Need to deepen corp bond market: Sebi

FE BUREAU Mumbai, July 22

SECURITIES AND EXCHANGE Board of India (Sebi) chairman Ajay Tyagi on Wednesday called for the need to deepen the corporate bond market, stressing that it ought to be one of the topmost agendas of policymakers.

Addressing the Ficci's annual capital market conference, he said the time has come for "unification" of financial markets", and the market infrastructure for gilts and corporate bonds should be merged. He said, "Two separate ecosystems result in artificial segmentation of investors and divergent governance and regulatory norms for institutions in the two markets performing similar functions. The market infrastructure institutions dealing with these two types of securities should follow the same rules and regulations. Economies of scope and scale also dictate such unification."

In the context of the credit markets facing a severe liquidity crunch in the wake of the pandemic, Tyagi

Sebi chairman Ajay Tyagi

said the corporate bond markets are being restricted to only top-rated bonds in India. About 97% of the issuance and trading in corporate bond market happens in just the top three categories of AAA, AA+ and AA. In contrast, this segment is only 5% of corporate bond market in the US and trading happens in the top rating buckets of AAA and AA. Nearly 75% of the trading happens in the next three rating buckets of A, BBB and BB.

"There is a dire need to move

down the rating curve. There are issues on both the demand and supply sides of the equation," Tyagi said.

He also highlighted the need for more institutional players in the corporate bond market. In the secondary bond market, mutual funds have been only major active players and around 40% of the trading volumes (average buy & sell) came from them."Naturally, the illiquidity in the bond market hits them the most. We clearly saw this unfolding in the recent times. The need for having more players, including institutional investors, in the market is apparent."

While the corporate bond market has seen higher growth rate over the last five-six years as compared to outstanding bank credit, in absolute terms, it is still around one-third of the bank credit. The amount of outstanding corporate bonds in India has grown from ₹15 lakh crore in 2013-14 to ₹33 lakh crore in 2019-20, reflecting a compound annual growth rate (CAGR) of about 14%. Correspondingly, outstanding bank credit has grown at a CAGR of about 9%, with the figures rising from ₹61 lakh crore to ₹104 lakh crore during the

same period.

Despite challenges thrown by the pandemic, the situation has not been bad as there has been fundraising in the first quarter of the current financial year. Total fund raised during the June quarter was ₹2.77 lakh crore, compared to ₹2.94 lakh crore during Q1 of FY20. For equity raising, the comparison between the two periods is ₹67,000 crore versus ₹1.28 lakh crore. For debt, it is ₹2.1 lakh crore versus ₹1.67 lakh crore. According to Tyagi, there is no cause for

Strong pipeline of assets to be monetised via InvITs, REITs visible: Sebi chairman

FE BUREAU Mumbai, July 22

THE SECURITIES AND Exchange Board of India (Sebi) has taken a series of policy measures to attract more participation into Real Estate Investment Trusts (REITs) and Infrastructure Investment Trusts (InvITs). Chairman Ajay Tyagi on Wednesday said,"There is a clear visibility of a strong pipeline of infrastructure and real estate assets to be monetized through InvITs and REITs in near future."

He was speaking at the Ficci's annual capital market conference. Infrastructure and real estate are

the two sectors that have tremendous spillover effects on the rest of the economy. REITs and InvITs are vehicles which enable monetisation of existing assets, and have shown significant growth over the last three

years. The total unit capital of all REITs and InvITs put together stands at more than ₹58,000 crore at present.

Measures such as reducing the trading lot, facilitating further fundraising through preferential issue, including easier placement to institutional investors, rights issue and enabling monetisation though pledging of units have been taken by Sebi.

However, market participants believe that allowing foreign portfo-

lio investors (FPIs) to invest in debt securities issued by REITs and InvITs will further improve the liquidity in the market.

They feel that allowing FPIs to invest in debt securities will improve investor confidence and create more liquidity. Shagoofa Rashid Khan, partner &

head-Funds, investment & advisory at Cyril Amarchand Mangaldas, said, "While InvITs/REITs regulations permit fund-raising through NCD issuances, FPI regulations are yet to be amended to include such NCDs as eligible instruments for FPIs. Such an amendment will broad-base fund-raising options InvITs/REITs and give them access to debt on competitive terms as well as widen the institutional participation on the debt financing side, and overall, provide risk-adjusted returns to the investors."

RIL crosses ₹13-lakh-cr mark in market valuation

PRESS TRUST OF INDIA New Delhi, July 22

INDIA'S MOST VALUED company Reliance Industries on Wednesday crossed the ₹13-lakh-crore market valuation mark. The company's partly paid-up shares listed separately have market capitalisation of ₹46,702.88 crore. The aggregate market capitalisation of Reliance Industries now stands at ₹13.17 lakh crore or \$176.4 billion.

On July 6, the company's market capitalisation had crossed the \$160billion mark. Thus, the company has added \$15 billion to its market capitalisation within a fortnight.

LICHFL cuts home loan rate to all-time low of 6.90%

PRESS TRUST OF INDIA Mumbai, July 22

MORTGAGE FINANCIER LIC Housing Finance (LICHFL) on Wednesday said it has reduced interest rate to an all-time low of 6.90% for new home loan borrowers having Cibil score of 700 and above.

LICHFL in a statement said the rate of interest for home loans up to ₹50 lakh starts from 6.90% for borrowers with CIBIL score of 700 and above. For a similar score, the rate of interest is 7% onwards for a loan above ₹50 lakh.

'Home loan interest rates are at an all-time low for the

company and thereby resulting in low EMI payment. Attractive price points and affordable EMI will aid in addressing the demand side for buying homes," MD and CEO Siddhartha Mohanty said.

Through this product, the company is trying to create demand, he told reporters. In April, the home financier

had cut its home loan rates to 7.5% for new home buyers having a Cibil score of 800 and

Mohanty said there has been a softening of cost of funds after reduction in repo rates by the RBI in recent months.

'Capital conservation for banks important as moratorium ends on Aug 31'

PRESS TRUST OF INDIA Mumbai, July 22

STATE-OWNED BANKS NEED to be recapitalised or given the alternative of capital conservation, as one-year suspension under insolvency and bankruptcy code (IBC) provisions will affect the resolution of stressed accounts, says an SBI research report.

It said while raising capital is important for banks, capital conservation will also be crucial as the moratorium ends on August 31 and banks will start recognising stress.

"The problem is given the one-year freeze in IBC, resolution cannot happen at the same time and it is thus imperative that public-sector banks (PSBs) are either recapitalised or given the alternative of capital conservation, as it is not certain how much fiscal space the government might have for recapitalisation," the SBI report, Ecowrap, said.
