SEGMENT GROWS 75% Y-O-Y

Rich appetite raises luxury home sales

RAGHAVENDRA KAMATH Mumbai, February 14

LUXURY APARTMENTS PRICED ₹4 crore and above recorded a 75% year-on-year (y-o-y) growth in sales to 12,935 units in 2023 from 7,395 in the year-ago period, a report said on Wednesday.

The percentage share of the luxury segment in the overall residential unit sales stood at 4% in 2023, nearly doubling its proportion of 2% in the previous year, said a report by CBRE South Asia.

Among the major 7 cities, Delhi-NCR recorded the highest growth with an annual increase of 197%, jumping to 5,330 units in 2023 from 1,860 units a year earlier. This was followed by Pune and Hyderabad, posting a year-on-year growth of about 144% and 64%.

The country's financial capital Mumbai saw its luxury home sales rising to 4,190 units, an annual jump of 24%.

New launches also kept pace with the sales, recording a 45% y-o-y growth in the reported year. The overall residential sales across price categories exceeded 322,000 units, registering a 9% y-o-y growth, retaining momentum in demand also led developers to launch over 3,13,000 new housing units in 2023, a 6% increase over the previous year. Meanwhile, mid-end projects emerged as the leading category driving sales, recording a 45% share in total sales for 2023, followed by high-end and affordable projects, the report said.

Pune, Mumbai and Bangalore cumulatively accounted for 61% of the total sales. Unit launches in Mumbai, Pune and Hyderabad, on the other hand, accounted for a 67% share in 2023, it said.

During the October to December period, overall 90,000 units were launched and 86,000 residential units were sold. The report further highlights that the new unit launches recorded around 22% y-o-y increase and about 26% sequential growth during the October to December period.

Premium and luxury segments accounted for about 10% and 4% shares, respectively, during the said three-month period. However, Pune recorded the highest residential sales with a 24% share, followed by Mumbai with 21% share.

In terms of unit launches during the same period, Mumbai took the lead with a 27.5% share, closely followed by Hyderabad with 26.9%, and Pune with 19%.

Mid-end segment accounted for around 36% shares in unit launches, trailed by high-end segment at 33% and premium category at 14% during this period.

Anshuman Magazine, chairman & CEO, India, South-East Asia, Middle East & Africa, CBRE, said, "The premium and luxury sectors are expected to sustain their attractiveness, supported by favourable market conditions driving healthy growth in the near future. While regional dynamics may lead to fluctuations in capital values, the overall outlook remains positive."

Ashwin waits, for magic and milestones

SRIRAM VEERA Rajkot, February 14

"I THOUGHT ASHWIN would get it (500 wickets) in the first Test itself. It's okay..." Ravindra Jadeja would create into a lovely smile at the press conference a day ahead of the third Test. It was said in just phrases, but it's a good way to frame R Ashwin's toughest battle yet at home against an attacking England.

Ollie Pope swept him out of attack in Hyderabad and he led five runs per over in the first innings at Visakhapatnam. But he rose to the occasion in the chase when the game hung in balance or rather was actually tilting towards England by taking out Joe Root, Pope, and Ben Duckett.

The remarkable off-spinner needs just one more wicket to become the second-fastest after Muttiah Muralitharan to reach 500 Test wickets. It will be an astonishing achievement for an off-break bowler. Without the wrist kicking into action as it did for Murali and leg-spinners like Shane Warne, you can't rip the ball as much and should have lesser revolutions on the ball. It also explains the influx of off-spinners, leaving a crack at the full-sleeved fly men. But in the here and now, a greater challenge awaits him in Rajkot. Can he soak up the Bazball attack and do his job?

The art of Ashwin lies in entangling the batsmen into meanderings from which they

are unable to disengage themselves in time. But England went after him with a purpose that has seldom seen.

Six overs into the first Test, Zak Crawley had already reverse-swept Ashwin twice to the point boundary. A couple

more sweeps later, Ashwin switched to over the wicket and placed one man at covers, leaving the off-side relatively barren. A flighted delivery that ripped through the bat-and-pad gap or a floater that took the outside edge was expected; instead the ball was picked from the cover boundary by Crawley. Ashwin abandoned that line of attack and returned to the stumps. Repeatedly, he was forced to abandon his plans in that first Test. When he slowed up his pace to Duckett after a few reverse sweeps to see if he could upset the bat-flow and induce a mistake, the left-hander was rewarded with a fine reverse-lap pass slip. Even though they were pre-determining their shots, England were retaining enough nuance.

When he turned over the wicket after Pope, the reverse sweep hit him, the right-hander charged him to play the straight boundary. When Ashwin tried to trap him on the leg-side with a ripping off-break that started from middle, Pope calmly nudged it to the fine-leg boundary. Nothing was working for Ashwin.

Amidst this frenetic effort to adapt to England's tricks, there came a moment in the 54th over of the innings in that same

first Test when he beat Pope with a beauty that turned in from outside off, threaded the bat-and-pad gap but whistled over the leg stumps. But almost immediately, perhaps trying to anticipate a reverse sweep, Ashwin would get real full next ball and be met with a crashing conventional sweep. Next ball, Ashwin switched to round the stumps, and this time, Pope pulled out the reverse sweep.

It was an intriguing stuff: a tinkerman, an innovative spinner at the top of his game humbled with his own medicine of inventiveness. Not until the chase on the fourth day of the second Test could Ashwin really get any skin in the contest. It was aided by a Bazball that had lost its composure and was over-boiling on his own medicine of inventiveness. Yale weighs reversing SAT testing

JANET LORIN February 14

YALE UNIVERSITY is considering reinstating standardized testing and join Ivy League peer Dartmouth College in a policy shift that reflects a broad reevaluation within higher education admissions.

Jeremiah Quinlan, Yale's dean of undergraduate admissions, said in an email that the university is "closely considering" its policy, adding that he expects to make an announcement in the coming weeks about the school's plans for next year and beyond. Dartmouth said earlier this month that it will once again require applicants to submit scores starting in the fall.

Selective colleges ditched exams such as the SAT and ACT early in the pandemic as test centers closed. But they're revisiting that decision and considering whether the

assessments can help identify promising applicants. In a podcast hosted by Dartmouth's dean of admissions, Quinlan dropped a hint, saying testing is "an incredibly valuable part" of Yale's assessment.

"The SAT or the ACT is the single best predictor of a student's academic performance at Yale," Quinlan said in the Admissions Beat podcast in October, challenging a widely held belief that high-school grade point average is often a better indicator of future academic outcomes.

Yale's math section in particular helps predict which students will persist as science majors, he said.

Lee Coffin, Dartmouth's dean of admissions, agreed with Quinlan on the podcast, which occurred three months before the school's policy change. Dartmouth's switch, which followed a similar announcement by the Massachusetts Institute of Technology in 2022, has cast a spotlight on colleges' attempts to assess applications from diverse backgrounds and historically underrepresented regions.

Restoring the testing mandate will help attract "the most promising and diverse students to our campus," Dartmouth said in its statement. It was accompanied by research that found test scores "represent an especially valuable tool to identify high-achieving applicants from low and middle-income backgrounds; who are first-generation college-bound; as well as students from urban and rural

backgrounds." "Clearly, this is a sign there could be more change," said Matthew DeGroot, dean of college counseling at Middlesex, a boarding school in Concord, Massachusetts, and a former admissions officer at Harvard University.

SAT, ACT

The standardized tests themselves are undergoing significant changes. Starting next month, the SAT is transitioning to a digital format that adapts to each test taker based on how the student performs on the first module of questions, the second will either be more or less difficult. In addition, the duration of the SAT is being reduced to 14 minutes from three hours. Meanwhile, the ACT is expanding the number of computer-based testing sites while maintaining the exam's almost three-hour length. —BLOOMBERG

BPCL to set up world's first airport green hydrogen plant

PRESS TRUST OF INDIA Kochi, February 14

IN A STRATEGIC move to bolster its pathbreaking green energy initiatives, Cochin International Airport Ltd (CIAL) has entered into a Memorandum of Understanding (MoU) with the Bharat Petroleum Corporation Ltd (BPCL) for setting up a green hydrogen plant in the premises of Cochin Airport.

This collaborative effort will result in the world's first green hydrogen plant and fueling station located within an airport setting, CIAL said in a statement on Wednesday.

Green hydrogen, produced from water using renewable energy sources, is recognized as a future fuel and aligns with zero-carbon energy strategies, it said. The agreement exchange ceremony for the green hydrogen plant was held at Legislative Complex, Thiruvananthapuram in the presence of Kerala chief minister Pinarayi Vijayan who is also the chairman of CIAL, the statement said.

"As pioneers in sustainable aviation, CIAL is happy to start a groundbreaking journey with BPCL towards establishing the country's first green hydrogen plant in an airport," CIAL MD S Subas IAS said.

He also said that this strategic collaboration underscores CIAL's commitment to green energy and propels it closer towards a zero-carbon future in the aviation landscape.

6. The Board has decided to rescind the proposal for Scheme of Arrangement as proposed for amalgamation of M/s Lepaka's Tubes Private Limited with M/s Rama Steel Tubes Limited, which was considered and approved on February 14, 2022. The proposal drastically changes and due to these volatile market conditions and changes in the steel industry in this time period globally i.e. Great International Tubes Fund and other factors, it is recommended to reconsider the decision of merger. On re-evaluating their market positioning within the steel industry the management of both applicant companies has come to the conclusion that the two companies will now be at better competitive advantage working as two separate entities rather than amalgamating into one entity in the better interest of all stakeholders at large. Moreover, due to Transferor Company operating in south India, it may have established relationships with local stakeholders including suppliers, customers and regulatory bodies. A merger that does not align with these existing relationships or involves unfamiliar regional dynamics is deemed less desirable by the management of Applicant companies.

7. The company has forfeited 16,55,793/- number of warrants out of 37,50,000/- issued to "The Great International Tubes Fund", belonging to Non-Frontier warrant holder. Warrants were allotted on June 10, 2022 with the approval of the Board and Members of the Company in compliance with applicable provisions of Chapter V of SEBI (ICDR) regulations, 2018. The warrants should have been converted into equity shares of company within the period of 18 months from the date of allotment of the warrants. In view of the same, the due date for conversion of warrants was December 9, 2023 but due to non-receipt of balance 75% amount from "The mail and phone call, the Board of Directors of the Company, even after giving several reminders via electronic and physical mode, has decided to forfeit the unconverted portion of the warrants. The forfeiture of the application money paid amounting to 25% of the total amount payable for the allotment of the warrants to the Company in accordance to the regulation 16(3) of SEBI (ICDR) Regulations, 2018.

8. Therefore a sum of ₹ 316.25 Lakhs earlier received and disclosed as money received against share warrants under Other Equity has been forfeited and shown as "Capital Reserve" under Other Equity.

9. During the quarter, The Group has allotted 36,00,000 Equity Shares pursuant to conversion of warrants on October 11, 2023 along with the bonus shares reserved for the warrant holders in the ratio of 4:1.

10. Figures for the previous periods / year have been regrouped/reclassified wherever necessary, to confirm to the current period's classification.

विधानसभा का बजट सत्र आज से, हंगामे के आसार

सरकार को घेरने के साथ प्रधानमंत्री को धन्यवाद देने का प्रस्ताव लाने की तैयारी में भाजपा

जनसत्ता संवाददाता नई दिल्ली, 14 फरवरी।

दिल्ली विधानसभा का बजट सत्र गुरुवार से (15 फरवरी) से शुरू होगा। विपक्षी दल भाजपा ने अपनी रणनीति तय कर ली है। सूत्रों के मुताबिक, सरकार की पेशवादी के बीच विपक्ष प्रधानमंत्री पर धन्यवाद प्रस्ताव लाने की तैयारी में है। यह सत्र 20 फरवरी तक चलेगा।

को धन्यवाद देने के लिए दो प्रस्ताव पेश करेगी। साथ ही दिल्ली की समस्याओं पर चर्चा के लिए भी विधानसभा सत्रवालय को निर्देश देकर सूचना दे दी गई है।

सुबह 11 बजे उपराज्यपाल वीके सखसनौ सदन को संबोधित करेंगे। अगले दिन आउटकम बजट (सरकार का रिपोर्ट कार्ड) पेश किया जाएगा।

बजट में शिक्षा, स्वास्थ्य, विजली, पानी, सड़क और बुनियादी ढांचे पर विशेष ध्यान रहेगा। भाजपा ने कहा है कि प्रधानमंत्री नरेंद्र मोदी को धन्यवाद देने के लिए दो प्रस्ताव पेश करेंगे।

दिल्ली में सार्वजनिक परिवहन व्यवस्था दम तोड़ रही है और जनता बेचरस है। जनता पीने के पानी की तलाश कर रही है लेकिन सरकार की तरफ से कोई प्रयास नहीं किया जा रहा। प्रदूषण से दिल्ली की जनता जहर खा रही है और सूत्रों के मुताबिक, न्यूट्रलवाला पेशा पिछले पांच वर्षों से बंद होने से दुर्गुण परेशान है और सरकार उन पर कोई काम नहीं कर रही। राजधानी की दुकानों पर अनाज नहीं पहुंच रहा और नए राजधानी कार्ड नहीं बन रहे। गुणानुसार प्रदूषण इतना ज्यादा बढ़ चुका है कि सरकार को जवाब देना और धन्यवाद देना पड़ेगा। इन तथ्यों पर आम आदमी पार्टी की सरकार को पेशा जाएगा।

बता दें कि विधानसभा की यह पहली बजट प्रस्तुति होगी, जिसे पिछले साल विधानसभा विचार था। विशेषज्ञों की माने तो बजट में पानी, सड़क, शहरी विकास और विभिन्न विकासकाम परियोजनाओं जैसे महामुख्य क्षेत्र पर भी विशेष ध्यान दिया जाएगा। दिल्ली के भीतर विभिन्न विकासकाम परियोजनाओं के लिए पर्याप्त धन आवंटन की भी उम्मीद है। उभर, दिल्ली विधानसभा के बजट सत्र को लेकर विपक्ष ने भी अपनी रणनीति तय कर ली है। विधानसभा में कड़ा है कि दो प्रधानमंत्री नरेंद्र मोदी

विधानसभा में नेता परिषद रामवीर सिंह पिछले ही बजट के लिए दो प्रस्ताव पेश करेगी। साथ ही दिल्ली की समस्याओं पर चर्चा के लिए भी विधानसभा सत्रवालय को निर्देश देकर सूचना दे दी गई है।

आपनु अंकित चौहान ने बताया कि पिछले 11 फरवरी को सत्रा देवली रोड खानपुर से एक महिला के साथ लूट की सूचना मिली थी। पुलिस मौके पर पहुंची तो पीड़ित ने बताया कि जून 2023 को उनके पिता का देहांत हो गया था। वह आनुषंगिक काम कर रहे थे। उनके पिता का परिचय सुमित सोनी का नाम बताते हैं। सुमित ने उनके पिता से 95 हजार रुपए उधार लिए थे। वादावत वाले दिन वह उधार के पैसे देने की बात कहकर घर में आया। 1500 रुपए का झूठा नोट भी दिखा। इसी बीच वह अचानक हिसाब का सिलेंडर तोड़ने लगे और आरोपी ने पीछे से गले पर चाकू रख दिया। इसके बाद गले पर चढ़ कर भागे गये।

जनसत्ता संवाददाता नई दिल्ली, 14 फरवरी।

उपराज्यपाल वीके सखसनौ, मुख्यमंत्री अरविंद केजरीवाल और परिवहन मंत्री कैलाश गहलौत ने बुधवार को 350 इलेक्ट्रिक बसों को हरी झंडी दिखाई। इन नई बसों को परिचालन शुरू होने के साथ ही दिल्ली परिवहन निगम (डीटीडी) में इलेक्ट्रिक बसों की संख्या बढ़कर 1650 में गई है। केजरीवाल ने सोशल मीडिया पर 'एक्स' पर एक पोस्ट में कहा, आज हम दिल्ली के लोगों को 350 इलेक्ट्रिक बसों से सफल कर रहे हैं। इसके साथ ही हमारी 5-वर्षीय की योजना 1650 की गई है। इसके साथ ही, सबसे अधिक इलेक्ट्रिक बसों के मामले में दिल्ली, भारत का पहला और विश्व का तीसरा शहर बन गया है। यह इलेक्ट्रिक बसों की संख्या में बढ़त से दिल्ली में प्रदूषण को नियंत्रित करने में मदद मिलेगी। पहले दिल्ली की सड़कों पर बसे लाइन बंद डीजल व पेट्रोल के बसों थी।
