From a world where money had zero price to a point where money comes at a price: Uday Kotak

WE HAVE MOVED from a world where money had zero price to a point where money does come at a price, according to Uday Kotak, MD&CEO, Kotak Mahindra Bank. Kotak wrote in an address to shareholders that in the past few years, much private capital, supported by liberal printing of money by central banks, has chased a host of new-age companies, with an intent to create value through access, affordability, efficiency and usually an asset-light model hinged on

technology. The valuations have been off the charts, he pointed out, with investors chasing unicorns, gazelles and anything that can resemble a disruptor of traditional business models.

Srei auditor hints at ₹2K-cr fraudulent transactions

MITHUN DASGUPTA Kolkata, July 28

THE RESERVE BANK of India-appointed administrator for the insolvent Srei firms has received transaction auditor reports from BDO India which indicate that there were certain transactions which were fraudulent in nature under the erstwhile management and the total impact of these transactions amounted to over ₹2,000 crore.

According to the transaction auditor reports, three entities — Shristi Group, Samsara Energy (earlier known as Quippo Energy) and Viom Infra Ventures (earlier known as Quippo Infrastructure) — were involved in the fraudulent transactions during 2017-18 to 2020-21. The monetary impacts of these transactions caused by disbursements made to Shristi Group, Samsara Energy and Viom Infra

UNDER REGULATORY LENS

■ Insolvency proceedings against Srei Infrastructure Finance and its subsidiary Srei Equipment Finance commenced from October 2021

■ Rajneesh Sharma, former CGM of Bank of Baroda, took charge of Srei firms after RBI come down heavily on the two companies on governance issues and superseded the boards

tures were ₹1,415.22 crore, ₹284.71 crore and ₹433.81 crore, respectively, Srei Infrastructure Finance informed in

three separate stock exchange filings on Thursday. Notably, insolvency proceedings against Srei Infra-

structure Finance (SIFL) and its subsidiary Srei Equipment Finance (SEFL), two NBFCs, commenced from October 2021 after the insolvency petitions, filed by the RBI, had been approved by the Kolkata bench of the National Company Law Tribunal (NCLT).

Rajneesh Sharma, former CGM of Bank of Baroda, took charge of the two Srei companies after the central bank had come down heavily on both the companies over governance issues and superseded the boards of directors.

The administrator, Sharma, obtained assistance from BDO India LLP to conduct investigation of the affairs of the companies in respect of transactions qualified under Sections 43 to 51, and Sections 65 and 66 of the IBC. The administrator received reports from BDO, indicating that there were certain transactions which were fraudulent in nature.

Religare Finvest: Sebi slaps ₹60-crore fine on Singh brothers, 8 others

FE BUREAU & PTI Mumbai, July 28

THE SECURITIES AND Exchange Board of India (Sebi) on Thursday levied a penalty of ₹60 crore on 10 entities, including brothers Malvinder and Shivinder Singh, in a case involving the diversion of funds of Religare Finvest. The entities have been directed to pay the penalty within 45 days.

The Singh brothers have been barred from the securities market for three years, or till the recovery of the diverted money along with interest. The other entities have been prohibited for two years.

The brothers have also been barred from indirectly being associated with the securities market, including as a director or key managerial personnel in a listed company or an inter-

mediary registered with Sebi of any market infrastructure institution for three years.

The case relates to the diversion of funds amounting to ₹2,473 crore from Religare Finvest (RFL), a subsidiary of Religare Enterprises (REL), between FY15 and FY18, in the garb of loans through layers of entities for the ultimate benefits of entities controlled by the erstwhile promoters Singh brothers.

In a 127-page order, Sebi said that the diverted funds never came back to RFL. The diversion of funds was never disclosed to the shareholders of REL, which misled them to remain invested in the shares of REL or deal in the securities of REL. Thus, the apparent diversion of funds led to indirect manipulation of the price of shares of REL.

Federal Bank hikes NRE deposit rates for a limited period

FE BUREAU Mumbai, July 28

FEDERAL BANK ON Thursday announced higher rates on non-resident external (NRE) deposits for a limited period, following a 75-bps rate hike by the US Federal Reserve and the RBI's removal of interest rate caps on such deposits.

The special rates — 80 bps above existing rates — will be

available between July 28 and August 4. They will apply to term deposits opened for 15-month period. Deposits under ₹2 crore will earn 6.4% and those with amounts of ₹2 crore and above will earn 6.65%. "It is an exciting opportunity for non-residents to invest their funds as the interest earned is exempt from income tax and loan can be availed up to 90% of the deposit amount," the bank said.

Markets surge on less-hawkish Federal Reserve

This has reinforced the markets' conviction that we are approaching the peak of the tightening cycle, and that by the first quarter of next year, the Fed will reverse course and

start cutting rates, she said. "But Powell also said that the FOMC's June views on the likely path of rates still stand, and those views suggest the Fed would keep hiking into 2023 to a peak of about 3.8%.

Powell noted that another "unusually large" rate hike in September could not be ruled out," said Desai. The US economy shrank for

the second quarter in a row, as its GDP fell by 0.9% on an annualised basis, data showed.

FPIs have sold net equities worth \$28.7 billion in the year to date, although the past few days in July have seen inflows.

The risk of further FPI outflows remain, especially if aggressive central bank rate hikes continue and oil prices remain uncomfortably high.

"Markets have reacted to the statement given by the Fed chairman which was less hawkish than expected. But further rate hikes are in store and it is too early to predict a peak," said UR Bhat, co-founder, Alphaniti Fintech.

"The US has seen a GDP contraction and inflation is yet to be tamed. There is trouble brewing elsewhere with Russia continuing to put a lid on its gas supply and China's mortgage and banking crisis worsening. So, the market seems to be discounting the on-ground reality. Indian equities may remain range-bound with a negative bias until FPI flows reverse," Bhat said.

Asian indices rose on Thursday as the prospect of a slower pace of Federal Reserve monetary tightening filtered across global markets. Euro-

pean shares came off highs as a string of downbeat earnings took the shine off a global rally.

All sectoral indices on the NSE ended higher on Thursday. The Nifty IT surged 2.8%, Nifty Financial Services rallied 2.4% and the Bank Nifty climbed 1.6%.

Market participants will now be eyeing earnings announcements for further cues.

5G auction: Small circle, big battle

The reason for this intense fight for the UP (E) circle could be that it's the most populous — a population of around 145 million and subscriber base of 90 million. Of this, Bharti Air-

tel has the highest subscribers at 37.47 million, followed by Reliance Jio at 32.93 million and Vodafone Idea at 20.23 million.

In terms of spectrum holding in 1,800 MHz, again it's Bharti which has the highest at 16 MHz, while both Jio and Vodafone Idea have 10 MHz each.

In terms of auction rounds, Thursday saw the highest in the last three days with seven rounds. On the first day, four rounds were held, and on the second day, there were five rounds.

Communications minister Ashwini Vaishnaw on Thursday said that it is a very healthy and positive sign that the auction is continuing.

Of the total 72 GHz spectrum put on auction, a total of 51 GHz has been sold so far.
