Company Overview

Om Infra at a glance

50+ Years of experience in project execution

Leading engineering &
Construction company
with a strong
leadership position in
the Hydropower
space

3 Strategic Investments in Realty sector which can yield strong cashflows

State of art facilities in Kota , Rajasthan, and site activities at project locations

15+ Premiere clients including World Bank and Government of India

Successfully executed
60+ projects
valued at Rs 5,000+
Crores

1,000 full time and contractual employees

18 states and 3 international locations

Profitable every single year since inception

Engineering division overview

Overview

- Primary focus on designing, engineering and commissioning construction for hydro power projects, hydro-mechanical projects, dams and irrigation projects
- Leadership in hydro mechanical work such as building vertical gates, radial gates, draft tube gates, intake gates, spillway and stoplog gates, etc.
- Executed projects of varied complexities ranging from 45 MW to 1,000 MW of power generation
- White collar Manpower strength of 100 people, comprising of 20 technocrats and 10 highly qualified professionals who have robust engineering skills.
- High court directed for release of Arbitration award from NTPC Tapovan project Rs.50 cr agst IMP/BG

Leader in hydro-mechanical engineering focussed on working as prime contractor for government clients

Engineering division - key projects completed

Koldam hydro electric project

- 800MW project
- First of its kind size and capacity installed in India
- Complicated design of gates
- Installation and commissioning work of one of the largest vertical lift gates in the world –
 completed in record 2 months time

Rangandi hydro electric project

- 405MW project
- Difficult and inaccessible terrain
- Remote site with logistical challenges

Prakassam barrage project

- Replacement of 70 spillway gates
- 55 year old irrigation barrage, 70 old rusted gates to be replaced with new ones
- Project connecting twin cities with heavy traffic on barrage
- Complex project with tight construction schedule

Gosikhurd dam project

- Irrigation project
- Execution of one of the largest radical gates in the world in a large quantity (33 no.)
- Short timeline given by the client

Project	Awarding Authority	Project Type	Unexecuted Value (Rs Crores)
Shapurkhandi Punjab#	WRD Punjab	Power House	512.04
lsarda Dam Project#	Govt of Rajasthan	Dam water storage	395.15
Amravati Project Construction	Govt of Maharashtra	Irrigation	238.29
Hiran Water Resources Division	Govt of Madhya Pradesh	Irrigation	144.84
Arun 3 Hydroelectric Project*	SJVN Limited	Hydro Mechanical	140.81
Kundah Hydro Mech Project*	Govt of Tamil Nadu	Hydro Mechanical	92.10
Kutchh Canal Power, SSNN	Govt. of Gujarat	Hydro Mechanical and Civil	30.00
North Koel Reservoir	Government of India	Dam	30.54
Rwanda Irrigation	Rwanda Irrigation Board Africa	Irrigation	24.50
Manipur barrage Rs.41 cr and Others			62.08
Total			1670.35

Real Estate division overview

Project	Details/ description	Status
Pallacia in Jaipur, Rajasthan in 100% subsidiary	Unique high-end RERA compliant apartments have a complete lifestyle experience with Luxury Living, Sprawling Clubhouse, 24 X 7 Security expertise with world class facilities	Ongoing
Om Enclave in Kota, Rajasthan	Residential township has flats, villas and apartments and provides residents a complete lifestyle experience with a shopping mall, multiplex and health club in its vicinity	Ongoing
MHADA project in Bandra, Mumbai in a Partnership firm	Development of Slum Rehabilitation and Residential Development Project in Bandra Reclamation. Claim for delay in project from MHADA is in arbitration process	In talks with architects, govt. agencies & developers for construction post approval
Hotel Om tower	Possession given to Jupiter metal Pvt Ltd and profit in the books of accounts recognized	

Project	Palacia	Om Enclave	MHADA Project
Location	Jaipur, Rajasthan	Kota, Rajasthan	Mumbai, Maharashtra
Partner	NA	NA	DB Realty & Others
Project Type	Housing	Housing	Housing
Number of Units	152	340	TBD
Project Area (Sq. Ft)	6,46,150	4,45,972	2,50,000
Sold (Sq. Ft)	2,88,000 66 units	1,87,500	NA
Unsold (Sq. Ft)	3,58,150 86 units	2,58,472	2,50,000
Total Estimated Realisable Value (Rs Crores)	Rs 635 Crores	Rs 107 Crores	Rs 750 crores
Consideration of Sold Units (Rs Crores)	Rs 235 Crores	Rs 43 Crores	NA
Estimated Realisable for Unsold Units (Rs Crores)	Rs 400 Crores	Rs 64 Crores	Rs 750 Crores*

^{*}Bandra MHADA project - tentative as per finalization of plan, FSI approval and subject to market conditions. Revenue is purely estimated. The revenue projections are subjected to growth in real estate markets and sale of units and FSI approval (at decided rate and time)

Tapping new opportunities - steel silos

- Om Infra has received project from Food Corporation of India (FCI) for construction and development of 2 silos for storage of wheat on PPP mode, allowing concession for a period of 30 years
- Silos are to be constructed with 50,000 MT capacity each at four locations: Bhagalpur in Bihar, and near Siddhpur in Gujarat.
- In Gujarat and Bihar Silo projects ground breaking & civil structures work at both the projects are in progress. Company is hopeful to achieve financial closure soon and COD in next 18-24 months to have monthly rentals from FCI Rs.12 cr per year for 30 years.

Sector opportunity - Modern steel silos to store food grains from 2025

- The Union Government has chalked out a plan for modernising storage of food grains in steel silos. By 2024-25, all food grains in the country will be stored in modern silos and conventional storage facilities will be phased out gradually
- Government is an action plan for construction of steel silos in the country for creation of 100 LMT capacity across the producing and consuming regions
- Few advantages of silos are that it occupies less space as compared to warehouses and is easier to maintain optimum grain storage conditions in the silo and better equipped to control the temperature and keep birds, molds and bugs

Bhilwara Jaipur toll road - Interim relief from arbitrator

- Om Infra Limited done the development of the 212 km road project in Jaipur-Bhilwara Stretch. Private vehicles were made toll free with effect from 1/4/2018 by state govt and thus the Company terminated the concession agreement for breach of contract by Government and submitted claims of Rs 578 cr.
- Company has got interim relief which it sought under section 17 of Arbitration Act from arbitrator
- The arbitrator after due hearings issued an award on Oct 30, 2019 directing the PWD-Rajasthan Govt to deposit Rs 191 crore in escrow account and take back the possession of state highway but PWD have preferred appeal in commercial court against the interim award
- State Govt. took over the road on 15 June 2021 in compliance of High court order by making payment of Rs.191 crore; company's outgoing in debt servicing is relaxed as of now. Rs.176 cr has been deployed in loan and rest is lying in escrow account awaiting court/arbitration order.
- Regular arbitration proceedings as per arbitration act is going on and claim of termination payment of Rs 378 crore (other than debt due) is
 in process of hearings.

Packaging business

- The company had entered into this venture for manufacturing of closure for water PET bottles and Carbonated Soft Drinks (CSD) caps
- Plastic ban and NGT guidelines slowed down the sale of this business segment
- The company has sold one of the machines for an amount of Rs. 7.6 Crores and is looking to completely close this division and business.

Experienced management team

- Heads the technical and execution group within the company
- His immense experience in executing turnkey projects contributes to the company's successful completion of projects
- Holds a Bachelors Degree in Mechanical Engineering.

Mr Sunil Kothari - Vice Chairman

- Responsible for the financial matters of the Company, financial controller of the company
- Has over 20 years of experience
- Holds a Bachelors degree in Commerce & Masters in Business Administration

Mr Vikas Kothari – Managing Director & CEO

- Responsible for International business, project coordination, business development, quality control and foreign collaborations
- Bachelor of Engineering (Mech.) from University of Hartford, U.S.A.

Opportunities across water infra projects

The water led infrastructure push will open lots of orders for Infrastructure companies. Projects like Interlinkage of Rivers and Jal Shakti Abhiyaan will lead to building of many new dams and canals leading to healthy order flows for infrastructure companies in India

Hydro Power

- The outlook of India's hydropower generation looks promising with expected pace of industrialization in the country and Government's mission to provide 24x7 electricity to all
- The implementation of New Hydro Policy by Govt. in Mar-19, shall prove to be a milestone in growth of Hydro Sector
- Government's decision to re-classify large hydroelectric projects as renewable energy, tariff rationalization measures, notification of HPO as separate entity, budgetary support for enabling infrastructure will boost the sector
- The government plans to establish renewable energy capacity of 523 GW (including 73 GW from Hydro) by 2030

River Linking, water and Irrigation

- These water infrastructure projects could cost Indian government around \$270 billion over the next 5 to 15 years period
- Of these, the major expenditure is expected to allocated to interlinking of river at \$168 billion
- In all, some 30 canals and 3,000 small and large reservoirs will be constructed with potential to generate 34 GW of hydroelectric power
- The overall implementation of Interlinking of Rivers would give benefits of 35 million hectares of irrigation, raising the ultimate irrigation potential from 140 million hectare to 175 million hectare.
- Company is expecting healthy order in next 3 months in UP and Rajasthan and as on today UP jal nigam LOI of 1051 villages received

Well placed to tap opportunities across segments

World class expertise and specialist in turnkey execution

Expertise enables to provide a gamut of hydro-mechanical equipment & spanning equipment supply, guarantee maintenance & services - one stop shop for clients

Ability to win marquee contracts

One of the few eligible contenders for large scale dam projects with key technical and R&D edge.

All recent construction contracts completed within or ahead of schedule

Diversified in other high growth generating business

De-risked its business model with acquisitions in the core business and foraying into Real Estate and Infrastructure sector (silos)

Experience and long standing presence

Inhouse knowledge bank created through execution and operation of hydro projects and pool of skilled manpower who are well versed with topography and socioeconomic conditions of the region.

Strong across allied water projects

Focus on tapping huge potential in Hydro Electric Power, River Linking and irrigation by capitalizing on the government's plans of accelerating infrastructure projects

Decreasing Debt, High Cash Flow

Plan to reduce long term debt to facilitate healthy balance sheet and return ratios. Use high free cash flow to make acquisitions/ventures in the core business
