Earnings Announcement

Safe Harbor Statement

Certain statements in this release concerning our future prospects are forward-looking statements. Forward-looking statements by their nature involve a number of risks and uncertainties that could cause actual results to differ materially from market expectations. These risks and uncertainties include, but are not limited to our ability to manage growth, intense competition among Indian and overseas IT Products companies, various factors which may affect our cost advantage, such as wage increases or an appreciating Rupee, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on immigration, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which Intellect Design Arena has made strategic investments, withdrawal of governmental fiscal incentives, political instability, legal restrictions on raising capital or acquiring companies outside India, unauthorized use of our intellectual property and general economic conditions affecting our industry.

Intellect Design Arena may, from time to time, make additional written and oral forward-looking statements, including our reports to shareholders. These forward-looking statements represent only the Company's current intentions, beliefs or expectations, and any forward-looking statement speaks only as of the date on which it was made. The Company assumes no obligation to revise or update any forward-looking statements.

MANAGEMENT OBSERVATIONS

Management Observations

“ **Arun Jain**, *Chairman and Managing Director*

*Intellect has identified and adopted the five trends of technology- Technology ecosystem change, Micro services based Packaged Business Capabilities, API based architecture, Data as a new oil and Cloud as a scalable Fintech & Digital ecosystem. Our early investments of R & D of over INR 12000 Mn in the last five years provided us an early head start for winning deals in advanced markets. **The seventh consecutive quarter of growth in revenues and profits is a validation of our strategy.**”*

“ **Venkateswarlu Saranu**, *Chief Financial Officer*

The financial results are in line with our stated guidance. While the increased salience of SaaS deals results in short term cost commitments, these deals have a higher Total Contract value in the long term. We are focusing on achieving double digit growth for the year FY 2021-22.”

IN SUMMARY

Performance Delivered with Strong Foundation for Road Ahead

Seventh consecutive quarter of growth in revenues and profits

STRONG REVENUE GROWTH

Deals and Pipeline assure us of continuing this trail

ACCELERATION OF SAAS REVENUE

Our Technologies and Products are ready to leverage the Industry shift

GROWING CUSTOMER TRUST WITH ON TIME DELIVERIES

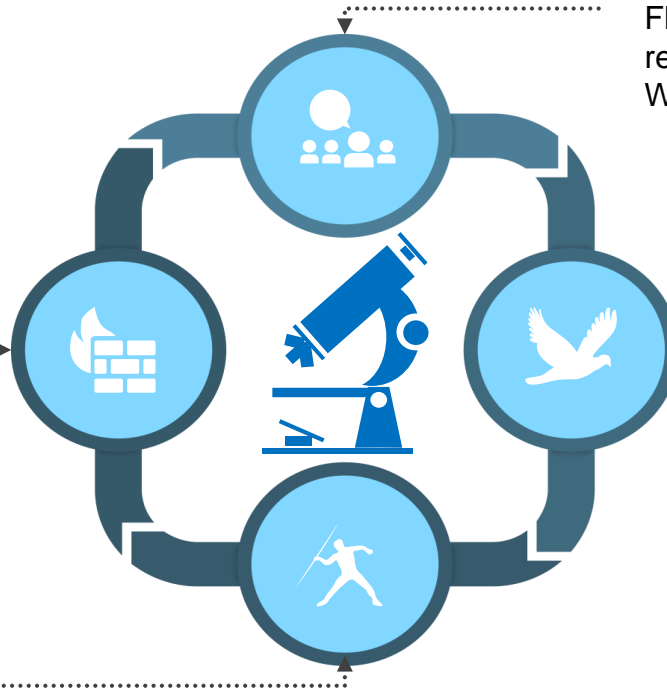

Our delivery performance enhances our Net Promoter Score and wins greater referenceability

BUILDING ON MARKET LEADERSHIP

Flywheel effect - Wins get referenceability which get further Wins in existing Markets

OPENING NEW VISTAS OF GROWTH

New Launches and Product Expansion

Outlook

- Digital Acceleration is providing further more opportunities on the table as reflected in the increased Funnel
- To service the expanded funnel, we need to invest in additional talent
- Current demand for Digital talent is exploding. More investments are required to capacitize ourselves for servicing these opportunities

Mr. Miguel Rio Tinto, Group Chief Information Officer, Emirates NBD Group

“We looked worldwide, for platforms that could serve corporates. If those platforms that actually existed, that could accelerate our time to market, in terms of bringing in capabilities for self-servicing corporates.

With Intellect, we found that platform. It is actually is a very rich platform, functionally. More importantly, from the user interface and user experience, its a completely that supports end-to-end journeys, not just transaction banking, but beyond. “

iKredit360

We have a good mix of technology and domain skills, new and homegrown talent, professionals with experience as well as fresh graduates with newer vision... **all united by a common purpose of accelerating the digital journeys of Banks and FIs.**

In conversation with Rajesh.

1 What does client-centricity mean to you?

In my opinion, client-centricity is keeping our Customer's customer at the center and deciding everything around that- both in letter and in spirit. To illustrate this point, if there is something that is right for my customer's customer, though it may be more expensive to me or the bank, as a true partner, we should go for it.

Our Approach Our Thinking **iKredit360** Leadership About Us

CURATED EXPERIENCES THAT ARE CATALYSED BY POWERFUL COMPOSABLE SOLUTIONS

...IN THE NEW WORLD OF CREDIT

Limitless credit solutions.
Built for a boundaryless world

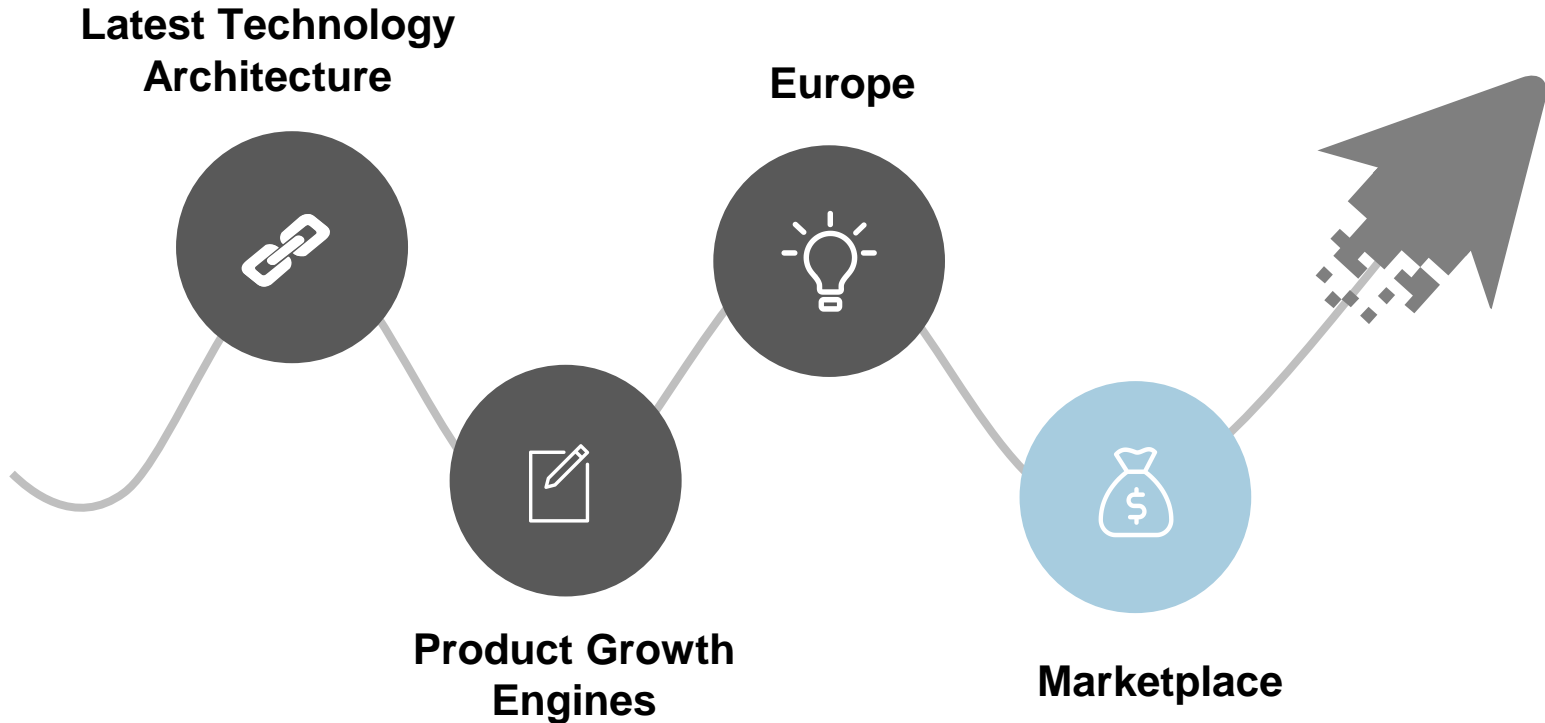

With Digital being the equaliser, disruptions have become the new normal. The world of credit and payments is undoubtedly one of the most disrupted domains in the financial world. Boundaries of ecosystems are blurring while redefining possibilities, whether it is a bank or a non-banking financial institution or an ecommerce player or a Fintech. But beneath all the trappings of products and experience, there is a new battlefield - to become the primary engagement point for the customer.

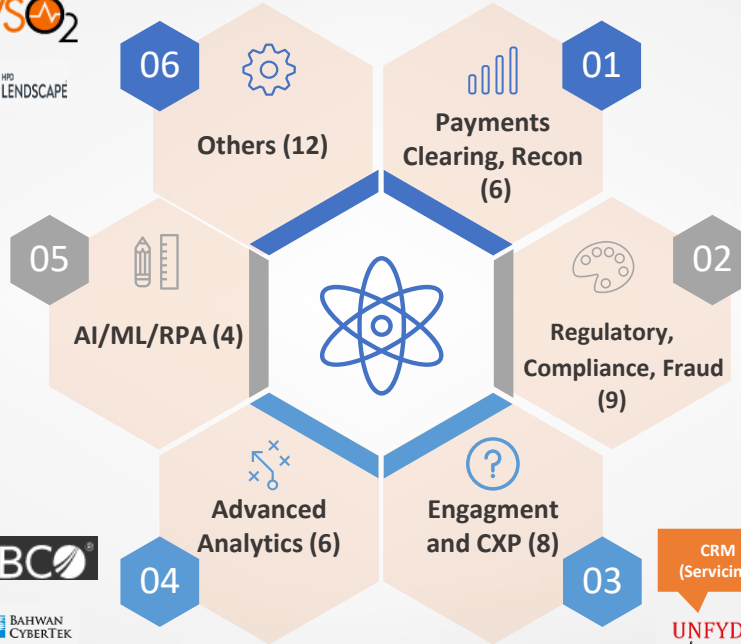

The customer, on the other hand seems to enjoy the ever widening spectrum of choices. The FAANG experience is now a hygiene ask - simplicity, seamlessness or instant gratification.

In the world of credit, we are seeing a huge convergence and that's exactly what our revolutionary iKredit360 platform is all about. Business is now a technology game. We connected the dots between the market perspective, the customer perspective.

Our Strategy for Growth

Marketplace - IDC

Intellect SEEC

BUSINESS HIGHLIGHTS

Banesh Prabhu,
Chief Executive Officer,
Intellect SEEC

Technology

- Intake & Routing (Xponent Lite) product in development which will be our lead product & a key differentiator
- Adding prior carrier loss ingestion to Magic Submission MVP to double our average revenue; 2 pilots identified; Ameritrust and Liberty providing insights into development
- IDX.ai for non-insurance: Magic Aadhaar launched; MVP for Magic Invoice in progress; ESG, Banking and Audit/Contract in progress
- Data partnerships being strengthened for deeper underwriting insights

Intellect SEEC - Business Highlights

Markets

- Strong pipeline with major global insurance company looking for us to replace a competitor
- Cross sell with existing customers is effective: Amerisure & Ameritrust magic submission uptake
- IDX.ai gains good traction in APAC with 5 deals in P3+ stages
- St. James's Place signs three deals to partner with Intellect SEEC: end-to-end Salesforce transformation; lead the AI Transformation for Investment Management; and , build a world class Wealth Portal leveraging Salesforce experience, cloud and Intellect accelerators
- 50+ On Time deliveries with 100% SLAs met in Q1 for St. James's Place

Intellect SEEC - Business Highlights

Product Leadership Journey

- New strategy is resonating with marketplace – “A Modernization Partner”
- Fewer deals closed than anticipated but at higher average revenue size, and implementation fee revenue will be higher than anticipated (close to \$1M for two current deliveries)
- BPO opportunity is emerging with magic submission exception handling
- Positive discussion with potential partnerships for North America (Duck Creek, Guidewire, Salesforce)
- End to end user journeys with AI and ML capabilities resonating significantly with Customers and Analysts

Intellect SEEC - Business Highlights

Brand

- Shifted from a AI product company to a AI powered transformation partner for America and introducing Transformation Accelerators leveraging UK success
- Creating a cohesive overarching brand with geo specific content & messaging in website 2.0
- Marketing events and Thought Leadership Content are driving significant brand awareness and generating qualified leads (260+ new MQLs; 40 existing client interactions; 60+ new MQLs moved to SQL; 12 partnership opportunities)
- Magic Submission, an IDX product, was recognized by Celent in their Intelligent Automation in Wealth Management report for its use of cognitive RPA at St. James's Place.
- Analyst Relations providing good traction, positioning and prospects (RFI/RFP)
