PLI: Nod to Aurobindo Pharma, KAPL for promotion of bulk drugs manufacture

PRESS TRUST OF INDIA New Delhi, January 22

THE GOVERNMENT HAS given approval to drug firms, including Aurobindo Pharma and Karnataka Antibiotics & Pharmaceuticals, under the PLI scheme for promotion of domestic manufacturing of critical bulk drugs.

The Production Linked Incentive (PLI) scheme aims at promotion of manufacturing of critical key starting materials (KSMs)/drugintermediates and APIs in the country.

The setting up of plants under the scheme will lead to a total committed investment of ₹3,761 crore by the companies and employment generation for around 3,825 people, the Ministry of Chemicals and Fertilizers said in a statement.

The applications of Aurobindo Pharma (through Lyfius Pharma) have been approved for setting up plants for the production of Penicillin G, and 7-ACA, with committed production capacity of 15,000 MT and 2,000 MT, respectively. The committed investment for Penicillin G is ₹1,392 crore, and for 7-ACA is ₹813 crore, it added. The approval has also been

given to Aurobindo Pharma (through Qule Pharma) for setting up plant for production of Erythromycin Thiocyanate (TIOC), with committed production capacity of 1,600 MT at a committed investment of ₹834

Karnataka Antibiotics & Pharmaceuticals (KAPL), a Government of India enterprise, has been accorded the approval for production of 7-ACA, with committed production capacity of 1,000 MT at a committed investment of ₹275 crore, the statement said.

India to begin commercial vaccine exports with Brazil, Morocco

has cleared commercial exports of Covid-19 vaccines, with the first consignments to be shipped to Brazil and Morocco on Friday, the foreign secretary told *Reuters.* The shots developed by drugmaker UK-based AstraZeneca and Oxford University are being manufactured at the Serum Institute of India, the world's biggest producer of vaccines, which has received orders from countries across the world.

THE GOVERNMENT OF India

The government had held off exporting doses until it began its own domestic immunisation programme last weekend. Earlier this week, it sent free supplies to neighbouring countries, including Bhutan, Maldives, Bangladesh and Nepal. Foreign secretary Harsh Vardhan Shringla said commercial supplies of the vaccine would begin from Friday in line with PM Modi's commitment that India's production capacities would be used for all of humanity to fight the pandemic. —**REUTERS**

Assam MFI Bill may increase asset-quality challenges for micro lenders, says Crisil: The recently passed Micro Finance Institutions (MFI) Bill, 2020, by the Assam Assembly has the potential to increase asset quality challenges for micro-lenders,

according to a Crisil Ratings report. It said announcement of any loan waiver could affect the repayment discipline, which

could further worsen the situation for micro financiers. "Assam's microfinance portfolio (including banks and non-

banks) was estimated at ₹12,400 crore as of September 2020 or around 5% of such loans in the country. For the sec-

During the year ended March 31, 2020, Company reversed contingent consideration payable on business combinations consummated in previous year amounting to INR 2,568 lakhs [USD 3.6 million] based on company's assessment, being no longer payable. This reversal is accounted under other income.

The Company continues to actively manage its business during COVID-19 pandemic and has not yet experienced significant changes on the business impact than estimated earlier. In assessing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, nothing has come to the attention of the Company through internal and external sources, which warrants a reassessment of carrying amounts of financial and non-financial assets on the expected future performance of the Company.

The above is an extract of the detailed format of Quarterly Financial Results filed with the Stock Exchanges under Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The full format of the standalone and consolidated quarterly financial results are available on stock exchange websites (www.nseindia.com and www.bseindia.com) and on Company's website

The term of the erstwhile Managing Director and the CEO of the Company ended on January 11, 2021. Accordingly, he no longer functions as the Managing Director and the CEO of the Company effective January 12, 2021, however his employment at Zensar Technologies Inc. US has been extended by a period of one month, viz. February 12, 2021 to facilitate a smooth transition. The amount payable to the erstwhile Managing Director and the CEO which is subject to the shareholders' approval has been adequately recorded in the books of account. The Company will account for adjustments thereto, if any subsequent to the closure of all events as applicable in the quarter ending March 31, 2021.

During the previous quarter ended 30th September 2020, Zensar Group classified its Third Party Maintenance ('TPM') business housed in its subsidiaries, PSI Holding Group Inc, Zensar Technologies IM Inc and Zensar Technologies IM B.V. (collectively referred to as "PSI Group" or "disposal group") as "Held for Sale" and impact pertaining to adjustment to the carrying amount and fair value less transaction cost associated to sell was disclosed as exceptional item.

On 19th October 2020, the Company signed an agreement (subject to certain closing conditions which included approval of shareholders) for sale of PSI Group for a consideration of USD 10 million receivable upfront (subject to working capital adjustment) and USD 5 million performance based deferred earnouts. On completion of the closing conditions on 2rd December 2020, the differential impact has been disclosed as exceptional item, including the reclassification of balance in Foreign currency translation reserve to the Consolidated Statement of Profit and Loss amounting to gain of Rs. 3744 lakhs. Further, adjustment to consideration is due to be finalized 75 days after the closing date and adjustment if any would be accounted then.

The disposal group does not constitute a separate major component of the Zensar Group and therefore has not been classified as discontinued operations in the Consolidated Statement of Profit and Loss.

The Board of Directors in its meeting on January 21, 2021 declared an interim dividend of INR 1.20 per equity share. Aguila Technology Corp (Aguila) was acquired by Zensar Technologies Inc. as part of the group acquisition of PSI Holding Group Inc (PSI)

in 2010. A service agreement between Aquila and a customer of Aquila required independence, separation of its operations and lack of interdependence of Aguila on its related affiliates/parent. Accordingly, this led to loss of control over Aguila for the Zensar Group, consequently Aquila is not considered as a subsidiary of the Zensar group within the definition prescribed under Ind AS 110 and hence not consolidated by the Zensar Group. For its equity investments in Aquila, Zensar Group accounts the changes in fair value through other comprehensive income.

During the quarter ended 31 December 2020, Company had advanced its process of divesting its subsidiary Aquila Technology Corp (Aquila) and accordingly, this investment is reclassified as "Held for Sale". Management believes on eventual disposal, company would be able to realize the full carrying value as accounted in the books of account.
