Notes:-

- 1 The above unaudited financial results for the quarter and nine months ended 31 December 2020 have been reviewed by the Audit Committee of the Board and taken on record at the meeting of the Board of Directors held on 2 February 2021. The statutory auditors have carried out a limited review on the above.
- 2 The figures for the quarter and nine months ended 31 December 2019 and the quarter ended 30 September 2020 have not been audited but have been subject to limited review by the statutory auditors.
- 3 In view of Covid-19 outbreak ("the Pandemic"), the Company's management decided to temporarily shut down operations in the month of March 2020. The decision was taken by the management in accordance with safety and precautionary instructions outlined by the respective State Governments to prevent and contain the spread of Covid-19. This temporarily shut down resulted in lower operating income. The ability of the Company to continue as a going concern is dependent on its ability to meet its obligations towards its stakeholders, creditors, employees and the Government during the interim period till the lockdown caused by the Pandemic is lifted and normal operations resume thereafter. Under these circumstances, the Company remains a going concern up to 12 months from the reporting date based on the following factors:

a) Historically, the Company is a profitable organization;

b) The Company has liquid assets (cash balances and investments in mutual funds) of Rs. 9,014 Lakhs as at 31 December 2020 which will cover significant near-term obligations and future commitments till the resumption of normal business activities has been implemented;

c) The Company has undertaken costs (payroll, advertising & marketing and overheads) reduction and rationalization measures including deferral of avoidable operating costs. Through this, the management is able to bring down cash burn significantly;

d) Maintaining all Parks and related facilities for resumption of business activities at the short notice after the shutdown is lifted.

e) The Company has met all the obligations in terms of dividend payments to shareholders, statutory payments to Governments and outstanding payments to creditors. The Company does not have any conditions and events, that indicate the probability that it will be unable to meet its obligations as they become due towards shareholders, Government, creditors or lending institutions; and

f) The Company has sufficient liquidity to deal with the current situation and will be able to meet the ongoing expenses. It will be able to raise debt at favorable rates as the Company has a strong, debt-free balance sheet. The Company will also be able to utilize its current working capital facilities of Rs. 2,500 Lakhs which remain largely undrawn.

The Company has partially re-opened its Bengaluru Park with effect from 9 November 2020 and Kochi Park with effect from 20 December 2020, respectively. Furthermore, the Hyderabad Park has been partially re-opened with effect from 9 January 2021.

Based on the above factors, the Company's management believes that the Going concern assumption in the preparation of these financial results is appropriate.

- 4 Based on the management approach as defined in Ind AS 108-Operating Segment, the Chief Operating Decision Maker (CODM) evaluates the Company's performance and allocates the Company's resources based on an analysis of various performance indicators by business segments and the segment information is accordingly presented as Amusement Parks and Resort and Others. Resort is an integral part of Bengaluru Park segment and disclosed accordingly. The Amusement Parks and Resort segment includes admission fees, running a hotel accommodation and other related services. Others segment includes sale of merchandise, cooked food, packed foods etc. The accounting principles used in the preparation of these financial results are consistently applied to record revenue and expenditure in individual segments.
- 5 Exceptional item represents the reversal of provision for service tax created by the Company during earlier years towards certain litigations on service tax demands from 2007 till June 2017. The Company was carrying provisions against the service tax demand including interest and penalty in the books till 30 September 2019. The Company had opted for the Sabka Vishwas (Legacy Dispute) Resolution Scheme, 2019 ('the Scheme') initiated by the Government of India during September 2019. As per this Scheme, the Company will get relief ranging from 40% to 70% of the disputed amount and full waiver of interest and penalties. Accordingly, the payments made during the previous year towards settlement of these pending litigations under the Scheme and the earlier payments made under protest totaling to Rs. 2,743.83 Lakhs were adjusted against the provision. The resultant excess provision of Rs. 1,556.60 Lakhs after the aforementioned adjustments was reversed as income during the previous year ended 31 March 2020.

Based on a legal opinion received by the Company, the management estimated that the provision for local body entertainment tax for the period from July 2016 to June 2017 was no longer required. Accordingly, the resultant excess provision of Rs. 335.33 Lakhs was further reversed as income and disclosed as exceptional items during the previous year ended 31 March 2020.

- 6 Owing to the ongoing Covid 19 Pandemic and the resultant lockdown of the Company's Amusement Parks ("the Parks") effective second week of March 2020, the management has tested its Parks for impairment as at 31 December 2020. Each of the Parks has been considered as a separate Cash Generating Unit ("CGU"). The recoverable value, which was determined by Value-In-Use Method was higher as compared to the carrying value of each of the Parks and accordingly no impairment was recorded as at 31 December 2020.

The Company has undertaken the impairment with reference to the latest cash flow forecasts of next five years and applying a growth rate beyond approved forecast period. The growth rates used in the value in use calculation reflect those inherent within the Company's budgets, which is primarily a function of the Company's cycle plan assumptions, past performance, and management expectations of future market developments through to 2025-26. Specifically, the Company has considered the potential impacts of the outcomes arising from the outbreak of the Pandemic on the Amusement Parks business.

The cash flows for the year 2025-26 are extrapolated into perpetuity assuming a growth rate stated as above and discounted by applying the weighted average cost of capital.

- 7 Included in the Company's Capital work in progress and Property, plant and equipment, is an amount of Rs.10,931 Lakhs spent towards development of an Amusement Park ("the Chennai Project") ("the Chennai Park") in Chennai, Tamil Nadu. The Company had initial plans to complete the Chennai Project by the financial year ended March 2020. However, pending approval from the Government of Tamil Nadu towards exemption of local body tax/Entertainment tax on entry fees to Amusement park ("the approval"), which was not received until October 2019, the Company had not progressed with the construction of the Chennai Park till 31 December 2019. Due to the shut down caused by the on going Covid-19 Pandemic, the Chennai Project construction has not progressed even after December 2019.

The total budgeted cost of the Chennai Project is Rs. 33,024 Lakhs. Construction work on the Chennai project is expected to restart around April - May 2021 with targeted completion within 18 months thereafter i.e. around October 2022. Key approvals required from the Government authorities for the Chennai Project are in place. The aforementioned approval received from Tamil Nadu Government towards exemption of Entertainment tax pertained to a period of five years from 1 November 2019 till 31 October 2024. However, since the Project has not progressed even after December 2019, the Company obtained a further extension of this exemption with the Government of Tamil Nadu to cover a period of 5 years from the date of commencement of commercial operations or 30 September 2021, whichever is earlier. The Company's management is planning to seek a further extension of this exemption from the Tamil Nadu Government in view of the continuing disruption caused by Covid-19 Pandemic. The Chennai Project will be largely funded from the Company's existing funds available, cash generated from its operations over a period of 18-20 months after commencement of construction and borrowings as necessary. The Company's Board monitors the developments on Chennai Project on a regular basis and has approved the updated cash flow projections of the Chennai Project during its meeting in January 2020.

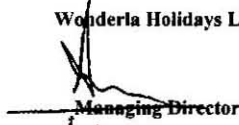

The Company's management has recently carried out fair valuation of Land and Rides which have been procured as part of the Chennai project. While no adjustment was required to the carrying value of Land, certain Rides were valued by the valuer at amounts lower than the carrying value. Accordingly, these Rides were written down and charge has been recorded against the same during the current and previous quarter.

Basis the aforementioned factors and current status, the Company's Board of Directors believes that the carrying value of the Chennai Project is fairly stated.

- 8 The Board of Directors in their meeting held on 26 May 2020, approved Employee Stock Option Scheme, 2016 (ESOS 2016), to grant 2,347 stock options exercisable at a price of Rs 10 each and all such options shall vest after one year from the date of grant.

- **Business Outlook:** Commenting on the performance during the quarter, Mr. Arun K Chittilappilly, Managing Director said, “The parks were shut down in March 2020 due to the pandemic and the revenue opportunity during the last 8 months was completely lost. The bright spot during the third quarter was the re-opening of our Bangalore Park & resort in November, and Kochi Park in December. We are delighted by the trust that our patrons have shown on us as we resumed business after eight months in November 2020, which reinforced our confidence to reopen all parks in a phased manner. During the 3rd quarter, Bangalore Park was open from 13th November to 31st December and was functional only from Friday to Sunday and Christmas holidays, and achieved a footfalls of 36,121 visitors. Kochi Park was open from 24th to 31st December for Christmas holidays and achieved a footfalls of 8,591. We are slowly increasing the number of park open days from January 2021, and soon we hope to remain open on all days, across all parks. As a testimony to our excellent hygiene practices, Wonderla Bangalore has become the first amusement park in India to be awarded a Diamond COV-Safe certification by Bureau Veritas India. We wanted to reassure our visitors of safety and hygiene followed at the theme park and this certification is a step ahead in that direction. We look forward to offering the public an opportunity to unwind and relax at Wonderla”.
