FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2020

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No.9 of the Companies (Appointment and Remuneration personnel Rule, 2014)]

To,
The Members,
Tarapur Transformers Limited
S-105, Rajiv Gandhi Complex,
Ekta Nagar, Kandivali (West),
Mumbai - 400067

I have conducted the secretarial audit of the Compliance of applicable statutory provisions and the adherence to good corporate practices by Tarapur Transformers Limited (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conduct/Statutory compliances and expressing my opinion thereon.

Based on my verification of Tarapur Transformers Limited's books, papers, minute books, form and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the Financial year ended March 31, 2020, complied with the statutory provisions listed hereunder and also that the Company has proper Board- processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

I have examined the books, papers, minute books, form and returns filed and other records maintained by the Company for the financial year ended on March 31, 2020 according to the provisions of

- (1) The Companies Act, 2013 (the Act) and the rules made thereunder;

MANAGEMENT DISCUSSION & ANALYSIS REPORT

INDUSTRY OVERVIEW

As per IMF, World GDP growth slowed down to 2.9% in 2019 as compared to 3.6% in 2018. The ongoing COVID 19 pandemic is inflicting high human costs worldwide and the protection measures and lockdowns are severely impacting economic activity. As a result of the pandemic, the global economy is projected to contract sharply by 3.0% in 2020, which is worse than that during 2008-09 financial crisis.

India is on the verge of becoming major power nation among developing economies. Electricity is a key constituent for the economic growth of the country and is directly linked to GDP of the country. There has been a surge in demand for power in India due to increase in capacity utilisation, industrialisation, urbanisation and population.

Distribution Transformers play a very important and vital role in delivering electricity to the last mile. It can be rightly said that the distribution industry is bringing light in the life of the people. The thrust by the Indian Government to provide quality power to each village and every household through various schemes of electrification like DDUGJY/ IPDS/ RAPDRP/ Saubhagya has given a huge fillip to the demand of distribution transformers all over India. The government plans to add 93 GW by 2022, this would fuel the demand for power transmission and distribution equipment in the country.

Further, For the rapid development of the domestic electrical equipment industry, such as generation equipment (boilers, turbines, generators) and transmission & distribution (T&D) and allied equipment like transformers, cables, transmission lines, switchgears, capacitors, energy meters, instrument transformers, surge arrestors, stamping and lamination, insulators, insulating material, industrial electronics, indicating instruments, winding wires, etc. which encompassing the complete value chain in power generation, transmission and distribution, a holistic Mission Plan launched by the Department of Heavy Industry (DHI), Government of India, with support from IEEMA.

The India Power & Distribution Transformer market is forecast to reach \$2.9 billion by 2022.

Government is taking major steps to strengthen the power transmission & distribution network and has undertaken initiatives such as UDAY for financial turnaround of power distribution companies.

With implementation of UDAY and other discom schemes there is a huge acceleration of infrastructural amendment in India. This has influenced invitation for bides for refurbishment and up-gradation of existing T&D network. Thanks to Indian government in bailing out most of the discoms in order to make them financially self-sufficient so that they distribute electricity at reasonable cost to domestic and industrial users. It has really taken care of all the issues spread across India right from remotest village to the nearest town. So naturally transformers are on demand all across India because energy distribution always needs this single most important device in the network that is transformer.

OPPORTUNITIES:

In order to make growth in the industry, the government has launched schemes like DDUGJY, IPDS and NEF for improving distribution sector since distribution sector is a link between consumers and utilities. All these projects will lead to lot of demand of transformers in coming 3 years. But only there must be properly and timely implementation of these projects.

Other growth of the industry is based on the design. The design should be in such a way that material required for manufacturing transformers should be available freely (many suppliers) and less customized materials need to be ordered. The windings should be made easy so that workmen find them easy to

assemble. The other growth driver is coordination between different departments (active path and tanks).

THREATS:

The coronavirus outbreak has forced companies to re-evaluate how contact centers are leveraged, how employees deliver relevant customer experiences, where they work, and how digital channels can be used to support business continuity through the crisis and beyond. The pandemic has triggered major supply chain disruptions due to containment attempts in China and other economies across a number of industries; severe demand shocks across discretionary spend categories as well as domestic lockdowns and increasing governments pending towards relief measures might lead to financial crisis.

India's transformer market is predominantly unorganized with many small participants catering to the smaller distribution transformer markets. This makes the market more competitive and price sensitive rather than quality.

Economic growth has stabilized and downside risks have fallen. The company will have good opportunity to secure projects orders. Although there is stiff competition in the market, yet because of wide product range, innovation and Adoption of new technologies. The company has taken various initiatives with an aim to address these concerns.

RATIO:

There is no significant change in the financial ratio as compared to the previous financial year.

In the current year, the Return on Networth of the company is (0.53)% compared to 0.04% in the previous year. The company incurred loss in the current year which result into showing the negative result in return on networth of this year.

PRODUCT-WISE PERFORMANCE:

During the financial year 2019-20, your Company has achieved total turnover of Rs. 1459.48 Lakh and has incurred net loss of Rs. 1025.39 Lakh.

The Company has net worth of about Rs. 2899.12 Lakh as on March 31, 2020.

OUTLOOK FOR THE COMPANY:

The COVID-19 pandemic has had a massive influence on the global economic scenario with nearcomplete stalling of economic activity in many countries that will lead to a recession in FY 2020-21

The demand of distribution transformers will keep on increasing due to increase in generation capacity of both conventional and non-renewable sources due to increase in per capita consumption of electricity and new avenues like electric vehicle charging stations etc. The demand will also increase due to replacement of old transformers with energy efficient transformers.

Large outlay by the Government on infrastructure projects and ambitious target of solar and wind energy projects is likely to improve tender / enquiry in pipeline for potential business. Initiatives such as UDAY, DDUGJY, aggressive renewable energy target, the new hydro policy and the massive transmission connectivity plans is expected to gradually ease competitive pressure. These reforms are ambitious. If executed properly, they could have a significant impact on the sector in the next few years. With this background, the Company looks forward to improve business in volume term in current year, but margin continued to be under pressure in view of surplus capacity with organized sector players in industry. As the number of competitors in the higher range of power transformers manufacturing is very small, the board still foresees a bright future for the Company. However, the targeted profitability will be achieved

only after the Company meets the minimum qualifying criteria set up by various utilities who happen to be our main customers.

RISK & CONCERNS

The major risk factors affecting the Company are over capacity in industry, non-lifting of ready materials due to cash constraints at customers' end building inventory and liquidity issues, increase in receivable positions due to delay in payment by certain customers, uncertainty in execution of low fixed price orders. The wide fluctuation of rupee against US Dollars also affects margin since the key raw materials, viz. copper, transformer oil, special steels for lamination, etc., are of import origin. Our future results of operations could potentially be affected by the following factors:

- Our ability to manufacture transformers as per the requirement of our clients;
- Our ability to continuously operate and maintain our manufacturing facilities optimally;
- Our ability to continue to source raw material at competitive rates;
- Our ability to manufacture transformers using the latest technologies in terms of modern materials, components and processes.
- Our ability to generate working capital funds at reasonable interest rates.

HUMAN RESOURCES AND INDUSTRIAL RELATION:

The company has maintained very harmonious & cordial Industrial relations. There is continuous emphasis on development of human resources through training. The issues pertaining to workers are resolved in harmonious and in cordial manner through regular interactions. We believe whatever we achieved from where we started our journey long back is the result of efforts of our team. So, we consistently aim to provide a sustainable environment for learning right from the stage of recruitment to retention.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

The Internal audit was carried out by firm of Chartered Accountants, who conduct the audit on the basis of Annual Audit Plan. The processes include review and evaluation of effectiveness of the existing processes, controls and compliances. It also ensures adherence to policies and systems, and mitigation of the operational risks perceived for each areas under audit. Significant observations including recommendations for improvement of the business processes were reviewed by the management before reporting to the Audit Committee. The committee has reviewed the Internal Audit procedures, findings and status of implementation of the agreed action plan.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF TARAPUR TRANSFORMERS LIMITED,

Report on the Financial Statements

We have audited the accompanying financial statements of **TARAPUR TRANSFORMERS LIMITED** ("the Company"), which comprise the Balance sheet as at March 31, 2020, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Management is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified in the Companies (Accounts) Rules, 2015 (as amended) under Section 133 of the Act.

These responsibilities also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial control, that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the financial statements.

Basis for Qualified Opinion

(a) With regard to pending confirmation of balances of trade receivable.

The Company has sent letters to customers in respect of trade receivables for confirming balances as at March 31, 2020, but in most of the cases the customers have not sent written confirmation confirming the balance outstanding as at March 31, 2020. In the absence of confirmation, any provision to be made for adverse variation in the carrying amounts of trade receivable is not quantified.

(b) With regard to unsecured loans given to any party not covered in the register maintained under section 189 of the Companies Act, 2013

The Company has sent balance confirmation letters to parties who are not covered in the register maintained under section 189 of the Companies Act, 2013, but in most of the cases the company have not received written confirmation confirming the balance outstanding as at March 31, 2020. Further in respect of loans granted, repayment of the principal amount was not as stipulated and payment of interest has also not been regular.

(c) Regarding non provision of interest on various loans availed from Canara Bank for the Financial year 2019-2020

The Company has not provided for Interest payable to Canara Bank amounting to Rs.1254.76 Lacs for the year ended 31st March 2020. The Company has also not made any provision for penal interest claimed by the bank. As a result the profit for the year ended 31st March 2020 is overstated by Rs. 1254.76 Lacs & current liabilities as at 31st March, 2020 are also understated by Rs.1254.76 Lacs and reserves are overstated by Rs. 1254.76 Lacs.

(d) Regarding non provision of interest on loans availed from Dhanlaxmi Bank for the Financial year 2019-2020

The Company has not provided for interest payable to Dhanlaxmi Bank amounting to Rs. 34.79 Lacs. for the year ended 31st March 2020. As a result the profit for the year ended 31st March 2020 is overstated by Rs. 34.79 Lacs & current liabilities as at 31st March, 2020 are also understated by Rs. 34.79 Lacs and reserves are overstated by Rs. 34.79 Lacs.

(e) With regarding Physical verification of Inventory:

The company has not conducted periodic physical verification of inventory at reasonable intervals.

In respect of traded stock at Mumbai Head Office, the details of finished goods stock storage location is not available for our verification.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, *except for the effects of the matters described in the basis for qualified opinion paragraph*, the aforesaid financial statements, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and its profit and its cash flows for the year ended on that date.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), as amended, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
 - (c) The Balance Sheet, Statement of profit and Loss, and Cash Flow Statement dealt with by this report are in agreement with the books of account.
 - (d) *Except for the effects of the matters described in the basis for qualified opinion paragraph*, in our opinion, the Balance Sheet, the Statement of Profit and Loss comply with the Accounting Standards specified under section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on March 31, 2020, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020, from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
 - (g) With respect to the other matters included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to our best of our information and according to the explanations given to us:
 - (h) The company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 24 to the financial statements;
 - (i) The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

In the Annexure, as required by the Companies (Auditor's Report) Order, 2015 issued by the Central Government in terms of Section 143 (11) of the Companies Act 2013, on the basis of checks, as we considered appropriate, we report on the matters specified in paragraph 3 and 4 of the said order to the extent applicable to the Company.

- i. (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.
 (b) The fixed assets are physically verified by the Management according to a phased programme designed to cover all the items over a period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the fixed assets has been physically verified by the Management during the year and no material discrepancies have been noticed on such verification.
 (c) The title deeds of immovable properties, as disclosed in Note 2 on fixed assets to the financial statements, are held in the name of the Company.
- ii. The company has not conducted periodic physical verification of inventory at reasonable intervals. In respect of traded stock at Mumbai Head Office, the details of traded stock storage location is not available for our verification.
- iii. The Company has not granted unsecured loans to any companies covered in the register maintained under Section 189 of the Act.
- iv. In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Companies Act, 2013 in respect of the loans and investments made, and guarantees and security provided by it.
- v. In our opinion and according to the information and explanations given to us, the Company has not accepted deposits from the public and therefore, the provisions contained in Sections 73 to 76 of the Act, and Rules framed there under and any directive issued by the Reserve Bank of India are not applicable to the Company.
- vi. As per information and explanation given by the management, the company has maintained cost records as specified under Section 148(1) of the Act. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- vii. According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally irregular in depositing the undisputed statutory dues including Goods and Service Tax, TDS, Professional Tax etc.
 - (a) Following are the dues which are due since more than six months but still not paid or paid at later dates.

(Rs. in Lacs)				
Nature of Statute	Natures of Dues	Amount	the amount relates Period to which	Date of Payment
Central Sales Tax Act	CST	0.27	F.Y.2013-14	Still not paid
Central Sales Tax Act	CST	22.22	F.Y.2016-17	Still not paid

**ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of Tarapur Transformers Ltd. ("the Company") as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:-

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanations given to us and based on our audit, the following weaknesses have been identified as at March 31, 2020.

- a) The Company did not have an appropriate internal audit system.
- b) The Company did not have an appropriate internal control system for inventory with regard to periodic verification of stock.

In our opinion, except for the possible effects of the weakness described above the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2020**1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES -****A. Corporate Information**

Tarapur Transformers Limited ("Company") is a public limited company incorporated and domiciled in India. Its shares are listed on Bombay Stock Exchanges and National Stock Exchange. The Registered office of Company is located at S 105, Rajiv Gandhi Commercial Complex, Ekta nagar, Kandivali (W), Mumbai - 400067

The main activities of the Company are Manufacturing & Repairing, Power & Distribution of Transformers.

The financial statements for the Company were authorized for issue by Company's Board of Directors on July 31 2020.

B. Basis of Preparation

These financial statements of the Company have been prepared in all material aspects in accordance with Indian Accounting Standards (Ind AS) as per rule 4 of The Companies (Indian Accounting Standards) Rules, 2015 notified under section 133 of Companies Act, 2013 ('the Act') and other relevant Provisions of the Act.

These financial statements have been prepared on an accrual basis and under the historical cost basis, except for the following assets and liabilities which have been measured at fair value or revalued amount wherever applicable:

- Derivative financial instruments
- Certain financial assets measured at fair value
- Net defined benefit asset/liability at fair value of plan assets less present value of defined benefit obligations.

C. Current versus non-current classification:

The assets and liabilities in the balance sheet are presented based on current/non-current classification.

An asset is current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle, or
- Held primarily for the purpose of trading, or
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when it is:

- Expected to be settled in normal operating cycle, or
- Held primarily for the purpose of trading, or
- Due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are treated as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

Operating Cycle

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

D. Property, plant and equipment

Freehold land is carried at historical costs. All other items of property, plant and equipment are stated at cost less accumulated depreciation and impairment loss, if any.

Cost includes cost of acquisition, installation or construction, other direct expenses incurred to bring the assets to its working condition and finance costs incurred up to the date the asset is ready for its intended use and excludes Goods and Service Tax (GST) eligible for credit / setoff.

Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in the statement of profit or loss as incurred.

Capital work-in-progress in respect of assets which are not ready for their intended use are carried at cost, comprising of direct costs, related incidental expenses and attributable interest.

All identifiable revenue expenses including interest incurred in respect of various projects / expansion, net of income earned during the project development stage prior to its intended use, are considered as pre-operative expenses and disclosed under Capital Work-in-Progress.

Capital expenditure on Property, Plant and Equipment for research and development is classified under property, plant and equipment and is depreciated on the same basis as other property, plant and equipment.

Property, plant and equipment are eliminated from standalone financial statements, either on disposal or when retired from active use. Losses arising in the case of the retirement of property, plant and equipment and gains or losses arising from disposal of property, plant and equipment are recognized in the statement of profit and loss in the year of occurrence.

The company depreciates property, plant and equipment over their estimated useful lives using written down value method.

The estimated useful lives of assets are as follows:

Buildings (other than factory buildings) – RCC Frame Structures	60 years
Buildings (other than RCC Frame Structure) and Factory Buildings	30 years
Other Plant and Machinery	15 years
Office equipment	5 years
Furniture and Fittings	10 years
Computers and data processing units	3 years
Vehicles (motor cars)	8 years

Depreciation methods, useful lives and residual values are reviewed periodically, including at each financial year end.

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation on the property, plant and equipment is provided on straight line method, over the useful life of the assets, as specified in Schedule II to the Companies Act, 2013. Property, plant and equipment which are added / disposed off during the year, depreciation is provided on pro-rata basis. Premium on Leasehold lands are amortized over the period of lease. Buildings constructed on leasehold land are depreciated based on the useful life specified in Schedule II to the Companies Act, 2013, where the lease period of the land is beyond the life of the building. In other cases, buildings constructed on leasehold lands are amortized over the primary lease period of the lands.

The assets' residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

E. Intangible Assets

Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the assets can be measured reliably.

Intangible assets are stated at cost or acquisition less accumulated amortization and impairment loss, if any.

Internally generated intangibles, excluding capitalized development costs, are not capitalized and the related expenditure is reflected in Statement of profit and loss in the period in which the expenditure is incurred.

Software is amortized over their estimated useful life on straight line basis from the date they are available for intended use, subject to impairment test.

The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates.

Gains or losses arising from derecognition of an intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the assets is derecognised.

F. Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets: Classification:

The Company classifies financial assets as subsequently measured at amortized cost, fair value through other comprehensive income or fair value through profit or loss, on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

Initial recognition and measurement:

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement:

For the purpose of subsequent measurement financial assets are classified in two broad categories:

ñ Financial assets at fair value (FVTPL / FVTOCI)

ñ Financial assets at amortized cost

When assets are measured at fair value, gains and losses are either recognized in the statement of profit and loss (i.e. fair value through profit or loss (FVTPL)), or recognized in other comprehensive income (i.e. fair value through other comprehensive income (FVOCI)).

Financial Assets measured at amortized cost (Net of write down for impairment, if any):

Financial assets are measured at amortized cost when asset is held within a business model, whose objective is to hold assets for collecting contractual cash flows and contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest. Such financial assets are subsequently measured at amortized cost using the effective Interest rate (EIR) method less impairment, if any. The losses arising from impairment are recognized in the Statement of profit and loss.

Financial Assets measured at Fair Value through Other Comprehensive Income ("FVTOCI"):

Financial assets under this category are measured initially as well as at each reporting date at fair value, when asset is held within a business model, whose objective is to hold assets for both collecting contractual cash flows and selling financial assets. Fair value movements are recognized in the other comprehensive income.

**Financial Assets measured at Fair Value through Profit or Loss ("FVTPL"):**

Financial assets under this category are measured initially as well as at each reporting date at fair value with all changes recognized in profit or loss.

Investment in Equity Instruments:

Equity instruments which are held for trading are classified as at FVTPL. All other equity instruments are classified as FVTOCI. Fair value changes on the instrument, excluding dividends, are recognized in the other comprehensive income. There is no recycling of the amounts from other comprehensive income to profit or loss.

Investment in Debt Instruments:

A debt instrument is measured at amortized cost or at FVTOCI. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of profit and loss.

Derecognition of Financial Assets:

A financial asset is primarily derecognized when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

Impairment of Financial Assets:

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the financial assets that are debt instruments and trade receivables.

Financial Liabilities: Classification:

The Company classifies all financial liabilities as subsequently measured at amortized cost or FVTPL.

Initial recognition and measurement:

All financial liabilities are recognized initially at fair value and, in the case of loans, borrowings and payables, net of directly attributable transaction costs.

Financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

Subsequent measurement:

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Interest-bearing loans and borrowings are subsequently measured at amortized cost using the Effective Interest Rate (EIR) method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

Derecognition of Financial Liabilities:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Derivative Financial Instrument:

The Company uses derivative financial instruments, such as forward currency contracts to mitigate its foreign currency risks. Such derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

G. Inventories

Raw materials and packing materials are valued at lower of cost and the net realizable value, cost of which includes duties and taxes (net of Goods and Service Tax (GST) wherever applicable). Cost of imported raw materials and packing materials lying in bonded warehouse includes customs duty. Finished products including traded goods and work-in-progress are valued at lower of cost and net realizable value. Cost is arrived on moving weighted average basis.

The cost of Inventories have been computed to include all cost of purchases, cost of conversion, appropriate share of fixed production overheads based on normal operating capacity and other related cost incurred in bringing the inventories to their present condition.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

Slow and non-moving material, obsolesces, defective inventory are fully provided for and valued at net realizable value.

Goods and materials in transit are valued at actual cost incurred up to the date of balance sheet. Materials and other items held for use in production of inventories are not written down, if the finished products in which they will be used are expected to be sold at or above cost.

H. Cash And Cash Equivalent

Cash and Cash Equivalents comprise of cash on hand and cash at bank including fixed deposit/ highly liquid investments with original maturity period of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

I. Cash Flow Statement

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or

payments and item of income or expenses associated with investing or financing cash flows. The cash flow from operating, investing and financing activities of the Company are segregated.

J. Foreign Currency Transactions

Revenue Transactions denominated in foreign currencies are normally recorded at the exchange rate prevailing on the date of the transaction.

Monetary items denominated in foreign currencies at the year-end are re-measured at the exchange rate prevailing on the balance sheet date. Non-monetary foreign currency items are carried at cost.

Any income or expense on account of exchange difference either on settlement or on restatement is recognized in the Statement of Profit and Loss.

K. Revenue Recognition

Revenue from sale of goods is recognized, when all significant risks and rewards are transferred to the buyer, as per the terms of contracts and no significant uncertainty exists regarding amount of the consideration that will be derived from the sale of goods.

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made.

Revenue is measured at the fair value of the consideration received or receivable. Amount disclosed as revenue are inclusive of excise duty, excluding Goods and Service tax (GST) collected on behalf of the government, and net of returns, trade discount/allowances, rebates, and amounts collected on behalf of third parties.

Revenue from sale of technology / know how (rights/licenses and other intangibles) are recognized when performance obligation is completed as per the terms of the agreement. Incomes from services are recognized when services are rendered.

Dividend income is recognized when right to receive dividend is established. Interest income is recognized on time proportion basis. Insurance and other claims are recognized as a revenue on certainty of receipt on prudent basis. Export benefits available under prevalent schemes are accounted to the extent considered receivable.

L. Employee Benefits

All employee benefits payable wholly within twelve months rendering service are classified as short term employee benefits. Benefits such as salaries, wages, short-term compensated absences, performance incentives etc., and the expected cost of bonus, ex-gratia are recognized during the period in which the employee renders related service.

M. Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

N. Lease

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, whether fulfillment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement.

Assets acquired on leases where a significant portion of the risks and rewards of ownership are retained by lessor are classified as operating leases. Leases rentals are charged to the statement of profit and loss on straight line basis.

O. Government Grants

Government grants are initially recognized as deferred income at fair value if there is reasonable assurance that they will be received reasonable assurance that they will be received associated with the grant;

- In case of capital grants, they are then recognized in Standalone Statement of Profit and Loss as other income on a systematic basis over the useful life of the asset.
- In case of grants that compensate the Company for expenses incurred are recognized in Standalone Statement of Profit and Loss on a systematic basis in the periods in which the expenses are recognized.

Export benefits available under prevalent schemes are accrued in the year in which the goods are exported and there is no uncertainty in receiving the same.

P. Earnings Per Share

Basic Earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

Q. Income Taxes

Income tax expense comprises current and deferred income tax. Income tax expense is recognized in net profit in the statement of profit and loss except to the extent that it relates to items recognized directly in equity, in which case it is recognized in other comprehensive income. Current income tax for current and

prior periods is recognized at the amount expected to be paid to or recovered from the tax authorities, using the tax rates and tax laws that have been enacted by the balance sheet date. Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized. The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Minimum Alternate Tax ("MAT") credit is recognized as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the period for which the MAT credit can be carried forward for set-off against the normal tax liability. MAT credit recognized as an asset is reviewed at each Balance Sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

R. Dividends to Shareholders

Annual dividend distribution to the shareholders is recognized as a liability in the period in which the dividends are approved by the shareholders. Any interim dividend paid is recognized on approval by Board of Directors. Dividend payable and corresponding tax on dividend distribution is recognized directly in equity.

S. Provisions, Contingent Liabilities, Contingent Assets and Commitments General

Provisions (legal or constructive) are recognized when the Company has a present obligation (legal or constructive) as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made.

Provisions (excluding retirement benefits and compensated absences) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

If there is any expectation that some or all of a provision to be reimbursed, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any virtually certain reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risk specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liability is disclosed in the case of:

- a present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation;
- a present obligation arising from past events, when no reliable estimates is possible;
- a possible obligation arising from past events, unless the probability of outflow of resources is remote.

Contingent liabilities are not recognized in the standalone financial statements. Contingent assets are neither recognized nor disclosed in the financial statements.

Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets and Non-cancellable operating lease.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date

Asset Retirement Obligation

Asset retirement obligations (ARO) are provided for those operating lease arrangements where the Company has a binding obligation at the end of the lease period to restore the leased premises in a condition similar to inception of lease. ARO are provided at the present value of expected costs to settle the obligation using discounted cash flows and are recognized as part of the cost of that particular asset. The cash flows are discounted at a current pre-tax rate that reflects the risks specific to the decommissioning liability. The unwinding of the discount is recognized in the income statement as a finance cost. The estimated future costs of decommissioning are reviewed annually and adjusted as appropriate. Changes in the estimated future costs or in the discount rate applied are added to or deducted from the cost of the asset.

T. Fair Value Of Financial Instruments

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an assets or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.

For financial assets and liabilities maturing within one year from the balance sheet date and which are not carried at fair value, the carrying amounts are more or less equal to the fair value due to the short maturity of these instruments.

U. Recent accounting pronouncements Standards issued but not yet effective

The Ministry of Corporate Affairs in March 2018 has re-notified Ind AS 115, Revenue from Contracts with Customers. Earlier, this Standard was omitted and two other standards, Ind AS 11, Construction Contracts and Ind AS 18, Revenue had been notified in its place. Now, after re-notification of Ind AS 115, Ind AS 11 and Ind AS 18 would be redundant. Ind AS 115 deals with recognition of revenue arising from sale of goods, rendering of services, interest, royalties and construction contracts. It is a converged form of IFRS 15, Revenue from Contracts with Customers. Ind AS 115 shall be applied from financial years beginning on or after 1st April, 2018.

These amendments are not expected to have any impact on the Company.

34. Term Deposit Receipts wherever obtained are endorsed in favor of Banks and Government Departments against Bank Guarantee, L/C Facility etc.
35. Disclosure pursuant to adoption of Indian Accounting Standard 19 Gratuity liability for the year is determined on actuarial valuation by the Life Insurance Co of India with whom the company has taken a policy for the settlement of future liability.
36. Some of the Creditors / Debtors / Loans / Advances are subject to Confirmations and resultant reconciliation, if any.
37. The Company has not received any intimation from the suppliers under the Micro, Small & Medium Enterprises Development Act 2006 & therefore disclosures, if any relating to amounts unpaid as at the year end together with interest paid/payable as required under the said Act have not been given.
38. In terms of the requirements of the Indian Accounting Standards-36 on "Impairment of Assets" issued by the Institute of Chartered Accountants of India, the amount recoverable against Fixed Assets has been estimated for the period by the management based on present value of estimated future cash flows expected to arise from the continuing use of such assets. The recoverable amount so assessed was found to be adequate to cover the carrying amount of the assets, therefore no provision for impairment in value thereof has been considered necessary, by the management.
39. As per the best estimate of the management, no provision is required to be made as per Indian Accounting Standard (Ind AS) 37 "Provision, Contingent Liabilities & Contingent Assets", in respect of any present obligation as a result of a past event that could lead to a probable outflow of resources which would be required to settle the obligation.
40. Sundry Debtors as on the date of Balance Sheet are net of amounts received after discounting of Letter of Credits.
41. Previous Year Figures have been regrouped / Re cast wherever necessary.
