Dear Sir/Madam,

Sub: Q1 FY24 Investor Presentation

With reference to above captioned subject, please find attached Q1 FY24 Investor Presentation.
The Presentation will be uploaded on the company's website at www.venuspipes.com

Request you to kindly take the same on record.

Thanking You,

For **Venus Pipes & Tubes Limited**

PIPES AND TUBES

Investor Presentation
August 2023

This presentation and the accompanying slides (the “Presentation”), which have been prepared by **Venus Pipes & Tubes Limited** (the “Company”), have been prepared solely for information purposes and do not constitute any offer, recommendation or invitation to purchase or subscribe for any securities, and shall not form the basis or be relied on in connection with any contract or binding commitment whatsoever. No offering of securities of the Company will be made except by means of a statutory offering document containing detailed information about the Company.

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded.

Certain matters discussed in this Presentation may contain statements regarding the Company’s market opportunity and business prospects that are individually and collectively forward-looking statements. Such forward-looking statements are not guarantees of future performance and are subject to known and unknown risks, uncertainties and assumptions that are difficult to predict. These risks and uncertainties include, but are not limited to, the performance of the Indian economy and of the economies of various international markets, the performance of the industry in India and world-wide, competition, the company’s ability to successfully implement its strategy, the Company’s future levels of growth and expansion, technological implementation, changes and advancements, changes in revenue, income or cash flows, the Company’s market preferences and its exposure to market risks, as well as other risks. The Company’s actual results, levels of activity, performance or achievements could differ materially and adversely from results expressed in or implied by this Presentation. The Company assumes no obligation to update any forward-looking information contained in this Presentation. Any forward-looking statements and projections made by third parties included in this Presentation are not adopted by the Company and the Company is not responsible for such third-party statements and projections.

All Maps used in the presentation are not to scale. All data, information, and maps are provided "as is" without warranty or any representation of accuracy, timeliness or completeness

Q1 FY24 FINANCIAL & OPERATIONAL HIGHLIGHTS

Committed on being a **leading manufacturer and provider of high-quality *Stainless-steel pipes and tubes* for demanding and challenging applications**

Robust Quarterly Performance

	EBITDA	PAT
Revenue		
Rs. 179.6 Crs	Rs. 27.6 Crs	Rs. 17.4 Crs
Up by	Up by	Up by
58.1% Y-o-Y	91.7% Y-o-Y	91.2% Y-o-Y
	<i>EBITDA Margins</i>	<i>PAT Margins</i>
	15.4% +269 bps	9.7% +168 bps

Key Operational Updates

- ✓ **Increase in capacity of Seamless Pipes** - The company is planning to add further **400 MT per month** of Seamless pipes which is expected to get installed in the coming six months
- ✓ **Increase in size of LSAW Mill** - The LSAW plant being proposed initially was to manufacture up to 48-inch dia pipes which has been increased to 56-inch pipes which will increase the SKU's being offered to the customers
- ✓ **Operational efficiency in Piercing Mill** - During installation of Piercing mill, a few modifications had been done which will lead to higher operational efficiency and will ultimately lead to increase production of Mother Hollow Pipes
- ✓ Total capex will be in the range of **Rs. 40-45 Crs** which will be funded from internal accruals

Mother Hollow Pipes Backward Integration :

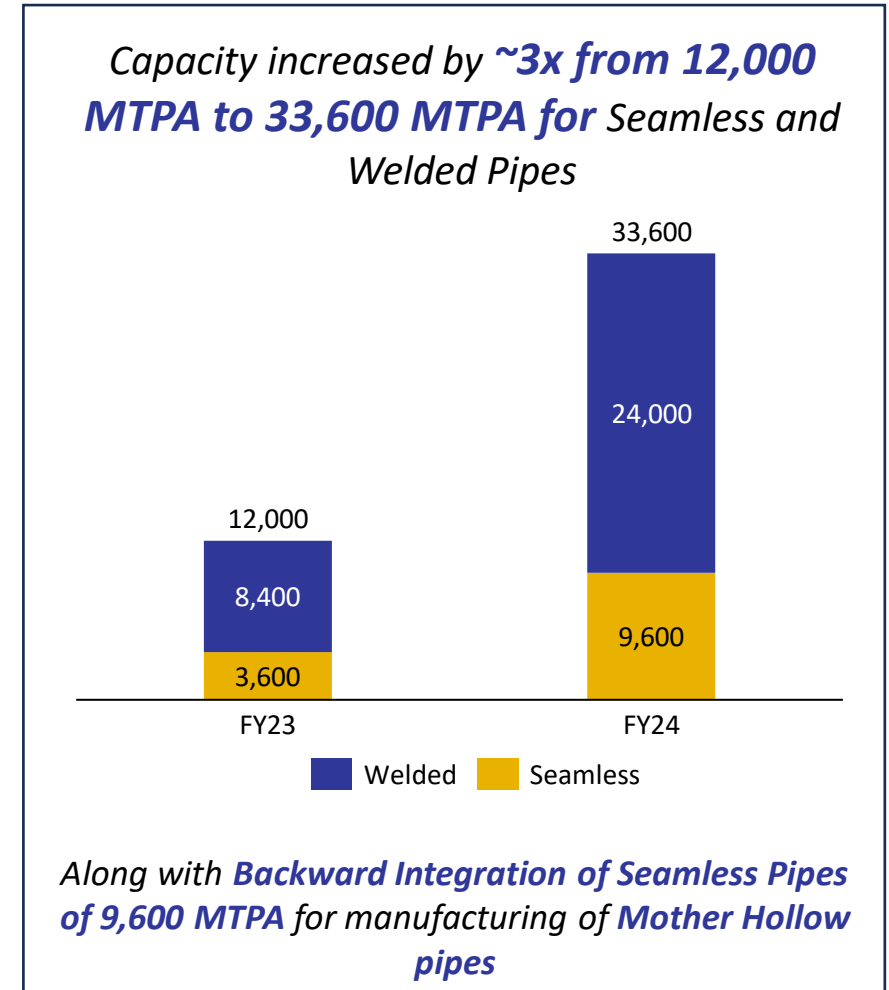

- ✓ 100% backward integration with setting up of piercing line to manufacture mother hollow pipes from round bars
- ✓ With this, the company will be able to source in house raw material and reduce dependency on China with expansion in margins

Seamless Pipes Expansion :

- ✓ The company has almost tripled its capacity of Seamless Pipes from 3,600 MTPA to 9,600 MTPA
- ✓ The company has also increased the size of seamless pipes and can now manufacture higher diameter pipes ranging from 6 to 168.3 mm
- ✓ The company is planning to add further **400 MT per month** of Seamless pipes which is expected to get installed in the coming six months

Welded Pipes Expansion :

- ✓ The company has also tripled its capacity of Welded Pipes from 8,400 MTPA to 24,000 MTPA
- ✓ The company has also increased the size of welded pipes and can now manufacture higher diameter pipes ranging from 6 to 1,422.4 mm
- ✓ The LSAW plant being proposed initially was to manufacture pipes up to 48-inch dia which has been increased to 56-inch dia pipes which will increase the SKU's being offered to the customers
- ✓ This will open doors to expand into multiple segments where higher diameter pipes are required

Revenue Split across Segment

Seamless (in ₹ Cr)

Welded (in ₹ Cr)

Others (in ₹ Cr)

Total (in ₹ Cr)

Seamless Welded Others

- ✓ Revenue from **seamless grew by ~150%** on Y-o-Y basis on account of higher penetration for value added products among the existing customer, addition of new customers and capacity expansion
- ✓ Revenue from welded stood flat, on account of dip in RM prices as compared to Q1FY23. **Volumes for welded pipes has witnessed growth on a Y-o-Y basis**
- ✓ Share of Seamless sales of the total revenues increased from 39% in Q1FY23 to 62% in Q1FY24

Revenue Split across Geographies

■ Domestic ■ Exports ■ Stockists/Traders

- ✓ Domestic revenue grew for Q1FY24 stood at Rs. 122.3 crs as compared to 62.8 crs in Q1FY23, a **growth of 95% Y-o-Y**
- ✓ Exports saw a drop on account of supply chain disruptions & geo-political uncertainties. As the on-ground situations are improving, company is optimistic of the export revenues to scale exponentially
- ✓ Stockists formed 28% of sales for Q1FY24 compared 32% for same period last year. However, this channel continues to be a stable source of sales

Arun Kothari

Managing Director

Commenting on the Q1 FY24 performance of the company Mr. Arun Kothari, Managing Director for Venus Pipes & Tubes Limited Said,

*“We are happy to report robust financial performance with Revenues growing at **58% Y-o-Y** and EBITDA growing at **92% Y-o-Y**, whilst EBITDA margins increasing **by ~269 bps Y-o-Y***

We started FY24 by commencing operations at our new facilities and now have tripled our capacity along with backward integration of manufacturing of mother hollow pipes. This has not only enhanced our competitiveness but also enabled us to enter new markets and customer segments.

The industry is witnessing a notable shift towards organized players due to the compulsory BIS certification and the implementation of Anti-Dumping Duty (ADD). This provides us a great opportunity to seize the industry's structural changes. Moreover, the Indian capex cycle is underway, driven by government support and favorable policies, resulting in substantial investments across industries and an increased demand for our products.

With wide range of products SKU's and enhanced capacities, robust domestic demand and increased opportunities in the exports markets, we are optimistic of sustaining the growth momentum going forward.

We are well positioned to capture new markets, forge stronger partnerships, and continue to raise the bar in terms of product excellence and customer satisfaction. At Venus, the company strives to increase its market share by addition in the product portfolio, expand the client base and serve the existing clients better.”

Experienced Board of Directors

Jyantiram M Choudhary
Chairman and Non-Ex Director

Associated with the Company since its incorporation. Over ten years of experience in the steel industry and four years as director of Accuracy Shipping Limited

Arun Kothari
Managing Director

Associated with the Company since 2021 as a Director. A qualified Chartered Accountant and holds a bachelor's degree in commerce from Rajasthan University

Megharam S Choudhary
Whole Time Director

Associated with our Company since its incorporation. Over 15 years of experience in the stainless steel welded pipes and tubes industry.

Dhruv M Patel
Whole Time Director

Associated with the Company since 2015. Holds a bachelor's degree in engineering from University of Pune and a master's degree in technology from CEPT University.

Kailash Nath Bhandari
Independent Director

Bachelor's degree in law from Jodhpur University and has over 18 years of experience in the insurance sector. On the Board of Hindalco Industries Limited as an independent director

Pranay Ashok Surana
Independent Director

Masters in engineering from the Indian Institute of Technology, Bombay. Founder of Flyrobe and has been featured on the coveted Forbes 30 under 30 in the Asia list (2017) and in the India list (2019).

Komal Lokesh Khadaria
Independent Director

Member of Institute of Companies Secretaries of India ("ICSI") and holds a bachelor's degree in commerce. Holding nine years of experience and has held the position of Chairperson of Surat Chapter of ICSI

Shyam Agarwal
Independent Director

Doctorate in law from University of Rajasthan and has over fifteen years of experience. A member of the quality review board of the ICAI, New Delhi; and Chairman and independent director of ICMAI Registered Valuers Organization, New Delhi.

Strong Management Team

Jayantiram M Choudhary

Chairman and Non-Ex Director

Associated with the Company since its incorporation. Over ten years of experience in the steel industry and four years as director of Accuracy Shipping Limited

Arun Kothari

Managing Director

Associated with the Company since 2021 as a Director. A qualified Chartered Accountant and holds a bachelor's degree in commerce from Rajasthan University

Megharam S Choudhary

Whole Time Director

Associated with our Company since its incorporation. Over 15 years of experience in the stainless steel welded pipes and tubes industry.

Dhruv M Patel

Whole Time Director

Associated with the Company since 2015. Holds a bachelor's degree in engineering from University of Pune and a master's degree in technology from CEPT University.

Pavan Kumar Jain

Company Secretary and Compliance Officer

Associated with us as manager (finance and accounts) since August 2020. A qualified company secretary holding three (3) years of experience in finance, accounting and secretarial work

Kumar Shishir C Sinha

President (Marketing)

With our Company since March 01, 2021. Holds a degree of bachelors in arts from Magadh University and has over 30 years of experience in the stainless-steel pipes and tubes.

Kunal Bubna

President (Finance & Accounts)

Associated with the Company since July 2021. Is a fellow member of the Institute of Chartered Accountants of India and the ICSI with fourteen (14) years of experience.

Om Prakash Mishra

Vice President (Operations)

With our Company since December 2021. He holds a degree of bachelors in engineering from University of North Bengal and 23 years of experience in manufacturing industry.

May 2022

- ✓ Listing of Venus Pipes & Tubes Limited
- ✓ Listing done on BSE & NSE
- ✓ Fresh Issue of Equity shares aggregating to ₹ 165.4 Cr.
- ✓ Objects of the Issue :
 1. Financing the project cost towards
 - Capacity expansion
 - Technological upgradation
 - Cost optimization of our operations & support to the manufacturing facility and
 - Backward integration for manufacturing of hollow pipes
 2. Long-term working capital requirements
- ✓ On 21st October 2021, we had made private placement of ₹ 59.443 Cr.

INDUSTRY OUTLOOK

- ✓ The Indian stainless-steel sector is the **2nd largest producer** and consumer in the world and has a total manufacturing capacity of more than **6.8 Mn** tons of stainless steel annually
- ✓ India's per capital stainless steel consumption has **increased from 1.2 Kg in 2010 to 2.5 Kg in 2022**, however its **consumption is comparatively lower** compared to world average of **6 Kg per capita**

Global Stainless Steel & Pipes Industry (USD bn)

Steel Pipe & Tube Consumption in India (Mn Tons)

Industry Growth Drivers

- ✓ Significant demand for Pipes & Tubes specifically from industry like chemical , pharma, engineering etc.
- ✓ In value terms, the size of Chemical industry is currently estimated at USD 178 Bn which is slated to grow to USD 300 Bn by 2025, growing annually by 9% per annum
- ✓ During FY 2021-30, the annual turnover in Indian Pharmaceutical Industry is expected to grow by a CAGR of 10%, to reach INR 7,840 Bn

Sector specific schemes by Government as below shall act as an aid in generating demand for steel pipes & tubes in India

- ✓ **Chemicals**
 - Chemicals Promotion and Development Scheme (CPDS):
 - Petroleum, Chemicals, and Petrochemical Investment Regions (PCPIR)
- ✓ **Oil & Gas**
 - Hydrocarbons Exploration Licensing Policy (HELP)
- ✓ **Pharmaceutical**
 - Scheme for Development of Pharmaceutical Industry
 - Schemes to improve bulk drug production in India

Policies Driving Growth

Major Policies in Steel & Steel Pipes& Tubes Sector

- ✓ Strengthening the raw material supply chain
- ✓ Stainless steel pipes notified under Steel Quality Control Order
- ✓ Anti-Dumping Duty
- ✓ Domestically manufactured iron and steel products policy (DMISP)
- ✓ Duty Reduction Structure

Demand Generation from Government Initiatives

- ✓ Production Linked Incentives (PLI) Scheme The government has announced INR 1.97 Tn to be spent in the next 5 years for PLI schemes in 13 Sectors
- ✓ Atmanirbhar Bharat Packages
- ✓ National Manufacturing Policy
- ✓ National Infrastructure Pipeline (NIP)

STRATEGIES TO SUPPORT GROWTH

THE ARTERIES OF INDUSTRIAL FLOW

Capacity Expansion & Backward Integration

Capacity Expansion....

Particulars	Previous		Current	
	Size (mm)	Capacity	Size (mm)	Capacity
Seamless	6 – 114.3	3,600 MTPA	6 – 168.3	9,600 MTPA
Welded	6 – 219.3	8,400 MTPA	6 – 1,422.4	24,000 MTPA
Mother Hollow	NA	0	NA	9,600 MTPA

....alongside **Backward Integration**

- **Backward integration strategy** of setting up a piercing line for manufacturing of hollow pipes
- With the piercing plant, **we are able to produce hollow pipes** from SS round bar

Increase in Capacity

Increase in Market Share

Backward Integration

Improving Margins

Cost Optimization

Increase in Profitability

Geographical Expansion

Exports in More than **20+** Countries

- United Kingdom
- France
- South Africa
- UAE
- Italy
- Poland
- Oman
- Sri Lanka
- Austria
- Germany
- Iran
- Spain
- Brazil
- Romania
- BELGIUM
- Israel
- Ethiopia
- Slovenia
- Russia
- Thailand

Contribution from Export Revenue

Leverage our Existing Relationship to Deepen our Presence in Export Markets

Productivity & Efficiency Enhancement

Install acid regeneration plant for lower consumption of acids to improve operating margins and better plant productivity

Significant Environmental and Economic advantages shall follow from reduced usage of raw acids

Enterprise Resource Planning ("ERP") to be introduced for efficient control over our manufacturing process & productivity

Creating Brand for "VENUS" thereby increasing the contribution from direct sales for higher realizations

International Standards

Trade Fares

Exhibitions

Digital Marketing

Customer Centric

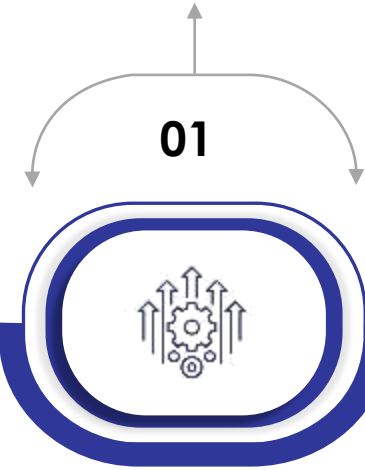

Various Brand Building Activities

Capacity Expansion

Proposing to expand our existing manufacturing capacity for welded pipes/tubes and seamless pipes/tubes for manufacturing higher diameter pipes/tubes.

01

Geographical Expansion

We intend to leverage our existing relationships to further deepen our presence in the international market, particularly in the European Union.

03

Brand Value

We intend to make consistent efforts to strengthen our brand "Venus" and enhance our brand visibility for attaining parity with our industry peers.

05

Backward Integration

We plan to set up a piercing line for manufacturing of hollow pipes with the capacity of 800 MT per month, as our backward integration strategy. With the piercing plant, we will be able to produce hollow pipes from SS round bar.

02

Better Efficiency

We are proposing to install an acid regeneration plant ("ARP") where the consumption of acid in our manufacturing process shall be reduced substantially, and we believe that the same shall help us in improving our operating margins.

04

HISTORICAL FINANCIAL & OPERATIONAL HIGHLIGHTS

Product Category Split

Welded

Revenue (in ₹ Cr)

Volume (in MTS)

Seamless

Revenue (in ₹ Cr)

Volume (in MTS)

- ✓ Revenue and Volumes have grown tremendously across both our segments in a short span of just 5 years
- ✓ Volume growth for Welded has been at a CAGR of 16% and for Seamless the volume growth was 49% CAGR between FY19-FY23
- ✓ Revenues have also grown at a staggering CAGR of 33% for welded and at CAGR of 65% for seamless between FY19-FY23

Direct Domestic Sales Split

- ✓ Revenue contribution from Other industries has **increased from 4.3% in FY20 to 11.8% in FY23**
- ✓ Revenue **dependency** from chemical industry has **reduced from 44.6% in FY20 to 32.3% in FY23**
- ✓ Due to the capex cycle revival in India, the share of Engineering has **increased from 40.6% in FY20 to 49.7% in FY23**

Sales Split across Geography

Geography

- ✓ Revenue contribution from exports have increased from **4.8% in FY21 to 5.4% in FY23**
- ✓ Direct domestic sales to end consumers have increased from **37.4% in FY21 to 64.6% in FY23**
- ✓ Revenue contribution from Stockist/Traders has **reduced from 57.9% in FY21 to 30% in FY23**

State wise revenue

- ✓ Revenue contribution from Other States increased by **3x between FY21 to FY23** aligning with goal of expanding across domestic market
- ✓ Revenue from states like Maharashtra and Telangana went up significantly giving us better access across regions
