About Neogen Chemicals Limited

Incorporated in 1989, Neogen Chemicals Ltd. (NSE Code: NEOGEN; BSE Code: 542665) is India's one of the leading manufacturers of Bromine-based and Lithium-based specialty chemicals. Its specialty chemicals product offerings comprises of Organic as well as Inorganic chemicals. Its products are used in pharmaceutical and agrochemical intermediates, engineering fluids, electronic chemicals, polymer additives, water treatment, construction chemicals, and aroma chemicals, flavours and fragrances, specialty polymers, Chemicals and Vapour Absorption Chillers - original-equipment manufacturers and with new upcoming usage in lithium-ion battery materials for energy storage and Electric Vehicles (EV) application. Over the years, Neogen has expanded its range of products and at present, manufactures an extensive range of specialty chemicals which find application across various industries in India and the world. It has a product portfolio of over 242 products.

In addition to manufacturing specialty chemicals, Neogen also undertakes custom synthesis and contract manufacturing where the product is developed and customised primarily for a specific customer, but process know-how and technical specifications are developed in-house.

The Company has recently announced plans to utilise its three decades of experience in Lithium Chemistry to manufacture Lithium-Ion battery materials with an initial investment plan of manufacturing electrolytes and Lithium salts needed for electrolytes.

The Company operates out of its three manufacturing facilities located in Mahape, Navi Mumbai in Maharashtra and, Dahej SEZ, Bharuch as well as Karakhadi, Vadodara in Gujarat.
