## ONMO launches Crypto payments for players globally

**Bangalore, May 04 2022:**

ONMO, the direct-to-consumer social esports mobile gaming platform from OnMobile has announced enabling transactions through Bitcoin for players across the globe. While ONMO users in India can play using real money, users in other parts of the globe will now have the choice of using Bitcoins to pay entry fees for 1-on-1 battles and daily multiplayer tournaments and play a wide variety of games on the platform.

Commenting on the new release, **Krish Seshadri, CEO, ONMO** said “Gamers have been well habituated to virtual items and understand the value of virtual currencies. Our goal is to provide our global players with the best experience. With the rapid adoption of Crypto, we have now added Bitcoin as the main payment method to play games on ONMO across the globe. We will soon add other Crypto currencies to the payment methods in the ONMO wallet”.

With the addition of Bitcoin payments, ONMO brings together two of the fastest-growing markets - crypto and esports - making it versatile and easy to use. Bitcoin payments offer cross-game and cross-region compatibility coupled with streamlined payments. The platform will facilitate more cryptocurrency payment options in the future providing its global users with the best game experience and empower them to wager against each other.
