MANAGEMENT DISCUSSION AND ANALYSIS REPORT (forming part of Board's Report)**a. Industry structure and Developments**

In Calendar Year (CY) 2020 was disrupted by pandemic-related sharp declines in growth across industries. When the global economy shrank by 3.3% YoY in 2020 (IMF), India's IT & ITeS sector shone brightly, growing by 2.3% YoY (Nasscom) thanks to faster digital technology adoption. According to Nasscom's Strategic Review 2021, India's technology sector contributed 8% of national GDP and 52% of services exports. The pandemic is estimated to have caused a 3.3% contraction of the world output in CY 2020, with advanced economies contracting 4.7%, and many sectors such as travel, hospitality, transportation, aerospace, consumer discretionary and small enterprises getting impacted severely across the world. Consequently, global technology spend declined 3.2% to about \$1.4 trillion in 2020. Within that, IT services spending declined more, down 3.9%, while Business Process Management declined by 2.4%. While the spending showed a decline on a full year basis, technology was center-stage in enterprises' response to the pandemic-related lockdowns and thereafter. After the initial contraction due to dislocations, the need for business continuity, operational resilience and the switch to digital transactions drove strong demand for IT services over the rest of the year.

The global market for IT services continues to be a highly fragmented one, with even the largest provider having a mid-single digit market share. India is the topmost offshoring destination for IT companies across the world. Having proven its capabilities in delivering both on-shore and off-shore services to global clients, emerging technologies now offer an entire new gamut of opportunities for top IT firms in India. The industry is expected to grow to US\$ 350 billion by 2025 and BPM is expected to account for US\$ 50-55 billion of the total revenue.

b. Opportunities, Threats, Risks and Concerns

Due to a global push towards automation, a lot of manual IT functions will be replaced by machines and thus slowing down outsourcing work as the cost advantage factor will be lost. But this threat can be turned into an opportunity by re-skilling engineers in advanced technologies and stay relevant. A lot of new opportunities will open the doors in AI field. Machine Learning, Big Data Analytics and IoT will pave the way for future growth in IT business.

Blockchain technology is also opening up new opportunities in various sectors, especially in FinTech, Digitisation of Public records, Healthcare, Supply Chain areas. Inefficiencies in the existing processes will be addressed by migrating over to this new technology in addition to providing transparency and security.

As more and more talent pools are becoming available to work from home in the software engineering area, companies are finding it very easy to bring employees onboard using online technology advancements. This is an opportunity for your company but at the same time is posing a challenge because now we are competing with a bigger pool of multinational companies whose budgets are much bigger in size. Due to this, we are running the risk of losing good talent to the freelance pool.

With business with most of its clients impacted by the corona virus outbreak and likely lower discretionary spending as a result, growth for IT services sector is going to be a big challenge in the coming fiscal.

Most of our clients business has been impacted due to Corona Virus and reduced discretionary expenditure poses a challenge for our company.

c. Outlook

Your company has been predominantly developing applications for capital markets, healthcare, education and retail sectors on big data platforms. The company has been building web apps, mobile apps, data engineering tools, data analytics tools, and social media analytics tools. Your company foresees growth opportunities in wellness, travel and financial technologies markets.

The company has been able to up-skill its talent pool in hot skills like AWS, GCP and Azure Cloud Computing, Databricks/Spark/Snowflake big data warehousing technology stacks, cross-platform mobile application development frameworks. This enabled the company to migrate data engineering projects to cutting edge technologies that helped our customers scale their products.

The company has been working actively on travel and wellness focused apps in anticipation of growth in consumer interest post pandemic era. We are working actively with some partners in the U.S and are ready to launch the apps just in time to capture the uptick in the market. We are seeing growing interest in COVID-19 related data analytics focus amongst the finance industry which should boost our data services revenues this fiscal year. We are working closely with some U.S companies to help them build AI based medical diagnostics applications targeting hospitals that cater to obstetricians.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2021, and profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current year. These matters were addressed in the context of our audit of the financial statements as a whole, and in

forming our opinion thereon, and we do not provide a separate opinion on these matters.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Company's Annual Report, but does not include the financial statements and our auditor's report thereon. The Annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to

continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements for the financial year ended March 31, 2021 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of

the Companies Act, 2013, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

"Annexure B" to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Saven Technologies Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management responsible for establishing and maintaining internal financial controls base on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF THE FINANCIAL STATEMENTS

that an asset may be impaired. An asset is treated as impaired when the carrying cost exceeded its recoverable value. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in a prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

2.17 Provisions, Contingent Liabilities and contingent Assets:

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is possible that there will be an outflow of resources. Contingent Liabilities are not recognized but are disclosed in the notes on accounts. Contingent Assets are neither recognized nor disclosed in the financial statements.

2.18 Tax Expenses:

Tax expense for the year comprises current tax and deferred tax. Tax is recognized in Statement of Profit and Loss except to the extent that it relates to items recognized in the comprehensive income or in equity. In which case, the tax is also recognized in other comprehensive income or equity.

Current Tax

Current tax assets and liabilities are measured at the amounts expected to be recovered from or paid to the taxation authorities, based on the tax rates and laws that are enacted or substantively enacted at the Balance Sheet date.

Deferred Tax

Deferred tax is recognized on temporary differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

2.19 Financial Instruments:

As per Ind AS 109, Financial Instruments, all financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Financial assets are subsequently measured at amortized cost, fair value through profit or loss or fair value through other comprehensive income as the case may be.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost using the effective interest method less impairment losses, if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value

Financial assets not measured at amortised cost are carried at fair value through profit or loss (FVTPL) on initial recognition, unless the company irrevocably elects on initial recognition to present subsequent changes in fair value in 'other comprehensive income' for investment in equity instruments which are not held for trading.

The Company, on initial application of IND AS 109 Financial instruments, has made an irrevocable election to present in 'other comprehensive income', subsequent changes in fair value of equity instruments not held for trading.

Financial asset at FVTPL, are measured at fair values at the end of each reporting period, with any gains or losses arising on remeasurement recognized in profit or loss.

Financial liabilities

Financial liabilities are subsequently carried at amortised cost using the effective interest rate method or at FVTPL. For financial liabilities carried at amortised cost, the carrying amounts approximate fair values due to the short term maturities of these instruments. Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised in a business combination, or is held for trading or it is designated as FVTPL. Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in profit and loss.
