Commenting on the Company’s performance for Q1 FY21-22, Mr. Krishna Singh, Founder & CMD, ‘We are on our way to completely transition Globalspace Technologies into a 360 Degree health tech organization. In the larger interest of future value creation, we are dedicating our 100% resources towards creation & integration of our health tech platforms, DocExa, Mediapp & Vodo. Currently the focus is to build & promote all the three health tech platforms which is aligned to the long term strategy of Globalspace.
