TCS Recognized as a Leader in IDC MarketScape for Asia-Pacific Oracle Application Implementation Services

Tata Consultancy Services' Business Functional Expertise, Systems Integration Experience and Delivery Assurance, Cited as Key Strengths

NEW YORK | MUMBAI, July 04, 2023: Tata Consultancy Services (TCS) (BSE: 532540, NSE: TCS) has been recognized as a Leader in the IDC MarketScape for Asia-Pacific Oracle Application Implementation Services¹.

According to the report, "TCS is an ideal partner for large and complex multi-geography deployments of Oracle Cloud solutions in Asia-Pacific. TCS' focus on delivery assurance, business functional expertise, and systems integration experience are key value-adds when scaling Oracle-led modernizations."

"Our market success is driven by our deep Oracle expertise, unique solutions, extended ecosystem capabilities and long-standing partner relationships. We leverage our contextual knowledge and digital capabilities enabled on Oracle Cloud technologies, to help customers in Asia-Pacific and elsewhere become insights-driven, adaptable, and lean, accelerating their growth and transformation journeys," said **Girish Ramachandran, President, TCS Asia-Pacific**. *"We believe this position as a Leader is a reflection of our innovative thought leadership, the strength of our Oracle practice, deep industry knowledge, and the resultant market impact."*

TCS offers a comprehensive suite of Oracle application services, including design thinking, advisory, innovation consulting, implementation, and digital support services. TCS leverages its intellectual property-led assets and accelerators as part of a comprehensive approach to modernize enterprise businesses, helping shape ecosystems and adopt new business models.

[TCS Crystallus™ on Oracle Cloud](#) is an insight-driven, digitally integrated platform that helps clients envision, innovate, develop, and deliver end-to-end solutions using accelerators for Oracle and DataSure. TCS' Cognitive Enterprise for Oracle offerings leverage BizDevOps and new technologies like artificial intelligence, machine learning, automation, and Internet of Things, to improve clients' functional processes, while its proprietary accelerator reduces software patching downtime and helps manage quarterly updates.

The company further amplifies business outcomes with TCS Enterprise Navigator, a consulting-led approach, that harmonizes Oracle technologies, applications, and capabilities in orchestration with TCS domain expertise.

With over three decades of relationship built on a powerful framework for joint innovation and transformation, TCS and Oracle have been helping clients apply innovation so they can anticipate and prepare for the next wave of various technology transformation.

"TCS's three-decade relationship with Oracle showcases its deep technical expertise in implementing Oracle application solutions. With a strong focus on delivery assurance, customer success, and systems integration, TCS is an ideal partner for complex multi-geography Oracle application deployments in Asia/Pacific," said **Rijo George Thomas, Research Manager, IDC**.

About IDC MarketScape: IDC MarketScape vendor assessment model is designed to provide an overview of the competitive fitness of ICT (information and communications technology) suppliers in a given market. The
