## Atal Pension Yojana dominates social security scheme with 66% NPS subscriber base

**PTI ■ NEW DELHI**

Atal Pension Yojana has emerged as the most popular social security scheme under the National Pension System with over 2.8 crore subscribers, mainly from the non-metro centres.

Out of 4.2 crore National Pension System (NPS) subscribers, over 66 per cent or 2.8 crore opted for the APY at the end of 2020-21, says the annual report of the National Pension Systems Trust (NPS Trust).

The State Government Scheme ranks second with 11 per cent share, while the central autonomous bodies (CAB) continued to account for the least number of subscribers of

NPS with a share of 1 per cent followed by state autonomous bodies (SAB) with a share of 1 per cent. APY is the most subscribed plan among non-metro subscribers. This also reflects the demographic pattern in the country, where more unorganized population segments reside in the non-metros, thus accessing the NPS self-initiated plan,' the report said. Total assets under management (AUM) for the National Pension System schemes saw a year-on-year growth of over 38 per cent, stood at ₹5.78 lakh crore at the end of the year, the report said, adding as of fiscal 2021, NPS had 4.2 crore registered subscribers or popularly known as subscribers.
