### L&T Construction Wins Orders (**Significant\***) for its Power Transmission & Distribution Business

*Order win includes Advanced Distribution SCADA and HVDC Transmission Link*

**Mumbai, July 25, 2023:** The Power Transmission & Distribution Business of Larsen & Toubro has secured new orders in India and abroad.

On the domestic front, the Business has won an order to implement SCADA/DMS and related IT infrastructure for urban area power distribution systems in central Gujarat. The scope also involves Information Storage & Retrieval, Front End Processing, Outage Management, Network Management, Dispatcher Training Simulation, Local Data Monitoring etc. with the requisite security systems.

Another order has been secured to build a 400kV Double Circuit Transmission Line in Jharkhand. The 133 KM line is associated with the evacuation of power from a generating station.

In the Middle East, the Business has received an order for construction of a  $\pm 525$ kV High Voltage Direct Current (HVDC) transmission segment. This link is part of a large capacity, Voltage Source Converter (VSC) based HVDC system that connects Neom Industrial City and Yanbu city in western Saudi Arabia.

In the Sarawak region of Malaysia, the Business has bagged an order, in a consortium, to establish a 275kV Substation. Once completed, the project will help improve power supply reliability in major load centers on the northwest coast of the island of Borneo.

#### **Background:**

Larsen & Toubro is a USD 23 billion Indian multinational engaged in EPC Projects, Hi-Tech Manufacturing and Services. It operates in over 50 countries worldwide. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.
