Media Release

Malpani Pipes Expands Product Range with PVC Pipes and Enhanced HDPE & MDPE Capacity

{Ratlam, Madhya Pradesh} – 17th February, 2025 – **Malpani Pipes and Fittings Limited (INEOYON01014)** is proud to announce expansion of its operations with the introduction of a new line of PVC pipes and the installation of state-of-the-art production machinery for existing products. This strategic move will enhance the company's manufacturing efficiency, increase production capacity, and strengthen its position in the market. The new machinery and product launch reflect Malpani's commitment to innovation and continued growth in the piping industry.

Expands Production Capacity with New Machinery Investments:

In a strategic move to enhance production capacity and streamline operations, **Malpani Pipes and Fittings Limited has invested Rs. 3.8 Crores in state-of-the-art machinery.** This expansion aligns with the company's commitment to efficiency, quality, and meeting increasing market demand.

The newly acquired equipment includes:

- **One extruder production line for PVC pipes**, adding a capacity of 1,800 Metric Tonnes Per Annum (MTPA).
- **Two high-speed production lines for PE pipes (HDPE and MDPE)**, increasing total capacity by 3,600 MTPA.
- **One fully automatic socketing machine** for PVC pipes, enhancing precision and automation.
- **One horizontal heating-cooling mixer model for PVC pipes**, ensuring improved material processing and consistency.

With these investments, the company aims to boost efficiency, maintain superior product quality, and strengthen its market presence. This expansion reaffirms its vision of delivering high-quality piping solutions to meet the growing industry needs.

Launch of New Product: PVC Pipes

As part of the expansion, Company is proud to launch its new PVC pipes, with an initial manufacturing capacity of 1,800 Metric Tonnes per annum. These pipes are designed for a variety of applications, including:

- Plumbing systems
- Sewage and drainage systems
- Drinking water distribution
- Irrigation systems
- Chemical handling
- Fume, exhaust, and ventilation ducts
- Recreational purposes

Mr. Rohit Malpani, Managing Director of Malpani Pipes & Fittings Limited, said,

“With this expansion, we are strengthening our product range and business growth. Our PVC pipes will be sold through the same channels as our sprinkler and drip pipes, so no extra effort is needed to find new markets. This will also help us serve customers who need both HDPE and PVC pipes in the same shipment, which will increase our HDPE pipe sales as well. With the new machinery and current pricing, we expect sales to grow by Rs. 40-45 Cr., with Rs. 15 Cr. coming from PVC pipes alone.”

About Malpani Pipes and Fittings Limited

Malpani Pipes and Fittings Limited is a leading manufacturer of high-quality pipes, including HDPE, MDPE, LLDPE, sprinkler, and drip pipes, all marketed under the renowned Volstar brand. The company serves a wide range of industries, including irrigation, telecommunications, and infrastructure. Malpani Pipes ensures the highest standards of quality through rigorous in-house testing and certifications from respected agencies such as CIPET, SGS, and Bureau Veritas, reinforcing its commitment to excellence and customer satisfaction.
