IOC buys Russian crude at deep discount

PRESS TRUST OF INDIA New Delhi, March 16

INDIAN OIL CORPORATION (IOC), the nation's top oil firm, has bought as much as 3 million barrels of crude oil that Russia had offered at steep discount to prevailing international rates, sources said.

Sources said the state-run firm bought Urals crude for May delivery at a discount of \$2.25 a barrel to dated Brent. As the US and other western nations slapped sanctions, Russia has begun offering oil and other commodities at discounted prices to India and other large importers.

IOC made the purchase on modified terms that require the seller to deliver it to the Indian coast so as to avoid any complications that sanctions may lead to in arranging shipping and insurance.

Unlike the sanctions the US imposed on Iran, oil and energy trade with Russia has not been banned. This means international payment systems are available to supply a purchase made from Russia. This wasn't the case with Iran, which was cut off from the international money and security transfer system, SWIFT. Also, companies or entities investing or buying oil from Iran were sanctioned.

Hoarding on price hike hope leads to surge in sales of petrol, diesel

PRESS TRUST OF INDIA New Delhi, March 16

INDIA'S AUTO FUEL sales surged past pre-pandemic levels in the first half of March as consumers and dealers topped tanks in anticipation of a likely price hike post assembly elections.

Dealers, as well as the public, topped up their tanks as they anticipated prices, that have been put on hold in the run-up to the elections in states like Uttar Pradesh, which is likely to begin to make up for as much as 60% surge in the cost of raw material.

Petrol sales by state-owned fuel retailers, which control roughly 90% of the market, at 1.23 million tonne during March 1-15 were up 18% higher than the same period last year and 24.4% higher than the period in 2019, preliminary industry data showed.

Diesel, the most-used fuel in the country, saw sales jumping 23.7% year-on-year to 1.53 million tonne. This was 17.3% higher than sales in March 1-15, 2019.

While petrol sales were 24.3% higher than the sales during March 1-15, 2020, diesel sales were up 39.9% over the same reference period. Month-on-month, petrol sales were up 18.8% and diesel sales surged 32.8%.
