2. FINANCIAL PERFORMANCE

Financial year 2018-19 witnessed many external challenges in the form of fluctuating cotton prices, demand constraints and tight liquidity conditions. Despite this, your company was able to improve its revenue to Rs.548.15 Cr. in FY 2018-19 from Rs.522.84 Cr. in the FY 2017-18. Exports were higher at Rs.306.40 Cr. in FY 2018-19 as against Rs.289.74 Cr. in the previous FY 2017-18. Operating Profit (EBITDA) was higher at Rs. 36.67 Cr. as against Rs.31.38 Cr. in the previous year. Consequently, the net loss for the FY 2018-19 was lower at Rs.2.36 Cr. compared to the loss of Rs.4.34 Cr. in the previous FY 2017-18.

As regards the debt position, your company has since repaid 68% (Rs.173 Cr) of the outstanding debt of Rs.255 Cr. as at the date of the CDR i.e., 1st April, 2012. However, on account of continued stress in liquidity position, your company is in discussion with its Lenders to restructure its outstanding debts of Rs.82 Cr. as on date under RBI's prudential framework for resolution of stressed assets circular of 7th June 2019.

3. DIVIDEND

In view of the losses for the financial year ended 31st March 2019, the Board of Directors regret their inability to recommend any dividend for the year 2018-19 and accordingly, has not recommended / proposed declaration of any dividend.

4. MANAGEMENT DISCUSSION AND ANALYSIS

The Management Discussion and Analysis Report on the operations of the Company, as required under the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred to as "Listing Regulations") is provided in a separate section and forms an integral part of this Report.

5. PUBLIC DEPOSITS

The Company does not have "Deposits" as contemplated under Clause V of the Companies Act 2013. Further, the company has not accepted any such deposits during the year ended 31st March 2019.

6. CORPORATE GOVERNANCE

The Company has always strived to adopt appropriate standards for good Corporate Governance.

As per Regulation 34 (3) read with Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, a separate section on Corporate Governance practices followed by the Company, together with a Certificate from the Company's Auditors as well as Practicing Company Secretary confirming compliance, forms an integral part of this Report.

7. DIRECTORS AND KEY MANAGERIAL PERSONS

The leading exporters of cotton may be USA, India, West Africa Region, Brazil and Australia. Over the last 10 years, area under cotton across the world averaged around 32 million hectares, and is expected to reduce marginally in coming season. India has world's largest area under cotton cultivation, around 40% of the total cotton area in the world, and is also the largest producer of cotton having around 25% share with around 6 million tons of cotton being produced. It is relevant to mention here that in spite of world's largest area under cotton cultivation, the yield per hectare is at 499 kilograms, which is one of the lowest in the world. It is imperative that we make vigorous efforts to increase the yield per hectare to at least world average of 750 kilograms per hectare.

The cotton supplies in international market were affected due to decrease in production in major producing countries like USA, Pakistan and Australia. ICAC's forecast for 2018-19 is 87 cents per pound, with cotlook A index expected to range between 84 cents to 91 cents.

However, the ongoing trade war between USA and China, who have substantial presence in world trade, will continue to impact this sector.

INDIAN TEXTILE INDUSTRY

The Indian Textiles and Clothing market, which was around USD 102 billion in 2018 is expected to reach USD 225 billion by 2024, with CAGR of 14.2%. Exports of Textiles & Clothing have marginally increased and reached a level of USD 37.5 billion. Though there was a decline in apparel exports, exports of cotton yarn, fabrics, and made-ups have grown marginally. During the Post-GST scenario, the export performance of textiles and clothing has deteriorated due to significant drop in export benefits.

The Spinning capacity, Cotton yarn production and cotton yarn exports for last five years are given below;

Year	Spindles (Millions)	Production (Million Kg)	Exports (Million Kg)	Exports (USD Million)
2014-15	49.44	4055	1243	3902
2015-16	50.14	4138	1292	3559
2016-17	51.18	4061	1140	3352
2017-18	52.42	4059	1080	3425
2018-19	52.47	3599	1259	3895

For increasing employment in textile sector as well as productivity and quality, the Ministry of Textiles introduced Textile Upgradation Fund Scheme (TUFS) in April 1999. The said Scheme underwent many changes on different occasions with introduction of Modified TUFS, Restructured TUFS, Revised Restructured TUFS and finally Amended TUFS, covering different segments. The total investment attracted in the entire industry amounted to Rs.324.5 thousand crores and subsidy reimbursement towards interest and capital subsidy amounted to Rs.26.5 thousand crores, with employment generated to the tune of 47.65 lakhs as reported last. The spinning and composite segments of the textile sector are major beneficiaries under the Scheme. The package announced by the Government during 2016-17 in favour of garmenting and made-up sector was increased to Rs.7148 thousand crores from Rs.6000 thousand crores, was available up to March, 2019.

RAW COTTON SCENARIO IN INDIA

Global Cotton Production

Global production in 2018-19 was slightly over at 25.75 Million Tonnes, it was lower by 3.4% of previous year production, at the same time consumption has increased to 26.66 Million tonnes, just 1.1% higher than previous year consumption. Cotton consumption has been steadily increasing from season to season. This has resulted in decrease in year ending stock which was estimated at 17.85 Million tonnes, 4.8% lower than previous year ending stock.

The growing demand for cotton, changing trade policies and trade dispute between USA & China are contributing uncertainty in the global cotton outlook. The global trade in cotton during 2018-19 has increased to 9.45 million tonnes, an increase of around 4.5% over previous year.

Domestic Production Scenario

2018-19 season has commenced with opening stock of 42.91 Lakh bales, 2% lower than previous season opening stock

MANAGEMENT DISCUSSION & ANALYSIS (Contd...)

and lower production of 337 Lakh bales, 8.1% lower than previous season production. However as cotton imports have been estimated at 22 Lakh bales, higher than previous season import of 15.8 Lakh bales, this resulted in the availability of 401.9 Lakh bales, 6.5% lower than previous season availability of 429.5 Lakh bales. On the demand side domestic demand estimated at 311.50 Lakh bales, 2.4% lower than previous season demand of 319.06 Lakh bales. Global demand for cotton exports expected at 50 Lakh bales, 26% lower than previous season export of 67.59 Lakh bales. Season ending stock worked out to 40.41 Lakh bales, marginally lower than previous season ending stock of 42.91 Lakh bales.

Generally, the cotton yarn price does not increase in same proportion as increase in raw cotton prices as demand and supply of cotton yarn moves independently. Also, change in cotton price in India does not necessarily follow international trend. This is because high MSP (Minimum Support Price) of cotton protects the fall up to a level in spite of decline in international market. Normally, the MSP is increased by 4%, however, percentage increases have been steeper since year 2011-12 ranging anywhere from 10% to 28%.

As for 2018-19 season, a huge increase in MSP was announced for medium staple cotton from Rs.4,020 per quintal to Rs.5,150 (28%) and long staple cotton from Rs.4,320 to Rs.5,450 (26%) as committed in the Union Budget 2018-19 (MSP to be fixed at 1.5 times of cost of production).

Though the steep increase in MSP would have some impact on the predominantly cotton based Indian textile industry and cotton exports in the short run, it would greatly help the farmers to sustain their financial viability (cultivating cotton) and retaining the area under cotton.

BUSINESS OVERVIEW, INDUSTRY DEVELOPMENTS, OPPORTUNITIES AND THREATS

The Company is engaged in business of manufacture and export of high quality combed cotton yarns. The yarn is manufactured from the world's best sources of long and extra long staple cotton like American Supima, Egyptian Giza, contamination free Australian and American cottons and superior Indian cotton like Shankar-6 and DCH-32. The company manufactures yarns of various counts ranging from NE 20's to NE 100s. Permutations and combinations in spinning and finishing process results in yarns of varied qualities for specific end users. The company was amongst the first in India to manufacture compact yarn using the breakthrough technology of compact spinning, and also uses state-of-art machineries across its plants. The Company has 2 plants at Palakkad in Kerala and Ponneri in Tamil Nadu having a capacity of 1,14,000 spindles, consisting of 70,752 Compact Spinning and 43,248 Ring Spinning, and also capacity for value added products ie. Twisting, Gassing and Soft winding.

The promoters have 5 decades of experience in spinning industry with its first unit in Kerala in 1966. The company derives its strength from rich experience of promoters in marketing of cotton yarns in international market for over 3 decades. The company has built up an excellent customer base over the years by supplying consistent quality and timely deliveries of yarns. With flexibility to produce varied counts of cotton yarns, carded, combed, single and twisted, multi fold and gassed, the company is able to retain its customers

For Spinning industry, raw material is cotton, which is a seasonal product, the cultivation of which is mainly rain-fed and as such dependent on vagaries of monsoon. Adequate availability of raw cotton at right price is crucial for the company. However, as import of cotton is freely allowed, and since the company is exporting a part of its production, the risk of cotton availability as well as exchange rate fluctuation is partly mitigated.

The Government has announced Amended Textile Up-gradation Fund Scheme (ATUFS) for giving required thrust to post spinning segment. However, spinning segment is kept out of TUF Schemes which is a matter of concern for units which were set up in early 2000. These units require upgradation, modernization and or replacement. The government should seriously formulate such a scheme with fiscal support. It is estimated that 15-20 Million spindles may require such technical upgradation.

Goods and Service Tax (GST) Scheme which was introduced from 1st July 2017 initially caused a lot of difficulties. However, with greater understanding and modification of the GST system, the Textile Industry and Trade are in much comfortable state. However, strangely many of the benefits like interest subvention, duty draw back and MEIS which were available for exports of cotton yarn have been now denied to this sector. If these benefits are restored it will help the cotton yarn spinning mills immensely.

RISK AND CONCERNS

- a. Raw Cotton, an agricultural product, is the key raw material used for the manufacture of cotton yarn. Almost 65 percent of area under cotton cultivation is rain-fed and hence is dependent on vagaries of monsoon, which this year has shown uncertain signs so far. Adequate availability of raw cotton at right prices is crucial for the Company. Any disruption in the supply and/or violent changes in the cost structure would affect the profitability of the Company.
- b. Your Company follows an efficient inventory management system and a well-crafted strategy of procuring raw materials through a mix of spot and long-term contracts. The company's conscious efforts on maintaining a judicious mix of markets for its sales and thrust on specialty products like Better Cotton Initiative (BCI), Supima yarns and Giza yarns have also proved to be beneficial.

MANAGEMENT DISCUSSION & ANALYSIS (Contd...)

- c. Volatility in foreign currency exchange rates vis-a-vis Indian Rupee is another area of concern since a sizable production of cotton yarn is exported by your company. The Company has in place various Management Information Systems, which enable the management to take decisions on exposures relating to exports and imports. The Company continues to strengthen these systems to minimize the risk involved due to adverse movement of exchange rates.
- d. Your Company has a system of assessing the risks on an ongoing basis. This includes an effective internal control and management reporting system. Further, the framework also captures the existing practices to manage commodity price risk, interest risk, and foreign exchange risk etc. An important aspect of this framework is to promote a balanced approach that considers risk and return.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has a proper and adequate internal control system to ensue that all assets are safeguarded and protected against loss from unauthorised use or disposition and that all transactions are authorized, recorded and reported correctly. The internal control is supplemented by an extensive programme of internal audits, review by management and documented policies, guidelines and procedures. The internal control is designed to ensure that financial and other records are reliable for preparing financial statements and other data and for maintaining accountability of assets.

MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED

The Company recognizes the importance and contribution of its human resources for its growth and development and is committed to the development of its people. The Company has been adopting methods and practices for Human Resources Development. With utmost respect to human values, the Company continues to develop its human resources, through a variety of services by providing appropriate training, motivation techniques and employee welfare activities.

Industrial relations were cordial and satisfactory.

As on 31st March, 2019, the Company has about 1631 employees in its various offices and factory.

CAUTIONARY STATEMENT

Statements made in this report describing the Company's projections, estimates, expectations or predictions may be 'forward looking predictions' within the meaning of applicable securities laws and regulations. Actual result may differ from such estimates, projections, etc. whether expressed or implied. Factors which would make a significant difference to the Company's operations include availability of quality raw cotton, market prices in the domestic and overseas markets, changes in Government regulations and tax laws, economic conditions affecting demand / supplies and other environmental factors over which the Company does not have any control.

Responsibility of Management and Those Charged with Governance for the Ind AS Financial Statements

5. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Standalone) specified under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring

INDEPENDENT AUDITOR'S REPORT (Contd...)

the accuracy and completeness of accounting records, relevant to the preparation and presentation of the AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

6. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
7. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements:

8. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
9. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
 - (i) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - (ii) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - (iii) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - (iv) Conclude on the appropriateness of management's use of the ecern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - (v) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
10. Materiality is the magnitude of misstatements in the Standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.
11. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
12. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements:

13. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub section (11) of section 143 of the Companies Act, 2013, we give in "Annexure - A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
14. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

INDEPENDENT AUDITOR'S REPORT (Contd...)

- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

INDEPENDENT AUDITOR'S REPORT (Contd...)

Annexure - B to the Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of **Patspin India Ltd** ("the Company") as at 31st March, 2019 in conjunction with our audit of the financial statements of the Company for the year ended and as at on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements reporting

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that,

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements reporting

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

INDEPENDENT AUDITOR'S REPORT (Contd...)

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at 31st March 2019, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance

Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2019

Significant Accounting Policies and notes forming part of the Financial statements as at and for the year ended 31st March, 2019.

1 Corporate Information:

Patspin India Limited ('the company') is a Public Limited company incorporated and domiciled in India, and has its registered office at 3rd Floor, Palal Towers, Ravipuram, MG Road, Kochi -682016 Kerala State, India. The company has been incorporated under the provisions of Indian Companies Act and its equity shares are listed on the National Stock Exchange (NSE) and Bombay Stock Exchange (BSE) in India. The Company is engaged primarily in the business of manufacture and Sale of Fine and super fine combed cotton yarn.

2 Significant Accounting Policies

2.1 Basis of preparation of financial statements:

The financial statements of the company have been prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under section 133 of the Companies Act 2013 read with Rule 4 of the Companies (Indian Accounting Standards) Rules, 2015 and the companies (Indian Accounting Standards) Amendment Rules, 2016. and other relevant provisions of the Act.

2.2 Rounding of amount

These standalone financial statements are presented in Indian Rupees, which is also the company's functional currency. All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, of the Companies Act 2013, unless otherwise stated

2.3 Historical Cost convention

The financial statements have been prepared under the historical cost convention, on the basis of a going concern and on accrual basis except for the following items –

- a. Certain Financial Assets and Liabilities (including derivative instruments) – are measured at Fair value
- b. Defined benefit employee plan - Plan assets measured at fair value

2.4 Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities on the date of financial statements and reported amounts of revenue and expenses of the reporting period. The recognition, measurement, classification or disclosure of an item or information in the financial statements is made relying on these estimates.

The estimates and judgements used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of the future events) that the Company believes to be reasonable under the existing circumstances. Actual results could differ from these estimates. Any revision to accounting estimates is recognised prospectively.

2.5 Classification of Assets and Liabilities

All assets and liabilities have been classified as current or noncurrent as per the company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realisations in cash and cash equivalents, the company has ascertained its operating cycle as 12 (twelve) months for the purpose of current and non-current classification of assets and liabilities.

2.6 Property, Plant and Equipment:

All items of property, plant and equipment are stated at cost net of accumulated depreciation and impairment, if any. The cost comprises its purchase price and any cost directly attributable to bringing the Property, Plant and Equipment to its working condition for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Any gain or loss on disposal of an item of property, plant and equipment is recognized in the statement of profit or loss. Property, plant and equipment are eliminated from financial statements, either on disposal or when retired from active use. Losses arising from the retirement of and gains or losses arising from disposal of Property, plant and equipment are recognised in the statement of profit and Loss

The cost of property, plant and equipment which are not ready for their intended use before such date, are disclosed as capital work-in-progress.

The Company assesses at each Balance Sheet date whether there is any indication that any property, plant and equipment may be impaired, if any such indication exists, the carrying value of such property, plant and equipment is reduced to recoverable amount and the impairment loss is charged to statement of profit and Loss. If at the Balance

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2019 (Contd.)

sheet date there is any indication that a previously assessed impairment loss no longer exists, then such loss is reversed, and the asset is restated to that extent.

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognized as at 1st April 2016, measured as per the previous GAAP, and use that carrying value as the deemed cost of such property, plant and equipment except Free hold Land for which the company had adopted revaluation model pursuant to the para 29 & 31 of Ind AS 16 and recognised revalued cost as its deemed cost as at 1st April 2016.

Revaluation of freehold land would be carried at sufficient regularity to ensure that the carrying amount does not differ materially from that which would be determined using fair value at the the end of the reporting period.

2.7 Depreciation:

Depreciation has been provided on straight line method based on useful life of Assets as prescribed in Schedule II to the Companies Act, 2013.

Depreciation is provided pro-rata from the date of capitalisation. Depreciation is calculated on the carrying amount, which is the cost of an asset less its residual value.

2.8 Intangible Assets

Intangible assets are carried at cost, net of accumulated amortization and impairment losses, if any. Cost of an intangible asset comprises of purchase price and attributable expenditure on making the asset ready for its intended use.

The company assesses at each Balance sheet date whether there is any indication that any intangible asset may be impaired, if any such indication exists, the carrying value of such intangible asset is reduced to recoverable amount and the impairment loss is charged to statement of profit and Loss. If at the Balance sheet date there is any indication that a previously assessed impairment loss no longer exists, then such loss is reversed, and the asset is restated to that extent.

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its Intangible Assets recognized as at 1st April 2016, measured as per the previous GAAP, and use that carrying value as the deemed cost of Intangible Assets.

2.9 Amortization:

Intangible assets are amortized based on their estimated useful lives.

2.10 Investments

Investment in Government securities are "Carried at amortised cost"

Investments in unquoted equity shares are recognised at Cost .As these shares were purchased as per the contract and on termination these shares will be bought back at cost.

2.11 Inventories

Inventories are stated at lower of cost and net realisable value. Goods in process is stated at cost. The cost includes cost of purchase, freight taxes and duties and is net of input credit where applicable, cost of conversion and other cost incurred in bringing the inventories to their present location and condition. Raw Material is stated at "weighted average" cost method and for finished goods "Specific identification" cost method.

2.12 Financial Assets / Liability Policy:

a. Financial Assets

Classification and Measurement

All the financial assets are initially measured at fair value. Transactions costs that are directly attributable to the acquisition of financial asset (other than financial assets carried at fair value through profit and loss) are added to or deducted from the fair value measured on initial recognition of financial asset.

Subsequent measurement

Subsequent measurement of financial assets depends on the classification i.e financial assets carried at amortised cost or fair value (either through other comprehensive income or through profit and loss). Such classification is determined on the basis of Company's business model for managing the financial assets and the contractual terms of the cash flows.

The Company's financial assets primarily consists of cash and cash equivalents, trade receivables, balance with statutory authority, loans and advances and security deposits etc which are classified as financial assets carried at amortised cost.

Amortised cost

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost.

A gain or loss on an financial assets that is subsequently measured at amortised cost is recognized in profit or loss

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2019 (Contd.)

when the asset is derecognized or impaired. Interest income from these financial assets is recognized using the effective interest rate method.

Impairment of financial assets

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. For trade receivables, the company provides for lifetime expected credit losses recognized from initial recognition of the receivables.

De-recognition of financial assets

A financial assets is de-recognised only when the Company has transferred the rights to receive cash flows from the financial asset or Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

b. Financial liabilities

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction cost.

The Company's financial liabilities include trade and other payables.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss :

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognized in the profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/losses attributable to changes in own credit risks are recognized in OCI. These gains/losses are subsequently transferred to P&L. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognized in the statement of profit or loss.

De-recognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the term of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amount is recognized in the statement of profit or loss.

Derivative financial instruments:

Derivative financial instruments such as future contracts are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value with changes in fair value recognised in the Statement of Profit and Loss in the period when they arise.

2.13 Fair Value Measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2019 (Contd.)

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above."

2.14 Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, considering contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Sale of Goods

Revenue from sale of goods are recognised on transfer of significant risk and rewards of ownership to the buyer which generally coincides with shipment. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

Rendering of Services :

Service revenues are recognised when services are rendered, and when the outcome of the transaction can be estimated reliably.

Dividend, Interest income, Claims:

Dividend income from investments is recognised when the Company's right to receive dividend is established provided it is probable that the economic benefits associated with the dividend will flow to the Company as also the amount of dividend income can be measured reliably.

Interest income from a financial asset is recognised on a time basis, by reference to the principal outstanding using the effective interest method provided it is probable that the economic benefits associated with the interest will flow to the Company and the amount of interest can be measured reliably.

Insurance and other Claim are accounted for when no significant uncertainties are attached to their eventual receipt.

2.15 Borrowings:

Borrowings are initially recognised at net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction cost) and the redemption amount is recognised in the Statement of Profit and loss over the period of borrowings using the effective interest method.

2.16 Borrowing cost

Borrowing costs attributable to acquisition and construction of qualifying assets are capitalised as a part of the cost of such asset upto the date when such asset is ready for its intended use. All other Borrowing costs are charged to Statement of Profit and Loss in the year in which they are incurred.

2.17 Short-term Employee Benefits

Short Term employee benefits including accrued liability for Leave Encashment (other than termination benefits) which are payable within 12 (twelve) months after the end of the period in which the employees render service are paid/ provided during the year, as per the Rules of the Company.

Defined Contribution Plans:

Company's contributions paid/payable during the year to Provident and Family Pension Funds, and Employees State Insurance are recognized in the Statement of Profit and Loss.

Defined Benefit Plans:

The Employees' Gratuity Fund Scheme covered by the Group Gratuity cum-Life Assurance Policy of LIC of India is a Defined Benefit Plan. The present value of obligation is determined based on actuarial valuation using Projected Unit Credit Method which recognizes each period of service as giving rise to additional amount of employees benefit entitlement and measures each unit separately to build up the final obligation.

2.18 Foreign currency Transactions

Initial recognition:

Transactions in Foreign Currencies entered into by the Company are accounted at the exchange rate prevailing on the date of the transaction.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2019 (Contd.)

Measurement:

Foreign Currency monetary items of the Company outstanding at the balance sheet date are restated at year end exchange rates.

Non-monetary items carried at historical cost are translated using the exchange rates at the dates of initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on transaction of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item.

Treatment of exchange difference

Exchange differences arising on settlement/restatement of foreign currency monetary assets and liabilities of the Company are recognised as income or expenses in the Statement of Profit and Loss

2.19 Taxation

- a Current tax is made on the basis of estimated taxable income for the year or computed in accordance with the Income-Tax Act, 1961 and recognized in the statement of Profit and Loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.
- b Deferred tax on account of timing differences, between taxable income and accounting income is recognized using the tax rates and laws that have been substantively enacted as of the balance sheet date. Deferred tax assets are recognized to the extent there is reasonable certainty that these would be realized in future
- c Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.20 Provisions and Contingent Liabilities:

Provisions: Provisions are recognized when there is a present legal or constructive obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date and are not discounted to its present value. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent Liabilities:

Contingent liabilities is a possible obligation in the normal course of business arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is termed as a contingent liability.

The Company does not recognise a contingent liability but disclose its existence in the financial statemnets.

2.21 Cash Flow Statement:

Cash flows are reported using the indirect method, whereby profit / loss before extraordinary items and tax for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments. Cash flows from operating, investing and financing activities of the Company are segregated.

2.22 Cash and Cash equivalents Policy:

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

2.23 Earnings per Share:

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

2.24 Exceptional Items:

When an item of income or expense within profit or loss from ordinary is of such size, nature or incidence that their disclosure is relevant to explain the performance of the company for the year, the nature and amount of such items is disclosed as exceptional items.

32 Employee Benefits Plan

Gratuity:

In accordance with the applicable laws, the Company provides for Gratuity, a defined benefit retirement plan ("The Gratuity Plan") covering eligible employees. The Gratuity plan provides for a lump sum payment to vested employees on retirement (subject to the completion of 5 years of continuous employment), death, incapacitation or termination of the employment are based on last drawn salary and tenure of employment.

Liabilities with regard to the Gratuity Plan are determined by actuarial valuation on the reporting date and the Company makes annual contribution to the Gratuity Fund administered by Life Insurance Corporation of India, which is basically a year-on-year cash accumulation plan. Though company has not fully funded to LIC, adequate provision has been made in the Books of accounts. As part of the scheme the interest rate is declared on yearly basis and is guaranteed for a period of one year. The insurance company, as part of the policy rules, makes payment of all gratuity settlements during the year subject to sufficiency of funds under the policy.

These risks may be caused by the internal and external factors resulting into impairment of the assets of the Company causing adverse influence on the achievement of Company's strategies, operational and financial objectives, earning capacity and financial position.

The Company has formulated an appropriate policy and established a risk management framework which encompasses the following process.

- identify the major financial risks which may cause financial losses to the company
- assess the probability of occurrence and severity of financial losses
- mitigate and control them by formulation of appropriate policies, strategies, structures, systems and procedures
- Monitor and review periodically the adherence, adequacy and efficacy of the financial risk management system.

The Company enterprise risk management system is monitored and reviewed at all levels of management, Internal Auditors, Audit Committee and the Board of Directors from time to time.

Credit Risk

Credit Risk refers to the risks that arise on default by the counterparty on its contractual obligation resulting into financial loss to the company. The company may carry this Risk on Trade and other receivables, liquid assets and some of the non current financial assets.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2019 (Contd.)

In case of Trade receivables, the company has framed appropriate policy for extending credits period & limit to each customer based on their profile, financial position etc. The collections of trade dues are strictly monitored . In case of Export customers, even credit guarantee insurance is also obtained wherever required.

Company's exposure to Credit Risk is also influenced by the concentration of risk from top five customers. The details in respect of the % of sales generated from the top customer and top five customers are given hereunder.

Particulars	Current Year	Previous Year
Revenue from Top Customer	8.54%	11.71%
Revenue from Top Five Customers	30.16%	30.93%

The credit risk on cash & cash equivalent, investment in fixed deposits, liquid funds and deposits are insignificant as counterparties are banks with high credit ratings assigned by the rating agencies of international repute.

Liquidity Risk

Liquidity Risk arises when the company is unable to meet its short term financial obligations.

The company maintains liquidity in the system so as to meet its financial liabilities .

Contractual maturities of financial liabilities are given as under:

Amount (₹ in lacs)

Particulars	As at 31st March 2019	Due within 12 months from Balance sheet Date	Due beyond 12 months of Balance Sheet Date
Borrowings	18,082.78	11,196.50	6,886.28
Trade payables	10,188.51	10,188.51	-
Other Financial Liabilities	205.30	205.30	-

Interest Rate Risk

Generally market linked financial instruments are subject to interest rate risk. The company does not have any market linked financial instruments both on the asset side as well liability side. Hence there no interest rate risk linked to market rates.

However the interest rate in respect of major portion of borrowings by the Company from the banks and others are linked with the MCLR / Base Prime lending rate of the respective lender. Any fluctuation in the same either on higher side or lower side will result into financial loss or gain to the company.

The amount which is subjected to the change in the interest rate is of ₹ 7208.71 lacs out of the total debt of ₹ 18082.77 Lacs

Based on the Structure of the debt as at year end, a half percentage point increase in the interest rate would cause an additional expense in the net financing cost of ₹ 36.04 Lacs on annual basis.

Foreign Currency Risk

The company is exposed to the foreign currency risk from transactions & translation. Transactional exposures are arising from the transactions entered in foreign currency. Management keeps a close watch of the maturity of the financial assets in foreign currency and payment obligations of the financial liabilities.

Particulars of unhedged Foreign Currency exposures as at 31 st March 2019 are as given below:

Particulars	As at 31.03.2019				As at 31.03.2018		
	Currency	Amount in lacs	Exchange Rate Rs	Amount (₹ in lacs)	Amount in lacs	Exchange Rate Rs	Amount (₹ in lacs)
Accounts Payable	USD	24.46	69.12	1690.68	50.86	65.18	3314.85

Based on one percentage point variations in the exchange rate, the profit before tax for the year based on the un hedged foreign currency transaction entered during the period will be effected by ₹ 16.90 Lacs

40 Capital risk management

The Company's objectives when managing capital are to :

- ◆ create value for its shareholders and other stake holders, and
- ◆ maintain an optimal capital structure to reduce the cost of capital through a fair mix of equity with combination of short term/long term debt as may be appropriate.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2019 (Contd.)

The Company sets the amount of capital required on the basis of annual business and long-term operating plans which includes capital and other strategic investments.
