# UP cops arrest 3 who duped techie with '12.5 million pound' e-mail offer

**NOIDA:** Uttar Pradesh police have arrested 3 men for allegedly duping a Noida-based software engineer of Rs 60 lakh on pretext of making him heir to the fortune of a fictitious London-based NRI,

officials said. The techie was told he would be richer by 12.5 million pounds. The accused were held on Friday from Bareilly district by officials of Cyber Crime Police Station Noida.

# Dalit girl's death: Rahul's tweet with pic of victim's kin 'no longer available'

**New Delhi:** A controversial tweet of Congress leader Rahul Gandhi with a picture of him meeting the family members of a nine-year-old Dalit girl who died here following an alleged sexual assault showed as "no longer available" on the microblogging website for violating its rules.

Posting a picture of his meeting with the girl's family on Wednesday, Gandhi had tweeted in Hindi: "Parents' tears are saying only one thing — their daughter, the daughter of this country, deserves justice. And I am with them on this path to justice."

The National Commission for Protection of Child Rights (NCPCR) had asked the Delhi Police and Twitter on Wednesday to take action over Gandhi posting the photo of the girl's family on the microblogging website, saying it violates the Juvenile Justice Act and the Protection of Children from Sexual Offences (POCSO) Act.

A click on the tweet led to a message that read: "This tweet violated the Twitter rules."

Gandhi met the girl's family members on Wednesday and asserted that he is with them on the path to justice and "will not back down even an inch".

## Rahul Gandhi's Twitter account temporarily suspended: Cong

**New Delhi:** Former Congress president Rahul Gandhi's Twitter account has been temporarily suspended, the party informed via a tweet Saturday evening. It added that due process was being followed for the restoration of the Congress MP's account. "Until then, he will stay connected with you all through his other SM platforms & continue to raise his voice for our people & fight for their cause. Jai Hind!" the tweet further said.

Earlier in June, Twitter had briefly blocked former IT Minister Ravi Shankar Prasad from accessing his account over alleged violation of the US copyright law. This came in the backdrop of an intensified public spat between the microblogging platform and the government over the new IT Rules. Prasad had, however, slammed the ac-

tion, calling it "arbitrary and a gross violation of the IT rules".

The same day, Congress MP and chairman of the parliamentary panel on Information Technology Shashi Tharoor had said that the same thing happened with him. He said one of his tweets has been deleted by Twitter because its video included the copyrighted BoneyM song "Rasputin". Following this, the parliamentary standing committee on IT had sought an explanation from the microblogging platform on the blocking of Twitter accounts of Prasad and Tharoor.

Meanwhile, Twitter on Friday told the Delhi High Court that it has appointed a full-time Chief Compliance Officer-cum-Resident Grievance Officer and a Nodal Contact Officer in compliance with the IT Rules, 2021.

## 5-yr-old girl falls into borewell, dies

FPJ NEWS SERVICE / Ujjain

A 5-year-old girl fell into a 250-deep borewell and got stuck at a depth of 30 feet while playing outside her house in Jogi Khaidi under Ghatiya police station. Administration was informed but it responded late. Villagers managed to rescue the girl but by then she had already died.

According to reports, Vedika, daughter of Padam Singh was playing when she fell into a nearby closed borewell on Saturday. Her elder sister informed family members. Hearing cries, villagers rushed to the spot. The administration was informed. Instead of waiting for the administration's team, villagers decided to launch a rescue operation. A 10mm bar was put into the borewell to bring Vedika out.

Luckily, the bar got stuck in the girl's T-shirt enabling the villagers to pull her out after a two-hour-long effort. However, by then it was quite late. She was rushed to Sanjeevani Hospital in Ujjain where doctors pronounced her dead.

## Odisha farmer dies by suicide after paddy distress sale

An Odisha farmer has died two days after consuming pesticide following the failure of his paddy crop and its sale for a low price.

Kaibalya Rohidas, 45, from the western district of Sambalpur, was facing economic and mental stress, said his son, Dasarath.

Unable to get the minimum selling price, the farmer was forced to sell the produce at a minimal cost, incurring a loss of Rs 1.5 lakh, Dasarath added.

"The Rabi season had not been very fruitful for us. Due to erratic rain, the produce was very low. The total harvest was only around 200 kg. My father could only sell 45 kg of the total produce as allotted under the token system. The remaining harvest was sold off at a very minimal price," he added.

"On top of it, he had a bad season, he also had

loans of over Rs 70,000 to repay."

Rohidas died Friday during treatment. The police have lodged a case of accidental death. Authorities have also initiated a district-level inquiry.

Dhankauda's block development officer Basant Hati said, "We are inquiring into the matter. The information regarding paddy procurement and distress sale is also being looked into."

Earlier this month, following allegations of mismanagement in paddy procurement during the rabi season, Chief Secretary Suresh Mahapatra had asked all collectors to ensure that no farmer faced issues in selling their produce to the government during the kharif season.

The opposition has repeatedly flagged the alleged mismanagement in paddy procurement in the state.

# Rlys plan to go green with H2-powered trains

**NEW DELHI:** Taking a big leap towards going green, the Indian Railways have decided to introduce the country's first hydrogen-fuelled train. Initially, the hydrogen fuel based technology will be introduced on the 89-km-long Sonapat-Jind route. The Railways have also floated tenders for retrofitting the existing DEMU rakes into green fuel based train.

A Railway Ministry spokesperson said the transporter, as part of the National Hydrogen Energy Mission, has taken a leap forward in develop-

ment of hydrogen fuel cell based power movement to kick off the concept of Hydrogen Mobility in the country. It will be done by converting or retrofitting of existing DEMU rakes. The loco pilot of the locomotive will not face any problem as there will be no change in the driving console.

Highlighting the national transporter's plan, the official said, "Initially, 2 DEMU rakes will be converted, and later 2 Hybrid narrow gauge locos will be converted base on Hydrogen Fuel Cell power movement."

He said railways had invited bids for hydrogen fuel cell based technology by retrofitting DEMU in the 89 km Sonapat-Jind Section of Northern Railway.

He explained the retrofitting of diesel powered DEMU and converting it into hydrogen fuel powered train set will not only save Rs2.3 crore annually by converting from diesel to hydrogen, but also save the carbon footprint (NO2) of 11.12 kilo tons per annum and particulate matter of 0.72 kilo tons per annum.
