invest in organisational capabilities such as People, Process, Technology & analytics, Distribution & Product to enhance the growth trajectory. The Company's primary focus continues to be to deliver growth of absolute VNB through the 4P strategy of Premium growth, Protection business

growth, Persistency improvement and Productivity enhancement, while keeping customer centricity at the core. The Company continues to integrate aspects of Environmental, Social, and Governance (ESG) into the management of the business as well. The Company has a 4D framework that includes 'Data analytics', 'Diversified propositions', 'Digitalisation' and 'Depth in Partnerships' which drives the 4P strategy in order to make sure the Company stays true to the philosophy and improves performance across all 4P strategic elements. The Company believes that this 4P strategy is appropriate in the context of the large insurance opportunity in the country, a facilitative regulatory regime and coupled with the objective to grow absolute VNB.

#### Premium growth:

The Company endeavors to grow premium through:

- **Enhancing distribution:** The Company has been continuously investing in building distribution capacity especially in the proprietary channel, continuous product & process innovation, digitalisation and data analytics geared to simplify the business operations, aimed at enhancing customer experience. The Company is also focused on expanding the distribution network through the acquisition of new partners as well investing in creation of new sourcing channels. The Company will look to strengthen its distribution network through a closer mapping of distribution segments with customer segments and products.
- **Growing annuity line of business:** The Company would continue to cater to the retirement savings needs of customers while managing the investment risk appropriately.
- **Deepening penetration in underserved customer segments:** The Company will continue to focus on broadening the customer base through initiatives spanning across both distribution and products.

Annualised Premium Equivalent (APE) grew by 4.7% from ₹ 86.40 billion in FY2023 to ₹ 90.46 billion in FY2024. Within channel segments, agency APE grew by 15.6%, direct business APE grew by 20.0%, bancassurance APE grew by 2.3%, partnership distribution APE declined by 8.1%, and group APE declined by 8.0% in FY2024. On the products side, the strategy of continuous product innovation with the objective of delivering superior value propositions to the customers has resulted in strong growth across most product segments. Annuity business APE grew by 88.0%, linked business APE grew by 26.1%, retail protection APE grew by 46.6% & group funds APE grew by 4.6% in FY2024.

#### Protection business growth:

The Company has been focused on expanding the protection business & believes it offers strong growth opportunities. This would be done by offering protection products across channels, penetrating the online term insurance market and partnering with loan providers to offer coverage against loans. Given the current

levels of under-penetration, retail protection business growth presents a multi-decadal opportunity, while credit life and group term business also offer significant opportunities as the Company witness growth in credit and the economy.

The overall protection APE stood at ₹ 15.25 billion in FY2024 with contribution from credit life business at 39.4%, retail protection at 31.4% and group term at 29.2%. The retail protection business has registered a strong year-on-year growth of 46.6% in FY2024. Credit life business has also grown by 25.2% year-on-year in FY2024 in line with the strong credit growth in the economy while the group term business has declined in FY2024.

#### Persistency improvement:

The Company believes persistency is probably the most effective indicator of the quality of sales and is a barometer of customer experience. This parameter tracks the percentage of customers renewing their policies. The Company has developed AI models which predict future persistency behavior of the customer at various stages, and these enable them to take appropriate interventions. The Company will continue to invest in data science & customer-centric analytics engines to further improve the persistency.

The 13<sup>th</sup> month persistency ratio improved by 240 basis points to 89.0% in FY2024. Similarly, the 49<sup>th</sup> month persistency ratio also improved by 430 basis points to 68.5% in FY2024.

#### Productivity enhancement:

The productivity improvement initiatives are targeted at improving cost ratios. Technology and process re-engineering have been at the center of the efforts to drive productivity improvement. The Company would continue to leverage the digital platform to improve customer experience and efficiency of the service operations.

The total expenses grew by 21.6% for FY2024. The increase in new business commission is attributed to the redesign of commission structure pursuant to the flexibility provided in IRDAI (Payment of Commission) Regulations. Additionally, the Company has been investing in capacity creation to support future growth. The investments made, though front ended, are necessary to deliver long-term sustainable growth for the Company.

The overall cost to Total Weighted Received Premium (TWRP) stood at 24.0% and the cost to TWRP ratio for the savings business at 15.8% for FY2024. The Company monitors cost ratios for the savings line of business separately. The objective is to bring efficiency in the savings line of business while the Company continues to focus on growth in the protection business. The cost to average assets under management has been stable at 2.7% for FY2024.

#### Value of New Business (VNB):

For FY2024, Value of New Business (VNB) was ₹ 22.27 billion and with an APE of ₹ 90.46 billion, VNB margin stood at 24.6%. The decline in VNB margin is primarily

on account of the shift in underlying product mix towards unit-linked and participating business from non-participating business, decline in group term business and higher expense ratio for the current year. The contribution of FY2024 VNB from protection products is at 51.4%, non-linked saving products is at 36.9% and unit-linked products is at 11.7%.

### Outlook for the industry and the Company

The Indian life insurance sector stands as the fourth largest in Asia<sup>10</sup> and is on course to be the sixth largest market in the world by 2032<sup>11</sup>. The total life insurance premiums grew from ₹ 500.94 billion in FY2002<sup>12</sup> to ₹ 7,825.04 billion in FY2023<sup>13</sup> (14.0% CAGR<sup>14</sup>). Additionally, new business premiums (retail weighted received premium)<sup>15</sup> have risen from ₹ 116.00 billion in FY2002 to ₹ 1,039.66 billion in FY2023 (11.0% CAGR). This growth can be attributed to initiatives promoting financial inclusion, rapid digitalization of financial services driven by high internet penetration, increased disposable income in the middle class, growing awareness of retirement planning and long-term savings. The life insurance penetration, measured as a percentage of GDP, has increased from 2.1% in FY2002<sup>16</sup> to 3.0% in FY2023<sup>17</sup>. Despite substantial growth in the life insurance industry, significant opportunities exist for further expansion to enhance insurance penetration and improve the insurance density of the country. A supportive regulatory

environment along with India's demographic factors such as a burgeoning middle class, a youthful insurable population, heightened awareness of the necessity for protection and retirement planning, rapid urbanization, and increasing financial savings are expected to bolster the growth of the life insurance industry in India.

## Subsidiary

The Company's wholly owned unlisted subsidiary, ICICI Prudential Pension Funds Management Company Limited (PFM) acts as a pension fund manager under the National Pension System (NPS) with an objective of providing a strategic platform to leverage the substantial pension opportunity in India. Further, PFM is also registered to serve as a Point of Presence (PoP) entity for distribution of NPS products and servicing.

During FY2024, the subscriber assets managed by PFM increased by 72.6%, from ₹ 164.66 billion at March 31, 2023 to ₹ 284.19 billion at March 31, 2024. Additionally, PFM enrolled 159,368 new subscribers during the year. The profit after tax of PFM decreased from ₹ 28.3 million in FY2023 to a loss of ₹ 17.2 million in FY2024, primarily on account of increase in employee benefit expenses and expenses incurred for building capacity to support future growth. The profit after tax in FY2024 includes the recognition of a deferred tax asset arising from losses and unabsorbed depreciation, in view of the virtual certainty of realisation of this asset. The overall contribution of the subsidiary to the financial results of the Company is not significant currently. The subsidiary is committed towards increasing its presence in the industry and is focused on scaling up the business and revenue.

The audited financial statements of the subsidiary are available on the Company's website ([www.iciciprulife.com](http://www.iciciprulife.com)) and are available for inspection by any Member of the Company at its registered office. A statement containing salient features of the financial statements of the subsidiary company forms part of the financial statements of the Company.

## Rural and social business

## COMPLIANCE AND RISK

### Statement in respect of adequacy of internal financial controls

The Company has complied with internal financial controls (IFC) as per section-134 (5) of Companies Act, 2013 and regulation 17(8) of the Securities and Exchange Board of India (SEBI) (Listing Obligations and Disclosure Requirements) Regulations, 2015 in terms of internal controls over financial reporting and section 404 of Sarbanes Oxley Act (SOX), 2002. To ensure effective internal financial controls, the Company has implemented Internal Control Framework, 2013 endorsed by the Committee of Sponsoring Organisations (COSO) of the Treadway Commission. The Company's internal financial control framework comprises of internal controls over financial reporting, operating controls, and fraud prevention controls. The framework is designed to ensure accuracy, completeness and reliability of financial records, orderly and efficient conduct of business and safeguarding of assets as well as prevention and detection of fraud. The Company has a mechanism of testing the controls at regular intervals for design and operating effectiveness. Further, the auditors opine on the adequacy and operating effectiveness of internal financial controls over financial reporting. The Company believes that strengthening of internal controls is an ongoing process and there will be continuous efforts to keep pace with changing business needs and environment. The key components of the internal financial control framework include:

**Entity level controls:** The control environment of the Company relies on a set of Entity Level Controls (ELCs) that operate at an organisation level and may not be embedded in any single process of the Company. The ELCs set up by the Company include:

- (a) Corporate governance framework comprising Board and Executive committees for oversight of the management of the Company.
- (b) Policies commensurate with the Company's size and level of complexity to establish standards of conduct, including a code of conduct, whistle blower policy, prevention of harassment in the workplace, conflict of interest, corporate communications, insurance awareness and customer education policy, grievance redressal policy, record maintenance policy, delegation of financial powers, accounting policy, etc.

- (c) Risk and fraud management framework to identify, measure, monitor and control various risks including operational risks, and a framework for identifying, monitoring and control over outsourced activities.
- (d) Independent Internal Audit Department with oversight from the Audit Committee.
- (e) Employee management framework comprises hiring, diversity and inclusion, retention, training, performance evaluation, remuneration structure, compensation, succession planning through leadership cover index, etc.
- (f) Framework to ensure compliance with regulations, laws including compliance certification, regular communication of changes in regulations/ laws, and litigation management. Framework to ensure compliance of internal control over financial reporting.
- (g) Budgeting, monitoring, and reporting of the performance with key performance indicators.
- (h) Information and cyber security policy and information security framework along with framework to ensure business continuity and disaster recovery.

**Process controls:** These comprise of controls operating at process level with the objective of providing assurance at a transaction recording stage. The salient aspects of the control framework include:

- (a) All business processes having implications on financial results, regulatory and shareholder reporting are subject to quarterly reviews. Any material deficiency is discussed at the Audit Committee meetings.
- (b) The Company has deployed automation in most aspects of transaction processing (including policy administration, investment management, actuarial computations, expense processing, claims management, human resource processes and accounting) to ensure greater control and efficiency.

**Information Technology (IT) controls:** The Company has in place a robust IT control environment including controls pertaining to change management, system & database management, access management, master maintenance, interface, job scheduling, datacenter, cloud management, backup and disaster recovery and cybersecurity to ensure data integrity and accuracy of information stored in IT systems. Further the Company has been compliant with the requirements, prescribed under amendments in the Companies (Account) Rules, 2014, of using accounting software which has a feature of recording audit trail and creating an edit log of each change made in the books of account.

**Control over third parties providing services:** The Company has a vendor on-boarding process with due diligence, risk assessment, document review and periodic assessment to ensure controls over third-party service providers relevant from a financial reporting perspective. Further, the Board Risk Management Committee has oversight on the implementation of controls and monitors the performance of the outsourced vendors.

**Safeguarding of assets:** The Company has adequate controls over safeguarding of assets (comprising of investment assets, IT assets and other assets). These controls are based on value and custody of assets.

**Review controls:** Review controls comprise of multiple levels of oversight over financial reporting by way of a strong reporting and review framework as follows:

- (a) The financials are audited by joint statutory auditors and are reviewed and approved by the Audit Committee and Board. They are also submitted to the Insurance Regulatory and Development Authority of India (IRDAI).
- (b) The Internal Audit Department exercises independent oversight over operational and financial processes. Any significant observations and recommendations are presented to the Audit Committee. The investment operations function is subject to concurrent audit certification and an Investment Risk Management Systems (IRMS) audit once in two years. Any significant findings in the concurrent audit or IRMS audit are presented to the Audit Committee.
- (c) The Company has an effective organisation structure that segregates duties among business groups, thereby, ensuring orderly and efficient conduct of business. Additionally, the Board has constituted various committees responsible for specific operational areas, formulation of policies and frameworks, and identification, assessment and monitoring of principal risks in accordance with the policies and procedures.
- (d) There are senior management controls comprising of high-level controls (HLC) and management review controls (MRC) to monitor and identify any material misstatement. Management exercises review control by way of in-depth reviews of financials, ledger balances, suspense items and payables, liability assumptions, information security, regulatory compliance, communication and reporting, key compliance issues, supervision of risk management function, etc. conducted by the Chief Financial Officer, Appointed Actuary, Head of Information Technology, Head of Operations and Head of Compliance & Risk.

**Fraud prevention:** The Company has a Board approved fraud risk management policy which is based on 'Insurance Fraud Monitoring Framework' guidelines issued by IRDAI. The Company has an Operational Risk Management Committee (ORMC) which independently monitors frauds. The ORMC reports to the Executive Risk Committee which ultimately reports to the Board Risk Management Committee (BRMC).

- (a) The fraud control framework consists of preventive measures, incident management and awareness activities. Preventive measures include fraud risk assessment for design of processes, investigation triggers across policy life cycle and proactive use of analytics to identify fraud patterns. Incident management includes recovery of loss,

action through law enforcement agencies, detailed investigation and root cause analysis, and fraud incident reporting to BRMC. Awareness includes mandatory induction training and awareness program for employees, regular communication to policy holders, fraud prevention tips on the Company's website, etc.

- (b) The Company ensures implementation of controls to prevent repetition of incidents, financial recovery process, and disciplinary action against involved employees. It also initiates actions through law enforcement authorities based on severity of the incident.
- (c) The Company undertakes several measures from time to time to create awareness amongst its employees and customers against fraudulent practices.

### Internal audit and compliance framework

#### Internal audit:

The Internal Audit Department (IAD) of the Company acts as an independent entity and reports to the Audit Committee of the Board. IAD has an unrestricted access to the Audit Committee Chairperson and the Managing Director and Chief Executive Officer (MD & CEO). The Head-Internal Audit reports directly to the Audit Committee of the Board and administratively reports to the Chief Risk & Compliance Officer. The IAD has developed a Risk Based Audit Plan (RBAP) and the same has been approved by the Audit Committee of the Board. The basic philosophy of risk-based audit framework is to provide reasonable assurance to the Audit Committee of the Board and management about the adequacy and effectiveness of the risk management and control framework in the Company. The scope of Internal Audit includes the review of risk management procedures, internal control systems, information systems and governance processes. Key audit observations and recommendations made are reported to and discussed at the Audit Committee of the Board. Implementation of the recommendations is actively monitored.

#### Compliance:

The Board Audit Committee oversees the compliance framework of the Company. The Company has formulated various internal policies/procedures, such as the Compliance Policy, Anti-Bribery and Anti-Corruption Policy, Anti-Money Laundering Policy and an employee code of conduct, which govern the day-to-day activities to ensure compliance. The Compliance Function disseminates the information regarding relevant laws, regulations and circulars related to insurance and anti-money laundering to various functions. It also serves as a reference point for the staff of various functions for seeking clarifications on applicable laws, regulations and circulars issued on these aspects. The compliance team also monitors the adequacy of the compliance framework across the Company with the Internal Audit Department through an integrated risk-based audit plan. Key issues observed as a part of this monitoring are reported to

the Board Audit Committee and implementation of recommendations is actively monitored. A compliance certificate signed by the Managing Director & CEO, based on the certification from respective functional heads, is placed at the Board Audit Committee and Board of Directors meetings on a quarterly basis.

### Risk management

The Company recognises that risk is an integral element of the business and managed acceptance of risk is essential for generating shareholder value.

The risk governance structure of the Company consists of the Board, the Board Risk Management Committee (BRMC), the Product Management Committee (PMC), the Executive Risk Committee (ERC) and its supporting committees. The risk philosophy of the Company is outlined in the Board approved risk policy which is reviewed by the Board at least annually. The Board risk policy details identification, measurement, monitoring and control standards relating to various individual risks, namely investment (market, credit and liquidity), insurance, operational (including fraud, legal, compliance, outsourcing, customer dissonance, business continuity, information and cyber security) and reputation. The Board periodically reviews the potential impact of strategic risks such as changes in macro-economic factors, government policies, regulatory environment and tax regime on the business plan of the Company.

In addition to these risks, the life insurance industry faces a number of emerging risks. Geo-political tensions and the potential for disruption to energy supplies are an additional source of uncertainty for financial and commodity markets and a trigger for inflation (which could impact credit quality of counterparties, as well as reduce real wages thereby impacting discretionary savings, insurance new business and persistency risk). There are also emerging risks related to ESG (environmental, social and governance) issues. One of the most prominent ESG risks is that of climate change which could potentially have wide-ranging implications including (but not limited to) adverse impact on economic growth and investment markets and higher than expected claims due to increased risk of future weather-related catastrophes, pandemics as well as possible changes in long-term mortality/morbidity rates. Apart from climate change, there are emerging risks associated with public health trends such as increase in obesity related disorders and demographic changes such as population urbanisation and ageing. Other important ESG elements include data privacy which has an increasing material impact on Company's reputation.

The risk management framework of the Company seeks to identify, measure and control its exposures to all these risks within its overall risk appetite. The Company periodically carries out stress testing of its assets and liabilities to identify impact on regulatory and economic solvency, statutory profits and liquidity position.

Such testing is used as an aid in identifying significant existing or emerging risks to its financial position, including the potential impact of severe economic shocks and catastrophic events like pandemics, which could materialize as a consequence of several risk factors including climate change and other sustainability risks. The Company has a framework for information and cyber security as well as business continuity management to analyse emerging risks through regular monitoring of the external and internal environment which has been further augmented in the current situation. The Company also has a privacy policy to ensure protection of sensitive personal data or information collected. The Company has updated the Board risk policy by integrating sustainability risks in the risk management framework. The key aspects of the Company's risk management framework have been outlined below. Further information on the Company's approach to risk management is available in the sections on 'Enterprise Risk Management' and 'Risks and Opportunities' of this Annual Report.

#### 1.1. Investment risk

Investment risk is the risk arising out of variations in the level or volatility of market prices of assets and financial instruments, including the risk arising from any mismatch between assets and liabilities, due to external market and economic factors. The Company faces limited liquidity risk due to the nature of its liabilities. The key mitigation approaches for this risk are as follows:

- (a) Product approval process: Launching new products can significantly alter the risk profile of the Company's Balance Sheet. Investment risks inherent in new products or significant modifications to existing products are identified at the product design stage and products are launched only after approval by the ERC and the PMC.
- (b) Asset Liability Management (ALM): The Company has detailed Investment Specifications that govern the investment strategy and limits for each fund depending on the profile of the liability backed by those assets. For each category of products, the Investment Specifications define limits to permissible exposures to various asset classes, duration guidelines for fixed income instruments and minimum investment in liquid assets. The Company uses derivatives to hedge interest rate risk.
- (c) Exposure limits have been defined for companies, groups and industries in accordance with regulatory guidelines and the Company's internal Investment Policy. The Company restricts investments primarily to securities rated AA and above.
- (d) The Company has a liquidity contingency plan in place.
- (e) As part of its ESG philosophy, the Company has implemented a framework for investment decisions that will support mitigation of risks due to climate change as well as other ESG risks by factoring these in its investment decisions.

## 1.2. Insurance Risk

Insurance risk is the risk arising because of variance to the best estimate or because of random fluctuations in the frequency, size and timing of insurance liabilities. Insurance risk comprises the following components: mortality, morbidity, persistency and expense risk. These risks are mitigated through the following:

- (a) **Product approval process:** Insurance risks inherent in the new products or significant modifications to existing products are identified at product design stage and products are launched only after approval by the ERC and the PMC. The Company, in its product design, incorporates product features and uses appropriate policy wordings to mitigate insurance risk.
- (b) **Reinsurance:** The Company uses appropriate reinsurance arrangements, including catastrophe reinsurance, to manage insurance risk. Such reinsurance arrangements may be used to support risk transfer of sustainability risks as well. The arrangements are with select and financially sound reinsurers. The Company's reinsurance exposures are considered and approved by the ERC periodically.
- (c) **Underwriting and claims controls:** Underwriting and claims policies and procedures are in place to assess and manage mortality and morbidity risks. The Company seeks to minimise these risks by diversifying its business portfolio and adhering to appropriate and segmented underwriting norms. The Company conducts periodic reviews of both underwriting and claims procedures. Adjustments to the underwriting strategy may be made to allow for any changes in the insurance risk landscape or emerging risks.
- (d) **Experience analysis:** The Company conducts its experience analysis regularly in order to monitor trends, gain insights on emerging risks, if any and to ensure that corrective actions can be initiated at the earliest opportunity and that assumptions used in product pricing, reserving and embedded value reporting are in line with the experience. The Company actively monitors its claims experience, persistency levels and expense ratios.
- (e) **Aligning key performance indicators:** The Company uses appropriate key performance indicators for different levels of hierarchy in sales and operations to align interests and ensure adequate focus on insurance risk especially, persistency and expense.
- (f) **Product contracts:** The Company designs exclusions and terms and conditions in consultation with reinsurers and with due regard to market practices to manage insurance risk, especially mortality and morbidity risk. In order to deal with a changing insurance landscape or emerging risks, new products may be developed with more suitable product features, policy wordings, exclusions and terms and conditions.

- (g) **Repricing:** The Company reserves the right to re-price future new business with IRDAI approval (if required) in case of adverse experience, which could materialize due to various factors including sustainability issues.

## 1.3. Operational risk:

Operational risk is the risk of loss, resulting from inadequate or failed internal processes, people and systems, or from external events.

The Company uses the following approaches to manage operational risk:

- (a) The Company develops and monitors mitigation plans for high risk items identified through the Risk and Control Self-Assessment (R&CSA) conducted for each business function, through analysis of loss events and review of audit findings.
- (b) The Company continuously monitors internal loss events and ensures adequate mitigation for material impact events.
- (c) The Company actively promotes a risk awareness culture by improving understanding through communication and education. It further engages with law enforcement agencies to create awareness on various insurance frauds and emerging issues.
- (d) **Fraud Management:** The Company has a fraud risk management policy that sets out the approach and guidelines for management of fraud risk. The Company follows both a proactive and reactive approach to manage fraud. Proactive management is done by using triggers to identify suspected frauds and through random sample checks. Reactive management is done through incident management. The Company ensures implementation of controls to prevent recurrence of such incidents, financial recovery whenever applicable and disciplinary action against involved employees in accordance with the Company's Code of Conduct. It also initiates actions through law enforcement authorities based on severity of incidents.
- (e) **Outsourcing Risk:** The Company has an outsourcing policy to ensure effective oversight and adequate due diligence with regard to outsourcing of activities. The Company outsources processes which are permitted based on the regulatory guidelines. The Company carries out required due diligence for any new vendor empanelment and annual assessment of outsourced vendors.
- (f) **Business Continuity Management (BCM):** The Company has a BCM policy and framework to ensure resilience and continuity of key products and services at a minimum acceptable level. BCM includes systems and processes for management of risk including use of disaster recovery sites and business continuity plans for critical processes which are being tested periodically. The Company has been accredited with the ISO 22301:2019 certification for the business continuity management systems.

- (g) Information and cyber security: The Company has an information and cyber security policy and framework that ensures all information assets are safeguarded by establishing comprehensive management processes throughout the organisation. The Company has defence-in-depth approach, and has deployed security solutions like firewalls, intrusion prevention systems, anti-malware solutions, end-point detection and response (EDR), email security, data leakage prevention and web proxy. Vulnerability assessment and penetration testing program for critical information technology applications and infrastructure has been defined, to ensure IT Systems are secured for operations during its life cycle. Further, cloud security strategy and practices for protecting data and IT infrastructure has been implemented. Cyber security operations centre (SOC) has been setup for proactive monitoring (24x7), incident response, recovery and remediation activities. Cyber security advisories issued by security experts are being monitored and suitable actions are being initiated. Based on the Information Security Management System (ISMS) controls implemented and the assessment conducted by the certification body, the Company has been awarded a certification under ISO 27001:2013 standard.
- (h) Privacy policy: The Company has a privacy policy in accordance with Information technology (Reasonable security practices and procedures and sensitive personal data or information) Rules, 2011. The policy provides the Company's commitment to privacy throughout the life cycle of the information from, collection, processing, sharing, retention and destruction, by taking reasonable steps to protect the confidentiality of the Personal Information provided and protect it from unauthorised access or alteration, disclosure or destruction.
- (i) The Company has adopted highest business, governance, ethical and legal standards. The Whistle blower policy aims to provide a mechanism to ensure that concerns are appropriately raised, independently investigated and addressed.

#### 1.4. Reputation Risk:

Reputation risk is defined as the risk of negative opinion about the financial stability, service levels, integrity, transparency or any other aspect, as perceived by the stakeholders, resulting in a decline in business volumes and eventually impacting continuity of business. The Company has a framework in place for managing reputation risk and periodically monitors various parameters that could impact the reputation of the Company.

#### Code of conduct under Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015

The Company has in place a Code of conduct to regulate, monitor and report trades in Securities by Designated

Persons ("Code") which is in accordance with the SEBI (Prohibition of Insider Trading) Regulations, 2015 as amended from time to time. The Code is applicable to the Directors, employees of the Company, Designated Persons and their immediate relatives, as detailed therein. The objective of the Code is to achieve compliance with the SEBI (Prohibition of Insider Trading) Regulations, 2015. Any infractions/violations of the Code are suitably dealt with as provided for in the Code.

#### CEO/CFO certification

### Criteria for appointment of a Director and official(s) who may be appointed as key managerial person/personnel or as senior managerial personnel

The Company with the approval of its Board Nomination & Remuneration Committee (Committee) has put in place a policy on criteria for appointment of Directors and those in senior management positions that is who may be appointed as key managerial person/personnel (KMP) or as senior managerial personnel (SMP). The policy has been framed based on the broad principles as outlined hereinafter. The Committee evaluates the composition of the Board and vacancies arising in the Board from time to time. The Committee while recommending candidature of a Director considers the special knowledge or expertise possessed by the candidate. The Committee assesses the fit and proper credentials of the candidate and the companies/entities with which the candidate is associated either as a director or otherwise and as to whether such association is permissible under IRDAI guidelines and the internal norms adopted by the Company. For the above assessment, the Committee is guided by the guidelines issued by IRDAI in this regard.

The Committee also evaluates the prospective candidate for the position of a Director from the perspective of the criteria for independence.

For a Non-Executive Director to be classified as Independent he/she must satisfy the criteria of independence as prescribed and sign a declaration of independence. The Board reviews the same and determine the independence of a Director.

The Committee based on the above assessments makes suitable recommendations on the appointment of Directors to the Board. The same has also been hosted on the website of the Company and can be accessed on the link: <https://www.iciciprulife.com/about-us/corporate-policies.html>.

## Remuneration Remuneration policy

The Company has in place a policy on Compensation & Benefits ("Compensation Policy") for Managing Director & CEO, other wholetime Directors, non-executive Directors, Key Management Person (KMP), Senior Management Personnel (SMP) and other employees, in compliance with the requirements as prescribed under the CA2013 and IRDAI. The Compensation Policy is divided into five parts. Part A outlines the measures taken by the Company for effective governance of compensation, Part B lays down the guidelines relating to compensation of the MD & CEO, other WTDs, KMPs and SMPs, Part C deals with compensation of all other employees, Part D is for non-executive Directors (including non-executive non-Independent Chairman/Chairperson) and Part E for non-executive Independent Director as Chairman/Chairperson of the Company, if any.

Further details with respect to the Compensation policy are provided under the section titled "Compensation & Benefit policy", which has also been hosted on the website of the Company and can be accessed on the link: <https://www.iciciprulife.com/about-us/corporate-policies.html>.

## Details of remuneration paid to whole-time Directors

**External consultants whose advice has been sought, the body by which they were commissioned and in what areas of the remuneration process:**

The Company employed the services of reputed consulting firms for market benchmarking in the area of compensation.

**Scope of the Company's remuneration policy (e.g. by regions, business lines), including the extent to which it is applicable to foreign subsidiaries and branches:**

The Company's Policy on Compensation & Benefits ("Compensation Policy") for Managing Director & CEO, Other wholetime Directors, non-executive Directors, Key Management Person (KMP), Senior Management Personnel (SMP) and other employees was last amended and approved by the BNRC and the Board at its Meeting held on October 14, 2023 and October 17, 2023 respectively.

**Type of employees covered and number of such employees:**

All employees of the Company are governed by the Compensation Policy. The total number of permanent employees governed by the Compensation Policy of the Company at March 31, 2024 was 18,844.

**B) Information relating to the design and structure of remuneration process.**

**Key features and objectives of remuneration policy:**

The Company has historically followed prudent compensation practices under the guidance of the Board and the BNRC. The Company's approach to compensation is based on the ethos of meritocracy and fairness within the framework of prudent risk management. This approach has been incorporated in the Compensation Policy, the key elements of which are given below:

**Effective governance of compensation:**

The Company follows prudent compensation practices under the guidance of the BNRC and the Board. The BNRC has the oversight for framing, review and implementation of the Company's Compensation Policy on behalf of the Board, and shall work in close coordination with the Board Risk Management Committee for an integrated approach to the formulation of the Compensation Policy where required.

The decision relating to the remuneration of the Managing Director and CEO (MD & CEO), other wholetime Directors and KMPs/SMPs is reviewed and approved by the BNRC and the Board. The BNRC and the Board approves the Key Performance Indicators (KPIs) and the performance threshold

for payment of performance bonus, if applicable. The BNRC assesses business performance against the KPIs and on various risk parameters as prescribed by IRDAI. Based on its assessment, it makes recommendations to the Board regarding compensation for MD & CEO and other wholetime Directors, performance bonus and long-term pay for all eligible employees, including senior management and key management persons.

**Alignment of compensation philosophy with prudent risk taking:**

The Company seeks to achieve a prudent mix of fixed and variable pay, with a higher proportion of variable pay at senior levels. For the MD & CEO and other wholetime Directors and KMPs/SMPs, compensation is sought to be aligned to both pre-defined performance objectives of the Company as well as prudent risk parameters. In addition, the Company has an Employees Stock Option Scheme and an Employee Stock Unit Scheme aimed at enabling employees to participate in the long-term growth and financial success of the Company through stock option grants/stock unit grants that vest over a period of time.

**Whether the Remuneration Committee reviewed the firm's remuneration policy during the past year, and if so, an overview of any changes that were made:**

The BNRC reviewed the Company's Compensation Policy at its meetings held on April 20, 2023, July 15, 2023 and October 14, 2023 respectively.

- Insurance Regulatory and Development Authority of India (IRDAI) had released 'Guidelines on Remuneration of Directors and Key Management Persons of Insurers' ('Compensation Guidelines') on June 30, 2023, with the objective of promoting the alignment of remuneration policies with the long-term interest of insurers to avoid excessive risk taking, thereby promoting sound overall governance of insurers and fair treatment of customers. These guidelines are applicable for remuneration payable to whole-time Directors (WTDs), Key Management Persons (KMPs) and Senior Management Persons (SMPs) of private insurers from Financial Year 2023-24.
- A comprehensive evaluation was undertaken of the Compensation Policy for compliance, consistency, and structure, and accordingly a new policy was proposed to the Committee, in line with the Compensation Guidelines. The key changes involved including a detailed section on effective governance of compensation, changes to the definition of variable pay for WTDs/KMPs/SMPs to include performance bonus and/or share-linked instruments, such as employee stock options or employees' stock units,

changes to the composition, mix and deferral of variable pay for WTDs/KMPs/SMPs, alignment of compensation to defined parameters & weightages to align compensation with the long-term interest of the Company for WTDs/KMPs/SMPs, malus and claw-back provisions for employees at levels where long-term pay is granted (including for deterioration of financial performance of the Company for WTDs/KMPs/SMPs), age & tenure restrictions for the MD & CEO, other WTDs and non-executive Directors, specific guidelines for compensation of staff in control functions, and enhanced disclosure & accounting requirements.

The revised compensation policy was approved by the BNRC and the Board at its meetings held on July 15, 2023 and July 18, 2023 respectively.

The policy was further amended by the BNRC and the Board in October 2023 to specify a cap on the age and continuous tenure of the MD & CEO, WTDs and KMPs/SMPs.

**Description of the ways in which current and future risks are taken into account in the remuneration processes.**

- The Company follows prudent compensation practices under the guidance of the Board and the Board Nominations & Remuneration Committee (BNRC). The Company's approach to compensation is based on the ethos of meritocracy and fairness within the framework of prudent risk management. The performance rating assigned to employees is based on an assessment of performance delivered against a set of defined performance objectives. These objectives are balanced in nature and comprise a holistic mix of financial, customer, people, process, quality, compliance objectives and/or any other parameters as may be deemed fit.
- For the MD & CEO, other wholetime Directors and KMPs/SMPs, compensation is sought to be aligned to both pre-defined performance objectives of the Company as well as prudent risk parameters.
- For the MD & CEO, other wholetime Directors and KMPs/SMPs, the quantum of bonus does not exceed a certain percentage (as stipulated in the Compensation Policy) of total fixed pay in a year; a minimum of 50% (as stipulated in the Compensation Policy) will be under deferment.

If the bonus amount is under ₹ 25 lacs, the deferment shall not be applicable. The deferment period would be spread over a minimum period of three years (deferment period). The frequency of vesting will be on annual basis and the first vesting shall not be before one year from the commencement of deferment period. The vesting shall be no faster than a prorata basis. Additionally, vesting will not be more frequent than on a yearly basis.

- The deferred part of the variable pay (performance bonus and long term pay in the form of stock options/stock units) for wholetime Directors and KMPs/SMPs is subject to malus, under which, the Company will prevent vesting of all or part of the variable pay in the event of an enquiry determining gross negligence or integrity breach.
- In malus clawback arrangements with wholetime Directors and KMPs/SMPs, the employee agrees to return, in case asked for, the previously paid variable pay to the Company in the events as stated in the Compensation Policy including gross negligence, misconduct, integrity breach, deterioration in financial performance.
- Errors of judgment shall not be construed to be breaches.

**Description of the ways in which the Company seeks to link performance during a performance measurement period with levels of remuneration.**

The Company's approach to compensation is based on the ethos of meritocracy and fairness within the framework of prudent risk management. The extent of variable pay for individual employees is linked to individual performance for sales frontline employees and to individual & organisation performance for non-sales frontline employees & employees in the management cadre. For the latter, the performance rating assigned is based on assessment of performance delivered against a set of defined performance objectives. These objectives are balanced in nature, and comprise a holistic mix of financial, customer, people, process, quality and compliance objectives and/or any other parameters as may be deemed fit. For the MD & CEO, other wholetime Directors and KMPs/SMPs to ensure effective alignment of compensation with prudent risk parameters, the Company takes into account various risk parameters along with other pre-defined performance objectives of the Company.

The meeting of Board Nomination and Remuneration Committee (BNRC) and the Board held on April 24, 2019 had approved the amendment to the definition of "Exercise Period". The revision to the definition was approved by the members of the Company at its Annual General Meeting held on July 17, 2019.

Further, the meeting of Board Nomination and Remuneration Committee (BNRC) and the Board held on April 17, 2021 and April 19, 2021 respectively had approved the increase in the limit of the number of shares issued or issuable since March 31, 2016 pursuant to the exercise of any Options granted to the Eligible Employees issued pursuant to the Scheme or any other stock option scheme of the Company, by 0.90% of the number of shares issued as on March 31, 2016, i.e. from a limit of 2.64% of the number of shares issued as on March 31, 2016 to 3.54%. The revision to the limit was approved by the members of the Company at its Annual General Meeting held on June 25, 2021.

As per the Revised Scheme, the aggregate number of shares issued or issuable since March 31, 2016 pursuant to the exercise of any Options granted to the Eligible Employees issued pursuant to the Scheme or any other stock option scheme of the Company, shall not exceed 3.54% of the number of shares issued at March 31, 2016. Further, pursuant to the Revised Scheme the maximum number of Options that can be granted to any Eligible Employee in a financial year shall not exceed 0.1% of the issued Shares of the Company at the time of grant of Options. The Revised Scheme provides for a minimum period of one year between the grant of Options and vesting of Options. The exercise price shall be determined by the Board Nomination & Remuneration Committee in

concurrence with the Board of Directors of the Company on the date the options are granted and shall be reflected in the award confirmation. Shares are allotted/issued to all those who have exercised their Options, as granted by the Board/BNRC of the Company in accordance with the criteria ascertained pursuant to the Company's Compensation and Benefit policy.

Pursuant to the SEBI (Share Based Employee Benefits) Regulations, 2014, the disclosures are available on the website of the Company at the following link <https://www.iciciprulife.com/about-us/corporate-policies.html>.

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,  
The Members,  
**ICICI Prudential Life Insurance Company Limited**  
ICICI Prulife Towers 1089  
Appasaheb Marathe Marg, Prabhadevi Mumbai – 400025

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **ICICI Prudential Life Insurance Company Limited** (“the Company”). The Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/ statutory compliances and expressing our opinion thereon.

#### AUDITOR’S RESPONSIBILITY:

Our responsibility is to express an opinion on the compliance of the applicable laws and maintenance of records based on audit. We have conducted the audit in accordance with the applicable Auditing Standards issued by The Institute of Company Secretaries of India. The Auditing Standards require that the Auditor shall comply with statutory and regulatory requirements and plan and perform the audit to obtain reasonable assurance about compliance with applicable laws and maintenance of records.

Based on our verification of the Company’s books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period from April 01, 2023 to March 31, 2024 (“the audit period”) complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanisms in place to the extent and in the manner reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2024, according to the provisions of:

## THE ANNUAL REPORT ON CSR ACTIVITIES FOR FY2024

### 1. Brief outline on Corporate Social Responsibility Policy of the Company:

Corporate Social Responsibility (CSR) has been a long-standing commitment at the ICICI Group and forms an integral part of the Company's activities. The Group's Contribution to social sector development includes several pioneering interventions, and is implemented through the involvement of stakeholders within the Company, the Group and the broader community. ICICI Foundation for Inclusive Growth (ICICI Foundation) was established in 2008 by ICICI Bank with a view to significantly expand the ICICI Group's activities in the area of CSR. Over the past few years ICICI Foundation has developed significant projects in specific areas, and has built capabilities for direct project implementation as opposed to extending financial support to other organizations.

The Company's objective is to proactively support meaningful socio-economic development in India and enable a larger number of people to participate in and benefit from India's economic progress. This is based on the belief that growth and development are effective only when they result in wider access to opportunities and benefit a broader section of society.

The CSR Policy of the Company sets the framework guiding the Company's CSR activities. It outlines the governance structure, operating framework, monitoring mechanism, and CSR activities that would be undertaken. The Board Sustainability and Corporate Social Responsibility (BSCSR) Committee is the governing body that articulates the scope of CSR activities and ensures compliance with the CSR Policy. The Company's CSR activities are largely focused in the areas of education, skill development and sustainable livelihoods, healthcare, financial inclusion and other activities as the Company may choose to select in fulfilling its CSR objectives. The Company supports programs and initiatives keeping "protection" as the core proposition and cornerstone of all its CSR initiatives as "protection" is core to the Company's business.

The Committee at its meeting held on October 17, 2014 had recommended the Corporate Social Responsibility Policy (CSR Policy) to the Board of the Company. The Policy indicates the activities to be undertaken by the Company, towards fulfilling its CSR objectives, in compliance with section 135 of the Companies Act, 2013.

Further, the Committee reviews the CSR Policy annually or as and when required

We have examined the compliance of conditions of Corporate Governance by ICICI Prudential Life Insurance Company Limited ("the Company"), for the year ended 31 March 2024, as stipulated in regulations 17 to 27, clauses (b) to (i) of regulation 46(2) and paragraphs C, D and E of Schedule V of the Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended from time to time ("Listing Regulations") pursuant to the Listing Agreement of the Company with Stock Exchanges.

### Management's Responsibility

3. The compliance of conditions of Corporate Governance as stipulated under the Listing Regulations is the responsibility of the Company's Management including the preparation and maintenance of all the relevant records and documents. This responsibility includes the design, implementation and maintenance of internal control and procedures to ensure the compliance with the conditions of Corporate Governance stipulated in the Listing Regulations.

### Auditors' Responsibility

4. Pursuant to the requirements of the Listing Regulations, it is our responsibility to provide a reasonable assurance whether the Company has complied with the conditions of Corporate Governance as stipulated in Listing Regulations for the year ended 31 March 2024.
5. Our examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.
6. We conducted our examination of the above corporate governance compliance by the Company in accordance with the Guidance Note on Reports or Certificates for Special Purposes (Revised 2016) and Guidance Note on Certification of Corporate Governance, both issued by the Institute of the Chartered Accountants of India (the "ICAI"), in so far as applicable for the purpose of this certificate.

The Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.

7. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

### Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above-mentioned Listing Regulations.
9. We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

### Restriction on use

10. Our obligations in respect of this certificate are entirely separate from, and our responsibility and liability is in no way changed by, any other role we may have as the statutory auditors of the Company or otherwise. Nothing in this certificate, nor anything said or done in the course of or in connection with the services that are the subject of this certificate, will extend any duty of care we may have in our capacity as statutory auditors of the Company.
11. The certificate is addressed and provided to the Members of the Company solely for the purpose of enabling the Company to comply with the requirement of the Listing Regulations and should not be used by any other person or for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this certificate is shown or into whose hands it may come without our prior consent in writing.

## I. INDUSTRY AND BUSINESS REPORT

### 1.1 Macroeconomic environment and outlook

#### 1.1.1 Growth and Inflation

The ongoing geopolitical conflict in the Middle East has had a significant impact on global economies. Geopolitical tensions, elevated inflation, and higher interest rates exerted pressure on the cost of living in various economies, including the advanced economies. However, the Indian economy has continued to display resilience, largely due to robust domestic demand, stronger manufacturing, and healthy investments.

Inflation rates across the globe have been subject to fluctuations in recent years. As of March FY2024, inflation<sup>1</sup> in the United States had decreased to 3.5%, a notable drop from the peak of 9.1% witnessed in June 2022. Similarly, the European Union experienced a decline in inflation<sup>2</sup> to 2.6% compared to the peak of 10.6% observed in October 2022. Meanwhile, inflation<sup>3</sup> in India had surged to 7.4% in July 2023, before easing to 4.9% in March 2024. Throughout the year, inflation has been persistent. Even though inflation has decreased globally from its CY2022 highs, it is still higher above the comfort level set by central banks. As a result, central banks, including the RBI, continue to hold a tight position and postpone reduction of interest rates. In addition, they have implemented measures to tighten liquidity to control inflation.

The average price of Brent crude oil<sup>4</sup> decreased to USD 82 per barrel in FY2024, as compared to USD 95 per barrel in FY2023, despite OPEC+(Organisation of the Petroleum Exporting Countries and allies led by Russia) supply cuts, geopolitical tensions, and the Red Sea crisis. The combination of increased oil output in the United States and weaker global demand contributed to maintaining crude prices largely stable. However, the geopolitical situation in the Middle East remains a cause for concern and could result in a rapid escalation in oil prices in the event of supply disruptions.

During the period of July-August 2023, inflation<sup>5</sup> in India surpassed the tolerance band range of 6.0%. This was followed by a decline to an average of 5.2% until March 2024. The increase in vegetable prices during this time, a seasonal phenomenon, contributed to the upward pressure on headline inflation. On a positive note, core inflation (excluding food & fuel) price index<sup>6</sup> remained consistently below 5.3% throughout the financial year and even decreased to as low as 3.2% in March 2024. Given the persistent elevation of global inflation, the Reserve Bank of India opted to maintain the repo rate<sup>7</sup> at a high of 6.5% since February 2023. Moving forward, the RBI's monetary policy decisions are likely to be influenced by domestic inflation and growth trends, as well as the stance of major central banks such as Federal Bank.

<sup>6</sup> Ministry of Statistics and Programme Implementation

In the recent years, Central Government of India has introduced several reforms aimed at expanding the manufacturing sector, including the Production-Linked Incentive (PLI) scheme and a recent initiative to promote Electric Vehicle (EV) manufacturing in the country. India has also been actively pursuing new Free Trade Agreements (FTAs) and has recently signed one with the European Free Trade Association (EFTA), comprising Iceland, Liechtenstein, Norway, and Switzerland. These measures are expected to create a favourable business environment for manufacturers, promote innovation and technology transfer, and enhance India's competitiveness in the global market.

The Government's efforts in developing robust infrastructure in the country have been notable. The capital expenditure<sup>8</sup> has recorded an average annual growth rate of 30.6% during FY2021–FY2024, and the Government has proposed an additional 17.0% growth in FY2025. The allocation of capital expenditure is significantly high in the most productive sectors, including roads, railways, defence, telecom and housing. The Government aims to bring the fiscal deficit<sup>9</sup> under control and has set a target of 5.1% and 4.5% for FY2025 and FY2026 respectively.

The Gross Domestic Product (GDP)<sup>10</sup> reported a strong growth of 8.2% in Q1-FY2024, accompanied by an 8.5% growth in Gross Fixed Capital Formation (GFCF)<sup>11</sup>. Economic growth in Q2-FY2024 remained robust at 8.1% year-on-year, as GFCF increased by 11.6% year-on-year driving the overall economic growth higher. In Q3-FY2024, growth in GFCF further surged to 10.6%, which increased GDP growth rate to 8.4%, while private consumption showed modest growth in all quarters. Advanced estimates suggest that GDP<sup>12</sup> is expected to attain a robust growth rate of 7.6% in FY2024, up from 7.0% in FY2023. Analyzing the trends in different sectors, the manufacturing industry witnessed a strong upturn in Q2-FY2024 and Q3-FY2024, while the service sector displayed resilience. However, the agricultural sector was relatively weak due to below-normal monsoons and discrepancies in spatial distribution.

The resilience of the Indian economy was also evidenced by the growth in credit. As of March 22, 2024, bank credit<sup>13</sup> growth stood at 16.3% year-on-year, indicating a stable economic activity. Industrial credit<sup>13</sup>, as of February 2024, recorded a growth of 9.1%, with micro and small<sup>13</sup> industries growing by 14.7%, medium-scale<sup>13</sup> industries by 12.5%, and large industries<sup>13</sup> by 7.1%. The India Purchasing Managers' Index (PMI)<sup>14</sup> index has exhibited a similar robustness and remained in the expansionary zone throughout FY2024. Both the manufacturing and services sectors contributed to this growth.

### 1.1.2 Financial markets

Central banks have signalled an end to rate hikes and are now contemplating a shift towards rate cuts, as concerns about inflation continue to wane. The Indian rupee has demonstrated remarkable resilience, emerging as one of the best performing currencies in recent times, with only a marginal depreciation of 1.4% from ₹ 82.2 in April 2023 to ₹ 83.4 in April 2024 against dollar.

The foreign exchange reserves<sup>15</sup> have registered a notable increase of 11.7%, rising from USD 578 billion in March 2023 to USD 646 billion as of March 2024. The inclusion of India's sovereign bond in JP Morgan and Bloomberg Bond index, coupled with the emphasis on fiscal consolidation in the FY2025 interim budget, provides a compelling argument for a stronger rupee.

The average 10-year Government of India bond yield<sup>16</sup> eased to 7.1% in March 2024 from 7.4% in March 2023, supported by the Government's fiscal consolidation efforts, the Reserve Bank of India's liquidity management, and foreign portfolio investment inflows. In FY2024, major global equity markets witnessed a surge due to a decline in global inflation, coupled with optimism regarding anticipated rate cuts in the upcoming year. In the Indian equity market, the NIFTY 50 index<sup>17</sup> gained 28.6% during the same period, primarily due to robust domestic economic growth and strong earnings in Q1-FY2024. The market consolidated in Q2-FY2024 and again rallied in Q3-FY2024 to achieve an all-time high, fuelled by strong domestic growth expectations, continued earnings momentum, and greater domestic and foreign participation. However, the market remained volatile in Q4-FY2024 due to budget and concerns raised by the Securities and Exchange Board of India (SEBI) over mid and small cap stock valuations, but ultimately ended close to an all-time high. During the period, Foreign Institutional Investors (FIIs)<sup>18</sup> and Foreign Portfolio Investors (FPIs)<sup>18</sup> injected around ₹ 2.1 trillion into the Indian equity market, while Domestic Institutional Investors (DIIs)<sup>18</sup> invested around ₹ 2.1 trillion. Net Foreign Direct Investment (FDI)<sup>19</sup> into India in FY2024 till February stood at ₹ 1.3 trillion, a decline from ₹ 2.1 trillion during the same period in FY2023.

### 1.1.3 Financial savings

According to recent data, domestic savings<sup>20</sup> in the Indian household sector demonstrated a 5.1% increase in FY2023, similar to the previous year, while its contribution to GDP declined to 18.4%. Moreover, gross financial savings<sup>21</sup>, expressed as a percentage of household savings, grew to 59.9% in FY2023.

Particulars	FY2022	FY2023
Nominal GDP (₹ trillion)	235.97	269.50

### 1.1.4 Macroeconomic outlook

As per the Reserve Bank of India's projections, the Indian economy is anticipated to record a GDP growth of 7.0% in FY2025, supported by robust domestic demand, manufacturing, and investment. Furthermore, the RBI foresees inflation to decelerate and stabilize at an average of 4.5% in FY2025. The growth of exports may remain subdued due to the global economic slowdown. The services sector is expected to continue contributing to the country's economic growth, while the agricultural sector's output is expected to improve, assuming normal monsoon conditions and the emergence of La-Nina. A shift in the current bullish stance by the RBI and other central banks of advanced economies will bode well for economic growth.

### 1.2 Insurance industry structure and developments

The total life insurance premiums<sup>22</sup> grew from ₹ 500.94 billion in FY2002 to ₹ 7,825.04 billion in FY2023 (14.0% CAGR). Additionally, new business premiums (retail weighted received premium)<sup>23</sup> grew from ₹ 116.00 billion in FY2002 to ₹ 1,089.75 billion in FY2024 (10.7% CAGR). As per Swiss Re, over CY2024–CY2028, total insurance premiums will grow by 7.1% in real terms, well above the global (2.4%), emerging (5.1%) and advanced (1.7%) market averages. At this rate, India will have the fastest growing insurance sector of the G20 countries.

The Indian life insurance industry has 26 companies including the Life Insurance Corporation of India (LIC). LIC contributes to 32.2% of the market share & the top five private sector companies together have 46.1% of the market share.

### 1.2.4 Contribution of the life insurance industry

Life insurance is a critical societal requirement in India, particularly given the current social security structure available in the country. It is a one-of-a-kind financial planning tool that offers families a financial safety net while also allowing them to achieve their long-term financial objectives and protect their family in the event of unforeseen circumstances. The life insurance sector provides a wide range of products for long term wealth creation. It also provides annuities for retirement planning and protection plans to safeguard one from any unforeseen event. Thus, the life insurance sector serves as a risk manager by providing coverage for investment, longevity, mortality, and morbidity risks.

The industry has covered 247.7 million lives through individual policies and 467.7 million lives through group policies, providing a total insurance cover of ₹ 295.4 trillion at March 31, 2023. The total death benefit paid to policyholders in FY2023 stood at ₹ 440.19 billion for the industry.

The Indian life insurance industry plays a key role in channelising household savings to the financial markets. The industry has been able to leverage its extensive

distribution network throughout the country to provide long term funds to both debt and equity markets. The life insurance industry also provides long term capital that is needed for infrastructure projects. The details of investments made in the infrastructure sector by the industry are as below:

₹ billion	March 31, 2021	March 31, 2022	March 31, 2023

## 1.2.5 Regulatory updates and developments for FY2024

### a) Policyholder

The IRDAI notified a consolidated regulation on policyholder protection covering aspects pertaining to advertisement, issuance of insurance policies, servicing of policies, claim settlement, grievance, outsourcing activities, places of doing business etc. The regulation aims at reducing the processing time taken by insurers for issuance of policy and claim settlement. Additionally, the regulation mandates electronic issuance of policies. The IRDAI has also made amendments to the Master Circular on unclaimed amounts and requires a separate Board approved policy for the same. Further, the detailed operating guidelines on protection of policyholders' interest are yet to be notified.

### b) Product

The IRDAI has extended the use-and-file approach to group life unit-linked, health, combi-insurance products and fund additions in unit-linked life insurance products. Additionally, modifications to withdrawn products including addition of riders, premium payment modes, payment frequencies for income benefit, reduction in interest rate for revivals/policy loans have also been permitted under this approach. This has effectively enhanced speed-to-market enabling insurers to offer products to address the evolving needs of customers.

A new regulation on insurance products has also been notified consolidating six existing regulations including regulations pertaining to unit-linked insurance products, non-linked insurance products, health insurance, micro insurance, minimum limits for annuities and other benefits, and acquisition of surrender and paid-up values. Further, the requirement of filing of advertisements have been done away with and a board approved advertisement committee has been made responsible to oversee all the advertisements utilized by the insurers and its distribution channels. Additionally, insurers are also now permitted to offer index unit-linked and index linked annuity products.

With respect to health insurance products, the requirement of minimum policy tenure of one year and a maximum tenure of three years has been omitted. Further, the flexibility to review and modify the premium subject to the premium being unchanged for at least a period of every block of three years has also been omitted.

Master circular on products providing further operational guidelines is awaited.

### c) Corporate Governance

The new Corporate Governance Regulations have been notified which require prior approval of the IRDAI for appointment of the Chairperson of the Board. Further, it also requires the Board to ensure that a Key Management Persons does not simultaneously hold more than one position that

could lead to conflict of interest such as 'business and control function' or 'two control functions'. The regulations further require the insurers to put in place a board approved Succession Plan and establish a comprehensive Climate Risk Management framework. Details with respect to operational aspects are expected to be notified.

### d) Distribution

On the distribution front, IRDAI has increased the flexibility that the insurers have in managing their expenses of management including commissions paid to their agents and intermediaries vide board policies. While the expenses of management are required to be managed at an overall participating and non-participating product category level, the quantum of commissions paid may be decided subject to the overall allowable expenses of management limits.

Further, in line with the vision of increasing insurance penetration in the country, IRDAI has notified the introduction of Bima Vahaks, a women centric dedicated distribution channel that is focused on enhancing insurance inclusion and creating awareness in every Gram Panchayat. These Bima Vahaks are permitted to sell Bima Vistaar product, a comprehensive insurance product with life, health and non-life benefits expected to be notified soon.

The IRDAI has also notified the revised obligations under rural and social sector based on the number of lives covered. This change is made, keeping in mind the objective of reaching the last mile and making insurance products accessible to every citizen.

With respect to the annuity service business, the Pension Fund Regulatory and Development Authority ("PFRDA") has issued a circular restricting Annuity Service Providers from deploying insurance agents/ intermediaries for sale of annuity products to National Pension System ("NPS") subscribers and mandated to utilise only direct channel.

### e) Digital ecosystem

In order to fully and efficiently utilise the digital ecosystems available, the IRDAI has initiated work on Bima Sugam, a common end-to-end platform for all insurance needs of the customer, wide range of participation from customers, insurers, agents, intermediaries, repositories and external databases/ecosystem life payment interface, account aggregator, Central Registry of Securitisation Asset Reconstruction and Security Interest ("CERSAI"), Unique Identification Authority of India ("UIDAI"), government databases etc. This platform is aimed at being used for sales, servicing and claims settlement of insurance products which will be a welcome change in the distribution architecture. The incorporation of a non-profit company for this purpose is under process. It will have 11 founding members and ICICI Prudential Life is one of them.

Further, the IRDAI has also guided insurers to actively participate in the Account Aggregator Framework as Financial Information User. In addition to this, insurers have also been advised to capture ABHA number of proposers created by the National Health Authority, if already existing or help customers to create them for both new and existing customers. This ecosystem when utilised fully would help both during the underwriting and claims settlement stage.

Further, the Central Government has also notified the Digital Personal Data Protection (“DPDP”) Act to provide for processing of digital personal data in a manner that recognises both the right of individuals to protect their personal data and the need to process such personal data for lawful purposes. The Government further notified Prevention and Regulation of Dark Patterns to ensure protection of consumer’s interest.

**f) Capital**

As a first step towards moving to a Risk Based Capital regime, the IRDAI had directed insurers to undertake a Quantitative Impact Study to assess the impact of the proposed framework for quantification of capital and solvency requirements following a Risk based approach. IRDAI is expected to undertake the next steps for further studies in this regard. Further, with the objective of aligning India with the global accounting standards, the Regulator has notified the phased implementation of IFRS/ Ind AS in the insurance sector. The Company has already implemented IFRS accounting for its foreign promoter and is ready to implement the same for India reporting whenever applicable.

**g) Anti-Money Laundering (AML)**

The Central Government notified amendments to the Prevention of Money-laundering (Maintenance of Records) Rules, 2005. Further, IRDAI amended the Master Guidelines on Anti-Money Laundering and Combating the Financing of Terrorism (AML/CFT), 2022. These amendments reduced the percentage of ownership of entitlement for a natural person to qualify as a beneficial owner for a partnership from fifteen to ten and provided for group-wide policies for sharing of information purposes of Customer Due Diligence (CDD) and AML/CFT risk management.

**1.3 Opportunities and Threats**

**1.3.1 Insurance under-penetration**

The life insurance penetration, measured as a percentage of GDP, has increased from 2.1% in FY2002<sup>24</sup> to 3.0% in FY2023<sup>25</sup>. At USD 70 in FY2023, the insurance density<sup>26</sup> (premium per capita) in India remains very low as compared to global average of USD 354. The macroeconomic factors such as growth in GDP and rise in per capita income, coupled with India’s young and working population, higher financial saving as a percentage of GDP, increasing urbanisation, increase in digitalisation and regulatory developments would continue to aid the growth of the Indian life insurance sector.

**1.3.2 Favourable demographics**

According to the United Nations estimates, the working population is expected to increase by 14% by the year 2030. With a median age of 28 years, India has a very young population. Both these factors are likely to fuel demand for life insurance products.

**1.3.3 Increasing urbanisation**

According to United Nations population division estimates, India’s urban population is expected to increase by 25.7% by the year 2030. Increased urbanisation is likely to lead to an improvement in the standard of living and provide better access to financial products such as life insurance.

### 1.3.4 Financial savings

India has a large pool of household savings and in FY2023, the ratio of household savings to GDP stood at 18.2%. The share of gross financial savings as a proportion of household savings was 59.9% in FY2023. The share of life insurance as a proportion of financial savings (including currency) in India was 18.0% in FY2023, aided by the improving customer value proposition of insurance products.

### 1.3.5 High protection gap

According to Swiss Re, the mortality protection gap for India is at USD 16.5 trillion which is relatively higher compared to the rest of the world. Protection coverage ratio which is the ratio between protection gap and protection needs is also very high for India. Sum assured to GDP ratio is significantly lower in India compared to the rest of the world. This provides a significant opportunity for Indian life insurance companies to address this gap and expand their protection business.

Retail credit has been growing at a CAGR of 16.8% from FY2014 to FY2023. This provides an additional opportunity for the insurance industry for the credit life business by providing mortality and morbidity cover to borrowers.

### 1.3.6 Pension opportunity

India's pension market is one of the lowest in the world with pension assets to GDP ratio at 6.5% in FY2023. There has been an increase in life expectancy<sup>27</sup> for Indians from 70 years in FY2020 to 74 years in FY2040.

According to the NSO report 2021, India's elderly population (aged 60 and above) is projected to touch 194 million in FY2031 from 138 million in FY2021, a 41.0% increase over a decade. Only 23% of this population are either saving or planning to save for their retirement. This leaves 77% of Indians primarily dependent on their children instead of their own wealth, which is likely to create a significant deficit with the joint family system giving way to the nuclear family system. Additionally, with an increase in life expectancy, the post-retirement period for males has increased from 17 years during FY2000-FY2005 to 19 years in FY2012 and is further expected to increase to 20 years in FY2030. Given that the annuity product can be offered only by life insurance companies, it offers a significant business opportunity for the life insurance industry. While people may look at alternative ways to save for retirement, only an annuity product can provide a guaranteed income for life and hence should take priority in an individual's retirement planning process.

**1.4 Strategy and performance of the Company**

In the context of this overall opportunity detailed above, the Company's primary focus continues to be growth of absolute Value of New Business (VNB) through the 4P strategy of Premium growth, Protection business growth, Persistency improvement and Productivity enhancement, while ensuring focus on customer-centricity and imbibing sustainable practices within the business processes. The Company believes that the 4P strategy is appropriate in the context of the large life insurance opportunity in the country, coupled with the objective to grow the VNB. The Company has a 4D framework which drives the 4P strategy in order to make sure the Company stays true to the philosophy and improves performance across all 4P strategic elements.

The elements of the 4D frameworks are Data analytics, Diversified propositions, Digitalisation and Depth in Partnerships, with focus on quality business in a risk calibrated manner. This framework will ensure products are aligned with the customer needs, are designed to meet those needs most effectively, are developed with the highest quality standards and are delivered through the most appropriate channels. Also, this framework will help the Company provide simplified and hassle-free processes to the customers across the product lifecycle.

**1.4.1 4P Strategy: Premium growth, Protection business growth, Persistency improvement and Productivity enhancement**
**a) Premium Growth**

The Company endeavours to grow premium through:

- **Enhancing distribution:** The Company has been continuously investing in building distribution capacity especially in the proprietary channel, continuous product & process innovation, digitalisation & data analytics geared to simplify

the business operations, aimed at enhancing customer experience. The Company is also focused on expanding the distribution network through the acquisition of new partners as well investing in creation of new sourcing channels. The Company will look to strengthen its distribution network through a closer mapping of distribution segments with customer segments and products.

- **Growing annuity line of business:** The Company would continue to cater to the retirement savings need of customers while managing the investment risk appropriately.
- **Deepening penetration in under-served customer segments:** The Company will continue to focus on broadening the customer base through initiatives spanning across both distribution and products.

**Progress:** Annualised Premium Equivalent (APE) grew by 4.7% from ₹ 86.40 billion in FY2023 to ₹ 90.46 billion in FY2024. Within channel segments, agency APE grew by 15.6%, direct business APE grew by 20.0%, bancassurance APE grew by 2.3%, partnership distribution APE declined by 8.1%, and group APE declined by 8.0% in FY2024. On the products side, the strategy of continuous product innovation with the objective of delivering superior value propositions to the customers has resulted in strong growth across most product segments. Annuity business APE grew by 88.0%, linked business APE grew by 26.1%, retail protection APE grew by 46.6% & group funds APE grew by 4.6% in FY2024.

**Channels**

Group	3.06	3.20
<b>Protection</b>	<b>15.04</b>	<b>15.25</b>
<b>Total</b>	<b>86.40</b>	<b>90.46</b>

### b) Protection Business Growth

The Company has been focused on expanding the protection business & believes it offers strong growth opportunities. This would be done by offering protection products across channels, penetrating the online term insurance market and partnering with loan providers to offer coverage against loans. Given the current levels of under-penetration, retail protection business growth presents a multi-decadal opportunity, while credit life and group term business also offer significant opportunities as the Company witness growth in credit and the economy.

**Progress:** The overall protection APE stood at ₹ 15.25 billion in FY2024 with contribution from credit life business at 39.4%, retail protection at 31.4% and group term at 29.2%. The retail protection business has registered a strong year-on-year growth of 46.6% in FY2024 Credit life business has also grown by 25.2% year-on-year in FY2024 in line with the strong credit growth in the economy while the group term business has declined in FY2024.

APE (₹ billion)	FY2023	FY2024
Retail protection	3.26	4.78
Credit Life	4.81	6.02
Group term	6.97	4.45
<b>Total</b>	<b>15.04</b>	<b>15.25</b>

### c) Persistency Improvement

The Company believes persistency is probably the most effective indicator of the quality of sale and is a barometer of customer experience. This parameter tracks the percentage of customers renewing their policies. The Company has developed AI models which predict future persistency behaviour of the customer at various stages, and these enable them to take appropriate interventions. The Company will continue to invest in data science & customer-centric analytics engines to further improve the persistency.

**Progress:** The 13<sup>th</sup> month persistency ratio improved by 240 basis points to 89.0% in FY2024. Similarly, the 49<sup>th</sup> month persistency ratio also improved by 430 basis points to 68.5% in FY2024.

Particulars	FY2023	FY2024
13 <sup>th</sup> month	86.6%	89.0%
25 <sup>th</sup> month	77.8%	80.5%

Regular and Limited pay persistency in accordance with IRDAI circular on 'Public Disclosures by Insurers' dated September 30, 2021; 12 month rolling persistency for March to February measured at March 31

### d) Productivity Enhancement

The productivity improvement initiatives are targeted at improving cost ratios. Technology and process

re-engineering have been at the centre of the efforts to drive productivity improvement. The Company would continue to leverage the digital platform to improve customer experience and efficiency of the service operations.

**Progress:** The total expenses grew by 21.6% for FY2024. The increase in new business commission is attributed to the redesign of commission structure pursuant to the flexibility provided in IRDAI (Payment of Commission) Regulations. Additionally, the Company has been investing in capacity creation to support future growth. The investments made, though front ended, are necessary to deliver long-term sustainable growth for the Company.

The overall cost to Total Weighted Received Premium (TWRP) stood at 24.0% and the cost to TWRP ratio for the savings business at 15.8% for FY2024. The Company monitors cost ratios for the savings line of business separately. The objective is to bring efficiency in the savings line of business while the Company continues to focus on growth in the protection business. The cost to average assets under management has been stable at 2.7% for FY2024.

Particulars	FY2023	FY2024
Cost/TWRP	21.5%	24.0%
Cost/Average AUM	2.6%	2.7%
Cost/TWRP (Savings Line of Business)	14.2%	15.8%

### 1.4.2 Value of New Business (VNB)

For FY2024, Value of New Business (VNB) was ₹ 22.27 billion and with an APE of ₹ 90.46 billion, VNB margin stood at 24.6%. The decline in VNB margin is primarily on account of the shift in underlying product mix towards unit-linked and participating business from non-participating business, decline in group term business and higher expense ratio for the current year. The contribution of FY2024 VNB from protection products is at 51.4%, non-linked saving products is at 36.9% and unit-linked products is at 11.7%.

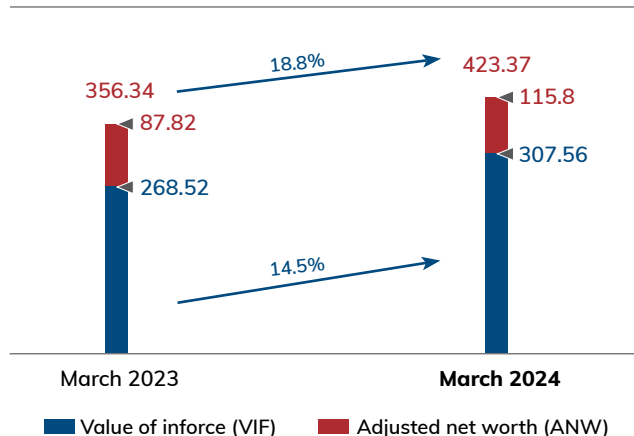

#### VNB Contribution (₹ billion)

### 1.4.3 Embedded Value

Embedded Value (EV) is a measure of the consolidated value of the Shareholders' interest in the life insurance business. It is calculated as the sum of the Company's adjusted net worth (ANW) and the value of in-force business (VIF). The VIF includes the present value of future profits attributable to Shareholders from the in-force business of the Company (which includes the new business written during the previous year). The calculation of VIF also reflects adjustments for various risks within the business. The Company's EV grew by 18.8% year-on-year from ₹ 356.34 billion at March 31, 2023 to ₹ 423.37 billion at March 31, 2024. Value of Inforce (VIF) business grew by 14.5% year-on-year.

### Embedded Value (₹ billion)

### Analysis of movement for the year ended March 31, 2024 (₹ billion)

1: EVOP is the embedded value operating profit net of tax

2: ROEV is the return on embedded value net of tax

EV Results prepared as per APS 10 and reviewed by Milliman Advisors LLP  
Components may not add up to the total due to rounding off

Embedded Value Operating Profit (EVOP) for FY2024 was ₹ 50.17 billion in FY2024. Operating assumption change is a small positive ₹ 0.70 billion. Persistency variance is a negative ₹ 0.56 billion which is largely due to increase in later duration surrenders in the unit-linked portfolio because of equity market buoyancy. Total economic and investment variance is positive ₹ 16.91 billion due to shift in the yield curve and equity market movement.

### 1.5 Solvency

The Company's solvency ratio at March 31, 2024 was 191.8%, well above the regulatory minimum required level of 150%.

### 1.6 Company outlook

The life insurance industry has experienced significant growth over the past two decades, yet there remains substantial potential for further expansion and increased market penetration. The robust economic progress, rising disposable income, and favorable demographic trends in India, characterized by a burgeoning middle class, a youthful insurable population, and heightened awareness regarding the necessity for protection and retirement planning, are poised to underpin the advancement of the Indian insurance sector.

The large protection gap in India coupled with a low sum assured to GDP ratio suggests significant opportunities for the protection business. Retail credit growth provides further opportunity for the credit protect business. The Company expects to leverage both these trends to grow protection business at a rate higher than the savings business growth rate over a medium term.

Customer centricity continues to be at the core of the strategy. The Company has worked on various building blocks of business with the efforts pivoted towards balancing growth, risk & prudence and profitability. The Company currently has the capability to provide the right product to the right customer and deliver it through the most appropriate channel. Going ahead, the Company will capitalise on the same to target untapped markets to expand the customer segments.

Through various customer awareness initiatives, the Company expects to drive continued improvement in persistency and quality parameters that will ultimately help customers get the intended benefits from their policies. Additionally, data sciences, analytics and innovation have enabled the Company to leverage data and information, which helps in improving various processes such as distribution, operations, etc. and to identify new growth opportunity. The Company expects these initiatives to result in improving productivity. The Company will continue to invest in organisational capabilities such as People, Process, Technology & Analytics, Distribution & Product to ensure it delivers sustainable growth and profitability along with managing risk & prudence.

### 1.7 Risks and concerns

Indian life insurance industry is highly competitive with 26 companies operating in the market. Indian consumer demands are changing continuously which requires companies to modify their offerings in alignment with customer needs. This poses an opportunity as well as risk to the industry as inability to meet the consumer demand would hamper the growth.

Some of the macroeconomic and policy factors which could be risks for the industry are:

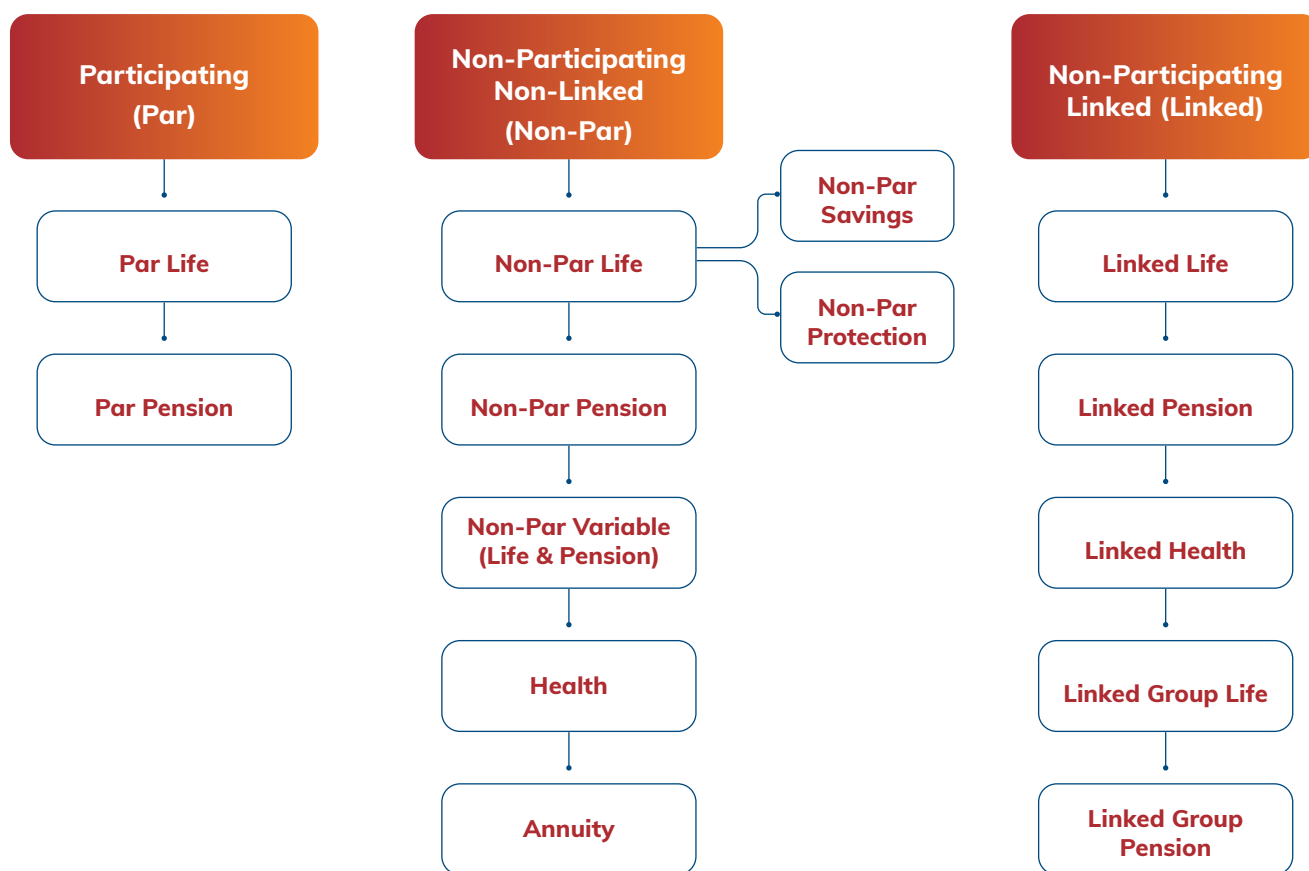

- 1) Higher interest rate creating stress on the global financial system
- 2) Slowdown in GDP and GDP per capita growth rates
- 3) Geo-political conflict worsening global economic and financial environment, exacerbating inflationary pressures globally
- 4) Global slowdown of the financial market and economies contributing to weakness in the Indian financial and economic environment
- 5) Weak credit environment and economic challenges leading to increased credit risk within fixed income portfolio
- 6) Superior return on physical savings
- 7) Inferior fund performance in comparison to other savings instruments
- 8) Changes in tax rate structure for the industry and its products
- 9) Possibility of tax demands from the revenue authorities based on their interpretation of their findings during investigation / assessments on the Insurance companies
- 10) Highly coordinated cyber-attacks leading to loss of confidentiality and thereby causing adverse impact

The Company recognises that risk is an integral element of the business and controlled administration of risk is essential for generation of Shareholder value. The Company has instituted an enterprise risk management framework which details the governance and management of all aspects of risks. A detailed review of the Company's risk exposures to market, credit, liquidity, insurance, operational, reputation and other emerging risks, as well as the key control processes is set out in the 'Enterprise Risk Management' section of this Report in page 184.

## II. DISCUSSION ON FINANCIAL PERFORMANCE AND ANALYSIS OF FINANCIAL STATEMENTS

### A. Overview of Lines of Business (LOB)

The Company operates in various lines of business in retail and group segment. A brief description of the products under each line of business is given below:

1. **Participating (Par) products** – These are products where the policyholder is entitled to 90% share of the surplus emerging in the participating funds and the balance 10% share of surplus belongs to the shareholders. The participating fund is managed by the Company and the surplus emerging in the fund is added back to the policies in the form of bonuses. The shareholders' profits arising from the participating business depend on the total bonuses declared to policyholders on an annual basis. Currently, shareholders' share of profit is one-ninth of the bonus declared to the policyholders. Any balance surplus in this segment is accumulated under the head 'Funds for future appropriation' in the Balance sheet, to be distributed to policyholders and shareholders in the future. The amount of bonuses declared to policyholders is influenced by the actual returns on investments and the expectation of future rates of return. The Company has participating life and participating pension lines of business.

2. **Non-participating (non-par) non-linked products** - These products provide pre-defined benefits at the policy's inception for specified events and the policyholder is not entitled to any share in

the surplus that arises from the investment fund. Any surplus that emerges in the non-participating business is transferred to shareholders' accounts based on the Appointed Actuary's recommendation. Non-participating non-linked products include non-participating life (savings and protection), non-participating pension, non-participating variable (life and pension), annuity, health, etc.

a. **Non-participating life:**

**Non-participating savings** – Non-participating savings plans are endowment assurance contracts that pay a benefit upon the life assured surviving the stipulated date or on the life assured's death before maturity. These plans meet the long-term savings needs of customers and the life cover component ensures that the customer's family is financially secure.

**Non-participating protection** – Non-participating protection plans are contracts that pay a specified amount on the occurrence of certain events such as death, disability or critical illness during the policy's term. These cost-effective protection plans provide a 360-degree financial safety net to customers and

their families by paying a lump sum amount when an event covered under the product occurs.

- b. **Non-participating pension** – These products help customers build a retirement corpus and pay a specified benefit or interest from time to time.
- c. **Non-participating variable (Life & Pension)** – These products offer benefits that are partially or wholly dependent on the performance of an approved external index or benchmark.
- d. **Annuity** - Annuities provide a series of guaranteed payouts to the annuitant at regular intervals in return for a certain sum paid upfront or the option to pay premiums for a certain period. A deferred annuity is a contract to pay out regular amounts of benefit to the annuity holder at the end of the deferred period (the vesting date) when annuity payment commences for a specified period such as number of years or for life. An immediate annuity is a contract to pay out regular amounts of benefit wherein the contract commences payments immediately after commencement of the contract.
- e. **Health** – These products provide a fixed benefit on specified health events such as the diagnosis of a specified illness.

Of the above, protection business includes term assurance and health line of business for both retail and group.

- 3. **Non-participating (non-par) linked products** - These products provide returns that are directly linked to the performance of an approved index or the value of the underlying assets. The investment risk in these products is borne by the policyholder. The products have a transparent charge structure, including the charge for either life cover or health cover. Any surplus that arises in the case of non-participating linked business is transferred to shareholders' accounts based on the recommendation of the Appointed Actuary. The Company has linked life, pension, health, and group line of business.

## B. Standalone financial statements

### a. Results from operations:

The Company's financial statements comprise two primary accounts - the Revenue account (also known as the policyholders' account) and the Profit and loss account (also known as the shareholders' account). The Revenue account contains the income and expenses related to policyholders, and the surplus generated in this account is appropriated to the Profit and loss account based on the recommendation of the Appointed Actuary. A deficit in any line of business in the Revenue account is funded from the Profit and loss account. Other than the transfers to and from the Revenue account, the Profit and loss account contains the income and expenses pertaining to shareholders. The surplus remaining in the Revenue account, which has not been appropriated to the Profit and loss account, is held as Funds for future appropriations (FFA) and is reflected in the Balance Sheet. Funds for Future Appropriation represent funds that have not been explicitly allocated to either policyholders or shareholders at the balance sheet date.

The various lines of business disclosed in the Revenue account are as per the requirements of IRDAI regulations. However, for analysis of our Revenue account, it can be viewed from three broad lines of business as given above i.e., participating, non-participating (including non-participating life (savings and protection), non-participating pension, non-participating variable life, non-participating variable pension, annuity, health) and linked. Shareholders' profits in participating lines of business depend on the total annual bonuses declared to policyholders. Currently, one-ninth of the bonus declared to policyholders is transferred to shareholders. In the non-participating line of business, profits arise primarily from premium and investment income net of expenses, claims, and policyholders' liabilities. In the linked business, profits primarily arise from charges levied on the policyholders' fund net of expenses, claims, and policyholders' liabilities.

**Element-wise analysis of the Revenue account and Profit and Loss account is given below:**
**1. Gross premium (Revenue account)**

The following table sets forth, for the periods indicated, the summary of gross premium income:

Line of business	FY2023				FY2024			
	First year	Renewal	Single	Total	First year	Renewal	Single	Total
	(₹ billion)							
<b>Retail</b>

<sup>1</sup> Group includes policy sourced to group customers under par, non-par, and linked line of business.

The gross premium increased by 8.3% from ₹ 399.33 billion in FY2023 to ₹ 432.36 billion in FY2024 primarily on account of an increase in group single premium and retail initial and renewal premium in the non-participating segment.

The total retail premium increased from ₹ 313.17 billion in FY2023 to ₹ 332.47 billion in FY2024 primarily on account of higher premiums in retail savings (non-participating and participating segments), retail protection and ULIP segments.

The total group premium increased from ₹ 86.16 billion in FY2023 to ₹ 99.88 billion in FY2024 primarily on account of an increase in group micro insurance, superannuation, and credit life businesses.

**2. Reinsurance (Revenue account)**

Reinsurance premium ceded increased by 7.3% from ₹ 13.76 billion in FY2023 to ₹ 14.76 billion in FY2024 primarily on account of an increase in group protection business, in line with new business growth. No reinsurance premium was accepted in FY2024.

**3. Investment income (Revenue account)**

The following table sets forth, for the periods indicated, summary of income from investments:

Particulars	FY2023			FY2024		
	Non-linked <sup>1</sup>	Linked	Total	Non-linked <sup>1</sup>	Linked	Total
	(₹ billion)

<b>Investment income (net)</b>	<b>56.07</b>	<b>43.03</b>	<b>99.10</b>	<b>82.74</b>	<b>383.24</b>	<b>465.98</b>

<sup>1</sup> Includes participating and non-participating line of business

**Non-linked:** The investment income of the non-linked line of business increased from ₹ 56.07 billion in FY2023 to ₹ 82.76 billion in FY2024 primarily on account of an increase in the interest income corresponding to an increase in interest-earning assets, and an increase in the net profit on sale of investments.

**Linked:** The investment income of the linked line of business increased from ₹ 43.03 billion in FY2023 to ₹ 383.23 billion in FY2024. The investment income for the linked line of business includes income on the unit-linked portfolio which has increased from ₹ 42.03 billion in FY2023 to ₹ 382.03 billion in FY2024 and is directly passed on to the policyholders with the corresponding changes in the fund reserve. The unrealised gain/(loss) of the linked line of business increased from a loss of ₹ 72.74 billion in FY2023 to a gain of ₹ 216.75 billion in FY2024.

#### 4. Other Income (Revenue account)

Other income includes fees and charges, income on unclaimed amount of policyholders and other miscellaneous income. The other income increased from ₹ 1.51 billion in FY2023 to ₹ 2.04 billion in FY2024 primarily on account of an increase in interest income on policy loans in line with the increase in the loans given to policyholders against policies.

#### 5. Contribution from shareholders' account (Revenue account):

Contribution from Shareholders' account represents the funding from the Profit and loss account (Shareholders' account) to various lines of business in case of a deficit in any line of business and also includes expense of management in excess of allowable limit in Participating and Non-Participating (including linked) business segment (Refer note 3.51 of schedule 16).

Contributions towards excess of expenses of management reduced from ₹ 2.66 billion in FY2023 to NIL in FY2024. Contributions from Shareholders' towards deficit funding increased from ₹ 15.37 billion in FY2023 to ₹ 17.93 billion in FY2024. This is primarily on account of higher new business strain<sup>30</sup> in the annuity segment.

#### 6. Commission expense (Revenue account)

The following table sets forth, for the periods indicated, summary of commission expense:

Particulars	₹ billion	
	FY2023	FY2024
First year commission	11.66	15.42
Single commission	1.58	10.97
<b>New business commission</b>	<b>13.24</b>	<b>26.39</b>
Renewal commission	4.28	4.65
<b>Total commission</b>	<b>17.52</b>	<b>31.04</b>
Rewards <sup>1</sup>	1.12	6.18
<b>Total Commission including Rewards</b>	<b>18.64</b>	<b>37.22</b>
Commission rate <sup>2</sup>	5.8%	9.5%

<sup>1</sup> Represents rewards as defined under IRDAI (Payment of commission or remuneration or reward to Insurance agents and Insurance intermediaries) regulations, 2016.

<sup>2</sup> Commission/(total premium- 90% of single premium).

The total commission, including rewards expenses, increased from ₹ 18.64 billion in FY2023 to ₹ 37.22 billion in FY2024 on account of changes in the commission structure pursuant to the Insurance Regulatory and Development Authority of India (Expenses of Management, including Commission, of Insurers) Regulations, 2024.

The new business commission increased from ₹ 13.24 billion in FY2023 to ₹ 26.40 billion in FY2024. Renewal commission increased from ₹ 4.28 billion in FY2023 to ₹ 4.65 billion in FY2024 in line with increase in renewal premium. Rewards expenses increased from ₹ 1.12 billion in FY2023 to ₹ 6.18 billion in FY2024.

#### 7. Operating expenses related to insurance business (Revenue account)

The following table sets forth, for the periods indicated, summary of operating expenses relating to insurance business:

Particulars	₹ billion	
	FY2023	FY2024
Employee related expenses	14.46	16.24
Advertisement & sales related expenses	18.71	12.92
Other expenses	12.74	12.14
<b>Total operating expenses</b>	<b>45.91</b>	<b>41.31</b>

The total operating expenses relating to insurance business decreased from ₹ 45.91 billion in FY2023 to ₹ 41.31 billion in FY2024.

Employee related expenses increased from ₹ 14.46 billion in FY2023 to ₹ 16.24 billion in FY2024. This was due to an increase in employee headcount, which increased from 17,825 at March 31, 2023 to 18,907 at March 31, 2024 coupled with an overall rise in wages.

Advertisement and sales related expenses decreased from ₹ 18.71 billion in FY2023 to ₹ 12.92 billion in FY2024 primarily on account of a decrease in the advertisement and publicity related activities during FY2024.

The other expenses decreased from ₹ 12.74 billion in FY2023 to ₹ 12.14 billion in FY2023 primarily on account of a decrease in professional charges to support business.

#### 8. Goods and service tax charge on linked charges (Revenue account)

The Goods and service tax (GST) charge on linked charges represents the tax payable on the charges collected on linked products, which is collected from policyholders. The GST charge on linked charges decreased from ₹ 6.61 billion in FY2023 to ₹ 6.60 billion in FY2024.

<sup>30</sup> New business strain arises when the premium paid at the commencement of a contract is not sufficient to cover the initial expenses including acquisition costs and any mathematical reserve that our Company needs to set up at that point.

## 9. Benefits paid (net) and interim bonus paid (Revenue account)

The following table sets forth, for the periods indicated, summary of benefits paid:

Particulars	₹ billion)	
	FY2023	FY2024
Surrender claims	235.52	299.75
Maturity and annuity claims	42.44	58.01
Mortality (death) claims	34.62	44.00
Survival benefits and other claims <sup>1</sup>	9.24	12.13
Amount recovered from reinsurers	(11.78)	(13.83)
<b>Total</b>	<b>310.04</b>	<b>400.06</b>

<sup>1</sup>Includes interim bonus paid.

Benefits paid (net of reinsurance) and interim bonus paid increased from ₹ 310.04 billion in FY2023 to ₹ 400.06 billion in FY2024. The increase was primarily on account of an increase in surrender claims in the linked business coupled with an increase in other benefits as guaranteed to the policyholders.

## 10. Change in valuation of policy liabilities (Revenue account)

The following table sets forth, for the periods indicated, summary of the changes in valuation of liabilities:

Particulars	₹ billion)	
	FY2023	FY2024
Gross: Policy liabilities (non-unit/mathematical reserves)	155.23	196.31
Amount ceded in reinsurance	11.01	2.25
Amount accepted in reinsurance <sup>1</sup>	0.01	(0.01)
<b>Change in non-unit/mathematical reserves (net) (A)</b>	<b>166.25</b>	<b>198.55</b>
Fund reserve	(53.09)	226.85
Funds for discontinued policies	(14.99)	(19.01)
<b>Change in fund reserve (B)</b>	<b>(68.08)</b>	<b>207.84</b>
<b>Total change in the valuation of policy liabilities (A+B)</b>	<b>98.17</b>	<b>406.39</b>

<sup>1</sup> Change in valuation of policy liabilities in respect of reinsurance accepted in non-participating line of business amounts to ₹ (5,959) thousand for the year ended March 31, 2024 (₹ 5,436 thousand for FY2023)

Change in non-unit/mathematical reserves (net of amount ceded in reinsurance) increased from ₹ 166.25 billion in FY2023 to ₹ 198.55 billion in FY2024 reflecting the new business written and change in valuation assumptions.

Change in fund reserve (including discontinued policies), which represents liability carried on account of units held by unit-linked policyholders, increased from ₹ (68.08) billion in FY2023 to ₹ 207.84 billion in FY2024 primarily due to higher investment income.

## 11. Provision for taxation (Revenue account)

The provision for taxation shown in the Revenue accounts represents tax charged on the total surplus (grossed up for bonus) of the participating line of business in the Revenue account, in line with the Company's accounting policy and the directions issued by the IRDAI. The provision for taxation decreased from ₹ 1.84 billion in FY2023 to ₹ 1.08 billion in FY2024 primarily on account of higher tax exemptions availed.

## 12. Surplus after tax (Revenue account) and Net transfer to shareholders' account

As a result of the above changes in income and expenses, surplus after tax in the Revenue account decreased from ₹ 23.02 billion in FY2023 to ₹ 10.90 billion in FY2024.

The surplus generated in the Revenue account after setting aside funds for future appropriation is transferred to Profit and loss account (Shareholders account) based on the recommendation of the Appointed Actuary. The net transfer to/(from) shareholders' account decreased from ₹ 2.14 billion in FY2023 to ₹ (3.21) billion in FY2024.

Segment-wise net transfer to shareholders' account is as under:

Particulars	₹ billion)	
	FY2023	FY2024
Participating business	1.01	1.09
Non-participating business	(15.28)	(17.93)
Linked business	16.41	13.63
<b>Net transfer to/(from) shareholders' account</b>	<b>2.14</b>	<b>(3.21)</b>

**Participating business:** The surplus in the Revenue account for the participating line of business is net of bonus and interim bonus. The surplus (grossed up for bonus) decreased from ₹ 12.97 billion in FY2023 to ₹ 7.04 billion in FY2024. The shareholders' profits in participating business depend on the total bonuses declared to the policyholders. Currently, one-ninth of the bonus declared to policyholders is transferred to shareholders. The transfer to shareholders for the participating line of business increased marginally from ₹ 1.01 billion for FY2023 to ₹ 1.09 billion for FY2024.

**Non-participating business:** The surplus in the Revenue account for non-participating line of business arises primarily from premium and investment income net of expenses, claims, and policyholders' liabilities. The deficit in the non-participating line of business before contribution from shareholders increased from ₹ 15.28 billion in FY2023 to ₹ 17.93 billion in FY2024 primarily on account of higher new business strain in annuity business.

**Linked business:** The surplus in the Revenue account for the linked lines of business arises primarily from charges levied on the policyholders' fund net of expenses, claims and policyholders' liabilities. The surplus in linked line of business before contribution from shareholders decreased from ₹ 16.41 billion in FY2023 to ₹ 13.63 billion in FY2024 primarily on account of higher non-unit reserves and lower incomes from linked policies.

### 13. Investment and other income (Profit and loss account)

The following table sets forth, for the periods indicated, summary of income from investments:

Particulars	₹ billion	
	FY2023	FY2024
Interest, dividend and rent	6.07	6.49
Profit/(loss) on sale of investments	2.82	7.24
Accretion of discount/ (amortisation of premium)	(0.12)	(0.03)
Provision for diminution in the value of investments	(0.92)	(0.36)
<b>Investment income (net)</b>	<b>7.85</b>	<b>13.34</b>
Other income	0.01	0.14
<b>Total income</b>	<b>7.86</b>	<b>13.48</b>

Investment income (net) increased from ₹ 7.86 billion in FY2023 to ₹ 13.48 billion in FY2024 primarily on account of increase in profit on the sale of investments. Interest, dividend, and rent increased from ₹ 6.07 billion in FY2023 to ₹ 6.49 billion in FY2024 primarily on account of an increase in interest income due to an increase in the interest-earning assets. Profits and losses are recognized as the portfolio is realigned based on the market conditions and expected attractiveness of securities and sectors. During FY2024, the profit on the sale on investments (net of loss on the sale of investments and provision for diminution in value of investments) increased from ₹ 1.90 billion in FY2023 to ₹ 6.88 billion in FY2024.

Other income increased from ₹ 0.01 billion in FY2023 to ₹ 0.14 billion in FY2024.

### 14. Expenses other than those directly related to insurance business (Profit and loss account)

Expenses other than those directly related to the insurance business increased from ₹ 1.02 billion in FY2023 to ₹ 1.04 billion in FY2024 on account of increase in managerial remuneration offset by decrease in other expenses. Corporate social responsibility expenses (CSR expenses) are charged to Profit and loss account and decreased from ₹ 0.04 billion in FY2023 to ₹ 0.03 billion in FY2024.

### 15. Provision for tax (Profit and loss account)

Tax on other than participating line of business and shareholders income is shown in Profit and loss account. Provision for tax has decreased from ₹ 0.86 billion in FY2023 to ₹ 0.71 billion in FY2024 on account of decrease in taxable surplus computed as per Income tax Act, 1961.

### 16. Profit after tax (Profit and loss account)

Profit after tax increased from ₹ 8.11 billion in FY2023 to ₹ 8.52 billion in FY2024 primarily due to increase in investment incomes.

#### b. Financial position

The following table sets forth, for the periods indicated, the financial position of the Company:

Particulars	₹ billion	
	March 31, 2023	March 31, 2024

#### 1. Shareholders fund & capital position

The following table sets forth, for the periods indicated, the details of shareholders' fund of the Company:

Particulars	₹ billion	
	March 31, 2023	March 31, 2024
Equity share capital	14.39	14.41
Share premium	35.30	36.09
Balance of profit in profit and loss account	48.09	55.75
Fair value change account	2.80	3.45
Revaluation reserve	0.34	0.39
<b>Shareholders' fund (net-worth)</b>	<b>100.92</b>	<b>110.09</b>
<b>Solvency ratio</b>	<b>208.9%</b>	<b>191.8%</b>

During FY2024, there were no capital infusions except for the exercise of stock options to employees under the Employee Stock Option Scheme.

The net worth of the Company increased from ₹ 100.92 billion at March 31, 2023 to ₹ 110.08 billion at March 31, 2024 primarily on account of an increase in balance of profit in profit and loss account.

The balance of profit in profit & loss account increased from ₹ 48.09 billion in FY2023 to ₹ 55.75 billion in FY2024 on account of profit for the year.

The Company had performed an independent valuation of its investment property, which resulted in an increase in revaluation reserve from ₹ 0.34 billion (Historical cost: ₹ 3.65 billion; revalued amount: ₹ 3.99 billion) at March 31, 2023 to ₹ 0.38 billion (Historical cost: ₹ 3.65 billion; revalued amount: ₹ 4.04 billion) at March 31, 2024.

Fair value change account represents the unrealised gains/loss on equity securities and mutual funds and it increased from ₹ 2.80 billion at March 31, 2023 to ₹ 3.45 billion at March 31, 2024. The movement in the fair value change account is a function of the performance of the equity markets and the mix of equity and mutual funds in the portfolio.

The Company had a solvency ratio of 191.8% at March 31, 2024, compared to the regulatory minimum required level of 150%.

## 2. Borrowings

The Company had issued non-convertible debentures of ₹ 12.00 billion in FY2021 with coupon rate of 6.85% per annum payable annually. The outstanding balance at March 31, 2024 was ₹ 12.00 billion. Further, the Company has been identified as a Large Corporate as per the criteria under the SEBI circular SEBI/HO/DDHS/DDHS-RACPOD1/P/CIR/2023/172, whereby the Company shall raise not less than 25% of its incremental borrowings by way of issuance of debt securities. There were no incremental borrowings during the year. (Refer note 3.24 of schedule 16)

## 3. Policyholders' fund

Fair value change account and revaluation reserve – investment property

Fair value change account increased from ₹ 27.96 billion at March 31, 2023 to ₹ 49.87 billion at March 31, 2024. The movement in the fair value change account is a function of the performance of the equity markets and the mix of equity and mutual funds in the portfolio. The same also includes movement in cash flow hedge reserve (market movement) on account of FRA contracts.

The Company had performed an independent valuation of the investment property and consequently investment property was valued at ₹ 0.95 billion at March 31, 2024 (₹ 0.90 billion at March 31, 2023).

## Policy liabilities

The following table sets forth, for the periods indicated, summary of policy liabilities:

Particulars	₹ billion)	
	March 31, 2023	March 31, 2024
Non-unit liabilities (mathematical reserves)	903.07	1,101.62
Provision for linked liabilities (fund reserves)	1,352.32	1,579.17
Funds for discontinued policies	88.26	69.25
<b>Policy liabilities</b>	<b>2,343.65</b>	<b>2,750.04</b>

The movement in policy liabilities is explained in the element-wise analysis of the Revenue account.

## Funds for future appropriation (FFA)

The following table sets forth, for the periods indicated, summary of funds for future appropriation:

Particulars	₹ billion)	
	March 31, 2023	March 31, 2024
Non-linked	16.69	12.87
<b>Total</b>	<b>16.69</b>	<b>12.87</b>

FFA decreased from ₹ 16.69 billion in FY2023 to ₹ 12.87 billion in FY2024 on account of decrease in the undistributed surplus of participating line of business.

## 4. Investments

The following table sets forth, for the periods indicated, summary of investments:

Particulars	₹ billion)	
	March 31, 2023	March 31, 2024
Shareholders' investments	98.51	105.76
Policyholders' investments (non-linked)	943.11	1,143.18
Asset held to cover linked liabilities	1,440.58	1,648.42
<b>Total Investments</b>	<b>2,482.20</b>	<b>2,897.36</b>

Total investments increased from ₹ 2,482.20 billion at March 31, 2023 to ₹ 2,897.36 billion at March 31, 2024. The shareholders' investments increased from ₹ 98.51 billion at March 31, 2023 to ₹ 105.76 billion at March 31, 2024.

The increase in policyholders' non-linked investments is largely attributable to net inflows into the fund. In case of Asset held to cover linked liabilities, the increase is primarily attributable to unrealised gains due to equity market performance during the year.

The investment held in unit linked funds (Asset held to cover linked liabilities) at March 31, 2024 was 56.89% of the total investment assets as against 58.04% at March 31, 2023. Further, of the total investment assets at March 31, 2024, 47.1% of the assets were held as equity at March 31, 2024 as against 44.9% at March 31, 2023.

## 5. Loans

The Company has seen a growth in loan against policies from ₹ 13.14 billion at March 31, 2023 to ₹ 17.61 billion at March 31, 2024 primarily on account of the higher number of policyholders availing this facility. The Company has performed an assessment towards impairment and no impairment has been recognized based on this assessment.

## 6. Fixed assets

Fixed assets increased from ₹ 5.96 billion at March 31, 2023 to ₹ 7.18 billion at March 31, 2024 primarily on account of capitalisation of refurbishment cost pertaining to the Company's registered office.

## 7. Net current assets

### (i) Details of current assets

The following table sets forth, for the periods indicated, summary of current assets:

Particulars	₹ billion)	
	March 31, 2023	March 31, 2024

Balance due to other reinsurers	0.16	0.51
Other liabilities <sup>3</sup>	2.25	5.74
<b>Total</b>	<b>56.88</b>	<b>54.73</b>

<sup>1</sup> Including due to holding company, expenses payable and payable towards investments purchased.

<sup>2</sup> Including interest on unclaimed amount of policyholders.

<sup>3</sup> Including TDS payable and other deposits.

The explanation for key elements is as mentioned below:

**Policyholders' claims payable** represents amounts payable to the policyholders for all claims (death, maturity, survival, surrender, foreclosure, annuity, etc.) that are intimated to the Company and are outstanding due to pending investigation as a part of the normal claims process or pending due to incomplete documentation from the policyholders. The increase in claims payable from ₹ 8.00 billion at March 31, 2023 to ₹ 10.36 billion at March 31, 2024 is primarily on account of increase in death claims payable and reinstatement of claims back to original liability accounts from unclaimed fund pursuant to IRDAI circular IRDA/Life/CIR/Misc/41/2/2024 dated February 16, 2024 on unclaimed fund.

**Sundry creditors** representing creditors for expenses and investment decreased from ₹ 19.97 billion at March 31, 2023 to ₹ 10.72 billion at March 31, 2024 primarily on account of an decrease in expenses payable from ₹ 1.47 billion at March 31, 2023 to ₹ 0.99 billion at March 31, 2024 and decrease in payable towards investments purchased from ₹ 4.24 billion at March 31, 2023 to ₹ 0.00 billion (₹ 576 thousands) at March 31, 2024.

**Unallocated premium including premium received in advance** primarily represents premium received from customers where policy issuance is in progress or pending due to requirements awaited

from customers. It decreased from ₹ 6.80 billion at March 31, 2023 to ₹ 6.25 billion at March 31, 2024.

**Goods and Service tax/Service tax payable** primarily represents goods and service tax payable in respect of services rendered by the Company.

**Payable to unit fund** decreased from ₹ 2.31 billion at March 31, 2023 to ₹ 2.10 billion at March 31, 2024. The amount represents payable to unit-linked policyholders account from shareholders account, which is transferred to the unit-linked policyholders account immediately on the next banking day and hence held as a current liability.

**Payable to agents** represents the amount payable to insurance agents, brokers, insurance marketing firms and web aggregators towards commission. The amount outstanding is primarily attributable to the business sourced during the last month of the financial year.

### 8. Contingent liability

The contingent liability increased from ₹ 6.98 billion at March 31, 2023 to ₹ 10.96 billion at March 31, 2024. The contingent liability increased primarily on account of increase in demands/ liabilities pertaining to taxation matters from ₹ 0.01 billion to ₹ 4.93 billion.

### c. Cash flow statement

The following table sets forth, for the periods indicated, a summary of the cash flows:

Particulars	₹ billion)	
	FY2023	FY2024
Net cash generated from/(used in) operating activities	0.88	(73.05)
Net cash generated from/(used in) investing activities	(11.47)	74.14
Net cash generated from/(used in) financing activities	(1.12)	(0.88)

#### Cash flows from operating activities:

Net cash flows used in operating activities were ₹ 73.05 billion in FY2024 (compared to net cash flows generated from operating activities of ₹ 0.88 billion in FY2023) primarily on account of an increase in policy benefits paid from ₹ 328.09 billion in FY2023 to ₹ 413.55 billion in FY2024 and increase in commission and brokerage payment from ₹ 16.42 billion in FY2023 to ₹ 31.12 billion in FY2024, partly offset by decrease in deposits and advances from ₹ 1.99 billion at March 31, 2023 to ₹ 0.30 billion at March 31, 2024.

#### Cash flows from investing activities:

Net cash flows generated from investing activities increased from ₹ (11.47) billion in FY2023 to ₹ 74.14

billion in FY2024 primarily on account of increase in proceeds from sale of investments.

#### Cash flows from financing activities:

Net cash flows used in financing activities decreased from ₹ 1.12 billion in FY2023 to ₹ 0.88 billion in FY2024 primarily due to increase in proceeds from issuance of share capital offset by increase in dividend payout during the year.

#### d. Key financial ratios

The following table sets forth, for the periods indicated, the key financial ratios excluding the ratios that are mentioned in the above sections:

Particulars	FY2023	FY2024
Persistency ratio <sup>1</sup>		
- 13 <sup>th</sup> month	86.6%	89.0%
- 49 <sup>th</sup> month	64.2%	68.5%
Expense ratio <sup>2</sup>	21.5%	24.0%
Solvency ratio	208.9%	191.8%

<sup>1</sup> Calculations are in accordance with the IRDAI circular IRDA/ACT/CIR/GEN/21/02/2010 dated February 11, 2010. 12 month rolling persistency for March to February measured at March 31

<sup>2</sup> Total cost including commission excluding interest on sub debt/ (total premium-90% of Single premium).

**Persistency ratio:** The Company has a strong focus on improving the quality of business and customer retention, which is reflected in our best-in-class 13<sup>th</sup> month and 49<sup>th</sup> month persistency ratios. Our 13<sup>th</sup> month persistency ratio stood at 89.0% for FY2024. The 49<sup>th</sup> month persistency ratio stood at 68.5%.

**Expense ratio:** The cost to total weighted received premium (TWRP) ratio stood at 24.0% in FY2024 compared to 21.5% in FY2023 primarily on account of increase in expenses relating to commission.

**Solvency ratio:** The Company had a solvency ratio of 191.8% at March 31, 2024, compared to the regulatory minimum required level of 150%.

#### Consolidated financial results and subsidiary performance

The Company has a wholly owned subsidiary, ICICI Prudential Pension Funds Management Company Limited (PFM). The PFM is licensed by the Pension Funds Regulatory and Development Authority as a Pension Fund Manager under the National Pension System (NPS). The PFM had also obtained registration as a Point of Presence (PoP) for NPS distribution and servicing.

#### Pension fund industry

The total assets under management (AUM) of the pension fund industry has grown from ₹ 8,988.65 billion at March 31, 2023 to ₹ 11,726.51 billion at March 31, 2024,

a growth of 30% in FY2024. Inflows largely comprise funds from the government sector, however, private sector grew at a faster pace as compared to overall industry. The AUM from the government sector, private sector, Atal Pension Yojana and National Pension System lite segments was ₹ 9,538.64 billion, ₹ 1,775.80 billion, ₹ 356.48 billion and ₹ 55.60 billion respectively.

#### Business

The subscribers' funds managed by the PFM increased from ₹ 164.66 billion at March 31, 2023 to ₹ 284.19 billion at March 31, 2024, an increase of 72.6% during the year.

The PFM has a market share of 16.0% in the private sector AUM at March 31, 2024.

The net worth of PFM at March 31, 2024 stands at ₹ 0.56 billion (at March 31, 2023 ₹ 0.58 billion) on account of loss incurred during the period.

For the year ended March 31, 2024, the PFM registered a loss primarily on account of increase in employee benefit expenses and other operating expenses reflecting the building up of capacity as part of the overall growth plan. The subsidiary is committed towards increasing its presence in the industry and is focused on scaling up the business and revenue.

#### Basis of consolidation

The consolidated financial statements are prepared in accordance with the accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules 2014, section 129(4) of the Companies Act, 2013. The financials are consolidated on a line-by-line basis in accordance with AS 21 on 'Consolidated Financial Statements'. These consolidated financial statements for the Group are prepared in accordance with the principles and procedures for preparation and presentation of consolidated financial statements as laid down under the Accounting Standard (AS) 21, "Consolidated Financial Statements" and are presented in the same format as that of the Holding Company. The financial statements of the Holding Company and its subsidiary have been combined on a line-by-line basis by adding together similar items of assets, liabilities, income and expenses in respective components of financial statements after eliminating intra-group balances, transactions and resulting unrealized profits/ losses. The Policyholders' account specifically dealing with direct insurance business governed by IRDAI regulations has retained its distinct independent form in these consolidated financial statements.

The consolidated profit after tax for the Company increased from ₹ 8.13 billion in FY2023 to ₹ 8.51 billion in FY2024.

### III. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The internal controls of the Company are commensurate with the business requirements, its scale of operation and applicable statutes to ensure orderly and efficient conduct of business. These controls have been designed to provide a reasonable assurance with regard to maintaining proper accounting controls, safeguarding of assets, prevention, and detection of frauds and errors, ensuring operating effectiveness, reliability of financial reporting, and compliance with applicable regulations.

The Company has a mechanism of testing the controls at regular intervals for design and operating effectiveness. Further, the auditors opine on the adequacy and operating effectiveness of internal financial controls over financial reporting.

The key components of the internal financial control framework implemented by the Company include:

- I. Entity Level Controls (ELCs) that operate at an organization level on which the control environment of the company relies on
- II. Controls operating at process level with the objective of providing assurance at a transaction recording stage, in most aspects of operations and processes, the Company has deployed automation for control and efficiency
- III. Robust IT control environment with adequate controls focused on reconciliation between systems, auto checks to avoid any duplicate data upload, reconciliation of all jobs run at the beginning and end of day, matching of trial balance and ensuring no unposted entries in the system monthly
- IV. Control over third parties providing services focusing on due diligence, risk assessment, document review and periodic assessment to ensure controls over third-party service providers relevant from a financial reporting perspective. Further, the Board Risk Management Committee has oversight on the implementation of controls and monitors the performance of the outsourced vendors

V. Controls over safeguarding of assets (comprising of investment assets, IT assets and other assets). These controls are based on value and custody of assets

VI. Review controls which comprise of multiple levels of oversight over financial reporting by way of a strong reporting and review framework. There are senior management controls comprising of high-level controls (HLC) and management review controls (MRC) to monitor and identify any material misstatement

VII. Fraud control framework which consists of preventive measures, incident management and awareness activities.

These controls are covered under the IFC framework which is aligned with Internal Control Framework 2013 given by the Committee of Sponsoring Organisations (COSO) of the Treadway Commission and tested at regular intervals for design and operating effectiveness.

There had been no material changes in the process level controls or activities conducted in the financial statement closing process of the Company. The Company had tested all material controls over financial reporting at March 31, 2024 and found them to be operating effectively. Further the Company has been compliant with the requirements, prescribed under amendments in the Companies (Account) Rules, 2014, of using accounting software which has a feature of recording audit trail and creating an edit log of each change made in the books of account.

In addition, internal audits are undertaken to review significant operational areas regularly. The Audit Reports, submitted by the Internal Auditors, are reviewed by the Audit Committee and corrective action is initiated to strengthen the controls and enhance the effectiveness of the existing systems. Statutory and Internal Auditors are also invited to the Audit Committee meetings to ascertain their views on the adequacy of internal control systems. The management believes that strengthening internal controls is a continuous process and it will, therefore, continue its efforts to keep pace with changing business needs and environment.

# Enterprise Risk Management

The Company recognises that risk is an integral element of the business and managed acceptance of risk is essential for generation of shareholder value. The Company's acceptance of risk is dependent on the return on risk-adjusted capital and consistency with its strategic objectives. Having accepted a risk, the Company may cede or hedge it where this is cost effective. In general therefore, the Company's control procedures and systems are designed to manage risk, rather than eliminate it. However, at certain times, there may also exist some risks for which the Company has no tolerance and which are actively avoided.

The Company has in place a risk management framework with the following aims:

- Determining the risk profile of the Company i.e. the aggregate level of risks that the Company has undertaken in pursuit of profitable business.
- Identification, measurement, monitoring and control of risk for the purpose of protecting the interests of key stakeholders.
- Enhancing the Company's ability to identify and pursue opportunities that offer attractive risk-adjusted returns by providing transparent, accurate and timely risk information.
- Embedding risk-based decision making in key management processes and fostering a culture of risk awareness.
- Limiting the Company's exposure to adverse outcomes through risk limits.
- Ensuring compliance with regulatory requirements.
- Focusing on ensuring that it possesses the appropriate capabilities and experience in managing and transferring risks.
- Minimising reputational risk.

## RISK GOVERNANCE FRAMEWORK

The risk governance structure of the Company consists of the Board, the Board Risk Management Committee (BRMC), the Executive Risk Committee (ERC) and its supporting committees.

The risks faced by the Company are classified into market, credit, liquidity, insurance, operational and reputation. In addition to these risks, the life insurance industry faces a number of emerging risks. Geo-political tensions and disruption to energy supplies continue to be additional sources of uncertainty for financial and commodity markets and trigger for inflation (which could impact credit quality of counterparties, as well as reduce

real wages thereby impacting discretionary savings, insurance new business and persistency risk).

There are also emerging risks related to ESG (environmental, social and governance) issues. For the Company, governance, ethics and sustainability are the overall responsibility of the Board, with its committees playing key roles in identifying, mitigating and managing ESG risks and other material issues. One of the most prominent ESG risks is that of climate change which could potentially have wide ranging implications including (but not limited to) adverse impact on economic growth and investment markets and higher than expected claims due to increased risk of future weather-related catastrophes, pandemics as well as possible changes in long-term mortality/morbidity rates. The Company continues to work towards developing its understanding of ESG risks, including climate change and remaining aware of industry best practice as it develops. The current industry consensus is for insurers to treat climate risk as an amplifier of existing risk categories rather than a new risk category. Accordingly, sustainability risks including climate-related risks are integrated in our risk management framework and are part of our Board approved Risk Policy ("the Policy"). For the impact of ESG risks on the asset side, the Company has implemented a framework for investment decisions that will support mitigation of risks due to climate changes as well as other environmental, social and governance risks by factoring these in its investment decisions. While climate change can also impact morbidity, mortality and persistency and thus, the Company's liabilities, it is expected that the impacts will emerge gradually, and through a change in future assumptions earlier than through actual incidences. The longer-term impact to the Company should be managed by its ability to reprice contracts and develop new products if required. Apart from climate change, there are other emerging risks associated with public health trends such as increase in obesity related disorders and demographic changes such as population urbanisation and ageing. Another increasingly important ESG aspect is that of data privacy which could potentially have a material impact on the Company's reputation. The risk management framework of the Company seeks to identify, measure and control its exposures to all these risks within its overall risk appetite.

The risk philosophy of the Company is outlined in the Board approved risk policy ('the Policy') which is reviewed by the Board at least annually. The Policy details identification, measurement, monitoring and control standards relating to the various individual risks. The Policy covers aspects related to:

- i) **Financial Risk Management or Asset Liability Management ('ALM')**: covering market risk, credit risk, liquidity risk and insurance risk
- ii) **Operational Risk Management**: covering fraud risk, compliance risk, legal risk, outsourcing risk, customer risk and measurement and control of operational loss, information and cyber risk and business continuity risk
- iii) Reputation Risk Management

In addition to the above, the Board has approved the following policies that assist in managing some of the above risks:

- Reinsurance Policy
- Underwriting Policy
- Outsourcing Policy
- Fraud Risk Management Policy
- Information & Cyber Security Policy
- Business Continuity Management Policy

This framework in conjunction with the three lines of defence helps the Company manage risk. The key responsibilities of each line are laid out below:

The risk management model of the Company comprises a four-stage continuous cycle, namely the identification and assessment, measurement, monitoring and control of risks.

## 1. RISK IDENTIFICATION

The Company identifies its risk exposure through a variety of techniques and processes, including:

- 1) Stress testing of the current financial condition of the Company. The Company periodically carries out stress testing of its assets and liabilities to identify impact on the regulatory and economic solvency position. Such testing is used as an aid in analyzing the Company's resilience, assessing the effectiveness of risk controls and identifying significant existing or emerging risks to its financial position, such as severe economic shocks and catastrophic events like pandemics, which could materialize as a consequence of several risk factors including climate change and other emerging risks.
- 2) Product development process by way of analysis of the sensitivity of profit margins and of profit patterns to market and insurance risks.
- 3) Business planning process by way of analysis of the sensitivity of the projected solvency and emergence of profit to market and insurance risks.
- 4) Tracking of key liquidity risk indicators.
- 5) The Board of the Company periodically reviews the potential impact of strategic risks such as changes in macro-economic factors, government policies, regulatory environment and tax regime on the business plan of the Company. The Company has a framework in place for identifying business concentration risk and it actively engages in diversification of business across various drivers including distribution partners and product segments.

- 6) Risk and Control Self-Assessment (RCSA) to identify and assess operational risks in terms of their likelihood and impact for each business unit within the Company. The RCSA activity is done with due cognisance to any loss events or audit findings.
- 7) The Company evaluates legal and regulatory risk by monitoring the implementation of relevant requirements and monitoring for any deviations.
- 8) Reputation risk is monitored based on trends in regulatory orders (if any), media mentions, customer complaints and legal cases.

**2. RISK MEASUREMENT**

The Company uses the following approaches to measure its risk exposure.

- 1) **Economic capital requirement (ECR):** ECR is an appropriate measure of risk exposure for market, credit and insurance risks. ECR is measured by calculating the reduction in available economic capital (market value of assets less realistic liabilities) under extreme economic and non-economic scenarios. The stresses are benchmarked to European Insurance and Occupational Pensions Authority (EIOPA) standards as they develop, subject to appropriate adjustments for local conditions and the Company’s stage of development.
- 2) **Risk to the growth of the EV:** The Company considers risks that impede future growth of the EV like insufficient new business profit growth and over-run in acquisition or renewal expenses, caused by adverse deviation of actual unit costs from planned unit costs.
- 3) **Risk to the statutory position:** The Company considers the impact of market risk on its statutory position and assesses the quality of its ALM by performing a resilience test periodically on the quasi-regulatory balance sheet. The quasi regulatory balance sheet is obtained by marking to market the assets on the regulatory balance sheet. The liabilities are determined with reference to the market value of assets and by preserving the margins for adverse deviation in accordance with applicable regulation and professional guidance. The quasi-regulatory balance sheet is subjected to economic shocks and the solvency ratios and free assets under the stress scenarios monitored.
- 4) Liquidity ratio of highly liquid assets to near-term liabilities is tracked in order to assess the liquidity position.

- 5) Operational and fraud losses are measured as a proportion of profit before tax to identify the extent of deviation from the agreed tolerance limit. In addition, key operational risk indicators are tracked.
- 6) Reputation risk score is calculated based on a methodology of rating various parameters impacting the risk such as regulatory concerns, media mentions, customer complaints and legal cases.

**3. RISK MONITORING**

The ERC reviews all the risks and presents a risk report to the BRMC on a quarterly basis. The BRMC informs the Board of the key findings.

**4. RISK CONTROL**

Identified risks are managed by one or more of the following techniques

- Retention (acceptance);
- Avoidance;
- Transfer or;
- Reduction (mitigation).

The nature of the controls implemented and the level of control exercised are based upon the:

- Potential severity of the risk;
- Frequency of the risk occurring;
- Cost of implementing controls relative to the significance of the risk;
- Risk appetite.

**a. Market risk:**

- 1. Launching new products can significantly alter the risk profile of the Company’s balance sheet. Market risks inherent in the new products or significant modifications to existing products are identified at the product design stage and a risk report placed before the ERC and the Product Management Committee (PMC). The products are launched only after approval by the ERC and the PMC.
- 2. **Asset Liability Management (ALM):** Asset-liability management involves minimising the risk due to mismatches in assets and liabilities. Mismatches could arise either due to asymmetric changes in the value of assets and liabilities as a consequence of changes in macroeconomic factors such as interest rates, or due to asynchronous cash inflows and outflows. The Company has developed detailed investment specifications that govern the investment strategy and limits for each fund depending on the profile of the liability backed by those assets. For each category of products, the investment specifications specify limits to

permissible exposures to various asset classes along with duration guidelines for fixed income instruments. The investment specifications are designed to achieve the risk versus return objectives and policyholders' reasonable expectations while maintaining the risk within the Company's risk appetite and with due consideration of regulatory requirements. The mitigation strategies for different portfolios are as follows:

**i. Category 1: Non-linked business where the benefits to policyholders are based on performance of the underlying investments**

For these funds the Company's asset allocation strategy, which includes investments in equities, is designed to achieve the twin objectives of managing risks arising from guarantees and optimising policyholder returns, subject to regulatory constraints. Asset Liability Management (ALM) is done through regular monitoring of the equity backing ratio and debt duration against limits as applicable. The bonus declaration mechanism for participating products also helps in the smoothing of the volatility of the investment returns.

**ii. Category 2: Non-linked business where the benefits and premiums are fixed at the start of the contract**

The liabilities for these lines of business are obligations to policyholders or to meet expenses and have to be met either at a fixed time or on the occurrence of a contingency. The Company manages the risk on such products by investing only in fixed income instruments. Further, a combination of duration matching and cash flow matching approaches is used to mitigate asset liability mismatches. The Company uses interest rate derivatives and separate trading of registered interest and principal securities (STRIPS) to hedge interest rate risk. In particular, a forward rate agreement (FRA), which is a particular type of interest rate derivative, allows the Company to lock in now the interest rates at which the future premiums would be invested.

**iii. Category 3: Linked products with guarantees**

The Company uses a mix of stochastic and deterministic approaches to calculate the cost for providing the guarantee and holds a reserve on this account. The Company manages the investment risk arising from these products by setting limits on the equity backing ratio and debt duration.

**iv. Category 4: Linked products without guarantees**

The linked portfolio without guarantees has minimal investment risk to the solvency of the Company. These funds are managed with respect to an appropriate benchmark index and do not require any active ALM.

**b. Credit risk:**

The Company manages the credit risk of its investments through the following measures:

1. Exposure limits for companies, groups and industries in accordance with IRDAI norms and limits as per its own Investment Policy;
2. Restricting investments primarily to securities rated AA and above;
3. Engagement with select and financially sound reinsurers as per internal guidelines for reinsurance. The credit risk on reinsurance contracts are reviewed when the Company plans to enter into a relationship with a new reinsurer, or in case of significant events like credit rating downgrades of existing reinsurers;
4. Approved counter-parties are used to minimize settlement risk

**c. Liquidity risk:**

The Company faces limited liquidity risk due to the nature of its liabilities. The Company has put the following mitigants in place:

1. The Investment Specifications as a part of the asset liability management framework provide guidelines to manage liquidity risk by specifying the minimum investment in highly liquid assets, taking account of constraints on the fungibility of assets among funds, and by specifying cash flow matching for certain funds.
2. The Company has a liquidity contingency plan, which addresses the following
  - a) Identifying mitigants to liquidity stress arising out of contingencies;
  - b) Communication and action protocol;
  - c) Restoring normality in the event of any contingency;
3. New products are launched only after approval by the ERC and the PMC.  
The ERC also evaluates the impact of market liquidity on any hedging or asset allocation strategy required by the product.

**d. Mortality, Morbidity and Longevity risks:**

The Company uses the following approaches to manage its mortality and morbidity risk:

- 1. Developing new products:** The Company designs exclusions and terms and conditions in consultation with reinsurers and with due regards to market practices to manage the mortality, morbidity and longevity risks. In order to deal with a changing insurance landscape or emerging risks, new products could be developed with more suitable product features, policy wordings, exclusions and terms and conditions.
- 2. Product approval process:** Launching new products can significantly alter the risk profile of the Company's balance sheet. Insurance risks inherent in the new products or significant modifications to existing products are identified at the product design stage and products are launched only after approval by the ERC and the PMC.
- 3. Reinsurance:** The Company uses appropriate reinsurance arrangements, including catastrophe reinsurance, to manage insurance risk. Such reinsurance arrangements can support in risk transfer of emerging risks as well. The Company's reinsurance exposures are considered and approved by the ERC periodically.
- 4. Re-pricing:** The Company also reserves the right to re-price future new business with IRDAI approval in case of adverse experience, which could materialize due to various factors including sustainability risks.
- 5. Underwriting and claims controls:** Underwriting procedures and processes are in place to identify risk at the time of acceptance of the contract for different classes of business. A review of the underwriting strategy is carried out periodically. The underwriting strategy can be adjusted to allow for any changes in the insurance risk landscape or emerging risks. Claims procedures are also in place to assess and manage the risks at the claims stage, which are reviewed periodically.
- 6. Experience analysis:** The Company periodically reviews the actual experience relative to the expected experience for mortality, morbidity and longevity. Such a review will provide the Company insights on emerging risks if the Company faces any.

- 7. Review of bases:** The Company conducts a review at least annually of the bases of assumptions, which are used for various purposes such as valuation, pricing etc. to assess any change in risk profile. A widespread increase in mortality or morbidity, for example as a result of climate changes or emergence on new diseases, may require the Company to re-evaluate its assumptions.

**e. Persistency risk:**

The Company uses the following approaches to manage the risk:

- 1. Experience analysis:** The Company conducts its experience analysis regularly to ensure that corrective action can be initiated at the earliest opportunity and that assumptions used in product pricing and embedded value reporting are in line with experience.
- 2. Product features:** The Company uses features like loyalty bonuses and additional allocation of units to encourage policyholders to continue with the policy.
- 3. Service initiatives:** The Company uses a combination of proactive and reactive interventions to manage persistency. The interventions could include attaching direct debit or ECS mandates at new business stage, sending communication via different media such as emails to customers and distributors and reminders and telephonic interviews with customers.
- 4. Aligning key performance indicators:** The Company uses different key performance indicators for different levels of hierarchy in sales and operations to align interests and ensure adequate focus on persistency.

**f. Expense risk:**

The Company uses the following approaches to manage the risk:

- 1. Experience analysis:** The Company actively monitors its expense levels, which are then fed back into new product pricing, calculation of reserves and management reporting. In case of any adverse deviations between actual unit costs and planned unit costs, mitigation measures are taken.
- 2. Aligning key performance indicators:** The Company uses different key performance indicators to align interests and ensure adequate focus on expense.

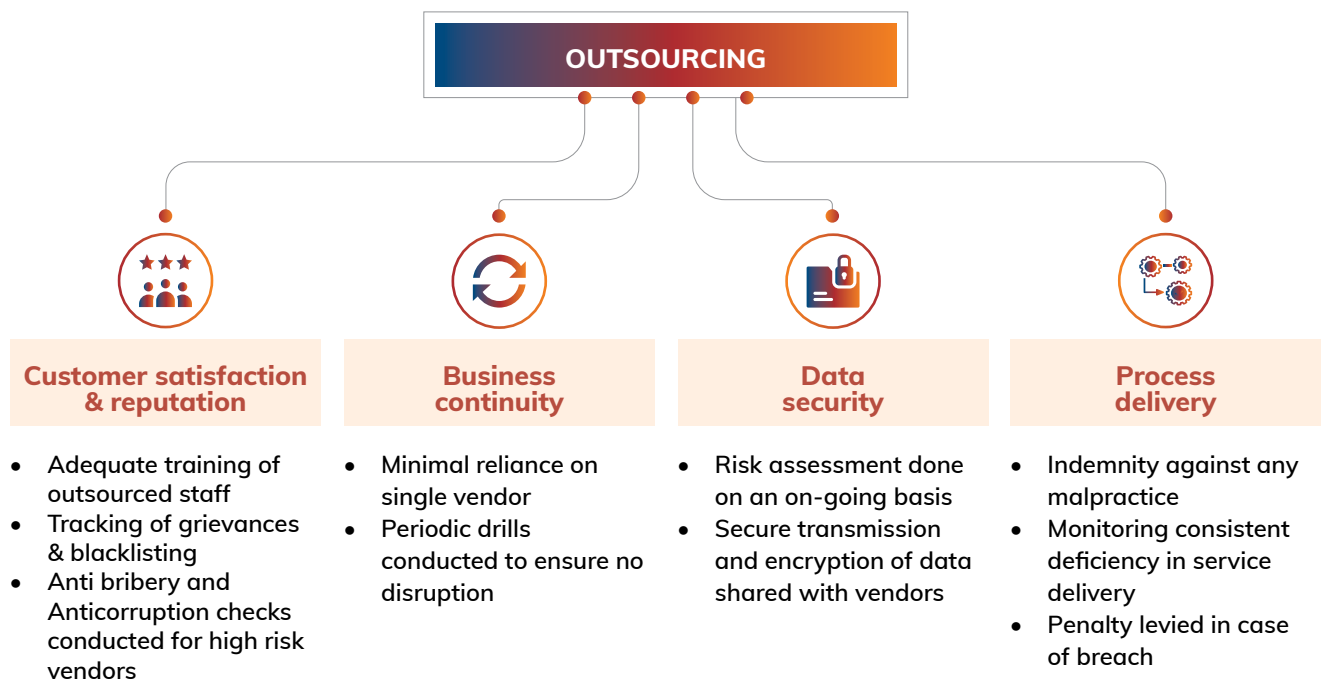

**g. Operational risk:**

The Company uses the following approaches to manage the risk:

- i. Mitigation plans are developed for high risk items identified and monitored by the risk committees
- ii. The Company actively promotes a risk awareness culture by improving understanding through communication and education among management, employees, contractors and vendors. Appropriate training material is developed and cascaded to improve knowledge and promote a strong operational risk practice. Further, risk champions have been nominated across various functions who support the risk management teams to identify risks proactively and create an awareness culture within such functions.
- iii. The Company also has in place policies to manage operational risk like Whistle-blower policy, Code of Conduct for employees, Code of Conduct for Prevention of Insider trading, Anti Money Laundering and Counter financing of Terrorism policy and Anti-Bribery and Anti-Corruption Policy.
- iv. **Fraud Risk Management:** The Company ensures adherence to Fraud prevention framework laid down by the regulator and directives under Companies Act 2013. The following approach has been adopted to prevent fraud:

<b>Proactive Fraud Management</b>	<ul style="list-style-type: none"> <li>Triggers to identify suspected frauds from internal data and external environment</li> <li>Sample checks prior to key transactions</li> </ul>
<b>Incident Management</b>	<ul style="list-style-type: none"> <li>Incidents are investigated for identification of process/system failures and/or identification of responsible internal/external parties</li> </ul>
<b>Punitive Actions</b>	<ul style="list-style-type: none"> <li>Financial recovery process initiated</li> <li>Implementation of controls to prevent repeat incidents</li> <li>Disciplinary action in accordance to Malpractice Matrix</li> <li>Action initiated through law enforcement authorities based on the severity of incident</li> </ul>
<b>Awareness</b>	<ul style="list-style-type: none"> <li>Build awareness and provide training to employees and encourage incident reporting</li> <li>Engagement with law enforcement agencies to create awareness on various insurance frauds and emerging issues</li> </ul>

- v. **Outsourcing Risk:** Processes of the Company are outsourced, where it is convinced of the advantages by entering in such arrangements, as permitted under IRDAI (Outsourcing of Activities by Indian Insurers) Regulations 2017 (“the regulation”). The Company has an Outsourcing policy and it follows the below operating framework for the required due-diligence for any new activity or vendor empanelment. The Company has constituted an Outsourcing Committee which oversees the compliance to the regulation.

vi. Business Continuity Management (BCM): The Company has a Business Continuity Management (BCM) framework and policy to ensure resilience and continuity of key products and services at minimum acceptable level to achieve business objectives and safety of human resources. The Company regularly test disaster recovery plans and update the business continuity plans based on the learnings and assessment of evolving risks. As part of the BCM framework, business impact analysis and risk assessment is conducted to assess the likely impact on the Company's business processes due to adverse events like, natural disaster, pandemic, technical disruption, cyber-attack, administrative decisions like lockdown, etc. The Company has been accredited with the ISO 22301:2019 certification for the business continuity management systems. The key BCM objectives and the framework are depicted below.

Safety of personnel	Availability of information	Continuity of critical processes	Crisis communication
<ul style="list-style-type: none"> <li>Disaster management protocol</li> <li>Employee training and awareness</li> <li>Assessment and testing</li> </ul>	<ul style="list-style-type: none"> <li>Back-up for all critical information</li> <li>Disaster recovery plan</li> <li>Periodic testing</li> </ul>	<ul style="list-style-type: none"> <li>Identify critical functions</li> <li>Minimum resources defined</li> <li>Business continuity plan testing</li> </ul>	<ul style="list-style-type: none"> <li>Employee level communication</li> <li>Alternative locations/transcript for customers</li> <li>Inform regulator/ management</li> </ul>

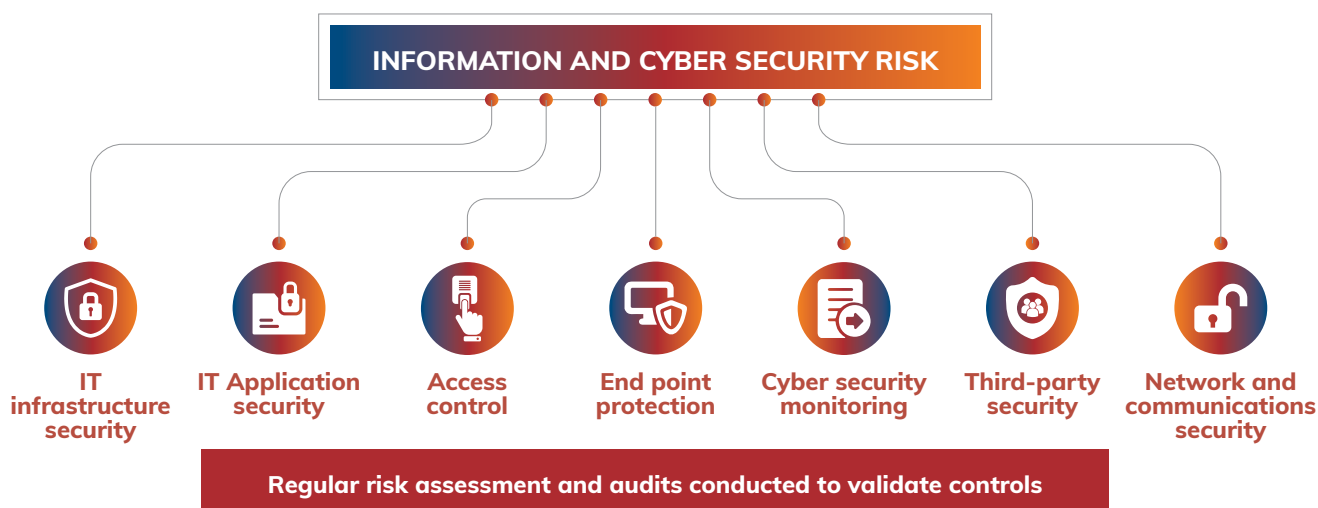

vii. Information and Cyber Security: The Company has an information and cyber security framework and policy that ensures all information assets are safeguarded by establishing comprehensive management processes throughout the organisation and information is protected adequately through appropriate controls and proactive measures. The Company has considered defence-in-depth approach and has implemented security solutions like firewall, intrusion prevention system, anti-malware solutions, end point detection and response (EDR), email security, end point security, data leakage prevention, network access control (NAC) and web proxy. The Company has mechanism in place to monitor cyber security events to detect and respond to any threats to its network, application and infrastructure. A disciplined and focused application security program is in place, to the regularly conduct vulnerability assessment of critical IT applications and infrastructure. Further, cloud security strategy and practices for protecting data and IT infrastructure has been implemented. Cyber security operations centre (SOC) has been setup for proactive monitoring (24x7), incident response, recovery, and remediation activities. The Company also collaborates with threat intel partners, which allows to proactively identify and address cyber risks. Considering the dynamic nature of the technology ecosystem

and emerging cyber threats, Information and Cyber Security controls are periodically assessed with the help of external consultants to identify new areas and risk, so that control effectiveness can be improved. An awareness programme is in place, covering the aspects related to data security and privacy, such as 'Do's and Don'ts in the areas of privacy & confidentiality, workplace responsibilities, password and email security as well as information and cyber security. Further, employee onboarding and induction process includes information and cyber security aspects. Special focused Cybersecurity workshops are conducted for the leadership teams. Cyber crisis management plan is implemented which covers material crisis scenarios and a mechanism to address five phases, namely identification, containment, remediation, recovery and debrief.

Based on the Information Security Management System (ISMS) controls implemented and the assessment conducted by the certification body, we have been awarded a certification under the ISO 27001:2013 standard.

The Company's Privacy policy is in accordance with Information technology (Reasonable security practices and procedures and sensitive personal data or information) Rules, 2011. The policy provides the Company's commitment to privacy throughout the life-cycle of the information from, collection, processing, sharing, retention and destruction, by taking reasonable steps to protect the confidentiality of the Personal Information provided.

The Company also engages external consultants and experts regularly, to reassess the controls and solutions implemented and improve the effectiveness.

**h. Reputation risk:**

Reputation risk can be defined as the risk of negative opinion about the financial stability, service levels, integrity, transparency or any other aspect, in the minds of the stakeholders, resulting in a decline in business volumes and eventually impacting continuity of business.

The Company has defined a reputation risk framework and periodically monitors various parameters that could impact the reputation of the Company. The Company uses various approaches to manage reputation risk such as faster resolution of customer grievances, root cause analysis of complaints and identification of issues through proactive management of adverse feedbacks in the media.

## 7. APPLICATION AND INVESTMENTS OF LIFE INSURANCE FUNDS

We certify that no part of the life insurance fund has been directly or indirectly applied in contravention of the provisions of the Insurance Act, 1938 as amended from time to time relating to the application and investments of the life insurance funds and all investments made are in accordance with IRDAI (Investment) Regulations, 2016 and orders/ directions issued by IRDAI thereafter.

## 8. RISK MANAGEMENT

The Company recognises that risk is an integral element of the business and the managed acceptance of risk is essential for generating shareholder value.

The risk governance structure of the Company consists of the Board, the Board Risk Management Committee (BRMC), the Product Management Committee (PMC), the Executive Risk Committee (ERC) and its supporting committees. The risk philosophy of the Company is outlined in the Board approved risk policy which is reviewed by the Board at least annually. The Board risk policy details identification, measurement, monitoring and control standards relating to various individual risks, namely investment (market, credit and liquidity), insurance, operational (including fraud, legal, compliance, outsourcing, customer dissonance, business continuity, information and cyber security) and reputation. The Board periodically reviews the potential impact of strategic risks such as changes in macro-economic factors, government policies, regulatory environment and tax regime on the business plan of the Company.

In addition to these risks, the life insurance industry faces a number of emerging risks. Geo-political tensions and the potential for disruption to energy supplies are an additional source of uncertainty for financial and commodity markets and a trigger for inflation (which could impact credit quality of counterparties, as well as reduce real wages thereby impacting discretionary savings, insurance new business and persistency risk). There are also emerging risks related to ESG (environmental, social and governance) issues. One of the most prominent ESG risks is that of climate change which could potentially have wide-ranging implications including (but not limited to) adverse impact on economic growth and investment markets and higher than expected claims due to increased risk of future weather related catastrophes, pandemics as well as possible changes in long-term mortality/morbidity rates. Apart from climate change, there are emerging risks associated with public health trends such as increase in obesity related disorders and demographic changes such as population urbanisation and ageing. Other important ESG elements include data privacy, which has an increasing material impact on Company's reputation.

The risk management framework of the Company seeks to identify, measure and control its exposures to all these risks within its overall risk appetite. The Company periodically carries out stress testing of its assets and liabilities to identify impact on regulatory and economic solvency, statutory profits and liquidity position. Such testing is used as an aid in identifying significant existing or emerging

risks to its financial position, including the potential impact of severe economic shocks and catastrophic events like pandemics, which could materialize as a consequence of several risk factors including climate change and other sustainability risks. The Company has a framework for information and cyber security as well as business continuity management to analyse emerging risks through regular monitoring of the external and internal environment which has been further augmented in the current situation. The Company also has a privacy policy to ensure protection of sensitive personal data or information collected. The Company has updated the Board risk policy by integrating sustainability risks in the risk management framework. The key aspects of the Company's risk management framework have been outlined below. Further information on the Company's approach to risk management is available in the sections on 'Enterprise Risk Management' and 'Risks and Opportunities' of the Annual Report.

### 8.1. Investment risk

Investment risk is the risk arising out of variations in the level or volatility of market prices of assets and financial instruments, including the risk arising from any mismatch between assets and liabilities, due to external market and economic factors. The Company faces limited liquidity risk due to the nature of its liabilities. The key mitigation approaches for this risk are as follows:

- (a) **Product approval process:** Launching new products can significantly alter the risk profile of the Company's Balance Sheet. Investment risks inherent in new products or significant modifications to existing products are identified at product design stage and products are launched only after approval by the ERC and the PMC.
- (b) **Asset Liability Management (ALM):** The Company has detailed Investment Specifications that govern the investment strategy and limits for each fund depending on the profile of the liability backed by those assets. For each category of products, the Investment Specifications define limits to permissible exposures to various asset classes, duration guidelines for fixed income instruments and minimum investment in liquid assets. The Company uses derivatives to hedge interest rate risk.
- (c) Exposure limits have been defined for companies, groups and industries in accordance with regulatory guidelines and the Company's internal Investment Policy. The Company restricts investments primarily to securities rated AA and above.
- (d) The Company has a liquidity contingency plan in place.

- (e) As part of its ESG philosophy, the Company has implemented a framework for investment decisions that will support mitigation of risks due to climate change as well as other ESG risks by factoring these in its investment decisions.

## 8.2. Insurance Risk

Insurance risk is the risk arising because of variance to the best estimate or because of random fluctuations in the frequency, size and timing of insurance liabilities. Insurance risk comprise the following components: mortality, morbidity, persistency and expense risk. These risks are mitigated through the following:

- (a) **Product approval process:** Insurance risks inherent in the new products or significant modifications to existing products are identified at product design stage and products are launched only after approval by the ERC and the PMC. The Company, in its product design, incorporates product features and uses appropriate policy wordings to mitigate insurance risk.
- (b) **Reinsurance:** The Company uses appropriate reinsurance arrangements, including catastrophe reinsurance, to manage insurance risk. Such reinsurance arrangements may be used to support risk transfer of sustainability risks as well. The arrangements are with select and financially sound reinsurers. The Company's reinsurance exposures are considered and approved by the ERC periodically.
- (c) **Underwriting and claims controls:** Underwriting and claims policies and procedures are in place to assess and manage mortality and morbidity risks. The Company seeks to minimise these risks by diversifying its business portfolio and adhering to appropriate and segmented underwriting norms. The Company conducts periodic reviews of both underwriting and claims procedures. Adjustments to the underwriting strategy may be made to allow for any changes in the insurance risk landscape or emerging risks.
- (d) **Experience analysis:** The Company conducts its experience analysis regularly in order to monitor trends, gain insights on emerging risks, if any and to ensure that corrective actions can be initiated at the earliest opportunity and that assumptions used in product pricing, reserving and embedded value reporting are in line with the experience. The Company actively monitors its claims experience, persistency levels and expense ratios.
- (e) **Aligning key performance indicators:** The Company uses appropriate key performance indicators for different levels of hierarchy in sales and operations to align interests and

ensure adequate focus on insurance risk especially, persistency and expense.

- (f) **Product contracts:** The Company designs exclusions and terms and conditions in consultation with reinsurers and with due regard to market practices to manage insurance risk, especially mortality and morbidity risk. In order to deal with a changing insurance landscape or emerging risks, new products may be developed with more suitable product features, policy wordings, exclusions and terms and conditions.
- (g) **Repricing:** The Company reserves the right to re-price future new business with IRDAI approval in case of adverse experience, which could materialize due to various factors including sustainability issues.

## 8.3. Operational risk:

Operational risk is the risk of loss, resulting from inadequate or failed internal processes, people and systems, or from external events.

The Company uses the following approaches to manage operational risk:

- (a) The Company develops and monitors mitigation plans for high risk items identified through the Risk and Control Self-Assessment (R&CSA) conducted for each business function, through analysis of, loss events and review of audit findings.
- (b) The Company continuously monitors internal loss events and ensures adequate mitigation for material impact events.
- (c) The Company actively promotes a risk awareness culture by improving understanding through communication and education. It further engages with law enforcement agencies to create awareness on various insurance frauds and emerging issues
- (d) **Fraud Management:** The Company has a fraud risk management policy that sets out the approach and guidelines for management of fraud risk. The Company follows both a proactive and reactive approach to manage fraud. Proactive management is done by using triggers to identify suspected frauds and through random sample checks. Reactive management is done through incident management. The Company ensures implementation of controls to prevent recurrence of such incidents, financial recovery whenever applicable and disciplinary action against involved employees in accordance with the Company's Code of Conduct. It also initiates actions through law enforcement authorities based on severity of incidents.

- (e) **Outsourcing Risk:** The Company has an outsourcing policy to ensure effective oversight and adequate due diligence with regard to outsourcing of activities. The Company outsources processes which are permitted based on the regulatory guidelines. The Company carries out required due-diligence for any new vendor empanelment and annual assessment of outsourced vendors.
- (f) **Business Continuity Management (BCM):** The Company has a BCM policy and framework to ensure resilience and continuity of key products and services at a minimum acceptable level. BCM includes systems and processes for management of risk including use of disaster recovery sites and business continuity plans for critical processes which are being tested periodically. The Company has been accredited with the ISO 22301:2019 certification for the business continuity management systems.
- (g) **Information and cyber security:** The Company has an information and cyber security policy and framework that ensures all information assets are safeguarded by establishing comprehensive management processes throughout the organisation. The Company has defence-in-depth approach, and has deployed security solutions like firewalls, intrusion prevention systems, anti-malware solutions, end-point detection and response (EDR), email security, data leakage prevention and web proxy. Vulnerability assessment and penetration testing program for critical information technology applications and infrastructure has been defined, to ensure IT Systems are secured for operations during its life-cycle. Further, cloud security strategy and practices for protecting data and IT infrastructure has been implemented. Cyber security operations centre (SOC) has been setup for proactive monitoring (24x7), incident response, recovery and remediation activities. Cyber security advisories issued by security experts are being monitored and suitable actions are being initiated. Based on the Information Security Management System (ISMS) controls implemented and the assessment conducted by the certification body, the Company has been awarded a certification under ISO 27001:2013 standard.
- (h) **Privacy policy:** The Company has a privacy policy in accordance with Information technology (Reasonable security practices and procedures and sensitive personal data or information) Rules, 2011. The policy provides the Company's commitment to privacy throughout the life-cycle of the information from, collection, processing, sharing, retention and destruction, by taking reasonable steps to protect the confidentiality of the Personal

Information provided and protect it from unauthorised access or alteration, disclosure or destruction.

- (i) The Company has adopted highest business, governance, ethical and legal standards. The Whistle blower policy aims to provide a mechanism to ensure that concerns are appropriately raised, independently investigated and addressed.

#### 8.4. Reputation Risk:

Reputation risk is defined as the risk of negative opinion about the financial stability, service levels, integrity, transparency or any other aspect, as perceived by the stakeholders, resulting in a decline in business volumes and eventually impacting continuity of business. The Company has a framework in place for managing reputation risk and periodically monitors various parameters that could impact the reputation of the Company.

### 9. OPERATIONS ABROAD

The Company has one representative office in Dubai, United Arab Emirates. This representative office does not contract liability overseas and all the policies are underwritten and issued in India.

### 10. CLAIMS

The average time taken by the Company from the date of submission of the final requirement by the claimant to dispatch of claim payment, in respect of mortality and morbidity claims, was as follows:

Period	Average time taken for claim settlement (in days)
FY2024	6
FY2023	4
FY2022	5
FY2021	5
FY2020	5
FY2019	4

The ageing of claims registered and not settled at March 31, 2024 has been detailed herein below:

## 11. VALUATION OF INVESTMENTS

### 11.1. Shareholders and Other than unit linked policyholders' funds

We hereby certify that as prescribed under the IRDAI (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations 2002 and orders/ directions issued by IRDAI thereafter, all securities for shareholders and other than unit linked funds are valued as mentioned below:

**Debt securities (including government securities and redeemable preference shares):** All debt securities including government securities and redeemable preference shares are considered as 'held to maturity' and stated at historical cost, subject to amortisation of premium or accretion of discount over the remaining period to maturity effective interest rate method.

**Money market instruments:** Money market instruments like commercial paper, certificate of deposits and treasury bills are valued at historical cost, subject to accretion of discount over the remaining period to maturity based on effective interest rate method.

**Equity shares, equity ETFs and Mutual funds:** Listed equity shares and equity exchange traded funds (ETF) at the Balance Sheet date are stated at fair value being the last quoted closing price on the National Stock Exchange of India Limited ('NSE') (in case the securities are not listed on NSE, the last quoted closing price on the BSE Limited ('BSE') is used). Unlisted equity shares are stated at acquisition cost less impairment, if any. Equity shares lent under the Securities Lending and Borrowing scheme (SLB) continue to be recognised in the Balance Sheet as the Company retains all the associated risks and rewards of these securities.

Non-traded and thinly traded equity share are valued at last available price on NSE/BSE or the value derived using valuation principle of net worth per share, whichever is lower. Mutual fund units are valued based on the previous days' net asset values. Unrealised gains/losses arising due to changes in the fair value of listed equity shares, and mutual fund units are taken to the "Fair Value Change Account" in the Balance Sheet.

**Real estate – investment property:** Investment property is held to earn rental income or for capital appreciation and is not occupied by the Company. Investment property

is initially valued at cost including any directly attributable transaction costs. Investment property is revalued at least once in every three years. The change in carrying amount of investment property is taken to "Revaluation reserve" in the Balance Sheet.

**Venture funds:** Investments in venture fund units are valued at historical cost.

**Reverse repo and tri-party repo:** Investments in reverse repo and tri-party repo are valued at cost plus interest accrued.

**Fixed deposits:** Fixed deposits with banks are valued at cost.

The Company assesses at each Balance Sheet date whether there is any evidence of impairment of any investments. In case of impairment, the carrying value of such investment is reduced to its fair value and the impairment loss is recognized in the Revenue/Profit and Loss account after adjusting it with previously recognized revaluation reserve/fair value change account. However, at the Balance Sheet date if there is any indication that a previously recognized impairment loss no longer exists, then such loss is reversed and the investment is restated to that extent.

**The Forward Rate Agreement (FRA) contract** is valued at the difference between the market value of underlying bond at the spot reference yield taken from the SEBI approved rating agency and present value of the contracted forward price of underlying bond including present value of intermediate coupon inflows from valuation date till FRA contract settlement date, discounted by the INR-Overnight Index Swap (OIS) rate curve.

### 11.2. Unit Linked funds

We certify that the investments in linked business are valued on mark-to-market basis.

**Debt securities (including Government securities):** Central and State government securities are valued as per the valuation price provided by Credit Rating Information Services of India Limited ('CRISIL').

Debt securities other than government securities with a residual maturity over 182 days are valued on a yield to maturity basis, by using spreads over the benchmark rate (based on the matrix released by CRISIL on a daily basis) to arrive at the yield for pricing the security.

Debt securities with a residual maturity upto 182 days are valued at last valuation price plus the difference between the redemption value and last valuation price, based on effective interest rate method over the remaining period to maturity of instrument (based on the matrix released by the CRISIL on daily basis).

Securities with call option are valued at the lower of the value as obtained by valuing the security upto final maturity date or the call option date. In case there are multiple call options, the security is valued at the lowest value obtained by valuing the security at various call dates or upto the final maturity date (based on the matrix released by the CRISIL).

Securities with put option are valued at the higher of the value as obtained by valuing the security upto final maturity date or the put option date. In case there are multiple put options, the security is valued at the highest value obtained by valuing the security at various put dates or upto the final maturity date (based on the matrix released by CRISIL).

The Securities with both put and call option on the same day would be deemed to mature on the put/call date and would be valued on a yield to maturity basis, by using spreads over the benchmark rate based on the matrix released by CRISIL. Investments in reverse repo and tri-party repo are valued at cost plus interest accrued.

**Money market instruments:** Money market instruments like commercial paper, certificate of deposits and treasury bills are valued at historical cost, subject to accretion of discount over the period of maturity/holding based on effective interest rate method.

**Equity shares, redeemable preference shares, equity ETFs and mutual funds:** Listed equity shares, redeemable preference shares and equity ETF are valued at market value, being the last quoted closing price on NSE (in case of securities not listed on NSE, the last quoted closing price on BSE is used). Equity shares lent under the Securities Lending and Borrowing scheme (SLB) continue to be recognized in the Balance Sheet as the Company retains all the associated risks and rewards of these securities. Non-traded and thinly traded equity share are valued at last available price on NSE/BSE or the value derived using valuation principle of net worth per share, whichever is lower.

Mutual fund units are valued based on previous day's net asset value.

**Venture fund:** Venture fund units are valued at the latest audited net asset value of the respective fund.

**Fixed deposits:** Fixed deposits with banks are valued at cost.

Unrealised gains and losses are recognized in the revenue account as prescribed by IRDAI (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations 2002.

# Independent Auditor's Report

To the Members of  
ICICI Prudential Life Insurance Company Limited

## REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

### OPINION

We have audited the accompanying standalone financial statements of ICICI Prudential Life Insurance Company Limited (the "Company"), which comprise the Standalone Balance Sheet as at 31 March 2024, the Standalone Revenue Account (also called the "Policyholders' Account" or the "Technical Account"), the Standalone Profit and Loss Account (also called the "Shareholders' Account" or the "Non-Technical Account") and the Standalone Receipts and Payments Account for the year then ended, and schedules annexed thereto including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion, and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required in accordance with the Insurance Act, 1938 (the "Insurance Act"), as amended from time to time, including amendment brought by Insurance Laws (Amendment), Act 2015 the Insurance Regulatory and Development Authority Act, 1999 (the "IRDA Act"), the Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations, 2002 (the "IRDA Financial Statements Regulations"), orders/ directions/ circulars issued by the Insurance Regulatory and Development Authority of India (the "IRDAI") and the Companies Act, 2013 (the "Act"), to the extent applicable, in the manner so required and give a true and fair view in conformity

with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2024, its net surplus, its profit and its receipts and payments for the year ended on that date.

### BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

### KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current year. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

#### Information Technology (IT) systems and controls related to financial reporting process

Key audit matter	How our audit has addressed the key audit matter
<p>The Company is highly dependent on its complex IT infrastructure comprising hardware, software, multiple applications, automated interfaces and controls in systems for recording, storing and reporting of financial transactions.</p> <p>The Company's key financial accounting and reporting processes such as premium income, commission, benefits paid, investments amongst others are highly dependent on IT systems including automated controls, to process and record large volume of transactions on daily basis as part of its operations, such that there exists a risk that gaps in the IT control environment could result in the financial accounting and reporting records being materially misstated.</p>	<p>We have involved our IT specialists in our assessment of the IT systems and controls with respect to financial statements, which included, but were not limited to the following:</p> <ul style="list-style-type: none"> <li>Obtained an understanding of the Company's General IT Control (GITC) over key financial accounting and reporting systems, and supporting control systems (referred to as in-scope systems);</li> <li>On the in-scope systems, we have tested the design and operating effectiveness of key IT general controls. This included evaluation of entity's controls to ensure segregation of duties and access rights are based on duly approved requests, access for exit cases being revoked in a timely manner and access of all users being re-certified during the period of audit, evaluation of password policies. Further, controls related to program change were evaluated to verify whether the changes were approved, tested in an environment that was segregated from production and moved to production by appropriate users;</li> </ul>

**Information Technology (IT) systems and controls related to financial reporting process**

Key audit matter	How our audit has addressed the key audit matter
<p>Due to the pervasive nature, complexity and importance of the impact of the IT systems and related control environment on the Company's financial statements, we have identified testing of such IT systems and related control environment as a key audit matter for the current year audit.</p>	<ul style="list-style-type: none"> <li>• Evaluated the design and tested the operating effectiveness for the audit period over the in-scope systems around system interfaces, reconciliations and system processing relevant to the audit of premium income, commission expense, benefits paid and investments, for evaluating completeness and accuracy</li> <li>• Evaluated policies and strategies adopted by the Company in relation to security of key information infrastructure, data and client information management and monitoring</li> <li>• Where deficiencies, if any, were identified, tested compensating controls or performed alternative procedures; and</li> <li>• Obtained written representations from management on whether IT general controls and automated IT controls are designed and were operating effectively during the year.</li> </ul>

**Valuation and impairment determination of Investments (31 March 2024: INR 2,897,360,953, 31 March 2023: INR 2,482,204,207) (INR in thousands)**  
*Refer Schedule 8,8A and 8B of the standalone financial statements and refer schedule 16 note 2.12 on accounting policy*

Key audit matter	How our audit has addressed the key audit matter
<p>The Company's investment portfolio consists of Policyholders investments (unit linked and non- linked) and Shareholders investments. Total investment portfolio represents around 99% of the Company's total assets as at 31 March 2024</p> <p>Investments are valued in accordance with the Board approved investment policy framed by the Company as per the provisions of the Insurance Act, the IRDA Financial Statements Regulations, IRDAI (Investment) Regulations, 2016 and the applicable orders/ directions/ circulars issued by IRDAI.</p> <p>Investments in unit linked portfolio of INR 1,648,424,014 thousands are valued based on observable inputs as per their accounting policy and gains/losses are recognized in Revenue account. These unit linked portfolio investments do not represent higher risk of material misstatement however, are considered to be a key audit matter due to their materiality to the standalone financial statements.</p> <p>Investments in non-linked and shareholders portfolio of INR 1,248,936,939 thousands are valued as per their accounting policy, based on which:</p> <ul style="list-style-type: none"> <li>• the unrealized gains/ losses arising due to changes in fair value of listed equity shares and mutual fund units are recorded in the "Fair Value Change Account" in the Balance Sheet; and</li> <li>• debt securities and unlisted equity shares are valued at historical cost.</li> </ul> <p>Further, investments in the non-linked and shareholders portfolio are assessed for impairment as per the Company's investment policy which involves significant management judgement. There is increased economic stress on account of external factors, which may impact the valuation of these investments.</p> <p>Accordingly, valuation of investments (including impairment assessment) was considered to be one of the areas which required significant auditor attention and was one of the matter of most significance in the standalone financial statements.</p>	<p>Our audit procedures for this area included but were not limited to the following:</p> <ul style="list-style-type: none"> <li>• Obtained an understanding of the Company's process and controls over the valuation of investments. The understanding was obtained by performance of walkthroughs, which included inspection of documents produced by the Company and discussion with those involved in the pertinent process;</li> <li>• Evaluated and tested the design, implementation and operating effectiveness of key controls over the valuation process, including the Company's assessment and approval of assumptions used for the valuation including key authorisation and data input controls thereof;</li> <li>• Obtained independent external confirmations for investments as at balance sheet date from the Custodians and Depository Participants appointed by the Company to confirm the units of securities for the purpose of valuation re-computation;</li> <li>• On a test check basis, recomputed valuation of different class of investments to assess appropriateness of valuation methodologies with reference to IRDAI Investment Regulations along with the Company's Board approved valuation policy;</li> <li>• Examined movement and appropriateness of accounting in Fair Value Change account for specific investments. Further, in case of revaluation done for investment properties, examined the underlying valuation report for valuation for testing the reasonableness and also recomputed the movement in "Revaluation reserve".</li> <li>• Ensured the appropriateness and reasonableness of methodology, assumptions and judgements used by management with reference to the valuation and impairment of investments as per the Company's Board approved valuation and impairment policy. Obtained third party valuation price reports as per the Company's policy as relevant and understood such methodology to conclude on the reasonableness.</li> <li>• Obtained written representations from management on compliance of valuation of investments with the regulations and adequacy of impairment recorded for the year</li> </ul>

## INFORMATION OTHER THAN THE STANDALONE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, which is expected to be made available to us after that date.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

## MANAGEMENT'S AND BOARD OF DIRECTORS RESPONSIBILITY FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, net surplus/deficit, profit/loss and receipts and payments of the Company in accordance with the accounting principles generally accepted in India, including the provisions of the Insurance Act, the IRDA Act, the IRDA Financial Statements Regulations and orders/directions/circulars issued by the IRDAI in this regard and Accounting Standards specified under section 133 of the Act, to the extent applicable. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management and Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to the financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the standalone financial statements made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current year and are therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### OTHER MATTER

The actuarial valuation of liabilities for life policies in force and policies in respect of which premium has been discontinued but liability exists as at 31 March 2024 is the responsibility of the Company's Appointed Actuary (the "Appointed Actuary"). The actuarial valuation of these liabilities for life policies in force and for policies in respect of which premium has been discontinued but liability exists as at 31 March 2024 has been duly certified by the Appointed Actuary and in his opinion, the assumptions for such valuation are in accordance with the guidelines and norms issued by the IRDAI and the Institute of Actuaries of India in concurrence with the Authority. Accordingly, we have relied upon the Appointed Actuary's certificate in this regard for forming our opinion on the valuation of liabilities for life policies in force and for policies in respect of which premium has been discontinued but liability exists in the standalone financial statements of the Company.

Our opinion is not modified in respect of this matter.

### REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by IRDA Financial Statements Regulations, we have issued a separate certificate dated 23 April 2024 certifying the matters specified in paragraphs 3 and 4 of Schedule C to the IRDA Financial Statements Regulations.

2. As required by the IRDA Financial Statements Regulations read with Section 143(3) of the Act, we report, to the extent applicable that:
  - (i) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of accompanying standalone financial statements
  - (ii) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
  - (iii) As the Company's financial accounting system is centralized, no returns for the purpose of our audit are prepared at the branches and other offices of the Company;
  - (iv) The standalone balance sheet, the standalone revenue account, the standalone profit and loss account and the standalone receipts and payment account dealt with by this Report are in agreement with the books of account;
  - (v) The actuarial valuation of liabilities for life policies in force and for policies in respect of which premium has been discontinued but liability exists as at 31 March 2024 has been duly certified by the Appointed Actuary. The Appointed Actuary has also certified that, in his opinion, the assumptions for such valuation are in accordance with the guidelines and norms issued by IRDAI and the Institute of Actuaries of India in concurrence with the Authority;
  - (vi) In our opinion, the aforesaid standalone financial statements comply with the applicable Accounting Standards specified under Section 133 of the Act, to the extent not inconsistent with the accounting principles prescribed in the IRDA Financial Statements Regulations and orders/ directions/ circulars issued by IRDAI in this regard;
  - (vii) In our opinion and to the best of our information and according to the explanations given to us, investments have been valued in accordance with the provisions of the Insurance Act, the IRDA Financial Statements Regulations and orders/ directions/ circulars issued by IRDAI in this regard;
  - (viii) In our opinion, the accounting policies selected by the Company are appropriate and are in compliance with the Accounting Standards specified under Section 133 of the Act, to the extent they are not inconsistent with the accounting principles as prescribed in the IRDA Financial Statements Regulations and orders/directions/circulars issued by the IRDAI in this regard;
  - (ix) On the basis of written representations received from the directors as on 31 March 2024 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2024 from being appointed as a director in terms of Section 164(2) of the Act;

- (x) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company as on 31 March 2024 and the operating effectiveness of such controls, refer to our separate Report in "Annexure A"; and
- (xi) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - (a) The Company has disclosed the impact of pending litigations as at 31 March 2024 on its financial position in its standalone financial statements – Refer Schedule 16 note 3.2 to the standalone financial statements;
  - (b) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts – Refer Schedule 16 note 3.48 to the standalone financial statements;
  - (c) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company;
  - (d) (i) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
    - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company; or
    - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries (refer schedule 16 note 3.53(a) to the standalone financial statements).
  - (ii) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the

- Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall:
- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party; or
  - provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries (refer schedule 16 note 3.53(b) to the standalone financial statements).
- (iii) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (d) (i) and (ii) contain any material misstatement
- (e) The final dividend paid by the Company during the year, in respect of the same declared for the previous year, is in accordance with Section 123 of the Act to the extent it applies to payment of dividend.
- (f) Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which, along with access management tools, as applicable, have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.
3. With respect to the matter to be included in the Auditor's Report under section 197(16) of the Act, in our opinion and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act read with Section 34A of the Insurance Act, 1938. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act read with Section 34A of the Insurance Act, 1938. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

# Annexure A

## ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON THE STANDALONE FINANCIAL STATEMENTS OF ICICI PRUDENTIAL LIFE INSURANCE COMPANY LIMITED FOR THE YEAR ENDED 31 MARCH 2024

### INDEPENDENT AUDITOR'S REPORT ON THE INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE AFORESAID STANDALONE FINANCIAL STATEMENTS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013

In conjunction with our audit of the standalone financial statements of ICICI Prudential Life Insurance Company Limited (the "Company") as at and for the year ended 31 March 2024, we have audited the internal financial controls with reference to the standalone financial statements of the Company as at that date

### MANAGEMENT'S AND BOARD OF DIRECTORS' RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under Insurance Act, 1938 (the "Insurance Act"), as amended from time to time, including amendment brought by Insurance Laws (Amendment), Act 2015, the Insurance Regulatory and Development Authority Act, 1999 (the "IRDA Act"), the Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations, 2002 (the "IRDA Financial Statements Regulations"), orders/ directions/circulars issued by the Insurance Regulatory and Development Authority of India (the "IRDAI") and the Companies Act, 2013 (the "Act"), to the extent applicable.

### AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under

section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

### MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS

A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial controls with reference to standalone financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management

and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

### **INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO STANDALONE FINANCIAL STATEMENTS**

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **OPINION**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with

reference to the standalone financial statements and such internal financial controls were operating effectively as at 31 March 2024, based on the internal controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

### **OTHER MATTER**

The actuarial valuation of liabilities for life policies in force and policies in respect of which premium has been discontinued but liability exists as at 31 March 2024 has been certified by the Appointed Actuary as per the IRDA Financial Statements Regulations, and has been relied upon by us, as mentioned in paragraphs "Other Matter" of our audit report on the standalone financial statements for the year ended 31 March 2024. Accordingly, our opinion on the internal financial controls with reference to the standalone financial statements does not include reporting on the design and operating effectiveness of the management's internal controls over the valuation and accuracy of the aforesaid actuarial valuation.

Our opinion is not modified in respect of this matter.

6. We have jointly audited standalone financial statements of the Company as of and financial year ended 31 March 2024 on which we issued an unmodified audit opinion vide our report dated 23 April 2024. Our audits of these standalone financial statements were conducted in accordance with the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013 and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India (the

- "ICAI"). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free of material misstatement. Our audits were not planned and performed in connection with any transactions to identify matters that may be of potential interest to third parties.
7. In this connection, we have performed the following procedures:
    - a) Obtained the list of applications for New business, Renewal premium, Top up, Surrender, Freelook cancellation, Fund switches, Withdrawal and Partial withdrawal received in respect of Unit linked products on 31 March 2024 (together referred to as "Application Forms") from the Company;
    - b) Selected samples of Application Forms from listing mentioned in paragraph 7(a) above and verified whether:
      - i) The applications received on 31 March 2024 upto 3.00 p.m. have been appropriately stamped and processed with NAV of 31 March 2024;
      - ii) The applications received on 31 March 2024 after 3.00 p.m. have been appropriately stamped and processed with NAV of 1 April 2024 (first business working day post 31 March 2024); and
      - iii) The NAV applied for applications received on 31 March 2024 is traced to the respective NAV declared by the Company.
    - c) We have read the certificate dated 10 April 2024 of the concurrent auditor of the Company, Chokshi & Chokshi LLP, Chartered Accountants which has been furnished to us certifying compliance with Regulation 5 of Schedule I(B); and
    - d) Obtained representation from the Management that the Company has declared 31 March 2024 as a business day for accepting Application Forms and that it has declared NAV for 31 March 2024.
  8. We conducted our examination in accordance with the Guidance Note on Reports or Certificates for Special Purposes (Revised 2016) (the "Guidance Note") issued by the ICAI. The Guidance Note requires that we comply with the independence and other ethical requirements of the Code of Ethics issued by the ICAI.

9. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

### OPINION

10. Based on the procedures performed by us, as mentioned in paragraph 7 above, according to the information and explanations provided to us and representations by the Company's management, we report that:

(a) The applications received on 31 March 2024 upto 3.00 p.m. have been stamped and processed with NAV of 31 March 2024;

(b) The applications received on 31 March 2024 after 3.00 p.m. have been stamped and processed with NAV of 1 April 2024 (first business working day post 31 March 2024); and

(c) The Company has declared NAV for 31 March 2024, which is a business day, on a basis consistent with its accounting policy as disclosed in its audited standalone financial statements for the year ended 31 March 2024.

### RESTRICTION ON USE

11. This certificate is addressed to and provided to Board of Directors of the Company, solely for inclusion in the annual accounts of the Company as per Schedule I(B)(11)(d) of the Regulations and is not intended to be and should not be used for any other purpose without our prior consent. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose.

## SCHEDULE: 16

### Significant accounting policies and notes forming part of the standalone financial statements for the year ended March 31, 2024

#### 1. CORPORATE INFORMATION

ICICI Prudential Life Insurance Company Limited ('the Company'), promoted by ICICI Bank Limited and Prudential Corporation Holdings Limited, incorporated on July 20, 2000 as a Company under the Companies Act, 2013 ('the Act'). The Company is licensed by the Insurance Regulatory and Development Authority of India ('IRDAI') for carrying life insurance business in India. The license is in force as at March 31, 2024. The equity shares of the Company are listed on the National Stock Exchange of India (NSE) and The BSE Limited (BSE).

The Company carries on business of providing life insurance, pensions and health insurance products to individuals and groups. Riders providing additional benefits are offered under some of these products. The business is conducted in participating, non-participating and unit linked lines of businesses. These products are distributed through individual agents, corporate agents, banks, brokers, the Company's proprietary sales force and the Company website.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

##### 2.1. Basis of preparation

The accompanying standalone financial statements are prepared and presented under the historical cost convention, unless otherwise stated, and on accrual basis of accounting, in accordance with accounting principles generally accepted in India (Indian GAAP). The company has prepared the standalone financial statements in compliance with the accounting standards notified under section 133 of the Companies Act 2013, and amendments and rules made thereto, to the extent applicable and in accordance with the provisions of the Insurance Act, 1938, as amended from time to time, including amendment brought by Insurance laws (Amendment) Act, 2015, Insurance Regulatory and Development Authority Act, 1999, the Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations, 2002 and various orders/directions/circulars issued by the IRDAI from time to time and the practices prevailing within the insurance industry in India. Accounting policies applied have been consistent with those followed in the previous year.

The management evaluates all recently issued or revised accounting pronouncements on an ongoing basis.

##### 2.2. Use of estimates

The Company's management makes estimates and assumptions that affect the reported amounts of income and expenses for the year, reported balances of assets and liabilities, and disclosures relating to contingent liabilities as on the date of the financial statements. The estimates and assumptions used in the accompanying standalone financial statements are based upon management's evaluation of the relevant facts and circumstances as on the date of the financial statements. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively.

##### 2.3. Revenue recognition

###### 2.3.1. Premium income

Premium for non-linked policies is recognised as income (net of goods and service tax) when due from policyholders. For unit linked business, premium is recognised as income when the associated units are created. Premium on lapsed policies is recognised as income when such policies are reinstated.

Products having regular premium paying plans with limited premium payment term and/or pre-determined policy term are treated as regular business with due classification of premium into first year and renewal. Premium income on products other than aforesaid is classified as single premium.

Top up premiums are considered as single premium.

###### 2.3.2. Reinsurance premium ceded

Reinsurance premium ceded is accounted in accordance with the terms and conditions of the relevant treaties with the reinsurer. Profit commission on reinsurance ceded is net off premium ceded on reinsurance.

###### 2.3.3. Reinsurance premium accepted

Reinsurance premium accepted is accounted in accordance with the terms and conditions of the relevant treaties/arrangements with the insurers.

###### 2.3.4. Income from investments

###### Interest income on investment

Interest income on investments is recognised on accrual basis. Amortisation of premium or accretion of discount on debt securities is recognised over the remaining term of such instruments on the basis of effective interest rate method.

###### Dividend income

Dividend income, in respect of other than unit linked business, is recognised when the right to receive dividend is established. Dividend income, in respect of unit linked business, is recognised on the 'ex-dividend date'.

# Schedules

## Securities Lending and Borrowing (SLB) fees

Fees received on lending of equity shares under Securities Lending and Borrowing scheme (SLB) is recognised as income over the period of the lending on a straight-line basis.

## Lease rentals on investment property

Lease rentals on investment property is recognised on accrual basis and include only the realised rent and does not include any notional rent, as prescribed by IRDAI (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations 2002. Costs related to operating and maintenance of investment property are recognised as expense in the Revenue Account or Profit and Loss Account, when incurred.

## Profit or loss on sale/redemption of debt securities

Profit or loss on sale/redemption of debt securities for other than unit linked business is the difference between the sale consideration net of expenses and the weighted average amortised cost as on the date of sale. Profit or loss on sale/redemption of debt securities for unit linked business is the difference between the sale consideration net of expenses and the weighted average book cost as on the date of sale.

## Profit or loss on sale/redemption of equity shares, exchange traded fund (ETF) and mutual fund

Profit or loss on sale/redemption of equity shares, equity exchange traded fund (ETF) and mutual fund units is the difference between the sale consideration net of expenses and the weighted average book cost as on the date of sale. In respect of other than unit linked business, the profit or loss also includes the accumulated changes in the fair value previously recognised in Balance Sheet as "Fair Value Change Account".

## 2.3.5. Income from unit linked policies

Income from unit linked policies, which includes fund management charges, policy administration charges, mortality charges and other charges, if any, are recovered from the unit linked funds in accordance with terms and conditions of policies issued and are recognised when due.

## 2.3.6. Fees and charges

Fees and charges include policy reinstatement fee and loan processing fee which are recognised on receipt basis.

Interest income on policy loans is also included in fees and charges which is recognised on an accrual basis.

## 2.4. Acquisition cost

Acquisition costs are costs that vary with and are primarily related to acquisition of insurance contracts. It consists of costs like commission, stamp duty, policy issuance, employee cost and other related costs pertaining to the acquisition of insurance contracts. These costs are expensed in the period in which they are incurred.

## 2.5. Employee benefits

### 2.5.1. Short term employee benefits

Employee benefits payable within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, bonuses, short term compensated absences and other non-monetary benefits are recognised in the period in which the employee renders the related service. All short term employee benefits are accounted on undiscounted basis.

### 2.5.2. Long term employee benefits: Post-employment

The Company has both defined contribution and defined benefit plans.

#### Defined contribution plan

Superannuation and National Pension Scheme: The Company has a defined contribution scheme for Superannuation and National Pension Scheme for employees who opt for it. The Superannuation scheme is managed by ICICI Prudential Life Insurance Company Limited Superannuation Scheme and the National Pension Scheme is managed and administered by pension fund management companies licensed by the Pension Funds Regulatory and Development Authority ('PFRDA'). The contributions made to both the schemes are on a monthly basis, when due, and charged to Revenue Account and Profit and Loss Account on an undiscounted basis during the period in which the employee renders the related service. The Company does not have any further obligation beyond the contributions made to the funds.

#### Defined benefit plans

Gratuity and Provident fund are defined benefit obligations.

Gratuity: The gratuity benefit payable to the employees of the Company is as per the provisions of the Payment of Gratuity Act, 1972 or the Company's gratuity plan, whichever is higher. The gratuity liability of the Company is actuarially determined by an independent actuary at each Balance Sheet date using projected unit credit method.

The Company contributes towards net liabilities to ICICI Prudential Life Insurance Company Limited Employees' Group Gratuity Cum Life Insurance Scheme.

The Company recognises the net obligation of the Scheme in Balance Sheet as an asset or liability, respectively in accordance with Accounting Standard (AS) 15 (revised 2005), 'Employee benefits'. The discount rate used for actuarial valuation is based on Government securities yield. Actuarial gains or losses arising from change in actuarial assumptions or experience adjustments (the effects of difference between the previous actuarial assumptions and what has actually occurred) are recognised in the Revenue account and Profit and

forming part of standalone financial statements (continued)

Loss account for the period in which they emerge. Estimated rate of return on plan assets is based on the expected average long-term rate of return on investments of the Fund during the estimated term of the obligations.

**Provident fund:** The Company's defined benefit obligation towards interest rate guarantee on the exempt provident fund is actuarially determined by an independent actuary and measured in accordance with the Guidance Note (GN 29) on Valuation of Interest Rate Guarantees on Exempt Provident Funds under AS 15 (Revised) issued by the Institute of Actuaries of India. The contribution paid or payable is charged to the Revenue Account and the Profit and Loss Account during the period in which the employee renders the related service.

### 2.5.3. Other long term employee benefits

Other long term employee benefits include accumulated compensated absences that are entitled to be carried forward for future encashment or availment, at the option of the employee subject to the rules framed by the Company and includes long term retention incentive payable to employees on fulfilment of criteria prescribed the Company. The Company's liability towards accumulated compensated absences entitlement outstanding at the close of the year and long-term retention incentive are determined actuarially, by an independent actuary using projected unit credit method and are recognised as a liability at the discounted present value of the obligation as at the Balance Sheet date. The Company assumes net liability for the above in accordance with AS-15 (Revised). Actuarial gains or losses arising from change in actuarial assumptions or experience adjustments (the effects of difference between the previous actuarial assumptions and what has actually occurred) are recognised in the Revenue account and Profit and Loss account in the period in which they emerge.

### 2.5.4. Employee share based payments

The Employee Stock Option Scheme ('the Scheme') provides that eligible employees are granted options to subscribe to equity shares of the Company which vest in a graded manner. The vested options may be exercised within a specified period.

The Company follows the intrinsic value method to account for its share-based employee compensation plans in accordance with the Guidance Note on Accounting for Share based Payments, issued by the Institute of Chartered Accountants of India (ICAI). Intrinsic value is measured as the excess, if any, of the fair market price of the underlying shares over the exercise price on the grant date and amortised over the vesting period. The fair market price is the latest closing price, immediately prior to the grant date, on the stock exchange on which the shares of the company are listed.

If the shares are listed on more than one stock exchange, then, the stock exchange where there is highest trading volume on the said date is considered.

### 2.6. Operating leases

Leases where the lessor effectively retains substantially all the risks and rewards of ownership are classified as operating leases. Payments made under operating lease including escalations are recognised as an expense, on a straight-line basis, over the lease term in the Revenue/ Profit and Loss Account over the non-cancellable lease term.

### 2.7. Borrowing costs

Borrowing costs are charged to the Profit and Loss Account in the period in which these are incurred.

### 2.8. Provision for doubtful debts

The Company regularly evaluates the probability of recovery and provides for doubtful deposits, advances and other receivables in accordance with the Company's policy which is in line with the IRDAI regulations.

### 2.9. Benefits paid

Benefits paid comprise of policy benefits and claim settlement costs, if any.

Death and rider claims are accounted for on receipt of intimation. Survival, maturity and annuity benefits are accounted when due. Withdrawals and surrenders under non linked policies are accounted on the receipt of intimation. Withdrawals and surrenders under unit linked policies are accounted in the respective schemes when the associated units are cancelled. Amount payable on lapsed/discontinued policies are accounted for on expiry of lock-in-period of these policies. Surrenders, withdrawals and lapsation are disclosed at net of charges recoverable. Claim settlement cost, legal & other fees form part of claim cost, wherever applicable.

Reinsurance claims are accounted for in the period in which the claim is intimated.

Repudiated claims and other claims disputed before the judicial authorities are provided for on prudent basis as considered appropriate by the management.

### 2.10. Policy liability valuation

The actuarial liabilities, for all inforce policies and policies where premiums are discontinued but a liability exists as at the valuation date, are calculated in accordance with the accepted actuarial practice, requirements of Insurance Act, 1938, as amended from time to time, regulations notified by the Insurance Regulatory and Development Authority of India, relevant Guidance Notes and Actuarial Practice Standards of the Institute of Actuaries of India.

# Schedules

The prescribed method of valuation is the Gross Premium Valuation (GPV). The reserve held represents the net present value of benefits and expenses less premiums. The following is the broad method of the valuation:

- The reserves are calculated on a per policy basis.
- Any negative reserves are zeroised, so that a policy is not treated as an asset.
- The minimum value of reserves is the higher of the guaranteed surrender value, non-guaranteed surrender value and zero.
- For Linked business, unit liabilities are fully matched and a non-unit reserve is also held which includes provisions for any costs of guarantees provided under the products.
- GPV under non-linked participating policies have a reference to the asset share of policies at valuation date.

The liabilities for group one-year renewable policies are calculated on an unexpired risk premium basis. For non-linked group savings products, account value is held as liabilities.

Valuation parameters are set prudently and include a margin for adverse deviation (MAD) as required under APS7 issued by Institute of Actuaries of India.

## 2.11. Funds for Future Appropriations (FFA)

The Funds for Future Appropriations (FFA), in the participating segment, represents the surplus, which is not allocated to policyholders or shareholders as at the Balance Sheet date.

No Funds for Future Appropriations is held for other funds

## 2.12. Investments

Investments are made and accounted for in accordance with the Insurance Act, 1938, Insurance Regulatory and Development Authority of India (Investment) Regulations, 2016, Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations, 2002, Investments – Master circular, Investment Policy of the Company and various other circulars/notifications issued by the IRDAI in this context from time to time.

Investments are recorded at cost on the date of purchase, which includes brokerage and taxes, if any, but excludes interest accrued as on the date of purchase.

The Broken period interest paid/received is debited/credited to income accrued on investments and deposits.

Bonus entitlements are recognised as investments on the 'ex- bonus date'.

Rights entitlements are recognised as investments on the 'ex-rights date'.

Any front end discount on investments is reduced from the cost of such investments.

### 2.12.1. Classification

Investments maturing within twelve months from the Balance Sheet date and investments made with the specific intention to dispose them off within twelve months from the Balance Sheet date are classified as short-term investments.

Investments other than short-term investments are classified as long-term investments.

### 2.12.2. Valuation - Other than Unit Linked Funds

**Debt securities (including Government securities and redeemable preference shares):** All debt securities including government securities and redeemable preference shares are considered as 'held to maturity' and stated at historical cost, subject to amortisation of premium or accretion of discount over the remaining period to maturity on effective interest rate method.

### Money Market Instruments:

Money market instruments like commercial paper, certificate of deposits and treasury bills are valued at historical cost, subject to accretion of discount over the remaining period to maturity based on effective interest rate method.

### Equity shares, equity ETFs and Mutual funds:

Listed equity shares and equity exchange traded funds (ETF) at the Balance Sheet date are stated at fair value being the last quoted closing price on the National Stock Exchange of India Limited ('NSE') (in case the securities are not listed on NSE, the last quoted closing price on BSE Limited ('BSE') is used). Unlisted equity shares are stated at acquisition cost less impairment, if any. Equity shares lent under the Securities Lending and Borrowing scheme (SLB) continue to be recognised in the Balance Sheet as the Company retains all the associated risks and rewards of these securities.

Non-traded and thinly traded equity share are valued at last available price on NSE/BSE or the value derived using valuation principle of net worth per share, whichever is lower.

Mutual fund units are valued based on the previous day's net asset values.

# Schedules

forming part of standalone financial statements (continued)

Unrealised gains/losses arising due to changes in the fair value of listed equity shares and mutual fund units are taken to the "Fair Value Change Account" in the Balance Sheet.

## Real estate – investment property:

Investment property is held to earn rental income or for capital appreciation and is not occupied by the Company. Investment property is initially valued at cost including any directly attributable transaction costs. Investment property is revalued at least once in every three years. The change in carrying amount of investment property is taken to "Revaluation reserve" in the Balance Sheet.

## Venture funds:

Investments in venture fund units are valued at historical cost.

## Reverse repo and tri-party repo:

Investments in reverse repo and tri-party repo are valued at cost plus interest accrued.

## Fixed deposits:

Fixed deposits with banks are valued at cost.

## Impairment of Investments:

The Company assesses at each Balance Sheet date whether there is any evidence of impairment of any investments. In case of impairment, the carrying value of such investment is reduced to its fair value and the impairment loss is recognised in the Revenue/Profit and Loss account after adjusting it with previously recognised revaluation reserve/fair value change account. However, at the Balance Sheet date if there is any indication that a previously recognised impairment loss no longer exists, then such loss is reversed and the investment is restated to that extent.

### 2.12.3. Valuation - Unit Linked Funds

#### Debt securities (including Government securities):

Central and State government securities are valued as per the valuation price provided by Credit Rating Information Services of India Limited (CRISIL).

Debt securities other than government securities with a residual maturity over 182 days are valued on a yield to maturity basis, by using spreads over the benchmark rate (based on the matrix released by CRISIL on daily basis) to arrive at the yield for pricing the security.

Debt securities with a residual maturity upto 182 days are valued at last valuation price plus the difference between the redemption value and last valuation price, based on effective interest rate method over the remaining period to maturity of instrument. (based on the matrix released by the CRISIL).

Securities with call option are valued at the lower of the value as obtained by valuing the security upto final maturity date or the call option date. In case there are multiple call options, the security is valued at the lowest value obtained by valuing the security at various call dates or upto the final maturity date (based on the matrix released by the CRISIL)

Securities with put option are valued at the higher of the value as obtained by valuing the security upto final maturity date or the put option date. In case there are multiple put options, the security is valued at the highest value obtained by valuing the security at various put dates or upto the final maturity date (based on the matrix released by CRISIL)

The securities with both put and call option on the same day would be deemed to mature on the put/call date and would be valued on a yield to maturity basis, by using spreads over the benchmark rate based on the matrix released by CRISIL. Investments in reverse repo and tri-party repo are valued at cost plus interest accrued.

#### Money market instruments:

Money market instruments like commercial paper, certificate of deposits and treasury bills are valued at historical cost, subject to accretion of discount over the period of maturity/holding based on effective interest rate method.

#### Equity shares, redeemable preference shares, equity ETFs and Mutual Funds:

Listed equity shares, redeemable preference shares and equity ETF are valued at market value, being the last quoted closing price on NSE (in case of securities not listed on NSE, the last quoted closing price on BSE is used). Equity shares lent under the Securities Lending and Borrowing scheme (SLB) continue to be recognised in the Balance Sheet as the Company retains all the associated risks and rewards of these securities.

Non-traded and thinly traded equity share are valued at last available price on NSE/BSE or the value derived using valuation principle of net worth per share, whichever is lower.

Mutual fund units are valued based on previous day's Net Asset Value.

#### Venture funds:

Venture fund units are valued at the latest audited net asset value of the respective fund.

#### Fixed deposits:

Fixed deposits with banks are valued at cost.

**Unrealised gains and losses are recognised in the Revenue account as prescribed by IRDAI (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations 2002.**

## 2.12.4. Transfer of investments

Transfer of investments from Shareholders' account to the Policyholders' account to meet the deficit in the Policyholders' account is made at the cost price or market price, whichever is lower. In case of debt securities including money market instruments, all transfers are made at the lower of the market price and the net amortized cost.

The transfer of investments between unit liked funds is done at the price as specified below.

- In case of equity, preference shares, ETFs and Government Securities market price of the latest trade.
- In case of securities mentioned in (a) if the trade has not taken place on the day of transfer and for all other securities not part of (a) previous day valuation price.

No transfer of investments is carried out between non-linked policyholders' funds.

## 2.12.5. Provision for Non-Performing Assets (NPA)

An asset is classified as a NPA if the interest and/ or installment of principal remain overdue for more than 90 days at Balance Sheet date. Provision is made in the Revenue Account and Profit and Loss Account based on the guidelines prescribed by IRDAI investment regulations.

## 2.13. Interest rate derivatives

Interest rate derivative contracts are used for hedging of highly probable forecasted transactions on insurance contracts and investment cash flows in life, pension and annuity business. The Company follows hedge accounting in accordance with the 'Guidance Note on Accounting for Derivative Contracts' issued by the Institute of Chartered Accountants of India (ICAI) and IRDAI Investment Master Circular as amended from time to time.

At the inception of the hedge, the Company documents the relationship between the hedging instrument and the hedged item, the risk management objective and strategy for undertaking the hedge, nature of risk being hedged, identification of the instrument and the hedged item and the methods used to assess the hedge effectiveness. Hedge effectiveness is the extent to which changes in the fair value or the cash flows of the hedging instrument offset changes in the fair value or the cash flows of the hedged item. Hedge effectiveness is ascertained at the time of inception of the hedge and on each reporting date.

The Forward Rate Agreement (FRA) contract is valued at the difference between the market value of underlying bond at the spot reference yield taken from the SEBI approved rating agency and present value of the contracted forward price of underlying bond including present value of intermediate coupon inflows from valuation date till FRA contract settlement date, discounted by the INR-Overnight Index Swap (OIS) rate curve.

The Company follows cash flow hedge accounting for interest rate derivatives. The portion of the fair value gain/loss on the interest rate derivative that is determined to be an effective hedge is recognised directly in 'Credit/(Debit) Fair Value Change Account' in the Balance Sheet under policyholders' funds and the portion that gets determined as ineffective hedge or ineffective portion of effective hedge, based on the hedge effectiveness assessment is recognized in the Revenue Account under head "Transfer/Gain on revaluation/Change in fair value".

The accumulated gains or losses that were recognised directly in the 'Credit/(Debit) Fair Value Change Account' in the Balance Sheet are reclassified into the Revenue Account, in the same period or periods during which income on the investments acquired from underlying forecasted cash flow is recognized in the Revenue Account. In the event that all or any portion of gain or loss, recognised directly in the 'Credit/(Debit) Fair Value Change Account' in the Balance Sheet is not expected to be recovered in future periods, the amount that is not expected to be recovered is reclassified to the Revenue Account.

## 2.14. Loans

Loans are stated at historical cost less repayments, subject to provision for impairment, if any.

Loans are classified as short term in case the maturity is less than twelve months. Loans other than short term are classified as long term.

## 2.15. Fixed assets and Impairment

### 2.15.1. Tangible assets and depreciation

Tangible assets are stated at acquisition cost less accumulated depreciation and impairment loss, if any. Cost includes the purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities) any cost directly attributable to bring the asset to its working condition for its intended use and other incidental expenses incurred upto that date. Subsequent expenditure incurred on tangible assets is expensed out except where such expenditure results in an increase in future benefits from the existing assets beyond its previously assessed standard of performance.

# Schedules

forming part of standalone financial statements (continued)

The useful life of various category of assets is as below:

Asset	Useful life (years)
Office buildings on freehold land	60
Improvement to leasehold properties	60 years or lease period whichever is lower
Furniture and fixtures	5 to 10
Office equipment	5 to 10
Information technology equipment	3
Communication networks and servers	6
Motor vehicles	5

Schedule II of the Companies Act 2013 specifies the useful life of eight years for motor vehicles. As per Company policy, the motor vehicle is transferred to the employee on completion of five years or at written down value (WDV) in case of separation of employee before five years. Accordingly, the Company depreciates motor vehicles over five years. Assets costing upto ₹ 5,000 are considered to be immaterial in value and hence fully depreciated in the month of acquisition.

Depreciation is provided using the straight-line method ('SLM') prorated from the date of being ready to use, upto the date of sale, based on estimated useful life for each class of asset.

The useful life of tangible assets are periodically reviewed.

## 2.15.2. Intangibles

Intangible assets comprising software are stated at cost less amortisation. Significant expenditure on improvements to software are capitalised when it is probable that such expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standards of performance and such expenditure can be measured and attributed to the asset reliably. Subsequent capital expenditures are amortised over the remaining useful life of the original software. Software expenses are amortised using SLM over a period of four years from the date of being ready to use.

The useful life of intangible assets are periodically reviewed.

## 2.15.3. Capital work in progress

Assets not ready for their intended use and other capital work-in-progress are carried at cost, comprising direct cost and related incidental expenses.

## 2.15.4. Impairment of assets

Management periodically assesses, using external and internal sources, whether there is any indication that an asset may be impaired. If any such indication exists, an estimate of the recoverable amount of the asset unit is made. Impairment occurs where the carrying

value of the asset exceeds the recoverable amount. Recoverable amount is higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of the asset and its ultimate disposal. If at the Balance Sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount, subject to a maximum of depreciable historical cost.

## 2.16. Taxation

### 2.16.1. Direct taxes

Income tax expense comprises of current tax (i.e. amount of tax for the year determined in accordance with the Income Tax Act, 1961) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the year).

Current tax is the amount expected to be paid to the tax authorities after taking credit for allowances and exemptions in accordance with the Income Tax Act, 1961.

The Company calculates tax for the participating lines of business in order to ensure that the expenses pertaining to and identifiable with a particular line of business are represented as such to enable a more appropriate presentation of the financial statements. Accordingly, tax charge/credit on surplus/deficit arising from the participating line of business is disclosed separately in the Revenue account.

### 2.16.2. Indirect taxes

Goods and Services tax liability on life insurance service is set-off against the respective input tax credits available from tax paid on input services for each state. Un-utilised credits, if any, are carried forward under "Advances and other assets" for future set-off, where there is reasonable certainty of utilisation.

## 2.17. Provisions and contingencies

Provision is recognised when the company has a present obligation as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are determined on the basis of best estimate of the outflow of economic resources required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

A disclosure of a contingent liability is made when there is a possible obligation or present obligations that may, but probably will not, require an outflow of resources or it cannot be reliably estimated. When there is a possible

# Schedules

forming part of standalone financial statements (continued)

obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are neither recognised nor disclosed.

## 2.18. Segmental reporting

### Identification of segments

Based on the primary segments identified under IRDA (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations 2002 ('the Regulations') read with AS 17 on "Segmental Reporting" notified under section 133 of the Companies Act 2013 and rules thereunder, the Company has classified and disclosed segmental information separately for Shareholders' and Policyholders'. Within Policyholders', the businesses are further segmented into Participating (Life and Pension), Non-Participating (Life and Pension), Non-Participating variable (Life and Pension), Annuity, Health and Linked (Life, Pension, Health and Group).

There are no reportable geographical segments, since all business is written in India.

### Allocation/ Apportionment methodology

The allocation and apportionment of revenue, expenses, assets and liabilities to specific segments is done in the following manner, which is applied on a consistent basis.

- Revenue, expenses, assets and liabilities that are directly identifiable to the respective segments, are allocated on actual basis;
- Other revenue, expenses (including depreciation and amortisation), assets and liabilities that are not directly identifiable to a respective segment are apportioned based on one or combination of some of the relevant drivers which includes:
  - Number of policies
  - Number of claims
  - Annualised premium since inception
  - Sum assured
  - Premium income
  - Medical cases
  - Funds under management
  - Commission
  - Total operating expenses (for assets and liabilities)
  - Use of asset (for depreciation expense)

The accounting policies used in segmental reporting are the same as those used in the preparation of financial statements.

## 2.19. Foreign exchange transactions

**Initial recognition:** Foreign currency transactions are recorded in Indian Rupees, by applying to the foreign currency amount the exchange rate between the Indian Rupee and the foreign currency at the date of the transaction.

**Conversion:** Foreign currency monetary items are translated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

**Exchange differences:** Exchange differences arising on such conversions are recognised as income or as expenses in the period in which they arise either in the Revenue Account or the Profit and Loss Account, as the case may be.

## 2.20. Earnings per share

Basic earnings per share are calculated by dividing the profit or loss after tax for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the profit or loss after tax for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares which could have been issued on the conversion of all dilutive potential equity shares.

Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value. Dilutive potential equity shares are determined independently for each period presented.

## 2.21. Cash and Cash Equivalents

Cash and cash equivalents for the purpose of Receipts and Payments account include cash and cheques in hand, bank balances, liquid mutual funds and other investments with original maturity of three months or less which are subject to insignificant risk of changes in

# Schedules

forming part of standalone financial statements (continued)

value. Receipts and Payments Account is prepared and reported using the Direct Method in accordance with Accounting Standard (AS) 3, "Cash Flow Statements" as per requirements of Master Circular of IRDAI (Preparation of Financial Statements and Auditors' Report of Insurance Companies) regulations, 2002.

## 2.22. Unclaimed amount of policyholders

The unclaimed amount of policyholders is governed by the IRDAI Master circular no. IRDA/F&A/CIR/Misc/282/11/2020 dated November 17, 2020, and Investment Regulations, 2016 as amended from time to time. The Company maintains a single segregated fund to manage all unclaimed amounts.

Unclaimed amount of policyholders' liability is determined on the basis of NAV of the units outstanding as at the valuation date.

Assets held for unclaimed amount of policyholders and unclaimed amount of policyholders' liability are considered as current assets and current liabilities, respectively and are disclosed in Schedule 12 "Advances and Other Assets" and Schedule 13 "Current Liabilities".

Income on unclaimed amount of policyholders is accreted to the unclaimed fund and is accounted for on an accrual basis, net of fund management charges, and is disclosed under the head "Interest on unclaimed amounts" in Schedule 4 "Benefits paid" in Revenue account.

The unclaimed of policyholders except litigation cases which are more than 120 months as on 30<sup>th</sup> September every year, are transferred to the Senior Citizens' Welfare Fund (SCWF) on or before 1<sup>st</sup> March of that financial year.

The Company believes that ITC utilised is in compliance with the provisions of applicable laws and accordingly Company has submitted suitable reply to the said SCN.

### 3.2. Pending litigations

The Company's pending litigation comprises of claims against the Company primarily by the customers and proceedings pending with Tax authorities. The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed the contingent liabilities where applicable, in its financial statements. The Company does not expect the outcome of these proceedings to have a material adverse effect on its financial statements at March 31, 2024. Refer note 3.1 for details on contingent liabilities.

In respect of litigations, where the management assessment of a financial outflow is probable, the Company has made a provision of ₹ 1,218,562 thousand at March 31, 2024 (March 31, 2023: ₹ 1,077,754 thousand).

### 3.3. Actuarial method and assumptions

The actuarial liability in respect of both participating and non-participating policies is calculated using the gross premium method, using assumptions for interest, mortality, morbidity, persistency, expense, inflation and in the case of participating policies, future bonuses together with allowance for taxation and allocation of profits to shareholders. These assumptions are determined as prudent estimates at the date of valuation including allowances for possible adverse deviations.

The liability for the unexpired portion of the risk for the non-unit liabilities of linked business and attached riders is the higher of the liability calculated using discounted cash flows and the unearned premium reserve.

An unexpired risk reserve and a reserve in respect of claims incurred but not reported is held for contracts wherein there is a possibility of lag in intimation of claims.

The unit liability in respect of linked business is the value of the units standing to the credit of policyholders, using the Net Asset Value ('NAV') prevailing at the valuation date.

A brief of the assumptions used in actuarial valuation is as below:

- The interest rates used for valuing the liabilities are in the range of 5.04% to 6.56% per annum. The interest rates used at March 31, 2023 were in the range of 4.99% to 6.58% per annum.
- Mortality rates used are based on the published "Indian Assured Lives Mortality (2012 – 2014) Ult." mortality table for assurances and "Indian Individual Annuitant's Mortality Table (2012-15)" table for annuities adjusted to reflect expected experience. Morbidity rates used are based on CIBT 93 table, adjusted for expected experience, or on risk rates provided by reinsurers.
- Expenses are provided for at least at the current levels in respect of renewal expenses, with no allowance for any future improvement.
- Per policy renewal expenses are assumed to inflate at 4.91% per annum. The expense inflation assumption used at March 31, 2023 was 4.90%.
- The bonus rates for participating business to be declared in the future is consistent with the valuation assumptions.
- The tax rate applicable for valuation at March 31, 2024 is 14.56% per annum. The tax rate applicable for valuation at March 31, 2023 was 14.56% per annum.

Certain explicit additional provisions are made, which include the following:

- Reserves for additional expenses that the Company may have to incur if it were to close to new business twelve months after the valuation date.
- Reserves for guarantees available to individual and group insurance policies.
- Reserves for cost of non-negative claw back additions.
- Reserves for free look option given to policyholders calculated using a free look cancellation rate of 2.00% as on March 31, 2024. The free look cancellation assumption used at March 31, 2023 was 2.30%.
- Reserves for lapsed policies eligible for revivals.
- An additional reserve is held for incurred but not reported claims.

### 3.4. Funds for Future Appropriations ('FFA')

The balance of participating FFA of ₹ 12,865,780 thousand (March 31, 2023: ₹ 16,692,745 thousand) is not available for distribution to the shareholders. Such amount is classified under Funds for Future appropriations in the Balance Sheet.

### (b) Defined benefit plans

#### (i) Gratuity

##### General description of defined benefit plan

This is a funded defined benefit plan for qualifying employees under which the Company contributes to the ICICI Prudential Life Insurance Company Limited Employees' Group Gratuity Cum Life Assurance Scheme. The plan provides for a lump sum payment as determined in the manner specified under the Payment of Gratuity Act, 1972 or the Company's gratuity scheme, whichever is higher, to the vested employees. The benefit vests after a minimum prescribed period of continuous service at retirement or on death while in employment or on termination of employment. Defined benefit obligations are actuarially determined at each quarterly Balance Sheet date using the projected unit credit method as required under Accounting Standard (AS) 15 (Revised), "Employee benefits". Actuarial gains or losses are recognised in the Revenue Account.

### (ii) Provident fund

Provident fund benefits are aimed at providing security to staff members and their dependents on retirement, disability or death. Both employee and the Company contribute an equal percentage of the basic salary, a part of which is towards Government administered pension fund and balance portion is contributed to the fund administered by trustees. The Provident fund is managed by ICICI Prudential Life Insurance Company Employees' Provident Fund Trust.

The minimum rate at which the annual interest is payable by the Trust to members is prescribed by the Government. The Company has an obligation to make good the shortfall, if any, between the Government prescribed rate and actual return earned by the Provident fund.

### 3.19. Employee Stock Option Scheme ("ESOS")

The Company granted options to its employees under its Employees Stock Option Scheme, prior to listing, since approval of its Employees Stock Option Scheme – 2005. This pre-IPO Scheme shall be referred to as 'ESOS 2005' or 'Scheme'. The Scheme had six tranches namely Founder, 2004-05, 2005-06, 2006-07, Founder II and 2007-08, pursuant to which shares had been allotted and listed in accordance with the in-principle approval extended by the stock exchanges. All six tranches under the pre-IPO Scheme stand lapsed as on March 31, 2024. The Scheme had been instituted vide approval of its Members at the Extra-Ordinary General Meeting (EGM) dated March 28, 2005 and had been subsequently amended by the Members of the Company vide its EGM dated February 24, 2015.

The Scheme was ratified and amended by the members of the Company at its Annual General Meeting held on July 17, 2017 which is in compliance with the SEBI (Share Based Employee Benefits) Regulations, 2014 (referred to as the 'Revised Scheme').

The meeting of Board Nomination and Remuneration Committee (BNRC) and the Board held on April 24, 2019 had approved the amendment to the definition of "Exercise Period". The revision to the definition was approved by the members of the Company at its Annual General Meeting held on July 17, 2019.

Further, the meeting of BNRC and the Board held on April 17, 2021 and April 19, 2021 respectively had approved the increase in the limit of the number of shares issued or issuable since March 31, 2016 pursuant to the exercise of any

Options granted to the Eligible Employees issued pursuant to the Revised Scheme or any other stock option scheme of the Company, by 0.90% of the number of shares issued as on March 31, 2016, i.e. from a limit of 2.64% of the number of shares issued as on March 31, 2016 to 3.54%. The revision to the limit was approved by the members of the Company at its Annual General Meeting held on June 25, 2021.

As per the Revised Scheme, the aggregate number of shares issued or issuable since March 31, 2016 pursuant to the exercise of any Options granted to the Eligible Employees issued pursuant to the Scheme or any other stock option scheme of the Company, shall not exceed 3.54% of the number of shares issued at March 31, 2016. Further, pursuant to the Revised Scheme the maximum number of Options that can be granted to any Eligible Employee in a financial year shall not exceed 0.1% of the issued Shares of the Company at the time of grant of Options. The Revised Scheme provides for a minimum period of one year between the grant of Options and vesting of Options. The exercise price shall be determined by the BNRC in concurrence with the Board of Directors of the Company on the date the options are granted and shall be reflected in the award confirmation. Shares are allotted/issued to all those who have exercised their Options, as granted by the Board of the Company and/or the BNRC in accordance with the criteria ascertained pursuant to the Company's Compensation policy.

The Company granted options in seventeen more tranches under ESOS 2005 (Revised), namely 2017-18, 2018-19, 2018-19 special options, 2018-19 joining options, 2019-20, 2019-20 joining options, 2020-21, two tranches of 2020-21 joining options, 2021-22 three tranches of 2021-22 joining options, 2022-23, 2022-23 joining options, 2023-24, 2023-24 joining options.

The Company follows intrinsic value method and hence there was no charge in the Revenue Account and the Profit and Loss account on account of new grants during the year.

**Scope of the Company's remuneration policy (e.g. by regions, business lines), including the extent to which it is applicable to foreign subsidiaries and branches:**

The Company's Policy on Compensation & Benefits ("Compensation Policy") for Managing Director & CEO, Other wholetime Directors, non-executive Directors, Key Management Person (KMP), Senior Management Personnel (SMP) and other employees was last amended and approved by the BNRC and the Board at its Meeting held on October 14, 2023 and October 17, 2023 respectively.

**Type of employees covered and number of such employees:**

All employees of the Company are governed by the Compensation Policy. The total number of permanent employees governed by the Compensation Policy of the Company at March 31, 2024 was 18,844.

**B) Information relating to the design and structure of remuneration process.**

**Key features and objectives of remuneration policy:**

The Company has historically followed prudent compensation practices under the guidance of the Board and the BNRC. The Company's approach to compensation is based on the ethos of meritocracy and fairness within the framework of prudent risk management. This approach has been incorporated in the Compensation Policy, the key elements of which are given below:

**Effective governance of compensation:**

The Company follows prudent compensation practices under the guidance of the BNRC and the Board. The BNRC has the oversight for framing, review and implementation of the Company's Compensation Policy on behalf of the Board, and shall work in close coordination with the Board Risk Management Committee for an integrated approach to the formulation of the Compensation Policy where required. The decision relating to the remuneration of the Managing Director and CEO (MD & CEO), other wholetime Directors and KMPs/SMPs is reviewed and approved by the BNRC and the Board. The BNRC and the Board approves the Key Performance Indicators (KPIs) and the performance threshold for payment of performance bonus, if applicable. The BNRC assesses business performance against the KPIs and on various risk parameters as prescribed by IRDAI. Based on its assessment, it makes recommendations to the Board regarding compensation for MD & CEO and other wholetime Directors, performance bonus and long-term pay for all eligible employees, including senior management and key management persons.

**Alignment of compensation philosophy with prudent risk taking:**

The Company seeks to achieve a prudent mix of fixed and variable pay, with a higher proportion of variable pay at senior levels. For the MD & CEO and other wholetime Directors and KMPs/SMPs, compensation is sought to be aligned to both pre-defined performance objectives of the Company as well as prudent risk parameters. In addition,

the Company has an Employees Stock Option Scheme and an Employee Stock Unit Scheme aimed at enabling employees to participate in the long-term growth and financial success of the Company through stock option grants/stock unit grants that vest over a period of time.

**Whether the Remuneration Committee reviewed the firm's remuneration policy during the past year, and if so, an overview of any changes that were made:**

The BNRC reviewed the Company's Compensation Policy at its meetings held on April 20, 2023, July 15, 2023 and October 14, 2023 respectively.

- Insurance Regulatory and Development Authority of India (IRDAI) had released 'Guidelines on Remuneration of Directors and Key Management Persons of Insurers' ('Compensation Guidelines') on June 30, 2023, with the objective of promoting the alignment of remuneration policies with the long-term interest of insurers to avoid excessive risk taking, thereby promoting sound overall governance of insurers and fair treatment of customers. These guidelines are applicable for remuneration payable to whole-time Directors (WTDs), Key Management Persons (KMPs) and Senior Management Persons (SMPs) of private insurers from Financial Year 2023-24.
- A comprehensive evaluation was undertaken of the Compensation Policy for compliance, consistency, and structure, and accordingly a new policy was proposed to the Committee, in line with the Compensation Guidelines. The key changes involved including a detailed section on effective governance of compensation, changes to the definition of variable pay for WTDs/KMPs/SMPs to include performance bonus and/or share-linked instruments, such as employee stock options or employees' stock units, changes to the composition, mix and deferral of variable pay for WTDs/KMPs/SMPs, alignment of compensation to defined parameters & weightages to align compensation with the long-term interest of the Company for WTDs/KMPs/SMPs, malus and claw-back provisions for employees at levels where long-term pay is granted (including for deterioration of financial performance of the Company for WTDs/KMPs/SMPs), age & tenure restrictions for the MD & CEO, other WTDs and non-executive Directors, specific guidelines for compensation of staff in control functions, and enhanced disclosure & accounting requirements.

The revised compensation policy was approved by the BNRC and the Board at its meetings held on July 15, 2023 and July 18, 2023 respectively.

The policy was further amended by the BNRC and the Board in October 2023 to include a clause on age and tenure of the MD & CEO, WTDs and KMPs/SMPs.

Description of the ways in which current and future risks are taken into account in the remuneration processes.

- The Company follows prudent compensation practices under the guidance of the Board and the Board Nominations & Remuneration Committee (BNRC). The Company's approach to compensation is based on the ethos of meritocracy and fairness within the framework of prudent risk management. The performance rating assigned to employees is based on an assessment of performance delivered against a set of defined performance objectives. These objectives are balanced in nature and comprise a holistic mix of financial, customer, people, process, quality, compliance objectives and/or any other parameters as may be deemed fit.
- For the MD & CEO and other wholetime Directors and KMPs/SMPs, compensation is sought to be aligned to both pre-defined performance objectives of the Company as well as prudent risk parameters.
- For the MD & CEO and other wholetime Directors and KMPs/SMPs, the quantum of bonus does not exceed a certain percentage (as stipulated in the Compensation Policy) of total fixed pay in a year; a minimum of 50% (as stipulated in the Compensation Policy) will be under deferment. If the bonus amount is under ₹ 25 lakhs, the deferment shall not be applicable. The deferral period would be spread over a minimum period of three years (deferment period). The frequency of vesting will be on annual basis and the first vesting shall not be before one year from the commencement of deferral period. The vesting shall be no faster than a prorata basis. Additionally, vesting will not be more frequent than on a yearly basis.
- The deferred part of the variable pay (performance bonus and long term pay in the form of stock options/ stock units) for wholetime Directors and KMPs/SMPs

is subject to malus, under which, the Company will prevent vesting of all or part of the variable pay in the event of an enquiry determining gross negligence or integrity breach.

- In malus clawback arrangements with wholetime Directors and KMPs/SMPs, the employee agrees to return, in case asked for, the previously paid variable pay to the Company in the events as stated in the Compensation Policy including gross negligence, misconduct, integrity breach, deterioration in financial performance.
- Errors of judgment shall not be construed to be breaches.

### Description of the ways in which the Company seeks to link performance during a performance measurement period with levels of remuneration.

The Company's approach to compensation is based on the ethos of meritocracy and fairness within the framework of prudent risk management. The extent of variable pay for individual employees is linked to individual performance for sales frontline employees and to individual & organisation performance for non-sales frontline employees & employees in the management cadre. For the latter, the performance rating assigned is based on assessment of performance delivered against a set of defined performance objectives. These objectives are balanced in nature, and comprise a holistic mix of financial, customer, people, process, quality and compliance objectives and/or any other parameters as may be deemed fit. For the MD & CEO, other wholetime Directors and KMPs/SMPs to ensure effective alignment of compensation with prudent risk parameters, the Company takes into account various risk parameters along with other pre-defined performance objectives of the Company.

## E) Disclosures on risk exposure in Interest rate derivatives:

- Interest rate derivative hedging instruments: Derivatives are financial instruments whose characteristics are derived from the underlying assets, or from interest and exchange rates or indices. Interest rate derivatives include forward rate agreements, interest rate swaps and interest rate futures. The Company during the financial year has entered into forward rate agreement (FRA) derivative instrument to hedge exposure due to interest rate sensitivity for highly probable forecasted transactions. These hedges were entered only for hedging purpose to hedge the interest rate risk. This hedge is carried in accordance with its established policies, strategy, objective and applicable regulations.
- Derivative policy, process and hedge effectiveness assessment: The Company has a well-defined Board approved derivative policy and standard operating procedures setting out the strategic objectives, regulatory and operational framework and risks associated with interest rate derivatives. The policy includes the risk measurement and monitoring, processes to be followed and controls thereon. The accounting treatment has been documented and ensures a process of periodic effectiveness assessment and accounting in accordance with applicable accounting standard issued by the Institute of Chartered Accountants of India (ICAI).

The Company has clearly defined roles and responsibilities to ensure independence and accountability through the investment decision, trade execution, to settlement, accounting and periodic reporting and audit of the Interest rate derivative exposures. The overall policy, risk management framework for the Interest rate derivatives are monitored by the Board Risk Management Committee.

- Scope and nature of risk identification, risk measurement, and risk monitoring: The derivative policy as approved by the Board identify risk associated with interest rate derivatives transactions and sets appropriate market risk limits such as stress testing and value-at-risk limits. Financial risks of the derivative portfolio are measured and monitored on periodic basis.

## 3.52. Ind AS Implementation

Pursuant to IRDAI letter 100/2/Ind AS- Mission Mode/2022-23/1 dated July 14, 2022, a disclosure on the strategy for Ind AS implementation and progress in this regard is given below:

In January 2020, IRDAI issued a circular stating that the effective implementation date of Ind AS in the Indian insurance sector would be decided after the finalisation of IFRS 17 by International Accounting Standards Board (IASB). In June 2020, IASB notified the amended IFRS 17 with an effective date on or after January 1, 2023. In February 2022, ICAI issued an exposure draft of amendments to Ind AS 117 – Insurance Contracts, aligning it with IFRS 17. The amended Ind AS 117 is currently awaiting formal notification.

Further, during FY2024, the company received communication from IRDAI regarding the phased implementation of IFRS/IND AS in the insurance sector and the Company has been identified under phase 1 Insurer Category to implement Ind AS from April 1, 2025.

The Company has implemented IFRS 17 as part of consolidation for its foreign promotor and has prepared the opening balance sheet at January 1, 2022 as well as the financial statements for the year ended December 31, 2022 and December 31, 2023. The Company expects to leverage this experience to comply with any additional requirements that may be stipulated in the final notification of Ind AS 117 and Ind AS 109.

# Independent Auditor's Report

To the Members of  
ICICI Prudential Life Insurance Company Limited

## REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

### OPINION

We have audited the accompanying consolidated financial statements of ICICI Prudential Life Insurance Company Limited (hereinafter referred to as the "Holding Company") and its subsidiary "ICICI Prudential Pension Funds Management Company Limited" (Holding Company and its subsidiary together referred to as the "Group"), which comprise the Consolidated Balance Sheet as at 31 March 2024, the Consolidated Revenue Account (also called the "Policyholders' Account" or the "Technical Account"), the Consolidated Profit and Loss Account (also called the "Shareholders' Account" or the "Non-Technical Account") and Consolidated Receipts and Payments Account for the year then ended and the schedules annexed there to, a summary of the significant accounting policies and other explanatory information (hereinafter referred to as the "consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of report of the other auditor on separate financial statements of such subsidiary as were audited by the other auditor, the aforesaid consolidated financial statements give the information required by the Insurance Act, 1938 (the "Insurance Act"), as amended from time to time, including amendment brought by Insurance Laws (Amendment), Act 2015 the Insurance Regulatory and Development Authority Act, 1999 (the "IRDA Act"), the Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations, 2002 (the "IRDA Financial Statements Regulations"), orders/ directions/circulars issued by the Insurance Regulatory and Development Authority of India (the "IRDAI") and the Companies Act, 2013 (the "Act"), to the extent applicable, in the manner so required and give a true

and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2024, its consolidated net surplus, its consolidated profit and its consolidated receipts and payments for the year then ended.

### BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act and Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us along with the consideration of audit report of the other auditor referred to in sub-paragraph (b) of the "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

### KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matters to be communicated in our report.

## Information Technology (IT) systems and controls related to financial reporting process

Key audit matter	How our audit has addressed the key audit matter
<p>The Holding Company is highly dependent on its complex IT infrastructure comprising hardware, software, multiple applications, automated interfaces and controls in systems for recording, storing and reporting of financial transactions.</p> <p>The Holding Company's key financial accounting and reporting processes such as premium income, commission, benefits paid, investments amongst others are highly dependent on IT systems including automated controls, to process and record large volume of transactions on daily basis as part of its operations, such that there exists a risk that gaps in the IT control environment could result in the financial accounting and reporting records being materially misstated.</p>	<p>We have involved our IT specialists in our assessment of the IT systems and controls with respect to financial statements, which included, but were not limited to the following:</p> <ul style="list-style-type: none"> <li>Obtained an understanding of the Holding Company's General IT Control (GITC) over key financial accounting and reporting systems, and supporting control systems (referred to as in-scope systems);</li> <li>On the in-scope systems, we have tested the design and operating effectiveness of key IT general controls. This included evaluation of entity's controls to ensure segregation of duties and access rights are based on duly approved requests, access for exit cases being revoked in a timely manner and access of all users being re-certified during the period of audit, evaluation of password policies. Further, controls related to program change were evaluated to verify whether the changes were approved, tested in an environment that was segregated from production and moved to production by appropriate users;</li> </ul>

**Information Technology (IT) systems and controls related to financial reporting process**

**Key audit matter**

Due to the pervasive nature, complexity and importance of the impact of the IT systems and related control environment on the Holding Company's financial statements, we have identified testing of such IT systems and related control environment as a key audit matter for the current year audit.

**How our audit has addressed the key audit matter**

- Evaluated the design and tested the operating effectiveness for the audit period over the in-scope systems around system interfaces, reconciliations and system processing relevant to the audit of premium income, commission expense, benefits paid and investments, for evaluating completeness and accuracy;
- Evaluated policies and strategies adopted by the Holding Company in relation to security of key information infrastructure, data and client information management and monitoring;
- Where deficiencies, if any, were identified, tested compensating controls or performed alternative procedures; and
- Obtained written representations from management on whether IT general controls and automated IT controls are designed and were operating effectively during the year.

**Valuation and impairment determination of Investments (31 March 2024: INR 2,897,279,225, 31 March 2023: INR 2,482,157,761) (INR in thousands)**

*Refer Schedule 8,8A and 8B of the consolidated financial statements and refer schedule 16 note 2.13 on accounting policy*

**Key audit matter**

The Holding Company's investment portfolio consists of Policyholders investments (unit linked and non-linked) and Shareholders investments. Total investment portfolio represents around 99% of the Holding Company's total assets as at 31 March 2024

Investments are valued in accordance with the Board approved investment policy framed by the Holding Company as per the provisions of the Insurance Act, the IRDA Financial Statements Regulations, IRDAI (Investment) Regulations, 2016 and the applicable orders/ directions/ circulars issued by IRDAI

Investments in unit linked portfolio of INR 1,648,424,014 thousands are valued based on observable inputs as per their accounting policy and gains/losses are recognized in Revenue account. These unit linked portfolio investments do not represent higher risk of material misstatement however, are considered to be a key audit matter due to their materiality to the consolidated financial statements.

Investments in non-linked and shareholders portfolio of INR 1,248,855,211 thousands are valued as per their accounting policy, based on which:

- the unrealized gains/ losses arising due to changes in fair value of listed equity shares and mutual fund units are recorded in the "Fair Value Change Account" in the Balance Sheet; and
- debt securities and unlisted equity shares are valued at historical cost.

Further, investments in the non-linked and shareholders portfolio are assessed for impairment as per the Holding Company's investment policy which involves significant management judgement. There is increased economic stress on account of external factors, which may impact the valuation of these investments

Accordingly, valuation of investments (including impairment assessment) was considered to be one of the areas which required significant auditor attention and was one of the matter of most significance in the consolidated financial statements.

Our audit procedures for this area included but were not limited to the following

- Obtained an understanding of the Holding Company's process and controls over the valuation of investments. The understanding was obtained by performance of walkthroughs, which included inspection of documents produced by the Holding Company and discussion with those involved in the pertinent process;
- Evaluated and tested the design, implementation and operating effectiveness of key controls over the valuation process, including the Holding Company's assessment and approval of assumptions used for the valuation including key authorisation and data input controls thereof;
- Obtained independent external confirmations for investments as at balance sheet date from the Custodians and Depository Participants appointed by the Holding Company to confirm the units of securities for the purpose of valuation re-computation;
- On a test check basis, recomputed valuation of different class of investments to assess appropriateness of valuation methodologies with reference to IRDAI Investment Regulations along with the Holding Company's Board approved valuation policy
- Examined movement and appropriateness of accounting in Fair Value Change account for specific investments. Further, in case of revaluation done for investment properties, examined the underlying valuation report for valuation for testing the reasonableness and also recomputed the movement in "Revaluation reserve";
- Ensured the appropriateness and reasonableness of methodology, assumptions and judgements used by management with reference to the valuation and impairment of investments as per the Holding Company's Board approved valuation and impairment policy. Obtained third party valuation price reports as per the Holding Company's policy as relevant and understood such methodology to conclude on the reasonableness.
- Obtained written representations from management on compliance of valuation of investments with the regulations and adequacy of impairment recorded for the year.

## INFORMATION OTHER THAN THE CONSOLIDATED FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Holding Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report but does not include the consolidated financial statements and our auditor's report thereon, which is expected to be made available to us after that date.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

## MANAGEMENT'S AND BOARD OF DIRECTORS RESPONSIBILITIES FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated net surplus/deficit, consolidated profit/loss and the consolidated receipts and payments of the Group in accordance with the accounting principles generally accepted in India, including the provisions of the Insurance Act, the IRDA Act, the IRDA Financial Statements Regulations and orders/directions/circulars issued by the IRDAI in this regard, and Accounting Standards specified under section 133 of the Act, to the extent applicable.

The respective Management and Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each Company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and the Board of Directors of the companies included in the Group are responsible for assessing the ability of the each Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group is responsible for overseeing the financial reporting process of the Group.

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, that could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on the internal financial controls with reference to consolidated financial statements and the operating effectiveness of such controls based on our audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting in preparing of consolidated financial

statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial information of such entity included in the consolidated financial statements of which we are the independent auditors. For the other entity included in the consolidated financial statements, which have been audited by other auditor, such other auditor remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in para (b) of the section titled 'Other Matters' in this audit report.

We believe that the audit evidence obtained by us along with the consideration of audit report of the other auditor referred to in sub-paragraph (b) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

We communicate with those charged with governance of the Holding Company of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current year and are therefore

the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### OTHER MATTER

- The actuarial valuation of liabilities for life policies in force and policies in respect of which premium has been discontinued but liability exists as at 31 March 2024 is the responsibility of the Holding Company's Appointed Actuary (the "Appointed Actuary"). The actuarial valuation of these liabilities for life policies in force and for policies in respect of which premium has been discontinued but liability exists as at 31 March 2024 has been duly certified by the Appointed Actuary and in his opinion, the assumptions for such valuation are in accordance with the guidelines and norms issued by IRDAI and the Institute of Actuaries of India in concurrence with the Authority. We have relied upon the Appointed Actuary's certificate in this regard for forming our opinion on the valuation of liabilities for life policies in force and for policies in respect of which premium has been discontinued but liability exists for these financial statements.
- We did not audit the financial statements of a subsidiary company, whose financial statements reflect total assets (before consolidation adjustments) of Rs. 615,928 thousand as at 31 March 2024, total revenues (before consolidation adjustments) of Rs. 216,571 thousand, loss before tax (before consolidation adjustments) of Rs. 27,090 thousand and net cash outflow (before consolidation adjustments) amounting to Rs. 35,351 thousand for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditor whose report has been furnished to us by the Holding Company's Management, and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of such subsidiary and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary, is based solely on the audit report of the other auditor.

Our opinion on the consolidated financial statements, and our Report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the report of the other auditor.

### REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

- As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditor on separate financial statement of the subsidiary as were audited by other auditor, as

noted in the “Other Matters” paragraph, we report, to the extent applicable, that:

- (i) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the accompanying consolidated financial statements
  - (ii) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the report of the other auditor;
  - (iii) The consolidated balance sheet, the consolidated revenue account, the consolidated profit and loss account and the consolidated receipts and payments account dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
  - (iv) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act to the extent not inconsistent with the accounting principles prescribed in the IRDA Financial Statements Regulations and orders / directions / circulars issued by IRDAI in this regard;
  - (v) On the basis of the written representations received from the directors of the Holding Company as on 31 March 2024 taken on record by the Board of Directors of the Holding Company and the report of the statutory auditor of its subsidiary company in India, none of the directors of the Group companies is disqualified as on 31 March 2024 from being appointed as a director in terms of Section 164(2) of the Act; and
  - (vi) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company and its subsidiary company in India as at 31 March 2024, and the operating effectiveness of such controls, refer to our separate Report in “Annexure A”.
2. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditor on separate financial statements of the subsidiary, as noted in the “Other Matters” paragraph:
- (i) The consolidated financial statements disclose the impact of pending litigations as at 31

March 2024 on the consolidated financial position of the Group - Refer schedule 16 Note 3.2 to the consolidated financial statements;

- (ii) Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, on long-term contracts including derivative contracts - Refer schedule 16 Note 3.25 to the consolidated financial statements in respect of such items as it relates to the Group;
- (iii) There has been no delay in transferring amounts to the Investor Education and Protection Fund by the Holding Company during the year ended 31 March 2024. There are no amounts which are required to be transferred to the Investor Education and Protection Fund by the subsidiary company in India during the year ended 31 March 2024.
- (iv) Based on our examination which included test checks and that performed by the respective auditor of the subsidiary which is a company incorporated in India whose financial statements have been audited under the Act, the company and its subsidiary have used accounting softwares for maintaining its books of account which, along with access management tools have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we and respective auditor of the above referred subsidiary, did not come across any instance of audit trail feature being tampered with.
- (v) (i) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or its subsidiary company incorporated in India to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
  - directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Holding Company or its subsidiary company incorporated in India; or
  - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries (refer schedule 16 note 3.25(a) to the consolidated financial statements).

- (ii) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Holding Company or its subsidiary company incorporated in India from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Holding Company or its subsidiary company incorporated in India shall:
- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Funding Parties; or
  - provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries (refer schedule 16 note 3.25(b) to the consolidated financial statements).
- (ii) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to the notice that has caused them to believe that the representations under sub-clause (iv) (i) and (ii) contain any material misstatement.
- (iii) The dividend declared or paid during the year by the Holding Company is in compliance with section 123 of the Act. The subsidiary company incorporated in India has neither declared nor paid any dividend during the year.
3. With respect to the matter to be included in the Auditor’s report under section 197(16), in our opinion and according to the information and explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of Section 197 of the Act read with section 34A of the Insurance Act,1938. Based on the report of the statutory auditor of the subsidiary company which was not audited by us, the remuneration paid by the subsidiary company to its directors during the year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Holding Company and its subsidiary company is not in excess of the limit laid down under Section 197 of the Act read with Section 34A of the Insurance Act,1938, as may be applicable. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

## ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT OF THE CONSOLIDATED FINANCIAL STATEMENTS OF ICICI PRUDENTIAL LIFE INSURANCE COMPANY LIMITED FOR THE YEAR ENDED 31 MARCH 2024

### INDEPENDENT AUDITOR'S REPORT ON THE INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO THE AFORESAID CONSOLIDATED FINANCIAL STATEMENTS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013

In conjunction with our audit of the consolidated financial statements of ICICI Prudential Life Insurance Company Limited as at and for the year ended 31 March 2024, we have audited the internal financial controls with reference to consolidated financial statements of ICICI Prudential Life Insurance Company Limited (hereinafter referred to as "the Holding Company") and its subsidiary company "ICICI Prudential Pension Funds Management Company Limited", which is a company incorporated in India under the Companies Act, 2013 as of that date.

### MANAGEMENT'S AND BOARD OF DIRECTORS' RESPONSIBILITIES FOR INTERNAL FINANCIAL CONTROLS

The respective Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under Insurance Act, 1938 (the "Insurance Act"), as amended from time to time, including amendment brought by Insurance Laws (Amendment), Act 2015, the Insurance Regulatory and Development Authority Act, 1999 (the "IRDA Act"), the Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations, 2002 (the "IRDA Financial Statements Regulations"), orders/ directions/circulars issued by the Insurance Regulatory and Development Authority of India (the "IRDAI") and the Companies Act, 2013 (the "Act"), to the extent applicable.

### AUDITOR'S RESPONSIBILITY

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditor of the subsidiary in terms of their report referred to in the "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

### MEANING OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS

A Company's internal financial controls with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A Company's internal financial controls with reference to consolidated financial statements includes those policies

and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS WITH REFERENCE TO CONSOLIDATED FINANCIAL STATEMENTS

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### OPINION

In our opinion, the Holding Company and its subsidiary company incorporated in India, have in all material

respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at 31 March 2024, based on the internal financial controls with reference to consolidated financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note.

### OTHER MATTER

- a. The actuarial valuation of liabilities for life policies in force and policies in respect of which premium has been discontinued but liability exists as at 31 March 2024 has been certified by the Holding Company's Appointed Actuary as per the IRDA Financial Statement Regulations, and has been relied upon by us, as mentioned in "Other Matters" paragraph of our audit report on the consolidated financial statements of the Group for the year ended 31 March 2024. Accordingly, our opinion on the internal financial controls with reference to consolidated financial statements does not include reporting on the design and operating effectiveness of the management's internal controls over the valuation and accuracy of the aforesaid actuarial valuation.
- b. Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements insofar as it relates to the subsidiary company, which is a company incorporated in India, is based on the corresponding report of the auditor of such subsidiary company incorporated in India.

Our opinion is not modified in respect of the above matters.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

##### 2.1. Basis of Consolidation

These consolidated financial statements for the Group are prepared in accordance with the principles and procedures for preparation and presentation of consolidated financial statements as laid down under the Accounting Standard (AS) 21, “Consolidated Financial Statements” and are presented in the same format as

that of the holding Company. The financial statements of the holding Company and its subsidiary have been combined on a line-by-line basis by adding together similar items of assets, liabilities, income and expenses in respective components of financial statements after eliminating intra-group balances, transactions and resulting unrealised profits/ losses. The Policyholders’ account specifically dealing with direct insurance business governed by IRDAI regulations has retained its distinct independent form in these consolidated financial statements.

##### 2.2. Basis of preparation

The accompanying consolidated financial statements are prepared and presented under the historical cost convention, unless otherwise stated, and on the accrual basis of accounting, in accordance with accounting principles generally accepted in India (‘Indian GAAP’). The Group has prepared the financial statements in compliance with the accounting standards notified under section 133 of the Companies Act 2013, and amendments and rules made thereto, to the extent applicable and in accordance with the provisions of the Insurance Act, 1938, as amended from time to time, including amendments brought by Insurance laws (Amendment) Act, 2015, Insurance Regulatory and Development Authority Act, 1999, the Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditors’ Report of Insurance Companies) Regulations, 2002 and various orders/ directions/circulars issued by the IRDAI from time to time and the practices prevailing within the insurance industry in India. Accounting policies applied have been consistent with those followed in the previous year.

The management evaluates all recently issued or revised accounting pronouncements on an ongoing basis.

##### 2.3. Use of estimates

The Group’s management makes estimates and assumptions that affect the reported amounts of income and expenses for the year, reported balances of assets and liabilities, and disclosures relating to contingent liabilities as on the date of the financial statements. The estimates and assumptions used in the accompanying consolidated financial statements are based upon management’s evaluation of the relevant facts and circumstances as on the date of the financial statements. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively.

##### 2.4. Revenue recognition

###### 2.4.1. Premium income

## 2.5. Acquisition cost

Acquisition costs are costs that vary with and are primarily related to acquisition of insurance contracts. It consists of costs like commission, stamp duty, policy issuance, employee cost and other related costs pertaining to the acquisition of insurance contracts. These costs are expensed in the period in which they are incurred.

## 2.6. Employee benefits

### 2.6.1. Short term employee benefits

Employee benefits payable within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, bonuses, short term compensated absences and other non-monetary benefits are recognised in the period in which the employee renders the related service. All short term employee benefits are accounted on undiscounted basis.

### 2.6.2. Long term employee benefits: Post-employment

The Group has both defined contribution and defined benefit plans.

#### Defined contribution plan

The holding company has a defined contribution scheme for Superannuation and National Pension Scheme for employees who opt for it. The Superannuation scheme is managed by ICI Prudential Life Insurance Company Limited Superannuation Scheme and the National Pension Scheme is managed and administered by pension fund management companies licensed by the PFRDA. The contributions made to the both the schemes are on a monthly basis, when due, and are charged to the Revenue Account and the Profit and Loss Account on an undiscounted basis during the period in which the employee renders the related service. The holding company does not have any further obligation beyond the contributions made to the funds.

The subsidiary has a defined contribution scheme for National Pension Scheme for employees who opt for it. The National Pension Scheme is managed and administered by pension fund management companies licensed by the Pension Funds Regulatory and Development Authority ('PFRDA'). The contributions made to the scheme are on a monthly basis, when due, and charged to the Profit and Loss Account. The subsidiary does not have any further obligation beyond the contributions made to the fund. The subsidiary also has a defined contribution scheme for Provident fund. The Provident fund is managed and administered by Employee Provident Fund Organization ('EPFO'). The contribution is made to the provident fund on a monthly basis, when due, and charged to the Profit and Loss Account. The subsidiary does not have any further obligation beyond the contributions made to the fund.

#### Defined benefit plans

**Gratuity:** The gratuity benefit payable to the employees of the Group is as per the provisions of the Payment of Gratuity Act, 1972 or the Group's gratuity plan, whichever is higher. The gratuity liability is actuarially determined by an independent actuary at each Balance Sheet date using projected unit credit method.

The Group recognises the net obligation of the Scheme in Balance Sheet as an asset or liability, respectively in accordance with Accounting Standard (AS) 15 (revised 2005), 'Employee benefits'. The discount rate used for actuarial valuation is based on Government securities yield. Actuarial gains or losses arising from change in actuarial assumptions or experience adjustments (the effects of difference between the previous actuarial assumptions and what has occurred) are recognised in the Revenue Account and Profit and Loss Account for the period in which they emerge. The estimated rate of return on plan assets is based on the expected average long-term rate of return on investments of the Fund during the estimated term of the obligations.

**Provident fund:** The holding company's defined benefit obligation towards interest rate guarantee on the exempt provident fund is actuarially determined by and independent actuary and measured in accordance with the Guidance Note (GN 29) on Valuation of Interest Rate Guarantees on Exempt Provident Funds under AS 15 (Revised) issued by the Institute of Actuaries of India. The contribution paid or payable is charged to the Revenue Account and the Profit and Loss Account during the period in which the employee renders the related service.

### 2.6.3. Other long term employee benefits

Other long term employee benefits include accumulated compensated absences that are entitled to be carried forward for future encashment or availment, at the option of the employee subject to the rules framed by the Group company and includes long term retention incentive payable to employees on fulfilment of criteria proscribed by the Group company. The Group company's liability towards accumulated compensated absences entitlement outstanding at the close of the year and long-term retention incentive are determined actuarially, by an independent actuary using projected unit credit method and are recognised as a liability at the discounted present value of the obligation as at the Balance Sheet date. The Group company assumes net liability for the above in accordance with AS-15 (Revised). Actuarial gains or losses arising from change in actuarial assumptions or experience adjustments (the effects of difference between the previous actuarial assumptions and what has actually occurred) are recognised in the Revenue Account and Profit and Loss Account in the period in which they emerge.

## 2.6.4. Employee share based payments

The Employee Stock Option Scheme ('the Scheme') provides that eligible employees are granted options to subscribe to equity shares of the holding company which vest in a graded manner. The vested options may be exercised within a specified period.

The holding company follows the intrinsic value method to account for its share-based employee compensation plans in accordance with the Guidance Note on Accounting for Share based Payments, issued by the Institute of Chartered Accountants of India (ICAI). Intrinsic value is measured as the excess, if any, of the fair market price of the underlying shares over the exercise price on the grant date and amortised over the vesting period. The fair market price is the latest closing price, immediately prior to the grant date, on the stock exchange on which the shares of the holding company are listed. If the shares are listed on more than one stock exchange, then, the stock exchange where there is highest trading volume on the said date is considered.

## 2.7. Operating leases

Leases where the lessor effectively retains substantially all the risks and rewards of ownership are classified as operating leases. Payments made under operating lease including escalations are recognised as an expense, on a straight-line basis, over the lease term in the Revenue/ Profit and Loss Account over the non-cancellable lease term.

## 2.8. Borrowing costs

Borrowing costs are charged to the Profit and Loss Account in the period in which these are incurred.

## 2.9. Provision for doubtful debts

The holding company regularly evaluates the probability of recovery and provides for doubtful deposits, advances and other receivables in accordance with the holding company's policy which is in line with the IRDAI regulations.

## 2.10. Benefits paid

Benefits paid comprise of policy benefits and claim settlement costs, if any.

Death and rider claims are accounted for on receipt of intimation. Survival, maturity and annuity benefits are accounted when due. Withdrawals and surrenders under non linked policies are accounted on the receipt of intimation. Withdrawals and surrenders under unit linked policies are accounted in the respective schemes when the associated units are cancelled. Amount payable on lapsed/discontinued policies are accounted for on expiry of lock-in-period of these policies. Surrenders, withdrawals and lapsation are disclosed at net of charges recoverable.

Claim settlement cost, legal & other fees form part of claim cost wherever applicable.

Reinsurance claims are accounted for in the period in which the claim is intimated.

Repudiated claims and other claims disputed before the judicial authorities are provided for on prudent basis as considered appropriate by the management.

## 2.11. Policy liability valuation

The actuarial liabilities, for all inforce policies and policies where premiums are discontinued but a liability exists as at the valuation date, are calculated in accordance with the accepted actuarial practice, requirements of Insurance Act, 1938, as amended from time to time, regulations notified by the Insurance Regulatory and Development Authority of India, relevant Guidance Notes and Actuarial Practice Standards of the Institute of Actuaries of India.

The prescribed method of valuation is the Gross Premium Valuation (GPV). The reserve held represents the net present value of benefits and expenses less premiums. The following is the broad method of the valuation.

- The reserves are calculated on a per policy basis.
- Any negative reserves are zeroised, so that a policy is not treated as an asset.
- The minimum value of reserves is the higher of the guaranteed surrender value, non-guaranteed surrender value, and zero.
- For Linked business, unit liabilities are fully matched and a non-unit reserve is also held which includes provisions for any costs of guarantees provided under the products.
- GPV under non-linked participating policies have a reference to the asset share of policies at valuation date.

The liabilities for group one-year renewable policies are calculated on an unexpired risk premium basis. For non-linked group savings products, account value is held as liabilities.

Valuation parameters are set prudently and include a margin for adverse deviation (MAD) as required under APS7 issued by Institute of Actuaries of India.

## 2.12. Funds for Future Appropriations (FFA)

The Funds for Future Appropriations (FFA), in the participating segment, represents the surplus, which is not allocated to policyholders or shareholders as at the Balance Sheet date.

No Funds for Future Appropriations is held for other funds.

## 2.13. Investments

In respect to the holding company, investments are made and accounted for in accordance with the Insurance Act, 1938, Insurance Regulatory and Development Authority of India (Investment) Regulations, 2016, Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations, 2002, Investments – Master circular, Investment Policy of the holding company and various other circulars/notifications issued by the IRDAI in this context from time to time.

Investments are recorded at cost on the date of purchase, which includes brokerage and taxes, if any, but excludes interest accrued as on the date of purchase.

The broken period interest paid/received is debited/credited to income accrued on investments and deposits.

Bonus entitlements are recognised as investments on the 'ex- bonus date'.

Rights entitlements are recognised as investments on the 'ex-rights date'.

Any front end discount on investments is reduced from the cost of such investments.

### 2.13.1. Classification

Investments maturing within twelve months from the Balance Sheet date and investments made with the specific intention to dispose them off within twelve months from the Balance Sheet date are classified as short-term investments.

Investments other than short-term investments are classified as long-term investments.

### 2.13.2. Valuation - Other than Unit Linked Funds of the holding company

#### Debt securities (including Government securities and redeemable preference shares):

All debt securities including government securities and redeemable preference shares are considered as 'held to maturity' and stated at historical cost, subject to amortisation of premium or accretion of discount over the remaining period to maturity on effective interest rate method.

#### Money Market Instruments:

Money market instruments like commercial paper, certificate of deposits and treasury bills are valued at historical cost, subject to accretion of discount over the remaining period to maturity based on effective interest rate method.

#### Equity shares, equity ETFs and Mutual funds:

Listed equity shares and equity exchange traded funds (ETF) at the Balance Sheet date are stated at fair value

being the last quoted closing price on the National Stock Exchange of India Limited ('NSE') (in case the securities are not listed on NSE, the last quoted closing price on BSE Limited ('BSE') is used). Unlisted equity shares are stated at acquisition cost less impairment, if any. Equity shares lent under the Securities Lending and Borrowing scheme (SLB) continue to be recognised in the Balance Sheet as the holding company retains all the associated risks and rewards of these securities.

Non-traded and thinly traded equity share are valued at last available price on NSE/BSE or the value derived using valuation principle of net worth per share, whichever is lower.

Mutual fund units are valued based on the previous days' net asset values.

Unrealised gains/losses arising due to changes in the fair value of listed equity shares and mutual fund units are taken to the "Fair Value Change Account" in the Balance Sheet.

#### Real estate – investment property:

Investment property is held to earn rental income or for capital appreciation and is not occupied by the holding company. Investment property is initially valued at cost including any directly attributable transaction costs. Investment property is revalued at least once every three years. The change in carrying amount of investment property is taken to "Revaluation reserve" in the Balance Sheet.

#### Venture funds:

Investments in venture fund units are valued at historical cost.

#### Reverse repo and tri-party repo:

Investments in reverse repo and tri-party repo are valued at cost plus interest accrued.

#### Fixed deposits:

Fixed deposits with banks are valued at cost.

#### Impairment of Investments:

The holding company assesses at each Balance Sheet date whether there is any evidence of impairment of any investments. In case of impairment, the carrying value of such investment is reduced to its fair value and the impairment loss is recognised in the Revenue/Profit and Loss Account after adjusting it with previously recognised revaluation reserve/fair value change account. However, at the Balance Sheet date if there is any indication that a previously recognised impairment loss no longer exists, then such loss is reversed and the investment is restated to that extent.

## 2.13.3. Valuation - Unit Linked Funds of the holding company

### Debt securities (including Government securities):

Central and State government securities are valued as per the valuation price provided by Credit Rating Information Services of India Limited (CRISIL).

Debt securities other than government securities with a residual maturity over 182 days are valued on a yield to maturity basis, by using spreads over the benchmark rate (based on the matrix released by CRISIL) to arrive at the yield for pricing the security.

Debt securities with a residual maturity upto 182 days are valued at last valuation price plus the difference between the redemption value and last valuation price, based on effective interest rate method over the remaining period to maturity of instrument. (based on the matrix released by the CRISIL).

Securities with call option are valued at the lower of the value as obtained by valuing the security upto final maturity date or the call option date. In case there are multiple call options, the security is valued at the lowest value obtained by valuing the security at various call dates or upto the final maturity date (based on the matrix released by the CRISIL)

Securities with put option are valued at the higher of the value as obtained by valuing the security upto final maturity date or the put option date. In case there are multiple put options, the security is valued at the highest value obtained by valuing the security at various put dates or upto the final maturity date (based on the matrix released by CRISIL)

The securities with both put and call option on the same day would be deemed to mature on the put/call date and would be valued on a yield to maturity basis, by using spreads over the benchmark rate based on the matrix released by CRISIL. Investments in reverse repo and tri-party repo are valued at cost plus interest accrued.

### Money market instruments:

Money market instruments like commercial paper, certificate of deposits and treasury bills are valued at historical cost, subject to accretion of discount over the period of maturity/holding based on effective interest rate method.

### Equity shares, redeemable preference shares, equity ETFs and Mutual Funds:

Listed equity shares, redeemable preference shares and equity ETF are valued at market value, being the last quoted closing price on NSE (in case of securities not listed on NSE, the last quoted closing price on BSE

is used). Equity shares lent under the Securities Lending and Borrowing scheme (SLB) continue to be recognised in the Balance Sheet as the holding company retains all the associated risks and rewards of these securities.

Non-traded and thinly traded equity share are valued at last available price on NSE/BSE or the value derived using valuation principle of net worth per share, whichever is lower.

Mutual fund units are valued based on previous day's Net Asset Value.

### Venture funds:

Venture fund units are valued at the latest audited net asset value of the respective fund.

### Fixed deposits:

Fixed deposits with banks are valued at cost.

Unrealised gains and losses are recognised in the Revenue Account as prescribed by IRDAI (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations 2002.

## 2.13.4. Valuation – Subsidiary

Investments that are readily realizable and intended to be held for not more than a year from the Balance Sheet date are classified as current investments. All other investments are classified as non-current investments. Current investments are carried at lower of cost or fair value determined on an individual security basis. Non-current investments are carried at cost, subject to amortization of premium or accretion of discount over the remaining period of maturity/holding based on Yield to Maturity (effective interest rate method). Provision for diminution in value is made to recognize other than temporary decline in the value of investments. The provision shall be written back once the fair value of the investment reaches its original book value.

## 2.13.5. Transfer of investments (for holding company)

Transfer of investments from Shareholders' account to the Policyholders' account to meet the deficit in the Policyholders' account is made at the cost price or market price, whichever is lower. In case of debt securities including money market instruments, all transfers are made at the lower of the market price and the net amortized cost.

The transfer of investments between unit liked funds is done at the price as specified below.

- In case of equity, preference shares, ETFs and Government Securities market price of the latest trade.

# Schedules

forming part of consolidated financial statements (continued)

b. In case of securities mentioned in (a) if the trade has not taken place on the day of transfer and for all other securities not part of (a) previous day valuation price.

No transfer of investments is carried out between non-linked policyholders' funds

### 2.13.6. Provision for Non-Performing Assets (NPA)

An asset is classified as an NPA if the interest and/ or installment of principal remain overdue for more than 90 days at Balance Sheet date. Provision is made in the Revenue Account and Profit and Loss Account based on the guidelines prescribed by IRDAI investment regulations.

### 2.14. Interest rate derivatives (for holding company)

Interest rate derivative contracts are used for hedging of highly probable forecasted transactions on insurance contracts and investment cash flows in life, pension and annuity business. The holding company follows hedge accounting in accordance with the 'Guidance Note on Accounting for Derivative Contracts' issued by the Institute of Chartered Accountants of India (ICAI) and IRDAI Investment Master Circular as amended from time to time.

At the inception of the hedge, the holding company documents the relationship between the hedging instrument and the hedged item, the risk management objective and strategy for undertaking the hedge, nature of risk being hedged, identification of the instrument and the hedged item and the methods used to assess the hedge effectiveness. Hedge effectiveness is the extent to which changes in the fair value or the cash flows of the hedging instrument offset changes in the fair value or the cash flows of the hedged item. Hedge effectiveness is ascertained at the time of inception of the hedge and on each reporting date.

The Forward Rate Agreement (FRA) contract is valued at the difference between the market value of underlying bond at the spot reference yield taken from the SEBI approved rating agency and present value of the contracted forward price of underlying bond including present value of intermediate coupon inflows from valuation date till FRA contract settlement date, discounted by the INR-Overnight Index Swap (OIS) rate curve.

The holding company follows cash flow hedge accounting for interest rate derivatives. The portion of the fair value gain/loss on the interest rate derivative that is determined to be an effective hedge is recognised directly in 'Credit/(Debit) Fair Value Change Account' in the Balance Sheet under policyholders' funds and the portion that gets determined as ineffective hedge or ineffective portion of effective hedge, based on the hedge effectiveness assessment is recognized in the Revenue Account under head "Transfer/Gain on revaluation/Change in fair value".

The accumulated gains or losses that were recognised directly in the 'Credit/(Debit) Fair Value Change Account' in the Balance Sheet are reclassified into the Revenue Account, in the same period or periods during which income on the investments acquired from underlying forecasted cash flow is recognized in the Revenue Account. In the event that all or any portion of gain or loss, recognised directly in the 'Credit/(Debit) Fair Value Change Account' in the Balance Sheet is not expected to be recovered in future periods, the amount that is not expected to be recovered is reclassified to the Revenue Account.

### 2.15. Loans

Loans are stated at historical cost less repayments, subject to provision for impairment, if any.

Loans are classified as short term in case the maturity is less than twelve months. Loans other than short term are classified as long term.

### 2.16. Fixed assets and Impairment

#### 2.16.1. Tangible assets and depreciation

Tangible assets are stated at acquisition cost less accumulated depreciation and impairment loss, if any. Cost includes the purchase price net of any trade discounts and rebates, any import duties, other taxes (other than those subsequently recoverable from the tax authorities) and any cost directly attributable to bring the asset to its working condition for its intended use and other incidental expenses incurred upto that date. Subsequent expenditure incurred on tangible assets is expensed out except where such expenditure results in an increase in future benefits from the existing assets beyond its previously assessed standard of performance.

The useful life of various category of assets is as below:

Asset	Useful life (years)
Office buildings on freehold land	60
Improvement to leasehold properties	60 years or lease period whichever is lower
Furniture and fixtures	5 to 10
Office equipment	5 to 10
Information technology equipment	3
Communication networks and servers	6
Motor vehicles	5

Assets costing upto ₹ 5,000 are considered to be immaterial in value and hence fully depreciated in the month of acquisition.

Depreciation is provided the using straight-line method ('SLM') prorated from the date of being ready to use, upto the date of sale, based on estimated useful life for each class of asset.

# Schedules

forming part of consolidated financial statements (continued)

Schedule II of the Companies Act 2013 specifies the useful life of eight years for motor vehicles. As per holding company policy, the motor vehicle is transferred to the employee on completion of five years or at written down value (WDV) in case of separation of employee before five years. Accordingly, the holding company depreciates motor vehicles over five years.

The useful life of tangible assets are periodically reviewed.

## 2.16.2. Intangibles

Intangible assets comprising software are stated at cost less amortisation. Significant expenditure on improvements to software are capitalised when it is probable that such expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standards of performance and such expenditure can be measured and attributed to the asset reliably. Subsequent capital expenditures are amortised over the remaining useful life of the original software. Software expenses are amortised using SLM over a period of four years from the date of being ready to use.

The useful life of intangible assets are periodically reviewed.

## 2.16.3. Capital work in progress

Assets not ready for their intended use and other capital work-in-progress are carried at cost, comprising direct cost and related incidental expenses..

## 2.16.4. Impairment of assets

Management periodically assesses, using external and internal sources, whether there is any indication that an asset may be impaired. If any such indication exists, an estimate of the recoverable amount of the asset unit is made. Impairment occurs where the carrying value of the asset exceeds the recoverable amount. Recoverable amount is higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of the asset and its ultimate disposal. If at the Balance Sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount, subject to a maximum of depreciable historical cost.

## 2.17. Taxation

### 2.17.1. Direct taxes

Income tax expense comprises of current tax (i.e. amount of tax for the year determined in accordance with the Income Tax Act, 1961) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the year).

Current tax is the amount expected to be paid to the tax authorities after taking credit for allowances and exemptions in accordance with the Income Tax Act, 1961.

The holding company calculates tax for the participating lines of business in order to ensure that the expenses pertaining to and identifiable with a particular line of business are represented as such to enable a more appropriate presentation of the financial statements. Accordingly, tax charge/credit on surplus/deficit arising from the participating line of business is disclosed separately in the Revenue account.

The deferred tax asset and liabilities are recognised using the tax rates that have been enacted or substantively enacted by the Balance Sheet date. Deferred tax assets are recognised and carried forward only to the extent there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. However, deferred tax asset in respect of unabsorbed depreciation or carried forward loss are recognised only if there is a virtual certainty of realisation of such assets. Deferred tax assets are reviewed at each Balance Sheet date and written down or written up to reflect the amount that is reasonable / virtually certain (as the case may be) to be realised.

### 2.17.2. Indirect taxes

Goods and Services tax liability on output services is set-off against the respective input tax credits available from tax paid on input services for each state. Unutilised credits, if any, are carried forward under "Advances and other assets" for future set-off, where there is reasonable certainty of utilisation .

## 2.18. Provisions and contingencies

Provision is recognized when there is a present obligation as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are determined based on the basis of best estimate of the outflow of economic resources required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

A disclosure of a contingent liability is made when there is a possible obligation or present obligations that may, but probably will not, require an outflow of resources or it cannot be reliably estimated. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are neither recognised nor disclosed.

# Schedules

forming part of consolidated financial statements (continued)

## 2.19. Segmental reporting

### Identification of segments

Based on the primary segments identified in accordance with AS 17 on "Segmental Reporting" notified under section 133 of the Companies Act 2013 and rules thereunder and IRDAI (Preparation of Financial Statements and Auditors' Report of Insurance Companies) Regulations 2002 ('the Regulations') the Group has classified and disclosed segmental information separately for Shareholders' and Policyholders' in consolidated financial statements. Within Policyholders', the businesses are further segmented into Participating (Life and Pension), Non-Participating (Life and Pension), Non-Participating variable (Life and Pension), Annuity, Health and Linked (Life, Pension, Health and Group).

There are no reportable geographical segments, since all business is written in India.

### Allocation/ Apportionment methodology

The allocation and apportionment of revenue, expenses, assets and liabilities to specific segments is done in the following manner, which is applied on a consistent basis.

- Revenue, expenses, assets and liabilities that are directly identifiable to the respective segments are allocated on actual basis;
- Other revenue, expenses (including depreciation and amortisation), assets and liabilities that are not directly identifiable to a respective segment are apportioned based on one or combination of some of the relevant drivers which includes:
  - Number of policies
  - Number of claims
  - Annualised premium since inception
  - Sum assured
  - Premium income
  - Medical cases
  - Funds under management
  - Commission
  - Total operating expenses (for assets and liabilities)
  - Use of asset (for depreciation expense)

The accounting policies used in segmental reporting are the same as those used in the preparation of financial statements.

## 2.20. Foreign exchange transactions

Initial recognition: Foreign currency transactions are recorded in Indian Rupees, by applying to the foreign currency amount the exchange rate between the Indian Rupee and the foreign currency at the date of the transaction.

Conversion: Foreign currency monetary items are translated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

Exchange differences: Exchange differences arising on such conversions are recognised as income or as expenses in the period in which they arise either in the Revenue Account or the Profit and Loss Account, as the case may be.

## 2.21. Earnings per share

Basic earnings per share are calculated by dividing the profit or loss after tax for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the profit or loss after tax for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares which could have been issued on the conversion of all dilutive potential equity shares.

Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value. Dilutive potential equity shares are determined independently for each period presented.

The holding company believes that ITC utilised is in compliance with the provisions of applicable laws and accordingly the holding company has submitted suitable reply to the said SCN.

### 3.2. Pending litigations

The holding company's pending litigation comprises of claims against The holding company primarily by the customers and proceedings pending with Tax authorities. The holding company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed the contingent liabilities where applicable, in its financial statements. The holding company does not expect the outcome of these proceedings to have a material adverse effect on its financial statements at March 31, 2024. Refer note 3.1 for details on contingent liabilities.

In respect of litigations, where the management assessment of a financial outflow is probable, the holding company has made a provision of ₹ 1,218,562 thousand at March 31, 2024 (March 31, 2023: ₹ 1,077,754 thousand).

### 3.3. Actuarial method and assumptions

The actuarial liability in respect of both participating and non-participating policies is calculated using the gross premium method, using assumptions for interest, mortality, morbidity, expense and inflation and, in the case of participating policies, future bonuses together with allowance for taxation and allocation of profits to shareholders. These assumptions are determined as prudent estimates at the date of valuation including allowances for possible adverse deviations.

The liability for the unexpired portion of the risk for the non-unit liabilities of linked business and attached riders is the higher of the liability calculated using discounted cash flows and the unearned premium reserve.

An unexpired risk reserve and a reserve in respect of claims incurred but not reported is held for contracts wherein there is a possibility of lag in intimation of claims.

The unit liability in respect of linked business is the value of the units standing to the credit of policyholders, using the Net Asset Value ("NAV") prevailing at the valuation date.

A brief of the assumptions used in actuarial valuation is as below:

- The interest rates used for valuing the liabilities are in the range of 5.04% to 6.56% per annum. The interest rates used at March 31, 2023 were in the range of 4.99% to 6.58% per annum.

# Schedules

forming part of consolidated financial statements (continued)

- b) Mortality rates used are based on the published "Indian Assured Lives Mortality (2012 – 2014) Ult." mortality table for assurances and "Indian Individual Annuitant's Mortality Table (2012-15)" table for annuities adjusted to reflect expected experience. Morbidity rates used are based on CIBT 93 table, adjusted for expected experience, or on risk rates provided by reinsurers.
- c) Expenses are provided for at least at the current levels in respect of renewal expenses, with no allowance for any future improvement.
- d) Per policy renewal expenses are assumed to inflate at 4.91% per annum. The expense inflation assumption used at March 31, 2023 was 4.90%.
- e) The bonus rates for participating business to be declared in the future is consistent with the valuation assumptions.
- f) The tax rate applicable for valuation at March 31, 2024 is 14.56% per annum. The tax rate applicable for valuation at March 31, 2023 was 14.56% per annum.

Certain explicit additional provisions are made, which include the following:

- a) Reserves for additional expenses that The Holding Company may have to incur if it were to close to new business twelve months after the valuation date.
- b) Reserves for guarantees available to individual and group insurance policies.
- c) Reserves for cost of non-negative claw back additions.
- d) Reserves for free look option given to policyholders calculated using a free look cancellation rate of 2.00% as on March 31, 2024. The free look cancellation assumption used at March 31, 2023 was 2.30%.
- e) Reserves for lapsed policies eligible for revivals.
- f) An additional reserve is held for incurred but not reported claims.

### 3.4. Direct taxes

### (ii) Provident fund

Provident fund benefits are aimed at providing security to staff members and their dependents on retirement, disability or death. Both employee and the holding company contribute an equal percentage of the basic salary, a part of which is towards Government administered pension fund and balance portion is contributed to the fund administered by trustees. The provident fund is managed by ICICI Prudential Life Insurance Company Employees' Provident Fund Trust.

The minimum rate at which the annual interest is payable by the Trust to members is prescribed by the Government. The holding company has an obligation to make good the shortfall, if any, between the Government prescribed rate and actual return earned by the Provident fund.

## 3.10. Employee Stock Option Scheme (“ESOS”)

The holding company granted options to its employees under its Employees Stock Option Scheme, prior to listing, since approval of its Employees Stock Option Scheme – 2005. This pre-IPO Scheme shall be referred to as ‘ESOS 2005’ or ‘Scheme’. The Scheme had six tranches namely Founder, 2004-05, 2005-06, 2006-07, Founder II and 2007-08, pursuant to which shares had been allotted and listed in accordance with the in-principle approval extended by the stock exchanges. All six tranches under the pre-IPO Scheme stand lapsed as on March 31, 2024. The Scheme had been instituted vide approval of its Members at the Extra-Ordinary General Meeting (EGM) dated March 28, 2005 and had been subsequently amended by the Members of the Company vide its EGM dated February 24, 2015.

The Scheme was ratified and amended by the members of the holding company at its Annual General Meeting held on July 17, 2017 which is in compliance with the SEBI (Share Based Employee Benefits) Regulations, 2014 (referred to as the ‘Revised Scheme’).

The meeting of Board Nomination and Remuneration Committee (BNRC) and the Board held on April 24, 2019 had approved the amendment to the definition of “Exercise Period”. The revision to the definition was approved by the members of the holding company at its Annual General Meeting held on July 17, 2019.

Further, the meeting of BNRC and the Board held on April 17, 2021 and April 19, 2021 respectively had approved the increase in the limit of the number of shares issued or issuable since March 31, 2016 pursuant to the exercise of any Options granted to the Eligible Employees issued pursuant to the Revised Scheme or any other stock option scheme of the holding company, by 0.90% of the number of shares issued as on March 31, 2016, i.e. from a limit of 2.64% of the number of shares issued as on March 31, 2016 to 3.54%. The revision to the limit was approved by the members of the holding company at its Annual General Meeting held on June 25, 2021.

As per the Revised Scheme, the aggregate number of shares issued or issuable since March 31, 2016 pursuant to the exercise of any Options granted to the Eligible Employees issued pursuant to the Scheme or any other stock option scheme of the holding company, shall not exceed 3.54% of the number of shares issued at March 31, 2016. Further, pursuant to the Revised Scheme the maximum number of Options that can be granted to any Eligible Employee in a financial year shall not exceed 0.1% of the issued Shares of the holding company at the time of grant of Options. The Revised Scheme provides for a minimum period of one year between the grant of Options and vesting of Options. The exercise price shall be determined by the BNRC in concurrence with the Board of Directors of the holding company on the date the options are granted and shall be reflected in the award confirmation. Shares are allotted/issued to all those who have exercised their Options, as granted by the Board of the holding company and/or the BNRC in accordance with the criteria ascertained pursuant to the holding company’s Compensation policy.

The holding company granted options in seventeen more tranches under ESOS 2005 (Revised), namely 2017-18, 2018-19, 2018-19 special options, 2018-19 joining options, 2019-20, 2019-20 joining options, 2020-21, two tranches of 2020-21 joining options, 2021-22 three tranches of 2021-22 joining options, 2022-23, 2022-23 joining options, 2023-24, 2023-24 joining options.

The holding company follows intrinsic value method and hence there was no charge in the Revenue Account and the Profit and Loss Account on account of new grants during the year.

## 3.11. Foreign exchange gain/loss

Transactions in foreign currencies are recorded at exchange rate prevailing on the date of transaction. The exchange difference between the rate prevailing on the date of transaction and on the date of settlement is recognised as income or expense, as the case may be. The net foreign exchange fluctuation loss debited to the Revenue Account and the Profit and Loss Account for the year ended March 31, 2024 is ₹ 9,708 thousand (March 31, 2023: ₹ 8,721 thousand).

## 3.12. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of equity shares outstanding during the year are adjusted for effects of all dilutive equity shares.

## 3.15. Interest rate derivatives

In line with the requirement of IRDAI Investment Master circular, the holding company has put in place a derivative policy approved by the Board. The policy covers various aspects substantiating the hedge strategy to mitigate the interest rate risk, thereby managing the volatility of returns from future fixed income investments due to variations in market interest rates.

A) The holding company has during the period, as part of its hedging strategy, entered into Forward Rate Agreements (FRA) transactions to hedge the interest rate sensitivity for highly probable forecasted transactions as permitted by the IRDAI Investment Master Circular. The FRA derivative contracts are over-the-counter (OTC) transactions, agreeing to buy notional value of a debt security at a specified future date, at a price determined at the time of the contract with an objective to lock in the price of an interest bearing security at a future date.

## E) Disclosures on risk exposure in Interest rate derivatives:

- i. Interest rate derivative hedging instruments: Derivatives are financial instruments whose characteristics are derived from the underlying assets, or from interest and exchange rates or indices. Interest rate derivatives include forward rate agreements, interest rate swaps and interest rate futures. The holding company during the financial year has entered into forward rate agreement (FRA) derivative instrument to hedge exposure due to interest rate sensitivity for highly probable forecasted transactions. These hedges were entered only for hedging purpose to hedge the interest rate risk. This hedge is carried in accordance with its established policies, strategy, objective and applicable regulations.

# Schedules

forming part of consolidated financial statements (continued)

- ii. Derivative policy, process and hedge effectiveness assessment: The holding company has a well-defined Board approved derivative policy and standard operating procedures setting out the strategic objectives, regulatory and operational framework and risks associated with interest rate derivatives. The policy includes the risk measurement and monitoring, processes to be followed and controls thereon. The accounting treatment has been documented and ensures a process of periodic effectiveness assessment and accounting in accordance with applicable accounting standard issued by the Institute of Chartered Accountants of India (ICAI).

The holding company has clearly defined roles and responsibilities to ensure independence and accountability through the investment decision, trade execution, to settlement, accounting and periodic reporting and audit of the Interest rate derivative exposures. The overall policy, risk management framework for the Interest rate derivatives are monitored by the Board Risk Management Committee.

- iii. Scope and nature of risk identification, risk measurement, and risk monitoring: The derivative policy as approved by the Board identify risk associated with interest rate derivatives transactions and sets appropriate market risk limits such as stress testing and value-at-risk limits. Financial risks of the derivative portfolio are measured and monitored on periodic basis.

## F) Risk exposure in Forward Rate Agreement

A hedge is deemed effective, if it has a high statistical correlation between the change in value of the hedged item and the hedging instrument (FRA). Gains or losses arising from hedge ineffectiveness, if any, are recognised in the Revenue Account. The tenor of the hedging instrument may be less than or equal to the tenor of underlying hedged transaction.

# Embedded Value Results

This report on Embedded Value Results ("EV Results") as at March 31, 2024 has been prepared by the Company and the results presented in the report have been reviewed by Milliman Advisors LLP.

## 1 BASIS OF PREPARATION

The Embedded Value (EV) is a measure of the consolidated value of the shareholders' interest in the life insurance business. The EV Results have been prepared based on the Indian Embedded Value (IEV) methodology and principles as set out in Actuarial Practice Standard 10<sup>1</sup> (version 1.02) (APS10) issued by the Institute of Actuaries of India (IAI). As APS10 is applicable for the limited purpose of an Initial Public Offering (IPO), compliance with APS10 is limited to the methodology and principles used to develop the EV Results presented in this report. The EV methodology is broadly in line with the Market Consistent Embedded Value<sup>2</sup> (MCEV) principles used in Europe.

A detailed description of the EV methodology is provided in section 3.

### 3 METHODOLOGY

The EV consists of the two following components:

- Adjusted net worth (ANW), consisting of:
  - Free surplus (FS) allocated to the covered business; and
  - Required capital (RC).
- Value of in-force covered business (VIF).

#### 3.1 Covered business

The business covered under the EV Results (covered business) includes all business that has been written by the Company including the life assurance and pensions business, accident and health-insurance business and group business.

The business written by ICICI Prudential Pension Funds Management Co. Ltd., a subsidiary of ICICI Prudential which writes pensions fund management business, is not included as covered business. The value of ICICI Prudential Pension Funds Management Co. Ltd is reflected in ANW based on the value at which it is carried in the audited financial statements of the Company, which is ₹ 560.2 mn as at March 31, 2024.

#### 3.2 RC

RC is the value of assets attributed to the covered business over and above that which is required to back the liabilities for covered business, the distribution of which to shareholders is restricted.

The level of RC is set equal to the amount required to be held to meet supervisory requirements or otherwise encumbered by supervisory or legal restrictions that prevent its distribution. The amount of RC is presented from the shareholders' perspective and is net of the funds for future appropriation (FFAs) and the book value of subordinated debt, to the extent allowed by the regulations to meet the RC.

#### 3.3 FS

The FS is the market value of any assets allocated to, but not required to support, the in-force covered business as at the valuation date.

The FS has been determined as the adjusted net worth of the Company, less the RC as defined above. The adjusted net worth of the Company is calculated as the net shareholders' funds as per the audited financial statements, adjusted so as to revalue to market value those assets and those liabilities that are dependent on asset values, which are not at market value in the audited financial statements. The mark to market adjustment is net of tax applicable.

In respect of the subordinated debt capital raised by the Company through a private placement of non-convertible debentures (NCDs), the difference between the book value and the market value of liability associated with the NCDs is reflected in the FS.

The FFA, which comprises all funds which have not been explicitly allocated either to policyholders or to shareholders at the valuation date, is reported under policyholder funds. The shareholders have a 10% interest in the non-linked FFA accrued in respect of participating business. The value of the shareholders' interest in the FFA is included in the VIF, at its market value, and therefore does not form part of the ANW.

#### 3.4 VIF

The VIF represents the present value of the shareholders' interest in the earnings distributable from the assets allocated to the covered business after sufficient allowance for the aggregate risks in the business. The VIF consists of the following components:

- the present value of future profits (PVFP); adjusted for

- the time value of financial options and guarantees (TVFOG);
- the frictional costs of required capital (FC); and
- the cost of residual non-hedgeable risks (CRNHR).

**PVFP**

The PVFP is the present value of projected distributable profits to shareholders arising from the in-force covered business, determined by projecting the post taxation shareholder cash flows from the in-force covered business and the assets backing the associated liabilities. The distributable profits also include the release to shareholders of the amounts from the FFA. For one-year renewable group term business, any future profits arising from the expected renewals from existing members are included in the PVFP.

For products with reviewable rates and charges, the projection of future cash flows assumes that the rates and charges as at the valuation date remain unchanged.

The projection of future distributable profits arising from the covered business is carried out using best estimate non-economic assumptions and market consistent economic assumptions.

Distributable profits are determined by reference to liabilities determined in accordance with the statutory requirements for life insurance companies and relevant professional guidance issued by the IAI.

The Company holds 'global reserves' calculated outside of its actuarial models as at the valuation date. Wherever appropriate, the shareholders' interest in the assets backing such global reserves is calculated by assuming a suitable release pattern of such reserves.

**TVFOG**

The TVFOG reflects the value of the additional cost to shareholders that may arise from the embedded financial options and guarantees attaching to the covered business. The intrinsic value of such options and guarantees is reflected in the PVFP.

A stochastic approach is used to determine the TVFOG using methods and assumptions consistent with the underlying embedded value. The economic assumptions used in determining the TVFOG ensure that the projected cash flows are valued in line with the price of similar cash flows that are traded in the capital markets.

**FC**

The VIF includes an allowance for the FC of RC for the covered business. This FC represents investment management expenses and taxation costs associated with holding the RC. The investment costs have been reflected as an explicit deduction from the gross investment return.

**CRNHR**

The CRNHR is an allowance for risks to shareholder value to the extent that these are not already allowed for in the TVFOG or the PVFP. In particular, the CRNHR makes allowance for:

- asymmetries in the impact of the risks on shareholder value; and
- risks that are not allowed for in the TVFOG or the PVFP (e.g. operational risk).

The CRNHR reflects operational risk, catastrophe mortality/morbidity risk and mass lapsation risk. The CRNHR has been determined using a cost of capital approach. The CRNHR is the present value of a notional cost of capital charge levied on the projected capital in respect of the residual non-hedgeable risks. Allowance has been made for the benefit of diversification among the non-hedgeable risks, other than operational risk.

**3.5 New business and renewals**

The VIF includes the value attributable to shareholders considering the expected renewal premiums on the in-force business, including any foreseeable variations in the level of renewal premiums, but excludes any value relating to future new business (i.e. the new business that may be written after the applicable valuation date).

The VNB reflects the additional value to shareholders created through the activity of writing new business over the stated period ending on the valuation date, and includes the value from the expected renewal premiums on that new business.

The new business comprises both individual and group policies sold during the reporting period, including the expected renewal premiums and expected future contractual alterations to those contracts. It also includes the non-contractual single premium payments received during the reporting period. New business for one year renewable group term business and group micro business includes business from new members that have joined an existing scheme or a new scheme during the financial year, and the VNB includes the value arising from the renewal premiums expected from new members. The VNB is calculated in the same way as the VIF, with appropriate allowance for changes in the ANW during the reporting period. Incremental premiums received for group linked business are treated as new business.

The VNB is determined as at March 31, 2024 and takes into account acquisition commissions and acquisition expenses actually incurred in the full year to March 31, 2024. The VNB is computed without consideration of the intrinsic cost or benefit from the use of interest rate derivatives for hedging interest rate risk.

### 3.6 Analysis of movement of EV

A brief description of the various components is provided below

Components	Description
<b>Expected return on existing business</b>	(1) Expected investment income at opening reference rate on VIF and ANW; and (2) Expected excess 'real world' investment return over the opening reference rate on VIF and ANW.
<b>Operating assumption changes</b>	This is the impact of updating of non-economic assumptions, on both best estimate and statutory bases, to those adopted in the closing EV.
<b>VNB added during the period</b>	This is as described in section 3.5 above
<b>Operating experience variance</b>	The variance arising from discontinuance and mortality / morbidity is analysed at a policy level, by considering the actual change in the policy status from the opening EV to the closing EV dates. The operating experience variance captures the difference between the actual and expected experience and is calculated in the following order: <ol style="list-style-type: none"> <li>Discontinuance rates</li> <li>Mortality / morbidity rates</li> <li>Expenses</li> </ol>
<b>Economic assumption changes and investment variance</b>	Economic assumption changes reflect the update of the reference rate yield curve, inflation and valuation economic assumptions from opening EV to closing EV. The investment variance is the difference between the actual investment return and the expected 'real world' rates for existing business as at March 31, 2023 and the closing and opening reference rates (the reference rates at the end of each month during which the new business is sold) for new business written during FY2024.
<b>Capital contributions / (dividends paid out)</b>	These are the actual capital infusions / dividends paid out to the shareholders, including the dividend distribution tax incurred (if any) during the period.

### 3.7 Sensitivities

Sensitivity analyses are carried out for one parameter at a time and do not include changes in other parameters not explicitly mentioned as part of the sensitivity.

The key assumption changes represented by each of the sensitivities and their impact on EV and VNB are provided in section 2.

## 4 ASSUMPTIONS

The projections of future shareholder cash flows expected to emerge from covered in-force and new business have been determined using best estimate assumptions. These assumptions (both economic and non-economic) are reviewed annually and have been updated as appropriate.

### 4.1 Economic assumptions

Investment returns and discount rates used in the calculation of opening and closing EV are based on reference rates at March 31, 2023 and March 31, 2024 respectively. The PVFP before TVFOG is calculated assuming that assets earn,

before tax and investment management expenses, the reference rates assumed, and by discounting all cash flows using the reference rates assumed which are gross of tax and investment management expenses. The reference rates are derived from the zero coupon yield curve as published on the Clearing Corporation of India Limited<sup>3</sup> website, by adjusting the published yields so that they derive the market value of the Company's government bond portfolio. The reference rates assumed in the calculation of EV are set out below:

Tenor (years)	Reference rate (one year forward rates)	
	March 31, 2023	March 31, 2024
1	7.23%	7.18%
5	7.49%	7.28%
10	7.56%	7.24%
15	7.65%	7.26%
20	7.70%	7.31%
25	7.73%	7.36%
30	7.74%	7.40%

Investment returns and discount rates used in the calculation of VNB are based on the CCIL published yield curves for each month of sale of new business, adjusted so that they derive the then market value of the Company's government bond portfolio.

### 4.2 Non-economic assumptions

#### Demographic assumptions

The best estimate assumptions for persistency, mortality and morbidity have been derived based on the Company's own experience. An allowance for future improvements in respect of mortality has been made for annuities.

#### Commission and Expense assumptions

The expense assumptions have been derived based on the Company's actual expenses during FY2024 with no anticipation of productivity gains or cost efficiencies. The fixed renewal expenses are inflated from FY2025 onwards using the best estimate inflation rate assumed.

The commission rates under different products are based on the actual commission payable (if any) to the distributors.

#### Tax rates

In determining the EV Results, allowance has been made for future taxation costs expected to be incurred by the Company. This includes both corporate taxes and Goods and Services Tax ("GST").

The taxation costs reflected in the EV Results make an allowance for the fact that the Company is allowed to reduce its taxable income by dividend income earned, subject to a maximum of the dividend declared and distributed<sup>4</sup>.

## Re: Milliman's opinion on the Embedded Value results as at 31 March 2024 ("Opinion")

Dear Members of the Board

### INTRODUCTION

ICICI Prudential Life Insurance Company Limited ('ICICI Prudential', 'the Company') has prepared embedded value calculations following the methodology and principles set out in the Actuarial Practice Standard 10 (version 1.02) ("APS10") issued by the Institute of Actuaries of India. These calculations consist of the following (together referred to as the "Results"):

- Indian Embedded Value ("IEV") as at 31 March 2024;
- the value of one year of new business ("VNB") for new business sold during the year ending 31 March 2024;
- an analysis of the movement of IEV from 31 March 2023 to 31 March 2024; and
- various sensitivity results on the IEV as at 31 March 2024 and the VNB for business sold during the year ending 31 March 2024.

The Results, along with the methodology and assumptions that have been used to prepare the Results, have been summarised by the Company in the Annual Report ("Report") that accompany this Opinion.

### SCOPE OF SERVICES

Milliman Advisors LLP ('Milliman', 'we', 'us', 'our') has been engaged by ICICI Prudential Life Insurance Company Limited ('ICICI Prudential', 'the Company') to carry out a review and certification of the Results. Our scope of work includes the following:

- a review of the methodology and assumptions used by the Company in developing the Results for compliance with the relevant principles set out in APS10;

- a review of the Company's actuarial models (covering the calculation of IEV, VNB, analysis of movement and sensitivity results) used to develop the Results for a selection of model points covering the more material products comprising the value of in-force business ("VIF") and VNB; and
- a detailed review of the aggregation templates used by the Company to develop the Results, which also included a review of the process used to conduct the analysis of movement of IEV and various sensitivity analyses.

### OPINION

Based on the work carried out and subject to the reliances and limitations mentioned below, I am of the opinion that the Results have been developed in all material respects in accordance with the methodology and principles set out in APS10. In particular:

- the methodology used to develop the Results is reasonable and in line with APS10;
- the assumptions (economic and non-economic) used to develop the Results have been developed materially in line with the requirements of APS10, using the Company's operating experience (for non-economic assumptions), and are reasonable;
- the Results have been prepared materially in accordance with the methodology and assumptions described in the Report, and with the accounting information presented in the financial statements;
- the Results have been prepared materially in accordance with the requirements of APS10.

## RELIANCES AND LIMITATIONS

This Opinion has been prepared solely for use by ICICI Prudential for inclusion in the Report for the year ending 31 March 2024. It should not be relied upon for any other purpose. Milliman does not intend to create a legal duty to any third party recipient of its work.

We have relied on information supplied by the management and staff of ICICI Prudential. Reliance was placed on, but not limited to, the general accuracy of all the information provided to us.

We have obtained a management representation letter from ICICI Prudential, stating that, to the best of ICICI Prudential's knowledge, the data and information provided to us is accurate and complete and that there are no material inaccuracies or omissions therein. To the extent that there are material inaccuracies or omissions in the information received, this Opinion may be rendered invalid.

An actuarial assessment of the components of value of a life insurance company will not necessarily be consistent with the value of a life insurance company or a portfolio in the open market and should not be interpreted in that manner.

The Results are based on a series of assumptions as to future operating experience. It should be recognised that actual experience will differ from these assumptions on account of changes in the operating and economic environment and natural variations in experience. To the extent that actual experience is different from the

assumptions, the future projected profits from which the Results are derived will also differ. The Report includes various sensitivity results to illustrate how vulnerable the IEV and VNB results are to changes in assumptions for the key risks. The Results shown are presented at the valuation dates stated and no warranty is given by Milliman that future experience after these valuation dates will be in line with the assumptions made.

Milliman is not a tax expert and is not able to provide tax or accounting advice. Accordingly, it is acknowledged that no reliance will be placed on Milliman, its Partners, or employees with respect to any tax or accounting issue. The allowance for taxation reflected in the Results is based on the Company's interpretation of applicable tax regulations. The Results do not reflect any allowance for withholding or other taxes (if any) that may apply to the payment of future shareholder dividends or on remittances out of India.

The Results have been determined on a going concern basis, and assume a stable economic, legal and regulatory environment going forward. Any change in the general operating environment would add a high degree of uncertainty to the Results.

Unless explicitly stated, the Results do not consider any external (including regulatory) developments after the valuation date of 31 March 2024.

Yours faithfully,

**Richard Holloway FIAI**

## 26. Overview of the Company's material responsible business conduct issues:

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to the Company's business, rationale for identifying the same, approach to adapt or mitigate the risk, as per the following format:

Sr. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (positive/negative implications)
1	Affordable protection (Social)	Opportunity	We are in the business of life insurance, a unique financial planning tool that directly provides families with financial protection in the event of exigencies like death or adverse health conditions. Along with life cover, life insurance products enable families to save and invest to build a financial safety-net to secure their family's financial future and thereby enable them to achieve their long-term financial goals and fulfil their dreams and aspirations. Life insurance is a key imperative for all citizens, and it is our endeavour to ensure that every Indian family has adequate financial protection while, also accomplishing our wider responsibilities to the society and the environment.	Not applicable	<b>Positive:</b> We have specially designed micro-insurance products, for socially and economically weaker sections of society. This enables us to serve underprivileged customers and underserved markets and thereby enhance coverage of households and life insurance penetration in the country.

7. Statement by director responsible for the business responsibility and sustainability report, highlighting ESG-related challenges, targets and achievements:

Sustainability principles are integrated in our business activities and have guided our vision to build an enduring institution that serves the protection and long-term saving needs of customers. Integral to our business, our sustainability framework is structured on the three principles of Environmental - initiatives & offerings that reduce our carbon footprint; Social - responsible conduct towards all stakeholders along with product and service offerings that benefits the society especially the marginalised sections of society; and Governance - transparent practices that promote trust amongst all our stakeholders.

We believe that in the backdrop of the prevailing social security framework in India, life insurance is an imperative as a financial tool to protect the financial future of citizens. Being in the business of life insurance, we offer unique financial planning opportunities for families to supplement their savings and achieve long term financial goals. We are committed to fulfilling our responsibility to the society and the environment and we have endeavoured to ensure that Indian families have access to adequate financial protection.

**LEADERSHIP INDICATORS**

**1. Awareness programmes conducted for value chain partners on any of the Principles during the financial year.**

NIL.

**2. Does the Company have processes in place to avoid/manage conflict of interests involving members of the Board?**

The Company has adopted a Framework for managing Conflict of Interest which articulates several measures taken by the Company in ensuring that conflict of interest is handled in an appropriate manner, at the individual employee level, at the level of Board of Directors and at the Company level. The following four principles govern the Framework for managing Conflict of Interest:

- a) Protection of customer’s interests
- b) Transparency and accountability
- c) Promoting institutional and individual/personal responsibility
- d) Organisational culture

## PRINCIPLE 2: BUSINESSES SHOULD PROVIDE GOODS AND SERVICES IN A MANNER THAT IS SUSTAINABLE AND SAFE.

### ESSENTIAL INDICATORS

- 1. Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impact of product and processes to total R&D and capex investments made by the Company.**

Considering the Company's nature of business, R&D outlay and capital expenditure were primarily to investments in information technology. Accordingly, investments were made by way of addition to capital assets in the form of IT infrastructure like equipment, software and communication networks to give impetus to the Company's digital initiatives. The share of investments in R&D and capex on account of information technology was 51.6% (89.4% in FY2023) of total addition to fixed assets by the Company.

- 2. Does the Company have procedures in place for sustainable sourcing? If yes, what percentage of inputs were sourced sustainably?**

The nature of the Company's business is to provide insurance and pension. Therefore, consumption of resources is limited to running its operations.

- 3. The processes in place to safely reclaim the Company's products for reusing, recycling and disposing at the end of life for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.**

As a financial services Company, whilst there is limited scope for using recycled material as inputs for various business processes, the Company continually seeks out opportunities to recycle waste. E-waste such as computers, printers, switches, scanners have been the primary e-waste generated in the Company. Nearly 108,121 kgs of e-waste generated has been disposed through authorised recyclers since FY2020 and 56,568 kgs in FY2024. Re-cycling certificates have been received from selected government authorised e-waste vendors.

The Company has e-waste collection bins at 50 branches pan India for employees and visitors to deposit their e-waste so it can be disposed through certified E-waste vendors.

The Company has taken multiple initiatives for minimising usage of single-use plastic water bottles, which have been replaced with reusable water jars and glasses, across our offices. The Company has also replaced plastic garbage bags with bio-degradable bags and plastic dustbins with steel ones. Re-usable plates are used at the cafeteria in the corporate and back office which house the largest number of employees to promote sustainability.

- 4. Whether Extended Producer Responsibility (EPR) is applicable to the Company's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.**

Not applicable.

## LEADERSHIP INDICATORS

- 1. Has the Company conducted Life Cycle Perspective/Assessments (LCA) for its services? If yes, provide the details.**  
 No, the Company has not conducted any LCA for its services.
- 2. If there is any significant social or environmental concerns and/or risks arising from production or disposal of products / services, as identified in the Life Cycle Perspective / Assessments (LCA) or through any other means, along-with action taken for mitigation.**

All employees of the Company undergo an annual performance appraisal process as determined by the Company. The Company has an established performance and talent management framework. The objectives of this framework are three-fold: a) To ensure alignment to the Company's Key Performance Indicators (KPIs) as set out by the Board and ensure clarity of purpose across levels b) To create a talent pipeline by nurturing high potential talent c) To enable differentiated rewards and capability development to help ring fence talent for the future. The Company has a structured performance management process aligned to the Company KPIs as set out by the Board. These are then cascaded in the form of functional KPIs and further as individual KPIs based on the nature of role and responsibilities.

The Company has a well-defined succession planning process to facilitate the development and career planning of high potential talent, mitigate vacancy risk arising from attrition and ensure business continuity. A framework is in place for identifying key roles and measuring the depth of leadership cover for each role by identifying successors who can move to the role either immediately or over a period of time or by restructuring the role to mitigate vacancy risk and ensure business continuity, where successors are not immediately available to fill the vacancy. Based on the number of successors identified, their readiness to move to the next level role and the feasibility of conducting restructuring in the event of the role holder's exit, a score called the Leadership Cover Index (LCI) is derived for each key role. An annual exercise is carried out to identify the LCI for each key role along with the talent development actions, and is reviewed annually by the Board Nomination & Remuneration Committee.

## 10. Health and safety management system

### a. Whether an occupational health and safety management system has been implemented by the Company (Yes/No). If yes, the coverage of such system?

The Company has stringent guidelines to ensure safety of its employees and property. These include policies on fire safety that cover rules pertaining to fire-fighting equipment, emergency exits, floor marshals for each office, fire drills and other safety parameters for office maintenance and a process for regular certification on all parameters for each office. Adherence to the Health, Safety & Environment guidelines is confirmed by branches monthly and is regularly reviewed internally. There are periodic checks on electrical and fire safety parameters by an external agency and the issues highlighted are rectified immediately. To provide a safe, secure, and supportive work environment, the Company has put in place a holistic well-being framework for employees focusing on physical, mental, and financial well-being. Various initiatives are undertaken around the three-pronged approach that involves building awareness, instituting enabling policies and facilitating habit formation.

### Building awareness

Well-being webinars on various topics were delivered through a tie-up with service providers and in-house subject matter experts to build awareness around critical illnesses, such as heart related diseases, cancer, diabetes, women-centric health themes etc. The well-being webinars were conducted on World Diabetes Day, International Women’s Day etc. The webinars also highlighted the importance of preventive measures to enable healthy living habits. In addition, mental health awareness was strengthened through a webinar on World mental health day. Life stage-based financial needs was also a key theme for building awareness and financial literacy amongst employees, with topics of personal budgeting, saving strategies, benefits of compounding and retirement planning being covered during the year.

### Enabling policies

Various policies are in place to encourage employees to focus on their health and well-being in a proactive manner. Medical tele-consultation is available for employees and their families through a panel of doctors. In addition, an employee assistance program, in tie up with a service provider, is in place to facilitate mental health conversations with qualified professionals. Nudges to employees were enabled around these policies on the occasions of World Heart Day, World Diabetes Day, and World Cancer Day. In addition, the Company has adopted policies on employee benefits for protection of health and well-being such as Group term insurance and personal accident insurance. The Company encourages employees to take on additional health insurance coverage for self and family through a service provider at discounted rates. All employees and their immediate families are eligible for hospitalisation coverage and annual health check-up based on age and tenure criteria.

### Facilitating habit formation

The Company facilitated the formation of healthy living habits as part of employees’ daily lives, through specific initiatives in FY2024. On World No Tobacco Day, the #CommitToQuit campaign was launched to encourage employees to take a pledge to quit smoking. The campaign not only communicated the ill effects of smoking, but also inspired smokers to quit smoking through the sharing of stories by other employees who had stopped smoking. Multiple webinars were conducted for the employees who had signed up for the campaign to provide adequate knowledge & encouragement over a period of three months to facilitate their journey.

On World Heart Day, a step tracking program ‘StayFit’ was launched. This step tracker was made available to employees on the Company’s employee self-service app ATOM. This campaign encouraged employees to be more physically active, leading to improved health and well-being.

The Company has several board approved policies and internal guidelines to redress grievances related to human rights issues.

With regard to internal mechanisms centered around the policies, the Company has constituted the Governance team as a part of the Human Resources function to ensure that all employee related grievances are suitably investigated and action is taken as per due process stipulated in the Employee Service Rules. Employees are encouraged to register any grievance that they may have against any employee, agent, partner and customer or report any breach of the Code or any of the Company policies.

The Company has instituted “egov” portal on the Company’s intranet for employees to record and register their grievance. The egov portal serves as the repository of all relevant information pertaining to each grievance and for purpose of monitoring and tracking of all grievances for timely resolution. Employees may also write their grievance over email to [employeeassist@iciciprulife.com](mailto:employeeassist@iciciprulife.com) or raise their grievance through their line hierarchy or Human Resources. Anonymous grievances are also recorded in the egov portal. On receipt of the grievance, the Governance team examines the nature and type of the grievance and accordingly, classifies the same under five categories – Fraud, Behavior, Other Code violation, Policy or Process violation and Sexual Harassment. For grievances pertaining to sexual harassment, the Internal Complaints Committee (ICC) is constituted in line with the provisions of The Sexual Harassment of Women at Workplace (Prevention, Prohibition & Redressal) Act, 2013 to investigate the case.

The Company has a Board approved Grievance redressal policy for customers that includes the redressal framework for ensuring prompt and effective resolution of grievances. The service recovery team is responsible for investigating, evaluating and deciding on the resolution of grievances. The service recovery team operates as an independent central grievance redressal unit to ensure that the resolution provided for each and every grievance is done in a fair and impartial manner. The Company offers multiple channels to report grievances such as branches, e-mail/letter, website/mobile app, contact centre, sourcing intermediary and social media. The Company’s approach to grievance resolution includes a thorough review of the profile and concerns of the customer, the product offered, fact-finding and evidence gathering both from the customer and sourcing intermediary (as maybe applicable). The Company aims to offer the best possible solution to the customer after taking into account the findings of the investigation and extant policies, rules and guidelines. In case of dissatisfaction with the resolution, the customer has the option to escalate to the next level for redressal.

Complaints on POSH upheld	6	4

**8. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.**

The Company's employee promise is built on the cornerstones of fairness and meritocracy, learning and growth and providing a supportive environment. The essence of fairness and meritocracy constitutes strict adherence to a rules-based policy framework that is non-discriminatory and offers equal opportunity to all individuals irrespective of their gender, religion, caste, race, age, community, physical ability or sexual orientation. The Company endeavours to ensure a safe, secure and congenial work environment, so that employees can deliver their best without inhibition. The Company has put in place a robust grievance redressal process for investigation of employee concerns pertaining to workplace harassment and sexual harassment and has instituted a code of conduct, employee service rules and The Prevention of Sexual Harassment at the Workplace policy that clearly delineates employee responsibilities and acceptable employee conduct. Together, these constitute the foundation for promotion of a diverse and inclusive culture at the workplace.

The Prevention of Sexual Harassment at the Workplace policy includes guidelines to prevent adverse consequences to complainants:

- a) Any concerns can be expressed or reported without any fear of retaliation. The Internal Complaints Committee maintains confidentiality of the identity of involved parties.
- b) Privacy during Committee meetings are ensured to maintain confidentiality.
- c) In addition, the option to change the current location of posting and/or avail of leave during the interim period until the investigation is completed is provided to the complainant.

## PRINCIPLE 9: BUSINESSES SHOULD ENGAGE WITH AND PROVIDE VALUE TO THEIR CONSUMERS IN A RESPONSIBLE MANNER

### ESSENTIAL INDICATORS

#### 1. Describe the mechanisms in place to receive and respond to consumer complaints and feedback

The grievance redressal policy for customers includes a redressal framework to ensure prompt and effective resolution of grievances. Our service recovery team, which is an independent central grievance redressal team, is responsible for investigation and evaluation of the grievance as well as taking the decision for resolution, in a fair and impartial manner. We offer multiple channels to report grievances such as branch, e-mail, letter, website, mobile application, contact centre, sourcing intermediaries and social media. Our process to manage a customer's grievance includes a thorough review of the customer's concern and investigation through fact-finding and evidence. We offer the best possible solution after a review of the customer's profile and product offered after taking feedback from the sourcing intermediary (as applicable). If a customer is not satisfied with the resolution, he or she can escalate it to our Company touchpoint (level 01), Grievances Redressal Officer (level 02) and Grievances Redressal Committee (level 03).

External avenues such as the Ombudsman office and the IRDAI are also available to the policyholder, details of which are made available on the Company website and in the policy document.

The Company has a digital grievance management platform to upload, respond and monitor disposal of customer grievances.

The process of complaint redressal from grievance registration to resolution is as follows:

#### Registration of Complaint

The Company's digital complaint management platform collates the complaints received through emails, website or social media. The complaints are registered with the service recovery team, which is an independent central grievance redressal (GR) team. Complaints received through the IRDAI or National Consumer Helpline are also directed to the GR team.

#### Complaint acknowledgement

On registration of a complaint, an acknowledgement is sent to the customer informing that the complaint is being investigated and assuring that a response shall be provided within the regulatory turnaround time.

#### Assignment of Complaint

The GR team investigates the facts and the evidence. Depending on the complaint, the GR team also directs the complaint to the department concerned as part of its investigation efforts. Response received by the department is then evaluated.

#### Complaint Evaluation

The facts of the case are noted and the area of concern is reviewed. All complaints are handled by the GR team to ensure a prompt, fair and an effective resolution. The team analyses the problem and assesses the root cause of the conflict. The team takes a decision for the resolution of the complaint. Feedback is also provided to the relevant department to ensure that the same problem does not recur.

#### Resolution

The customer is informed of the decision by the GR team and the steps for resolution. If a customer is not satisfied with the resolution, they can escalate the issue to the Grievances Redressal Officer and beyond that to the Grievances Redressal Committee.

The GR team monitors the redressal of all complaints and the quality of response provided to the customer. It also monitors pendency and regularly shares its analysis with the Company. The summary of grievances are reviewed by the Board Customer Service and Policyholders' Protection Committee and reported to the Board of Directors of the Company.

**4. Details of instances of product recalls on account of safety issues.**

NIL.

**5. Does the Company have a framework/policy on cyber security and risks related to data privacy along with the web-link of the Policy.**

Yes, the Company has an information and cyber security framework that ensures all information assets are safeguarded by establishing policy and comprehensive management processes throughout the organisation so that customer and business information is protected adequately through appropriate controls and proactive measures.

The Information and cyber security policy has been approved by the Board and the Company has put in place an internal governance committee to review the information and cyber security programme. The policy is available to internal stakeholders on the Company's intranet.

The Company's internal governance body, the Information and Security Risk Management Committee (ICRMC), oversees and guides the implementation of suitable controls. The ICRMC reports to the Executive Risk Committee (ERC). Updates on Information Security related matters are also discussed at the Board Risk Management Committee every quarter and the Committee's guidance is sought, in this regard.

The controls include deployment of security solutions like firewall, intrusion prevention system, anti-malware solutions, end point detection and response (EDR) and data loss prevention. A programme for vulnerability assessment of critical information technology applications and infrastructure has been put in place, to proactively identify issues and address it timely. Further, monitoring mechanism, has been put in place to monitor cyber security events. This helps the Company to detect and speedily respond to any threats to its network, application and infrastructure.

The Company has a privacy policy in accordance with Information technology (Reasonable security practices and procedures and sensitive personal data or information) Rules, 2011. The policy provides the Company's commitment to privacy throughout the life-cycle of the information from collection, processing, sharing, retention and destruction, by taking reasonable steps to protect the confidentiality of the Personal Information provided and protect it from unauthorised access or alteration, disclosure or destruction. Privacy policy is hosted on Company's website (Link: <https://www.icicprulife.com/privacy-policy.html>)

**6. Provide details of any corrective actions taken or underway on issues relating to advertising and delivery of essential services; cyber security and data privacy of customers; re-occurrence of instances of product recalls; penalty/action taken by regulatory authorities on safety of products/ services.**

In this regard, no material corrective action is required to be taken by the Company other than for mitigation of customer grievances related to potential mis-selling, as indicated below:

- Persistency as one of the key factors in determining the performance of the agent
- The Company conducts intensive training programmes through which its frontline sales force and partners are provided different types of training including customer need analysis. Most product training modules also identify the target customer segment for each product which helps the sales teams to sell the right product
- Product suitability is conducted at the time of sale to ensure that the policyholder is offered the appropriate plan.
- In cases of Bancassurance business, products are recommended to customers based on their risk profile as mandated by banking regulations.
- Channel bases verification through phone call or digital mode is done prior to policy issuance.
- Various controls at the policy on-boarding stage have been introduced over the years at the Company level. These safety mechanisms shift from physical application forms to digital forms, digital customer declaration consent, capturing of customer contact details at the on-boarding stage, data pre-population, KYC verification through credit bureaus and partner integration have all helped to ensure smooth on-boarding of customers.
- Policyholders are kept proactively updated on key policy details through SMS/email throughout the policy life cycle.
- The Company updates the policy status of the policyholders through SMS at all relevant milestones on receipt of the proposal form, intimation on issuance of policy and dispatch of the policy document.
- The Company communicates key features of the policy through a key feature document (KFD) sent along with the policy document. This communication highlights the key features of the product, including product type, premium amount, premium paying term and policy term.
- The Company engages and sensitises intermediaries on instances of mis-selling and has discontinued its business with broker channels having a high incidence of mis-selling complaints. Within certain sales channels, only specific products (specially designed micro insurance products, targeting socially and economically weaker sections) are offered to customers belonging to vulnerable segments.

## LEADERSHIP INDICATORS

### 1. Channels / platforms where information on products and services of the Company can be accessed (provide web link, if available).

Information relating to all the products and services provided by the Company are available on the Company's website, [www.iciciprulife.com](http://www.iciciprulife.com). In addition, the Company actively uses various social media and digital platforms to disseminate information on its products and services.

### 2. Steps taken to inform and educate consumers about safe and responsible usage of products and/or services.

Quarterly communication is sent to active customers to educate them on spurious calls even though the spurious call disclaimer forms part of all our customer communications. Communication promoting in-house digital platforms that provide various customer services is sent to customers periodically.

### 3. Mechanisms in place to inform consumers of any risk of disruption/discontinuation of essential services.

The Company has in place a communication mechanism to inform customers in advance about relocation of branch or branch closure along with details of the alternate servicing branch.

In case of any natural calamity, communication is sent to customers informing them of assistance with claim processing that also promotes various touch points to enable faster and hassle-free processing of claims in a multilingual format.

Details about non-payment of premiums are mentioned under policy terms and conditions.

### 4. Does the Company display product information about the product over and above what is mandated as per local laws? If yes, provide details in brief. Did the Company carry out any survey on consumer satisfaction relating to the major products/services of the Company, significant locations of operation of the Company or the Company as a whole?

To continuously improve the quality of insurance products and services delivered to its customers thus resulting in a highly recommended and trusted brand, the company has in place a robust framework for managing customer experience. This framework involves a holistic measurement system which not only captures customer satisfaction through CSAT studies but also measures how many customers are likely to recommend the brand to others, by conducting regular Net Promoter Score (NPS) surveys after experiences such as purchasing a new insurance policy or making a claim. The Company on a continuous basis captures the experience of customers buying a new life insurance policy or transacting across various touch points and policy lifecycle milestones. As part of this exercise, once the customer's transaction is completed, feedback is solicited using multiple mechanisms such as out-calling, e-mail, SMS, IVR, pop-up on the logout page of the secured website, mobile application and on chatbot. In addition, the functions and function owners of various processes listen to the customer feedback calls. A rigorous internal process ensures that insights generated from the measurements and call listening sessions are reviewed across multiple levels within the organization and translated into actions such as process and system improvements, for enhancing various facets of customer experience.

- Our reasonable assurance engagement is with respect to the financial year ended 31 March 2024 information only unless otherwise stated and we have not performed any procedures with respect to earlier periods or any other elements included in the BRSR and therefore, do not express any opinion thereon.

### Criteria

- The criteria used by the Company to prepare the Identified Sustainability Information is issued under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("LODR Regulations") read with SEBI circular SEBI/HO/CFD/CFD-SEC-2/P/CIR/2023/122 dated 12 July 2023 ("SEBI Circular"), and the Guidance note for BRSR read with National Guidelines for Responsible Business Conduct Issued by Ministry of Corporate Affairs ("BRSR Framework")

### Management's Responsibility

- The Company's management is responsible for selecting or establishing suitable criteria for preparing the Identified Sustainability Information, taking into account applicable laws and regulations, if any, related to reporting on the Identified Sustainability Information, identification of key aspects, engagement with stakeholders, content, preparation and presentation of the Identified Sustainability Information in accordance with the Criteria. This responsibility includes design, implementation and maintenance of internal control relevant to the preparation of the BRSR and the measurement of the Identified Sustainability Information, which is free from material misstatement, whether due to fraud or error.

### Inherent limitations

- The absence of a significant body of established practice on which to draw to evaluate and measure non-financial information allows for different, but acceptable, measures and measurement techniques and can affect comparability between entities.

### Auditor's Independence and Quality Control

- We are independent of the Company and have fulfilled our other ethical responsibilities in accordance with the requirements of the International Code of Ethics for Professional Accountants issued by the International Ethics Standards Board for Accountants (the 'IESBA Code') and have the required competencies and experience to conduct this assurance engagement.
- Our firm applies International Standards on Quality Management ('ISQM') 1 - Quality Management for Firms that Perform Audits or Reviews of Financial Statements, or Other Assurance or Related Services Engagements and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

## Auditor's Responsibility

10. Our responsibility is to express a reasonable assurance in the form of a opinion on the Identified Sustainability Information based on the procedures we have performed and evidence we have obtained. We conducted our reasonable assurance engagement in accordance with the International Standard on Assurance Engagements ('ISAE') 3000 (Revised) – Assurance Engagements other than Audits or Reviews of Historical Financial Information ('ISAE 3000 (Revised)') issued by the International Auditing and Assurance Standards Board ("IAASB").

The standard requires that we plan and perform our engagement to obtain reasonable assurance about whether the Identified Sustainability Information are prepared, in all material respects, in accordance with the Criteria. A reasonable assurance engagement involves assessing the suitability in the circumstances of the Company's use of the Criteria as the basis for the preparation of the Identified Sustainability Information, assessing the risks of material misstatement of the Identified Sustainability Information whether due to fraud or error, responding to the assessed risks as necessary in the circumstances and evaluating the overall presentation of the Identified Sustainability Information.

11. The procedures we performed were based on our professional judgment and included inquiries, observation of processes performed, inspection of documents, evaluating the appropriateness of quantification methods and reporting policies, analytical procedures and agreeing or reconciling with underlying records.

12. Given the circumstances of the engagement, in performing the procedures listed above, our work procedures included the following:

- Discussions at the corporate office for data and document verification;
- Interviews with senior executives to understand the reporting process, governance, systems and controls in place during the reporting period.
- Review of the records and relevant documentation including information from audited financial statements or statutory reports submitted by the Company to support relevant performance disclosures within our scope.
- Evaluation of the suitability and application of Criteria and that the Criteria have been applied appropriately to the subject matter.
- Selection of key parameters and representative sampling, based on statistical audit sampling tables and agreeing claims to source information to check accuracy and completeness of claims such as source data, meter data, etc.
- Re-performing calculations to check accuracy of claims,
- Review of data from independent sources, wherever available,
- Review of data, information about sustainability performance indicators and statements in the report.
- Review and verification of information/ data as per the BRSR framework;
- Review of the accuracy, transparency and completeness of the information/ data provided;

## Exclusions

13. Our reasonable assurance engagement scope excludes the following and therefore we do not express an opinion on the same:

- Any disclosure other than those mentioned in the Identified Sustainability Information section above;
- Data and information outside the defined reporting period.
- Data related to Company's financial performance, strategy and other related linkages expressed in the Report.
- The Company's statements that describe expression of opinion, belief, aspiration, expectation, forward looking statements provided by the Company and assertions related to Intellectual Property Rights and other competitive issues.
- Mapping of the Report with reporting frameworks other than those mentioned in Reporting Criteria above.

While we considered the effectiveness of management's internal controls when determining the nature and extent of our procedures, our assurance engagement was not designed to provide assurance on internal controls.

The procedures did not include testing controls or performing procedures relating to checking aggregation or calculation of data within IT systems.

Net profit after tax divided by weighted average number of shares attributable to equity Shareholders outstanding during the year/period.

## BONUS (PARTICIPATING POLICIES)

Policyholders are entitled to a share of the surpluses that arise in the participating fund out of a valuation of the assets and liabilities. This share of surplus is typically distributed as bonus to eligible policyholders.

## CREDIT RISK

Risk arising out of partial default, full default, or delayed payments from counterparties.

## COST OF RESIDUAL NON-HEDGEABLE RISKS (CRNHR)

An allowance for risks to Shareholder value to the extent that these are not already allowed for in the Time Value of Financial Options and Guarantees (TVFOG) or the present value of future profits.

## DISCONTINUED POLICY FUND/FUNDS FOR DISCONTINUED POLICIES

A segregated fund of the insurer that is set aside and is constituted by the fund value of all discontinued policies determined in accordance with the Insurance Regulatory and Development Authority of India (IRDAI) (Linked Insurance Products) Regulations, 2013.

## EMBEDDED VALUE (EV)

The measure of the consolidated value of Shareholders' interest in the life insurance business. It is calculated as the sum of the Company's Adjusted Net Worth (ANW) and the Value of In-force business (VIF).

## EMBEDDED VALUE OPERATING PROFIT (EVOP)

Embedded Value Operating Profit is a measure of the increase in the EV during any given period due to matters that can be influenced by management. It excludes changes in the EV due to external factors like changes in economic variables and Shareholder-related actions like capital injection or dividend pay-outs.

### EXPENSE RATIO OR COST RATIO

Total expenses including commission, provision for doubtful debts and bad debts written off divided by Total Weighted Received Premium (TWRP). Please also see "TWRP".

### FAIR VALUE CHANGE ACCOUNT

Unrealised gains/losses arising due to changes in the fair value of investment assets including listed equity shares, mutual funds and property.

### FUNDS FOR FUTURE APPROPRIATION (FFA)

Funds which have not been explicitly allocated either to policyholders or to Shareholders at the valuation date.

### GRIEVANCE RATIO

Number of grievances per 10,000 new business policies issued (retail). A low grievance ratio indicates higher customer satisfaction.

### IN-FORCE

An insurance policy or contract, reflected on records, that has not expired, matured or otherwise been surrendered or terminated.

### INSURANCE PENETRATION

Insurance premium as % of Gross Domestic Product (GDP).

### INSURANCE UNDERWRITING

The process by which an insurance company determines whether or not and on what basis it will accept an application for insurance.

### INVESTMENT ASSETS

All investments made out of Shareholders funds representing solvency margin, non-unit reserves of unit linked insurance business, participating and non-participating funds of policyholders; policyholders' funds of pension and general annuity fund at their carrying value; and policyholders unit reserves of unit linked insurance business at their market value.

### INVESTMENT YIELD

Income earned/received from an investment based on the price paid for the investment (disclosed as a percentage).

### LAPSE

A life insurance contract lapses if the policyholder does not pay the premiums within the grace period as prescribed under the IRDAI (Non-Linked Insurance Products) Regulations, 2013 and the IRDAI (Linked Insurance Products) Regulations, 2013, as applicable.

### LINKED LIABILITIES (FUND RESERVES)

Represents the liability for units held under the contracts under unit-linked business.

### MATHEMATICAL RESERVES

Provision made by an insurer to cover liabilities arising under or in connection with policies or contracts for life insurance business. Mathematical reserves also include specific provision for adverse deviations of the assumptions, such as mortality and morbidity rates, interest rates, and expense rates, and any explicit provisions made, in the valuation of liabilities, in accordance with the regulations made by the IRDAI for this purpose. Please also see "Policy Liabilities".

### MATURITY BENEFIT

Amount of benefit which is payable on maturity i.e. at the end of the term.

### MATURITY DATE

Stipulated date on which benefit may become payable either absolutely or on the occurrence of a contingency.

### MORBIDITY RATE

Measure of the number of persons belonging to a particular group, categorised according to age or some other factor such as occupation, that are expected to suffer a disease, illness, injury, or sickness.

### MORTALITY CHARGES

Risk charges that are levied on the life cover part to provide the protection benefit to the policyholder.

### MORTALITY RATE

Measure of the number of deaths, varying by such parameters as age, gender and health, used in pricing and computing liabilities for future policyholders of life and annuity products, which contain mortality risks.

### NET ASSET VALUE (NAV)

NAV in the context of the equity shares is computed as the closing net worth of a company, divided by the closing outstanding number of fully paid-up equity share. In the context of the unit linked business of our company and the investments made in mutual funds by our company, it represents the value of one unit held by the policyholder/us and is computed as total assets of the fund/scheme divided by number of units outstanding.

### NET WORTH

Represents Shareholders' funds and is computed as sum of share capital and reserves including share premium, share application money and fair value change account net of debit balance in profit and loss account.

### NEW BUSINESS STRAIN

Arises when the premium paid at the commencement of a contract is not sufficient to cover the initial expenses including acquisition costs and any mathematical reserve that our Company needs to set up at that point.

## NON-LINKED BUSINESS

Business other than unit linked business.

## NON-PARTICIPATING PRODUCT/POLICY

Policies without participation in profits, means policies which are not entitled to any share in surplus (profits) during the term of the policy.

## NON-UNIT LIABILITIES

Liabilities held in addition to Linked liabilities (fund reserves) under unit linked business and represents liabilities in respect of future expenses and benefits in excess of the unit fund. These form part of the mathematical reserves.

## PAID UP VALUE

One of the non-forfeiture options given to the policyholder in case of premium default. In this option, the sum assured is proportionately reduced to an amount which bears the same ratio to the full sum assured as the number of premiums actually paid bears to the total number originally payable in the policy

## PARTICIPATING PRODUCT/POLICY

A life insurance policy where the policyholder is entitled to at least a 90% share of the surplus emerging in participating fund and the remaining belongs to the Shareholders.

## PENSION BUSINESS

Includes business of effecting contracts to manage investments of pension funds or superannuation schemes or contracts to pay annuities that may be approved by the IRDAI.

## PERSISTENCY RATIO

Percentage of premium received from life insurance policies remaining in force to the premiums of all policies issued. It is calculated with respect to policies issued in a fixed period prior to the period of measurement. In other words, it is the percentage of policies that have not lapsed and is expressed as 13th month, 49th month persistency etc. depicting the persistency level at 13th month (2nd year) and 49th month (5th year) respectively, after issuance of contract.

## POLICY LIABILITIES

Benefits an insurance company has contractually agreed to pay to the policyholders, plus its future expenses less future premiums. Please also see "Mathematical Reserves".

## PRESENT VALUE OF FUTURE PROFITS (PVFP)

Present value of projected distributable profits to Shareholders arising from the in-force covered business, determined by projecting the post taxation Shareholder cash flows from the in-force covered business and the assets backing the associated liabilities.

## PROTECTION GAP

As defined in the Swiss Re, Economic Research & Consulting "Closing Asia's mortality protection gap – July 2020", the protection gap is measured as the difference between protection needs of a household and the financial resources available to sustain a family's future living standards in the event of the premature death of the main breadwinner(s).

## REGULAR PREMIUM PRODUCT

Life insurance product which requires regular periodic payment of premium.

## REINSURANCE CEDED /ACCEPTED

Consideration paid (reinsurance ceded)/received (reinsurance accepted) for an insurance contract between one insurance company (cedant) and another insurance company (reinsurer) to indemnify against losses on one or more contracts issued by the cedant. The intent of reinsurance is for an insurance company to reduce the risks associated with underwritten policies by spreading risks across alternative institutions.

## RENEWAL PREMIUM

Life insurance premiums falling due in the years subsequent to the first year of the policy.

## RETAIL WEIGHTED RECEIVED PREMIUM (RWRP)

Premiums received by the insurer under individual products (excluding accrued/due but not paid) and weighted at the rate of ten percent for single premiums.

## RETURN ON EMBEDDED VALUE (ROEV)

Ratio of EVOP for any given period to the EV at the beginning of that period.

## REQUIRED SOLVENCY MARGIN, AVAILABLE SOLVENCY MARGIN AND SOLVENCY RATIO

Every insurer is required to maintain an excess of the value of assets over the amount of liabilities of not less than an amount prescribed by the IRDAI, which is referred to as a Required Solvency Margin (RSM).

The actual excess of assets (furnished in IRDAI Form AA as specified under the Insurance Regulatory and Development Authority of India (Assets, Liabilities, and Solvency Margin of Life Insurance Business) Regulations, 2016) over liabilities (furnished in Form H as specified in Regulation 4 of Insurance Regulatory and Development Authority of India (Actuarial Report and Abstract for Life Insurance Business) Regulations, 2016) and other liabilities of policyholders' funds and Shareholders' funds maintained by the insurer is referred to as Available Solvency Margin (ASM).

Solvency ratio is calculated as ratio of ASM over RSM.

## RIDER

Add-on benefits which are in addition to the benefits under a basic policy

## SINGLE PREMIUMS

Policies that require only a single lump sum payment from the policyholder.

## SUM ASSURED

Amount that an insurer agrees to pay on the occurrence of a stated contingency.

## SURRENDER

Termination of a life insurance policy at the request of the policyholder after which the policyholder receives the cash surrender value, if any, of the contract.

## SURRENDER CHARGE

In case of linked contracts, surrender charge is the difference between the value of units available to the policyholder and the value paid out at the time of surrender.

## SURRENDER VALUE

One of the non-forfeiture options given to the policyholder in case of premium default whereby an amount representing reserve is returned to the policyholder.

## TERM ASSURANCE

A contract to pay an assured amount on the death of the insured during the specified period.

## TIME VALUE OF FINANCIAL OPTIONS AND GUARANTEES (TVFOG)

Reflects the value of the additional cost to Shareholders that may arise from the embedded financial options and guarantees attaching to the covered business. The intrinsic value of such options and guarantees is reflected in the PVFP.

## TOP-UP PREMIUM

An additional amount of premium over and above the contractual basic premiums contracted at the commencement of the contract.

## TOTAL WEIGHTED RECEIVED PREMIUM (TWRP)

Measure of premiums received on both retail and group products and is the sum of first year and renewal premiums on regular premium policies and ten percent of single premiums.

## UNIT LINKED BUSINESS

Business of effecting life insurance, pension or health insurance contracts under which benefits are wholly or partly to be determined by reference to the value of underlying assets or any approved index.

## UNIT LINKED FUND

A unit linked fund pools together the premiums paid by policyholders and invests in a portfolio of assets to achieve the fund(s) objective. The price of each unit in a fund depends on how the investments in that fund perform.

## VARIABLE INSURANCE PRODUCT

Products where the benefits are partially or wholly dependent on the performance of an approved external index/benchmark which is linked to the product.

## VALUE OF INFORCE (VIF)

Present value of future profits attributable to Shareholders from the in-force business of the Company (which includes the new business written during the previous year). Future profits are computed based on assumptions such as persistency, mortality, morbidity and external factors like interest rates and capital market performance.

## VALUE OF NEW BUSINESS (VNB) AND VNB MARGIN

VNB is the present value of expected future earnings from new policies written during any given period and it reflects the additional value to Shareholders expected to be generated through the activity of writing new policies during any given period. VNB for any period reflects actual acquisition costs incurred during that period.

VNB margin is the ratio of VNB to APE for any given period and is a measure of the expected profitability of new business.
