NOTES:

The Explanatory Statement required pursuant to Section 102 of the Companies Act, 2013 (Act) in relation to Item No.4 & 5 above is annexed hereto.

Voting rights shall be reckoned on the basis of the shares registered in the name of the Members / Beneficial Owners as on 5 August, 2021.

In view of the massive outbreak of the COVID-19 pandemic, social distancing is a norm to be followed and pursuant to the Circular No. 14/2020 dated April 08, 2020, Circular

No.17/2020 dated April 13, 2020 issued by the Ministry of Corporate Affairs followed by Circular No. 20/2020 dated May 05, 2020 and General Circular No. 02/2021 dated January 13, 2021 and all other relevant circulars issued from time to time, permitted the holding of the Annual General Meeting (AGM) through VC / OAVM without the physical presence of Members at a common venue. In compliance with the provisions of the Companies Act, 2013 ("Act"), SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI LODR

Regulations") and MCA Circulars the AGM of the Company is being held through VC / OAVM. Hence, Members can attend and participate in the ensuing AGM through VC / OAVM.

The relevant details, pursuant to Regulations 26(4) and 36(3) of the SEBI LODR Regulations and Secretarial Standard on General Meetings issued by the Institute of Company Secretaries of India, in respect of Director seeking re-appointment at this AGM is annexed.

As per the provisions of the Act, a Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his / her behalf and the proxy need not be a Member of the Company. Pursuant to the Circular No. 14/2020 dated April 08, 2020, issued by the Ministry of Corporate Affairs, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, the Body Corporates are entitled to appoint authorised representatives to attend the AGM through VC/OAVM and participate thereat and cast their votes through e-Voting.

Institutional / Corporate Shareholders (i.e other than individuals / HUF, NRI, etc.) are required to send to the Scrutinizer by e-mail to their registered email address maheshvenki@vmacs.co.in. with a copy marked evoting@nsdl.co.in a certified copy of the relevant Board Resolution / Authorization etc., together with the specimen signatures authorizing their representative(s) to attend the AGM through VC / OAVM and to vote through remote e-Voting.

As per Regulation 40 of SEBI LODR Regulations, as amended, securities of listed companies can be transferred only in dematerialized form with effect from, April 1, 2019, except in case of request received for transmission or transposition of securities. In view of this and to eliminate all the risks associated with physical shares and ease of portfolio management, members holding shares in physical form are requested to consider converting their holdings to dematerialized form. Members can contact the Company or Company's Registrars and Transfer Agents, Integrated Registry Management Services Private Limited for any assistance in this regard.

The Members who have not yet registered their email addresses are requested to register the same with their DPs in case the shares are held by them in electronic form and with Integrated Registry Management Services Private Limited in case the shares are held by them in physical form.

The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in the securities market. Members holding shares in electronic form are, therefore, requested to submit their PAN to the Depository

Participants with whom they maintain their demat accounts. Members holding shares in physical form should submit their PAN to the Company.

Members are requested to intimate changes, if any, pertaining to their name, postal address, email address, telephone / mobile numbers, Permanent Account Number (PAN), mandates, nominations, power of attorney, bank details such as, name of the bank and branch details, bank account number, MICR code, IFSC code, etc., to their DPs in case the shares are held by them in electronic form and to Integrated Registry Management Services Private Limited in case the shares are held by them in physical form.

As per the provisions of Section 72 of the Act, the facility for making nomination is available for the Members in respect of the shares held by them. Members who hold shares in physical form can nominate a person in respect of all the shares held by them singly or jointly. Members who hold shares in a single name are advised, in their own interest, to avail the nomination facility by submitting Form SH 13. Members holding shares in dematerialized form may contact their Depository Participant for recording the nomination in respect of their shares.

Members holding shares under identical names (in the same order) in more than one folio are requested to write to the Company Secretary at the Registered Office of the Company, enclosing their share certificate to enable consolidation of their holding into one folio.

In case of joint holders attending the AGM, only such joint holder who is higher in the order of names as per the Register of Members of the Company will be entitled to vote at the AGM.

Members seeking any information with regard to the accounts or any matter to be placed at the AGM, are requested to write to the Company on or before 5 August, 2021 through email on investor.relations@esab.co.in or Venkatakrisshnan.s@esab.co.in. The same will be replied by the Company suitably.

Pursuant to the provisions of Section 124 (5) & (6) of the Companies Act, 2013, the Company has transferred on due dates, unpaid or unclaimed dividends up to the financial year ended 2012 to the Investor Education and Protection Fund (IEPF) established by the Central Government. Pursuant to the provisions of Investor Education and Protection Fund (Uploading of Information regarding unpaid and unclaimed amounts lying with Companies) Rules, 2012, the Company has uploaded the details of unpaid and unclaimed amounts lying with the Company as on 28 August, 2020 (date of the last Annual General Meeting) on the website of the Company (www.esabindia.com), as also on the website of the Ministry of Corporate Affairs (www.mca.gov.in).

Notice

Members are requested to note that pursuant to the provisions of the Companies Act, 2013 and the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015, all such shares in respect of which dividend has not been paid or claimed for seven consecutive years or more are also required to be transferred to IEPF. In pursuance of this provision, the Company has already transferred the shares pertaining to such shareholders who have not claimed their dividend for a consecutive period of 7 years to the Investor Education and Protection Fund.

The Company had already sent a communication to all the shareholders that henceforth all documents to be sent to the shareholders under the provisions of Companies Act, 2013 will be sent to their registered email address; thereby enabling paperless compliance. Further, in compliance with the aforesaid MCA Circulars dated 13 January, 2021 and SEBI Circular dated May 12, 2020, Notice of the AGM along with the Annual Report 2020-21 is being sent only through electronic mode to those Members whose email addresses are registered with the Company / Depositories.

In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, members may note that the Notice and Annual Report 2020-21 will be available on the Company's website www.esabindia.com, websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively, and on the website of NSDL (agency for providing the Remote e-Voting facility) www.evoting.nsdl.com.

The attendance of the Members attending the AGM through VC / OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act, 2013.

Since the AGM will be held through VC / OAVM, the Route Map is not annexed to this Notice.

AGM has been convened through VC / OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 08, 2020 and MCA Circular No. 17/2020 dated April 13, 2020, MCA Circular No. 20/2020 dated May 05, 2020 and MCA Circular No. 2/2021 dated January 13, 2021.

The Members can join the Annual General Meeting in the VC / OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility for participation in the Annual General Meeting will be available for 1000 members on first come first served basis except for large shareholders (Holding more than 2% or more of shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.

Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and the Circulars issued by the Ministry of Corporate Affairs dated April 08, 2020, April 13, 2020 and May 05, 2020 the Company is providing facility of remote e-Voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with National Securities Depository Limited (NSDL) for facilitating voting through electronic means, as the authorized agency. The facility of casting votes by a member using remote e-Voting system as well as e-Voting on the date of the AGM will be provided by NSDL.

EXPLANATORY STATEMENT (PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013)

Item No.4

The Board at its meeting held on 21 May, 2021 appointed M/s. Geeyes & Co., Practising Cost Accountants, holding Firm Registration No.000044 allotted by the Institute of Cost Accountants of India, as Cost Auditor of the Company in terms of Section 148 of the Companies Act, 2013 (the Act 2013) and fixed a sum of ₹ 5,50,000 (Rupees five lakhs fifty thousand only) as remuneration payable to them, for the financial year ending 31 March, 2022.

The remuneration, as recommended by the Audit Committee and approved by the Board, is required to be ratified by the shareholders of the Company, as per the requirements of the Companies (Audit and Auditors) Rules, 2014, read with Section 148 (3) of the Act 2013.

None of the Directors or Key Managerial Personnel of the Company or their relatives is concerned or interested, financially or otherwise, in the resolution as set out in item no.4

The Board recommends the Ordinary Resolution as set out at item no.4 of the Notice for approval by the Shareholders.

Item No.5

The shareholders of the Company at the Twenty Ninth Annual General Meeting of the Company held on 4 August, 2016, had approved the payment of remuneration by way of commission to the directors (other than directors not resident in India) (referred to "Non-Wholetime Indian Directors") for a period of five financial years commencing from 1 April, 2016 up to 31 March, 2021.

With Corporate Governance attracting significant focus of all body corporates in India, the role played by the Non-Wholetime Directors and more so the Independent Directors has grown multifold. Their contributions during Board deliberations and at other times, immensely help the Company to streamline its strategy and help it to grow and get the better of the competition in the market. Their differing roles based on their respective areas of personal expertise and experience have required varying levels of commitments of time in relation to their membership on committees of the Board. Taking into consideration the above, it is proposed that Non-Wholetime Indian Directors be compensated adequately and that in terms of Section 197 of the Companies Act, 2013, they be paid a remuneration not exceeding 1% of the net profits of the Company computed in accordance with the provisions of the Companies Act, 2013. The authority to determine the manner and quantum of the aforesaid commission to be paid to each of the Non-Wholetime Indian Director will vest with the Board. The proposed payment of commission requires shareholders' approval by way of a special resolution. Hence the Board recommends the passing of this Special Resolution as set out at item no.5 of the Notice for approval by the Shareholders.

None of the Directors or Key Managerial Personnel of the Company or their relatives is concerned or interested, financially or otherwise, except the Indian Non-Wholetime Directors in the resolution as set out in item no.5.

By Order of the Board of Directors

13. MANAGEMENT DISCUSSION AND ANALYSIS

A. ECONOMIC & BUSINESS ENVIRONMENT

The financial year commenced with huge disruptions caused by Covid19 which turned into a raging pandemic as the year progressed. The Company had to contend with extreme levels of disruption on every front with a strong and sustained focus on health and safety. The Company had to adapt to remote working with increasing reliance on IT on its workflows. The Company had also to contend with challenges in the supply chain arising from restrictions on mobility and frequent lockdowns that were announced from time to time.

The year under review also witnessed a sharp and sustained surge in commodity prices with some metal prices hitting all time highs. This contributed to pressure on margins as prices of steel and alloys have a significant bearing on the profitability of the Company.

Capital goods went through a difficult cycle as well with low levels of capacity additions in the light of weak demand overall.

The economy reportedly contracted by about 8% during the Financial Year with several customer segments addressed by the Company reportedly contracting at much higher rates.

In the context of the above, the Company continued to maintain its position as a leading player in the domestic welding industry. The Company's geographical reach within the Country, strong financial profile & benefits derived from being part of a group which has wide presence across the globe helped deliver a strong performance in an extremely difficult economic environment.

B. OUTLOOK, OPPORTUNITIES AND THREATS

The Country is in the grip of a second wave of Covid 19 with catastrophic impact all around triggering a fresh and serious set of measures to contain its spread. The Company has been adapting to ever changing needs prioritizing health and safety while delivering on its commitments to customers. The Company continues to follow applicable guidelines on safety protocols as directed by the Government and also internal guidelines on health and safety.

Prices of raw materials continue to increase in the current financial year due to a combination of local and global factors. There are disruptions at customers' end as well due to short term cessation of fabrication activities as mandated by Government guidelines.

We continue to see threats arising from excess capacities in the market and competition from Tier II and global players pursuing growth in an anemic environment. Additionally, volatilities in customer segments and any economy linked headwinds pose risks as well.

14. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Management evaluates the Company's internal controls from time to time and also works with independent internal auditors to test these and identify areas for improvement. Additionally, the Company is subjected to reviews applicable for Subsidiaries of US headquartered entities. The Company continues to list and evaluate key controls and process to an extent leveraging on the work done as part of its global reporting requirements. Key

findings and actions taken to implement or remediate the same are reviewed by the Audit Committee periodically at its meetings. The scope and coverage of internal audits are aligned to have coverage in terms of key controls and locations. The endeavor is to align to the requirements of Internal Control on Financial Reporting (ICFR) framework while leveraging on work done as part of global reporting requirements. Management testing through independent audit teams followed by external testing were done during the year.

The scope of work of Internal Auditors includes review of controls on accounting, financial reporting, statutory and other compliances and operational areas in addition to reviews relating to efficiency and economy in operations. In the context of higher levels of work from home during the year, controls in Information Technology were a priority area as well during the Financial Year.

Our efforts on the above lines are expected to ensure compliance with the requirements of Internal Controls on Financial Reporting.

15. FINANCIAL PERFORMANCE OF THE COMPANY

A. INCOME AND EXPENDITURE

The Company's revenue from contract with customers was lower by 2.4%. The reduction was seen across all key product categories and also driven by lack of large value orders as in the preceding financial year. Service income on support services on R&D and shared services grew over the previous year.

New product offerings and enhancements were areas of continuing focus as the Company pursued growth and market share. The Company saw good growth in income from services to related party entities which grew by 25.5%

Other income fell by about 9% driven by lower interest rates and lower surplus cash for investment.

Finance income was at comparable levels after adjusting for part repayment of loans by a related party.

Materials costs as a percentage to sales was higher due to higher input costs and product mix

Overheads including employee costs were lower by 2.9% over the previous year primarily due to significant reduction in travel costs. Transportation costs and power / fuel costs were lower in line with lower sales.

The Company has continued to provide for Depreciation at useful lives based on a technical evaluation of useful life of assets.

Profit before tax was lower by 17.2% over the previous year with the impact of lower sales and higher input costs with some offsets on overheads driven by restrictions on mobility.

B. BALANCE SHEET

The turbulence in the overall economy had a severe impact on manufacturing and more so on enterprises in the small and medium segment which had to deal with manpower constraints in addition to limited bandwidth for riding a difficult phase. For the Company, this meant having to deal with higher short-term working capital requirements and taking considered decisions on supply chain and distribution.

We continued to focus on cash flows and to monitor working capital closely through the year. Our spends on capital expenditure were aligned to the evolving environment. Our cash position of being a debt free enterprise stood us in good stead. Closing cash and equivalents including investments were at ₹ 83.3 Crores after dividend payments of ₹ 137 Crores during the financial year.

Capital Expenditure was about ₹ 13.15 Crores as against ₹ 13.35 Crores in the preceding year. The capital expenditure was primarily on productivity improvements, capacity enhancements and upgrading IT systems.

Inventories were lower in value terms and in terms of days to sales as the Company adapted to volatilities and disruptions through the year. The Company focused on monitoring and reduction of Inventory levels with emphasis on containing excesses and obsolescence.

Trade receivables were higher by 17% over the previous year in the light of difficult cycles in liquidity and consequently longer credit terms. The Management continued to focus on quality of receivables with rigorous monitoring of collections and overdue amounts.

16. SUBSIDIARY / JOINT VENTURE / ASSOCIATE COMPANY

The Company does not have any subsidiary, joint venture or an associate company.

17. HOLDING COMPANY

Colfax Corporation is a Delaware, USA based industrial group with existing global business interests in, medical devices, fabrication technology products and services. 28. FORMAL ANNUAL EVALUATION

As required under Section 134 (3) (p) of the Companies Act, 2013 and Regulation 17 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Board of Directors had already approved the evaluation criteria for evaluating the performance of the Board of Directors, its committees and the performance of Independent Directors.

Accordingly, as required under Schedule IV of the Companies Act, 2013 and Regulation 17 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Independent Directors at their separate meeting held on 10 February, 2021 evaluated the performance of the non-independent Directors and the Board as a whole. They also reviewed the performance of the Chairman of the Company and also assessed the quality, quantity and timeliness of flow of information between the Company Management and the Board that was necessary for the Board to effectively and reasonably perform their duties.

Also as required under Regulation 17 (10) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Board assessed the performance of the Independent Directors as per the criteria laid down and has recommended their continuation on the Board of the Company at its meeting held on 21 May, 2021.

As required under the said regulations, the Board of Directors assessed the performance of the individual directors on the Board based on parameters such as, relevant experience and skills, ability and willingness to speak up, focus on shareholder value creation, high governance standards, knowledge of business, processes and procedures followed, openness of discussion / integrity, relationship with management, impact on key management decisions etc. The Members of the Committees of Audit, Nomination & remuneration, Stakeholders relationship, Corporate social responsibility and Risk management committee were also assessed on the above parameters and also in the context of the committee's effectiveness vis-a-vis the Act and the listing regulations.

The Independent Directors fulfilled the independence criteria as specified under the above regulations and the Companies Act, 2013. The Board was satisfied with the evaluation results which reflected the overall engagement and the effectiveness of the Board and its committees. The Independent Directors also updated their current profiles by paying up the relevant fees in the website of the Ministry of Corporate Affairs on Independent Directors for a period of five years from 2020-2021. Since all the four Independent Directors possess the necessary experience and the expertise, they are exempted from taking up the online assessment test of the Ministry.

30. RATIO OF REMUNERATION TO EACH DIRECTOR

As required under Section 197 (12) and Rule 5 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the details of ratio of remuneration to each Director to the median employee remuneration are as given below:

A. Executive Director

Ratio of remuneration paid to Mr Rohit Gambhir, Managing Director vs the median employee is: 26:1 (24:1 for the year ended 31.3.2020).

B. The percentage increase in the median remuneration of employees in the financial year was 7.37%.

C. The number of management employees in the rolls of the Company as on 31 March 2021 is 545 (526 as on 31 March 2020).

D. Average percentile increase made in salaries of employees other than KMP in comparison to the percentile increase in the remuneration of KMP and the justification thereof.

The average percentile increases in salaries of employees other than KMP proposed was 8.03% while that of KMPs was 7.94%.

Justification thereof: Compensation revisions generally take into account performance metrics on sales, operating profits and working capital apart from specific elements attributable to various functions within the organization. Despite the difficulties in the operating environment, we exceeded the budget in all the three metrics. Taking into consideration the rate of inflation, it was decided to

consider an average increase of 7.7%. This increase also includes a higher percentage of increase that has been considered for junior / middle level employees who have been considered for promotion.

As at the end of March 2021 the Company had 808 employees as against 755 at the end of 31 March 2020. The Company believes in providing a working environment that is focused on the customers, teamwork, continuous improvement, innovation and a competitive environment where employees strive to improve value for shareholders.

- E.** The key parameters for any variable component of remuneration availed by the Directors.

Variable Component to Mr Rohit Gambhir - This is linked to various parameters, financial and non-financial. Key elements include sales, operating profit, working capital, implementation of business systems.

Variable Component to Independent Directors - Is based on the roles and responsibilities and their contribution to the Company in their respective capacities. The Commission is individually determined based on their varying commitments of time and effort to the Board and to its committees.

The Board of Directors would like to affirm that the remuneration paid to the Executive and Non-executive Directors and the Key Managerial Personnel is in line with the Remuneration Policy of the Company.

Details of employees receiving the remuneration in excess of the limits prescribed under Section 197 of the Act, 2013 read with Rule 5(2) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 are annexed as a statement and given in **Annexure - 6**. In terms of first proviso to Section 136(1) of the Act, 2013 the Annual report, excluding the aforesaid annexure is now being sent. The annexure is available for inspection at the Registered Office of the Company and any shareholder interested in obtaining a copy of the said annexure may write to the Company Secretary at the Registered Office of the Company.

The Company Secretary is the Secretary to the Committee. The quorum for a meeting of the nomination and remuneration committee shall be either two members or one third of the members of the committee, whichever is greater, including at least one independent director in attendance. This requirement was adhered to during the year under review.

c. Remuneration Policy

The salient features of the policy *inter alia* are to:

- (i) attract, recruit and retain good and exceptional talent;
- (ii) list down the criteria for determining the qualifications, positive attributes and independence of the directors of the Company;
- (iii) ensure that the remuneration of the Directors, Key managerial Personnel and other employees is performance driven, motivates them, recognizes their merits and achievements and promotes excellence in their performance.
- (iv) motivate such personnel to align their individual interests with the interests of the Company, and further the interests of its stakeholders;
- (v) ensure transparent nomination process for directors with the diversity of thought, experience, knowledge, perspective and gender in Board; and
- (vi) fulfil the Company's objectives and goals, including in relation to good corporate governance, transparency and sustained long-term value creation for its stakeholders.

The nomination & remuneration committee reviews the policy on periodical basis and suggests changes to the Board as and when the need arises. They recommend the increase in salary and incentive payable to the Managing Director subject to the approval of the Board. They also approve the increase in salary payable and the incentive payable to the senior management personnel of the company i.e. one level below the board who are direct reports to the Managing Director.

d. Policy on Board Diversity

The Nomination & Remuneration Committee at its meeting held on 19 May, 2016 recommended the policy on Board Diversity as required under the provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and duly approved by the Board of Directors. The said policy is available in the website of the company viz. www.esabindia.com.

e. Performance Evaluation of Independent Directors

As required under Section 134(p) of the Companies Act, 2013 and Regulation 17 (10) of

the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Board of Directors assessed the performance of the Independent Directors as per the criteria laid down at its meeting held on 21 May, 2021.

The Board of Directors assessed the performance of the Independent Directors on the Board based on parameters as given in the matrix above. The Independent Directors fulfilled the independence criteria as specified in SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Companies Act, 2013 and their independence from the management.

The Members of the Committee of Audit, Nomination & Remuneration, Corporate Social Responsibility, Stakeholders relationship and Risk Management were also assessed on the above parameters and also in the context of the Committee's effectiveness vis-à-vis the Act and the SEBI regulation requirements.

The Directors were satisfied with the evaluation results, which reflected the overall engagement and the effectiveness of the Board and its Committees.

Independent Auditor's Report

to the Members of ESAB INDIA LIMITED

Report on the Audit of the Ind AS Financial Statements Opinion

We have audited the accompanying Ind AS financial statements of ESAB India Limited ("the Company"), which comprise the Balance sheet as at March 31 2021, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the Ind AS financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its profit including other comprehensive loss, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical

responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Emphasis of matter

We draw attention to Note 43 of the Financial Statements which describes the impact of Covid-19 pandemic, and its possible consequential implications, if any, on the Company's operations including related uncertainties. Our opinion is not modified in respect of the matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements for the financial year ended March 31, 2021. These matters were addressed in the context of our audit of the Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Ind AS financial statements.

Key audit matters	How our audit addressed the key audit matter
Revenue from Contract with Customers (as described in note 2.2(d) on revenue recognition of the Ind AS financial statements)	
Revenue from Contracts with Customers amounting to ₹ 68,116 (lakhs) involves key judgements relating to identification of distinct performance obligations, determination of transaction price of the identified performance obligations, the appropriateness of the basis used to measure revenue recognized at a point of time. Due to the judgement relating to determination of point of time in satisfaction of performance obligations with respect to sale of products, this matter is considered as Key Audit Matter.	Our audit approach consisted testing of the design and operating effectiveness of the internal controls and substantive testing as follows: <ul style="list-style-type: none"> We evaluated the design of internal controls relating to the revenue accounting standard. We selected a sample of continuing and new contracts, and tested the operating effectiveness of the internal control, relating to identification of the distinct performance obligations and determination of transaction price. We carried out a combination of procedures involving inquiry and observation,

Provisions and contingencies pertaining to disputes (as described in note 35(b) on contingent liabilities of the Ind AS financial statements)	
<p>The Company, in the normal course of business, is contesting various disputes, lawsuits, claims, proceedings including matters relating to taxes and commercial issues that arise from time to time. The Company assesses the need to make provision or disclose a contingency on a case-to-case basis considering the underlying facts of each such litigation or dispute. This assessment is significant to our audit, to assess adequacy of disclosure or provision in the books of account. The accounting and disclosure for contingent liabilities is complex & involves judgment in assessing the outcome of the matter and estimating the potential impact if the outcome is unfavorable, and the amounts involved are, or can be, material to the financial statements.</p>	<p>Our audit procedures included the following:</p> <ul style="list-style-type: none"> • We assessed the Company's process for identification and evaluation of claims, monitoring significant developments arising from contingencies and the measurement of provisions for disputes, potential claims and litigation, contingent liabilities and disclosures. • We obtained a list of ongoing litigations from the Company. We selected a sample of litigations based on materiality and performed inquiries with the Company on the legal evaluation of these litigations. We have compared the said evaluation with the appropriateness of provision or disclosure in the financial statements. We have tested the underlying computation of the management in relation to the measurement of provision or the contingency. • We solicited legal letters from Company's external legal advisors with respect to the matters included in the summary. Where appropriate, we inspected correspondences connected with the cases. • We obtained the details of uncertain tax positions as at the year ended March 31, 2021. We inspected relevant communication with tax authorities. • We involved internal tax experts in assessing the nature and amount of material tax positions and assessed the technical merits of the Company's tax positions based on the correspondence, assessments and settlements from the relevant tax authorities. • Our internal tax experts also considered legal precedence and other rulings in evaluating management's position on these contingencies. • We also evaluated the adequacy of disclosures in the financial statements.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report.

However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements for the financial year ended March 31, 2021 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure 2 to the Independent Auditor's Report of even date on the Ind AS financial statements of ESAB India Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to financial statements of ESAB India Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit

opinion on the Company's internal financial controls with reference to these financial statements.

Meaning of Internal Financial Controls With Reference to these Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Notes to financial statements for the year ended March 31, 2021

(All amounts are in lakhs of Indian rupees, unless otherwise stated)

1. Company Overview

ESAB India Limited ("the Company") was incorporated on November 10, 1987 and commenced its business operations in July 1988. The Company is a Public Limited Company domiciled in India and has its primary listings on BSE Limited and National Stock Exchange of India Limited in India. The registered office of the Company is located at Plot No.13, 3rd Main Road, Industrial Estate, Ambattur, Chennai 600 058. The Company is engaged in the business of fabrication technology. The Company caters to both domestic and international markets.

The financial statements were authorized for issue in accordance with the resolution passed by the Board of Directors on May 21, 2021.

2. Significant Accounting Policies

2.1 Basis of Preparation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013 (Ind AS compliant Schedule III) as applicable to these financial statements.

The financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments). The financial statements are presented in lakhs of Indian rupees and all values are rounded to the nearest lakhs, except when otherwise indicated.

2.2 Summary of Significant Accounting Policies

a) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current / non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities. The operating cycle is the time between

the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

b) Foreign currency transactions and balances

Financial Statements are presented in Indian rupees (₹) which is also the functional currency of the Company. Transactions in foreign currencies are initially recorded by the functional currency spot rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in statement of profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

c. Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or

In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use of selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate under the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within

Notes to the Financial Statements

for the year ended March 31, 2021

(All amounts are in lakhs of Indian rupees, unless otherwise stated)

the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

(i)	Level 1	Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
(ii)	Level 2	Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
(iii)	Level 3	Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarizes accounting policy for fair value. Other fair value related disclosures are given in the relevant notes to the financial statements.

d. Revenue from contract with customers

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company has generally concluded that it is the principal in its revenue arrangements, because it typically controls the goods or services before transferring them to the customer.

Sale of products:

Revenue from sale of products is recognised at the point in time when control of the asset is transferred to the customer, generally on despatch of products from the factory gate. The normal credit term is 0 to 120 days of sale.

The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated.

Warranty obligations:

The Company typically provides warranties for general repairs of defects that existed at the time of sale, as required by law. These assurance-type warranties are accounted for under Ind AS 37

Provisions, Contingent Liabilities and Contingent Assets. Refer to the accounting policy on warranty provisions in section (l) Provisions.

The Company provides normal warranty provisions for one year on equipment products sold.

Installation services:

The Company provides installation services that are bundled together with the sale of certain products for which the installation services can be obtained from other providers and does not significantly customise or modify the product.

The Company recognises revenue from installation services at a point in time when the service is completed, using an expected cost plus margin method to estimate the standalone selling price.

Rendering of services:

Revenue from services is recognised when the services are rendered in accordance with the specific terms of contract and when collectability of the resulting receivable is reasonably assured.

Dividend income:

Dividend income is recognised when the Company's right to receive payment has been established.

Interest Income:

Interest income from financial assets is recognised at the effective interest rate method applicable on initial recognition. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

Export Benefits:

Income from export incentives such as Service Exports from India Scheme (SEIS) are recognised when there is reasonable assurance that the grant will be received and all attached conditions will be complied with. Export Benefits are recognised on export of products and services on availing of any such benefits, as applicable.

Contract Balances

Trade receivables:

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e., only the passage of time is required before payment of the consideration is due). Refer to accounting policies of financial assets in section (n) Financial instruments – initial recognition and subsequent measurement.

e. Income Taxes

(i) Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the country where the Company operates and generates taxable income.

Notes to the Financial Statements

for the year ended March 31, 2021

(All amounts are in lakhs of Indian rupees, unless otherwise stated)

ESAB INDIA LIMITED

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Accruals for uncertain tax positions require management to make judgments of potential exposures. Accruals for uncertain tax positions are measured using either the most likely amount or the expected value amount depending on which method the entity expects to better predict the resolution of the uncertainty. Tax benefits are not recognized unless the tax positions will probably be accepted by the tax authorities. This is based upon management's interpretation of applicable laws and regulations and the expectation of how the tax authority will resolve the matter. Once considered probable of not being accepted, management reviews each material tax benefit and reflects the effect of the uncertainty in determining the related taxable amounts.

(ii) Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except when the deferred tax liability arises from an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except when the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is

realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

f. Non-current assets held for sale

The Company classifies non-current assets as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use. Actions required to complete the sale should indicate that it is unlikely that significant changes to the sale will be made or that it is unlikely that the decision to sell will be withdrawn. Management must be committed to the sale expected within one year from the date of classification.

The criteria for held for sale classification is met only when the asset is available for immediate sale in its present condition, subject only to terms that are usual and customary for sale of such assets, its sale is highly probable; and it will genuinely be sold, not abandoned. The Company treats sale of the asset to be highly probable when:

- The appropriate level of management is committed to a plan to sell the asset,
- An active programme to locate a buyer and complete the plan has been initiated (if applicable),
- The asset is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- The sale is expected to qualify for recognition as a completed sale within one year from the date of classification, and
- Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Non-current assets held for sale are measured at the lower of their carrying amount and the fair value less costs to sell. Assets and liabilities classified as held for sale are presented separately in the balance sheet.

Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortised.

g. Property, plant and equipment

Property, plant and equipments held for use in the production or supply of goods or services, or for administrative purposes,

Notes to the Financial Statements

for the year ended March 31, 2021

(All amounts are in lakhs of Indian rupees, unless otherwise stated)

are stated in the Balance Sheet at cost less accumulated depreciation and impairment losses, if any. The cost of an asset comprises its purchase price or its construction cost (net of applicable tax credits), any cost directly attributable to bring the asset into the location and condition necessary for it to be capable of operating in the manner intended by the Management. Such cost includes the cost of replacing part of the plant and equipment and professional fees. Any trade discounts and rebates are deducted in arriving at the purchase price. Parts of an item of Property, plant and equipment having different useful lives and significant value and subsequent expenditure on Property, plant and equipment arising on account of capital improvement or other factors are accounted for as separate components. All other repair and maintenance costs are recognised in profit or loss as incurred.

Items of stores and spares that meet the definition of Property, plant and equipment are capitalized at cost and depreciated over their useful life. Otherwise, such items are classified as inventories.

Capital work in progress is stated at cost, less any recognised impairment loss. Such assets are classified to the appropriate categories of Property, plant and equipment when completed and ready for intended use. Depreciation of these assets, commences when the assets are ready for their intended use.

Depreciation is provided on the cost of Property plant and equipment less their residual values, using the straight line method over the useful life of Property plant and equipment as stated in the Schedule II to the Companies Act, 2013 or based on technical assessment by the Company. The Company has used the following useful lives to provide depreciation on its property, plant and equipment.

Particulars	Useful Life
Buildings	30 - 60 years
Plant & Machinery	4 - 21 years
Furniture and Fixtures	16 years
Vehicles	6 years

The estimated useful lives, residual values and depreciation method are reviewed on an annual basis and if necessary, changes in estimates are accounted for prospectively.

Depreciation on additions/deletions to Property, plant and equipment during the year is provided for on a pro-rata basis with reference to the date of additions/deletions. Depreciation on subsequent expenditure on Property, plant and equipment arising on account of capital improvement or other factors is provided for prospectively over the remaining useful life. Depreciation on refurbished/revamped Property, plant and equipment which are capitalized separately is provided for over the reassessed useful life.

An item of Property, plant and equipment is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any

gain or loss arising on the disposal or retirement of an item of Property, plant and equipment is determined as the difference between the net sales proceeds and the carrying amount of the asset and is recognised as in the Statement of Profit and Loss.

h. Intangible Assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight line basis over their estimated useful lives from the date of capitalisation. The estimated useful life is reviewed at the end of each reporting period and the effect of any changes in estimate being accounted for prospectively.

Computer software are amortized on a straight line basis over a period of 4 years.

Intangible assets is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset, and recognised in the Statement of Profit and Loss as and when the asset is derecognised.

i. Impairment of tangible and intangible assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industry or

Notes to the Financial Statements

for the year ended March 31, 2021

(All amounts are in lakhs of Indian rupees, unless otherwise stated)

ESAB INDIA LIMITED

country in which the entity operates, or for the market in which the asset is used.

Impairment losses of continuing operations are recognised in the statement of profit and loss.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

j. Inventories

Inventories are valued at the lower of cost and net realisable value. Costs incurred in bringing each product to its present location and condition are accounted for as follows:

Raw materials:

Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on first in, first out basis.

Finished goods and work in progress:

Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity. Cost is determined on first in, first out basis.

Traded goods:

Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on first in, first out basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

Stores and spares which do not meet the definition of Property, plant and equipment are accounted as inventories.

k. Retirement and other employee benefits

Employee benefits include salaries, wages, provident fund, gratuity, pension, compensated absences and other termination benefits.

i. Defined contribution plans

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The

Company recognises contribution payable to the provident fund scheme as an expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre payment will lead to, for example, a reduction in future payment.

ii. Defined benefit plans

The Company operates two defined benefit plans for its employees, viz., gratuity and pension. The costs of providing benefits under these plans are determined on the basis of actuarial valuation at each year-end. Separate actuarial valuation is carried out for each plan using the projected unit credit method. Actuarial gains and losses for both defined benefit plans are recognized in full in the period in which they occur in other comprehensive income (OCI). The Company has funded this with Life Insurance Corporation of India ('LIC').

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurement are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in statement of profit and loss on the earlier of:

- (i) The date of the plan amendment or curtailment, and
- (ii) The date that the Company recognises related restructuring costs.

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- (i) Service costs comprising current service costs, past service costs, gains and losses on curtailments and non-routine settlements; and
- (ii) Net interest expense or income.

iii. Other employee benefits

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-

Notes to the Financial Statements

for the year ended March 31, 2021

(All amounts are in lakhs of Indian rupees, unless otherwise stated)

term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the period-end. Actuarial gains / losses are immediately taken to other comprehensive income and are not deferred. The Company presents the leave as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date. Where Company has the unconditional legal and contractual right to defer the settlement for a period beyond 12 months, the same is presented as non-current liability.

I. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Warranty provision

The Company provides normal warranty provisions for one year on equipment products sold, in line with the industry practice. Provisions for warranty-related costs are recognized as and when the products are sold to customers. Estimates are established using historical information as to the nature, frequency, and average costs of warranty claims. The estimate of such warranty-related costs is revised annually.

m. Contingent liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company. It includes a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. It also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

n. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i. Financial Assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales

of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in the following categories:

- (i) Debt instruments at amortised cost; and
- (ii) Debt instruments at fair value through profits or loss (FVTPL)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables. For more information on receivables, refer to Note 9.

Debt instruments at fair value through profit or loss (FVTPL)

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as Fair value through Other Comprehensive Income (FVTOCI), is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if by doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss account.

Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

Notes to the Financial Statements

for the year ended March 31, 2021

(All amounts are in lakhs of Indian rupees, unless otherwise stated)

ESAB INDIA LIMITED

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in the Statement of Profit and Loss.

Equity instruments at fair value through profit or loss (FVTPL)

Investments in equity instruments are classified at FVTPL, unless the Company irrevocably elects on initial recognition to present subsequent changes in fair value in other comprehensive income for investments in equity instruments which are not held for trading.

Equity instruments at FVTPL

Equity instruments at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognised in profit or loss.

Impairment of financial assets

The Company assesses at each balance sheet date whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to 12 month expected credit losses or at an amount equal to lifetime expected losses, if the credit risk on the financial asset has increased significantly since initial recognition.

Trade receivables

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original Effective interest rate.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income / expense in the

statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the P&L.

Financial assets measured as at amortised cost - ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

ii. Financial Liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss or payables, as appropriate. All financial liabilities are recognised initially at fair value. The Company's financial liabilities include trade and other payables.

Subsequent measurement

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains / losses attributable to changes in own credit risks are recognized in OCI. These gains / losses are not subsequently transferred to statement of profit and loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

Derecognition

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit and Loss.

iii. Reclassification of financial assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is

Notes to the Financial Statements

for the year ended March 31, 2021

(All amounts are in lakhs of Indian rupees, unless otherwise stated)

made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases

to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

Original classification	Revised classification	Accounting treatment
Amortised cost	FVTPL	Fair value is measured at reclassification date. Difference between previous amortised cost and fair value is recognised in P&L.
FVTPL	Amortised cost	Fair value at reclassification date becomes its new gross carrying amount. EIR is calculated based on the new gross carrying amount.
Amortised cost	FVTOCI	Fair value is measured at reclassification date. Difference between previous amortised cost and fair value is recognised in OCI. No change in EIR due to reclassification.
FVTOCI	Amortised cost	Fair value at reclassification date becomes its new amortised cost carrying amount. However, cumulative gain or loss in OCI is adjusted against fair value. Consequently, the asset is measured as if it had always been measured at amortised cost.
FVTPL	FVTOCI	Fair value at reclassification date becomes its new carrying amount. No other adjustment is required.
FVTOCI	FVTPL	Assets continue to be measured at fair value. Cumulative gain or loss previously recognized in OCI is reclassified to P&L at the reclassification date.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

o. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

p. Cash dividend

The Company recognises a liability to make cash distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Company, i.e. liability is accrued on the date of authorisation. As per the corporate laws in India, a distribution of final dividend is authorised when it is approved by the shareholders, while the interim dividend is approved by the Board of Directors and paid directly to the shareholders. A corresponding amount is recognised directly in equity.

q. Earnings per share

Basic earnings per share are computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

r. Leases

The Company assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Company as a lessee

The Company applies a single recognition and measurement approach for all leases, except for short-term leases. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Notes to the Financial Statements

for the year ended March 31, 2021

(All amounts are in lakhs of Indian rupees, unless otherwise stated)

ESAB INDIA LIMITED

a. Right-of-use assets

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets. The right-of-use assets are also subject to impairment. Right-of-use assets mainly consists of land and building.

b. Lease Liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Company and payments of penalties for terminating the lease, if the lease term reflects the Company exercising the option to terminate.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

c. Short-term leases

The Company applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). Lease payments on short-term leases are

recognised as expense on a straight-line basis over the lease term.

2.3 Changes in accounting policies and disclosures

New and amended standards

i. Amendments to Ind AS 116: Covid-19-Related Rent Concessions

The amendments provide relief to lessees from applying Ind AS 116 guidance on lease modification accounting for rent concessions arising as a direct consequence of the Covid-19 pandemic. As a practical expedient, a lessee may elect not to assess whether a Covid-19 related rent concession from a lessor is a lease modification. A lessee that makes this election accounts for any change in lease payments resulting from the Covid-19 related rent concession the same way it would account for the change under Ind AS 116, if the change were not a lease modification.

The amendments are applicable for annual reporting periods beginning on or after the 1 April 2020. In case, a lessee has not yet approved the financial statements for issue before the issuance of this amendment, then the same may be applied for annual reporting periods beginning on or after the 1 April 2019. This amendment had no impact on the financial statements of the Company.

ii. Amendments to Ind AS 1 and Ind AS 8: Definition of Material

The amendments provide a new definition of material that states, "information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements, which provide financial information about a specific reporting entity." The amendments clarify that materiality will depend on the nature or magnitude of information, either individually or in combination with other information, in the context of the financial statements. A misstatement of information is material if it could reasonably be expected to influence decisions made by the primary users. These amendments had no impact on the financial statements of, nor is there expected to be any future impact to the Company.

These amendments are applicable prospectively for annual periods beginning on or after the 1 April 2020. The amendments to the definition of material are not expected to have a significant impact on the Company's financial statements.

	<u>(82)</u>	<u>(25)</u>

31. Earnings per share (EPS)

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of Equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit attributable to equity holders by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

	31-Mar-21	31-Mar-20
Profit for the year (₹)	5,929	7,141
Weighted average number of Equity shares for EPS	1,53,93,020	1,53,93,020
Basic and Diluted earnings per share	38.52	46.40

32. Significant accounting judgements, estimates and assumptions

The preparation of the Company's Financial Statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the Financial Statements:

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Impairment of non-financial assets

Impairment exists when the carrying value of an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF (Discounted Cash Flow) model. The cash flows are derived from the budget for the next five years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU (Cash Generating Unit) being tested. The recoverable amount is sensitive to the discount rate

(All amounts are in lakhs of Indian rupees, unless otherwise stated)

ESAB INDIA LIMITED

used for the DCF (Discounted Cash Flow) model as well as the expected future cash-inflows and the growth rate used for extrapolation purposes.

Deferred income taxes

The Company's tax expense for the year is the sum of the total current and deferred tax charges. The calculation of the total tax expense necessarily involves a degree of estimation and judgement in respect of certain items. A deferred tax asset is recognised when it has become probable that future taxable profit will allow the deferred tax asset to be recovered. Recognition, therefore involves judgement regarding the prudent forecasting of future taxable gains and profits of the business.

Defined benefit plans

The cost of the defined benefit plan and other post-employment benefits and the present value of the obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. Further details about defined benefit obligations are given in Note 34.

33. Income taxes

The major components of income tax expense for the year ended March 31, 2021 are:

	Year ended March 31, 2021	Year ended March 31, 2020
Current tax:		
Current income tax charge	2,055	2,439

Provision for inventories	212	249
Provision for sales tax	72	98
Provision for others	9	9
Deferred tax assets (net)	145	153

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases, and unutilized business loss and depreciation carry-forwards and tax credits. Such deferred tax assets and liabilities are computed separately for each taxable entity and for each taxable jurisdiction. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences, unused tax losses, depreciation carry-forwards and unused tax credits could be utilized.

Provisions for gratuity (refer note 17)	A	51	133
Pension fund liability (refer note 17)	B	244	87

A. Gratuity plan

The Company has a defined benefit gratuity plan for employees which requires contributions to be made to a separately administered fund. The gratuity plan is governed by the Payment of Gratuity Act, 1972 ("Act"). Under the Act, every employee who has completed five years or more of service is entitled to this Gratuity payment, on departure, of 15 days' salary (last drawn salary) for each completed year of service subject to a maximum of Rs.20 lakhs. The Company has established a trust to setup an employee group gratuity scheme for providing gratuity benefits to eligible employees as per the rules of the scheme. The gratuity scheme is funded with Life Insurance Corporation of India ("LIC") for the purpose of providing gratuity benefits to its employees. The Trust is administered by the Board of Trustees, which is responsible for the administration of the plan assets.

The following tables summarise the components of net benefit expense recognised in the statement of profit or loss and the funded status and amounts recognised in the balance sheet.

Terms and conditions of transactions with related parties

The sales to and purchases from related parties are made on terms equivalent to those that prevail in arm's length transactions. Outstanding balances at the year-end are unsecured and interest free and settlement occurs in cash. There have been no guarantees provided or received for any related party receivables or payables, except for corporate guarantee from Colfax Corporation, the Ultimate Holding Company for the loan granted to EWAC Alloys Limited. For the year ended March 31, 2021, the Company has not recorded any impairment of receivables relating to amounts owed by related parties (March 31,2020: Nil). This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

Notes to the Financial Statements

for the year ended March 31, 2021

(All amounts are in lakhs of Indian rupees, unless otherwise stated)

38. Fair values

The management considers that the carrying amounts of financial assets and financial liabilities recognised in the financial statements approximate their fair values.

39. Fair value hierarchy related disclosures

Quantitative disclosures fair value measurement hierarchy for assets	Date of valuation	Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Units in Mutual Fund	March 31, 2021	4,109	–	–
Unquoted equity shares	March 31, 2021	–	–	15
Units in Mutual Fund	March 31, 2020	6,983	–	–
Unquoted equity shares	March 31, 2020	–	–	15

The fair values of the financial assets included in the level 1 categories above have been determined in accordance with generally accepted pricing models.

40. Major Financial risk management objectives

The Company is exposed to certain financial risks that could have significant influence on the Company's business and operational/ financial performance. These include market risk (including commodity price risk, currency risk and interest rate risk), credit risk and liquidity risk.

The Management reviews and approves risk management framework and policies for managing these risks and monitor suitable mitigating actions taken by the management to minimise potential adverse effects and achieve greater predictability to earnings.

In line with the overall risk management framework and policies, the treasury function provides services to the business, monitors and manages through an analysis of the exposures by degree and magnitude of risks. The Company does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

Market Risk

Market risk is the risk or uncertainty arising from possible market price movements and their impact on the future performance of a business. The major components of market risk are commodity price risk, foreign currency exchange risk and interest rate risk.

Commodity Price Risk

The primary commodity price risks that the Company is exposed to includes steel price movement that could adversely affect the value of the Company's financial assets or expected future cash flows. The Company primarily enters into monthly contracts and revisits the prices periodically.

Foreign Currency Risk

The Company imports raw materials, components and capital good from outside India, incurs few expenditure as well as make export sales to countries outside India. The Company is, therefore, exposed to foreign currency risk principally arising out of foreign currency movement against the Indian Currency.

Unhedged foreign currency

The carrying amounts in Indian Rupees of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

As on March 31, 2021:

Particulars	Gross exposure	Exposure hedged	Net liability exposure on the currency
Impact of USD exposure	(2,240)	–	(2,240)
Impact of EURO exposure	(240)	–	(240)
Impact of other exposures	(43)	–	(43)
Net overall exposure - net assets / (net liabilities)	(2,523)	–	(2,523)

Notes to the Financial Statements

for the year ended March 31, 2021

(All amounts are in lakhs of Indian rupees, unless otherwise stated)

ESAB INDIA LIMITED

As on March 31, 2020:

Particulars	Gross exposure	Exposure hedged	Net liability exposure on the currency
Impact of USD exposure	(1,856)	–	(1,856)
Impact of EURO exposure	(993)	–	(993)
Impact of other exposures	(29)	–	(29)
Net overall exposure - net assets / (net liabilities)	(2,878)	–	(2,878)

Foreign currency sensitivity analysis:

The following tables demonstrate the sensitivity to 5% appreciation in USD and EURO exchange rates on foreign currency exposures as at the year end, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities. The Company's exposure to foreign currency changes for all other currencies is not material.

Nature	As at	Increase / (Decrease) in PBT for change in USD rates	Increase / (Decrease) in PBT for change in EURO rates
Receivables	31-Mar-21	46	4
Payables		(158)	(16)
Receivables	31-Mar-20	35	–
Payables		(128)	(50)

Interest rate risk

The Company is not exposed to interest rate risk because there are no borrowings.

Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company has adopted a policy of dealing only with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults.

Trade receivables consist of a large number of customers, spread across India. Ongoing credit evaluation is performed on the financial condition of accounts receivable.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure is the total of the carrying amount of balances with banks, trade receivables and other financial assets.

The Company has provided for trade receivables amounting to ₹ 451 (March 31, 2020: ₹ 475) as there was no reasonable expectations of recovery.

Liquidity risk

The Company manages liquidity risk by maintaining adequate reserves, banking facilities and by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The Company manages liquidity risk by maintaining sufficient cash and cash equivalents including bank deposits and availability of funding through an adequate amount of committed credit facilities to meet the obligations when due. Management monitors rolling forecasts of liquidity position and cash and cash equivalents on the basis of expected cash flows. In addition, liquidity management also involves projecting cash flows considering level of liquid assets necessary to meet obligations by matching the maturity profiles of financial assets & liabilities and monitoring balance sheet liquidity ratios.

43. Impact of COVID

The outbreak of Coronavirus (COVID-19) pandemic globally initially caused a slowdown of economic activity in 2020. Many countries including India continue to be impacted in the second wave of the COVID-19 in 2021. The Company has considered the possible effects that may result from COVID-19 in the preparation of these financial statements including the recoverability of carrying amounts of financial and non-financial assets. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of COVID-19, the Company has, at the date of approval of these financial statements, used internal and external sources of information which are relevant and expects that the carrying amount of these assets will be recovered. The impact of COVID-19 on the Company's financial statements may differ from that estimated as at the date of approval of these financial statements. However, the impact assessment of COVID-19 is a continuing process, given the uncertainties associated with its nature and duration. The Company will continue to monitor any material changes to future economic conditions and the consequent impact on its business, if any and make any necessary adjustments in the relevant financial period.
