Sub: Recall of 9,125 vehicles of Ciaz, Brezza, Ertiga, XL6 and Grand Vitara

Dear Sirs,

The Company has announced to recall a total of 9,125 vehicles manufactured between 2nd and 28th November, 2022. The affected models are Ciaz, Brezza, Ertiga, XL6 and Grand Vitara.

It is suspected that there is a possible defect in one of the child parts of shoulder height adjuster assembly of front row seat belts, which in a rare case, may lead to seat belt disassembly. Considering the safety of our customers and out of abundant caution, the Company has decided to recall the suspected vehicles for inspection and replacement of the faulty part, free of cost.

Affected vehicle owners will be receiving communication from Company's authorized workshops for immediate attention.

Kindly take the same on record.

Thanking you,

Yours truly,

For Maruti Suzuki India Limited

Sanjeev Grover
Executive Vice President
& Company Secretary
