MANAGEMENT DISCUSSION & ANALYSIS

At the outset Shareholders are requested to read the Management Discussion and Analysis along with other sections of the Annual Report for having a full understanding.

BUSINESS SNAPSHOT

GTL Limited (GTL), is a Network Services Company, offering services and solutions to address the Network Life Cycle requirements of Telecom Operators and Tower Companies. Currently it has GTL Infrastructure Limited (GIL), an IP 1 License Category Tower Company as its Customer. Its network services portfolio includes:

Network Operations and Maintenance

GTL provides network operations and maintenance services that deliver assured Network uptime and availability to its customer. These services include:

- Corrective and preventive maintenance of the network
- Capex sizing and planning services
- Remote monitoring and trouble ticketing
- Technical support and process management

Energy Management

Telecom Networks require uninterrupted access to power for seamless operation. Management of Energy (Power and Fuel) plays an important role to ensure reliable network operations at optimum costs.

GTL's Energy Management Solutions provide high availability of power to telecom sites efficiently. They are delivered through –

- Technical audit for optimum power consumption
- Monitoring utilization of sources of energy and plugging leakage thereof
- Driving modernization with energy efficient equipment and
- Integrating non-traditional or alternate sources of energy with reduced CO2 footprint.

For further details on the various steps taken by the Company in implementing and operating various energy conservation measures and for utilizing alternate source of energy, members are advised to refer the write up under the head 'Conservation of Energy' in the Directors' Report.

INDUSTRY STRUCTURE AND DEVELOPMENTS

i) Structure & Business Model of Telecom Industry

The Telecom industry is divided into following subsectors: Infrastructure, Equipment, Mobile Virtual Network Operators (MNVO), White Space Spectrum, Telephone service providers and Broadband.

Over the last seven years, the Indian Telecom Tower industry has grown significantly by 65%. The number

of mobile towers increased from 400,000 in 2014 to 660,000 in 2021. Similarly, the number of Mobile Base Transceiver Stations have grown rapidly by 187% and increased from 800,000 in 2014 to 2.3 Mn. in 2021.

It is also estimated that 5G technology will contribute approximately \$450 Bn. to the Indian Economy in the period of 2023–2040. As per GSMA, India is on its way to becoming the second-largest smartphone market globally by 2025 with around 1 billion installed devices and is expected to have 920 million unique mobile subscribers by 2025 which will include 88 million 5G connections.

India added over 500 Mn. new smartphone users over the last decade and expected to have 850 Mn. smartphone users by 2026, representing ~55% of the total population.

The DoT is targeting a combination of 100% broadband connectivity in the villages, 55% fiberisation of mobile towers, average broadband speeds of 25 mbps and 30 lakh kms of optic fibre rollouts by December 2022. By December 2024, it is looking at 70% fiberisation of towers, average broadband speeds of 50 Mbps and 50 lakh kms of optic fibre rollouts at a pan-India level.

ii) Structure & business model of Telecom Infrastructure Industry

Broadly the Telecom Infrastructure Companies can be categorized into (i) Operator owned tower companies (ii) Towers owned by Government operators and (iii) Independent tower companies.

Telecom towers form the backbone of wireless networks and provide last mile connectivity to subscribers. Tower requirements usually depend on Network Coverage (which, in turn, depends upon geographical area, population density and spectrum bands) and Network Capacity i.e. maturity of wireless industry, cellular and data penetration and data usage per subscriber, quantum of spectrum and wireless data technology (whether it is 2G/3G/4G/5G).

As the number of tenants on a tower increases, tower companies are able to generate incremental revenue and EBITDA. The key driver of tower revenue growth is tenancy. Apart from tenancies, tower company revenues are also influenced by the pricing charged per tenant.

Operating cost components for the tower business are site rentals, repairs and maintenance, security charges, insurance and cost of outsourced resources. As major expense items are fixed in nature, cost for additional tenant is minimal. Hence, the tenancy ramp-up results in a significant percentage of incremental revenues, ROI and cash flow. To gain market penetration and 4G + 5G network expansion

at optimal cost, Telcos continued to rent towers from TowerCos, thereby considerably reducing costs while allowing them to focus on their core. Renting towers from TowerCos enabled these Telcos to go to market within a short time.

iii) Industry Scenario & Key Development

- **PLI Schemes under Atmanirbhar Bharat Abhiyan**
Production Linked Incentive (PLI) Scheme worth ₹ 12,195 Cr. for manufacturing of telecom and networking products. Incentives worth more than ₹ 4,000 Cr. have been earmarked for the Design Led Manufacturing Scheme of the existing PLI Scheme.
- **Telecom Sector Reforms**
In 2021, large scale structural and procedural reforms have been brought in to enhance liquidity and minimise financial stress within the telecom sector.
- **Bharatnet project**
Bharat Net Project Optical fibre cables laid to 178,247 gram panchayats, out of which 161,870 are service ready. Additionally, 4,218 gram panchayats have been connected over satellite media, taking the total number of service ready gram panchayats to 166,088.
- **India is one of the highest consumers of data per day**
India is one of the highest consumers of data per day with approximately 5 hours of daily time spend on smartphones.
- **Prime Minister Wi-Fi Access Network Interface (PM-WANI)**
Provision of public Wi-Fi service through Public Data Offices (PDOs) spread across the country to accelerate the expansion of broadband internet services.
- **Emergence of BWA technologies**
 - BWA technologies, such as WiMAX and LTE, is among the most recent and significant developments in wireless communication.
 - Bharti Airtel VoLTE and Reliance Jio 4G services are live across all the 22 telecom circles since 2019.
 - India is expected to be the second-largest market in 5G services followed by China in the next 10 years.
- **Green telecom**
 - The green telecom concept is aimed at reducing carbon footprint of the telecom industry through lower energy consumption.

- The Government proposed a joint task force between Ministry of New and Renewable Energy (MNRE) and Department of Telecommunication to promote green technology in the sector.

- **Expansion to rural market**

Over 62,443 uncovered villages in India will be provided with village telephone facility with subsidy support from the government's Universal Service Obligation Fund (thereby increasing rural tele-density).

- **Commercial SMS traffic**

Due to higher post-pandemic digital adoption, daily commercial SMS traffic in India, currently, has increased by ~20%, even as overall text messaging continues to shrink. At present, ~1.3 billion commercial SMSs are sent every day.

- **Internet of Things (IoT)**

- IoT is the concept of electronically interconnected and integrated machines, which can help in gathering and sharing data. The Indian Government is planning to develop 100 smart city projects where IoT will play a vital role in development of those cities.
- Reliance Jio has partnered with Samsung Electronics to set up a nationwide IoT network.
- Universal Service Obligation Fund (USOF)' scheme to provide mobile coverage in Arunachal Pradesh and two districts of Assam, namely Karbi Anglong and Dima Hasao, under the Comprehensive Telecom Development Plan (CTDP) for the North Eastern Region (NER).

- **Mobile banking**

Department of Posts launched mobile banking for its saving account customers.

OPPORTUNITIES AND THREATS

As GTL is a Network Services Company, the following opportunities and threats of the telecom sector may have consequential positive and negative impact as the case may be on the Company:

OPPORTUNITIES

Number of internet subscribers increasing at a fast pace

- By end March 2022, 824.89 million Internet subscribers in India. Out of which, wireless internet subscribers were 797.61 million and wireline internet subscribers were 27.28 million.
(Source: DoT/ STT Section/Aug22)

- The number of internet subscribers in the country increased at a 13.38% CAGR from 391.5 million in 2016 to 834.3 million in 2021.
- The number of internet subscribers in the country is expected to reach 900 million by 2025.
- India is likely to have 330 million 5G subscribers by 2026.
- Key predictions for 2022 (India)
 - In India, there will be 840 million total Internet users (60% of the population) by 2022, up from 357 million (27% of the population) in 2017.
 - In India, there will be 2.2 billion networked devices by 2022, up from 1.6 billion in 2017.
 - In India, Smart phones will account for 38% (829.0 million) of all networked devices by 2022, compared to 26% (404.1 million) in 2017, (15.5% CAGR).
 - In India, Smart phones will average 17.5 GB per month, up from 3.5 GB in 2017.
 - India's IP traffic grew 53% in 2017 and reached 3.3 Exabytes per month in 2017, up from 2.1 Exabytes per month in 2016.
 - In India, IP traffic reached 2.4 Gigabytes per capita in 2017, up from 1.6 Gigabytes per capita in 2016. Per capita Consumption will reach 13.9 GB by 2022.
 - In India, the average fixed broadband speed grew 44% from 2016 to 2017, from 6.6 Mbps to 9.5 Mbps.
 - In India, 28% of broadband connections will be faster than 10 Mbps in 2017.
 - In India, Internet video traffic grew 73% in 2017 and reach 13.5 Exabytes per month by 2022, up from 1.5 Exabytes per month in 2017. This account for 77% of all Internet traffic by 2022, up from 58% in 2017.
 - In India, there will be 1.2 billion IPv6-capable fixed and mobile devices by 2022, up from 351.3 million in 2017, a CAGR of 28%.
 - In India, total public Wi-Fi hotspots (including homespots) will grow 116-fold from 2017 to 2022 from 51.5 thousand in 2017 to 6.0 million by 2022.
- In big bang reforms, the Union Cabinet on September 15, 2021 approved a relief package for the telecom sector that includes a four-year moratorium on payment of statutory dues by telecom companies as well as allowing 100% foreign investment through the automatic route.

Structural Reforms

- Rationalization of Adjusted Gross Revenue: Non-telecom revenue will be excluded on prospective basis from the definition of AGR.
- Bank Guarantees (BGs) rationalized: Huge reduction in BG requirements (80%) against License Fee (LF) and other similar Levies. No requirements for multiple BGs in different Licenced Service Areas (LSAs) regions in the country. Instead, One BG will be enough.
- Interest rates rationalized/ Penalties removed: From 1st October, 2021, Delayed payments of License Fee (LF)/Spectrum Usage Charge (SUC) will attract interest rate of SBI's MCLR plus 2% instead of MCLR plus 4%; interest compounded annually instead of monthly; penalty and interest on penalty removed
- For Auctions held henceforth, no BGs will be required to secure installment payments. Industry has matured and the past practice of BG is no longer required
- Spectrum Tenure: In future Auctions, tenure of spectrum increased from 20 to 30 years
- Surrender of spectrum will be permitted after 10 years for spectrum acquired in the future auctions
- No Spectrum Usage Charge (SUC) for spectrum acquired in future spectrum auctions
- Spectrum sharing encouraged– additional SUC of 0.5% for spectrum sharing removed
- To encourage investment, 100% Foreign Direct Investment (FDI) under automatic route permitted in Telecom Sector.

5G Auction & Implementation in 2022

- The auction for the 5G spectrum in India concluded on August 1, 2022. The auction will fetch the highest amount ever to the government of India at over ₹ 1.5 trillion. Reliance Jio emerged as the top buyer in the airwaves auction, spending over ₹ 88,000 crore, more than half the total budding amount.
- Bharti Airtel stood a distant second by spending over ₹ 43,000 crore. The other two bidders, Vodafone Idea (VIL) and Adani Data Networks (ADN) bid for selective spectrum.
- With the auction now completed, the Ministry of Telecom stated that the spectrum would be allocated by August 2022, and the rollouts will most likely commence by October 2022.

(Source: <https://tech.hindustantimes.com>)

Exponential growth in data consumption

- India holds the distinction of being the largest consumer of mobile data globally.
- Data consumption in the country has witnessed exponential growth over the course of the past few years.
- The total volume of wireless data usage in India increased by more than 7 folds to 32,397 Petabites by Q1 FY 2022.

Telecom revenues

- Indian telecom sector's revenue grew at 4.5 % and 4.2 % sequentially in 2nd and 3rd quarter of FY 2022.
(Source: Economic Times dated Feb 21, 2022)

- A report by Nomura, however, said, “Given the nascent 5G ecosystem (modest ~7% of the overall smartphone base is 5G enabled) and evolving use cases, we think 5G rollouts would likely be granular, starting with metros and larger cities.”
- Nevertheless, this is the highest amount the government has ever received from the auction of the telecom spectrum.

(Source: <https://www.business-standard.com>)

The above opportunities / developments will spur growth in the Sector with increase in demand for more tower sites / additional loading on existing sites, thus benefiting Tower cos & Tower Infrastructure Companies.

THREATS

This following challenges faced by the Telecom Operators will affect the growth opportunities for the Tower Companies and in turn will also adversely affect companies rendering services to them.

- The telecom infrastructure has not penetrated the semi-rural and rural areas due to the initial liability of high fixed cost.
- Pricing risk due to renewals: Any unfavourable terms such as lower pricing upon renewal of agreements with telecom operators are likely to have adverse impact on cash flow of the tower company.
- Operator consolidation: Various developments in Indian Telecom sector during last few years including forced consolidation and exits have resulted in private telecom operators reducing from 18 to (3+1). Any further consolidation amongst Operators can lead to material reduction in demand for additional sites.

Increased competition among Telecoms will result in cost reduction pressures down the supply chain. For e.g. on Tower Companies & in turn on Tower Infrastructure Service Providers.

FUTURE OUTLOOK

The Company's main business is from a single Tower Company, namely GTL Infrastructure Limited. Any adverse impact on the business operations of that tower company will impact the Company's financials. The Company will continue to track industry developments closely to align with market and customer developments and will continue to explore new opportunities in the telecom sector. However, on account of recovery action being taken by lenders, proceedings before NCLT, litigations and other reasons discussed elsewhere; and the consequent loss of revenue / customers, inability to incur capital expenditure and erosion of net worth / valuation of the Company, the ability of the Company to make use of the opportunities is limited.

SEGMENT WISE PERFORMANCE

The Company is engaged in the business of providing “Network Services” only. Accordingly the performance of the Company from Network Services business is presented below.

DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

The Financial Analysis of the FY 2021–22 are as under:

Profit & Loss Account Items

Revenue

Revenue in FY 2021–22, stood at ₹ 193.51 Crores as compared to ₹ 220.96 Crores in FY 2020–21.

As GIL is the only customer for the Company and the Company has aligned its business plans with that of GIL to sustain business continuity, the Company's revenue goes along with that of GIL.

Cost of Purchases and Services Rendered

In the FY 2021–22, cost of purchases and services rendered stood at ₹ 47.69 Crores as against ₹ 57.12 Crores in FY 2020–21.

Employee Benefits

In the FY 2021–22, employee benefit expenses stood at ₹ 66.02 Crores as against ₹ 69.96 Crores in FY 2020–21. This includes employee expenses relating to operations and management.

Other Expenses

In the FY 2021–22, other expenses including administration, travelling, conveyance, rent, consultancy, provision for doubtful debts, impairment of investments, provision for guarantee obligations and others stood at ₹ 75.15 Crores as against ₹ 36.34 Crores in FY 2020–21.

Finance Cost

In the FY 2021–22 Finance Cost stood at ₹ 22.84 Crores as against ₹ 20.66 Crores in FY 2020–21.

The Company has neither paid nor provided interest on its borrowings during the FY 2021–22 for the reasons stated in Note 22.3 of the Financial Statements. Had such interest been recognized, the Finance Cost for the year ended March 31, 2022 would have been more by ₹ 437.94 Crores.

Balance Sheet Items

Equity Share capital

As on March 31, 2021, the equity share capital was ₹ 157.30 Crores. There is no change in GTL's Share Capital and as such as at March 31, 2022 the share capital remains at ₹ 157.30 Crores as under:

Particulars	No. of Equity Shares	₹ in Crores
Equity Share Capital as at March 31, 2021	157,296,781	157.30

Borrowings

Borrowings as on March 31, 2022 were ₹ 4,383.14 Crores as against ₹ 4,881.90 Crores as on March 31, 2021. Reduction in Borrowings is mainly on account of appropriation of amount realised towards sale of invoked shares of GIL and promoters holdings by lenders against the Rupee Loan.

Net Fixed Assets

As on March 31, 2022, the net fixed assets were ₹ 74.21 Crores as against ₹ 75.89 Crores as on March 31, 2021.

Long Term Investments

During the year, IDBI Trusteeship Services Limited (ITSL), on the instructions of lenders of the Company towards recovery of part dues of the Company has sold GTL Limited's holding in GIL and hence investment as on March 31, 2022 is ₹ NIL.

Particulars	As at March 31, 2022	As at March 31, 2021

Notes: (1) At the Financial year ended March 31, 2022 and March 31, 2021, inventory was NIL hence stated as N.A. (2) The Company has neither paid nor provided interest on its borrowings during the FY 2021-22 & 2020-21, hence stated as N.A. (3) In view of Negative Net worth, Debt / Equity Ratio and Return on Net Worth are not furnished above

Explanation for significant changes in ratios:

The debtors got increased from ₹ 0.09 Crores to ₹ 19.58 Crores, thus in absolute terms by ₹ 19.49 Crores. The debtors are realised subsequently.

The Net Profit/(Loss) (before Exceptional items) in % terms before exceptional items has reduced mainly on account of foreign exchange loss totally amounting to ₹ 32.63 Crores as against exchange gain of ₹ 19.63 Crores in the previous year.

The Net Profit/(Loss) (after Exceptional items & OCI) in % terms as increased on account of exceptional items of ₹ 449.65 Crores (previous year: Nil). The details of exceptional items are given in Note No. 35 of the Financial Statements.

The current ratio has increased from 0.01 to 0.02 mainly on account of increase in Current Assets and decrease in the Current Liabilities as explained elsewhere in this report.

RISKS AND CONCERNS

The key risks and concerns are as under:

Strategic Risk

Currently there are 3 private Telcos operating in India, who have many shared tenancies on the various Tower Companies. Any future adverse impact on one or more of these Telcos on account of the severe financial stress may lead to a decreased Telco count and /or optimization of existing and future Tenancies on Tower Companies as well as rollout of Telecom networks. This may impact the Company as it is depending upon the Tower Company for its ongoing business. A subdued or stressed Telecom Sector is also likely to present fewer growth opportunities to the Company.

The Company's main business is from a single Tower Company namely GIL (Tower Co). Vodafone Idea Limited

(VIL), which is one of the major customers of the Tower Co. is reeling under tremendous financial stress on account of its ballooning debt, huge liabilities and low arpu realisation. This presents a significant risk to the Tower Co. and in turn to the Company.

Further there is consolidation of tenancies being done by the major Telcos and it may reduce the portfolio of Tower Companies to some extent. As a result, the Company's revenue, which is dependent on the Tower Co may also be hit proportionately.

Tower Cos agreements with some Telcos are due for renewal and as a result their tower sites are likely to be out of lock in period. If the renewal of the said agreements does not happen in time bound manner, GTL's business on such sites may be at risk.

Operational Risk

As reported previously, during the year 2020–21, the Company has posed challenges on operational flexibility as it constrained movement of field teams of the Company. Ensuring Health safety of employees became a major challenge and concern for the Company, in wake of proliferating spread of the pandemic as it would derail the network operations and services to its customer to a large extent. It was of paramount importance and therefore very critical to maintain network at all costs since Telecom was declared as a 'Essential Service'.

Legal & Compliance Risk

As stated above, the Company had been pursuing its revised OTS proposal and continuously interacting with the lenders for arriving at a negotiated settlement. All the CDR lenders except Canara Bank agreed for proceeding with the Settlement proposal and agreed to sign the Inter-Creditor Agreement ("ICA"). In the meanwhile, in the matter of application under section 7 of the Insolvency and Bankruptcy Code, 2016 (IBC) filed by Canara Bank before NCLT, the Hon'ble Supreme Court vide its order dated December 6, 2021 dismissed the Special Leave Petition (SLP) filed by the Company and vacated the *status quo* order passed earlier. Under the circumstances, the secured lenders have proceeded with the sale of shares and immovable properties of the Company under Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 ("SARFAESI" Act) by issuance of Notice under Section 13(2) thereof. Based on the mitigation measures taken and the directions of the Lenders /NCLT, the Company is of the view that it would be in a position to revive the Company and continue its operations. As regards major claims of the Company against MSEDCL and GIL and other litigations, shareholders are requested to refer to the 'Status of legal cases' given below. As regards compliance of various requirements, as could be seen from the Secretarial Audit and Compliance Report forming part of the Directors' Report, the Company has complied with the compliance requirements and shall continue its efforts to comply with them in future as well.

Foreign Exchange and Commodity Price Risk

Members are requested to refer Note No. 43 of the Financial Statements under the head Financial Risk Management Objectives and Policies.

Mitigation measures taken

As reported earlier, the present revenue streams of the OME business of the Company are only from operation maintenance for telecom sites and management fees for energy management from GIL. On account of filing of bankruptcy petitions by Aircel Group in March 2018 and the number of regional and national operators coming down from 18 to 3 private operators, for sustaining its business continuity, the Company is aligning its business plans with that of GIL. The Company also continues to implement cost optimization and network optimization measures, wherever possible.

As regards the Operational Risk, as stated earlier, Company is now normalising its Business Operations after reduction in impact of COVID-19 and has started full-fledged operations from its office and has stopped remote working since March 2022. The Company continues to support its customer towards maintaining site uptime in the face of any network disruption caused due to external issues.

In the matter of application under section 7 of the Insolvency and Bankruptcy Code, 2016 (IBC) filed by Canara Bank, the Company has filed its detailed reply before NCLT and has taken necessary steps to defend the matter being heard before the NCLT. As regards the recovery actions being taken by the Lenders, the Company has requested them not to proceed further, based on the injunction order passed by the Hon'ble Bombay High Court in a related matter.

The Company is also taking utmost precautionary measures for retaining and motivating the Employees and for keeping the business and the essential services alive.

In the matter of its major claim, the Company has taken legal action including through arbitration to recover its dues from Aircel Group, MSEDCL, GIL and others.

Status of legal cases

As on March 31, 2022, there were 50 cases against the Company, pending in various Courts and other Dispute Redressal Forums.

- i. In 8 out of 50 cases, the Company has been implicated as proforma defendant i.e. there are no monetary claims against the Company. In most of these cases, dispute concerns matter like loss of share certificate, title claim / ownership / transfer of the shares etc. The Company's implication in these matters is with a view to protect the interest of the lawful owners of the shares. Upon the final orders passed by the Court(s), the Company shall have to release the shares, which are presently under 'stop transfer', in this regard to the rightful claimants. There is no direct liability or adverse

- impact on the business of the Company on account of the said 8 cases.
- ii. Out of the balance 42 cases, 19 cases are from its earlier power business, 5 cases are from telecom related businesses and 1 case is in respect of non-allotment / non-refund of money in its IPO, which are handled by the Company's advocates, who have the necessary expertise on the subject. It is found that in most of the cases the claims are unsubstantiated and therefore the Company is resisting and defending these claims. (Out of the aforesaid 19 cases of power business, 9 cases pertain to Labour Court matter wherein the employees filed for reinstatement on termination consequent to termination of Aurangabad Distribution Franchisee Agreement of the Company. These are being settled with affected employees. The contingent liability in respect of these 9 cases is ₹ 1.34 Crores and in respect of balance 10 cases is ₹ 0.40 Crores Further the contingent liability w.r.t. 5 cases related to telecom business and 1 case in respect of non-allotment / non-refund of money in its IPO is ₹ 0.85 Crores.
 - iii. There are 9 cases pertaining to arbitration matters, out of which in 5 cases, the Company has invoked arbitration proceedings against MSEDCL in respect of the DF Contract & EPC Contract as explained in the previous Annual Report and the contingent liability towards counter claims of MSEDCL is ₹ 462.90 Crores. The other four matters, are arising out of challenge on the procedural orders by the Arbitrator and are being contested in the courts by the company's advocates who have the necessary expertise on the subject. There is no contingent liability arising out of the four matters. The cross examination of the MSEDCL witness in respect of Aurangabad Franchise Business is in progress and is yet to be concluded.
 - iv. In 1 case, a bank has filed commercial suit against the Company in the Hon'ble Bombay High Court in respect of comfort letter issued by the Company. The contingent liability in respect of which is ₹ 237.28 Crores. The Hon'ble Bombay High Court allowed notice of Motion vide its order dated June 9, 2022 and in view of the said injunction order the Company is restrained / temporarily enjoined from alienating / disposing off / transferring its assets.
 - v. In 1 case a Lender Bank has filed insolvency petition before the National Company Law Tribunal, Bombay Bench under section 7 of the IBC Code, which has not been admitted. The contingent liability in respect of which is ₹ 204.78 Crores (Net of liability in the books as at March 31, 2022 of ₹ 329.98 Crores, against the total claim of ₹ 534.76 Crores). The Company has taken necessary steps to defend the matter being heard before the NCLT.
 - vi. In 1 case, the Department of Telecom (DoT) has raised a frivolous demand of ₹ 1,509.50 Crores based on Adjusted Gross Revenue for ISP license fee pertaining to the business carried out by the Company well before the year 2009 and the relevant ISP license was surrendered to DoT in 2009 for which DoT had issued a no-dues certificate in November 2010. The Company is contesting this demand in an appropriate forum.
 - vii. In 1 case Canara Bank has filed a suit against the company in Debt Recovery Tribunal, Chennai, claiming ₹ 551.91 Crores. The company is contesting the claim in the DRT, Chennai.
 - viii. In 1 case, IDBI Bank and other CDR lenders have filed a suit against the company in Debt Recovery Tribunal, Mumbai, claiming ₹ 4,853.55 Crores. The company is contesting the claim in the DRT, Mumbai.
 - ix. In 1 case, Employees of the staffing company have initiated legal proceedings in labour/other courts against the company. These are being contested by the company. The contingent liability of these case is ₹ 0.12 Crores.
 - x. In the balance 2 cases, the company has been impleaded for various procedural reliefs in the courts and these are at initial stages of seeking directions and are being contested in the courts by the company's advocates who have the necessary expertise on the subject. As on date there is no contingent liability.
 - xi. The Company has a claim against GIL in respect of operational services rendered by it. As reported in MDAR of Annual Report of FY 2019-20, on account of non-resolution of Company's claim by GIL, parties invoked arbitration. The Tribunal ordered GIL to pay ₹ 440 Crores vide its Interim Award dated December 17, 2019. In the matter of Appeal filed by ARC against the order of the Tribunal, the Hon'ble Delhi High Court vide its Order dated November 18, 2020 modified the Interim Award thereby directing the amounts as directed by the Tribunal to be deposited and retained in the Trust and Retention Account (TRA) maintained by GIL. The application for clarification filed by ARC against the said Order got dismissed vide Order dated February 3, 2021 of the Hon'ble Delhi High Court. The ARC also filed Review Petition against the Hon'ble Delhi High Court's Judgment dated November 18, 2020 and the same was rejected by the Delhi High Court vide its Judgment dated February 4, 2022. The ARC has also filed a suit before the Hon'ble Bombay High Court praying for permanently restraining GIL from making any payment to the Company under the Interim Award. ARC has further challenged the Review dismissal order along with the earlier Judgment dated November 18, 2020 before the Hon'ble Supreme Court by way of Special Leave Petition.

In view of the above developments, the Company has withdrawn the earlier Execution Petition and has filed a fresh Execution Petition for enforcement of the Interim Award as modified by the Judgment of Hon'ble Delhi High Court dated November 18, 2020. In the matter of Arbitration, final hearing in the proceedings got over and the matter was closed for Final Award. However on account of the various legal developments the Tribunal has adjourned the case, awaiting the outcome of proceedings before Hon'ble Supreme Court.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has put in place various Internal Controls for different activities so as to minimize the impact of various risks. Also, as mandated by the Companies Act, 2013, the Company has implemented the Internal Financial Control (IFC) framework to ensure proper Internal Controls over financial reporting. Apart from this, a well-defined system of Internal Audit is in place so as to independently review and strengthen these internal controls. The Audit Committee of the Company regularly reviews the reports of the internal auditors and recommends actions for further improvement of the internal controls.

QUALITY

Operational Excellence

GTL's operational excellence is a result of implementing a blend of standard processes and initiatives like site assessment, resource optimization, energy optimization, automation etc. The Company adopted an approach in which departmental and functional heads are empowered to recognize and respond to interruptions in the flow of delivering network uptime and the SLA to the customer.

The past and the current financial years, presented unprecedented challenges to GTL's operations, in the wake of COVID-19 pandemic and the consequent declaration of lockdown by both Central and State Governments. Telecom services were declared as Essential Services by the Govt and therefore GTL quickly re-aligned its field as well as back end operations to overcome the challenges to ensure high levels of service to its customers.

All efforts were directed towards ensuring operational excellence in order to deliver good network uptime to its customer and in particular to the general public at large.

Best in Class O&M of Telecom Infrastructure.

“We always work towards delivering round the clock network uptime”

HUMAN RESOURCES

As we are now getting back to the new normal with all the employees coming back to work, our employees have been responding to the situation by continuously maintaining the network availability and augmenting the services.

The frontline field teams had remained mobile attending to telecom sites for operations and maintenance and refuelling etc. The customer facing teams were also frequently visiting the customer offices for ensuring cash flow through timely collections. The employees have ensured to effectively manage and maintain the agreed SLA Signed with their customers

Currently, it has more than 1300 employees working in the field, as the towers of its customer GIL is scattered all over India in various States. While India got affected by COVID-19 first wave in the FY 20-21, it got affected by COVID-19 second wave since the beginning of FY 21-22. The Government of India declared Telecom as an Essential Service during this pandemic period. The Company's staff devotedly worked as front liners, performing field activities, which includes maintenance and Upgradation of the sites.

In view of the above, the Company was forced to strike a balance between providing quality service to its customer for maintenance of network uptime to meet the requirement of the operators; and take care of the safety and health of its employees, particularly those working as front liners. On that background, the Company took adequate care for the employee wellbeing so that its service to the customer was uninterrupted during the critical time when India was getting badly affected by COVID -19 pandemic

The focus of the HR Department were to protect and ensure safety of its employees, ensure business continuity and drive employee productivity.

Leadership: The leadership team ensured and promoted a culture and climate of calm and responding with timely and accurate, assertive and clear communication to all levels in the organization. The leadership team scheduled frequent calls with employees to check on their health and well being.

Open two Way Communication: There was regular sharing of information and guidance suggested in terms of safety norms and regulations. Clear and simple positive and forward looking messages were communicated at regular intervals. The focus was to have an open communication so that all queries and questions could be addressed.

Emergency Response Team: An emergency response team was organized at all locations to facilitate medical services such as ambulance, critical medicines, hospitalization for Covid effected employees and their families. A 24 x 7 Helpdesk was created for any kind of Covid assistance to employees.

Financial Stability: All employees were paid wages well in advance to cater to their financial planning. We also provided financial support beyond insurance for families for COVID-19 related sickness. Additional salary of one month was paid to all field level employees to cater to their travel.

Health & Safety: All Covid protocols were maintained as per the directives of the government. Periodic Communication sent to employees on do's and don'ts on COVID-19. Frequent reinforcements to ensure all employees follow all guidelines issued by Central / State Governments. The Company also created a vaccination drive to enable all their employees vaccinated. Leave polices were reconsidered and special leave was provided to employees who were affected with Covid. All the offices were sanitized on a regular basis and employees were coming to work on a rotational basis.

With the above support provided to the employees, the Company was able to manage the network uptime and maintain the required service level agreements to the full satisfaction of the customer which in turn resulted in un-interrupted services to the end users at a time when they were badly in need of an effective communication system.

Health, Safety & Environment (HSE)

HSE objectives form an integral part of the overall corporate strategy. GTL engages its human resources in a wide range of initiatives and programs to provide the employee appropriate protection at the workplace. The Company educates its employees on HSE issues through awareness programs. The Company also provides in-house medical facility.

The Company has complied with provisions relating to the constitution of Internal Complaints Committee under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal Act, 2013 (the said Act). During the year under review, no complaint / case have been received in terms of the said Act and Rules made thereunder.

People Strength

In line with the developments in Indian telecom industry, its own business requirements as mentioned elsewhere in this Report and the pandemic, the Company currently has 1593 associates as on March 31, 2022 as against 1620 in March 31, 2021. Additionally, the Company uses external manpower agencies whenever additional manpower is required.

CORPORATE SOCIAL RESPONSIBILITY

In view of the negative net worth, revenue below the prescribed limit and cumulative losses suffered by the Company, it is not attracted by the provisions of Section 135(5) of the Companies Act, 2013. However, as a responsible Corporate Citizen, the Company fulfils its social responsibilities through employee volunteerism and non-financial means, by supporting the causes adopted by Global Foundation, a public charitable trust.

As the world continued to battle the health and economic challenges posed by aftermath of COVID-19, Global Foundation grew its contribution benefit in nearly 7,000 people across education, health, disability and community development. Snapshot of Global Foundation's contribution in FY 2021-22.

Education :

- Education of around 1,400 students was supported through Scholarships and Financial Aid

- Laptops were provided to children whose education was disrupted due to lockdown
- Computer training in rural areas benefitted around 250 students

Health, Hygiene and Sanitation :

- Financial Aid for medical treatment, was granted to needy families
- Foundation's Rural Health / Medical Camps benefitted over 4,700 people

Disability :

- Visually impaired students learnt computer skills as part of their readiness to become self sustaining.

Community Development :

- Infrastructure support to Education Institute for building construction in rural Maharashtra
- Construction of Visiting Faculty Hostel in a rural school
- Sanitary Units were built in support of 'Swachh Bharat Mission' in rural school in Pandur titha

2. RESULTS OF OPERATIONS

The financial highlights of the Company on a standalone basis for the financial year under review are as follows:

- Total Income is ₹ 198.35 Crores as against ₹ 255.98 Crores for the previous financial year.
- Profit/ (Loss) before Depreciation, Exceptional Items and Tax (PBDT) is ₹ (13.34) Crores as against ₹ 71.90 Crores for the previous financial year.
- Profit / (Loss) after Tax (PAT) before exceptional items is ₹ (17.78) Crores as against ₹ 67.24 Crores for the previous financial year.

3. OPERATIONS

As reported in the Directors' Report of last year and earlier years, on account of the adverse circumstances surrounding the telecom and power sectors, the Company's business and profitability got affected, resulting in admission of the Company into Corporate Debt Restructure ("CDR") in July 2011. While the Company serviced its debts regularly till May 2014, the post CDR developments like cancellation of 122 Nos of 2G licenses by the Supreme Court in February 2012, Cancellation of 20,000 tenancies by Aircel Group in 2014, Suspension of fixed line expansion by BSNL, cancellation of MSEDCL Contract in November 2014 etc. impacted the ability of the Company to service its debts. Understanding the reality of the situation, the Company revised its earlier proposals with a one-time settlement proposal for settlement of the dues of all the lenders by monetization of its assets, business divisions and investments.

The industry itself has undergone challenging times all through its journey in the past decade on account of the following industry and regulatory developments:

- High degree of leverage by operators leading to unsustainable level of debt on account of continuous upgradation of infrastructure and the technology (at exorbitant spectrum prices)
- Merger / exit of telecom companies in FY 2017–18, on account of intense competition, inability to service the debts and incurring of loss by almost all companies
- Technology disruption and tariff competition triggered by entry of Reliance Jio in FY 2016–17
- Issue of Circular dated February 12, 2018 by RBI inter alia for withdrawal of CDR and all other restructure Schemes
- Upholding of DOT contention on Adjusted Gross Revenue (“AGR”) by the Hon’ble Supreme Court in October, 2019 and ruling out any possibility of a reassessment or recalculation or correction of error vide its orders dated July 2020 and July 2021

The above developments, while on the one hand resulted in over all set-back to the business operations, cash losses, erosion of net worth, deterioration of valuation of assets and litigation to the Company, on the other hand made it difficult for the lenders to accept the deterioration in the value of the assets of the Company and the settlement proposal based on such reduced valuation. However, the Company continued its settlement efforts, all the time. While the Company continued its efforts to arrive at a settlement, based on the Circulars dated February 2018 / June 2019 of RBI, the lenders issued notices for recall of their loans, taking possession of the secured assets, invoked / sold the shares pledged by the Company and Promoter and filed application before Debt Recovery Tribunal (“DRT”) / National Company Law Tribunal (“NCLT”).

In view of the above developments, litigation and the rigid stand of some lenders, the settlement of the dues of the lenders through negotiated settlement got affected. In the matter of application filed under section 7 of the Insolvency and Bankruptcy Code, 2016 (“IBC”) filed by one of the lenders before NCLT, as the Supreme Court dismissed its Special Leave Petition (“SLP”) on December 6, 2021, the Company is awaiting the directions from lenders / NCLT. Accordingly, the Management is of the view that based on the directions of the lenders / NCLT, it would be in a position to revive the Company and continue its operations. In the meanwhile, the lenders have sold / in the process of selling part of the immovable properties of the Company. The Company has requested them not to proceed with that, based on the injunction order passed by the Hon’ble Bombay High Court in a related matter.

4. DEVELOPMENTS

Telecom Industry

While the pandemic brought to the fore the pivotal role of the telecom sector, as the backbone of a digitally connected India, a catalyst for the growth of all other sectors and provider of large direct / indirect employment opportunities, the proceedings before the Supreme Court in the AGR brought to light the sad state of affairs of the telecom industry for years on account of its high debt and continued loss. This led the Government offering a reduction in future AGR levies, 4 years moratorium on old dues, allowing up to 100 percent FDI in the sector under automatic route, implementation of the production-linked incentive (“PLI”) Scheme for telecom and networking equipment providers, offering flexibility to telecom operators to pay in 20 equal annual installments the dues of the recently concluded 5G spectrum auctions, removal of the 3% floor on spectrum usage charge etc. The Operators on their part have finally ended their price wars and raised the tariffs in December 2021.

In this background, the Department of Telecommunications (“DoT”) has conducted the auction for the 5G spectrum in July / August 2022 and the 5G services are likely to be rolled out in 2022 itself. While Jio and Airtel appears to have the financial flexibility and adequate cash flow to cover the annual spectrum liabilities, Vodafone Idea is still continuing its efforts to raise funds from promoter, lenders, and investors. It has opted to convert pending spectrum and AGR dues into government equity. With that, the government has become the single largest shareholder, holding around 35.8 per cent shares in the company. While it brightens its prospects for long-term survival, with the loss of subscribers, continuous loss and high debt, it has to really do well to avoid duopoly in the telecom sector in India.

With all its limitations the debt ridden telecom sector has made available 4G networks services to almost the entire population in India at the lowest prices, which during the pandemic period was of immense help. While the Government has announced various relief packages to the telecom sector, it has only postponed the liability of the operators for few years and it has not really reduced their liability significantly. At the end of the moratorium period, the commitment to pay continues.

Challenges of the Telecom Sector

Telecom is a capital intensive sector on account of the need for technology and infrastructure upgradation from time to time. While the Industry has bite the bullet by participating in the 5G auctions held in July / August 2022 for upgradation to the 5G technology, no clear road map is drawn for upgradation of the infrastructure.

Having acquired the spectrum in the 5G auction for upgradation of the technology, the industry has to now look for continuous upgradation of the infrastructure. India is not only the second largest telecom market, but also the largest data consumer. It has a large population of around 140 Crores people spread over urban, suburban and rural area, which will place a whole level of new usage and demand on networks. For meeting the constant increase in data consumption and to support the full range of 5G services, there is a need for densification and expansion of the telecom infrastructure with macro and micro cells, in building solutions, fibre to the tower, data centres etc. With the cost of petroleum products going up day by day, the tower infrastructure has to be supported by cost effective energy sources.

Though the operators increased the tariff in December 2021, still the industry operates on unsustainably low tariffs, in spite of the customers getting more values in terms of unlimited voice and data; this industry acting as a catalyst for the growth of other industries; and plays a vital role in the day to day life of the ordinary citizens. As most of the relief granted by the Government to the Telecom Industry only provides temporary respite from the financial distress to the debt ridden sector, it is vital for this industry to provide its services at competitive price by increasing the tariff as and when required to have reasonable return on its investment for its long term existence, regular upgradation of technology & infrastructure, service of debts and growth.

5. GOING CONCERN

During the last few years, the Company has incurred cash losses, resulting in erosion of its entire net worth. The Company's current liabilities are higher than its current assets. In the matter of application under section 7 of IBC filed by one of the lenders before NCLT, as the Supreme Court ("SC") dismissed its SLP, on December 6, 2021, the Company is awaiting the directions from the lenders / NCLT. Accordingly, the Management is of the view that based on the directions of the lenders / NCLT, it would be in a position to revive the Company and continue its operations and hence, it continues to prepare its Financial Statements on a going concern basis.

6. INVESTMENTS

During the year, IDBI Trusteeship Services Limited ("ITSL"), on the instructions of lenders of the Company, towards part recovery of the lenders' dues has sold all the pledged shares of GTL Infrastructure Limited invoked by them and that of Promoter in the Company and appropriated ₹ 463.26 Crores and ₹ 38.42 Crores respectively towards rupee loans.

7. DIVIDEND

In view of the accumulated losses in the last few years and the dividend restrictions imposed by the lenders, your Directors express their inability to recommend any dividend on the paid up Equity and Preference Share Capital of the Company for the financial year ended March 31, 2022.

8. SHARE CAPITAL AND NON CONVERTIBLE DEBENTURES (NCDS)

(i) Equity:

There is no change in Equity Capital due to allotment of shares or otherwise during the year under review. As such, Equity Capital of the Company at the beginning of the year and at the end of the year stood at 157,296,781 Equity shares.

The Company has only one class of equity share. Thus, the details required to be furnished for equity shares with differential rights and / or sweat equity shares and / or ESOS under the Companies (Share Capital and Debentures) Rules, 2014 are not furnished.

(ii) Preference:

As the Preference Shareholder did not exercise its right for conversion of the preference shares into equity within the stipulated time period, there will not be any impact on the Company's equity capital.

(iii) NCDs:

During the FY 2009–10, the Company had privately placed 14,000 Rated Rupee denominated Redeemable Unsecured NCDs of the face value of 10 Lakhs each aggregating 1,400 Crores. Further, based on the consent terms filed by both parties before the Hon'ble Bombay High Court on March 19, 2018 and the order passed thereon, the winding up petition got disposed of. The NCD holder has also signed the Inter-Creditor Agreement for settlement, subject to secured lenders approval.

9. FIXED DEPOSITS

There are no unclaimed deposits lying with the Company and during the year under review, the Company has not accepted any fresh fixed deposits from Public or from its Shareholders.

ANNEXURE C TO DIRECTORS' REPORT**Form No.: MR-3****SECRETARIAL AUDIT REPORT****FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2022**

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No: 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
GTL Limited

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **GTL Limited** (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provides me a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's statutory registers, papers, minute books, forms and returns filed with the Registrar of Companies ("the ROC"), soft copy of the various records sent over mail as provided by the Company and other relevant records maintained by the Company and also the information provided by the Company, its Officers and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2022 ("audit period"), prima facie complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the statutory registers, papers, minute books, forms and returns filed with the ROC and other relevant records maintained by the Company for the financial year ended on 31st March, 2022 according to the provisions of:

- (i) The Companies Act, 2013 ('the Act') and the rules made there under;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings – as applicable;
- (v) The following Regulations and Guidelines prescribed under Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018;

Though the following laws are prescribed in the format of Secretarial Audit Report by the Government, the same were not applicable to the Company for the financial year ended 31st March, 2022:-

- (a) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
- (b) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 and the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021;
- (c) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 and the Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021;
- (d) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018;
- (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008, the Securities and Exchange Board of India (Issue and Listing of Non-Convertible and Redeemable Preference Shares) Regulations, 2013 and the Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;

- (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
- (vi) I further report that, based on the Compliance Report of various Laws submitted by Department Heads of the Company, I am of the opinion that the Company has prima facie proper system to comply with the applicable laws.
- (vii) I have also examined compliance with the applicable clauses of the following and I am of the opinion that the Company has complied with the applicable provisions:
- Secretarial Standards 1 and 2 issued by the Institute of Company Secretaries of India.
 - The Listing agreements entered into by the Company with Stock Exchanges read with the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the audit period, I am of the opinion that the Company has prima facie complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. as mentioned above.

I further report that:

- I have not examined the financial statements, financial books and related financial Act like Income Tax, Sales Tax, Value Added Tax, Goods and Services Tax, ESIC, Provident Fund, Professional Tax, Foreign Currency Transactions, Related Party Transactions etc. including statement of Bank Reconciliation, For these matters, I rely on the report of statutory auditor's and their observations, if any, and notes on accounts in Financial Statement for the year ended 31st March, 2022.
- The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the audit period were prima facie carried out in compliance with the provisions of the Act.
- As per the information provided, the Company has prima facie given adequate notice to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance except the meetings which were held at short notice due to exigencies.
- I was informed and I observed from the minutes of the Board and Committee Meetings that all the decisions at the Meetings were prima facie carried out unanimously.
- There are prima facie adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines subject to observations and qualifications, if any made by the Statutory Auditors in their report.
- The management is responsible for compliances of all business laws. This responsibility includes maintenance of statutory registers / files required by the concerned authorities and internal control of the concerned department.
- Debenture Redemption Reserve not created as the said requirement has been dispensed with in terms of amendment to the Companies (Share Capital and Debentures) Rules 2014.
- During the financial year 2009-10, the Company had privately placed 14,000 Rated Redeemable Unsecured Rupee NCDs of the face value of ₹ 10 Lakh each aggregating ₹ 1,400 Crores. Further, based on the consent terms filed by both parties before the Hon'ble Bombay High Court on 19th March, 2018 and the order passed thereon, the winding petition got disposed of. The NCD holder has also signed the Inter-Creditor Agreement for settlement, subject to secured lenders approval.
- There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company. However, unpaid dividend aggregating to ₹ 20,28,141 pertaining to the financial years 2000-01, 2001-02 and 2003-04 to 2009-10 has not been transferred to the Investor Education and Protection Fund but is held in abeyance on account of pending legal cases.
- All but one lender had agreed in principle for proceeding with the revised settlement proposal. However, one dissenting lender elected to initiate proceeding before National Company Law Tribunal. The Company had filed Special Leave Petition (SLP) before the Hon'ble Supreme Court. On admission, the Supreme Court had passed a status quo order on 06th March, 2020. The matter was finally heard on 06th December, 2021 by the Hon'ble Supreme Court of India and had passed an order dismissing the SLP filed by the Company and held that Public Sector Financial Institutions / Banks could not be compelled to accept the settlement of Resolution Plan of a debtor. Consequently, the status quo order has also been vacated.
- As per the information provided by the Company, there were no instances of transaction in the securities of the Company during the closure of trading windows.

- l) I further report that during the audit period, there were no instances of:
- i. Public / Rights / debentures / sweat equity etc.;
 - ii. Issue of equity shares under Employee Stock Option Scheme;
 - iii. Redemption / Buy– back of securities;
 - iv. Major decisions taken by the Members in pursuance to Section 180 of the Companies Act, 2013 which would have major bearing on the Company's affairs;
 - v. Merger / amalgamation / reconstruction etc.;
 - vi. Foreign Technical Collaborations.

I further report that:

1. Maintenance of Secretarial record is the responsibility of the Management of the Company. My responsibility is to express an opinion on these Secretarial Records based on my audit.
2. I have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the Secretarial records. The verification was done on test basis to ensure that correct facts are reflected in the Secretarial records. I believe that the processes and practices, I followed provide a reasonable basis for my opinion.
3. Where ever required, I have obtained the Management representation about the compliance of Laws, Rules and Regulations and happening of events etc.
4. I have not verified the correctness and appropriateness of financial records and Books of Accounts of Company.
5. The compliance of the provisions of Corporate and other applicable Laws, Rules, Regulations, Standards is the responsibility of the Management. My examination was limited to the verification of procedures on test basis.
6. The Secretarial Audit report is neither an assurance as to the future viability of the company nor the efficacy or effectiveness with which the Management has conducted the affairs of the company.
7. Due to the inherent limitations of an audit including internal, financial and operating controls, there is an unavoidable risk that some Misstatements or material non–compliances may not be detected, even though the audit is properly planned and performed in accordance with the Standards.
8. I have partially conducted online verification and examination of records, as facilitated by the Company due to prevailing conditions owing to Covid–19 for the purpose of issuing this Report.

I. Share transfer system:

In terms of Regulation 40(1) of SEBI Listing Regulations, as amended from time to time, securities are transferred only in dematerialized form with effect from April 1, 2019, except in case of request received for transmission or transposition of securities. SEBI had fixed March 31, 2021 as the cut-off date for re-lodgment of transfer deeds and the shares that are re-lodged for transfer shall be issued only in dematerialized mode. Further, SEBI vide Circular No. SEBI/HO/MIRSD/MIRSD_RTAMB/P/CIR/2022/8 dated January 25, 2022 mandates that listed companies issue securities only in dematerialized form while processing service requests viz. Issue of duplicate securities certificate; claim from unclaimed suspense account; renewal/exchange of securities certificate; endorsement; sub-division/splitting of securities certificate; consolidation of securities certificates/folios; transmission and transposition. Accordingly, the transfers of equity shares in electronic form take place through the depositories.

In view of the above, through the Note in the Notice of AGM, the Members have been requested to make service requests by submitting a duly filled and signed Form ISR-4, (the format of which is available under Investor Information on the Company's website http://www.gtlimited.com/ind/inv_info.aspx and on the website of the Company's Registrar and Transfer Agents, at <https://www.bigshareonline.com/Resources.aspx>). They have also been informed that any

service request will be processed only after the related folio is KYC compliant. They have further been informed that the Circular stipulates crediting of the shares to Suspense Escrow Demat Account, in case concerned shareholder fails to submit demat request within the prescribed timelines. Accordingly, Members have been requested to take appropriate steps immediately to avoid freezing of respective folios by the RTA.

The Company also obtains from a Practicing Company Secretary a yearly certificate of compliance with the share transfer formalities as required under Regulation 40(9) of the Listing Regulations and files a copy of the compliance certificate with the Stock Exchanges where the shares of the Company are listed.

STANDALONE ACCOUNTS

INDEPENDENT AUDITORS' REPORT ON STANDALONE FINANCIAL STATEMENTS

To,

The Members of GTL LIMITED

Report on the audit of the Standalone Financial Statements

Qualified Opinion

We have audited the accompanying standalone financial statements of **GTL Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, notes to the financial statements and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements") in which, are included, the returns for the year ended on that date of the Company's branch located at Nepal.

In our opinion and to the best of our information and according to the explanations given to us, except for the effect of matters prescribed in the basis for qualified opinion section of our report, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, the profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

As mentioned in Note No. 32.1 to the Statement, the Company has neither paid nor provided interest on its borrowings during the financial year. Had such interest been recognised, the finance cost and interest liability for the year ended March 31, 2022 would have been more by ₹ 437.94 crores. Consequently, the reported profit after Other Comprehensive Income by the Company for the year ended March 31, 2022 would have been a loss of ₹ 6.45 crores. The Earnings per Share (EPS) would have been Negative ₹ 0.39.

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Companies Act, 2013 (the Act). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical / independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our modified audit opinion on the standalone financial statements.

Emphasis of Matter

We draw attention to the following note to the accompanying financial statements

Note no. 48 which inter-alia states that during the last few years the Company has incurred cash losses, its net worth has been fully eroded and the Company's current liabilities have exceeded its current assets as at March 31, 2022. The above conditions indicate the existence of the material uncertainty that cast significant doubt about the Company's ability to continue as a going concern. However, the Standalone financial statements of the Company have been prepared on going concern basis for the reasons stated in the said note.

Our opinion is not modified in respect of above matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1.	<p>Accuracy of recognition, measurement, presentation and disclosures of revenues and other related balances in view of adoption of Ind AS 115 "Revenue from Contracts with Customers"</p> <p>The application of the revenue accounting standard involves certain key judgments relating to identification of distinct performance obligations, determination of transaction price of the identified performance obligations, the appropriateness of the basis used to measure revenue recognised over a period.</p>	<p>We assessed the Company's process to identify the impact of adoption of the revenue accounting standard.</p> <p>The procedure performed included the following:</p> <ol style="list-style-type: none"> 1. Evaluated the design of internal controls relating to revenue recognition. 2. Selected a sample of continuing and new contracts, and tested the operating effectiveness of the internal control, relating to identification of the distinct performance obligations and determination of transaction price.

Sr. No.	Key Audit Matter	Auditor's Response
		<p>3. Selected a sample of continuing and new contracts and performed the following procedures:</p> <ul style="list-style-type: none"> – Read, analyzed and identified the distinct performance obligations, if any, in these contracts. – Compared these performance obligations with that identified and recorded by the Company. – Considered the terms of the contracts to determine basis of recognizing the revenue 'at a point' or 'over the period', the transaction price including any variable consideration to verify the transaction price used to compute revenue and to test the basis of estimation of the variable consideration. – Verified whether the revenue has been recognised only post the fulfilment of the performance obligations and related conditions.
2.	<p>Evaluation of uncertain tax positions: The Company has material uncertain tax positions including matters under dispute which involves significant judgement to determine the possible outcome of these disputes.</p>	<p>Our procedures included the following: Obtained understanding of key uncertain tax positions; Obtained details of completed tax assessments and demands for the year ended March 31, 2022 from the management; We along with our internal tax experts –</p> <ol style="list-style-type: none"> i. Discussed with management and evaluated the Management's underlying key assumptions in estimating the tax provision; ii. Assessed management's estimate of the possible outcome of the disputed cases; and iii. Considered legal precedence and other rulings in evaluating management's position on these uncertain tax positions. <p>Additionally, considered the effect of new information in respect of uncertain tax positions as at April 1, 2021 to evaluate whether any change was required to management's position on these uncertainties.</p>
3.	<p>Assessment of contingent liabilities and provisions related to Taxation, Litigations and claims: The assessment of the existence of the present legal or constructive obligation, analysis of the probability of the related payment and analysis of a reliable estimate, requires management's judgement to ensure appropriate accounting or disclosures. Due to the level of judgement relating to recognition, valuation and presentation of provisions and contingent liabilities, this is considered to be a key audit matter. (Refer note 39 to the Standalone financial statements)</p>	<p>Our audit procedures included:</p> <ul style="list-style-type: none"> ➤ As part of our audit procedures we have assessed Management's processes to identify new possible obligations and changes in existing obligations for compliance with Company policy and Ind AS 37 requirements. ➤ We have analysed significant changes from prior periods and obtain a detailed understanding of these items and assumptions applied. ➤ We have obtained relevant status details and Management representations on the major outstanding litigations. ➤ As part of our audit procedures we have reviewed minutes of board meetings (including the Audit Committee). ➤ We have held regular discussions with Management and internal legal department. ➤ We challenged the assumptions and critical judgements made by management which impacted their estimate of the provisions required, considering judgements previously made by the authorities in the relevant jurisdictions or any relevant opinions given by the Company's advisors and assessing whether there was an indication of management bias. ➤ We discussed the status in respect of significant provisions with the Company's internal tax and legal team. <p>We performed retrospective review of management judgements relating to accounting estimate included in the financial statement of prior year and compared with the outcome.</p>

Other matters

- a) We did not audit the financial statements / information of Nepal branch included in the Standalone financial statements of the Company, whose financial statements / financial information reflect total assets of ₹ 0.70 crores (net assets of ₹ 0.05 crores) as at March 31, 2022 and total revenues of ₹ Nil for the year ended on that date. The financial statements / information of this branch are unaudited. According to the information and explanations given to us by the Management, there are no transactions at the said branch and these financial statements / information are not material to the Company.
- b) As at March 31, 2022, balance Confirmations, with respect to Bank Loan (including interest accrued), Bank Guarantee, Bank Current Account and Fixed Deposits aggregating to ₹ 4,256.02 crores, have not been received.
- c) The Statement includes results for the quarter ended March 31, 2022 and March 31, 2021 being balancing figures between audited figures in respect of full financial year and published unaudited year to date figures up to the third quarter of the current financial year i.e. December 31, 2021 and December 31, 2020 which were subjected to limited review by us.
- d) Note no. 24.1, which inter-alia states that, IDBI Trusteeship Company Limited (ITSL) (Security Trustee), on the instruction of lenders of the Company has invoked pledge on 1,85,99,435 equity shares of GTL Limited, pledged by Promoter of the Company. Further said shares were sold and consideration amounting to ₹ 38.42 crores was appropriated against the Rupee Loan. The amount payable to the Promoter towards the said sale of shares of ₹ 38.42 crores is disclosed under "Other Current Financial Liabilities" in the Financials as at March 31, 2022.
- e) Note no. 35.1, which inter alia states that, Post December 31, 2021, Lenders have sold all the shares of GTL Infrastructure Limited, pledged with them, which has resulted in reversal of impairment provision amounting to ₹ 412.10 crores against the said investment and the same is considered as "Exceptional Items".

Our opinion is not modified in respect of above matters.

Information Other than the Standalone Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and describe actions applicable in the applicable laws and regulations. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and

timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- I. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-Section (11) of Section 143 of the Act, we give in the "**Annexure A**", a statement on the matters specified in paragraphs 3 and 4 of the Order to the extent applicable.
- II. As required by Section 143 (3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The reports on the accounts of the branch offices of the Company have not been audited under Section 143(8) of the Act by branch auditor. Accounts of the branch are management certified and have been appropriately dealt with by us in preparing this report. (Refer Point (a) of Other Matter paragraph above).
 - d) The Balance Sheet, the Statement of Profit and Loss including (other comprehensive income), the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - e) In our opinion, the aforesaid Standalone Financial Statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015.

- f) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
- g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “**Annexure B**” to this report.
- h) With respect to the other matters to be included in the Auditor’s Report under Section 197(16) of the Act:

In our opinion and according to the information and explanation given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provision of Section 197 of the Act.

- i) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its Standalone Financial Statements – Refer Note No. 39.C.1 to the Standalone Financial Statements.
 - ii. The Company does not have any long – term contracts including derivative contracts for which there are any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company. However, unpaid dividend of ₹ 0.20 Crore pertaining to the years 2000–01, 2001–02 and 2003–04 to 2009–10 has not been transferred to Investor Education and Protection Fund but is held in abeyance on account of pending legal cases.
 - iv. a) the Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind

of funds) by the Company to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- b) the Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- c) based on audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under Sub–clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material mis–statement.
- v. The Company has not declared or paid dividend during the year. Hence, this clause is not applicable.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT ON STANDALONE FINANCIAL STATEMENTS OF GTL LIMITED

(Referred to in paragraph II (g) under ‘Report on Other Legal and Regulatory Requirements’ of our report of even date to the members of GTL Limited on the Standalone Financial Statements for the year ended March 31, 2022)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **GTL Limited** (“the Company”) as of March 31, 2022 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (“the Guidance Note”) issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing issued by the ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company’s assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as of March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Notes:

Capital Reserve: This reserve represents fraction coupons amount on conversion of FCCB into equity shares

Capital Redemption Reserve: This reserve is created u/s 69 of the Companies Act, 2013 by transferring an amount equal to the nominal value of shares bought back by the Company. The same is permitted to be used for issuing fully paid bonus shares.

Securities Premium Account: Premium collected on issue of securities is accumulated as part of securities premium. Utilisation of such premium is restricted by the Companies Act, 2013.

Debenture Redemption Reserve: Additional Debenture Redemption Reserve is not created as the said requirement has been dispensed with in terms of the amendment to Companies (Share Capital and Debentures) Rules, 2014.

General Reserve: Forms part of the retained earnings and is permitted to be distributed to shareholders as dividend.

Retained Earnings: This represents profits remaining after all appropriations. This is free reserve and can be used for distribution as dividend.

NOTES TO FINANCIAL STATEMENTS

1. CORPORATE INFORMATION

The Company is a public company domiciled in India and is incorporated under the provisions of the Companies Act, applicable in India. Its shares are listed on Bombay Stock Exchange and National Stock Exchange of India. The registered office of the Company is located at GTL Limited, Global Vision, Electronic Sadan II, MIDC, TTC Industrial Area, Mahape, Navi Mumbai.

The Company is in the business of providing network services to telecom operators, OEM's and tower companies.

The financial statements were authorised for issue in accordance with a resolution passed in the meeting of the Board of directors held on May 18, 2022.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis For Preparation of Financial Statements:

Compliance with Ind AS :

The Financial Statements have been prepared on a going concern basis and on accrual basis, in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended by Companies (Indian Accounting standards) (Amendment) Rules, 2016.

Historical Cost Convention :

The financial statements have been prepared on a historical cost basis, except –

- (a) certain financial assets and liabilities and
- (b) defined benefit plans

Which are measured at fair value at the end of each reporting period, as explained in the accounting policies below.

The preparation of the financial statements requires management to make estimates and assumptions. Actual results could vary from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate are revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future years (refer Note no. 37 on critical accounting estimates, assumptions and judgements).

Functional and presentation currency:

The financial statements are presented in Indian ₹ which is the functional currency of the company and all values are rounded to the nearest crores (₹ 10,000,000), except when otherwise indicated.

2.2 Summary of Significant Accounting Policies

1. Current versus non-current classification :

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. The Company has presented non-current assets and current assets before equity, non-current liabilities and current liabilities in accordance with Schedule III, Division II of Companies Act, 2013 notified by Ministry of Corporate Affairs (MCA)."

An asset is classified as current when it satisfies any of the following criteria:

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

The Company has considered a period of twelve months for classifying its assets and liabilities as current and non-current.

2. Fair value measurement :

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is

based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The fair value of an asset or a liability is measured using the assumptions that, market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted / Published NAV (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement, is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement, is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets, such as properties and unquoted financial assets, and significant liabilities as and when required.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value. Other fair value related disclosures are given in the following notes:

- Disclosures for valuation methods, significant estimates and assumptions (note 37)
- Quantitative disclosures of fair value measurement hierarchy (note 42)
- Investment in unquoted equity shares (note 7)
- Investment properties (note 5)
- Financial instruments (including those carried at amortised cost) (note 41)

3. Revenue recognition :

Revenue is recognised when the company satisfies the performance obligation by transferring the promised services to the customers. Services are considered as performed when the customer obtains control, whereby the customer gets the ability to direct the use of such services and substantially obtains all benefits from services. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved.

Revenue is measured based on the transaction price which is the fair value of the consideration received or receivable, stated net of discounts, returns and taxes. Transaction price is recognised based on the price specified in the contract. Accumulated experience is used to estimate and provide for the discounts / right of return, using the expected value method.

The specific revenue recognition policies are as under:

- a. Revenue from contracts with customers:
 - i. Revenue from Turnkey Contracts, which are either Fixed Price or Cost Plus contracts, is recognized – when company satisfies performance obligation by transferring promised services to the customer. – The Company uses significant judgments while determining the transaction price allocated to performance obligations using the expected cost plus margin approach.

Provisions for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable

- based on the expected contract estimates at the reporting date.
- ii. Revenue from sale of products is recognized when performance obligations are satisfied. Performance obligations are satisfied when the customer obtains control of the products.
 - iii. Revenue from services is recognized when company satisfies the performance obligation by transferring promised services to the customers.–

Contract assets are recognized when there is an excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables when there is an unconditional right to receive cash, and only passage of time is required, as per contractual terms. Unearned revenue (“Contract Liability”) is recognized when there is billing in excess of revenue.

- b. Dividend income is recognized when the right to receive dividend is established.
- c. Income such as interest, rent is recognized as per contractually agreed terms on time proportion basis.

4. Property, plant and equipment:

On transition to Ind AS, the Company has opted to continue with the previous GAAP carrying values as deemed cost for all items of plant, property and equipment.

Tangible Assets are stated at the cost of acquisition less accumulated depreciation and impairment losses, if any. The cost includes purchase price (after deducting trade discounts and rebates), including non–refundable taxes and duties and any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by Management.

When significant parts of Property, plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criterias are satisfied. All other repair and maintenance costs are recognised in the statement of profit and loss.

Advances paid towards acquisition of fixed assets are disclosed as Capital Advances under Other non–current assets and cost of assets not ready for use before the year–end, is disclosed as capital work in progress.

Depreciation on Fixed Assets is provided to the extent of depreciable amount on Straight Line Method over the useful life of the assets and in the manner prescribed in schedule II to the Companies Act, 2013 except in respect of following Fixed Assets where the assessed useful life is different than that prescribed in Schedule II.

The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Sr.	Asset	Economic Useful Life (Years)
1	Buildings (including land for which no separate valuation is available)	58
2	Leasehold land	58
3	Plant and Equipment	3 to 10
4	Furniture and Fixtures	5
5	Test and Repair Equipment	5
6	Vehicles	5

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of Profit and Loss when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

5. Investment properties :

On transition to Ind AS, the Company has opted to continue with the previous GAAP carrying values as deemed cost for investment properties.

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

The Company, based on assessment made by technical expert and management estimate, depreciates the building over estimated useful life of 58 years which is different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that this estimated useful life is realistic and reflects fair approximation of the period over which the asset is likely to be used.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer.

Investment properties are derecognised either when they have been disposed off or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of Profit and Loss when the asset is derecognised.

6. Intangible assets :

On transition to Ind AS, the Company has opted to continue with the previous GAAP carrying values as deemed cost for all items of Intangible assets.

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

The useful lives of intangible assets are assessed as either finite or indefinite. There are no intangible assets assessed with indefinite useful life.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of Profit and Loss when the asset is derecognised

The Company amortises intangible assets using the straight line method based on useful lives as prescribed in Schedule II.

7. Inventories :

- a. Inventories including Work-in-process and stores and spares are valued at the lower of cost and net realizable value.
- b. Inventory of Consumables is valued at cost
- c. Cost of inventories is generally ascertained on first in first out basis.

Cost includes cost of purchase and other costs incurred in bringing inventories to their present location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

8. Impairment of Non-Financial Assets :

At each balance sheet date, the Company assesses whether there is any indication that any property, plant and equipment and intangible asset may be impaired and if any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

For the purpose of impairment testing, the recoverable amount is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the Statement of profit and loss. The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

9. Foreign currencies :

The Company's financial statements are presented in ₹ which is also its functional currency.

Transactions and balances

Transactions in foreign currencies are initially recorded at the exchange rate prevailing on the date of transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

10. Employee Benefits :

Short Term Employee Benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by the employees are recognised as an expense during the year when the employees render the services.

Post-Employment Benefits

Defined Contribution Plan

A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions to a separate entity. The Company makes specified monthly contributions towards Provident Fund, Pension Scheme. The Company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined Benefit Plan

The liability in respect of defined benefit plans and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employee's services.

Re-measurement of defined benefit plans in respect of post-employment and other long term benefits are charged to the other Comprehensive Income.

11. Financial instruments :

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A. Financial assets

(i) Initial recognition and measurement

All financial assets are initially recognised at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets, which are not at fair value through profit or loss are adjusted to the fair value on initial recognition. Purchase and sale of financial asset is recognised using trade date accounting i.e. the date that the Company commits to purchase or sell the asset.

(ii) Subsequent measurement

(a) Financial Assets carried at amortised cost (AC)

A financial asset is subsequently measured at amortised cost if it is held

within a business model whose objective is to hold the asset in order to collect the contractual cash flows and the contractual terms of the financial asset give rise on the specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category applies to Trade and other receivables, Security deposits, Other advance, Loan and advances to related parties, Unbilled Income, Interest Receivable etc.

(b) Financial Assets at Fair Value through Other Comprehensive Income (FVTOCI)

A financial asset is subsequently measured at Fair Value through other Comprehensive Income, if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Company does not have any financial assets which are fair valued through Other Comprehensive Income (FVTOCI).

(c) Financial Assets at Fair Value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories is subsequently fair valued through profit or loss

(iii) Equity investments

All equity investments other than investment in Subsidiaries and Associates are measured at fair value, with value changes recognised in Statement of Profit and loss except for those equity investments for which the Company has elected to present the value changes in 'other comprehensive income'

The Company does not have any equity investments which are fair value through Other Comprehensive Income (FVTOCI)

The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

(iv) Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised when:

The rights to receive cash flows from the asset have expired, or

The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

(v) Impairment of financial assets

The Company assesses impairment based on expected credit loss (ECL) model to the following

Financial assets at amortised cost

Financial assets measured at fair value through Profit or Loss Account

The Company follows simplified approach for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risks. Rather, it recognises impairment loss allowance based on lifetime ECL at each reporting date, right from its initial recognition.

The Company uses historical cost experience to determine the impairment loss allowance on the portfolio of trade receivables. At every reporting date, the historically observed default rates are updated and changes in the forward looking estimates are analysed.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly,

12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Company reverts to recognising impairment loss allowance based on 12-month ECL.

B. Financial liabilities

(i) Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

(ii) Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

(a) Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on financial liabilities held for trading are recognised in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk is recognized in OCI. These gains/ losses are not subsequently transferred to Profit and Loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit and loss.

The Company has not designated any financial liability as at fair value through profit or loss.

(b) Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognized.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

(c) Financial guarantee contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

(iii) Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or

cancelled or expires. When an existing financial liability is replaced by another, from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

(iv) Embedded derivatives

An embedded derivative is a component of a hybrid (combined) contract that also includes a non-derivative host contract – with the effect that some of the cash flows of the combined instrument vary in a way similar to a stand-alone derivative. An embedded derivative causes some or all of the cash flows that otherwise would be required by the contract to be modified according to a specified interest rate, financial instrument price, commodity price, foreign exchange rate, index of prices or rates, credit rating or credit index, or other variable, provided in the case of a non-financial variable that the variable is not specific to a party to the contract. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the fair value through profit or loss.

If the hybrid contract contains a host that is a financial asset within the scope of Ind AS 109, the Company does not separate embedded derivatives. Rather, it applies the classification requirements contained in Ind AS 109 to the entire hybrid contract. Derivatives embedded in all other host contracts are accounted for as separate derivatives and recorded at fair value if their economic characteristics and risks are not closely related to those of the host contracts and the host contracts are not held for trading or designated at fair value through profit or loss. These embedded derivatives are measured at fair value with changes in fair value recognised in profit or loss, unless designated as effective hedging instruments.

(v) Reclassification of financial assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial

liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

C. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

12. Provision for Current and Deferred Tax :

- a. **Current Tax:** Provision is made for income tax, under the tax payable method, based on the liability as computed after taking credit for allowances, exemptions, and MAT credit entitlement for the year. Adjustments in books are made only after the completion of the assessment. In case of matters under appeal, due to disallowances or otherwise, full provision is made when the Company accepts the said liabilities.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate. The Company offsets current tax assets and current tax liabilities and presents the same on net basis,

if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities.

- b. **Deferred tax:** Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the balance sheet and the corresponding tax bases used in the computation of taxable profit and thereafter a deferred tax asset or deferred tax liability is recorded for temporary differences, namely the differences that originate in one accounting period and reverse in another. Deferred tax is measured based on the tax rates and tax laws enacted or substantively enacted at the Balance Sheet date. Deferred tax asset is recognized only to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Carrying value of deferred tax asset is adjusted for its appropriateness at each balance sheet date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

The Company offsets the deferred tax assets and deferred tax liabilities and presents the same on net basis, if the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

- c. **Credit of MAT:** Credit of MAT is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the MAT credit becomes eligible to be recognized as an asset, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT credit entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal income tax during the specified period.

13. Segment Reporting :

The Company is engaged only in business of providing "Network Services" and as such there are no separate reportable segments.

14. Provisions, Contingent Liabilities and Contingent Assets :

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event. It is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using equivalent period government securities interest rate. Unwinding of the discount is recognised in the statement of profit and loss as a finance cost. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liability is disclosed in the Notes to the Financial Statements.

Contingent assets are not recognised. However, when the realisation of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognised as an asset.

15. Borrowing Cost :

a. Borrowing costs, less any income on the temporary investment out of those borrowings, that are directly attributable to acquisition of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as a part of the cost of that asset.

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

b. Other borrowing costs are recognized as expense in the period in which they are incurred.

16. Leases :

Company as a lessee :

The Company has adopted Ind AS 116 on leases beginning April 1, 2019, using the modified retrospective approach. The standard has been applied to the lease contracts as at April 1, 2019. Accordingly, the Company has not restated the comparative information.

The Company's lease asset classes primarily consist of leases for Buildings. The Company assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and leases of low value assets. For these short-term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease

liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

Company as a lessor :

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

17. Convertible preference shares :

Convertible preference shares are separated into liability and equity components based on the terms of the contract.

On issuance of the convertible preference shares, the fair value of the liability component is determined using a market rate for an equivalent non-convertible instrument. This amount is classified as a financial liability measured at amortised cost (net of transaction costs) until it is extinguished on conversion or redemption.

The remainder of the proceeds is allocated to the conversion option that is recognised and included in equity since conversion option meets Ind AS 32 criteria for fixed to fixed classification. Transaction costs are deducted from equity, net of associated income tax. The carrying amount of the conversion option is not remeasured in subsequent years.

Transaction costs are apportioned between the liability and equity components of the convertible preference shares based on the allocation of proceeds to the liability and equity components when the instruments are initially recognised.

18. Cash and Cash equivalents :

Cash and cash equivalents comprise cash at bank and in hand, cheques in hand and deposits with banks having maturity period less than three months from the date of acquisition, which are subject to an insignificant risk of changes in value

For the purpose of statement of cash flows, cash and cash equivalents consist of cash and short-term

deposits as defined above net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management policy.

19. Earnings per share :

The earnings considered in ascertaining the Company's Earnings Per Share (EPS) is the net profit/ (loss) after tax. The number of shares used in computing basic EPS is the weighted average number of shares outstanding during the period/ year. The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential dilutive equity shares unless the effect of the potential dilutive equity shares is anti-dilutive.

20. Non-current assets held for sale / discontinued operations / Liabilities directly associated with assets classified as held for sale :

The Company classifies non-current assets as held for sale/ discontinued operations if their carrying amounts will be recovered principally through a sale rather than through continuing use. Actions required to complete the sale should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the sale expected within one year from the date of classification.

For these purposes, sale transactions include exchanges of non-current assets for other non-current assets when the exchange has commercial substance. The criteria for held for sale classification is regarded met only when the assets are available for immediate sale in its present condition, subject only to terms that are usual and customary for sales of such assets, its sale is highly probable; and it will genuinely be sold, not abandoned. The Company treats sale of the asset to be highly probable when:

- The appropriate level of management is committed to a plan to sell the asset,
- An active programme to locate a buyer and complete the plan has been initiated (if applicable),
- The asset is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- The sale is expected to qualify for recognition as a completed sale within one year from the date of classification , and
- Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Non-current assets held for sale are measured at the lower of their carrying amount and the fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet.

Property, plant and equipment and intangible assets once classified as held for sale to owners are not depreciated or amortised.

A discontinued operation is a component of an entity that either has been disposed of, or is classified as held for sale, and:

- Represents a separate major line of business or geographical area of operations,

- Is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations

Or

- Is a subsidiary acquired exclusively with a view to resale

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss after tax from discontinued operations in the statement of profit and loss.

18.1 Terms/ rights attached to equity shares

The Company has only one class of equity shares having a face value of ₹ 10/- per share. Each holder of equity share is entitled to one vote on show of hands and in case of poll, one vote per equity share. A member shall not have any right to vote whilst any call or other sum shall be due and payable to the Company in respect of any of the equity shares of such member. All equity shares of the Company rank *pari-passu* in all respects including the right to dividend.

In the event of winding-up of the Company, the holders of equity shares will be entitled to receive any of the remaining assets of the Company, if any, after distribution of all preferential amounts in proportion to the number of shares held at the time of commencement of winding-up.

The equity shareholders have all other rights as available to equity shareholders as per the provisions of Companies Act, 2013, read together with the Memorandum and Articles of Association of the Company.

18.2 Terms, Rights, Preferences and restrictions attached to 0.01% – Non Participating Optionally Convertible Cumulative Preference Shares (OCPS):

The Company has only one class of preference shares, having face value of ₹ 10/- per share allotted to GTL Infrastructure Limited (GIL). In terms of the issue, GIL had right to convert OCPS into equity shares from the expiry of 6 months from the date of allotment till 18 months of the date of allotment. However, GIL has opted for non-conversion of OCPS into equity shares.

The OCPS carry a dividend of 0.01 % per annum, payable on a cumulative basis on the date of conversion / redemption as the case may be. Any declaration and payment of dividend shall at all times be subject to the availability of Profits and the terms of the restructuring of the debts under the Corporate Debt Restructure (CDR) Mechanism, unless otherwise agreed by the CDR Lenders. Further, in the event of inability of the Company to declare / pay dividend due to non-availability of Profits / pursuant to the terms of restructuring, the dividend may be waived by GIL.

After the expiry of a period of 6 months from the Allotment Date, the OCPS may at the Option of the Company be redeemed at any time prior to the expiry of 20 years from the date of the allotment, in part or in full, after providing a prior written notice of 30 days to GIL. As agreed by the OCPS holder, the original term providing Yield to Maturity of 8% by way of redemption premium has been repealed by the Board.

Other than as permitted under applicable laws, GIL will not have a right to vote at the Company's General Meetings.

In the event of winding-up of the Company, the OCPS holder/s will be entitled to receive in proportion to the number of shares held at the time of commencement of winding-up, any of the remaining assets of the Company, if any, after distribution to all secured creditors and their right to receive monies out of the remaining assets of the Company shall be reckoned *pari-passu* with other unsecured creditors, however, in priority to the equity shareholders. The OCPS holder/s shall have such rights as per the provisions of Companies Act, 2013, read together with Memorandum of Association of the Company.

The OCPS holder/s shall have all other rights as available as per the provisions of Companies Act, 2013, read together with Memorandum and Articles of Association of the Company.

37 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the Company's Standalone financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the Standalone financial statements:

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the standalone financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur. The Management believes that the judgements and estimates used in preparation of financial statement are prudent and reasonable.

Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgements is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits.

Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. See Note 41 for further disclosures.

Allowances for credit loss on Trade Receivable , Advance to supplier and other receivable

The provision for allowances for credit loss for trade receivable, advance to supplier and other receivable are based on assumptions about the risk of defaults and expected credit loss. The Company uses judgement in making these assumptions and selecting the inputs to the calculation of provision for allowance based on the past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

Provisions for impairment loss on Investment

Provisions for impairment loss on Investment is based on evaluation of financial position of investee companies to meet their obligations for honouring their commitments towards the investment held by the Company.

38. GRATUITY AND OTHER POST-EMPLOYMENT BENEFIT PLANS

a) Defined Contribution Plan

₹ Crores

Particulars	31 March 2022	31 March 2021
Employer's Contribution to Provident fund	1.47	1.45
Employer's Contribution to Pension fund	1.85	1.85
Total	3.32	3.30

The Company makes contribution towards provident fund and superannuation fund which are in the nature of defined contribution post employee benefit plan. Under the plan, the Company is required to contribute a specified percentage of payroll cost to fund the benefits. Amount recognised as an expense in the statement of Profit and Loss – included in note 31 – “Contribution to provident and other funds” ₹ 3.32 crores (previous year ₹ 3.30 crores) is given in table above

b) Defined Benefit Plan

The employee's Gratuity Fund Scheme, which is defined benefit plan, is managed by Trust maintained with Life Insurance Corporation of India (LIC). The present value of obligation is determined based on actuarial valuation using Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation for compensated absences is recognized in same manner as gratuity.

Based on actuarial valuation obtained as at the Balance Sheet date the following table sets out the details of Defined Benefit obligation.

1. Movement in obligation– Gratuity

₹ Crores

Particulars	31 March 2022	31 March 2021
Defined Benefit Obligation at beginning of the period	3.45	3.62
Current service cost	0.29	0.28

Remeasurement – Actuarial loss/(gain)	0.48	0.09
Return on plan assets, excluding Interest Income	(0.10)	0.10
Total	0.38	0.19

5. The principal actuarial assumptions used for estimating the Company's defined benefit obligations are set out below:

₹ Crores

Weighted average actuarial assumptions	31 March 2022	31 March 2021
Attrition rate	5.50%	5.50%
Discount Rate	7.15%	6.44%
Expected Rate of increase in salary	5.50%	5.50%
Expected Rate of Return on Plan Assets	7.15%	6.44%
Mortality rate	IALM 2012–14 Ultimate	IALM 2006–08 Ultimate
Expected Average remaining working lives of employees	11 Years	10 Years

6. Sensitivity analysis:

Particulars	Changes in Assumption	Effect on gratuity obligation
For the year ended March 31, 2021		
Discount rate	+1%	(0.20)
	-1%	0.23
Salary Growth rate	+1%	0.18
	-1%	(0.16)
Withdrawal Rate	+1%	0.02
	-1%	(0.02)
For the year ended March 31, 2022		
Discount rate	+1%	(0.27)
	-1%	0.30
Salary Growth rate	+1%	0.26
	-1%	(0.23)
Withdrawal Rate	+1%	0.01
	-1%	(0.01)

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (projected unit credit method) has been applied as when calculating the defined benefit obligation recognised within the Balance Sheet.

A. Leases

- The Company has adopted Ind AS 116 on leases beginning April 1, 2019, using the modified retrospective approach. The standard has been applied to the lease contracts as at April 1, 2019.
- As on the transition date, Company has recognized the lease liability at present value of the lease payments discounted at relevant incremental borrowing rate. The right to use asset has been measured at the same value as that of the lease liability during inception. As of 31 March, 2022 the right-to-use asset is ₹ 2.91 crores (₹ 0.92 crores) and a corresponding lease liability of ₹ 3.18 crores (₹ 1.07 crores).
- In the statement of profit and loss for the current year, lease expenses which were recognised as other expenses in previous periods is now recognised as depreciation expense for the right-of-use asset and finance cost for interest accrued on lease liability. The adoption of this standard did not have any significant impact on the profit for the year and earnings per share. The weighted average incremental borrowing rate of 11% has been applied to lease liabilities recognised in the balance sheet at the date of initial application.
- The Company has also elected not to apply the requirements of Ind AS 116 to Short term lease and leases for which underlying asset is of a low value. The Company incurred ₹ 2.63 crore (₹ 3.18 crores) for the year ended March 31, 2022 towards expenses relating to short-term leases.
- The total cash outflow for leases is ₹ 4.35 crores (₹ 4.65 crores) for the year ended 31st March, 2022 including cash outflow of short-term leases. Out of this an amount of ₹ 1.72 crores (₹ 1.47 crores) is pertaining to IndAS 116 requirements and ₹ 2.63 crores (₹ 3.18 crores) is pertaining to short term leases. Interest on lease liabilities is ₹ 0.43 crores (₹ 0.20 crores) for the year.
- The Company's leases mainly comprise of buildings premises.

As on March 31, 2022, there were 50 cases against the Company, pending in various Courts and other Dispute Redressal Forums.

- i) In 8 out of 50 cases, the Company has been implicated as proforma defendant i.e. there are no monetary claims against the Company. In most of these cases, dispute concerns matter like loss of share certificate, title claim / ownership / transfer of the shares etc. The Company's implication in these matters is with a view to protect the interest of the lawful owners of the shares. Upon the final orders passed by the Court(s), the Company shall have to release the shares, which are presently under 'stop transfer', in this regard to

the rightful claimants. There is no direct liability or adverse impact on the business of the Company on account of the said 8 cases.

- ii) Out of the balance 42 cases, 19 cases are from its earlier power business, 5 cases are from telecom related businesses and 1 case is in respect of non-allotment / non-refund of money in its IPO, which are handled by the Company's advocates, who have the necessary expertise on the subject. It is found that in most of the cases the claims are unsubstantiated and therefore the Company is resisting and defending these claims. (Out of the aforesaid 19 cases of power business, 9 cases pertain to Labour Court matter wherein the employees filed for reinstatement on termination consequent to termination of Aurangabad Distribution Franchisee Agreement of the Company. These are being settled with affected employees. The contingent liability in respect of these 9 cases is ₹ 1.34 crores and in respect of balance 10 cases is ₹ 0.40 crores. Further the contingent liability w.r.t. 5 cases related to telecom business and 1 case in respect of non-allotment / non-refund of money in its IPO is ₹ 0.85 crores.
- iii) There are 9 cases pertaining to arbitration matters, out of which in 5 cases, the Company has invoked arbitration proceedings against MSEDCL in respect of the DF Contract & EPC Contract as explained in the previous Annual Report and the contingent liability towards counter claims of MSEDCL is ₹ 462.90 crores. The other four matters, are arising out of challenge on the procedural orders by the Arbitrator and are being contested in the courts by the Company's advocates who have the necessary expertise on the subject. There is no contingent liability arising out of the four matters.
- iv) In 1 case, a bank has filed commercial suit against the Company in the Hon'ble Bombay High Court in respect of comfort letter issued by the Company. The contingent liability in respect of which is ₹ 237.28 crores
- v) In 1 case a Lender Bank has filed insolvency petition before the National Company Law Tribunal, Bombay Bench under section 7 of the IBC Code, which has not been admitted. The contingent liability in respect of which is ₹ 204.78 crores (Net of liability in the books as at March 31, 2022 of ₹ 329.98 crores, against the total claim of ₹ 534.76 crores).
- vi) In 1 case, the Department of Telecom (DoT) has raised a frivolous demand of ₹ 1,509.50 crores based on Adjusted Gross Revenue for ISP license fee pertaining to the business carried out by the Company well before the year 2009 and the relevant ISP license was surrendered to DoT in 2009 for which DoT had issued a no-dues certificate in November 2010. The Company is contesting this demand in an appropriate forum.
- vii) In 1 case, Canara Bank has filed a suit against the Company in Debt Recovery Tribunal, Chennai, claiming ₹ 551.91 crores. The Company is contesting the claim in the DRT, Chennai
- viii) In 1 case, IDBI Bank and other CDR lenders have filed a suit against the Company in Debt Recovery Tribunal, Mumbai, claiming an amount of ₹ 4,853.55 crores. The Company is contesting the claim in the DRT, Mumbai.
- ix) In 1 case, employees of the staffing company have initiated legal proceedings in labour/other courts against the Company. These are being contested by the Company. The contingent liability of these case is ₹ 0.12 crores
- x) In the balance 2 cases, the Company has been impleaded for various procedural reliefs in the courts and these are at initial stages of seeking directions and are being contested in the courts by the Company's advocates who have the necessary expertise on the subject. There is no liability to the Company at this stage of litigation. As on the date there is no contingent liability.

Apart from the above cases pending before the courts and other dispute Dispute Redressal Forums, the Company has not acknowledged the following debts also:

- xi) Claim of ₹ 179.00 crores from Global Holding Corporation (GHC), towards loss occurred to GHC on account of invocation by lender of share investment held by GHC in the Company which was offered as pledge for the credit facility availed by the Company.

43. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's principal financial liabilities comprise of loans and borrowings, trade and other payables, and financial guarantee contracts. The main purpose of these financial liabilities is to manage finance for the Company's operations. The Company's principal financial assets includes investments, trade and other receivables, supplier advance and cash and cash equivalents that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management is supported by Risk Management Group (RMG), Investment committee and Resource committee that advises on financial risks and the appropriate financial risk governance framework for the Company. The Risk Management Group, Investment committee and Resource committee provides assurance to the Company's senior management that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. It is the Company's policy that no trading in derivatives for speculative purposes may be undertaken. The Audit Committee of the Board and the Board of Directors review and monitor risk management and mitigation plans. The financial risks are summarised below.

43.1 Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans, borrowings and deposits. As the revenues from the Company's network service business is dependent on the sustainability of telecom sector, Company believes that macro – economic factor, including the growth of Indian economy as well as political and economic environment, have a significant direct impact on the Company's business, results of operations and financial position.

43.2 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flow of financial instrument will fluctuate because of changes in market interest rates. The significant part of financial instrument which can be considered in case of the Company as subject to interest rate risk are borrowings . However the Company's borrowings carry fixed interest rate and therefore the Company is not exposed to significant interest rate risk.

43.3 Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the External Commercial Borrowings and except for the the same , the Company is not exposed to foreign currency risk as the Company's business operations do not involve any significant transactions in foreign currency.

Foreign currency sensitivity

The impact on the Company's profit or loss before tax on account of variation in exchange rates can be on account of fluctuation in USD as the Company's External Commercial Borrowings liability is a USD denominated liability. The following table demonstrates the sensitivity to a reasonably possible change in USD exchange rates, with all other variables held constant. 1% increase or decrease in USD rate will have the following impact on the profit or loss before tax :

Particulars	2021–2022		2020–2021	
	₹ Crore	₹ Crore	₹ Crore	₹ Crore
	1% Increase	1% Decrease	1% Increase	1% Decrease
USD Denominated monetary liabilities	8.08	(8.08)	7.82	(7.82)

43.4 Equity price risk

All the Company's equity investments are in unlisted entities. All these investments are trade and strategic investments and therefore are not considered to be exposed or susceptible to market risk.

43.5 Commodity price risk

The Company is engaged in business of providing "Network Services" comprising mainly of operation maintenance and energy management (OME) and other network services. With regards to Network Services the contracts are cost plus margin and therefore commodity price risk is mitigated.

43.6 Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables), deposits with banks and other financial assets.

Trade receivables

Customer credit risk is managed subject to the Company's established policy, procedures and controls relating to customer credit risk management. Credit quality of a customer is assessed based on individual credit limits and defined in accordance with customer assessment. Outstanding customer receivables are regularly monitored.

The Company follows a 'simplified approach' (i.e. based on lifetime ECL) for recognition of impairment loss allowance on Trade receivables. For the purpose of measuring lifetime ECL allowance for trade receivables, the Company estimates irrecoverable amounts based on the ageing of the receivable balances Individual trade receivables are written off when management deems them not to be collectible. The Company does not hold any

collateral as security against these trade receivables. The contractually agreed terms effectively manage the concentration risk. The details of the same are as under:

Financial Assets and bank deposits

Credit risk from balances with banks is managed by the Company's treasury department in accordance with the Company's policy. The Company considers factors such as track record, size of the institution, market reputation and service standards to select the banks with which its balances and deposits are maintained. Generally, the balances are maintained with the institutions with which the Company has also availed borrowings. The Company does not maintain significant cash and deposit balances other than those required for its day to day operations.

The Company's maximum exposure to credit risk for the components of the balance sheet at 31 March 2022 and 31 March 2021 is the carrying amounts as appearing in Note 11, 12, 13 and 14.

43.7 Liquidity risk

Liquidity risk is that the Company will not be able to settle or meet its obligation on time or at reasonable price. Company's principal sources of liquidity are cash flows generated from its operations.

The Company continues to take various measures such as cost optimisation, improving operating efficiency to increase Company's operating results and cash flows. In view of the rigid stand of some lenders, the settlement of dues of the lenders through negotiated settlement got affected. In the matter of application filed by one of the lenders before NCLT under Section 7 of The Insolvency and Bankruptcy Code, 2016 the Special Leave Petition (SLP) filed by the Company before the Hon'ble Supreme Court was dismissed vide its order dated December 6, 2021. In the light of the said order, the Company is awaiting the directions from lenders/NCLT. Accordingly, the management is of the view that based on the directions of the lenders/NCLT, it would be in a position to revive the Company and continue its operations.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

18(B) PROCESS & MANNER OF REMOTE E-VOTING AND JOINING VIRTUAL MEETING FOR SHAREHOLDERS HOLDING SHARES IN PHYSICAL MODE AND OTHER THAN INDIVIDUAL SHAREHOLDERS HOLDING SHARES IN DEMAT MODE:

- a. The shareholders should log on to the e-voting website www.evotingindia.com.
- b. Click on “Shareholders” module.
- c. Now Enter your User ID
 - (i) For CDSL: 16 digits beneficiary ID,
 - (ii) For NSDL: 8 Character DP ID followed by 8 Digits Client ID,
 - (iii) Members holding shares in Physical Form should enter Folio Number registered with the Company.
- d. Next enter the Image Verification as displayed and Click on Login.
- e. If you are holding shares in electronic (‘demat’) form and had logged on to www.evotingindia.com and voted on an earlier voting of any company, then your existing password is to be used.

- f. If you are a first time user follow the steps given below:

For Shareholders holding shares in Demat Form other than individual and Physical Form	
PAN	Enter your 10 digit alpha–numeric *PAN issued by Income Tax Department (Applicable for both demat shareholders as well as physical shareholders) *Shareholders who have not updated their PAN with the Company / Depository Participant are requested to use the Sequence Number as provided in the email, in the PAN field.
Dividend Bank Details OR Date of Birth (DOB)	Enter the Dividend Bank Details or Date of Birth (in dd/mm/yyyy format) as recorded in your demat account or in the company records in order to login. If both the details are not recorded with the depository or company please enter the 16 digit member–id or folio number in the Dividend Bank details field as mentioned in instruction 18(B)c.

- g. After entering these details appropriately, click on “SUBMIT” tab
- h. Shareholders holding shares in physical form will then directly reach the Company selection screen. However, Shareholders holding shares in demat form will now reach ‘Password Creation’ menu wherein they are required to mandatorily enter their login password in the new password field. Kindly note that this password is to be also used by the demat holders for voting for resolutions of any other company on which they are eligible to vote, provided that company opts for e–voting through CDSL platform. It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential.
- i. For shareholders holding shares in physical form, the details can be used only for e–voting on the resolutions contained in this Notice.
- j. Click on the EVSN of “**GTL LIMITED**” on which you choose to vote.
- k. On the voting page, you will see “RESOLUTION DESCRIPTION” and against the same the option “YES/NO” for voting. Select the option YES or NO as desired. The option YES implies that you assent to the Resolution and option NO implies that you dissent to the Resolution.
- l. Click on the “RESOLUTIONS FILE LINK” if you wish to view the entire Resolution details.
- m. After selecting the resolution you have decided to vote on, click on “SUBMIT”. A confirmation box will be displayed. If you wish to confirm your vote, click on “OK”, else to change your vote, click on “CANCEL” and accordingly modify your vote.
- n. Once you “CONFIRM” your vote on the resolution, you will not be allowed to modify your vote.
- o. You can also take a print of the votes cast by clicking on “Click here to print” option on the Voting page.
- p. If a demat account holder has forgotten the login password then Enter the User ID and the image verification code and click on Forgot Password & enter the details as prompted by the system.

Explanatory Statement pursuant to Regulation 36(5) of the SEBI Listing Regulations

Item No. 3 of the Notice relating to the reappointment of M/s GDA & Associates, Chartered Accountants (Firm Registration No.: 135780W) as Statutory Auditors of the Company

The Members at the Twenty–Ninth (29th) Annual General Meeting (“AGM”) of the Company held on September 21, 2017, had approved the appointment of M/s. GDA & Associates, Chartered Accountants (Firm Registration No.: 135780W) as Statutory Auditors of the Company, to hold office for a term of 5 years from the conclusion of the Twenty–Ninth (29th) AGM till the conclusion of the Thirty–Fourth (34th) AGM. In terms of the provisions of Section 139 of the Companies Act, 2013, the Companies (Audit and Auditors) Rules, 2014, and other applicable provisions, M/s. GDA & Associates is eligible for reappointment for a further period of five years. Accordingly, after evaluating and considering industry experience, competency of the audit team, efficiency in conduct of audit, independence and other credentials, the Board of Directors of the Company, based on the recommendation of the Audit Committee, at its meeting held on August 9, 2022, has proposed the re-appointment of M/s. GDA & Associates, Chartered Accountants, as the Statutory Auditors of the Company for a 2nd term of five consecutive

years from the conclusion of Thirty–Fourth (34th) AGM till the conclusion of Thirty–Ninth (39th) AGM of the Company.

The remuneration proposed to be paid to M/s. GDA & Associates for Statutory Audit and limited review services for the financial year ending March 31, 2023, is ₹ 40 Lakhs (Rupees Forty Lakhs) plus applicable taxes and out–of–pocket expenses, as in the last year and the same may be revised upto ₹ 55 lakhs (Rupees Fifty Five Lakhs) plus applicable taxes and out of pocket expenses for each year of the remaining tenure of their term by the Board based on the recommendation of the Audit Committee.

Besides the said audit services, the Company would also engage their services for obtaining certifications required by various statutory authorities, bodies, banks etc. and also for other permissible non–audit services as required from time to time, for which they will be remunerated separately on mutually agreed terms, as approved by the Board of Directors, based on the recommendation of the Audit Committee.

M/s. GDA & Associates established in 2013 by experienced Chartered Accountants engaged in Statutory Audit, Internal Audit, Internal Financial Control reviews, Tax Advisory and other related services, is registered with the Institute of Chartered Accountants of India (Firm Registration No. 135780W). The list of their clients includes both listed and unlisted corporate entities in the Telecommunication, NBFC, Hospitality, Real Estate and Packaging industry segments. They have the required competent team of professionals and infrastructure for providing the required services.

M/s. GDA & Associates have consented to their appointment as Statutory Auditors and have confirmed that if appointed, their appointment will be in accordance with Section 139 read with Section 141 of the Act. The Board commends the Ordinary Resolution set out at Item No. 3 of the Notice for approval by the Members. None of the Directors and Key Managerial Personnel of the Company or their relatives is, in any way, concerned or interested, financially or otherwise in the Resolution set out at Item No. 3 above of the Notice.
