SKF India announces financial results for Q4 FY2023-24

Gothenburg, May 08, 2024: The Board of Directors of SKF India Limited, India's leading technology and solutions provider of bearings and units, condition monitoring and services, today approved the unaudited financial results for the quarter and period ended March 31, 2024.

The financial highlights are as given below:

- The Revenue from operations of the Company for the quarter was at **12,034 as compared to 10,947** in the previous year.
- The Profit Before Tax (PBT) for the quarter was **2,292 compared to 1,696** during the previous year.

Mukund Vasudevan - Managing Director, SKF India Limited, said, "Despite the challenging external environment, we succeeded in delivering an impressive revenue growth, achieving a 10% increase in revenue with a 35% increase in PBT year-over-year. Resilient supply chain along with our focus on operational improvements and productivity enhancements enabled us to meet the customer needs and deliver value for our shareholders. We continue to keep advancing our intelligent and clean growth strategy to focus on overall operational efficiency and investing for sustained and profitable growth, while enabling the transition to net zero. We remain committed to sustain long term growth momentum, consistent strategy execution across the business and create value for all our shareholders."

SKF is a world-leading provider of innovative solutions that help industries become more competitive and sustainable. By making products lighter, more efficient, longer lasting, and repairable, we help our customers improve their rotating equipment performance and reduce their environmental impact. Our offering around the rotating shaft includes bearings, seals, lubrication management, condition monitoring, and services. Founded in 1907, SKF is represented in approximately 130 countries and has around 17,000 distributor locations worldwide.
