Coal import dips 35% in Aug on lower demand from power, cement players

PRESS TRUST OF INDIA
New Delhi, September 13

INDIA'S COAL IMPORT declined by 34.9% to 12.46 million tonne (MT) in August on account of subdued demand for the dry fuel from consuming sectors like power and cement.

The country imported 19.14 MT of coal in August last year, according to provisional compilation by mjunction, based on monitoring of vessels' positions and data received from shipping companies.

mjunction, a joint venture between Tata Steel and SAIL, is a B2B e-commerce company that also publishes research reports on coal and steel verticals.

Also, the first five months of the current fiscal saw 32.51% decline in coal import at 73.08 MT, over 108.29 MT during the year-ago period, it said.

"Although there has been a modest recovery in coal-consuming sectors such as power and cement, coal stock continues to be ample and hence import demand subdued. If we go by the current trend, coal imports may see a significant decline this year," it said.

Of the total imports in August,

The country imported 19.14 MT of coal in August last year, according to provisional compilation by mjunction, based on monitoring of vessels' positions and data received from shipping firms

non-coking coal's shipment was at 8.87 MT and coking coal at 2.18 MT. Coal India (CIL), which accounts for over 80% of domestic coal output, has been mandated by the government to replace at least 1.00 million tonne of imports with domestically-produced coal in the ongoing fiscal. To boost coal demand, the government has announced a slew of measures like increased supply for linkage consumers.

The Centre had also announced several relief measures for CIL con-

sumers, including the power sector. The country imported 247.1 MT of coal in 2019-20, about five per cent higher than 235.35 MT imported during 2018-19.

ICAI seeks extension of FY19 GST annual return filing deadline by three months

PRESS TRUST OF INDIA
New Delhi, September 13

THE INSTITUTE OF Chartered Accountants of India (ICAI) has written to the GST Council, seeking deferment of 2018-19 GST annual return filing deadline by three months till December 31.

The last date for filing annual return for 2018-19 fiscal for Goods and Services Tax (GST) registered taxpayer is September 30.

In its representation to the GST Council, the ICAI said majority of the offices are working only partially due to the Covid-19 pandemic.

"We request... to provide appropriate relaxation to the registered persons and extend due dates of fil-

ing GST annual return and GST audit for the year 2018-19 by 3 months till December 31, 2020. This would provide needed relaxation to the trade, in combating the circumstances arising out of coronavirus," the ICAI said.

The government had in May ex-

The government had in May extended the last date for filing annual GST return for financial year 2018-19 by three months till September 2020

tended the last date for filing annual GST return for financial year 2018-19 by three months till September 2020.

EY Tax Partner Abhishek Jain said Covid-19 has not only dramatically affected the lives of people but has also brought various businesses to a standstill.

"Under current scenario, where the industries are struggling, the fo-

cus has shifted to keep the operations running vis-a-vis meeting compliance deadlines. As such, this move of the ICAI, filing a representation seeking extension in the due dates for GST annual return and audit report by three months, will be much appreciated by the industry" and if accepted by the government, it would provide the requisite breathing space to businesses, Jain added. GSTR 9 is an annual return to be filed yearly by taxpayers registered under the GST. It consists of details regarding the outward and inward supplies made or received under different tax heads.

GSTR-9C is a statement of reconciliation between GSTR-9 and the audited annual financial statement.

MD: SBI Card to enrol 'delinquent' customers in restructuring plans

PRESS TRUST OF INDIA
New Delhi, September 13

SBI CARD IS in the process of enrolling "delinquent" customers, who did not repay after the end of moratorium, in the RBI restructuring scheme or its own repayment plan to provide them more time for repayments, a top company official said.

Due to the moratorium, a number of customers had not been paying for the first three months and the company treated them as standard accounts in line with the entire industry. However, since then, as the first moratorium ended, SBI Card made it a customer-led enrolment in the second moratorium in which a lot of customers did not enrol, SBI Card managing director & CEO Ashwini Kumar Tewari said.

"Therefore, we had a large chunk of customers who came out of the moratorium. A lot of them paid up, but many of them did not pay also. And these became what we call as more delinquent customers."

"So with these delinquent customers, we are now working to enrol them either into the RBI restructuring scheme or our own repayment plans so that they get more time and better interest rate to pay their dues," Tewari, who took charge over a month ago, told PTI in an interview.

According to the company, it had Rs 7,083 crore under moratorium in May, which came down to Rs 1,500 crore in June.

Those who would be availing of the company's restructuring plan will have a benefit over the RBI restructuring plan as SBI Card will not report such cases to the credit scoring agency CIBIL.

Cairn's Rajasthan oil block licence stuck in cost dispute

PRESS TRUST OF INDIA
New Delhi, September 13

BILLIONAIRE ANIL AGARWAL-LED Cairn India's Rajasthan oil block licence extension is stuck in a dispute over cost and the firm is literally surviving on monthly extensions by the government, sources said. The government had in October 2018 agreed to extend by 10 years the contract for Barmer fields in Rajasthan after the expiry of the initial 25-year contract period on May 14, 2020. This extension was subject to Vedanta Group firm agreeing to raise the share of the government's profit from oil and gas produced from the block by 10%.

While Cairn protested against the additional payout and took the government to court, the extension was subsequently held up due to the government claiming additional profit petroleum after re-allocating ₹2,723 crore common cost between different fields in the block and disallowance of ₹1,508 crore cost on a pipeline, sources privy to the development said.

The government wants the company to clear the dues before the extension is granted, they said, adding the company has disputed the demand and issued a notice of arbitration to resolve the differences. Pending resolution, the government first gave the company a three-month extension of the production sharing contract (PSC) for the Rajasthan block, which houses the prolific Mangla, Bhagyam and Aishwariya oilfields, till August 15, 2020.
