UCAL FORAYS INTO AUTOMOTIVE ELECTRONICS

Chennai, 21st August 2023 – UCAL, a name that resonates in the automotive industry, is now envisaging plans to venture into Automotive Electronics Space by strategically positioning itself through its cutting-edge electronic products and solutions.

UCAL recognizing the immense potential in the field of Automotive Electronics leading towards sustainable transportation, it is progressing well towards product development for electronic products tailored to the evolving automotive landscape.

Mr. Abhaya Shankar, CEO expressed his enthusiasm, stating, *“UCAL is committed to playing a pivotal role in the Automotive Electronics space by venturing into the fast-blooming Automotive Electronics sector. With the capabilities of our state-of-art R&D facilities we believe that we are better poised to develop automotive electronic products with zero tolerance on quality and sustainability which underlines our dedication to staying at the forefront of technological advancements.”*

Mr. Girinarayanan V, Head - Electronics Engineering *"We envision a landscape where cutting-edge electronics seamlessly integrate with vehicles, enabling a new level of performance, efficiency, and sustainability. Our diverse range of electronic products will cater to the evolving needs of electric vehicles, ensuring they meet the highest standards of quality, reliability, and innovation".*

UCAL's commitment to innovation, sustainable practices, and customer satisfaction remains unwavering as the company ventures into automotive electronics space and will cater to a diverse range of automotive electronic products through its expertise backed by a team of engineers having specialised knowledge in the field of electronics.
