Happiest Minds' CRPP solution wins 'Best Security Operation Centre of the Year' at the CISO Summit & Awards 2023

San Jose, London, and Bengaluru, June 8, 2023: Happiest Minds Technologies Limited (NSE: HAPPSTMNDS), a 'Born Digital. Born Agile', Mindful IT Company, today announced that its Cyber Risk Protection Platform (CRPP) is honored with the "**Best Security Operations Centre of The Year**" at the Annual India CISO Summit & Awards 2023.

The India CISO Summit & Awards 2023 by Synnex brings together top technology Leaders from the fraternity. The summit witness's cybersecurity leaders from the world's largest enterprises hear and discuss strategies to secure their organizations in a hyperconnected world.

Speaking about the win, **Ms. Priya Kanduri, SVP & CTO, Infrastructure Management & Security Services**, said, "We are honored that our CRPP solution - Happiest Mind's cutting edge technology lead MSS platform - is recognized as the 'Best Security Operation Centre of The Year 2023'. We thank the Jury and Synnex Group for this recognition and honor. It's been great interacting with fellow cybersecurity professionals during the event! We look forward to more such prestigious wins in the future."

Happiest Minds' Cyber Risk Protection Platform (CRPP) is a cohesive and integrated approach to cyber security – one that leverages multiple technologies working in tandem to effectively address [cyber security risks](#) through the entire threat defense lifecycle: detection, protection, and prevention. CRPP leverages multiple security technologies, providing deeper analytics and insights for an integrated approach to handle the overall threat lifecycle, address cyber security risks holistically, and stay ahead of the curve.

About Happiest Minds' CRPP solution:

The Cyber Risk Protection Platform (CRPP) is a cloud-hosted platform that provides complete security posture visibility based on risk, identity, data, and environmental awareness. To provide deeper analytics and insights, CRPP is built by leveraging multiple security technologies, including SIEM, next-generation network and endpoint security, identity management, and data security. It all adds to a highly effective, integrated, and holistic approach to addressing the threat lifecycle.
